NOVEMBER

KUDOS HIGHLIGHTS

Recipient	Division	Reason
Jalen Byford	Information Services	Jalen is always great to work with. He was quick to respond and take action when I needed his assistance with resolving an issue with the A/V for a conference room. Jalen has a can-do attitude and makes time out of his hectic schedule to ensure customer satisfaction .
Christina Chicoraske and Ashlee Green	Human Capital Management	Christina Chicoraske and Ashlee Green did an amazing job with Accidental Diminisher leadership training! This was one of the best leadership/management trainings I have attended while with OMES.
Asha Parks	Central Purchasing	I really appreciate your excellent level of customer service! You could have just approved or denied my request but instead, you went above and beyond . If for some reason this doesn't pan out I will reach back out. Thank you again, you are awesome!
Toshawnya Clay	Information Services	Had a 'high profile' ticket/user that needed some attention and Ms. Clay was very communicative and followed through to make sure this was handled very quickly and professionally for our agency. Always a pleasure to work with!
Anna Martinez	Information Services	I just wanted someone to know how much Anna Martinez is appreciated. She is always quick to respond with issues. She is so professional but always with a friendly , smiling face. She is doing such a great job with the laptop switchouts, handling each and every challenge like a pro! I'd say she needs a raise, but you probably already knew that, LOL. I'm so glad she is here to keep us working properly.
June Xu	Information Services	We want to let it be known we appreciate June's remarkable contributions to CACFP. June has consistently demonstrated an incredible ability to deliver results swiftly and with unparalleled quality. Her dedication and expertise have significantly impressed both our team and our clients at CNP.

[Submit a kudos for an OMES employee!](#)
