& Enterprise Services

**Procurement professionals,**

[Form CP002](#), the Sole Source Certification form, has been updated to include an optional field for an agency to indicate what type of sole source is being selected. This was a suggestion from an agency to help our CPOs when completing a requisition for a sole source.

For a refresher on sole source types, please review the [PIM on sole source purchases](#).

Thank you,

**Amanda Otis, Esq.**  
State Purchasing Director
