Letter from Ellen Buettner
CEO of OHCA

To: Community Partners, Stakeholders, and Advocates

Subject: Implementation of SoonerSelect

The purpose of this toolkit is to provide community partners, stakeholders, state and local agencies, and advocates with messaging and resources as Oklahoma prepares for a new health care delivery system, SoonerSelect. The goal of the outreach messaging and templates is to encourage members to actively select a dental and health plan during the enrollment periods.

SoonerSelect, OHCA’s new comprehensive health care Medicaid delivery system, will improve the quality of care and access to services to enhance the health and lives of Oklahomans. As a partner to our mission, you play a critical role in supporting our vision “for Oklahomans to be healthy and to have access to quality health care services regardless of their ability to pay.”

This toolkit is a resource for our community partners, stakeholders and advocates with information about how SoonerSelect will support Oklahomans’ health and how the SoonerSelect health plans and dental plans will serve Oklahoma Medicaid members.

The agency will update this resource and add materials as new guidance and additional insights are available. The toolkit includes implementation timelines, FAQs, forms and documents, member information and helpful links. We have worked with many of our partners to ensure these materials contain the messaging and education resources needed for Medicaid members to thrive in SoonerSelect.

Please use the items in this toolkit and integrate them into your outreach and social media campaigns. Partners may modify the outreach language to meet specific business needs, but should keep SoonerSelect program information the same to ensure consistency in the information provided. If you have any questions or need additional information regarding SoonerSelect services, please visit MySoonerCare.org.

Thank you,

Ellen Buettner
SoonerSelect Overview

Most SoonerCare members will get their health care services covered in a new way beginning in 2024 – through health and dental plans. A health or dental plan is an organization that provides health care services through a network (group) of doctors, dentists, pharmacists, mental health professionals and other providers. Some plans provide extra services like programs to quit smoking and get healthier.

The Oklahoma Care Authority (OHCA) is moving to this model to:

- Improve health outcomes for Medicaid members and the State as a whole
- Ensure access to quality care and address social drivers impacting population health
- Enhance member satisfaction with services received
- Promote a sustainable delivery system that is a provider-led effort and that is operated and managed by providers to the maximum extent possible
- Ensure efficient and cost-effective administrative systems and structures

SoonerSelect Dental Program
SoonerSelect members will enroll in a dental plan. Dental plans will cover medically necessary preventive and restorative dental care. Additionally, medically necessary orthodontic services will be available for children under 21. The selected dental plans are DentaQuest and LIBERTY Dental.

SoonerSelect Health Program
SoonerSelect members will enroll in a health plan. You will have a chance to choose a health plan. If you do not choose one, a plan will be assigned. Health plans will cover medically necessary prescriptions, health services and behavioral health services, except dental services. The selected health plans are Aetna Better Health of Oklahoma, Humana Healthy Horizons of Oklahoma and Oklahoma Complete Health.

Children’s Specialty Program
The SoonerSelect Children’s Specialty Program (CSP) will serve members involved in the juvenile justice system and those served by Oklahoma Human Services. This includes children in foster care and children receiving adoption assistance. The CSP provides medically necessary prescriptions, health care services and behavioral health services that focus on the unique health needs of the children it serves. It places special emphasis on early identification of needs and interventions. Oklahoma Complete Health will serve these members.

Who Will Be Impacted
The following SoonerCare groups will be enrolled in SoonerSelect:

- Children, including foster children
- Low-income parents
- Pregnant women
- Non-disabled adults ages 19-64
American Indian/Alaska Native members can choose to opt-in to a SoonerSelect plan but will not be required to.

**OHCA’s Role**

OHCA assess the ability and capacity of each plan to ensure they can meet the needs of Oklahoma SoonerCare members and meet the requirements outlined in the contract and federal regulations.

CMS requires states to assess if plans are “ready” to provide services to SoonerSelect enrollees before implementation. The process ensures accountability and strengthens program integrity safeguards.

OHCA will conduct this review by evaluating materials and information submitted by each plan and during OHCA staff site visits to each plan’s office. The readiness review process is integral to supporting delivery system reform while effectively managing costs and practicing fiscal responsibility.

This months-long process ensures plans are ready to serve SoonerSelect enrollees.

### Dental Key Implementation Steps

- **APR - NOV**: Obtain Centers for Medicare & Medicaid Services (CMS) Approval for SoonerSelect Program
- **NOV**: Send Enrollee Letters with Information about Upcoming Choice Period and Available Contracted Entities
- **JAN**: Assign Enrollee If They Do Not Choose “Auto Enrollment”
- **MAR - JUN**: Enrollee May Switch Contracted Entities For Any Reason (“Continuity of Care”)
- **2023**: SoonerSelect Dental Co-Live
- **2024**: ONGOING COMMUNICATIONS TO ALL INTERESTED STAKEHOLDERS (e.g., Enrollees, Providers, Tribal Partners, Legislators, Community Partners)

### Medical and Children’s Specialty Key Implementation Steps

- **APR - NOV**: Obtain Centers for Medicare & Medicaid Services (CMS) Approval for SoonerSelect Program
- **JAN**: Send Enrollee Letters with Information about Upcoming Choice Period and Available Contracted Entities
- **FEB - MAR**: Assign Enrollee If They Do Not Choose “Auto Enrollment”
- **APR - JUN**: Enrollee May Switch Contracted Entities For Any Reason (“Continuity of Care”)
- **JUN - DEC**: Review Contracted Entity “Readiness” To Serve Enrollees and Providers
- **2023**: SoonerSelect Medical and Children’s Specialty Co-Live
- **2024**: ONGOING COMMUNICATIONS TO ALL INTERESTED STAKEHOLDERS (e.g., Enrollees, Providers, Tribal Partners, Legislators, Community Partners)
How You Can Help

Outreach Objectives
OHCA outreach and communications goals:

- Educate – Raise awareness of SoonerSelect and educate members about the open enrollment process.
- Engage – Engage stakeholders, partners and providers to align messaging and increase active plan selection.
- Establish – Establish a feedback loop with stakeholders, partners and providers to share input for planning, and to identify and address issues as implementation takes place.

OHCA’s outreach and communications will focus on three specific areas:

- Updating case and contact information
- SoonerSelect education and awareness
- Active plan selection during open enrollment

Action Steps
Stakeholders and advocates can assist OHCA during SoonerSelect implementation in a variety of ways:

- Get as much information as possible on SoonerSelect
- Sign up for partner training
- Identify eligible members and partners in your existing system, coalitions or networks.
- Encourage members to access OHCA’s resources, including choice counseling, and actively choose a dental and health plan when open enrollment begins.

You can also assist OHCA by coordinating communications efforts and serving as a trusted messenger to eligible members:

- Engage your Medicaid members and your partner networks to read and share messages and resources from the Oklahoma Health Care Authority about SoonerSelect open enrollment.
- Plan your member and partner messaging to coordinate with Oklahoma’s outreach and communication plan.
- Plan member communications to coincide with coordinated calls to action to:
  - Update case and contact information (mailing addresses, email addresses and phone numbers).
  - Choose a plan during dental and health open enrollment windows.
- Help our members take steps now to get ready. Members can make updates to their information:
  - Online at MySoonerCare.org
  - By calling the SoonerCare helpline at 800-987-7767
Note: Please encourage members to use the online option to keep the SoonerCare helpline available for members impacted by the return of eligibility renewals. Additionally, OHCA will be providing choice counseling to eligible members. Due to federal regulations, partners and advocates will not be allowed to actively assist members in choosing or enrolling in a plan. This is to ensure integrity and transparency during the enrollment process and to prevent any potential conflicts of interest between members, CEs and stakeholders. For assistance with choice counseling, please refer members to the SoonerCare helpline.

Terminology Guidelines
To ensure consistent messaging, OHCA has developed terminology guidelines to streamline member outreach. Please reference the following guidelines as you assist with SoonerSelect implementation.

When communicating with a member:

- Refer to contracted entities as dental or health plans
- Refer to enrollees or patients as members
- Refer to Medicaid as SoonerCare
- Refer to value-added benefits as added benefits
- Refer to a plan’s full name on first reference
- Refer to the Centers for Medicaid & Medicare Services as the federal government
Messaging Samples

Partners may modify the outreach language to meet specific business needs but should keep SoonerSelect program information the same to ensure consistency in messaging. Partners may not modify creative assets. Please note that choice counseling will be available starting Nov. 20, 2023.
