

Standard CMS Financial Management Questions

1. Section 1903(a)(1) provides that federal matching funds are only available for expenditures made by states for services under the approved State Plan.
 - a. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local government entity or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the payments, a complete listing of providers that return a portion of their payments, the amount or Percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e. general fund, medical services account, etc.)

Yes, providers receive and retain 100 percent of the payments.

2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope or quality of care and services available under the plan.
 - a. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded.

The non-federal share (NFS) of the payments is funded through appropriations from the legislature.

- b. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs) provider taxes or any other mechanism used by the State to provide state share.

The non-federal share (NFS) of the payments is funded through appropriations from the legislature.

- c. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated.
