

2025 STATE SUPPLIERS EXPO

The purpose of the State Suppliers Expo is to encourage private companies to partner with the State of Oklahoma, convey the state's needs for these partnerships and provide educational opportunities to help companies navigate state procurement processes. Businesses will walk away with clear guidance on how to become a state supplier, all while making key connections within state government and learning what opportunities are available for your business.

For four years, the State Suppliers Expo has connected the State of Oklahoma with local businesses, creating lasting relationships. Since attending the 2024 State Suppliers Expo, attendees have conducted roughly \$286 million in business with state agencies. Of that sum, \$147.7 million was spent with Oklahoma companies.

In-person networking at state-hosted booths

Visit with state agency contacts at booths representing each sector of government, from agriculture to public safety, during the come-and-go networking segment on Aug. 5, open from 8:30 a.m. to 5 p.m. Attendees will learn about agencies' current projects and initiatives, as well as any specific supplier needs. View the full booth list on the [Event Details webpage](#).

On-site supplier registration

Sign up to bid on projects and initiate the supplier registration process at the Supplier Registration booth, which will be open both days, Aug. 5 and Aug. 6.

Educational breakout sessions

Day 2, on Aug. 6, will provide a full lineup of educational breakout sessions. From guiding companies through the state procurement processes and teaching them how to bid on projects, to showcasing industry-specific requirements and contract opportunities, the breakout sessions will dive deeper into the "how" of doing business with the state. View the lineup on the [Breakout Sessions webpage](#).

State of Technology Luncheon

Technology professionals are invited to register for the State of Technology Luncheon, led by State Chief Information Officer Dan Cronin, on Aug. 5 from 12:30-1:30 p.m. A plated meal will be served at a cost of \$65 per person (credit or debit card only).

IMPORTANT NOTE: The State Suppliers Expo is a networking and educational event for businesses. No contract or bidding decisions can be made at this event.
