## Digital Government Summit

DECEMBER 14 / OKLAHOMA CITY

Addressing the most important technology issues facing digital government today.

*"This year, the Oklahoma Digital Government Summit is back and better than ever. The Summit is a great opportunity to see both new and familiar faces as well as join in the discussion about our common challenges, industry innovations, and new ways of thinking to better serve Oklahomans. At the state, we're especially focused on sharing our resources with non-state agencies and I hope all City, County, Education and Tribal IT Leaders will consider attending. Join me on December 14th in downtown Oklahoma City!"*

**Joe McIntosh**  
CIO, State of  
Oklahoma

### PURPOSE

This event is for and about state and local government. The purpose of the event is to foster discussion and dialogue on the use of information technology as a strategic tool for managers, executives and policy makers.

### FOCUS

- Digital Government Trends
- Emerging Technologies
- Cybersecurity
- Data and Analytics
- Citizen Experience
- Cloud Services
- Innovation and Collaboration

### WHO SHOULD ATTEND

If you influence or participate in technology decisions or implementations at any level, you will find benefit in attending. Don't miss this opportunity to see the latest in digital government solutions, keep abreast of current policy issues and network with key government executives, technologists and industry specialists.

### VENUE

Omni Oklahoma City Hotel, 100 Oklahoma City Blvd., Oklahoma City, OK 73109
