Consider data analytics, reviews of under/overutilization, and other activities. If no PI activities were performed, enter "No PI activities were performed during the reporting period" as your response. "N/A" is not an acceptable response.</p>	<p>The OHCA Program Integrity unit regularly conducts reviews of network providers to identify and address potential fraud, waste and abuse. If a fraud referral originates from the CE, the State first retains its costs of pursuing the action and actual documented loss; the State pays the remainder to the CE, up to its documented loss. If the State identifies an overpayment to a provider, it may recover the funds from the CE, which in turn may then recover from the provider.</p>

<b>BX.5</b>	<p><b>State overpayment reporting monitoring</b></p> <p>Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting?</p> <p>The regulations at 438.604(a)(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment topics (whether annually or promptly). This indicator is asking the state how it monitors that reporting.</p>	<p>Contracted Entities (CEs) must report overpayments due to fraud within three business days of identification or recovery. CEs must report overpayments due to abuse within 30 calendar days of identification or recovery. CEs must report monthly on all payment errors and recoveries. **Number of critical incidents filed during the reporting year by (or on behalf of) an LTSS user who previously filed an appeal**

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting year by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter "N/A". The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user.
