

**AMOUNT, DURATION AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED
CATEGORICALLY NEEDY**

4b. Early and Periodic Screening, Diagnosis and Treatment of Conditions Found (continued)

B. Diagnosis and Treatment (continued)

9. Preventive Services – (42 CFR 440.130(c))

Outpatient Substance Abuse Prevention Counseling – Interactive, preventive counseling that may include training in life skills, such as problem-solving, responsibility, communication and decision-making skills, which enable individuals to successfully resist social and other pressures to engage in activities that are destructive to their health and future. This service must be recommended by a physician or other licensed practitioner and may be provided by a BHP. A QBHT may provide assistance. For individual provider qualifications, see Attachment 3.1-A, page 1a-6.4.

10. Inpatient Psychiatric Services (42 CFR 440.160) – Provided when medically necessary and prior authorized.

11. Personal Care Services (PCS) (42 CFR 440.167) – Services furnished to an individual who is not an inpatient or resident of a hospital, nursing facility, intermediate care facility for individuals with intellectual disabilities, or institution for mental disease that are: 1) authorized for an individual by a physician in accordance with a plan of treatment or otherwise authorized for the individual in accordance with an IEP service plan; 2) provided by registered paraprofessionals who have completed training provided by State Department of Education or Personal Care Assistants, including Licensed Practical Nurses who have completed on the job training specific to their duties and who is not a member of the individual's family (or legally responsible relative) Provision of these services allows clients with disabilities to function safely in their activities of daily living in the home and to safely attend school. Services include, but are not limited to: dressing, eating, bathing, assistance with transferring and toileting, positioning and instrumental activities of daily living such as preparing meals and managing medications. PCS also includes assistance while riding a school bus to handle medical or physical emergencies. Services must be prior authorized. The determination of whether a client needs PCS is based on a client's individual needs and a consideration of family resources.

12. School-Based Health Services (42 CFR 440.130) - School-based services are provided pursuant to a valid Individualized Education Plan (IEP) in accordance with Individuals with Disabilities Education Act (IDEA) and all relevant supporting documentation. Services provided per the IEP and supporting documentation are considered medically necessary and are provided by or through local educational agencies and/or interlocal cooperatives (schools) to eligible individuals. IEPs may only serve as the basis for medical necessity if the IEP team providers are qualified to make that determination, in accordance with their scope of practice. In addition to any other notification and/or consent requirements related to IEP evaluation and/or treatments, schools must provide sufficient notification to a child's legal guardian and obtain adequate consent from them prior to accessing a child's or legal guardian's public benefits or insurance for the first time, and annually thereafter, in accordance with 34 CFR 300.154.

Medically necessary services are provided in a school setting during the school day when determined that the school is an appropriate place of service. OHCA-contracted practitioners furnish medically necessary services to the Medicaid eligible child while the school is the operator of the setting, ensures that a the student's school educational day is not unnecessarily interrupted, and that there is appropriate parental consent for the services. Schools have the right to limit outpatient visits unrelated to the IEP to before and after the school day so that interruptions the educational day are limited. Prior authorization is required for non-IEP services furnished by an independent practitioner under arrangement with the school.

13. Private Duty Nursing (PDN) Services (42 CFR 440.80) –Services furnished to eligible individuals under 21 that are provided by an OHCA-contracted registered nurse (RN) or a licensed practical nurse (LPN) in good standing in the state in which services are provided and under the direction of the member's physician. Medically necessary PDN services offered through an OHCA-contracted home health agency must meet one of the following requirements:

- Medicare certified; or
- accredited by The Joint Commission (TJC); and
- licensed through the Oklahoma Department of Health as a Home Care Agency.

Home health service providers that did not participate in Medicaid prior to January 1, 1998, must meet the "Capitalization Requirements" set forth in 42 CFR 489.28.

Services are furnished in the member's primary residence unless it is medically necessary for a nurse to accompany the individual in the community.

PDN services cannot be reimbursed or eligible for reimbursement by other insurance, other governmental programs, or a Medicaid program providing services that the member receives or is eligible to receive.
