

SoonerSelect Medical Contracted Entity (CE) Requests to Change Service Provisions

The SoonerSelect Medical Contract at Section 1.7: Covered Benefits and Section 1.8: Medical Management states that medical contracted entities (CEs) may not impose prior authorization guidelines/criteria or utilization management practices that are more restrictive than OHCA without OHCA prior approval.

On October 16, 2025, Aetna Better Health of Oklahoma (ABHOK) submitted a formal request to OHCA for review and approval to change service provisions.

OHCA subject matter experts (SMEs) reviewed the requests, evaluating them in comparison to OHCA historical processes and practices, standard business practice in other markets, and available data to determine whether to approve the requests.

OHCA decisions are noted in the table below:

SoonerSelect Medical Requests to Change Service Provisions				
PROCEDURE CODES IMPACTED	PROPOSED MODIFICATION TO CLAIMS PROCESSING PROTOCOL	REASON FOR PROPOSED CHANGE	ANTICIPATED IMPACT	OHCA DECISION
No Prior Authorization Requirements for Certain CPT Codes				
86003 – Quantifying or semi-quantifying allergen-specific IgE in serum using crude allergen extracts 86008 – Quantifying or semi-quantifying allergen-specific IgE in a patient's serum using recombinant or purified allergen components 95027 – Intracutaneous tests for airborne allergens	Aetna Better Health of Oklahoma is requesting not to require prior authorization for these CPT codes.	Aetna does not feel it would be beneficial to require prior authorization for these codes.	No significant impact or spending increase is anticipated by not adding these codes. It would also help reduce unnecessary burden on providers.	Approved 10/18/2025 OHCA previously approved this same request for Humana Healthy Horizons of Oklahoma. <i>Item will be presented at the January 2026, MAC meeting</i>

Presented at the 1/8/2026 Medical Advisory Committee meeting
