

Supplier Statuses

When reviewing the registration history for the supplier/payee, there are several statuses that can be applied to them. Below is a breakdown of those status labels and what they mean.

- **Pending Editor Review** – The registration was submitted and is now ready for review prior to approval.
- **Pending Approval** – The registration was reviewed and is now waiting on approval.
- **Approved** – The supplier is approved.
- **Rejected** – The registration was rejected.
- **Request More Information** – The reviewer asked the supplier for more information.
