CAP Form M255 is the companion form to CAP Form M254 which permits Architects, Landscape Architects, Engineers and Land Surveyors to respond to invitations to be considered for design projects from the State of Oklahoma. It permits consultants to tailor their response to the specific project being considered by an agency.

This form is used in conjunction with CAP Form M254 in the same manner as Federal Standard Forms 254 and 255 are used for Federal selections. CAP Form M255 is to be used for a specific project and CAP Form M254 is used to be registered for consideration. **These forms have been designed to be as similar as possible to the Federal forms but SF254 and SF255 may NOT be used for State registration and selection.**

This form is divided into (6) break sections.

Section 6 (a. through g.) are expected to be reused for all proposed team members for the specific project being responded to. Use as many sheets as necessary, simply provide the proper page numbering in the bottom right for final submission.

Return this completed form to the agency issuing the invitation with a letter requesting consideration for the proposed project.
