

## SoonerSelect Medical Contracted Entity (CE) Requests to Change Service Provisions

The SoonerSelect Medical Contract at Section 1.7: Covered Benefits and Section 1.8: Medical Management states that medical contracted entities (CEs) may not impose prior authorization guidelines/criteria or utilization management practices that are more restrictive than OHCA without OHCA prior approval.

On November 14, 2025, Humana Healthy Horizons of Oklahoma submitted a formal request to OHCA for review and approval to change service provisions.

OHCA subject matter experts (SMEs) reviewed the requests, evaluating them in comparison to OHCA historical processes and practices, standard business practice in other markets, and available data to determine whether to approve the requests.

OHCA decisions are noted in the table below:

SoonerSelect Medical Requests to Change Service Provisions				
PROCEDURE CODES IMPACTED	PROPOSED MODIFICATION TO CLAIMS PROCESSING PROTOCOL	REASON FOR PROPOSED CHANGE	ANTICIPATED IMPACT	OHCA DECISION
<b>No Prior Authorization Requirements for a Certain CPT and HCPCS Code</b>				
<b>71271</b> – Low dose CT scan of the thorax specifically for lung cancer screening  <b>G0296</b> – Counseling visit to discuss the need for lung cancer screening using low dose CT scan	Humana Healthy Horizons of Oklahoma is requesting to not add these specific CPT and HCPCS codes to their Prior Authorization list.	Humana does not feel the addition of these codes to their prior authorization list would be beneficial.	No significant impact or spending increase anticipated by not adding these codes.	Approved 11/25/2025  <i>Item will be presented at the January 8, 2026, MAC meeting</i>
