Public Notice

Affidavit of Publication

(Published in The Norman Transcript

PUBLIC NOTICE

Pursuant to 42 CFR § 431.408, the Oklahoma Health Care Authority (OHCA) is providing public notice of its plan to submit an extension application for the SoonerCare Choice and Insure Oklahoma 1115(a) waiver to the Centers for Medicare and Medicaid Services (CMS) for the period January 1 2018, to December 31, 2018.

The waiver allows the state to offer managed care in a Primary Care Case Management (PCCM) model in which the OHCA contracts directly with providers throughout the state to provide SoonerCare Choice members a Patient-Centered Medical Home (PCMH) and also to operate the Insure Oklahoma program. The demonstration provides additional services such as the Health Management Program, Health Access Networks and Workforce Development for Teaching Universities. The extension application requires approval from our federal partners, CMS, to continue services provided under the waiver. The State will apply no later than August 1, 2017 to extend the demonstration with one amendment to existing language. The amendment will provide payment methodology and metrics for supplemental payments to State of Oklahoma teaching Universities.

Supplemental Payment Methodology The OHCA proposes to make supplemental payments to state teaching universities to grow and improve the health-care workforce in the state of Oklahoma. State universities can receive payments for programs that reach defined metrics such as primary care residents in training, percentage of graduating class entering primary care, retention rate for medical students within 5 years after completion of residency/fellowship training and percentage of nurses completing clinical rotation training in Medicaid contracted hospitals. This list of metrics is not exhaustive but serves as an example of required metrics for payments. The federal estimated impact is \$115,000,000. Public meetings will be held at the following locations:
