

It's Tax Time!

Tax season is here and while many people turn to online resources to get help filing their taxes, scammers are waiting to steal personal information or money through phishing and other scamming tactics.

FOLLOW THESE TIPS TO STAY SAFE ONLINE DURING TAX TIME!

- Think twice before supplying sensitive information.
- Be wary of IRS communications. Recognize what is real and what is fake.
- When working with tax preparers, research before you select one, send documents securely and consider choosing a tech-savvy preparer.
- Get an Identity Protection PIN that protects you from tax fraud.
