

OKLAHOMA
Office of Management
& Enterprise Services

AUGUST KUDOS HIGHLIGHTS

Recipient	Department	Reason
Dustin Gregory	Information Services	I was working on a demand for DHS that had a security component that I was not familiar with. Dustin when out of his way to walk me through the process and went above and beyond in helping me fulfill the requirements.
Ethan Carpenter	Information Services	Ethan is always helpful, polite and efficient.
Christa Helfrey	Public Affairs and Grants Management	Christa is a team player who consistently sets others up for success. She knows what you may need before you even have to ask and provides it in a timely, organized manner. She goes above and beyond in her work, making everyone's job easier.
Matthew Pennington	Capital Assets Management	Matthew is a newer employee with the CAP part of CAM. The position he came into had gone through a lot of hands and he grabbed a hold of it, learned it quickly, and began to immediately make improvements. He's an asset to the group and I'm happy to be able to work with him.
Reynaldo Raul Uria	Service Oklahoma	Raul always goes above and beyond the call of duty to help the customers and answer any and all questions. He never misses work and always volunteers for overtime and is always eager to help his coworkers.
Joe Ewaniuk	Capital Assets Management	Joe has a tremendous work load and responsibility over the OFM Operations team. We often need to contact Joe for a variety of problems within State Facilities. Joe is always professional over the phone and in person, and is always ready to help with our problems, whether during office hours, or even outside normal hours. Joe is a great asset to not only operations but to the State of Oklahoma!!

[Submit a kudos for an OMES employee!](#)
