OHCA’s Provider Network is defined as providers who are contracted to provide health care services by locations, programs, types, and specialties. Providers are being counted multiple times if they have multiple locations, programs, types, and/or specialties. The term “contracted” is defined as a provider that was enrolled with Oklahoma SoonerCare and/or Insure Oklahoma within the reporting period, it does not necessarily indicate participation. Group Practices are excluded but the individual Providers of the Group Practice are included in the count.

OHCA is currently in a provider contract renewal period. Some of the totals below may indicate a decrease in the provider counts due to this process. This occurrence is typical during all renewal periods.
