J. Kevin Stitt  
Office of the Governor  
State of Oklahoma

Citizens of the Great State of Oklahoma and the Oklahoma Legislature:

Today, I present you with the Executive Budget for the 2027 Fiscal Year. As we start this year, our state remains strongly positioned for the future.

Oklahoma continues to outperform expectations, with stable revenue and significant savings well above \$2 billion. Thanks to both the income and grocery tax cuts, our economy is growing and hardworking families have more money in their pockets. When we cut taxes, our economy grows, and we're all better off.

Let's keep the momentum going as we advance our budget priorities this session.

To forge a sustainable path forward for generations to come, we must remain committed to wise stewardship of our resources. This requires flat budgets to limit the growth of government and smart reforms to protect the integrity of critical programs for our most vulnerable.

At the same time, we must look well beyond this year and lock in our gains. It's simply common sense that we balance the budget year over year. But I'm calling for the establishment of and starting investment in a Taxpayer Endowment Fund. This will put tax dollars to work today to reduce Oklahoma's reliance on taxes in the future.

I look forward to partnering with elected officials and the voters that designated them to protect and sustain Oklahoma's prosperity.

May God bless you, and may God bless the great State of Oklahoma, where the American Dream is alive and well!

Sincerely,

Dear Governor Stitt:

Please find enclosed your fiscal year 2027 Executive Budget. The Executive Budget includes an overview of the financial condition of the State of Oklahoma detailing relevant financial status and trends and including a snapshot of state savings.

Your priorities remain: to be the best state for business; to create pathways from classrooms to careers; to promote Oklahoma around the country and around the world; and to protect the Oklahoma way of life.

Throughout your administration, you have prioritized efficient and effective use of taxpayer dollars while decreasing the tax burden on Oklahomans. The result is stable revenue and \$1.8 billion annually in savings for taxpayers.

When you were elected, you said Oklahoma should have \$2 billion in savings and you have delivered on that promise. This legislative session, there is an opportunity to build on the momentum and create the Taxpayer Endowment Fund. This fund will be a legacy for Oklahomans, investing state savings for a future that reduces tax reliance, buffers downturns, and funds core priorities.

The fiscal year 2027 budget funds core services and acknowledges the growing costs of government services, specifically for welfare programs, highlighting the need for reform. The recommended budget is balanced, maintains recurring funding levels for government services consistent with the prior year, and preserves state savings.

Thank you to the Office of Management and Enterprise Services Budget staff for their dedication and expertise in preparing and delivering the Executive Budget. Please find the full fiscal year [2027 State of Oklahoma Executive Budget book here](#).

Respectfully,

## Executive Summary

### VISION

Our vision is to make Oklahoma a Top Ten State. Building on the successes over the last seven years, the following four pillars will be prioritized to further the vision:

MAKE OKLAHOMA THE MOST  
BUSINESS-FRIENDLY STATE

PROTECT OKLAHOMANS

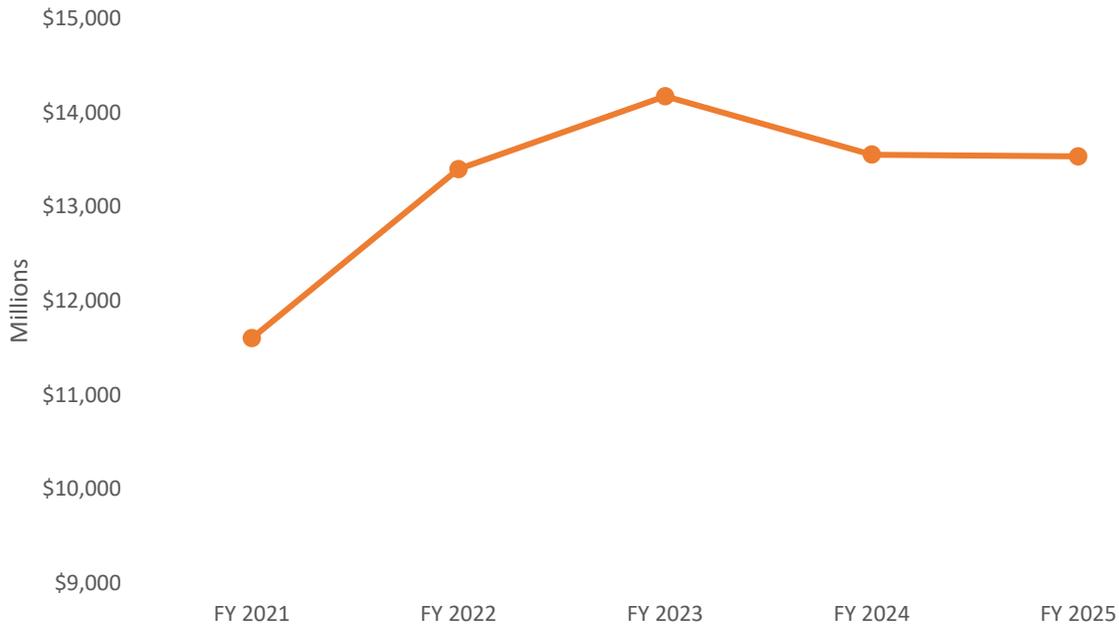

PROMOTE OKLAHOMA

CLASSROOMS TO CAREERS

### Financial Condition of the State of Oklahoma

- 1. Revenue:** The state's revenue position has remained stable after a slight decline from all-time high collections in FY 2023. **FY 2025 state tax collections totaled \$13,536,811,037**, a decrease of \$18,570,384, or 0.1%, from FY 2024. Collections are expected to remain approximately flat in FY 2026 and again in FY 2027, according to the Oklahoma Tax Commission's December projections and estimates.

## State Tax Collections (FY 2021 - FY 2025)

(Source: Oklahoma Tax Commission Annual Report, 2021-2025)

Revenue available for appropriation is determined by the Board of Equalization in December and re-estimated in February. These estimates do not include federal funds, off-the-top apportionments, or most fees and fines collected by state agencies.

According to the Board of Equalization's December meeting, **revenues from certified and authorized funds available for appropriation are expected to increase from \$10,610,043,838 in FY 2026 to \$10,948,170,104 in FY 2027.**

The state's largest appropriated fund, the General Revenue Fund (GRF), is currently projected in FY 2026 to collect \$8,488,785,072, a decrease of \$256.6 million, or -2.9%, from FY 2025 actual collections. Estimated General Revenue for FY 2027 is \$8,552,722,468, an increase of \$63.9 million, or 0.8%, from the revised FY 2026 projections.

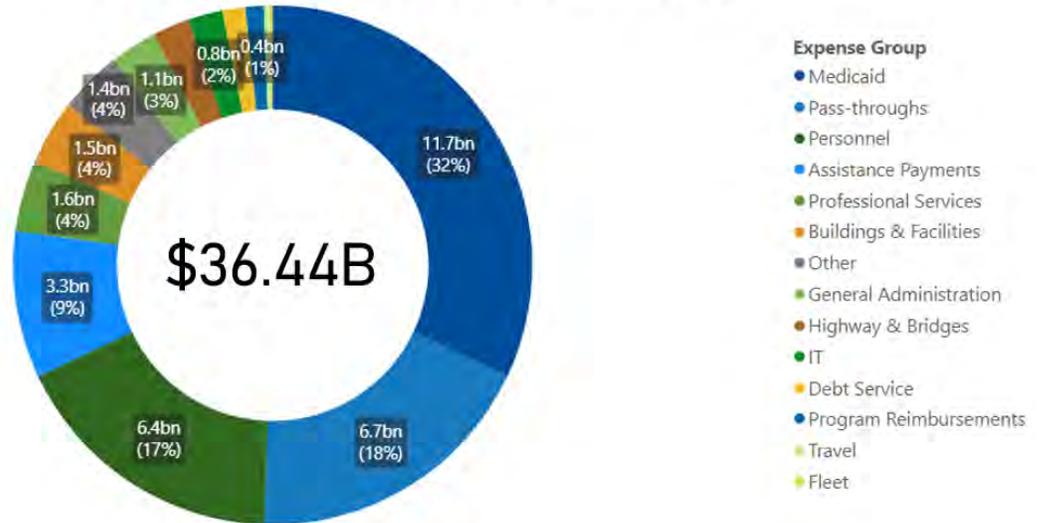

Spending discipline from FY 2021 through FY 2026 is projected to result in \$4.4 billion in state reserves and cash savings at the end of FY 2026.

## PROJECTED RESERVES AND UNSPENT REVENUES

<b>Fund</b>	<b>FY 2026 EOY Amount</b>
Constitutional Reserve Fund (Rainy Day Fund)	\$1,327,267,738
Revenue Stabilization Fund	<u>\$448,837,856</u>
<b>Total Reserves (RDF and RSF)</b>	<b>\$1,776,105,594</b>
<b>General Revenue Cash and Unspent Authorization</b>	<b>\$1,529,761,940</b>
<b>(FY 2025 and FY 2026 include revenue estimated through the end of FY 2026 and the 5% cushion.)</b>	
<b>Education Reform Revolving Fund Balance</b>	<b>\$544,375,042</b>
<b>Rate Preservation Fund Balance</b>	<b>\$535,039,858</b>
<b>ALL FUNDS TOTAL</b>	<b>\$4,385,282,434</b>

### State of Oklahoma Agencies and Higher Education Institutions FY 2025 Expenditures by Fund Type

1. Total expenditure data is unaudited and is not consolidated across the State of Oklahoma.
2. State agency expenditures and expenditures from higher education institutions that receive appropriations are included.
3. This chart contains data submitted by state agencies that use legislatively approved disbursing funds. Due to the nature of these funds, data cannot be fully and independently verified by Statewide Budget.

# State of Oklahoma Appropriation History

Fiscal Year	Legislated Appropriation (\$) (Includes supplemental and SRF/ARPA appropriations)
FY 2022	\$9,064,748,251
FY 2023	\$12,628,637,784
FY 2024	\$12,592,076,713 (\$600,000,000)
FY 2025	\$12,470,444,793
FY 2026	\$12,591,433,570

1. HB 2895, authored in 2021, limited the Department of Transportation's annual expenditures from the ROADS Fund to amounts authorized by the Legislature. FY 2022 includes ROADS funding of \$575 million, FY 2023 through FY 2025 include \$590 million in annual funding, and FY 2026 includes \$610 million, which in prior years was not categorized as appropriations. Apportionments to the ROADS fund prior to being included in appropriations were \$575 million in FY 2021.
2. HB 4452, authored in 2022, limited transfers to the Teachers' Retirement System Dedicated Revenues Revolving Fund to amounts authorized by the Legislature. FY 2023, FY 2024, FY 2025, and FY 2026 include \$402 million, \$460 million, \$448 million and \$434 million authorization of dedicated revenues to TRS respectively, which in prior years was not categorized as appropriations. Apportionments to the Teachers' Retirement System Fund prior to being included in appropriations were as follows: \$272 million in FY 2021 and \$419 million in FY 2022.
3. FY 2023 and FY 2024 amounts include federal American Rescue Plan Act (ARPA) funding appropriated by the Legislature from the Statewide Recovery Fund.
4. FY 2023 includes \$698 million appropriated by the Legislature into the Large-scale Economic Activity Development (LEAD) fund, which subsequently lapsed and was returned to the General Revenue Fund.
5. FY 2024 includes \$180 million appropriated into the PERFORM Fund, \$200 million into the RETRO Fund, and \$600 million into the Legacy Capital Financing Fund.
6. FY 2024 includes \$600 million in enhanced FMAP funding used for operations at the Oklahoma Health Care Authority.
7. FY 2025 and FY 2026 do not include Statewide Recovery Fund/ARPA reappropriations and transfers, or appropriations made from the PREP and Opioid Lawsuit Settlement Funds.
8. FY 2025 includes \$350 million appropriated into the OCAMP Fund, \$50 million into the Oklahoma Emission Reduction Technology Upstream and Midstream Incentive Revolving Fund, and \$177 million appropriated into the Legacy Capital Financing Fund.
9. FY 2026 includes appropriations of \$491 million into the Legacy Capital Financing Fund and \$58 million into the PREP fund.
10. FY 2026 supplementals include \$238 million from the Revenue Stabilization Fund for purchase of a correctional facility.

**3. Liabilities and Pension Obligations:** Total net tax-backed debt for the State of Oklahoma as of Dec. 31, 2025, is approximately **\$3.4 billion** according to the Debt Management Division in the State Treasurer's Office. Total annual debt service for FY 2026 is **\$157.3 million**, representing approximately **2.0%** of the FY 2026 General Revenue Fund Appropriation Authority. Current trends suggest that the state's total debt services will remain below the statutory limit of

5% of the Five-Year Average of certified General Revenue collections through 2031.

The state’s general obligation bond rating is currently **AA**. The state has no outstanding general obligation debt. As of FY 2025, the rating agencies S&P and Fitch have both assigned a **Positive Outlook** to the state’s credit rating, following improvements over the past few years. Moody’s continues to assign Oklahoma a **Stable Outlook** and has recently upgraded the state’s rating from Aa2 to Aa1.

Total pension obligations for the State of Oklahoma as of July 1, 2025, are \$52,628,809,629 with actuarial value of assets at \$45,900,142,973 for a **funding status of 87.2% and an unfunded liability of \$6,728,666,650**. Multiple reform measures have put the state’s seven pension systems on a path to fiscal stability. Details on each state system can be found in the following table:

*Comparison of Liabilities and Assets with Funding Ratio Included*

<b>System</b>	<b>Accrued Liability</b>	<b>Actuarial Assets</b>	<b>Unfunded Accrued Liability</b>	<b>Funded Ratio</b>

## Recommended Financial Strategy

1. This budget proposes the following **modernization and efficiency initiatives**:
  - o **Taxpayer Endowment Fund –**  
Create a fund that strengthens fiscal stability and accelerates income tax relief. States such as Alaska, Wyoming, and North Dakota have successfully used similar funds to create lasting financial assets and support low or zero-income-tax structures. The investment earnings will reduce tax reliance, attract businesses and capital, and ensure our children’s children have more opportunities to pursue their American Dream right here in Oklahoma.
  - o **Civics Institute –**  
Establish a Program of American Civic Thought and Leadership at the University of Oklahoma to educate students in the principles, ideals, and institutions of the American political order including the character traits and durable habits necessary to sustain that order.
  - o **Apprenticeships –**  
Create pathways from classroom to careers by enhancing infrastructure and supporting apprenticeship programs statewide.
  - o **American Dream Accounts –**  
Deposit a \$250 one-time state contribution into a Trump Account established for an eligible child.
  - o **Improving execution and administration of welfare programs –**  
The continued increasing cost of tax-payer funded welfare programs is unsustainable and compounded by the federal government shifting a greater burden to the states. Reforms are critical for sustainability. This budget balances the need to immediately fund core services with reforms

necessary to preserve these programs for the most vulnerable Oklahomans.

- The Oklahoma Department of Human Services (OKDHS) is implementing reforms on the child care subsidy saving taxpayers \$50 million annually and is evaluating potential reforms on the Advantage program. In response to HR1, OKDHS is also improving systems and processes for SNAP to protect against the cost shift to the State of Oklahoma in Fiscal Year 2027 and beyond.
- The Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS) is evaluating the entire structure and delivery of mental health services to treat Oklahomans most effectively. To start, ODMHSAS recognized that privatizing clinic operations will enhance technology, modernize facilities, support long-term workforce needs, and enhance service delivery. ODMHSAS is evaluating additional reforms, while navigating decreasing federal funds and increasing state costs.
- The budget addresses immediate Medicaid funding needs and also recognizes the unsustainable growth of health care costs. Because the federal government pays most of the total cost of Medicaid, states have limited flexibility for cost savings. With that in mind, we must be proactive and prepared. The people of Oklahoma voted to approve Medicaid expansion, locking in Constitutional Medicaid coverage to over 200,000 able-bodied adults. While the state pays 10% of the cost today, that cost continues to climb and will dramatically increase if Congress shifts a greater burden to states. Oklahoma needs a solution, or taxpayers are on the hook.

2. This budget includes the following **FY 2026 supplemental and one-time appropriations**:

- **\$77.6 million** from excess cash in the Education Reform Revolving Fund to fund the supplemental appropriation due to the shortage in the **Ad Valorem Reimbursement Fund** that goes to public schools. This amount includes **\$15.6 million** for the recently enacted program that exempts disabled veterans.
- **\$6.75 million** to **OKDPS for a Trooper Academy**.
- **\$20 million** to the **Quick Action Closing Fund**.
- **\$1.57 million** to replenish the **State Emergency Funds** that were used to mitigate impacts to SNAP beneficiaries by funding Regional Food Banks during the federal shutdown.
- **\$12 million** to the **Office of Management and Enterprise Services** to stand up a **statewide call center**. Through centralization and cross training, the state could see savings in excess of \$20 million annually. Thirty-three (33) call centers could be consolidated into one. Savings

would be the result of headcount reduction and eliminating duplicative licensing and services. Request for first year implementation is \$12 million.

- **\$250 million to Oklahoma Health Care Authority** to address the reduction in the FMAP percentage, maintenance of existing programs and services, and an additional claims week in FY 2027.
  - **\$12 million to the State Treasurer for American Dream Accounts.**
  - **\$4 million for establishment of a Civics Institute.**
  - **\$5 million for creation of apprenticeship programs.**
3. This budget includes the following **FY 2027 spending** proposals:
- Removal of one-time and supplemental appropriations listed in the schedule of Supplementals, One-times and Miscellaneous appropriations.
  - **\$3 million reduction at Oklahoma Tax Commission** based on the agency achieving savings and efficiencies in their operations.
  - **\$96 million reduction to the University Hospital Authority Trust.** This removes funding that was originally appropriated to UHAT as a one-time appropriation in FY 2024 for the state's share of indigent care.
  - **\$100,000 reduction at the Office of Educational Quality and Accountability** due to ongoing cost savings identified by the agency.
  - **\$1.5 million reduction at the Supreme Court** due to the completion of bond payments.
  - **\$133.9 million reduction to the Teachers' Retirement System (TRS) Dedicated Revenue Revolving Fund.** The Legislature has dedicated substantial resources for decades to address the unfunded liability and has successfully stabilized the system. This proposal would continue to dedicate substantial taxpayer dollars, capping the amount apportioned to the fund at \$300 million, and increasing the funding period from nine years to 12 years.
  - **\$23.7 million to the State Department of Education** to fully fund the **Flexible Benefit Allowance** for certified teachers and district staff.
  - **\$1.3 million to CareerTech** to fully fund the **Flexible Benefit Allowance** as required by law.
  - **\$17 million to the Department of Mental Health and Substance Abuse Services** to pay the costs associated with the **consent decree** that was put in place to improve competency restoration services for defendants declared incompetent to stand trial.
4. The Governor's budget proposes the following **revenue** adjustments:
- **Cash transfers** from the following agencies in the following amounts to the Special Cash Fund for appropriation:
    - **\$30 million from the Unclaimed Property Fund.**
    - **\$8.5 million from the Secretary of State Revolving Fund.**

- **\$8.5 million** from the **Insurance Department Revolving Fund**.
- **\$50 million** from the **Oklahoma Medical Marijuana Authority Fund 205**.
- **\$50 million** from the **Oklahoma Medical Marijuana Authority Fund 248**.
- **\$60 million** from the **Oklahoma Tax Commission Revolving Fund**. This budget proposes that \$12 million be spent each year for five years to fund **American Dream** accounts.
- This budget adds **\$225 million** from the **Education Reform Revolving Fund**. \$147.4 million is classified as recurring. \$77.6 million is classified as one-time and used to fund supplemental appropriations for the Ad Valorem Reimbursement Fund.
- This budget also removes the following dedicated revenue sources from expenditure in this budget proposal:
  - Increase to the Commissioners of the Land Office Fund.
  - Pension Improvement Revolving Fund.
  - Statewide Recovery Fund.
  - ARPA Administrative Cost Fund.

## Oklahoma Arts Council | FY 2026 Budget | \$15,033,560

### Arts Education in Schools | \$927,463

Arts education plays an important role in improving academic performance in students across the state. Studies show that students who have four years of high school arts education score higher on college entrance exams than students with little or no arts education. Arts education often improves performance in math and science, increases school attendance, promotes civic engagement, and decreases antisocial behavior.

In the classroom, Oklahoma Arts Council grants support high-quality arts instruction as part of the curriculum, reinforcing learning across disciplines and encouraging cognitive development and critical thinking skills. These arts education programs represent the Arts Council's commitment to creative workforce development, especially for Oklahoma's most rural and low performing school sites, to leverage arts intervention and arts programming for a well-rounded education, to improve school climate, and to ensure arts access to the most under-resourced schools statewide. This department also includes Capitol Docent Program and related educational initiatives that promote Oklahoma history and art through curated collections and permanent and temporary exhibitions. Funded in part by National Endowment for the Arts and the Tobacco Settlement Endowment Trust (TSET) grant funds.

### Arts Learning in Communities | \$1,066,490

Oklahoma Arts Council's Arts Learning in Communities grants provide support for projects that involve arts instruction, classes, and/or workshops for people of all ages and abilities. From children to older adults, to individuals with disabilities, community-based arts learning programs benefit Oklahomans throughout the state. Examples include early childhood programs, summer and afterschool programs for youth, prevention or intervention programs for youth or adults involving the arts, military and veteran arts programs, arts and aging initiatives, and arts and health programs. Additional efforts include the Oklahoma Arts and the Military Initiative; a strategic effort directed at meeting the needs of Oklahoma's military-connected individuals through the arts. Funded in part by National Endowment for the Arts and the Tobacco Settlement Endowment Trust (TSET) grant funds.

## **Community Arts Programs: Rural Arts and Creative Community Outreach | \$6,161,553**

The Oklahoma Arts Council provides grants and services that support audience-based arts programming, rural and creative community development, and professional development and infrastructure for the arts and creative sector. The FY 2026 budget includes a one-time ARPA-funded grant program to further strengthen community capacity and economic vitality. Communities that leverage local arts and cultural assets foster civic pride and stimulate economic growth by attracting visitors and related investment and generated an estimated \$872.8 million in annual economic impact.

The agency works in partnership with community development professionals and organizations statewide to strengthen Oklahoma's creative infrastructure and industry. Through staff consultations, technical assistance, and competitive grant programs, the Arts Council supports festivals, performances, exhibitions, and other community-based initiatives that enhance local economies and improve quality of life. Key programs include the one-time \$10 million ARPA Grant Program, Rural Arts Opportunity Grants, Folk and Traditional Arts, the Cultural District Initiative, and sector-wide professional development initiatives such as Leadership Arts and the biennial statewide arts conference.

## **Public Awareness and State Capitol Art Programs | \$807,588**

The Oklahoma Arts Council works to increase public awareness of agency programs and services to expand opportunities for Oklahomans to create, perform, and participate in arts activities in schools and communities statewide. The agency's marketing and communications functions encompass website and graphic design, digital content development and management, digital and print publications, media relations, and statewide events, including the Governor's Arts Awards. Additional programs include the Oklahoma Cultural Treasures and Ambassadors and State Poet Laureate selection and special artistic recognitions.

In addition, the Oklahoma Arts Council administers State Capitol Art programs, which provide for the care, preservation, and management of more than 500 state-owned artworks housed in the Oklahoma State Capitol.

## **Art in Public Places Program | \$5,266,570**

Enacted in 2004, the Oklahoma Art in Public Places Act affirms the state's responsibility to support culture and the arts by requiring eligible state capital improvement projects to allocate 1.5% of construction budgets to public art that reflects Oklahoma's history and values. The Oklahoma Arts Council administers this program to support economic development, enhance educational opportunities, and improve public spaces across the state. Through the agency's Visual and Public Art department, the agency administers the Percent for Art program and oversees the care, preservation, and management of the Public Art Collection.

The department also develops educational resources, curricula, and programs that use public art to teach Oklahoma history and art. Currently, the department manages more than 20 public art projects statewide in partnership with state agencies, encompassing over 25 individual artist commissions ranging from figurative bronze sculpture to large-scale infrastructure-based artworks with key projects such as monumental and transportation related artworks creating the Route 66 Public Art Trail and commissioning the anchor murals for the America250 and Route 66 murals in rural communities, among other milestone projects.

## AGENCY ACCOMPLISHMENTS

- Completed 875 Oklahoma State Capitol tours for 7,500+ visitors, including over 4,000 children, through the Capitol Tours Volunteer Program.
- Distributed 190 grants to schools, with 164 going directly to schools and 26 to arts nonprofits providing in-school programs. Each grant supported hands-on arts education, expanded arts access, and improved academic performance to serve a total of 279,890 Oklahoma students.
- Through a strategic 15-year analysis of agency grantmaking, determined that the agency awarded 463 grants totaling \$2.8 million in FY 2024 alone and supported nearly 1,800 arts activities in 76 of Oklahoma's 77 counties, validating the agency's commitment to arts access across the state.
- Completed the Pathway to Hope Public Art Trail in Tulsa, consisting of six monumental-scale public artworks.

## AGENCY GOALS

- Support the implementation of arts education as part of the core curriculum in PreK-12 schools.
- Expand access to arts and cultural experiences for all Oklahomans.
- Strengthen the arts in Oklahoma through increased grant funding for the arts, capacity building of rural cultural organizations, and leadership development.
- Support mid- to large-size arts nonprofits' employment of artists and part-time or full-time equivalent jobs as part of a robust arts and culture industry in Oklahoma.
- Support opportunities for lifelong learning through the arts, including individuals with disabilities, programs serving vulnerable populations such as Arts and the Military Initiative, Creative Aging, and others (Arts Learning in Communities).

## State Department of Education | FY 2026 Budget | \$5,050,381,355

### Teacher Certification | \$6,111,497

#### **National Board Teacher Bonus (70 O.S. § 6-204.2)**

Teachers who attained National Board Certification or applied for certification renewal prior to June 30, 2013, and who are eligible to receive the bonus, will receive \$5,000 annually over a 10-year period. Teachers who attained National Board Certification after June 30, 2013, will receive salary increments as set forth in the minimum salary schedule.

#### **Psychologists, Speech Pathologists, and Audiologists Bonus (70 O.S. § 6-206)**

Contingent upon funds available, national certified school psychologists, speech language pathologists, and audiologists receive an annual bonus in the amount of \$5,000 or a prorated amount, based on the proportionate equivalency to full-time employment. Funds also pay for program administration, credentialing and certification.

### Financial Support of Schools | \$3,122,879,131

State funds appropriated for local school districts are distributed through the state aid formula on a weighted average daily membership basis.

# Program Details

---

## **Curriculum and Instruction | \$51,595,545**

### **Ag in the Classroom**

The goal of this program is to increase agricultural literacy among students and educators. Materials are developed in collaboration with the Oklahoma Department of Agriculture, Food and Forestry. The program is also supported through the Oklahoma State University Cooperative Extension Service Youth Development Program and private donations.

### **Early Childhood Initiative (70 O.S. § 10-105.4)**

Deploys state funds and private matching funds to provide early childhood services to at-risk children, targeting low-income families to empower them with the education and tools they need to break the cycle of poverty.

### **Standards Implementation (70 O.S. § 11-103.6, 20 U.S.C. § 6311(b)(1))**

Funds are used for implementation of curricular standards.

### **Advance Placement Teacher Training and Test Fee Assistance (70 O.S. § 1210.703)**

Allows high school students to undertake college level academic courses and provides students the opportunity to show they have mastered the advanced material by taking end-of-course exams. Advancement Via Individual Determination (AVID) provides educators with training to help teachers better prepare all students for more rigorous AP/pre-AP curriculum.

# Program Details

---

## **Curriculum and Instruction (continued) | \$51,595,545**

### **Reading Sufficiency (RSA) (70 O.S. § 1210.508D)**

This program helps ensure all Oklahoma students are reading on grade level at the end of 3rd grade, which is a critical juncture when students go from learning to read to reading to learn. RSA supports Oklahoma children in kindergarten through 3rd grade. Funds are given to districts on a per student basis for those students K-3 who are reading below grade level.

### **Oklahoma Arts Institute**

Comprised of the Oklahoma Summer Arts Institute, a fine arts school for high school students who are selected to attend through statewide competitive auditions, and the Oklahoma Fall Arts Institute, a series of weekend workshops for elementary and secondary teachers.

### **Imagine Math and Imagine Learning**

This program provides statewide virtual supplemental support for students in grades 5-8 for math and PK-3 for English language arts.

## **Instructional Materials | \$45,127,991**

Funds allocated to school districts for textbooks and instructional expenses on an average daily attendance basis.

## **Flexible Benefit Allowance | \$658,574,577**

The benefit amount provided for certified and support personnel, by school district, to offset health insurance costs.

# Program Details

---

## **Student Support | \$15,051,411**

Provides support to educators and families through academic guidance, alternative education strategies, college and career readiness connections, social-emotional learning resources, and family engagement.

## **Accountability and Assessment | \$24,218,187**

Funds utilized for the administration of a statewide student assessment system for grades three through high school (70 O.S. § 1210.508, 20 USC § 6311(b)(2)), and the Oklahoma School Report Card.

## **Educator Effectiveness | \$46,722,601**

### **Paid Student Teaching**

Provides financial support to eligible teacher candidates during their student teaching semester, helping reduce the financial burden that often limits candidates' ability to complete their teaching degree. The program allows participants to focus on classroom readiness while supporting their basic living needs.

### **Grow Your Own Educator (70 O.S. § 698.5)**

Supports districts in developing local educator pipelines by helping current employees and community members pursue a bachelor's degree in education while remaining connected to their home district. This approach strengthens workforce stability by preparing future teachers who are rooted in their communities.

### **Teacher Signing Bonus**

Funds are used to recruit certified teachers to teach in high-need areas and help reduce the teacher shortage.

# Program Details

---

## **Educator Effectiveness | \$46,722,601 (continued)**

### **Oklahoma Teacher Empowerment Program (70 O.S. § 6-190.2)**

Funds are used to provide stipends to educators designated as advanced, lead, or master teachers. The program is aimed at retaining high-quality teachers by providing leadership opportunities while remaining in the classroom.

## **Federal Programs | \$536,289,482**

OSDE receives formula and competitive grants from the U.S. Department of Education, U.S. Department of Agriculture, U.S. Department of Health and Human Services, U.S. Department of Justice, and Department of the Navy.

OSDE receives federal funds from the Office of Special Education Programs to support programs authorized by the Individuals with Disabilities Education Act for infants and toddlers and their families, preschool children ages three to five, and special education for children and youth with disabilities. Local educational agencies are reimbursed for program expenditures incurred during the school year.

Oklahoma receives federal funds from the U.S. Department of Agriculture Food and Nutrition Service to support the School Lunch Program, School Breakfast Program, Child and Adult Care Food Program, and the Summer Food Service Program. Schools submit claims for meals served and receive reimbursement from OSDE.

Oklahoma receives federal funds from the U.S. Department of Justice for school safety and security, threat assessment, and bullying prevention.

Funds distributed to school districts to reimburse costs of drivers' education courses.

### **School Consolidation Assistance Fund (H.B. 2242, 2015, 70 O.S. § 7-203)**

Funds appropriated to OSDE to assist district consolidation, annexation, shared superintendents, severance payments, and ACE technology.

## AGENCY ACCOMPLISHMENTS

- Boosted teacher retention and instructional quality in the 107 Oklahoma school districts participating in the Teacher Empowerment Program, supporting high-performing teachers with leadership roles while they remain in the classroom. 1,547 teachers shared \$11.55 million in enhanced compensation.
- Targeted signing bonuses secured 147 Special Education teachers for 2025-26, including 115 first-year hires with \$10,000 bonuses and 32 out-of-state recruits with \$20,000, totaling \$1.79 million.
- Delivered 93,546 books to children from birth to age five through the Imagination Library partnership.
- Increased participation in the Rural Literacy Acceleration Initiative to 81 rural districts, providing intensive K-5 literacy tutoring to students.
- Grew active engagement for Imagine Math and Reading to 15,394 students in 41 and 23,668 students in 51 districts, respectively.

## AGENCY GOALS

- Align early childhood education and learning foundations to ensure at least 75% of students are “ready to read” upon kindergarten entry by 2027.
- Score among the top 20 highest-performing states on the National Assessment of Educational Progress (NAEP) in all subjects for 4th and 8th grade by 2027.
- Rank among the top 10 states with the highest graduation rate for students graduating in the four-, five- and six-year cohorts by reaching a graduation rate of 90%.
- Ensure that 100% of students in grades 6 through 12 develop a useful and meaningful Individual Career Academic Plan (ICAP).
- Reduce by 50% the need for math and English language arts remediation after high school by 2027.

## Educational Quality and Accountability | FY 2026 Budget | \$4,787,920

### Education Quality and Accountability | \$4,720,784

The Office of Educational Quality and Accountability, its personnel, budget and expenditure of funds are solely under the direction of the Commission for Educational Quality and Accountability (CEQA).

The CEQA has the following duties:

- Oversee implementation of the provisions of HB 1017 of the first extraordinary session of the 42nd Oklahoma Legislature.
- Implement the provisions of the Oklahoma Teacher Preparation Act as provided for in law.
- Recommend methods for achieving an aligned, seamless preschool through postsecondary education system to the Governor and Legislature.
- Set performance levels and corresponding cut scores, which determine the score necessary for a student to achieve a designation of advanced, proficient or basic, pursuant to the Oklahoma School Testing Program Act and as provided for in 70 O.S. § 1210.541.
- Approve and accredit teacher education programs.
- Assess candidates for licensure and certification.
- Deliver the Oklahoma Educational Indicators Program.

# Program Details

---

## **Education Quality and Accountability | \$4,720,784 (continued)**

### ***Educator Assessment***

Addresses the statutory responsibility to develop and implement a competency-based assessment system for educator licensure/certification in the state. All educator candidates must successfully complete certification examinations assessing general knowledge, subject-area knowledge and professional knowledge to be eligible for standard certification. Exams are administered to teacher candidates throughout the year and across the state. Routine review and redevelopment of the assessment program help ensure exams are accurate and up to date. OEQA also manages the Teacher Certification Scholarship Program.

### ***Educator Preparation Program Accreditation***

OEQA accredits Oklahoma's public and private colleges of education in conjunction with the Council for the Accreditation of Educator Preparation. OEQA staff perform three to four accreditation site visits per year to ensure that colleges of education meet relevant standards. OEQA supports the continuous improvement of colleges of education by conducting first-year teacher surveys, overseeing specific education programs and providing training. In addition, OEQA combines teacher data received from the Oklahoma State Department of Education and the colleges of education and distributes the data to the 23 public and private colleges of education for use in the accreditation process.

### ***Oklahoma Educational Indicators Program***

Through the Oklahoma Educational Indicators Program, OEQA strives to provide timely and comprehensive information regarding Oklahoma's public schools. Each year, this program provides school site, district and state educational statistics to schools, districts, parents and stakeholders throughout the state. Almost 2,000 education profile reports are produced annually.

# Program Details

---

## **Education Quality and Accountability | \$4,720,784 (continued)**

### ***Oklahoma School Performance Review Program***

OEQA is responsible for the Oklahoma School Performance Review program. The purpose of school district performance reviews is to develop recommendations to contain costs, improve management strategies and deliver better education to children. During each review, staff and/or consultants conduct on-site evaluations, review district operations, study district data, interview stakeholders, hold public meetings and administer surveys. The OEQA and/or consultants produce a report evaluating management, personnel and communications; instructional delivery; business operations; facility use and management; and support services, including child nutrition, technology and transportation.

### ***Education Leadership Oklahoma***

OEQA oversees the Education Leadership Oklahoma program that awards annual scholarships, provides guidance and support for teachers undergoing the National Board Certification process and offers professional learning for candidates and National Board-certified teachers. OEQA recruits teachers across the state by promoting the benefits of the National Board Certification process and its impact on improving student learning.

# Program Details

---

## Education Quality and Accountability | \$4,720,784 (continued)

### *P12 Transfer Audits*

Conduct an annual audit of each district's approved and denied transfers based on the provisions of the policies adopted by the respective school district board of education.

## AGENCY ACCOMPLISHMENTS

- Redesigned the Oklahoma Educator Indicator report to an interactive OEIP (Oklahoma Educational Indicators Program) Dashboard published October 2025.
- Awarded 84 school districts grants for securing cell phones and smart devices to create a cell phone free school environment.
- Registered Apprenticeship Pathways- passed new rules allowing paraprofessional experience to count toward Educator Preparation Programs field experience requirements.
- Transitioned from the PPAT (Praxis Performance Assessment for Teachers) certification test to the nationally recognized APK (Assessment of Professional Knowledge) certification test.

## AGENCY GOALS

- Provide teacher certification exam scholarships (Foundations of Reading Test) to educators committed to serving in Oklahoma.
- Prepare High Quality Teachers through ensuring EPP (Educator Preparation Program) accreditation and program review.
- Increase the number of certified NBCTs (National Board-Certified Teachers) throughout Oklahoma.
- Update the suite of valid educator assessments that measure knowledge and skills required of entry level Oklahoma educators.
- Enhance site, district, and state-level data that is available to local and state stakeholders.

*Note: Budget amounts include revisions as of 12.01.25.*

Enacted by legislation in 2013, the **Physician Loan Repayment Program** recruits and retains primary care physicians by offering education loan repayments contingent on establishing a medical practice in an underserved rural Oklahoma community. The program addresses one of the most significant barriers to rural primary care practice—educational debt—while expanding access to essential health services for Oklahomans.

Since 2013, 90% of participating physicians remain practicing in rural Oklahoma communities after completing their service obligation. This continued service amplifies the long-term economic and health benefits for rural areas, as these physicians live, work, and invest in the communities they serve.

Through strategic public-private collaboration with the Tobacco Settlement Endowment Trust, Oklahoma Medical Association, and Blue Cross Blue Shield, and a focus on primary care, the Physician Loan Repayment Program continues to strengthen Oklahoma's rural health care workforce, improve access to care, and deliver lasting economic and community benefits statewide.

### Physician Loan Repayment Program By the Numbers

- 188 primary care physicians supported since program inception.
- 70 rural communities served.
- \$32 million in total estimated economic impact statewide.
- 95 communities listing current needs for physicians through the HWTC placement service.

## **Health Care Workforce Training Commission | FY 2026 Budget | \$44,206,182**

### **OU and OSU Family Medicine Resident Cost Sharing Program | \$8,240,041**

This program provides cost sharing for primary care internship and residency training programs. HCWTC provides a portion of the resident salaries so that additional residency positions may be developed and funded.

### **Physician and Physician Assistant Medical Loan Repayment Program | \$3,462,781**

This program provides scholarships to medical students enrolled in an accredited medical or osteopathic college and primary care physician assistants enrolled in an accredited physician assistant program in exchange for a service obligation to a rural and underserved Oklahoma community.

### **Nurse Student Assistance Program | \$376,500**

This program provides scholarships to nursing students enrolled in an accredited nursing education program in exchange for a service obligation in a facility in Oklahoma that is not a physician's office; private duty practice; research, federal, or majority physician-owned facility; industrial, school, or summer camp.

## AGENCY ACCOMPLISHMENTS

- Supported salary increases to the family medicine residency programs eligible for agency support as well as additional funds toward instructional and/or administrative costs in both FY 2025 and FY 2026.
- Granted the physician loan repayment to 69 physicians in obligated rural practice in FY 2025-FY 2026 with an additional six approved to begin practice in FY 2026 or after.
- Added Advanced Practice Registered Nurse (APRN) loan repayment program and general surgery to the physician loan repayment program effective November 1, 2024, with two general surgery and four APRN applicants being approved.
- Disbursed \$77.4 million of \$98.62 million ARPA health care education funds.

## AGENCY GOALS

- Ensure the funding for the salary gap for six family medicine residency programs is sustained by bridging the difference between GME funding and the actual salaries of residents.
- Raise the number of individuals benefiting from scholarship and loan repayment programs from 54 in FY 2025 to 60 in FY 2026.
- Continue fully funding the OU nurse anesthetist program with state appropriations.

## Oklahoma Educational Television Authority | FY 2026 Budget | \$5,809,110

### Programming | \$2,199,164

Produces and acquires television programming for OETA's broadcast schedules on its four broadcast channels. The production and selection of the programming is determined by community needs, viewer feedback, viewer surveys, focus groups, other research data, and ultimately by the executive director. Four fundamental principles guide this program: educational content, educational integrity, quality, and local focus. OETA produces local programming, including news and current affairs programs, for statewide distribution.

OETA engages communities through statewide partnerships, free public events, and educational resources to address issues such as at-home learning for all students, the high school dropout crisis, literacy, STEM education, parental engagement in education, teacher development, civic education, and community issues.

# Program Details

---

## Technical Services | \$2,435,541

OETA is the only statewide broadcast system available, which makes the continued operation of the system essential to the safety of Oklahoma citizens. The system supplies more than 35,000 hours of programming annually, 24 hours per day, 365 days per year, with two separate broadcast streams and two cable-only streams.

The OETA network is a complex technical installation operating in all 77 counties in Oklahoma, including 11 low-power translator stations and two full-power digital transmitters, with locations served from the network operations center in Oklahoma City. The staff is responsible for operating within Federal Communications Commission policies, maintaining all equipment, designing bid specifications, and installing and servicing all equipment located around the state.

All network origination comes from the network technical center in Oklahoma City, with programming from local production in Oklahoma City and Tulsa; the Public Broadcasting Service; other networks such as the National Educational Telecommunications Association and American Public Television; syndicated program services; and local producers.

## AGENCY ACCOMPLISHMENTS

- Awarded one regional Emmy award for an original TV production.
- Surpassed 4 million monthly streams on PBS Kids.
- Implemented a process that takes OETA's local content and 'deconstructs' it into short, standards-aligned segments, then 'reconstructs' each piece of content with teacher guides, discussion questions, and transcripts so it can be used as a turnkey, interactive tool in the classroom through PBS LearningMedia.
- Converted the entire transmitter system to a fiber network.
- Replaced all transmitters in Oklahoma, which include 11 rural low-power and two full-power transmitters.

## AGENCY GOALS

- Increase the number of hours of local content aired by seeking partnerships with local producers to present programming that reflects Oklahoma's history and culture.
- Ensure quality and standard of content before programming airs on OETA's four broadcast channels.
- Maintain current on-air hours of the four-channel network: 24 hours per day, 365 days per year.
- Sustain a low administrative overhead percentage below 10% of overall agency costs to promote efficiency.

**OKLAHOMA**  
Oklahoma School of  
Science and Mathematics

## Tony Cornforth President

The **Oklahoma School of Science and Mathematics (OSSM)** leads the efforts to advance science, technology, engineering, and mathematics (STEM) education in the State of Oklahoma. Its academic program provides students with a college-level education, and it employs leading experts in the fields of science and math.

Founded in **1983**, OSSM provides an advanced STEM education through the following:

- A residential program located in Oklahoma City's Innovation District that provides education to gifted 11th and 12th graders from the entire state.
- Five Regional Centers located throughout Oklahoma.
- A Virtual Program, which provides rigorous academic instruction in math and science to areas of the state that lack the resources to provide advanced courses to their students.
- Enrichment programs for Oklahoma's math and science teachers.
- Enrichment opportunities to middle school and high school students through workshops and summer academies.

# Agency Vision, Mission and Core Values

## **Vision:**

To be Oklahoma's premier residential STEM school, creating a world of possibilities and life-changing opportunities.

## **Mission:**

- Educate students who show promise of exceptional academic development through a program of instruction and discovery that challenges them far beyond the traditional high school model, imparting a superior foundation for careers in science, technology, engineering, and mathematics fields.
- Serve as a catalyst for advancing public school STEM education in Oklahoma by providing residential, regional, summer, and virtual learning programs that extend advanced science and mathematics education to a diverse student demographic.
- Inspire our students to make a difference in the State of Oklahoma and the world by leveraging their knowledge and curiosity for the betterment of mankind.

## **Core Values:**

Academics, students, excellence, teamwork.

## Oklahoma School of Science and Mathematics | FY 2026 Budget | \$8,357,946

### Statewide Enhancement in the Fields of Mathematics and Science | \$7,440,125

OSSM operates a residential high school for Oklahoma high school juniors and seniors to pursue an advanced and challenging education in science and mathematics. OSSM promotes the advancement and improvement of science and mathematics throughout the state by providing workshops, summer programs, and student competitions for nonresidential students and in-service programs for Oklahoma teachers. Additionally, OSSM offers both educational ideas and physical resources to local schools.

Currently, 138 Oklahoma high school juniors and seniors who are academically talented in science and mathematics are enrolled at OSSM's residential campus. In addition, hundreds of teachers from throughout the state participate in OSSM's in-service or outreach programs each summer, where they receive training and exposure to teaching science and mathematics in an informative and challenging manner. Various competitions and camps administered by OSSM throughout the year provide opportunities to middle school and high school students from around the state.

# Program Details

---

## Regional Centers | \$720,721

OSSM operates five Regional Centers throughout the state, which provide qualified high school students with opportunities to take advanced science and mathematics courses. Regional Centers offer teachers, counselors, and outreach programs to surrounding schools. In addition, OSSM initiated a Virtual Regional Center where advanced math and science instruction is delivered directly to schools via interactive video conference. Virtual instruction is combined with personal visits from an OSSM instructor.

Currently, 80 high school juniors and seniors are enrolled in the five Regional Centers and the Virtual Regional Center. OSSM anticipates utilizing additional resources in the upcoming year to expand the outreach and number of students served via the Virtual Regional Center. It is the goal of OSSM to provide the opportunity to obtain an advanced and challenging educational opportunity in science and mathematics to every high school junior and senior in the state.

## AGENCY ACCOMPLISHMENTS

- Ranked 11th-best public high school nationally, with 18 students becoming National Merit Semifinalists.
- Oklahoma Foundation for Excellence recognized eight OSSM students (four residential campus students, three Regional Center students and one Virtual Program student) as Oklahoma Academic All-Staters.
- \$4.265 million in scholarships earned by the graduating class of 2025.
- Qualified for the national competition in the Samsung Solve for Tomorrow competition, earning \$14,000 worth of Samsung technology for the school.
- Received four QuestBridge National College Matches consisting of full four-year scholarships for low-income students, with matches to Duke University, the Massachusetts Institute of Technology, Yale University and Northwestern University.

## AGENCY GOALS

- Increase student enrollment at the residential campus from 138 students in FY 2025 to 170 in FY 2026.
- Expand OSSM's program reach to more counties and schools throughout the state.
- Strengthen relationship and affiliation with the University of Oklahoma through a concurrent agreement to ensure that OSSM students receive credit for specific courses.
- Pursue legislation to incentivize students to remain in-state for higher education by offering automatic admission and free tuition to any Oklahoma public university.
- Enhance campus facilities to create a more welcoming environment for current and prospective students and their families.
- Increase mentorship opportunities to ensure students can collaborate with professionals aligned with their academic and career interests.

## OSU Medical Authority | FY 2026 Budget | \$265,953,150

### Residency Program Support | \$10,319,412

The OSU Medical Center (OSUMC) serves as the core teaching hospital for students at the OSU College of Osteopathic Medicine and residents under the institutional sponsorship of the OSU Center for Health Sciences. In addition to its teaching commitment, OSUMC is a major provider of indigent care, serving a disproportionate share of uninsured and Medicaid patients compared to citywide and statewide averages. Approximately 37% of patients accessing services in the medical center's emergency room have no insurance and no ability to pay for the services provided. Overall, only 15% of the patients utilizing the OSUMC carry commercial insurance coverage.

OSUMC is the training ground for tomorrow's osteopathic physicians. Medical students complete clinical rotations at the hospital, including the third-year core rotations and specialty elective rotations in the third and fourth years. Over 200 medical residents utilize the patient care activities at OSUMC to complete their required training in 20 different residency and fellowship programs.

The federal government caps the number of resident employees reimbursable from the Center for Medicare and Medicaid Services. To meet Oklahoma's physician workforce needs and to comply with the accreditation requirements set forth by the Accrediting Council on Graduate Medical Education, OSUMC trains significantly more residents than are reimbursed federally. Currently, OSUMC employs 190 residents while the federally reimbursable maximum is 104, a difference of 86 residency slots. Consequently, revenues generated from clinical activities must be diverted to fund the 86 residency slots that exceed the federal maximum.

The dual obligations of medical education training and indigent care places a substantial financial strain on OSUMC. As a result, subsidies from OSUMA are required to enable OSUMC to fulfill its educational mission and meet its duty to care for Oklahoma's most vulnerable populations. Additionally, OSUMA provides state matching funds to draw federal dollars through the Medicaid Indirect Medical Education funding program.

## **Dean's Graduate Medical Education Pass-through Funds | \$29,227,141**

OSUMA provides these pass-through funds to the OSU Center for Health Sciences monthly to support the operations of the physician training programs.

## **Strategic Plan Initiatives | \$20,000,000**

Strategic Plan initiatives focus on preparing OSUMC to partner with the Veterans Administration to provide care to our nation's heroes in coordination with the construction of a new VA hospital in downtown Tulsa. Initiatives include joint faculty hires with the VA, renovations to OSUMC, and development of key strategic service lines.

## **Provision of State Match | \$7,016,651**

OSUMA delivers these funds to the Oklahoma Health Care Authority to generate approximately \$19 million in combined state and federal funds for the OSU Medical Center.

## AGENCY ACCOMPLISHMENTS

- Maintained full Accreditation Council for Graduate Medical Education (ACGME) accreditation of all programs at OSU Medical Center with no limitations on recruiting.
- Completed the turnover of the James Mountain Inhofe VA Medical Center through partnership with VHiT LLC, Oklahoma State University and US Department of Veterans Affairs.
- Completed major campus construction project, including a 1,000+ space parking facility, a new nursing logistics center, and a new GME center.
- Secured academic research funding to OSU-CHS that supported advancements at the Hardesty Center for Clinical Research and Neurosciences, positioning it as one of the top sites in the nation for the NIH-funded HEALthy Brain and Child Development (HBCD) study and a national leader in non-sedated infant clinical neuroimaging through Hearts for Hearing.

## AGENCY GOALS

- Achieve the Indirect Medical Education (IME) State Match by providing state matching funds for Medicaid Indirect Medical Education funding in the first quarter of the fiscal year.
- Target 100% accreditation from the full Accreditation Council for Graduate Medical Education Residency Program and ensure the ability to recruit.
- Aim for a Medicare Value-Based Purchasing total performance score of 27.5.
- Complete construction of the Oklahoma Psychiatric Care Center in partnership with Department of Mental Health.
- Activate the relationship with the Veterans Administration to partner on clinical care, residency development, faculty hiring, and joint research initiatives at the James Mountain Inhofe VA Medical Center.

# Oklahoma Board of Private Vocational Schools

Nora Ann House, Director

The **Oklahoma Board of Private Vocational Schools (OBPVS)** establishes and enforces minimum standards for licensure and operation of post-secondary private vocational schools, provides a complaint process and other consumer protections for prospective and enrolled students.

In addition, the agency investigates and addresses schools operating without a license either by assisting them to apply or, by working with the Attorney General's Office to file legal action to cause a cessation of illegal operations. Doing so is vital both in fairness to already-licensed schools and to afford the unlicensed school's students OBPVS protections.

OBPVS prepares essential workers in state-identified critical occupations and other fields of employment and currently licenses around 100 private businesses. Founded in **1982**, this agency now encompasses the following programs:

- Workforce development.
- Administration.

# Agency Vision, Mission and Core Values

## **Vision:**

Build Oklahoma's workforce development system to promote economic prosperity and community growth, leading to increased access for employers and job seekers.

## **Mission:**

Establish, measure, and enforce standards of compliance through licensure of private vocational schools to support institutions, protect students, and meet workforce development needs.

## **Core Values:**

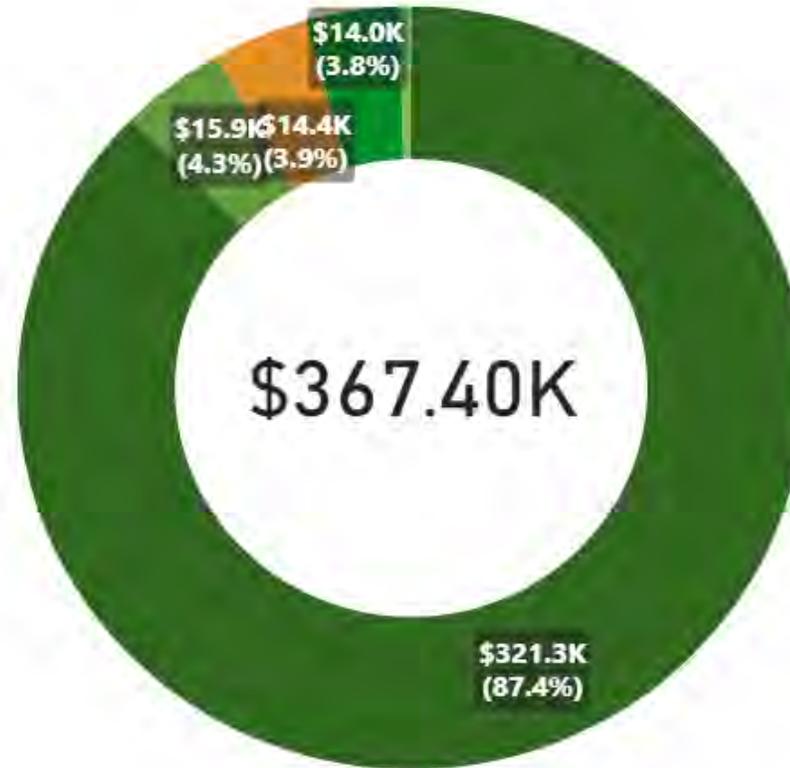

Consistency, adaptability, integrity, accountability, and collaboration.

## Board of Private Vocational Schools | FY 2026 Budget | \$536,445

### Workforce Development | \$404,416

Private vocational schools are typically post-secondary schools that provide additional education after high school completion. Few OBPVS schools offer 4-year degrees. Instead, OBPVS-licensed schools provide completion certificates, non-degree diplomas, and a few Associate Degrees. The training from an OBPVS school typically prepares the graduate for an entry-level position in his or her chosen field.

The Workforce Development program assists new school applicants, licensed schools, and solicitors. The agency responds to the needs of the public, prospective and enrolled students (or the parents/guardians of those under 18), the Governor, the Legislature, and constituent inquiries.

The OBPVS also routinely partners with other state agencies, the U.S. Department of Education (DOE) and other federal agencies, tribal governments, and independent school accrediting organizations, which the DOE requires and approves. This program works with state agencies with mutual interests such as the Oklahoma Boards of Nursing and Cosmetology, Oklahoma State Regents for Higher Education, Oklahoma Department of Career and Technology Education, and the State Department of Education's high school transcript issuing personnel.

## AGENCY ACCOMPLISHMENTS

- Worked with potential vendors and contracted to transfer accumulated closed school transcripts to be cost-effectively provided to former students and education verifiers, beginning in FY 2026. Doing so will free-up 10% or more of an FTE's time to work on more mission-specific projects.
- Improved services and turn-around times for new school applicants and licensed schools by remaining fully staffed throughout FY 2025.
- Increased efficiency by accepting more electronic submissions and materials from schools leading to cost and time savings.
- Researched and developed the requirements to secure a commercial licensing database. This technology will allow schools to stay compliant more affordably and efficiently while allowing many tasks to be automated.

## AGENCY GOALS

- Increase frequency of publishing an updated list of licensed schools to monthly.
- Enhance agency data collection, analysis, and reporting adding data related to the number of majors and how many schools offer training for each type.
- Expedite staff investigations/determinations for alleged unlicensed schools to be readied for Attorney General's Office legal actions, with a target of 45 days from initial allegation to investigation onset.
- Establish appropriate procedures to prevent record-filing backlog from occurring in the future.
- Implement a commercial licensing database to optimize processes between schools and the agency.

**OKLAHOMA**  
Higher Education

**Sean Burrage**  
Chancellor

The **Oklahoma State Regents for Higher Education (OSRHE)** is the coordinating board for the Oklahoma State System of Higher Education, which is comprised of:

- 25 colleges and universities.
- 10 constituent agencies.
- One university center (University Center at Ponca City).

Founded in **1941** by a vote of the people, the primary functions and responsibilities of the OSRHE are to:

- Prescribe academic standards for higher education in Oklahoma.
- Determine functions and courses of study at state colleges and universities.
- Grant degrees and other forms of academic recognition.
- Develop an annual systemwide budget request to the Governor and Legislature.
- Allocate funds to state system institutions and programs appropriated by the state Legislature.
- Set tuition and fees within limits prescribed by the Legislature.
- Administer special programs (e.g., Oklahoma's Promise, scholarships, OneNet, Oklahoma College Assistance Program, Oklahoma Teacher Connection, Concurrent Enrollment, Reach Higher, GEAR UP).

# Agency Vision, Mission and Core Values

## **Vision:**

Coordinate Oklahoma's public colleges and universities in promoting and developing innovative, effective, and efficient strategies that produce college graduates with the skills needed to compete in a global, knowledge-based economy.

## **Mission:**

Build a nationally competitive system of higher education that provides educational programs and services universally recognized for excellence, expand frontiers of knowledge, and enhance the quality of life for Oklahoma citizens.

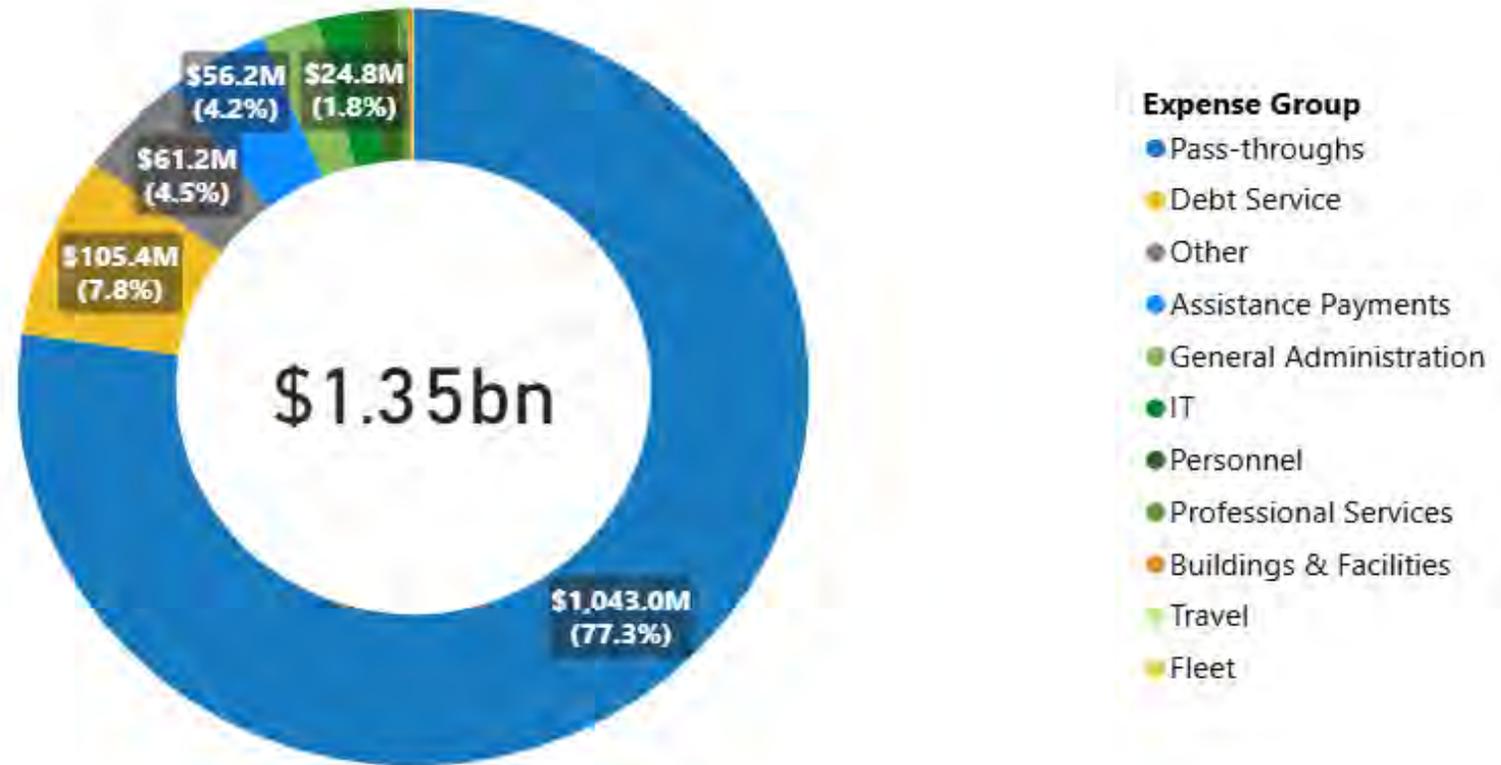

## **Core Values:**

Promote excellence in instruction, public service, and research, as well as maximize the use of available resources in the efficient and effective delivery of higher education programs and services.

## State Regents for Higher Education | FY 2026 Budget | \$ 3,462,337,400

### Institutions of Higher Education | \$3,129,854,994

The state system is comprised of 25 colleges and universities (including two research universities, 10 regional universities, one public liberal arts university and 12 community colleges), 11 constituent agencies and one university center. The state system is coordinated by the Oklahoma State Regents for Higher Education, and each institution is governed by a board of regents.

### Student Assistance Programs | \$193,211,166

Represents the annual allotment for 16 scholarship programs administered through OSRHE, including Oklahoma's Promise and the Oklahoma College Assistance Program.

### Systemwide Debt Service | \$48,084,877

Represents the annual allotment for annual debt service requirements for bond issuances funded through OCIA, on behalf of the Oklahoma State System of Higher Education, for the 2005 Capital Bond Program and the Endowed Chairs Program.

### OneNet and OCAN | \$29,830,572

Comprises the annual allotment for OneNet, which operates Oklahoma's most advanced technology network providing infrastructure to support high-speed broadband services. OneNet provides the technology and connectivity necessary to meet the mission-critical needs of Oklahoma's colleges and universities; K-12 and career technology schools; public libraries; local, tribal, state and federal governments; health care providers; nonprofit organizations; and programs engaged in research. OneNet also operates the Oklahoma Community Anchor Network, which provides vital connectivity to rural communities in 35 Oklahoma counties. Through this high-speed network, OneNet provides the capacity needed to support research, online course delivery, distance learning and telemedicine.

## **Special Programs | \$40,272,452**

Comprises the annual budget allotments for programs administered through the administrative offices of the Oklahoma state regents and includes such programs as:

### **Oklahoma Gaining Early Awareness and Readiness for Undergraduate Programs**

Oklahoma GEAR UP is a federally funded program administered by the state regents. It provides college preparation services and information to seventh through 12th-grade students, including campus tours, ACT preparation and testing, college exploration and preparation courses, leadership/science, technology, engineering and math (STEM) summer academies, and one-on-one guidance from education specialists, as well as college access and financial aid information and assistance. Phase three of the GEAR UP grant is in the seventh year of the seven-year grant cycle and partners with 24 school districts and six community colleges. OSRHE was recently awarded its fourth consecutive GEAR UP grant and will work with 10 school districts and five regional universities for the next seven years. GEAR UP three and four combined serve approximately 30,000 middle and high school students and first-year college freshmen across the state.

### **Section 13 Offset Program**

Capital funding program developed by OSRHE primarily to provide funding to those institutions who do not receive Section 13 funds.

### **Summer Academies Program**

Each summer, the STEM Summer Academies Program explores the latest trends in math, science and technology by using fun, hands-on activities and innovative software as students experiment both in the classroom and outdoors. These academies are held on college campuses throughout the state and are offered to students eighth through 12th grade.

### **Student Preparation Program**

Coordination of statewide pre-ACT for K-12 schools in an effort to increase student readiness for college.

## Special Programs | \$40,272,452 (continued)

### Grant Administration and Economic Development

Economic and workforce initiatives are designed to bridge the skills gap between Oklahoma's current workforce and projected workforce needs. According to the Georgetown Center on Education and the Workforce, 67% of jobs in Oklahoma will require a college degree or some additional postsecondary education and training; and 37% will require an associate degree, bachelor's degree or higher. Oklahoma higher education links our academic programs directly to employment needs in the state's wealth-generating ecosystems. Degree and certificate production in critical STEM disciplines has increased 54% over the last nine years.

### Experimental Program to Stimulate Competitive Research

EPSCoR, originally developed by the National Science Foundation, is designed to expand research opportunities in states that have traditionally received less funding from federal support for university research. Oklahoma EPSCoR is a partnership among colleges and universities, industry and research institutions.

### Oklahoma Teacher Connection

The Oklahoma Teacher Connection's mission is to recruit, retain and place teachers throughout Oklahoma's K-12 schools.

### Microcredentials – Workforce Development

Initiative to develop microcredentials and badging opportunities for highly specific, industry-recognized competencies to enhance students' educational opportunities and meet workforce demands. This initiative is a comprehensive collaboration of business and industry with our colleges and universities to align microcredentials and badges with pathways to certificates and degrees under a uniform platform.

## **Special Programs | \$40,272,452 (continued)**

### **Adult Degree Completion Program**

Reach Higher – FlexFinish:

Seven of Oklahoma’s public regional universities and 14 public community colleges and technical branches offer flexible class options and enrollment periods through Reach Higher, the state system adult degree completion program, to meet the needs of working adults. With a Reach Higher associate or bachelor’s degree, students receive the leadership training, communications skills and business knowledge they need to get ahead.

Reach Higher – Direct:

This program, implemented with funds from a grant from the Lumina Foundation, offers comprehensive services and support to adult students returning to pursue degree programs at 14 participating institutions. Through this program, comprehensive services and support are offered to adult students returning to pursue degree programs that lead to employment in Oklahoma’s critical occupations, as determined by Oklahoma Works, Oklahoma’s workforce development agency.

### **State Regents Operations | \$20,490,267**

Represents the annual budget allotment for administrative functions, scholarship program administration and IT operations.

### **Higher Education Centers | \$593,072**

Represents the annual budget allotment for the university center in the state system. The center provides localized, educational opportunities in Ponca City.

## AGENCY ACCOMPLISHMENTS

- Increased enrollment to 175,000 students for the fall 2025 semester, up by 3.6% from last fall, with increased enrollment at all tiers – two-year colleges, regional universities and research universities.
- Conferred 41,250 degrees and certificates during the 2024-25 academic year, which represents an increase of 8.4% from the previous year and 11% over the last five years.
- Maintained cost of attendance among the lowest in the nation according to data from the National Center for Education Statistics. FY 2026 tuition and mandatory fees are over 25% less, on average, than institutions in national and regional peer groups.
- 91% of Oklahomans who graduate from a state system college or university remain and work in the state one year after graduation.
- Continued implementation of Blueprint 2030, which emphasizes the key role of higher education in producing Oklahoma's workforce and reflects the commitment to leading a responsive, forward-thinking and data-driven system.

## AGENCY GOALS

- Increase the number of middle and high school students receiving STEM exploration opportunities.
- Grow the number of students participating in concurrent enrollment annually, with a target of over 17,500 students in FY 2026.
- Double the percentage of Pell-eligible students who receive the Oklahoma Tuition Aid Grant and increase the number of students who enroll in the Oklahoma's Promise scholarship program.
- Boost the amount of microcredentials that are awarded by state institutions annually, from 8,6442 in FY 2025 to 15,000 in FY 2026. Microcredentials are digital certifications that verify an individual's competence in a specific skill or set of skills.
- Invest resources in college awareness marketing initiatives that target both traditional and nontraditional student populations and clearly articulate the benefits of earning a college degree.

## Statewide Charter School Board | FY 2026 Budget | \$9,097,226

### Charter School Authorization | \$3,481,634

Establishes procedures for the consideration of charter school and virtual charter school applications, providing subsequent oversight, providing training to varied stakeholders, and providing elected officials with data and information regarding Oklahoma charter schools and virtual charters.

### Horizon: Digitally enhanced campus | \$5,615,592

Develop and provide Oklahoma school districts and students with supplemental online learning options. Online coursework expands the curriculum while keeping students integrated with the on-campus experience. It enhances student education while providing much-needed resources to Oklahoma's outstanding school districts.

## AGENCY ACCOMPLISHMENTS

- Developed the Annual Charter School Report, submitted to the Governor and Legislators as a dynamic online dashboard providing school data in academic, financial, and organizational areas.
- Performed FY 2026 academic program reviews, including a detailed review of each SCSB-authorized school's curriculum to provide insight on a multi-school level regarding academic quality and alignment to Oklahoma standards.
- Held the first Oklahoma Charter Schools Conference along with other training opportunities including bi-annual training for potential charter school and virtual charter school applicants, charter school governing board and stakeholder trainings, and a monthly charter community newsletter.
- Grew the digitally enhanced campus program to 380 participating school districts from 193 in FY 2025.

## AGENCY GOALS

- Develop a comprehensive training catalog with multiple delivery methods.
- Perform periodic reviews and oversight to enhance academic, financial, and organization school programs each year.
- Increase students served through Horizon programming and 3<sup>rd</sup> party services provided by Horizon from 11,392 in FY 2025 to a target of 33,514 by the end of FY 2026.
- Expand awareness and access to the Horizon: Digitally Enhanced Campus through social media, hosting conferences, and publishing a quarterly newsletter.

COMMISSION ON  
CHILDREN AND YOUTH**

## **Annette Wisk Jacobi Executive Director**

The **Oklahoma Commission on Children and Youth (OCCY)** serves as the state's oversight agent for services to children in both private and state-operated services. OCCY is charged with assisting all child-serving agencies with effective planning and coordination of services.

OCCY commissioners are the heads of the Human Services, Education, Mental Health and Substance Abuse Services, Health Care Authority, Rehabilitation Services and Juvenile Affairs agencies. The Governor appoints five additional commissioners, and the President Pro Tempore and Speaker of the House each appoint one commissioner.

Founded in **1982**, this agency now oversees multiple child-serving committees, boards and partnerships, and encompasses the following programs:

- Office of Juvenile System Oversight.
- Office of Planning and Coordination.
- Child Death Review Boards.
- Post Adjudication Review Boards.
- Freestanding Multidisciplinary Teams.
- Board of Child Abuse Examiners.
- Children's Endowment Fund.
- Juvenile Competency.

# Agency Vision, Mission and Core Values

## Vision:

Children, youth and families are served and supported by caring and competent individuals who allow them to develop their full potential.

## Mission:

Improve and collaborate with systems that care for Oklahoma's children, youth and families.

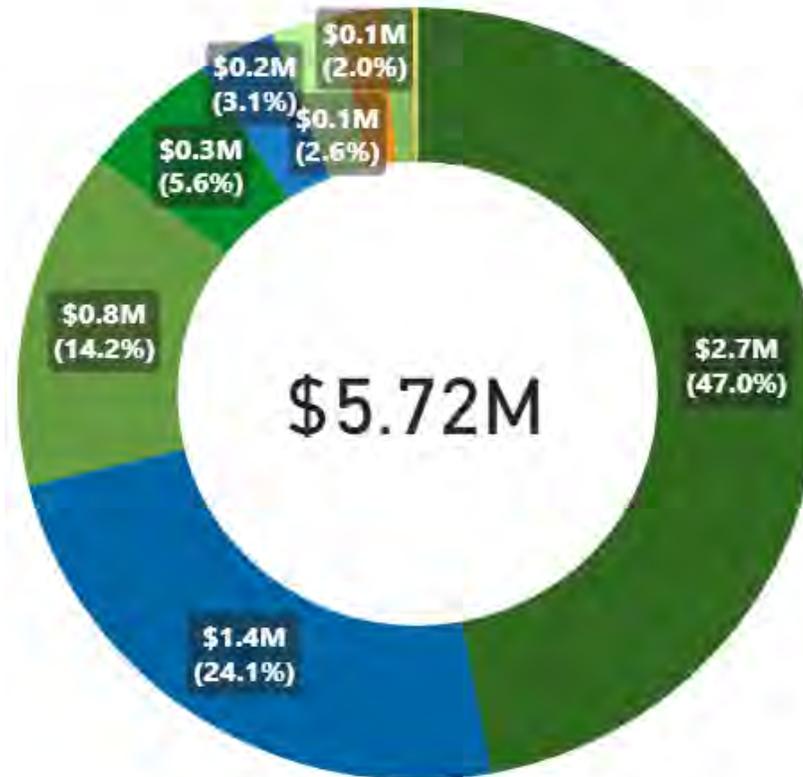

## Core Values:

- Rooted in integrity, collaboration, equity, innovation and empathy.
- Committed to transparency and ethical conduct, working in partnership with communities and agencies to ensure that every child, youth and family has equitable access to the resources they need.
- Embrace creative solutions, continuously improving the agency approach to meet the evolving needs of those we serve and lead with compassion and respect, ensuring every voice is heard and valued.

## Oklahoma Commission on Children and Youth | FY 2026 Budget | \$5,855,828

### Office of Juvenile System Oversight | \$838,090

The Office of Juvenile System Oversight (OJSO) investigates and reports misfeasance and malfeasance within the children and youth service system, inquiring into areas of concern, investigating complaints and performing issue-specific system monitoring to ascertain compliance with responsibilities. The OJSO conducts regular, periodic unannounced inspections of state-operated children's institutions and facilities.

Oklahoma Foster Parent Voices offers a neutral venue for foster parents and kinship foster parents to submit complaints or grievances concerning their rights as foster parents, as well as complaints alleging retaliation by the Oklahoma Department of Human Services or a child-placing agency employee. Complaints may be submitted by a foster child or by an adult on behalf of the foster child to the Oklahoma Foster Youth Matters. These programs work with the Oklahoma Department of Human Services Office of Client Advocacy to ensure the resolution of each complaint submitted through grievance procedures.

### Mentoring Program for Children of Incarcerated Parents | \$89,500

OCCY provides staff support to the Oklahoma Children of Incarcerated Parents Advisory Committee, which recommends measures to promote the safety and well-being of children whose parents are incarcerated. The committee works collaboratively with agencies and service providers to better meet the needs and to improve the quality of life for these children. OCCY is charged with issuing contracts each year for the Oklahoma Mentoring Children of Incarcerated Parents Program.

## **Child Death Review Boards | \$450,105**

This multidisciplinary board is responsible for reviewing the deaths and near deaths of all children up to age 18 in Oklahoma. The board collects statistical data and systems evaluation information to develop recommendations to improve policies, procedures and practices within and among agencies that protect and serve children. There is one statewide board as well as four regional boards.

## **Post Adjudication Review Boards | \$242,736**

Post Adjudication Review Boards are citizen volunteers who serve district courts throughout Oklahoma. The boards review court-involved child abuse, neglect and delinquency cases. They advise district courts by developing findings and recommendations regarding the appropriateness of treatment plans, permanency plans and the services provided to the children and their families.

## **Juvenile Competency | \$180,088**

OCCY establishes procedures for ensuring the training and qualifications of individuals approved to conduct juvenile competency evaluations ordered by district courts in Oklahoma. Evaluations determine if a referred juvenile offender is competent to stand trial.

## **Freestanding Multidisciplinary Teams | \$1,531,420**

Freestanding Multidisciplinary Teams (FSMDT) coordinate with each district attorney's office throughout the state. Each FSMDT is comprised of a law enforcement member, OKDHS child welfare worker, a mental health professional, a medical professional, and an attorney from the district attorney's office. The FSMDT use a collaborative approach to conduct joint investigations of cases involving child sexual abuse, child physical abuse, or neglect.

OCCY conducts annual reviews to ensure teams are functioning effectively and maintains the Child Abuse Multidisciplinary Team Account Fund, which is available to provide functioning teams with training and other needs related to investigations. The program also receives funds from the federal Children's Justice Act Grant through a OKDHS contract which allows OCCY to provide free professional training to enhance investigative, judicial and administrative management of child maltreatment cases.

Additionally, OCCY receives funds from the federal Children's Justice Act Grant through an OKDHS contract. These funds provide training to attorneys and child welfare professionals to enhance their knowledge and skills in working with children in the deprived court system.

## **Board of Child Abuse Examination | \$50,000**

The Board of Child Abuse Examination and the chief child abuse examiner are responsible for establishing a statewide system to provide expert medical evaluation for children suspected to be victims of the child abuse or neglect. Additional responsibilities include establishing and implementing a continuing training program for child abuse examiners and consultation services to medical providers. The chief child abuse examiner conducts medical maltreatment reviews in some cases following a child's death. These reviews aid the investigation of cases by law enforcement and others.

## **Office of Planning and Coordination | \$1,136,461**

The Office of Planning and Coordination facilitates joint planning and services between public and private agencies serving children and youth. Multiple boards, committees, task forces, and partnerships are convened annually with services including policy development, outreach and education, direct referral, strategic planning and research.

In accordance with Title 10 O.S. § 601.9, the Office of Planning and Coordination distributes and prepares Oklahoma's State Plan for Services to Children and Youth. The plan identifies the availability and accessibility of human services, health, mental health, and education programs as well as goals, priorities, and outcomes. The plan may recommend creating or developing programs and estimated costs.

### ***Strengthening Custody and Transition Services Advisory Team***

OCCY provides staff support to this advisory group that identifies issues of youth in state custody transitioning from custody to adulthood. Public and private stakeholder meetings are convened every two months to identify solutions to barriers facing these youth.

### ***Homeless Children and Youth Committee***

OCCY provides staff support to the Homeless Children and Youth Committee, which seeks to improve conditions and services for homeless children and youth in Oklahoma. Stakeholders meet every two months to address goals to assist these youth.

## AGENCY ACCOMPLISHMENTS

- Significantly reduced backlog of child death review cases, from 503 at the end of FY 2024 to 69 cases at the end of FY 2025.
- Appointed four additional juvenile competency evaluators, allowing an increase of evaluations to be provided to judges.
- Expanded the Freestanding Multidisciplinary teams to three new counties and launched a new statewide data system.
- Introduced a credentialing system for Post Adjudication Review Boards to ensure consistent, high-quality activities statewide.

## AGENCY GOALS

- Increase the one-to-one mentoring provided to children of incarcerated parents.
- Expand the number of Post Adjudication Review Board volunteers by 15 each year to review court cases of child abuse and neglect.
- Deliver child death prevention trainings with the new Injury Prevention Coordinator.
- Support foster parents to allow them to provide safe and appropriate care for children in their care by resolving reported grievances within 60 days.
- Increase the number of Freestanding Multidisciplinary Teams each year until every county in the state not served by a Children's Advocacy Center is served by a FSMDT.
- Expand juvenile competency evaluation services to expedite legal proceedings and reduce court delays. Meet the new statutory 30-day court order targets.

**OKLAHOMA**  
Office of Disability  
Concerns

## Brenda Hoefar Interim Director

The **Office of Disability Concerns (ODC)** acts as an intermediary to serve persons with disabilities and provides services for those with disabilities in the state of Oklahoma. The agency works with Oklahomans with disabilities to educate, advocate and identify available resources that may assist them (74 O.S. § 9.21-35).

Founded in **1981**, the agency coordinates with a large network of groups, agencies, religious institutions and other community resources, connecting individuals with the right resource at the right time.

The agency encompasses the following programs:

- General Operations and Outreach.
- Client Assistance Program.

# Agency Vision, Mission and Core Values

## **Vision:**

All people will have equal opportunities in pursuing their dreams regardless of any disabilities.

## **Mission:**

Our diverse communities have a wide range of concerns that involve home, family, work and health. Work with individuals with disabilities to advocate for the Americans with Disability Act and associated civil rights regulations and laws. Connect Oklahoman citizens who have a disability with knowledge, education, and resources.

## **Core Values:**

Teamwork, diversity, and helping people succeed. Working toward a common vision contributes to attaining outstanding results in helping Oklahomans with disabilities be self-actualized.

## Office of Disability Concerns | FY 2026 Budget | \$579,524

### General Operations/Outreach | \$409,802

This program provides training and education, information, referrals, technical assistance and advocacy on issues affecting people with disabilities. ODC develops and disseminates informational materials and provides awareness and advocacy to those who request agency services.

ODC provides CLEET-certified training to law enforcement agencies regarding interactions with the more than 691,000 Oklahomans who have an auditory, visual, cognitive or ambulatory disability. Police officers are trained to distinguish behaviors that pose a real risk from behaviors that do not, and to recognize when an individual, such as someone who is having a seizure or exhibiting signs of psychotic crisis, needs medical attention. Training also helps law enforcement recognize behaviors that result from a disability so that these behaviors are not criminalized when no crime has been committed.

ODC promotes public transportation accessibility and availability and assists clients with processing complaints about accessibility of public transit, such as refusal of service. ODC also performs disability access assessments to examine concerns including parking, wheelchair accessibility, entrances, internal doors, sanitary accommodations, fixtures, information and means of escape.

### Client Assistance Program | \$114,301

This program seeks to ensure that clients requesting services that are federally funded by the Rehabilitation Act receive all services to which they are entitled.

## AGENCY ACCOMPLISHMENTS

- Organized and conducted a statewide Americans with Disabilities Coordinators conference and training at Rose State College.
- Continued a high level of service in educating and advocating for Oklahomans with disabilities.
- Conducted quarterly Disability Awareness trainings for the Oklahoma Highway Patrol so that new cadets are aware of the challenges and differences in interacting with people with various disabilities.
- Maintained the Governor's Advisory Committee to the Office of Disability Concerns.

## AGENCY GOALS

- Conduct legislative outreach by traveling with a legislator to their district to discuss disability programs offered through Social Security Disability, Department of Rehabilitation Services and Department of Human Services.
- Assist Oklahomans with disabilities in navigating all the resources that are available. This challenge is growing as the large generational cohort of Baby Boomers continues to age.
- Sponsor bi-annual conference to educate and connect agency ADA Coordinators. Increase attendance to 85 by FY 2027.
- Conduct outreach events throughout the state outside of the Oklahoma City metropolitan area.

**OKLAHOMA**  
Health Care Authority

## Clay Bullard Chief Executive Officer

The **Oklahoma Health Care Authority (OHCA)** administers Oklahoma's Medicaid program, known as SoonerCare, along with the Insure Oklahoma initiative and, following a legislative transfer in 2024, the Employee Group Insurance Department (EGID). SoonerCare works to improve the health of qualified Oklahomans by ensuring medically necessary benefits and services are available. Qualifying Oklahomans include certain low-income children, adults, families, those with disabilities, those being treated for breast or cervical cancer and those seeking family planning services.

Founded in **1993**, the agency structures its organization around four key pillars: improving health outcomes, fiscal responsibility, operational excellence and high-performing teams. In 2024, the agency transformed Medicaid delivery in Oklahoma through the SoonerSelect program, which is a value-based payment model to improve health outcomes of members. OHCA also oversees the Oklahoma State Health Information Exchange and Insure Oklahoma, which supports small businesses' efforts to provide health insurance for their employees.

The agency partners with the Oklahoma Department of Mental Health and Substance Abuse Services, State Department of Health, Department of Human Services, OU College of Pharmacy, and other state agencies, to serve Oklahomans through the Medicaid program. OHCA contracts with 93,000 medical and dental providers to serve over 1.3 million SoonerCare members. EGID administers \$1.1 billion in self-funded HealthChoice insurance plans to over 178,000 state, education and local government employees.

# Agency Vision, Mission and Core Values

## **Vision:**

Oklahomans are healthy and have access to quality health care services regardless of their ability to pay.

## **Mission:**

Responsibly purchase state and federally-funded health care in the most efficient and comprehensive manner possible; analyze and recommend strategies for optimizing the accessibility and quality of health care; and cultivate relationships to improve the health outcomes of Oklahomans.

## **Core Values:**

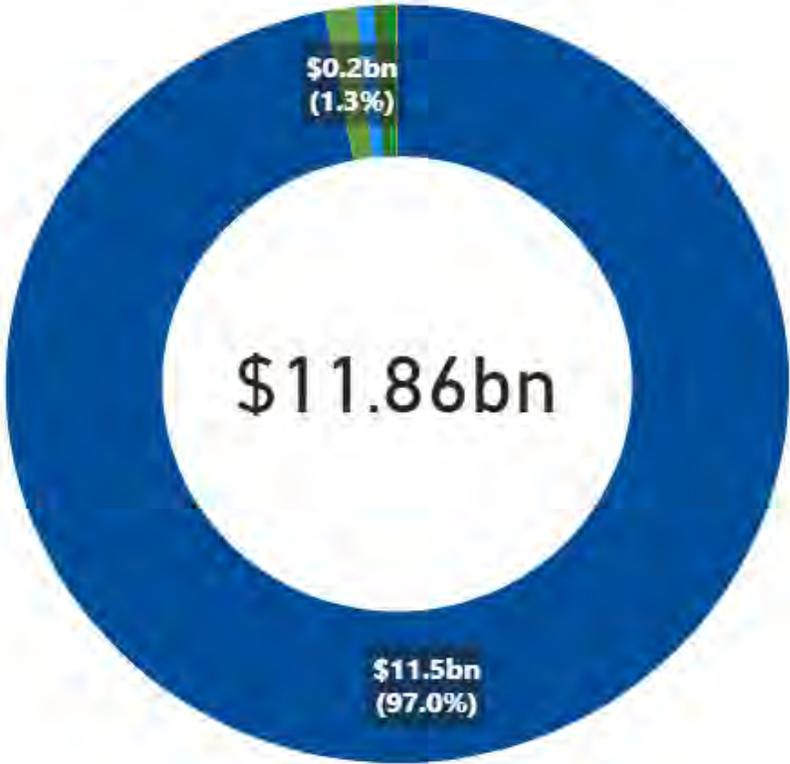

Passion for purpose, empowerment and accountability, trust and transparency, best in class and outcome and servant leadership.

## Health Care Authority | FY 2026 Budget | \$12,562,129,214

### Medicaid | \$12,101,251,329

Medicaid serves as the nation's primary source of health insurance for low-income individuals. Medicaid, known as SoonerCare in Oklahoma, is a federal and state health coverage program that provides medical benefits to low-income individuals who are uninsured or underinsured. Medicaid guarantees coverage for basic health and long-term care services based upon specific eligibility guidelines. These categories of eligibility include the aged, blind or disabled; families qualifying under federal Temporary Assistance to Needy Families guidelines; expansion adults; qualified Medicare beneficiaries; Tax Equity and Responsibility Act children; women with breast and cervical cancer; and certain children and pregnant women.

State Medicaid programs are funded with both federal and state dollars and in accordance with a federally-approved state plan. To receive federal dollars, states agree to cover groups of individuals referred to as mandatory groups and offer a minimum set of services referred to as mandatory benefits. States can also receive federal funds to cover additional optional groups of individuals and benefits. A detailed summary of the categorical eligibility standards, as well as mandatory and optional benefits provided in Oklahoma, can be found in the OHCA Annual Report and on the OHCA website.

In FY 2024, the OHCA introduced SoonerSelect, a new health care delivery system designed to manage cost, utilization, and quality. SoonerSelect ensures Medicaid health benefits and additional services are delivered through agreements with managed care organizations (MCOs) that receive a fixed monthly payment per member. Most SoonerCare members will now get their health and dental care through these plans. These plans involve networks of doctors, dentists, pharmacists, mental health professionals, and other service providers. Eligible members can choose from three health plans (Aetna Better Health of Oklahoma, Humana Healthy Horizons of Oklahoma, Oklahoma Complete Health) and two dental plans (DentaQuest or LIBERTY Dental). In FY 2025, OHCA worked with around 93,626 medical and dental providers to serve over 1.3 million SoonerCare members.

# Program Details

---

## **Non-Medicaid | \$119,000,000**

Some payments are not reimbursable by Medicaid, according to federal guidelines. Approximately 85% of non-Medicaid services are managed by the Oklahoma Department of Mental Health and Substance Abuse Services, with the remaining services coordinated by the Oklahoma Department of Human Services and the Oklahoma Office of Juvenile Affairs.

These non-Medicaid expenditures may include payments for medical or behavioral health services or residential substance abuse treatment, for example, to a person who has been determined to have a serious mental illness or substance use disorder but does not qualify for SoonerCare. These are pass-through transactions for OHCA and payments to the providers for non-Medicaid services, which are processed through the OHCA's Medicaid Management Information System.

## **Administrative Operations | \$127,054,170**

Administrative costs included in administrative operations are associated with direct operating expenses and vendor contracts that aid in the delivery, management and fiscal oversight of the federal Medicaid program for the State of Oklahoma.

OHCA contracts with public and private entities to acquire professional services to support the administrative operations associated with the Medicaid program. These services provide legal, technical, case management, health outcome improvement initiatives and professional medical review services essential to the success of the SoonerCare program and its members.

---

## **Insure Oklahoma | \$29,891,917**

Insure Oklahoma comprises two specific insurance programs offering premium assistance. The first is Employer Sponsored Insurance, a premium assistance program for employers who offer insurance coverage. The employers select an Oklahoma-qualified benefit plan. The second is the Individual Plan, which offers premium assistance for working Oklahomans who do not have access to employer-sponsored insurance.

Insure Oklahoma supports small businesses that have fewer than 250 employees on payroll, are in Oklahoma, contribute a minimum of 25% of eligible employees' premiums, and offer an Insure Oklahoma qualified benefit plan. Eligibility requirements for ESI include household income that does not exceed 200% of the federal poverty level, Oklahoma residency and U.S. citizenship or legal resident status.

To qualify for IP, eligibility criteria include household income that does not exceed 100% of the federal poverty level and uninsured sole proprietorship, employment that does not provide health insurance, ineligibility for their employer's insurance plan or unemployed persons who are currently seeking work, as well as certain working adults with a disability who work for any size employer and who, except for employment income, would be eligible for disability benefits.

---

## **EGID | \$51,114,523**

The Employee Group Insurance Division manages self-funded health, dental, life and disability plans for state, education and local government employees and retirees, which was transferred to OHCA effective July 1, 2024. It contracts with commercial health, dental and vision carriers as alternatives. EGID also partners with national firms for consulting and services like provider reimbursement, actuarial, medical and pharmacy claims management, and care coordination.

TPA Management oversees third-party administrators for HealthChoice, Department of Corrections inmate plans, and Department of Rehabilitation Services client plan. It handles contracts, benefit changes and vendor coordination.

Pharmacy Benefits Management supervises the contracted pharmacy benefit manager (PBM), assists members with pharmacy-related inquiries, prepares appeals, and manages PBM issues.

Provider Network Management recruits and contracts providers for a broad network, developing quarterly fee schedule updates to ensure access for HealthChoice members.

Internal Audit verifies financial accuracy and monitors claims compliance. Health Care Management assists with medical case management and pre-authorizations. Member Accounts maintains participant eligibility and processes premium payments. Member Services resolves member issues and provides training.

EGID Finance manages financial reporting and asset management. Policy Research provides expertise on health policies and compliance. Healthcare Data Analytics monitors health care costs. Legal Services offers legal support for EGID operations.

## AGENCY ACCOMPLISHMENTS

- Expanded SoonerSelect value-added benefits: 11,895 Aetna, Humana, OCH and members received food assistance via produce boxes, packaged meals and grocery vouchers.
- Fully transitioned the Patient-Centered Medical Home program in SoonerSelect from care coordination fees to value-based payment programs focused on specific outcomes within the managed care system, while providing 15 months of transition payments.
- Implemented the Velocity system at the Employee Group Insurance Department, which offers a self-service portal for members, allowing the EGID team to work more efficiently.
- Provided support to high-risk and high-cost users through medication management program, resulting in an annualized savings of \$15.8 million for 2024.
- Restructured and operationalized program integrity and quality assurance functions to ensure compliance with HB 2797.

## AGENCY GOALS

- Implement federal HR1 legal requirements with priority on FY 2027 components: revised definition of a qualified alien, 6-month redeterminations, community engagement requirements, address verification and duplicate enrollments, and retroactive coverage limits.
- Promote fiscal responsibility by maintaining administrative cost at or below 5% of total costs.
- Reduce turnover rate by continuously building and supporting high-performing teams through performance, competency and succession development, and a culture of collaboration and communication.
- Increase primary care services for adults and children.
- Improve health outcomes for SoonerCare members by increasing primary care services, reducing health disparities and improving health equity, and decreasing emergency departments visits, improving the ranking of state health to the top 25 by 2026.

**OKLAHOMA**  
**State Department**  
**of Health**

## **Keith Reed** **Commissioner**

The **Oklahoma State Department of Health (OSDH)** was established per 63 O.S. § 63-1-105 and serves as the state public health agency. The Oklahoma State Department of Health, through its system of local health services delivery, is ultimately responsible for protecting and improving public health with strategies that focus on preventing disease.

Founded in **1907**, this agency now encompasses the following divisions reporting directly to the Commissioner of Health:

- Chief Medical Officer.
- Community Health Services.
- Quality Assurance and Regulatory.
- Health Preparedness.
- Chief Administrative Officer.
- Chief Financial Officer.
- Chief Strategy & Business Performance Officer.
- Chief of Staff.

The OSDH oversees a network of 68 county health department locations among 10 public health districts. The OSDH collaborates with two metro public health entities, Oklahoma City-County Health Department and Tulsa Health Department, which are autonomous offices managed outside of state government.

# Agency Vision, Mission and Core Values

## **Vision:**

Leading Oklahoma to prosperity through health.

## **Mission:**

Protect and promote health, prevent disease and injury, and cultivate conditions by which Oklahomans can thrive.

## **Core Values:**

Service, collaboration, respect and accountability.

## Department of Health | FY 2026 Budget | \$576,854,751

### Prevention and Preparedness | \$122,653,103

The division of Prevention and Preparedness develops, enforces, and educates stakeholders on public health rules and regulations that protect all Oklahomans from emerging public health threats. Regulatory responsibilities include enforcing laws and rules; performing routine inspections; investigating complaints; and issuing, renewing, and revoking licenses.

The Long-Term Care Service division oversees the health and safety of residents living in licensed long-term care facilities, including nursing homes, skilled nursing facilities, residential care homes, assisted-living centers, continuum-of-care homes, and intermediate care facilities for individuals who are intellectually disabled.

OSDH administers three customer health service programs:

- The Consumer Protection program is responsible for licensing, monitoring, and inspecting hotels and motels; eating and drinking establishments; retail and wholesale food outlets; food manufacturers; public bathing places; and all sources of ionizing radiation.
- The Occupational Licensing program licenses and inspects hearing aid dealers, home inspectors, and sanitarians.
- The Professional Counselor Licensing program promotes and enforces laws and regulations that govern the practices of licensed professional counselors, licensed marital and family therapists, licensed behavioral practitioners, and licensed genetic counselors.

The Acute Diseases unit helps to control and monitor infectious diseases, providing public laboratory services as well as newborn screening and monitoring, while educating Oklahomans on chronic diseases, monitoring and preventing injuries, public health emergency preparedness and response.

## **Community Health Services | \$321,220,259**

The Community Health Services program improves the health of Oklahoma residents through evidence-based programs and initiatives implemented with delivery partnerships across our state. It provides oversight and direction to the 68 organized county health departments in the state, establishing implementation priorities for program guidelines of OSDH-defined goals and objectives. Central office programs focus primarily on preserving and improving the health of women, adolescents, and babies. The Community and Family Health Services division acts as the liaison between the county health departments and statewide programs.

Consumer Health Services provide state licensure and regulatory oversight for retail food establishments, food manufacturing establishments, lodging establishments, tattoo and body piercing establishments, bedding manufacturing and refurbishment establishments, public bathing places, and X-ray equipment. This program is also responsible for the professional licensure of tattoo and body piercing artists, medical micropigmentation practitioners, hearing aid fitters, licensed genetic counselors, sanitarians, and environmental specialists. The program also assists in the investigation of animal bites.

## Community Health Services | \$321,220,259 (continued)

OSDH administers the Child Guidance Service program in regional county health departments, along with the Child Care Warmline, which offers free telephone consultation and referrals to childcare providers. These programs provide support and training to parents, youth, childcare providers, educators, and medical communities. The agency also staffs the early intervention program (SoonerStart) for infants, toddlers, and babies with developmental delays.

The Dental Health Service program provides oral health screening and small-scale treatment for children and nursing home residents in some areas through contracts with providers. The Dental Health Service also administers school-based dental education programs, a fluoridation program to improve the state's drinking water supply and the Dental Loan Repayment Program.

The Family Support and Prevention Service program promotes the health, safety, and wellness of Oklahoma's children and families by administering visitation programs for low-resource mothers. This service improves health outcomes and parenting skills by providing training and assistance to organizations or agencies that serve families with young children in an effort to avert child abuse, unplanned repeat pregnancies and other adverse outcomes.

The Maternal and Child Health Service unit partners with key stakeholders, county health departments, and nonprofit clinics to improve the physical and mental health, safety, and well-being of Oklahoma mothers and children by developing and promoting best practices for reproductive health and the health of babies. The agency also provides community-based programs aimed at lowering the state's teen birthrate.

OSDH protects Oklahoma's children and families by providing specialized statewide surveillance and screening programs, including genetics, newborn screening, newborn hearing screening, childhood lead poisoning prevention, and the Oklahoma Birth Defects Registry.

## Community Health Services | \$321,220,259 (continued)

The federally-funded Women, Infants and Children (WIC) program administered by OSDH provides nutritious foods to supplement the diets of approximately 100,000 clients per month. The agency offers nutrition classes, interactive online education and fitness group classes, as well as private consultation with nutrition experts.

The agency is responsible for providing public health nurses, who comprise the largest segment of Oklahoma's public health workforce, with clinical practice guidelines and orders, continuing education and training opportunities, performance improvement activities, and professional development.

OSDH ensures county health department patient records are organized and maintained within medico-legal standards by providing on-site training and software support for agency computer application programs, data collection, billing, and patient records.

Immunization Services is responsible for engaging communities to promote public health, the prevention and monitoring of infectious diseases, monitoring and preventing injuries, monitoring and educating Oklahomans on chronic diseases, and addressing core public health issues including but not limited to tobacco use, obesity, and the social determinants of health.

The Center for Chronic Disease Prevention and Health Promotion is responsible for engaging communities to promote public health, addressing core public health issues of tobacco use and obesity, and managing public health information.

## **Public Health Infrastructure | \$45,455,126**

Public Health Infrastructure includes the divisions of Vital Records, Internal Audit and Accountability, Communications, and Health Policy. It also includes supportive services such as building management, human resources, legal and financial services, and information technology.

As the official state repository of original birth and death files, the Vital Records division is tasked with electronically registering official birth and death records for the state; replacing or amending such records; filing delayed records used for legal and administrative purposes by the subject and/or family; as well as maintaining statistics for public health purposes.

The Internal Audit department examines and evaluates the ongoing control processes of the agency, providing assurance and consulting services as well as recommendations for improvement to promote effective control at reasonable costs and to assist management in achieving its strategic vision.

The Communications unit has overall responsibility for OSDH's internal and external communication while focusing on three key areas: media relations, electronic communications, and publications.

The Health Policy and Legislative Liaison office is responsible for overseeing agency strategic planning and performance monitoring processes, policy implementation and rule promulgation. The strategy and planning area focuses on identifying measurable outcomes across the agency and assisting with process improvement strategies. The policy team assists other program areas in assuring timely implementation of legislation and rule promulgation.

## **Oklahoma Athletic Commission | \$477,117**

This program became a standalone agency as of November 1, 2025.

## AGENCY ACCOMPLISHMENTS

- Delivered nearly 1.4 million core medical services through the network of rural county health departments across Oklahoma in FY 2025.
- Provided awareness, information, and risk mitigation to Oklahomans on the multi-state measles outbreak that occurred in early 2025.
- Operationalized the Choosing Childbirth legislative initiative by executing agreements with 13 community organizations, 39 subrecipient organizations, and one external evaluator to pass through \$18 million state appropriated dollars.
- Implemented death certificate module enhancement in July 2025, with initiation of the birth certificate filing system enhancements beginning in November, and full implementation of the ROVER NextGen system anticipated in 2026.
- Regained federal Title X dollars to use for critical family health services throughout the state in November 2024.

## AGENCY GOALS

- Identify and pursue the top five measures to improve Oklahoma's health rankings from 46<sup>th</sup> to 43<sup>rd</sup>.
- Deploy and maintain service delivery to the public through use of the network of county health department and mobile clinic locations across the state.
- Decrease voluntary turnover rate to 15% or less by enhancing recruitment, onboarding, retention and development of staff.
- Identify, evaluate and modernize agency platforms and systems, ensuring interoperability. Successfully deploy and maintain the agency's Electronic Health Record system.
- Review, revise and implement business friendly policies that are free of unnecessary bureaucracy and properly balanced with public health and safety.
- Improve utilization of federal grant funds, decreasing the lapse rate by 20%.

**OKLAHOMA**  
The J.D. McCarty  
Center

## Michael Powers Director and CEO

The **J.D. McCarty Center** provides comprehensive rehabilitative care for Oklahoma children with developmental disabilities.

Founded in **1946**, this agency is licensed as a specialized pediatric rehabilitative hospital. The center evaluates, treats, and supports children with developmental disabilities, enabling them to reach their fullest potential.

## J.D. McCarty Center | FY 2026 Budget | \$38,501,062

### Patient Services | \$35,733,679

J.D. McCarty Center is licensed as a pediatric rehabilitative hospital. The center evaluates and treats Oklahoma's developmentally disabled children to enable them to reach their maximum potential.

J.D. McCarty Center offers both inpatient and outpatient services. Medical services include:

- Pediatrics.
- Pediatric dentistry.
- Neurology.
- Ophthalmology.

Therapeutic services include:

- Physical, occupational, and speech therapy.
- Psychological services.
- Nutritional counseling.
- Treating feeding and swallowing disorders.

The center uses live, interactive video technology to provide physical, occupational, speech-language, and counseling services to children throughout Oklahoma. J.D. McCarty Center also offers independent living skills training for older teens to assist them in becoming capable of living independently.

## AGENCY ACCOMPLISHMENTS

- Increased capacity in outpatient psychological assessment clinic by 44% from the prior year.
- Increased outpatient encounters per therapist by 10.5%
- Finished roof replacement and replacement of the center's outdated HVAC system.
- Completed construction of a new Applied Behavioral Analysis outpatient facility on schedule and within budget.
- Two therapists obtained certification in Dynamic Movement Intervention (DMI) Level A. Less than 50 therapists in the world have this certification.

## AGENCY GOALS

- Maintain an inpatient daily cost that is at or less than the regional average cost of hospital adjusted expenses as reported by the Kaiser Family Foundation.
- Increase the total number of outpatient encounters by 40% from FY 2022 to FY 2028.
- Expand the Applied Behavioral Analysis (ABA) outpatient program, which uses an evidence-based therapy focused on teaching skills and shaping challenging behaviors, from six patients weekly in FY 2023 to 30 patients weekly by spring of 2026.
- Expand therapeutic treatment services to include:
  - Therapeutic intensive services.
  - Outpatient developmental testing.
  - Therapeutic recreation.
  - Dynamic movement interventions.

**OKLAHOMA**  
Office of Juvenile Affairs

## Sharon Millington Interim Executive Director

The **Office of Juvenile Affairs (OJA)** serves as the state juvenile justice agency. OJA and its community partners provide prevention, education, and treatment services for at-risk and juvenile justice-involved youth and their families throughout Oklahoma (10A O.S. § 2-7-202).

Founded in **1995**, the agency now encompasses the following programs:

- Office of Standards for Prevention and Systems Improvement.
- Institutional and Residential Support Services.
- Juvenile and Treatment Services.

## Office of Juvenile Affairs | FY 2026 Budget | \$162,529,290

### Juvenile and Treatment Services | \$62,081,504

Juvenile and Treatment Services is responsible for the oversight and administration of nonresidential services provided by the Juvenile Services Unit (JSU). JSU provides intake, probation and custody services in all 77 counties, except those four counties with duly constituted juvenile bureaus where JSU provides custody services only (10A O.S. §§ 2-4-101 – 2-4-110). JSU provides services and supervision to juveniles alleged or adjudicated as delinquent, in need of supervision, or as a youthful offender.

JSU collaborates with judges, district attorneys, defense attorneys and law enforcement to provide services to young people involved in the juvenile justice system. JSU case managers work with each youth to develop treatment plans, document progress and provide referrals to youth service agencies and other services.

OJA contracts with youth service agencies to provide certain services to youth being treated in their community. Each county in the state uses local contract providers to ensure clients receive services and programs best suited to treat juveniles and provide support to the family. In certain communities, graduated sanction programs are used to divert youth from further involvement with the juvenile justice system.

The Community-Based Support Services Division is responsible for the administration of agency contracts with 10 Level-E residential treatment programs, two Specialized Community Homes, and 11 juvenile detention centers.

# Program Details

---

## **Institutional and Residential Services | \$23,277,667**

The Central Oklahoma Juvenile Center in Tecumseh provides residential care and treatment for young people who have been adjudicated as youthful offenders or delinquents. Within COJC, OJA operates the Oklahoma Youth Academy Charter School (OYACS), which provides education services, encompassing academic, social, emotional and employment skills, to highly challenged youth in a nontraditional setting.

## **Office of Juvenile Justice Delinquency Prevention | \$2,643,966**

The OJA administers federally-funded Juvenile Justice Delinquency Prevention Formula grants and assists communities in funding and developing juvenile delinquency prevention programs. Major goals include funding evidence-based delinquency prevention programs statewide and reducing the number of youth entering the juvenile justice system. This program includes the newly formed reentry division, aimed at guiding justice-involved youth through a structured process of transition from out of home placement to reintegration into the community. The reentry division ensures that youth have access to critical resources, support systems, and interventions to help them become productive, law-abiding members of society.

# Program Details

---

## Community-Based Youth Services | \$32,072,291

Community-Based Youth Services (CBYS) administers contracts with 37 not-for-profit youth service agencies located throughout the state to provide prevention and intervention services to young people and their families. Services must be designed to meet the individual needs within each community.

Local youth service agencies provide treatment services to youth at risk of delinquency or who are involved in the juvenile justice system. Youth service agencies focus on making communities safer by improving long-term outcomes. Services include:

- Emergency shelter beds.
- First time offender programs.
- Crisis intervention.
- Individual, family and group counseling.
- Prevention and substance abuse support groups.
- Transitional living programs.
- Tutoring and mentoring.
- School-based programming.

CBYS is responsible for ensuring that the youth service agencies deliver evidence-based, compliant, and equitable programs within the community. CBYS staff provide technical assistance, support and oversight to ensure Oklahoma's most vulnerable youth receive the services they need to become successful members of their communities.

## AGENCY ACCOMPLISHMENTS

- Expanded Functional Family Therapy (FFT) to all 77 counties. In 2025, 658 FFT cases were completed. Additionally, FFT was expanded through private funding for early intervention in Oklahoma County.
- Established a Reentry Division, which assists youth reintegrating into the community from out-of-home placement. In 2025, Reentry served 295 families.
- Reorganized OJA's caseworker structure to enhance resources, implement agency initiatives, and address accountability measures across the state.
- Continued to enhance agency data tracking and streamlining of appropriate utilization of technology across the agency while also assisting community partners.

## AGENCY GOALS

- Ensure at least 50% of youth referred to OJA are diverted from deeper involvement with the juvenile justice system.
- Coordinate with Oklahoma Health Care Authority to establish a reimbursement rate that will sustain Functional Family Therapy.
- Stabilize the workforce and efforts at Central Oklahoma Juvenile Center.
- Continue to rely on data-driven outcomes to inform practices across the agency. Enhance data collection and analysis for all OJA programs.
- Ensure at least 75% of OJA youth successfully complete all individualized treatment goals prior to leaving OJA care.
- Increase youth access to career tech opportunities across the state to increase probability of youth success.

**OKLAHOMA**  
Department  
of Labor

## Leslie Osborn Labor Commissioner

The **Oklahoma Department of Labor (ODOL)** is responsible for fostering, promoting and developing the welfare of Oklahoma wage earners, for improving their working conditions, and for advancing opportunities for profitable employment by carrying into effect all laws in relation to labor assigned to the agency (Oklahoma Constitution Article 6 § 20; 40 O.S. § 1(B)).

Founded in **1907**, this agency now encompasses the following programs:

- Administration.
- Employment Standards Division.
- Safety Standards Division.
- Occupational Safety and Health Administration (OSHA) Consultation Services.
- Public Employees Occupational Safety and Health (PEOSH).
- Asbestos Abatement Program.
- Licensing.

# Agency Vision, Mission and Core Values

## **Vision:**

Provide professional guidance and services, supported by education and training. Services include the necessary relief, regulation and resolution for employees, employers and the public. Provide consultation, regulation, enforcement and education information for employers, generating opportunities for everyone to work in an environment that is fair, equitable, healthy and safe. Every citizen served is treated fairly with personal attention.

## **Mission:**

Ensure a safe, fair, healthy and productive Oklahoma by providing responsive, ethical and effective service for employers and employees; administer fair and consistent rules and regulations; and encourage safety and training.

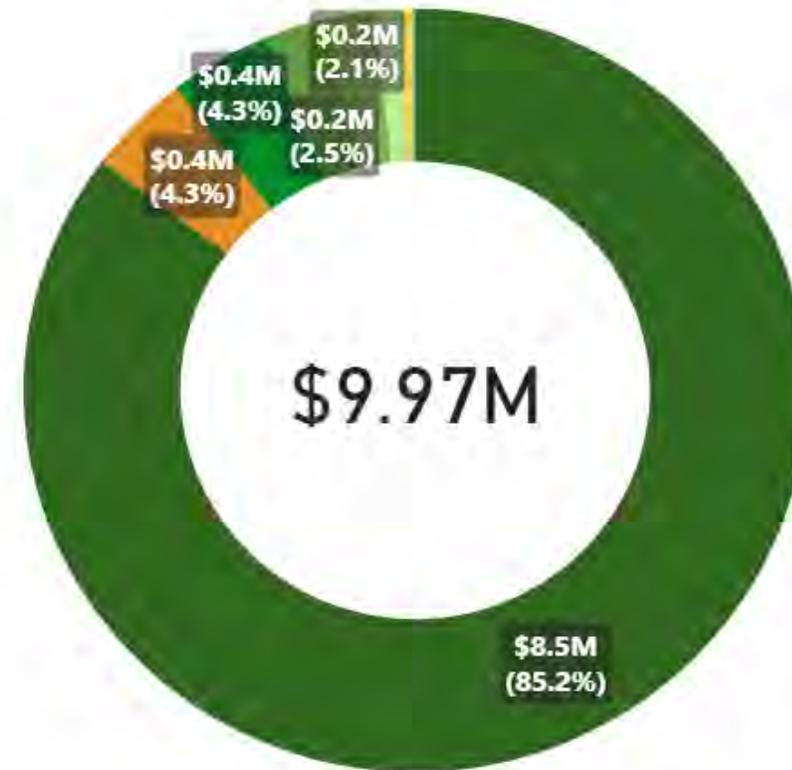

## **Core Values:**

Working in harmony, being respectful of others, in an open and honest manner. Employees are loyal to the agency mission while performing a duty to serve the public. ODOL employees are good stewards of public trust, with integrity as the cornerstone of public service.

**Department of Labor | FY 2026 Budget | \$13,703,173**

## **Asbestos Abatement Program | \$512,347**

The Asbestos Abatement Program is responsible for ensuring asbestos abatement is accomplished in a safe manner in both the public and private sectors. The Asbestos Abatement Program licenses asbestos workers, supervisors, management planners, inspectors, project designers and contractors. Each asbestos abatement project must submit a project design for review by the Asbestos Abatement Program. Upon approval of the project design, asbestos inspectors inspect the abatement project for compliance with the project design and inspect the site a minimum of three times while asbestos is being removed.

The Asbestos Abatement Program cooperates with the Environmental Protection Agency (EPA) to audit public and private schools to ensure compliance with the Asbestos Hazards Emergency Response Act (AHERA). The Asbestos Abatement Program is funded through a cooperative agreement with the EPA, which provides funding for asbestos inspectors to audit school facilities, assuring that all asbestos within the buildings is contained, thereby protecting students and staff from asbestos hazards. The EPA grant requires a 25% match of state funds.

## **OSHA Consultation Services | \$1,727,719**

The Occupational Safety and Health Administration Consultation Services division provides free consultation services to Oklahoma's private-sector businesses. This voluntary, nonpunitive, and confidential program is designed to assist small- and medium-sized (i.e., 500 or fewer employees), high-hazard employers in preventing injuries and illnesses. Hazardous conditions and practices are identified and addressed without the costs of involving federal OSHA.

Although the program is primarily focused on assisting small and medium-sized businesses, all employers are welcome to take advantage of OSHA Consultation Services. Employers must request this service and invite the consultation service into their workplace.

## Public Employees Occupational Safety and Health (PEOSH) | \$605,227

Public employers, including state agencies, cities, counties and public schools, are mandated by law to provide safe, healthful workplaces. PEOSH helps ensure these employers fulfill that responsibility. Compliance with safety and health regulations and effective safety and health programs reduces fatalities, occupational injuries and illnesses, and worker compensation costs. Oklahoma is among seven states that take responsibility for enforcing their public sector workforce safety and health standards. As such, federal mandates of a state plan were not levied against the state, allowing Oklahoma to manage public-sector safety and health programs as the state wishes. Without the PEOSH program, federal OSHA would enforce public sector workforce standards, and federal fines would result in a net loss of state revenues and resources.

PEOSH also conducts safety and health investigations addressing the following:

- Workers killed in the workplace.
- Five or more employees sickened or hospitalized through a common event.
- Employer incident/illness rates above the state average.
- Employee complaints.
- Consultations and outreach activities (provides a resource for public sector employers, ensuring they have the tools to comply with safety and health standards and rules).
- State-driven rulemaking.

The net benefit of the PEOSH program has been to increase overall state productivity by reducing employee injuries and illness through outreach, consultation services, training and enforcement. State workers, local firefighters, law enforcement, schools and all other public servants in the state have seen a benefit to their working conditions. Better working conditions translate to lower attrition rates, which leads to lower expenses to train or retrain workers.

## **Child Labor Unit | \$136,815**

The Child Labor Unit seeks to ensure Oklahoma employers are aware of state child labor laws for minors between the ages of 14-16 and are following federal child labor laws for minors between the ages of 16-18 through educational outreach, state enforcement efforts and collaboration with the U.S. Department of Labor. The Child Labor Unit enforces minimum age restrictions, the work permit process, hours and times standards, mandatory breaks, and prohibited occupations for minors.

## **PEOSH Statistical Research Unit | \$283,636**

The PEOSH Statistical Research Unit conducts the Census of Fatal Occupational Injuries and the Public Sector Occupational Safety and Health Survey. State and federal OSHA programs use data to improve program efficiency and increase safety and health for Oklahoma workers. Surveys comparing information between public entities reduce duplication of efforts among agencies. Safety inspections are targeted using public-sector data to best deploy the state's limited resources and gain the greatest statewide benefits. The PEOSH Statistical Research Unit's clients include all public-sector employers across the state, and it serves as the data collection arm of PEOSH.

## **Employment Standards Division | \$728,878**

The Employment Standards Division assists Oklahoma workers in recovering earned and due wages and workplace benefits that have not been paid, are underpaid, or not paid in a timely manner. Labor compliance officers investigate the validity of filed wage claims and issue legal determinations regarding compensation properly earned and due to workers including, but not necessarily limited to, salaries, commissions, holiday and vacation pay, overtime pay in accordance with federal guidelines, severance or dismissal pay, and bonuses. The division serves the state by alleviating demands that might otherwise be placed on the state's judicial system by the litigation of wage or child labor disputes in district court.

## **Alarm, Locksmith, and Fire Sprinkler Program | \$473,779**

The Alarm, Locksmith, and Fire Sprinkler Program licenses several different disciplines within the alarm and locksmith industry including monitoring, burglar alarm, fire alarm, fire sprinkler, locksmithing, access control, closed circuit television, and nurse call. The program seeks to ensure that companies and individuals are licensed as required and comply with applicable industry rules. The Alarm, Locksmith, and Fire Sprinkler Advisory Committee assists the Commissioner of Labor in establishing rules and regulations for the licensure and practice of professionals engaged in the alarm and locksmith industry. Staff investigate complaints, conduct sting operations, and perform job site inspections to verify licensed individuals are performing their duties according to standards.

## **Elevator Escalator Program | \$1,034,459**

The Elevator Escalator Program works to ensure the permitting and safe installation, operation, service, and repair of all eligible elevators and escalators in the state except those within Oklahoma City. Inspectors are responsible for annual, biennial, or triennial inspections of over 6,200 registered elevators, depending on the requirements for the specific type of system. Elevator inspectors must be licensed, pass national standards evaluations, and obtain continuing education unit credits. The program conducts an annual summit that informs industry members of changes to statutes and rules as well as industry trends and safety concerns.

## **Amusement Ride Program | \$893,930**

The Amusement Ride program serves owners/operators of permanent and temporary amusement ride attractions, which include water parks, permanent parks, carnivals, zip lines, ropes courses, and inflatables. This program serves the public by ensuring that all rides are registered, insured, inspected, and safe for operation. ODOL maintains an online directory of amusement show companies registered with the state. This program hosts an annual educational summit to share accomplishments, best practices, rule/law changes, and other vital information with ride owners/operators. Amusement ride inspectors cross-train with the elevator program to assist with inspections during lulls in their schedule.

## **Boiler and Pressure Vessels Program, Welder Program | \$1,526,735**

The Boiler and Pressure Vessels Program works to ensure the safe installation, operation, service, and repair of boilers, pressure vessels, hot water supplies, and carbon dioxide storage vessels, as well as weld test facilities. There are approximately 47,500 pressure vessels, including hot water heaters, in service in Oklahoma. This program is responsible for registering and inspecting pressure vessels and conducting safety inspections on steam engines and other implements. Staff conduct an annual summit to inform industry of safety requirements and changes in rules and law. Inspectors undergo rigorous training courses covering national codes and guidelines in order to protect public safety within the boiler industry. The Welder Program issues new and renewal welder licenses, weld inspector licenses, and weld test facility licenses.

## **Alternative Fuels | \$500,840**

The Alternative Fuels program serves contractors, owners, and the general public when dealing with compressed natural gas, electrical vehicles, liquid natural gas, and hydrogen vehicles or modes of transportation. Alternative fuel inspectors examine compressed natural gas stations, calibrate pumps, inspect pressure vessels at public fueling stations, and complete permit reviews on new station installations. Inspectors cross-train with the Boiler and Pressure Vessels Program and inspect those types of equipment in addition to their regular duties. Alternative Fuels staff promote public safety by working with owners, contractors, and the general public, as well as by shaping legislative policies and procedures as alternative fuels needs expand with new technology. There are approximately 95 alternative fuels stations and 180 dispensers of compressed natural gas in the state.

## Licensing | \$606,205

Licensing oversees the licensure, registration, and regulation of 51 distinct occupational licenses throughout the state by:

- Evaluating applicant experience and education.
- Issuing, renewing, and upgrading licenses.
- Distributing licensing news and renewal notices.
- Initiating criminal history checks.

Under the ODOL licensure system, Oklahoma statutorily defines the tasks and function or scope of practice of a profession and determines what tasks may be legally performed by licensees. Licensure helps mitigate potentially harmful health and safety risks to the public. One effect of this process is that the public is served whether it is aware of these licensing programs or not. The establishment of a go/no-go system of licensure creates a finite pool of qualified individuals that can be more easily policed with fewer compliance inspectors. ODOL protects the health, safety and welfare of all Oklahomans by assuring that licensees have met a standard of expertise.

Accounts Receivable is a subdivision of the Licensing division in which all fiscal instruments received by ODOL are logged, date-stamped, scanned and posted. Accounts Receivable staff are responsible for compiling and submitting daily deposits, initiating refunds and reimbursements and resolving customer billing and nonsufficient fund issues.

## AGENCY ACCOMPLISHMENTS

- Awarded employees unpaid wages and benefits of \$1 million+ and damages of over \$220,000 from employers who failed to comply with Oklahoma's Protection of Labor Act and the federal Fair Labor Standards Act.
- Saved Oklahoma employers more than \$28 million in potential federal OSHA fines through the identification and recommendation of remediation of 1,756 workplace hazards that placed 73,298 Oklahoma employees at risk.
- Reduced agency employee turnover from 15% in 2018 to 4% in 2025, saving substantial training costs.
- Increased efficiencies and eliminated personnel redundancies, reducing overall FTE from 101 in FY 2014 to 79 in FY 2025.
- The Elevator Escalator Program inspected and issued certificates of operation for over 5,408 conveyances, conducted over 6,000 inspections, and issued 459 licenses in FY 2025.

## AGENCY GOALS

- Protect the health and safety of Oklahoma employees and employers.
- Provide free, confidential OSHA consultation services to employers to help remove employees from potential workplace hazards. Reduce Oklahoma public-sector workplace injury incident rate in FY 2026 to 3.90%.
- Implement the Tyler Technologies State Regulatory Platform solution to modernize agency technology.
- Reduce the processing time for licensure applications to five business days for 95% of applications.
- Perform timely and complete inspections on all applicable elevators and conveyances, boilers, and pressure vessels within 90 days of due date.
- Respond to all requests for inspections within 72 hours.
- Ensure employed Oklahoma minors are safe at work by completing investigations or compliance checks within 30 days.

**OKLAHOMA**  
Mental Health &  
Substance Abuse

## Gregory Slavonic Interim Commissioner

The **Oklahoma Department of Mental Health and Substance Abuse Services** serves as the safety net for the state's mental health and substance use treatment services system. Founded in **1953**, this agency now operates treatment provider organizations and encompasses the following divisions and services:

- Treatment Beds:
  - Inpatient psychiatric hospital services.
  - Community-based structured crisis care.
  - Residential substance abuse treatment.
  - Competency restoration.
- Community-Based Treatment and Recovery Services:
  - Certified community behavioral health clinics.
  - Child mental health.
  - Comprehensive community addiction recovery clinics.
  - Opioid treatment programs.
  - Criminal justice diversion programs.
- Prevention Services:
  - Suicide prevention and mental health promotion.
  - Opioid overdose prevention.
  - Screening, brief intervention, and referral to treatment.

# Agency Vision, Mission and Core Values

## **Vision:**

Oklahoma sets the standard for behavioral health systems that provide transformative, agile and quality care.

## **Mission:**

Foster healthy communities and offer the highest quality of care to improve the well-being of Oklahomans.

**Core Values:** I CARE: Integrity, Compassion, Accountability, Respect, Excellence.

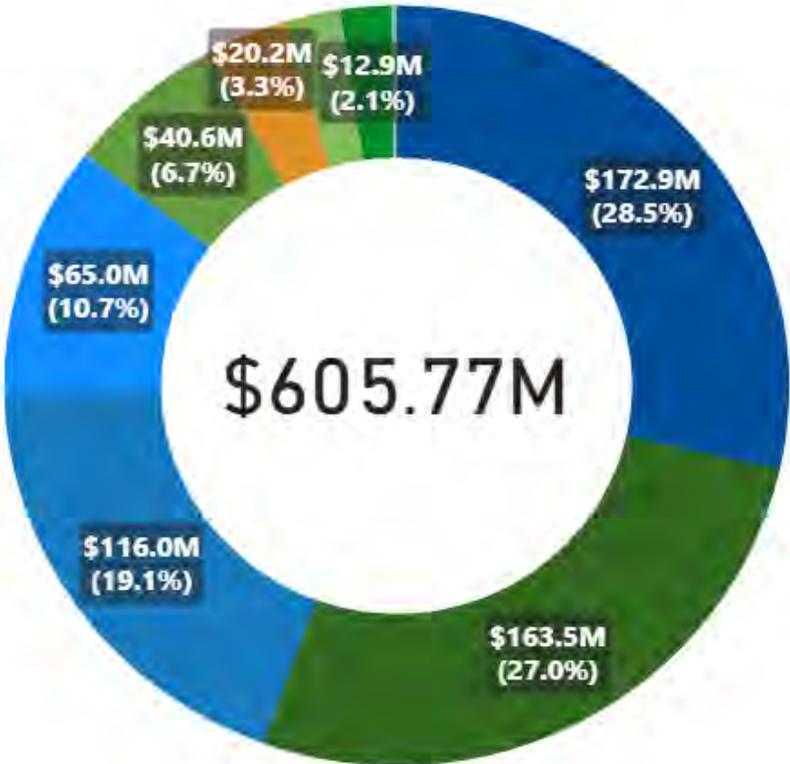

- Integrity – Treat others as they wish to be treated and always do the right thing.
- Compassion – Recognize the courage it takes to seek help for mental illness and addiction, and provide constant, respectful support for those on the journey to recovery.
- Respect – Treat consumers, stakeholders and fellow employees with dignity and respect, and provide the best services to our community.
- Accountability - Personal accountability for actions; acting whenever wrongdoing is observed.
- Excellence – Help people, reunite families and build better communities. Provide meaningful service to our consumers, colleagues and our communities by building excellent services together.

## Department of Mental Health and Substance Abuse Services | FY 2026 Budget | \$704,227,568

### Community-Based Treatment and Recovery Services | \$368,159,379

#### Certified Community Behavioral Health Center

CCBHC is a comprehensive treatment model reimbursed based on deliverables and expected outcomes, which is vastly different when compared to the current Community Mental Health Center model based on traditional fee-for-service scenarios. Data analysis comparing the CCBHC and CMHC models confirms that Oklahoma achieves a net savings of over \$2 million annually by using the CCBHC model. These savings are achieved primarily through a reduction in crisis intervention and psychiatric inpatient hospitalization claims. The enhanced capacity of the CCBHC allows the treatment provider network to better meet the needs of Oklahomans on an outpatient basis, realizing a significant decrease in use of higher, more costly levels of care.

#### Individual Placement and Supports

IPS is the standard evidence-based supported employment and education model. The IPS model maintains the belief that the best way to support self-sufficiency for individuals experiencing mental health and addiction disorders is to reinforce rapid entry into the competitive labor market, integrated with supportive services, as soon as the person is ready. Since its adoption in Oklahoma, IPS has expanded to 29 other counties across the state of Oklahoma.

## **Community-Based Treatment and Recovery Services | \$368,159,379 (continued)**

### **Programs of Assertive Community Treatment (PACT)**

PACT is an effective, evidence-based service delivery model providing intensive, outreach-oriented mental health services for people with the most severe mental illnesses. Using a 24/7 team approach, PACT delivers comprehensive community treatment, rehabilitation and support services to consumers in their homes, at work and in community settings. Building community supports such as PACT and other intensive levels of care allows an individual, who otherwise may be subjected to multiple hospital visits or jail time, the ability to address the demands of their illness while remaining in the community.

The program is intended to assist clients with basic needs, increase compliance with medication regimens, address any co-occurring substance abuse, and help clients train for and find employment to improve their ability to live independently. Currently, there are 11 PACT teams statewide. With PACT assistance, participants see reductions in inpatient care days (as much as a 71% decrease) and the number of days an individual spends in jail (as much as a 93.5% decrease).

### **Children and Transition Age Youth Services**

Youth with mental illness have an increased risk of experiencing psychiatric symptoms in transition-age years due to the stressors that arise from the transition from home, school, friends and jobs. First-break psychosis episodes are often seen at this age, and specialized programs to address the specific needs are necessary for youth to develop into thriving adults. These evidence-based programs are critical in ensuring a healthy transition into independence and a healthy life.

### Gambling Addiction Treatment

As Oklahoma's number of casinos has grown, so has the number of persons with gambling addiction issues. This program screens and treats persons with gambling disorders.

### Outpatient Addiction Treatment

The outpatient component of the substance abuse treatment system offers evaluation and assessment of addiction issues, outpatient detoxification, therapies for multiple types of addiction, rehabilitative services, assistance with housing and employment, and linkage to benefits.

### Criminal Justice Diversion Programs

ODMHSAS-certified treatment providers conduct screenings to determine a felony offender's risk of reoffending as well as to identify substance use and mental health treatment needs. Using these validated screening instruments, referral recommendations are made for prison-alternative sentences that best meet the offender's needs and increase the likelihood of successful prison diversion. By serving as central screening hubs, county jail-based screenings save diversion program resources and avoid duplicative assessment processes.

Offender screening has reduced the average time an offender spends awaiting sentencing by 78 days, resulting in \$29.6 million in jail-day savings. ODMHSAS has made offender screening available to all counties statewide. Counties that have not utilized offender screening in the past experienced an increase in the percentage of nonviolent prison receptions that was approximately twice that of counties that were using offender screening. To date, approximately 56,482 screenings have been completed and 51,148 final dispositions have been recorded. Over 82% of those screened were diverted and did not go to prison.

## Community-Based Treatment and Recovery Services | \$368,159,379 (continued)

### Systems of Care

Oklahoma Systems of Care (OKSOC) provides services to children, youth and young adults experiencing serious emotional disturbance. State and federal financing and the active sponsorship of ODMHSAS have helped OKSOC expand across the state. OKSOC provides infrastructure, training, and technical assistance and staff professional development.

An integrated team delivers care that comprehensively addresses physical, mental health and substance use disorder treatment needs with a goal to ensure access to appropriate services, improve health outcomes, reduce preventable hospitalizations and emergency room visits, and avoid unnecessary care. The OKSOC is nationally recognized and serves more than 15,000 youth and their families across the state annually.

Oklahomans receiving services through OKSOC show decreases in school suspensions and detentions, contacts with law enforcement, self-harm and suicide attempts, and problem behaviors, as well as clinically significant improvement in functioning. Over 70% of the youth coming into OKSOC who are diagnosed as clinically impaired show significant improvement within six months. Also included in this category is the Children's Crisis Stabilization and Mobile Response program, which provides rapid, community-based mobile crisis intervention services for children, youth and young adults up to age 25 who are experiencing behavioral health or psychiatric crises.

## Treatment Beds | \$290,065,223

### **Inpatient Psychiatric Hospital Services**

Inpatient psychiatric care is treatment delivered in specialized psychiatric treatment settings for persons who require 24-hour medical supervision and need active treatment due to a mental illness. Evaluation, rapid stabilization and treatment of acute symptoms, and risk factors are included as part of the treatment. Persons receiving these services are primarily those deemed to be a danger to themselves or others. This level of care also includes forensic services, such as not-guilty-by-reason-of-mental-illness and treat-to-competency cases.

### **Community-Based Structured Crisis Care**

Crisis stabilization consists of emergency psychiatric and substance abuse services for the resolution of crisis situations provided in a behavioral health care setting. Crisis stabilization includes a protective environment, basic supportive care, pharmacological treatment, detoxification, medical assessment and treatment, and referral services. Crisis stabilization most often involves persons needing emergency detention and, frequently, individuals being transported by law enforcement.

### **Residential Substance Abuse Detoxification and Treatment**

This program provides detoxification and treatment for severe substance use disorders in a residential, live-in setting which provides a 24/7 professionally directed therapeutic regimen. This service offers intensive, individualized treatment adhering to American Society of Addiction Medicine guidelines. Consumers must participate in services designed to support recovery from severe substance use disorders in addition to learning life skills, engaging in recreation and mutual support group involvement. In addition, ODMHSAS supports transitional community services to ensure those that have received care in our highest levels can successfully integrate into a life in the community and continue their recovery.

## Prevention Services | \$13,563,614

### Screening, Brief Intervention, and Referral to Treatment (SBIRT)

SBIRT is an effective, evidence-based approach to early intervention to treat individuals with or at risk of developing a substance use disorder. SBIRT can take place in any health care setting, with screening providing a quick assessment of the severity of substance use and identifying the appropriate level of care. This brief intervention allows providers to increase the individual's knowledge of the impact of substance use, providing motivation toward behavioral change with the referral, and providing access to necessary specialty care and treatment.

### Alcohol, Tobacco and Other Drug Use Prevention

ODMHSAS contracts with a network of local nonprofit, university, and tribal organizations to deliver prevention services based on community needs. The prevention network, called Regional Prevention Coordinators (RPC), partners with existing community coalitions (or develops new ones) in 17 geographic regions of the state, covering all 77 counties, to identify priority problems related to alcohol and other drug use in the community; develop a prevention plan; and implement prevention services.

The department funds and delivers comprehensive alcohol prevention programming that engages high schools throughout Oklahoma by implementing AlcoholEdu, an online underage drinking prevention course for high school students and their parents and supporting youth leadership chapters. In addition, all RPCs provide Responsible Beverage Sales and Service training in partnership with the Alcoholic Beverage Laws Enforcement (ABLE) Commission at no cost to servers, sellers and managers of licensed alcohol retail organizations and special event hosts. The department contracts with the ABLE Commission for local law enforcement training, alcohol mobilization support and enforcement activities in high-need areas.

## Prevention Services | \$13,563,614 (continued)

### Opioid Overdose Prevention

ODMHSAS is initiating a comprehensive effort to address the state's opioid crisis, implementing community outreach efforts, community-based prevention and access to targeted treatment services statewide. A statewide network of community-based treatment providers has expanded access to medication-assisted treatment with the specific aim of addressing opioid addiction. This initiative has involved:

- Media messaging.
- Education.
- Community events and prevention planning.
- Physician education opportunities.
- Partnership with the medical community.
- Distribution of naloxone through pharmacies and treatment locations.
- Training of law enforcement personnel from nearly 300 agencies to administer naloxone.
- Provision of free naloxone kits (over 8,000) for law enforcement agencies.
- Engagement of the state's medical schools and the broad-based partnership among state government, statewide professional organizations and a variety of community-based stakeholders.

Due in part to these efforts, the unintentional overdose death rate involving a prescription opioid decreased by 43% from 2007 to 2017. The opioid-prescribing rate in Oklahoma decreased by 29% from 2013 to 2017. Oklahoma was one of only 10 states to see a decrease in the rate of drug overdose deaths from 2016 to 2017.

## Prevention Services | \$13,563,614 (continued)

### Suicide Prevention and Mental Health Promotion Services

The ODMHSAS Office of Suicide Prevention implements services to reduce the impact of suicide in Oklahoma. Priority populations include (but are not limited to) young people, those receiving health care and mental health care services, and service members. Suicide prevention services include screening and treatment for suicidality, community skills training, anti-stigma education, crisis hotline services, school programs and postvention services.

The department coordinates the Mental Health First Aid (MHFA) program which teaches participants how to identify, understand and respond to signs of mental and substance use disorders. The training teaches skills to reach out and provide initial help and support to someone who may be developing a mental health or substance use problem or experiencing a crisis. MHFA improves the mental health of the individual administering care and the one receiving it, expands knowledge of mental illnesses and their treatments, and increases the services provided to those in need. MHFA is offered for risk identification among veteran, youth and adult populations.

**OKLAHOMA**  
University Hospitals  
Authority

## Randy Dowell Chief Executive Officer

The **University Hospitals Authority (UHA)** was created to operate the University Hospitals on the Oklahoma Health Center campus in Oklahoma City and ensure the hospitals support the teaching and research missions of the University of Oklahoma.

Founded in **1993**, the agency originally had over 4,000 state employees managing and operating the University Hospitals, Children's Hospital and associated clinics. Due to 1997 legislation, operations are now managed and governed through a joint operating agreement between the University Hospitals Trust (UHT) and OU Health, an Oklahoma not-for-profit entity.

As part of the joint operating agreement, OU Health is required to provide indigent care (uncompensated Medicaid, charity and Oklahoma Department of Corrections (ODOC) inmate care) in an amount equal to 120% of the subsidy from UHA. Hospital services are provided to corrections inmates free of charge. UHA manages no programs of its own and has zero employees. The CEO serves as an uncompensated member of the board.

UHA serves as a conduit for appropriations for OU Health, OUHSC, OHCA, Hearts for Hearing and the Oklahoma Dental Foundation. UHA is required to submit performance metrics for the contracts it administers. The board reviews these metrics annually.

# Agency Vision, Mission and Core Values

## **Vision:**

Serve as a component of the medical center of choice for Oklahomans; assist in the provision of health care workforce development and clinical niche specialties; and support the medical center as a major economic force.

## **Mission:**

Be a catalyst for medical excellence, support medical education and clinical research, and assure the best care available to all Oklahoma citizens regardless of means to pay, while growing essential alliances and maximizing utilization of state and federal resources.

## **Core Values:**

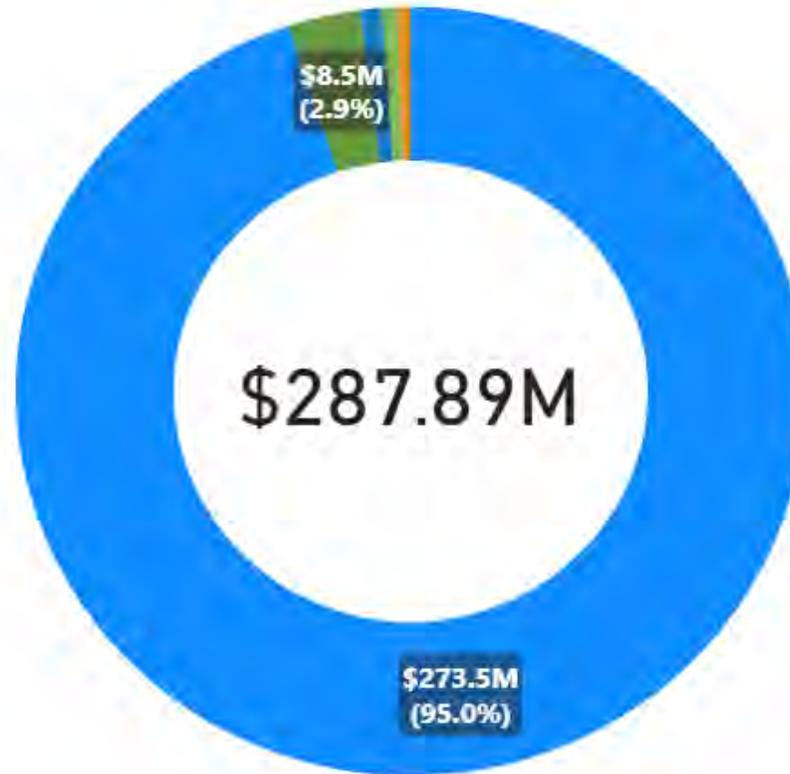

- Support strategic partners.
- Honesty and complete disclosure.
- Seek input from our partners and appropriate stakeholders.
- Foster creativity by rewarding new ideas and encouraging participation.
- Make a difference by investing the time and effort needed to succeed.

Fiscal Year	Legislated Appropriation (\$) (Includes supplementals and SRF/ARPA if applicable.)
FY 2022	\$86,591,554
FY 2023	\$239,629,632
FY 2024	\$245,817,437
FY 2025	\$256,199,437
FY 2026	\$249,267,437

*Note: The FY 2022 appropriation includes \$10 million in pass-through funding for an aerospace defense program at OU Norman. FY 2024 includes \$96 million to fund the indigent care statutory requirement and \$1.8 million in newborn screening funding. In FY 2025, UHA received \$300K in SRF/ARPA appropriations that were transferred from the Department of Commerce.*

UHA, along with its partners the University Hospitals Trust, OU Health, and the University of Oklahoma, are advancing healthcare on multiple fronts by constructing new state-of-the-art facilities, recruiting nationally renowned specialists, and training the healthcare workforce of the state.

In fall of 2026, UHA and its partners will open the most advanced pediatric behavioral health center in the country. In addition, construction has begun on a new facility in Tulsa to house an expansion of Stephenson Cancer Center, the state's only NIC designated cancer program. Finally, design work is underway for a new Pediatric Heart Center Facility that will be attached to Oklahoma Children's Hospital (OCH). The OCH's Children's Heart Center is currently ranked as one of only 9 "very high survival" programs in the country by US News.

In addition to bringing world class specialty providers to Oklahoma, UHA and its partners are dramatically growing Oklahoma's health care workforce. In the last five years, nursing enrollment has grown by ~500 students, residency positions have increased by ~100 residents, and class sizes have expanded within both the college of medicine and the college of dentistry.

These investments will provide benefits for generations to come, helping ensure that Oklahomans do not need to leave the state to access quality medical care.

## A STORY OF *Success*

### Addressing Oklahoma's pediatric mental health crisis:

#### Providing world-class pediatric facilities

- Expanded the Oklahoma Children's Hospital Emergency Department to include 10 new behavioral health safe rooms.
- Opening the most advanced pediatric behavioral health facility in the country by the end of 2026.

#### Recruiting nationally known pediatric providers

- National recruitment search for both physician providers and administrators.

#### Expanding the behavioral health workforce

- Created a nurse practitioner program specializing in behavioral health.
- Increased psychiatric residency program size.

## University Hospitals Authority | FY 2026 Budget | \$281,860,483

### Indigent Care | \$146,011,994

The University Hospitals Authority (UHA) is required by statute to provide indigent care, defined as Medicaid, self-pay and Oklahoma Department of Corrections (ODOC) inmate care. The joint operators are required to provide indigent care in an amount equal to 120% of the appropriation subsidy received by the UHA each year. UHA provides all complex ODOC inmate care including surgery, oncology and deliveries at no cost to ODOC. The agency uses the Teaching Hospital Reimbursement Payment (THRP) program to provide enhanced hospital reimbursement for indigent care provided at the Level 1 trauma center. THRP is a Medicaid upper payment limit supplement from the Oklahoma Health Care Authority (OHCA) that is only available to Level 1 trauma centers.

UHA provides the state share for the THRP payment from its appropriations and Level 1 trauma receipts from the Oklahoma State Department of Health. \$96 million in appropriated funds will be combined with approximately \$9 million of revolving funds to generate up to \$416 million for this purpose once Medicaid matching funds are received. The exact amount of matching dollars will depend on the ratio of Federal Medical Assistance Percentages (FMAP) approved by the federal government.

In addition to the THRP program, UHA is working to develop a pediatric behavioral health facility, a new Stephenson Cancer Center facility in Tulsa and provide support for capital projects like the updates to clinical spaces and the future pediatric heart facility at the Oklahoma Children's Hospital. Funding for Stephenson Cancer Center will be \$15 million while the other projects combined will total \$14 million in FY 2026. More than 65% of the patients seen at the Children's Hospital are enrolled in Medicaid. Across the entire OU Health system, the unreimbursed cost of indigent care during FY 2025 was more than \$147 million.

UHA also provides support for smaller programs such as the Child Abuse Assessment Program at Oklahoma Children's Hospital and the OU Health Child Study Center. UHA will provide \$550,000 and \$1.6 million respectively in FY 2026 in support for pediatricians, social workers, and other providers at Children's Hospital who are dedicated to working with children in these programs.

## **OUHSC/OU/OUH Services | \$53,104,926**

UHA provides funding to the University of Oklahoma and OU Health Sciences Center for a variety of programs as directed by the Legislature. Those programs include:

**Dean’s Graduate Medical Education:** This program supports the OUHSC College of Medicine residency program. OUHSC is the largest provider of graduate medical education (GME) in the State of Oklahoma. OUHSC trains more than 800 residents at any given time and provides specialty rotations for medical students in other non-OUHSC programs. This program is vital to training the physician workforce for the entire state. Dean’s GME is the largest program funded within the OUHSC services category at more than \$35.4 million in FY 2026. FY 2026 saw the reduction of \$2.1 million in appropriated funds for the psychiatric residency program. OUHSC had been able to increase psychiatry residency positions by four positions in FY 2025 with funding in that year.

**OUHSC Research Programs:** OU Health Sciences Center provides a variety of research opportunities that are partially funded by UHA. These programs total more than \$8.9 million in FY 2026 and encompass a range of medical topics that not only support the teaching and research mission of UHA but may also lead to medical discoveries that will improve care for future generations. In addition, smaller programs such as the Oklahoma Primary Health Care Extension Service are covered through these funds.

**OUHSC Nursing Program:** In FY 2026, UHA will provide \$1.9 million to the OUHSC College of Nursing to support the continued expansion of the nursing programs. OUHSC has the largest nursing program in the State of Oklahoma with almost 1,200 students enrolled and is vital to the efforts underway to expand the nursing workforce across the state.

## **OUHSC/OU/OUH Services | \$53,104,926 (continued)**

**Child Study Center (CSC):** UHA provides \$1 million to support the Department of Pediatrics' behavioral health and research studies related to children's issues. CSC serves more than 5,700 children and adolescents per year with more than 35 licensed clinicians at the master's, Ph.D. and M.D. level. In addition, training is provided to hundreds of students, residents, interns, postdoctoral residents and research associates.

**Poison Control Center Services:** The Oklahoma Center for Poison and Drug Information receives \$1.8 million to support their mission to provide appropriate information to individuals and guidance to physicians. This group handles more than 66,800 incoming and outgoing (follow-up) calls per year. In addition to saving lives, these services help ensure that individuals in need have good guidance on selecting the appropriate level of care for their circumstance.

## Higher Education and Research | \$53,000,000

UHA provides funding to the University of Oklahoma for a variety of programs as directed by the Legislature. Those programs include:

**OU Engineering/Biosciences:** UHA will pass-through \$5 million in funding in FY 2026 for OU's Engineering/Biosciences program. This program is intended to expand physical space for engineering and biosciences research and education at the University.

**OU Strategic Plan for Research and STEM Expansions:** UHA will pass-through \$40 million in funding in FY 2026 for OU to expand research outcomes at public Association of American Universities (AAU)-quality benchmarks through partnerships such as National Oceanic and Atmospheric Administration (NOAA)/National Weather Center (NWC) and Department of Defense (DOD). In addition, funding will be used to expand workforce-ready initiatives with an emphasis on STEM. This includes the support of the Polytechnic Institute in Tulsa. Innovative programs at the institute may include, but may not be limited to, telehealth, autonomous technology, electric vehicles, cybersecurity, advanced manufacturing and software engineering. Additional initiatives supported by these funds include expanding the support in research and development, with emphasis on radar, aerospace/defense, engineering and health.

**OU Legacy Capital Fund Repayment:** UHA will pass-through \$8 million in funding in FY 2026 for OU to use in repayment to the Oklahoma Legacy Capital Fund. The Legacy Capital Fund was established by the legislature to fund capital and infrastructure projects. The fund is managed by the Oklahoma Capital Improvement Authority.

## **Indigent Care ARPA | \$18,589,164**

UHA has been named by the Legislature as a subrecipient of federal ARPA dollars. No new projects were funded by the Legislature as part of the FY 2026 budget. The \$18 million budgeted for FY 2026 are the remaining funds from previous awards. This amount will be fully spent down in FY 2026. The total projects funded by the Legislature utilizing ARPA funds across multiple fiscal years are as follows:

**Oklahoma Children’s Hospital Behavioral Health Facility Funding and Emergency Department Expansion:** UHA, via UHT, is utilizing \$40.3 million in federal ARPA funds in combination with other funding sources to construct a state-of-the-art pediatric behavioral health facility adjacent to Oklahoma Children’s Hospital. This facility will have both inpatient and outpatient capabilities and will be designed to help address some of the most challenging needs for pediatric behavioral health that have been exacerbated by the COVID-19 pandemic. In addition, \$6.6 million in ARPA funding was used by UHT to expand the existing emergency department at Oklahoma Children’s Hospital to accommodate 10 new behavioral health safe rooms.

**Electronic Health Records System Funding:** UHA worked in partnership with OU Health as a subrecipient to use \$44 million in federal ARPA funds to complete the implementation of the OU Health Electronic Health Records system. The new system addresses the needs of patients and providers across the State of Oklahoma to access health records and telehealth opportunities within the OU Health system.

**Stephenson Cancer Center (SCC) Expansion Funding:** UHA is working with SCC leadership to utilize \$20 million in federal ARPA funds to expand access to SCC’s lifesaving clinical trials and cutting-edge research to individuals throughout northeast Oklahoma.

**Expansion of Mobile Dental Services:** UHA is working with the Oklahoma Dental Foundation as a subrecipient to utilize approximately \$5.5 million in federal ARPA funds to improve dental health throughout Oklahoma through mobile dental units.

## **OHCA Services | \$4,718,002**

UHA provides the state share to Oklahoma Health Care Authority for various purposes. Every teaching hospital in the state benefits from the Hospital Graduate Medical Education (GME) program. In addition, UHA provides state share to increase Medicaid reimbursement rates for medi-flight and Level 1 trauma services.

## **Audiology and Speech Pathology Services | \$4,395,867**

The Hearts for Hearing program provides hearing and educational services to children from all 77 Oklahoma counties. It provides services for diagnosis and management of children with significant hearing loss from birth through age 18. It provides the first appropriately fit hearing aids, including remote microphone technology for every newly identified child with significant hearing loss under the age of 10 years, 11 months.

Auditory-verbal therapy is provided by speech-language pathologists with specialized skills to babies and children with significant hearing loss at sites in Oklahoma City, Tulsa and other counties through tele-intervention. The program sees on average more than 1,650 pediatric patients per month as well as an additional 2,600 newborn babies that are screened each month and ensures that families do not pay any out-of-pocket expenses for those appointments.

## **Mobile Dental Services | \$75,000**

The Oklahoma Dental Foundation's mobile dental unit provides dental services to those in need across Oklahoma. The service is made possible through a partnership with the OU College of Dentistry. The program provides dental students with the opportunity to perform supervised dental work to individuals in need. During a typical year, this program will serve more than 2,000 individuals across the state.

## AGENCY ACCOMPLISHMENTS

- Continued progress on construction of the Oklahoma Children's Hospital Behavioral Health Center, with an expected completion date of September 2026.
- Increased access to specialty care for Oklahomans through increased inpatient and outpatient volume at OU Health.
- Boosted the number of physicians and nurses in Oklahoma through increased residency program positions, improved retention rates at OU Health and the University of Oklahoma College of Medicine, and increased nursing enrollment at University of Oklahoma College of Nursing.
- Broke ground on the Stephenson Cancer Center (SCC) in Tulsa, which will allow greater access to life-saving treatments in northeastern Oklahoma.
- Hired an architecture firm to produce design documents for a pediatric heart center that will be attached to Oklahoma Children's Hospital.

## AGENCY GOALS

- Improve access to care by advancing construction of a new pediatric behavioral health facility, and cancer facility in Tulsa.
- Increase patient satisfaction as measured by the Overall Patient Experience Score from 64% in FY 2025 to 65% in FY 2026.
- Enhance the quality and availability of specialty health care by increasing inpatient admissions from 42,587 in FY 2025 to 44,471 in FY 2026 and boosting outpatient visits from 887,097 in FY 2025 to 913,710 in FY 2026.
- Expand the number of residents and fellows from 847 in FY 2025 to 858 in FY 2026 and increase nursing students from 1,196 in FY 2025 to 1,235 in FY 2026.
- Improve access to evidence-based care by pursuing additional federal and National Institutes of Health funding.
- Select and contract an architectural and construction management firm to design and build a pediatric heart hospital attached to OK Children's Hospital.

## Department of Veterans Affairs | FY 2026 Budget | \$215,984,375

### State Veterans Homes | \$184,960,744

The Oklahoma Department of Veterans Affairs (ODVA) operates seven State Veterans Homes located in Claremore, Ardmore, Clinton, Norman, Sulphur, Sallisaw, and Lawton, providing 24-hour skilled nursing and long-term care services to eligible Oklahoma veterans across a total licensed capacity of 1,423 beds. Approximately 150 beds are currently unable to be utilized due to infrastructure-related needs and facility challenges.

### Capital | \$16,182,186

#### Capital Lease

In 2018, the Oklahoma Legislature approved HB 3042, which authorized the agency to issue up to \$35 million in bonds for construction of a new State Veterans Home. In 2019, the Oklahoma Legislature approved SB 1070, which authorized ODVA to replace the Ardmore State Veterans Home and further authorized ODVA to utilize the \$35 million bond issue to fund construction of the new facility.

#### Capital Renovations

The agency performs a yearly evaluation of maintenance and modernization needs of the seven Veterans Homes and prioritizes maintenance, improvements, modernizations and renovations according to need and funds.

#### Homes and Systemwide Capital Improvement

The agency has submitted a grant application to the USDVA for federal funding for projects at several of the Veterans Homes.

## **Veterans Services | \$3,914,460**

The Veteran Services Division offers extensive support across Oklahoma for veterans and their families through skilled benefits advocacy, specialized programs, and workforce development efforts. Oklahoma consistently ranks among the top ten states in the nation on veterans' claims performance and service outcomes. In 2025, the program helped veterans obtain over \$100 million in compensation and pension benefits, and attracting significant federal funding to Oklahoma and positively influencing the state's economy.

### **Claims and Benefits**

Through the Claims and Benefits program, VA-accredited Veteran Service Officers provide expert representation to assist veterans in obtaining both state and federal benefits. The Women Veterans Program focuses on delivering tailored claims assistance, mentorship, and peer-based community involvement to meet the distinctive needs of women veterans.

### **Employment Coordination**

Oklahoma VetWorks facilitates connections between veterans and opportunities for employment, career development, and entrepreneurship, thereby enhancing individual stability and contributing to the state's workforce.

## **State Approving Authority | \$600,487**

The State Approving Authority approves education and training establishments for veterans training in the State of Oklahoma and approves veterans for on-the-job training and apprenticeship programs. SAA administers the seven federal GI Bills and is 100% federally funded. ODVA assumed operations of the functions of the SAA effective July 1, 2019.

## **Memorial Affairs | \$741,828**

Memorial Affairs provides leadership and oversight for the state's veterans cemeteries and memorial programs, ensuring dignified burial services, perpetual care, and high-quality support to veterans and their families statewide. The program directs eligibility determinations, scheduling of services, committal honors, flag requests, and marker orders as well as ensuring daily cemetery operations meet or exceed National Shrine Standards. In FY 2026, Seaman First Class Billy Turner Veterans Cemetery received the Stewardship Award for operational excellence from the National Cemetery Administration.

## AGENCY ACCOMPLISHMENTS

- Launched a seventh state-operated Veterans Home in Sallisaw, creating over 100 well-paying jobs.
- Established the Oklahoma Veterans Foundation.
- Achieved a top 25 national ranking in major claims categories while assisting more than 43,000 veterans and their families.
- Enhanced the stability of the patient care workforce by transitioning contract roles to state employee positions and raising compensation by an average of 10%-12%.
- Improved operational efficiency and response times by centralizing essential support functions.
- Recognized as the 9th “most veteran-friendly” state in the country by SmileHub.

## AGENCY GOALS

- Enhance efficiency by utilizing a pro re nata (as-needed) staffing model and seasonal workers to replace contracted care positions.
- Improve outreach, engagement, and access to benefits for veterans in Oklahoma by decreasing the number of “untethered” veterans (those not receiving federal benefits) by 16%.
- Optimize the capacity of Oklahoma Veteran Homes through upgrading outdated infrastructure, which currently restricts resident capacity with approximately 180 beds out of service due to deferred maintenance.

## **ABLE Commission | FY 2026 Budget | \$8,356,529**

### **Enforcement and Administrative Services | \$6,609,190**

The Enforcement program is tasked with ensuring ABLE Commission licensees comply with the Oklahoma Alcoholic Beverage Control Act. This is accomplished through regular inspections and investigations of complaints alleging law violations. Priority enforcement is directed toward the elimination of access to alcoholic beverages and tobacco products for persons under 21 years of age.

The Education and Training Unit conducts and manages enforcement, education and training to reduce the dangers of underage drinking and the over-service of alcoholic beverages. This includes alcohol compliance checks, bar checks, law enforcement training programs, community events, and the FDA's tobacco and vape enforcement programs. Agents are assigned to ensure businesses are not selling tobacco and vape products to minors and are following other federal tobacco regulations. This unit manages ABLE Commission-approved employee training programs, the vapor product registration program, and emergency management duties.

Trade Practices investigates violations of statutes and regulations for the manufacturing and distribution tiers of the alcohol industry. Staff issue alcohol licenses for charitable, public and special events.

### **Licensing | \$925,939**

The Licensing Division processes new, renewal, and change applications for all entities required to obtain a license in accordance with Oklahoma State Statutes; ensures that the licenses are issued in a timely fashion; and establishes and maintains the paper and computerized master files.

### **Information Services | \$821,400**

Information technology services are available to clients to apply for licenses online and issue reports electronically to federal, state and local agencies, as well as to the public at large.

## AGENCY ACCOMPLISHMENTS

- Expanded the licensing team to better serve ABLE customers.
- Initiated a complex review of the licensing platform to identify significant upgrades that will result in more efficient workflows.
- Implemented a new case management system.
- Hired legal personnel to assist with case management, open records tracking and processing, brief writing, and processing tobacco citations.
- Continued to build and strengthen partnerships with other law enforcement agencies to include the FBI, the U.S Postal Inspection Service, and U.S. Food and Drug Administration.

## AGENCY GOALS

- Implement new security upgrades to the headquarters building.
- Continue to add improvements to the licensing platform to make it more efficient and user-friendly.
- Expand public education and awareness.
- Digitize agency historical documents and licenses to allow space to create secured central property evidence storage.
- Continue to build relationships with both law enforcement and business partners across the state.

# OKLAHOMA Aerospace & Aeronautics

## Grayson Ardies Executive Director

The **Oklahoma Department of Aerospace and Aeronautics** supports, promotes and advocates for the state's second-largest industry, aviation and aerospace. This includes providing funding, planning, programming and engineering expertise for Oklahoma's airports and aviation infrastructure and helping ensure the viability of the aerospace industry. The agency administers and coordinates a statewide system of airports, cooperating with and assisting local, state and federal authorities to develop aviation infrastructure and facilities. The agency acts as the central resource point in state government for the Unmanned and Advanced Air Mobility sector and fosters the success of the state's aerospace industry.

The Department administers an aerospace and aviation education grant program to help the industry with their workforce challenges by introducing Oklahoma students to industry-related STEM careers. The Department also partners with Oklahoma's Department of Commerce to deliver the ACES program which seeks to grow and develop the aviation and aerospace industry.

Founded originally in 1946 as the Aviation Commission and reorganized as the Aeronautics Commission in 1963, this agency now encompasses the following divisions:

- Administration/Operations.
- Airport Development.
- Aerospace and Aviation Education.
- Uncrewed Aerial Systems/Advanced Air Mobility (UAS/AAM).

# Agency Vision, Mission and Core Values

## **Vision:**

To be an efficient, innovative, customer-driven organization working collaboratively to provide safe, modernized, integrated and sustainable transportation options throughout Oklahoma.

## **Mission:**

To promote aviation and aerospace, which includes ensuring the needs of commerce and communities across the state are met by the state's 108 public airports that comprise the Oklahoma Airport System, to foster the growth of the aerospace industry, and to help ensure the workforce needs of the aerospace industry are addressed by educating and making Oklahomans aware of the job opportunities that are available.

## **Core Values:**

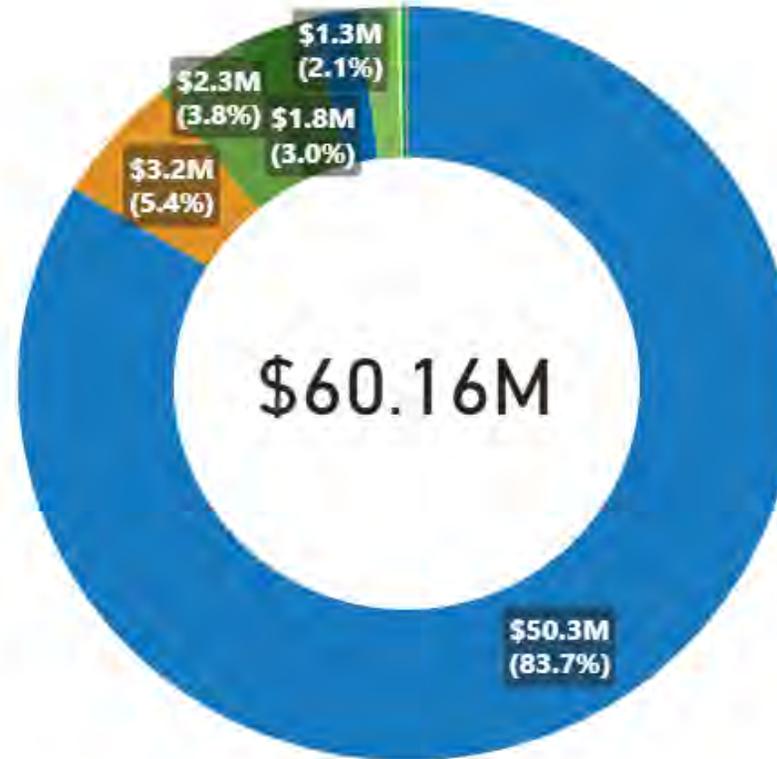

We value our people for individual and team contributions, empowering them to make decisions through productive partnerships. We are accountable for meeting the transportation needs of citizens, business and industry in the safest, most proficient manner possible.

## Department of Aerospace and Aeronautics | FY 2026 Budget | \$150,710,943

### Aerospace and Aviation Education | \$2,233,874

The Department administers a statewide Aerospace and Aviation Education grant program for Oklahoma schools and private entities which conduct programs related to aviation and aerospace. The agency provides program funds of approximately \$450,000 annually to programs statewide aimed at exposing more Oklahoma young people to STEM (science, technology, engineering and math) and careers in the aviation and aerospace industry to address the skills gap and connect students to programs that will help build Oklahoma's aerospace and aviation workforce.

### Airport Assistance | \$141,683,309

The Department assists with the development of a statewide system of airports through infrastructure investments, encourages aeronautical safety and development, and coordinates activities with the Federal Aviation Administration (FAA) to develop a national system of civil aviation. The bulk of this program consists of the Department's five-year Airport Construction Program (ACP), which sets forth the airport development projects that will be done in the state system of 108 publicly-owned airports over a five-year period. The ACP also sets forth how those projects will be funded using federal, state and/or local funds, and the percentages from each source. Budget amount also includes the Engine Test Cell Program, which offers financial assistance to private or public entities to expand aircraft engine testing capabilities and infrastructure.

### Advanced Air Mobility | \$3,081,505

The Department's UAS/AAM program is focused on building a statewide infrastructure to support the testing and usage of emerging technologies. The program is also responsible for developing the statewide advanced air mobility strategic plan that will serve as the state's road map for adopting these new technologies and position the state to become a leader in the UAS/AAM industry.

## AGENCY ACCOMPLISHMENTS

- Advocated for and successfully passed legislation that expands the Oklahoma Aircraft Engine Testing Development Grant Program to include rocket engines and extend the aerospace engineer tax credit.
- Retained the state's #1 ranking for number of schools teaching the AOPA high school curriculum with 149.
- Completed several notable construction projects: terminals at Mid-America, Miami, McAlester, Elk City, and Woodward; Blackwell-Tonkawa runway widening and rehabilitation; Bartlesville Municipal and Duncan Halliburton Field taxiway development areas; hangars at OKC Will Rogers, Okemah, OU Max Westheimer, Ardmore Municipal, Woodward, Claremore, Weatherford, and others; Fuel systems at Alva, Broken Bow, Claremore, CE Page, Hooker, and Goldsby.
- Broke ground on the following projects: OU Max Westheimer air traffic control tower; Stroud Municipal runway widening and extension; Pauls Valley runway reconstruction; Sallisaw runway rehabilitation; South Grand Lake Regional terminal building, hangar and parallel taxiway; Terminals at Ardmore Downtown and El Reno; Hangars at Guymon, Boise City, Clinton, Fairview, Tahlequah, and Thomas.

## AGENCY GOALS

- Develop a statewide airport system.
- Increase the overall workforce for the aviation and aerospace industry.
- Ensure each airport is operating in a safe, efficient and business-friendly manner while meeting FAA and commission standards.
- Sustain existing airport pavement infrastructure while strategically investing in new pavement and increasing the overall pavement condition on a systemwide basis.
- Identify and invest in new airport infrastructure to support additional aviation business potential and based aircraft activity within the state's airport system.
- Increase the general public's awareness of the benefits and opportunities afforded to the state's economic health due to the aviation and aerospace industry.
- Assist local communities/businesses with adopting and utilizing UAS/AAM technology while investing in necessary radar and detection infrastructure to assist with integration responsibilities.

## Office of the Attorney General | FY 2026 Budget | \$175,508,259

### General Operations | \$61,097,994

This program is primarily responsible for the overall management of the Office of the Attorney General and establishes agency direction in reaching out to Oklahoma citizens. Administration sets the agency's mission and goals, and the performance measures needed to achieve them. This program houses the centralized functions that are essential to agency success, including finance and administration, accounting, file clerks, receptionist, information systems, building maintenance, and senior management.

Administration also includes General Counsel to the Attorney General, who advises the attorney general and senior administration officials on policy and legal matters and oversees the Attorney General Opinion process, Open Records Act request process, and ballot title review. This program administers over \$55 million in grant programs and pass-through funding for Justice Reinvestment Grants, Opioid Abatement Grants, and Law Enforcement Grants throughout the state of Oklahoma.

### ***Justice Reinvestment Grant***

Implements the Justice Reinvestment Grant Program required by 74 O.S. § 20k. The Office of the Attorney General developed and currently maintains a grant program for local law enforcement. The program enables local law enforcement agencies in Oklahoma to provide funding for new initiatives and strategies to combat violent crime in their community. Under this statute, law enforcement agencies can utilize funds for local initiatives, technical assistance, law enforcement training, law enforcement equipment, crime victim services, contractual support, and information systems for criminal justice purposes.

**Criminal Justice | \$11,288,752 (continued)**

## ***Multi-County Grand Jury***

The Multi-County Grand Jury Unit serves as the legal advisor to the Multi-County Grand Jury. This unit investigates cases and collaborates with district attorneys throughout Oklahoma on investigations brought before the Multi-County Grand Jury. The unit can also serve as the legal advisor for county grand juries in such cases where the district attorney has recused. The unit investigates and acts upon Title 51 citizen complaints, as well as the review and presentation of wiretap applications to the Oklahoma Court of Criminal Appeals. The unit organizes and hosts quarterly Human Trafficking Working Group meetings for law enforcement entities statewide as well as representing the State Medical Examiner in 22 O.S. § 751 hearings. Finally, the Multi-County Grand Jury works collaboratively with the Internet Crimes Against Children Unit to prosecute crimes against children.

## ***Social Security Fraud***

The Social Security Disability Unit investigates cases involving fraudulent use or obtaining of social security disability. It investigates individuals who commit fraudulent acts regarding their Social Security Disability payments. The Social Security Disability Unit works with federal law enforcement in the investigation and prosecution of these cases.

# Program Details

---

## **Fraud Prevention and Prosecution | \$6,363,990**

The Medicaid Fraud Control Unit investigates and prosecutes fraud, waste, and abuse in the Medicaid program and investigates and prosecutes abuse, neglect, exploitation, and drug diversion in board and health care facilities.

The Workers' Compensation and Insurance Fraud Unit investigates and prosecutes fraud committed by claimants, doctors, attorneys and/or insurance companies throughout the state. The unit also provides education and training about workers' compensation and insurance fraud.

## **Legal Services | \$4,187,060**

Legal Counsel assists over 100 state officials, agencies, boards, divisions, and commissions, acting in over 125 distinct roles, by providing objective, responsive legal counsel, using comprehensive and specialized expertise. In addition, Legal Counsel reviews all bond issues on behalf of the Oklahoma Attorney General, as an Ex Officio Bond Commissioner for the State of Oklahoma, to ensure they follow the Constitution and the laws of the State of Oklahoma. Legal Counsel also reviews and approves interlocal cooperation agreements that permit two or more public agencies to finance and undertake cooperative projects. Interlocal cooperation agreements are submitted to the Office of the Attorney General.

## Legal Services | \$4,187,060 (continued)

### *Legal Aid Services*

This unit administers appropriated pass-through funds to provide legal representation to indigent persons in Oklahoma in civil legal matters.

### *Court Appointed Special Advocate*

This program, through its executive and finance divisions, provides administrative direction, supervision and support to the agency and all agency staff as well as the administration of agency contracts. The program ensures that all agency programs operate efficiently and cost-effectively and that the state's constitutional mandates are met.

## Litigation | \$4,416,630

The primary purpose of the Litigation Unit is to defend the state, its agencies, officers and employees in lawsuits filed against them in all state and federal courts. Regarding officers and employees, the Litigation Unit defends individuals who have been sued for performing acts in the course and scope of their employment, which includes lawsuits ranging from car accidents to class actions. In addition, the unit sues on behalf of agencies in faulty construction, property damage and collection cases. The Litigation Unit provides quality legal representation to all clients.

# Program Details

---

Public Protection | \$56,106,552

## ***Civil Rights Enforcement***

The Office of Civil Rights Enforcement is dedicated to enforcing Oklahoma's anti-discrimination laws, providing educational resources and partnering with the public to positively and proactively advance the cause of civil rights for the equal benefit and enjoyment of all Oklahomans.

## ***Consumer Protection***

The Attorney General's Consumer Protection Unit (CPU) enforces several statutes that protect Oklahoma consumers from unfair and deceptive trade practices, anti-competitive conduct, price-gouging during declarations of emergency, and unlawful telemarketing and charitable solicitation practices. CPU receives consumer complaints regarding deceptive business conduct and attempts to mediate a resolution between the consumer and the business. When necessary, CPU conducts both civil and criminal investigations and files civil litigation for statutory violations or criminal charges for crimes relating to fraud and scams. CPU attorneys, investigators, and support staff also participate in community outreach and education programs on topics ranging from imposter scams and cyber threats to fraud avoidance in the wake of weather-related disasters. In doing so, CPU often partners with other state and federal agencies to directly engage with consumers and provide informational materials regarding the dangers of consumer fraud. At any given time, CPU manages thousands of consumer complaints and hundreds of cases and returns hundreds of thousands, and in some years millions, of dollars to consumers and to the State of Oklahoma.

## **Public Protection | \$56,106,552 (continued)**

### ***Tobacco Enforcement***

The Tobacco Enforcement Unit is charged with enforcing the Oklahoma Prevention of Youth Access to Tobacco Act, which requires cigarette manufacturers selling to Oklahomans, either directly or indirectly through an intermediary, to become a Participating Manufacturer or make annual payments into an escrow account as a Non-Participating Manufacturer.

As part of the Oklahoma Master Settlement Agreement Complementary, the unit also publishes a directory of cigarette and roll-your-own tobacco products that are approved to be stamped, sold, offered for sale, possessed for sale, or imported for personal consumption within the State of Oklahoma. Any brand family not listed in this directory, except those bearing a tax-free stamp pursuant to 68 O.S. § 349.1(C), are considered contraband and subject to seizure and forfeiture.

### ***Utilities Regulation***

The Utilities Regulation Unit represents the interests of Oklahoma's utility customers in energy, telecommunications and water utility rate-related matters in state and federal courts, as well as in regulatory proceedings primarily before the Oklahoma Corporation Commission. The unit's attorneys and analysts are involved in complex regulatory enforcement investigations and litigation to protect the public interest. Through its Consumer Protection Unit, the Office of the Attorney General is committed to ensuring a safe and fair marketplace in Oklahoma.

### ***Conservation***

The Conservation Unit protects the people and the environment of Oklahoma by providing legal counsel and guidance to state offices and agencies and by participating in litigation on behalf of the state. The Conservation Unit serves as general counsel to the Environmental Quality Board and provides legal assistance to the Secretary of Energy and Environment, the state's natural resources trustee.

## **Public Protection | \$56,106,552 (continued)**

### ***Pharmacy Benefits Manager***

As a result of HB 1843 (2023), the Attorney General is standing up a new unit to enforce provisions of the Patient's Right to Pharmacy Choice Act as it relates to Pharmacy Benefit Managers (PBMs). Oklahoma will aggressively pursue PBMs who seek to harm its citizens and local pharmacies by subverting state law.

### **Office of Solicitor General | \$2,335,496**

The Office of Solicitor General represents the State of Oklahoma in defense of the constitutionality of state laws and appeals on these and other issues of public importance at the highest level. This includes serving as the state's primary litigator in front of the Oklahoma Supreme Court and the United States Supreme Courts. The Solicitor General plays a key role in representing the state on the national stage, engaging in interactions with and litigation against the federal government and other states.

### ***Reserved Powers Protection***

The Reserved Powers Protection Unit (RPPU) was created in 2021 by Oklahoma House Bill 1236. The RPPU monitors and evaluates any action by the federal government to determine if such actions violate the 10th Amendment to the Constitution of the United States.

The State Reserved Powers Protection Unit protects the interests of the state and its citizens against federal overreach as necessary and may appear at the request of the Governor and/or the Legislature. RPPU activity has included challenging federal action on surface coal mining in Oklahoma and horse racing regulation. The unit also worked on cases involving energy regulation, education, immigration, taxation, and environmental regulations.

## **Victims Advocacy and Services Unit | \$22,147,090**

The Victim Advocacy and Services Unit supports crime victims and their families by providing information, connection to local services, and direct assistance throughout the criminal process. Oklahoma Attorney General Gentner Drummond is committed to ensuring victims know their rights and are treated with the utmost respect.

The unit also provides grant funding to prevent family, domestic, and dating violence. It seeks to provide immediate shelter, supportive services, and access to community-based and culturally specific programs for victims and their dependents, with specialized services for children and underserved populations.

## **Criminal Appeals | \$4,814,694**

The primary purpose of the Criminal Appeals Unit is to preserve the convictions of the guilty and to ensure the punishments rendered by trial courts and juries are carried out. The Criminal Appeals Unit accomplishes this purpose by filing quality briefs and responses in the courts and providing oral arguments of the highest caliber to claims seeking reversal of convictions in state and federal courts. Criminal Appeals also accomplishes this goal in its representation of the state when clemency is sought by a capital inmate.

## AGENCY ACCOMPLISHMENTS

- Expanded the use of the Organized Crime Task Force and conducted 73 operations, resulting in the seizure of 329,075 marijuana plants, 152,612 pounds of processed marijuana, and 26,520 pounds of THC concentrate.
- The Pharmacy Benefits Manager Unit secured a \$32.1 million settlement for the state's health plan.
- Apprehended 16 fugitives through use of the Ten Most Wanted list.
- Enforced the provisions of HB 2163, creating the Public Access Counselor (PAC) unit. In the first six months, the PAC received 83 complaints, successfully resolving 55 to date.
- Prosecuted and found guilty 23 defendants for violating consumer protection laws, resulting in \$3.6 million in restitution to victims.

## AGENCY GOALS

- Prosecute those that have been indicted as part of organized crime rings including illegal marijuana, human trafficking, organized retail crime, and robbery.
- Continue to aggressively enforce the Patients Right to Pharmacy Choice Act by holding Pharmacy Benefit Managers accountable.
- Increase the number of Attorney General opinions completed over last year.
- Scale the Human Trafficking database to include a tip hotline and referrals section.
- Enforce the Patient's Right to Pharmacy Choice Act by holding Pharmacy Benefit Managers accountable.
- Continue to provide quality, cost-effective legal counsel to more than one hundred agencies, boards, and commissions.

The Investigative Services Division conducts criminal investigations and provides investigative support primarily by request of statutory requestors. Investigations include but are not limited to:

- Major violent crime investigations.
- Unsolved crime/serial crime investigations.
- Public corruption and white-collar crime.
- Officer-involved shooting investigations.
- Crime scene investigations.
- Threats against public officials.
- Major theft investigations.
- Computer crimes and internet crimes against children.

The Investigative Services Division is divided into seven regions: the Northwest Region, the North Central Region, the Northeast Region, the Southeast Region, the South-Central Region, and the Southwest Region with offices in Woodward, Stillwater, Tulsa, McAlester, Oklahoma City, and Duncan, respectively. The Oklahoma Information Fusion Center (OIFC), the Crimes Information Unit (CIU), and the Communications Unit provide investigative support. The Special Investigations Region is comprised of statewide units including:

- Crimes Information Unit (CIU).
- Sexual Victim's Unit (SVU).
- Cold Case Unit (CCU).

## AGENCY ACCOMPLISHMENTS

- Continued the OSBI citizens academies and held legislative academies for the House and Senate.
- Administered the Alaunna Raffield Scholarship that allowed officers to attend the OSBI Investigative Academy, Major Crimes Conference, and other OSBI-sponsored training.
- The 2025 OSBI Agents Academy achieved the largest class size ever conducted, including partner agencies.
- Conducted monthly stakeholder meetings with criminal justice, community, and judicial stakeholders to facilitate effective Clean Slate Law implementation.
- Opened the first Rapid DNA Workspace at the Forensic Science Center in January 2025.

## AGENCY GOALS

- Complete 100% of pending in-house cases from Sexual Assault Kits and receive any pending kits from outsourced labs.
- Continue the Missing and Unidentified Human Remains Grant Award in partnership with Office of the Chief Medical Examiner. \$1 million has been received thus far.
- Expand Rapid DNA Program to four to six additional regional workspaces in addition to the Forensic Science Center, Tahlequah and Enid Police Department.
- Replace or upgrade critical infrastructure systems at the Forensic Science Center.
- Update and develop standard operating procedures for all major functions in OSBI support services.

**OKLAHOMA**  
Bureau of Narcotics &  
Dangerous Drugs Control

## Donnie Anderson Director

The **Oklahoma Bureau of Narcotics and Dangerous Drugs Control (OBNDCC)** serves as the agency responsible for drug enforcement in Oklahoma.

Founded in **1975**, the primary responsibilities of OBNDCC are to enforce the Uniform Controlled Dangerous Substance Act (63 O.S.); train state and local law enforcement; provide leadership, logistical, and tactical support to local, state, and federal law enforcement; and compile drug-related statistics. The agency is also tasked with investigating and reducing human trafficking and money laundering.

OBNDCC oversees multiple programs including Medical Marijuana Enforcement Teams, Prescription Monitoring Program, Registration, Methamphetamine Registry, Rx Take Back Program, Interdiction Unit, and Drug Education Awareness.

The agency oversees the federally funded Anti-Methamphetamine Task Force and the Anti-Opioid/Heroin Task Force. OBNDCC works with the Texoma High-Intensity Drug Trafficking Areas to administer the deconfliction program and implement the Overdose Detection Mapping Application Program.

# Agency Vision, Mission and Core Values

## **Vision:**

Protect and serve Oklahomans by enhancing proactive investigative and enforcement techniques, conducting educational and demand reduction activities, providing oversight for regulatory functions, and maintaining partnerships with key stakeholders.

## **Mission:**

Committed to honor, integrity, and excellence, the Oklahoma Bureau of Narcotics will serve the citizens of Oklahoma in the quest for a drug-free state.

## **Core Values:**

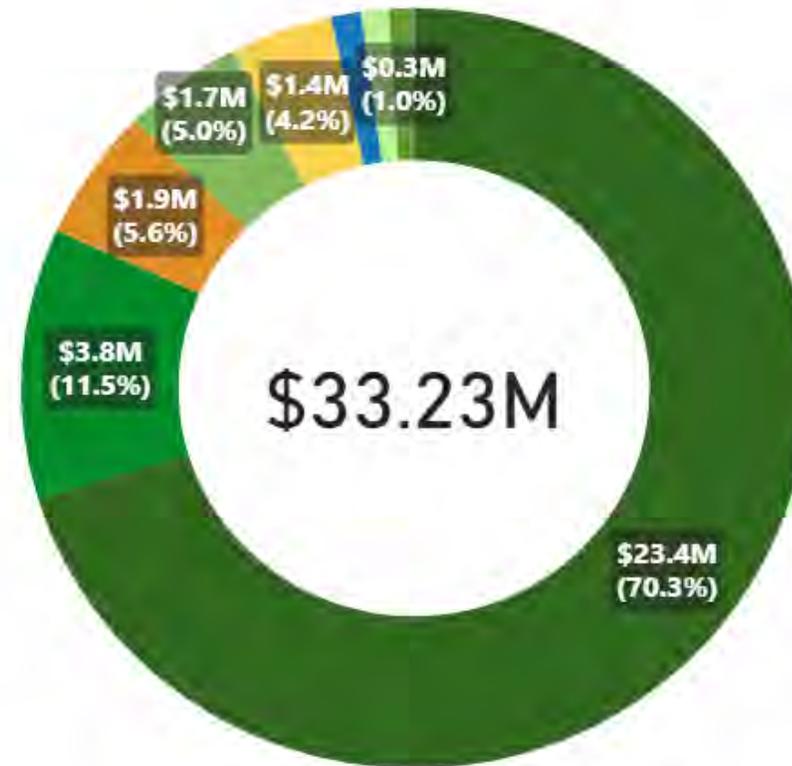

Employees of the Oklahoma Bureau of Narcotics and Dangerous Drugs Control, regardless of title or position, embrace the following values: honesty, integrity, commitment, courage, loyalty, and honor.

# Appropriation History

Fiscal Year	Legislated Appropriation (\$) (Includes supplementals or SRF/ARPA if applicable.)
FY 2022	\$3,145,330
FY 2023	\$8,445,330
FY 2024	\$3,145,330
FY 2025	\$3,145,330
FY 2026	\$3,082,424

Note: The agency received a \$5.3 million appropriation in FY 2023 to enhance marijuana enforcement teams.

The K9 Interdiction Unit is a dedicated team of law enforcement officers and their canine partners – including Outlaw, Kaos, and Xena – focused on disrupting drug trafficking and other criminal activity on Oklahoma's roadways.

In 2025, the Unit's tireless work on Oklahoma's highways drew nationwide attention, culminating in its selection as the National Criminal Enforcement Association's Highway Team of the Year. The Unit's performance statistics placed OBN first in the nation for seizures of marijuana, ecstasy, and drug proceeds, second for fentanyl seizures, and fourth for methamphetamine seizures, underscoring the Unit's effectiveness in combating the most dangerous drugs threatening communities today.

These efforts also led to 79 arrests, the apprehension of two individuals on the International Terrorism Federal Watch List, and the safe recovery of two endangered children kidnapped from Kansas. Together, these outcomes tell a powerful story of a highly trained team whose dedication is saving lives and strengthening public safety well beyond Oklahoma's borders.

A STORY OF  
*Success*

In just one year, K9 Interdiction seized:

- More than \$3.28 million in illicit drug proceeds.
- 5,532 pounds of marijuana.
- 282 pounds of methamphetamine.
- 634 pounds of cocaine.
- 79 pounds of fentanyl.
- 5 pounds of heroin.

## Bureau of Narcotics and Dangerous Drugs Control | FY 2026 Budget | \$50,426,140

### Enforcement | \$16,516,481

Enforcement includes the Oklahoma City headquarters, seven district offices, and four regional offices. This program enforces state and federal drug laws through undercover narcotics operations (ranging from small buys to large multi-defendant conspiracies), meth lab investigations, electronic surveillance investigations, wiretap investigations, and money laundering investigations related to drug activities.

Enforcement is also responsible for overseeing the Anti-Methamphetamine Task Force, Anti-Heroin Task Force, Interdiction Unit, Marijuana Enforcement Teams, and Money Laundering and Intelligence Unit. Enforcement provides much-needed manpower, information sharing, and equipment support to local, state, tribal, and federal law enforcement partners across the state. Also coordinated by the Enforcement Division is the Marijuana Eradication Program and the High-Intensity Drug Trafficking Areas Program.

The Marijuana Eradication Program works to eradicate and suppress illegally cultivated marijuana. Federal funds are used to fund training courses, interdiction emphasis, paid overtime on marijuana eradication operations, and other necessary supplies and equipment.

The High Intensity Drug Trafficking Area (HIDTA) Program is a joint effort between local, state and federal law enforcement agencies to assess regional drug threats, develop and implement strategies and initiatives to disrupt and dismantle drug trafficking organizations. As one of many partners in this program, the OBNDDC is the Deconfliction Center for the Oklahoma Initiative. The Deconfliction Center is a centralized support system that provides officer safety and information sharing among agencies.

## **Human Trafficking and Money Laundering | \$2,578,339**

The Human Trafficking and Money Laundering division identifies domestic and international persons and/or organizations that traffic victims into prostitution and other forms of commercial sexual exploitation or forced labor and situations of debt bondage. These efforts lead to the arrest of violators and the rescue and recovery of victims of human trafficking. Money laundering investigations include analyzing a money-laundering nexus related to drug and/or human trafficking.

## **Diversion | \$3,371,356**

The Diversion division investigates cases in which legally manufactured and distributed pharmaceutical controlled substances are diverted into an illegal market; coordinates the Prescription Take Back Program and Prescription Monitoring programs; oversees the registration program which regulates registration and control of manufacturing, distribution, dispensing, prescribing, administering, or use for scientific purposes of controlled dangerous substances within this state.

## **General Operations | \$8,326,951**

The General Operations division encompasses agencywide departments such as facilities, professional standards, weapons, evidence funds, drug education programs, small unmanned aircraft systems, training, and motor vehicles. The agency oversees the ACISS Systems Case Management software program which is shared with the Oklahoma State Bureau of Investigation, the PowerDMS document management system utilized by OBNDCC personnel, and all internal investigations and accreditation-related activities.

## AGENCY ACCOMPLISHMENTS

- Seized over 2,204,511 marijuana plants and 214,827 pounds of processed marijuana products intended for illegal trafficking and distribution in the State of Oklahoma.
- Enhanced training capabilities through key strategic hires.
  - The addition of a full-time armorer/firearms instructor bolstered the division's expertise in firearms maintenance and tactical training.
  - The agency recruited a nationally recognized K-9 team trainer to provide top-tier training for law enforcement K-9 units across Oklahoma.
- From the beginning of FY 2025, the Human Trafficking Unit (HTU) recovered 57 adult victims and eight juvenile victims, which resulted in 41 arrests for Human Trafficking related charges, Child Exploitation, or Child Sexual Abuse Material (CSAM).

## AGENCY GOALS

- Reduce the availability of illicit drugs and provide a safer place to live for all Oklahomans.
- Reduce the amount of illegally cultivated marijuana in the State of Oklahoma.
- Embed two victim service providers from one of the Attorney General State-certified shelters at headquarters in Oklahoma City. These additions will significantly improve the service provided to Human Trafficking victims in the State of Oklahoma.
- Construct a headquarters campus to consolidate four OKC metro locations into one location. This will increase the efficiency of operations and meet the agency's personnel, meeting, training, and storage needs. The headquarters is currently in the plan and design phase.

**OKLAHOMA  
CLEET**

## Shelby Humphrey Executive Director

The **Council on Law Enforcement Education and Training** serves Oklahoma by implementing and enforcing statutory training, certification, and continuing education standards for peace officers; reviewing and approving licenses for private security guards, private investigators, bail enforcers, and related schools and businesses; conducting investigations and disciplinary actions of licensees as necessary to enforce statutory requirements; and maintaining training and employment records for all Oklahoma peace officers and CLEET-licensed individuals and businesses.

Founded in 1963, this agency now encompasses the following divisions: Administration, Facilities, Training, Field Representatives/Investigations, Peace Officer Records, and Private Security.

The Council on Law Enforcement Education and Training also oversees the vetting and approval of new and oversight of existing law enforcement agencies, CareerTech centers, other authorized law enforcement training organizations that provide basic peace officer training, and Collegiate Officer Program schools; SDA instructor training standards; and administrative support for the Polygraph Examiners Board.

# Agency Vision, Mission and Core Values

## Vision:

Consistently improve the professionalism of Oklahoma's peace officers and public safety licensees.

## Mission:

To ensure Oklahoma's peace officers, security guards, private investigators, bail enforcers and others receive excellent training, necessary support, and effective regulatory oversight.

## Core Values:

Integrity, excellence, and customer service.

## **Council on Law Enforcement Education and Training | FY 2026 Budget | \$11,035,413**

### **Administrative Services | \$5,511,747**

This program provides management and administrative operations necessary for the function of the agency. Historically, activities within this program include the collection and reconciliation of approximately \$5 million annually in fees; preparation of purchase orders and contracts; processing claims and disbursements of warrants; inventory management of assets and disposable inventory items; and budget preparation, revisions and management. The goal is to ensure compliance with state rules and laws governing fiscal activities and generally accepted accounting principles.

### **Private Security Services | \$443,921**

The council is responsible for establishing standards for the employment, licensing, training, and regulatory functions of the Oklahoma Security Guard and Private Investigator Act and the Bail Enforcement and Licensing Act.

### **CLEET Training Center | \$490,946**

The training facility hosts law enforcement training to basic academy and continuing education students. The facility provides classrooms, dormitories, a firearms range, and a driving track. The facility is also used to enter and maintain all peace officer, private security, and bail enforcer training records for the State of Oklahoma.

## Training Services | \$3,958,170

An individual must be certified by CLEET to serve as a full-time or reserve peace officer in Oklahoma. The primary purpose of the state police academy is to prepare new officers for a career in law enforcement. The requirements for certification are set by both state statute and council rule. CLEET conducts basic academy training for municipal, county, tribal and state officers except for nine agencies that have been approved to conduct their academy due to the size of their departments and the complexity of training issues. CLEET also proctors the certification exam and maintains certification records for peace officers trained in the Basic Peace Officer Certification (BPOC) programs at state technology centers and the Collegiate Officer Program (COP) at state universities.

CLEET provides Oklahoma peace officers with mandated, continuing and advanced training to enhance officer skills to better serve the citizens and visitors to Oklahoma. Officers must be prepared to handle increasing diversity in communities and learn new skills to adapt to modern police issues that are complex and global. Training courses are selected based upon direct input from chiefs, sheriffs and officers.

This program also monitors compliance for reporting employment changes and completion of annual continuing education required for officers to retain their certification. Complaints against peace officers are investigated for possible certification withdrawal.

## AGENCY ACCOMPLISHMENTS

- Provided curriculum for, tested, and certified 817 new full-time and 153 reserve peace officers across the state.
- Approved 4,768 applications for private licenses for security guards, private investigators, bail enforcers, security agencies, investigative agencies, security guard/investigator/bail enforcer schools, and others.
- Completed carpet replacement, lighting at the firing range, and saferooms for cadets and staff. CLEET also updated gym equipment and training mats. These safety improvements will ensure fewer injuries for cadets and staff during training.

## AGENCY GOALS

- Begin construction of the CLEET Center for Active Shooter Preparedness (CCASP) that will allow training staff to develop training scenarios and obtain any appropriate training/certification.
- Continue to improve active shooter scenario training.
- Repair and replace critical infrastructure needs such as a new chiller system, sky lighting, and flooring and countertops.
- Update the CLEET Licensing System Provider to more effectively obtain necessary licensing information and be more effective in collecting and processing fees from the district and municipal courts.

OKLAHOMA

# Conservation Commission

Trey Lam  
Executive Director

The **Conservation Commission** serves as the agency responsible for administering programs and services that conserve, protect and restore Oklahoma's natural resources. Founded in **1971**, this agency now encompasses the following divisions:

- Administration.
- Conservation Programs.
- District Services.
- Land Management.
- Water Quality.
- The Office of Geographic Information Services.

The Conservation Commission administers its programs and services through 84 conservation districts. Partnering with the USDA Natural Resources Conservation Service, the Conservation Commission and its districts have proven to be an effective and efficient delivery system for locally led non-regulatory solutions to Oklahoma's most complex conservation challenges.

# Agency Vision, Mission and Core Values

## **Vision:**

Responsible for care of Oklahoma's renewable natural resources.

## **Mission:**

Conserve, protect and restore Oklahoma's renewable natural resources, working in collaboration with the conservation districts and other partners, on behalf of the citizens of Oklahoma.

## **Core Values:**

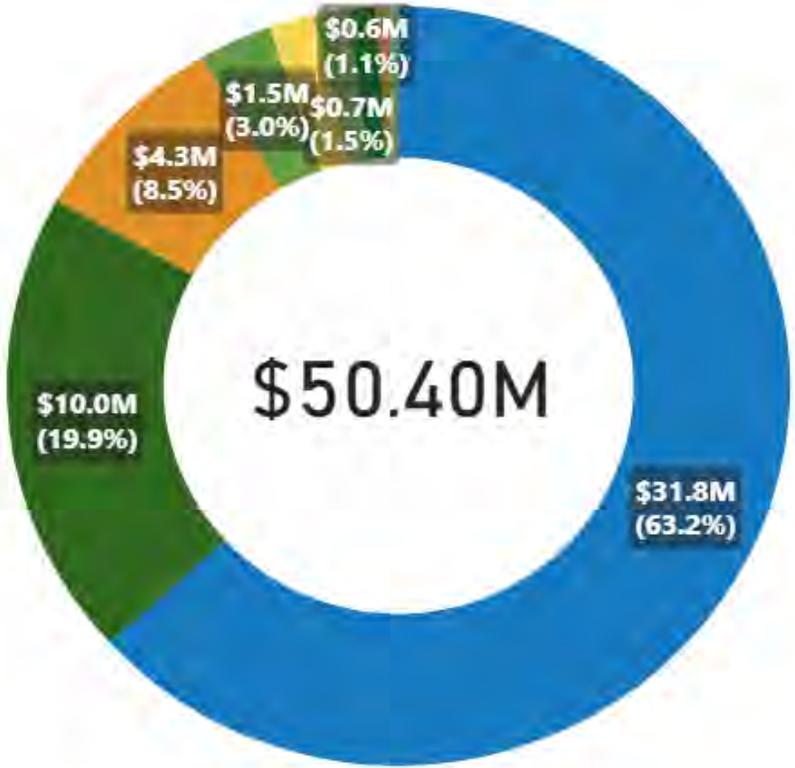

Personal accountability and responsibility are two core values that are seen as critical for the employees as well as the governing body of the Oklahoma Conservation Commission. These characteristics serve as the basis for the strength of the agency. These values, coupled with integrity, give rise to the type of behavior desired in the business environment.

## Oklahoma Conservation Commission | FY 2026 Budget | \$59,589,682

### Water Quality/Wetlands Program | \$14,739,588

Water Quality and Wetlands program is responsible for identifying state waters impaired by nonpoint source pollution and then prioritizing and implementing projects to reduce pollutants by measurable amounts and improving water quality in an effort to remove streams from the state's List of Impaired Waters (Clean Water Act Section 303(d) List). The agency is responsible for preparing and updating the state's wetlands conservation plan and coordinating the state's Wetland's Working Group to conserve, enhance, and restore the quantity and biological diversity of wetlands in Oklahoma. As federal and state funds are available, OCC provides management of funds on a watershed basis to assist landowners with installing conservation practices to address water quality problems.

The Soil Health Education Program, in cooperation with conservation districts and other partners, educates agricultural producers and other citizens about soil health and the potential for regenerative farming. In cooperation with conservation districts and other partners, this division educates citizens across the state about water quality and nonpoint source pollution and trains citizen volunteers to collect data that can be used to supplement the state's data collection capabilities.

### Conservation Programs (Watershed Ops and Maintenance) | \$14,737,527

Watershed Ops and Maintenance provides technical and financial assistance to conservation districts in support of the districts' responsibilities to operate and maintain 2,107 upstream flood control dams. These dams represent a \$2 billion public infrastructure that provides \$91 million in state benefits annually. The Watershed Program works in cooperation with the Natural Resources Conservation Service and conservation districts to provide technical and financial assistance to modify high hazard dams to ensure they meet state dam safety criteria for reducing the risk of loss of life and improving public safety.

The Locally Led Conservation Cost-Share Program provides funds to conservation districts to assist landowners to implement conservation practices on the land to reduce soil erosion and improve water quality.

# Program Details

---

## Land Management | \$12,680,339

The Land Management Division (LMD) is dedicated to assisting landowners/entities across Oklahoma with resource concerns that have an impact on soil, water, and safety in our state. The programs under the LMD are Non-Coal Hardrock Mine Land Restoration, Unpaved Roads, Conservation/Nutrient Management Planning, and Invasive Woody Species Mitigation.

The Non-Coal Hardrock Mine Land Restoration Program works to restore abandoned unproductive non-coal hardrock mines to productive agriculture land. To accomplish this, the sites are identified, inventoried, assessed, and prioritized based on environmental and safety hazards. The LMD is involved in every step of the restoration process, from inventory to final vegetation.

The Unpaved Roads Program works to create a better unpaved county road system with a reduced negative environmental impact on priority water resources in Oklahoma. The Program focuses on best management practices (BMPs) that reduce the impact of sediment and road runoff to streams, rivers, and drinking water supplies while reducing long term unpaved county road maintenance costs. The program is designed to fund work on public roads with unbound road surfaces. Projects are selected based on several criteria with preference given to those in priority watersheds. All entities that maintain unpaved roads are eligible to apply for project funding.

HB 2239 created the Terry Peach North Canadian Watershed Restoration Act establishing a pilot program to manage and eradicate woody species in the North Canadian River Watershed to be administered by the Oklahoma Conservation Commission. The primary purpose of this program is to perform brush management duties towards the prevention of loss of life and property around local communities and rural infrastructure. Invasive woody species mitigation is also carried out through prescribed fire payments for landowners and fire trainings geared towards rural fire departments that encourages the use of alternative methods of fire suppression and working with local Prescribed Burn Associations to reduce wildfire fuel load.

## **District Services | \$14,474,099**

Field services funding is provided to the state's 84 conservation districts for personnel and operations to support the administration of their duties pursuant to the Conservation District Act, Title 27A, and Chapter 3 of the Oklahoma statutes. District Services provides tools, training, and technical assistance to Conservation District boards and employees on public official governance, personnel management, and financial management in compliance with state laws, rules, regulation, and policy.

## **GIS/IDS Data Processing | \$671,515**

The Office of Geographic Information (OGI) provides Geographic Information Systems (GIS) and information technology (IT) support to commission and conservation district staff. Within this program, the Office of Geographic Information manages the state's geospatial data clearinghouse, OKMaps, which provides authoritative geographic information to the public, government agencies, businesses and educational institutions inside and outside Oklahoma.

## AGENCY ACCOMPLISHMENTS

- Conservation Districts delivered \$35 million in state and grant funded services and programs including state cost share, emergency drought assistance, dam repairs, Soil Health Cost Share, prescribed fire cost share, septic tank replacement, cedar removal, wetlands brush removal, and poultry litter transfer. They also assisted with over \$50 million in USDA program delivery.
- Created and delivered 177 conservation plans and 31 nutrient management plans.
- 72 Unpaved Roads Erosion projects are being worked with County Commissioners. Held 30 trainings with a total of 790 participants.
- Soil Health Staff conducted 320 consultations and 143 education events. Worked with 60 producers to implement practices through Soil Health Implementation Program.
- Opened the first Urban/Small Farm Agriculture Center through a USDA grant located in Ardmore in partnership with the Chickasaw Nation and Murray State University.

## AGENCY GOALS

- Expand Woody Species Eradication Program across portions of central, eastern and southern Oklahoma. Target Brush Control Cost Share Program in five critical high priority areas: panhandle, North Fork of the Red River, Blue River, Lake Eufaula and counties surrounding Stillwater.
- As funding allows, repair top 10 most critical flood control dams, with each repair estimated to cost \$200,000 to \$700,000.
- Implement first round of Wetlands Cost Share and deliver grant projects of brush control and playa lake development.
- Implement agreement with USDA to share the cost of Conservation District and Farm Bill programs.
- Utilize all the varied Conservation Commission cost share programs, soil health consultation and conservation planning to assist farmers and ranchers with voluntary conservation to clean water in streams identified through rotating basin water monitoring.

## Jim Marshall Interim Director

The **Oklahoma Corporation Commission** serves as the agency charged with balancing the rights and needs of Oklahoma residents and industries over a wide range of activities in four program areas.

Created in **1907** by Article 9 of the Oklahoma Constitution, this agency now encompasses the following programs:

- Oil and Gas Conservation – Oil and gas drilling and production.
- Public Utility – Electric and gas utilities, telecommunications.
- Transportation – Motor and passenger carriers, pipeline, rail crossings, transportation networks.
- Petroleum Storage Tank – Underground and aboveground storage tanks and fuel dispensers (i.e., gas pumps).
- Administrative, Judicial and Legal Services – Supports agency core divisions with attorneys, administrative court system, finance, human resources and public information.

# Agency Vision, Mission and Core Values

## **Vision:**

Protect citizens and the environment of the State of Oklahoma by protecting natural resources, improving quality of life, promoting continued economic development, and holding itself and the industries accountable to the citizens of Oklahoma.

## **Mission:**

- Ensure responsible and safe development of oil and gas resources.
- Ensure reliable utility service at fair rates.
- Ensure safe and legal operation of motor carriers, pipelines, rail crossings, and fueling stations.
- Ensure prevention and remediation of energy-related pollution of the environment.
- Balance the rights and needs of the people with those of regulated entities through development and enforcement of regulations in an open, transparent, ethical and just manner.

## **Core Values:**

- Promote Diversity, Increase efficiency and effectiveness, Reward Accomplishments and Strive for Excellence.

## Corporation Commission | FY 2026 Budget | \$113,953,930

### Administrative, Judicial and Legal Services (AJLS) | \$15,647,309

Includes human resources, accounting, budgeting, finance, general administration, capital asset management, public information, and office of general counsel.

Judicial and Legal Services (JLS) is a component of AJLS that consists of the OCC court clerk, administrative law judges, attorneys, court reporters, and administrative and support personnel. JLS maintains all documents filed on record with the agency and fulfills the commission's constitutional and statutory court-of-record duties by ensuring the opportunity for fair and open hearings in all legislative and judicial matters. These functions ultimately support the commissioners' roles as decision-makers by facilitating the development of proper evidentiary records in proceedings before the commission.

### Petroleum Storage Tanks | \$6,947,566

This program:

- Administers federal underground storage tank program and has jurisdiction over underground and aboveground storage tanks containing antifreeze, aviation fuel, diesel, gasoline, kerosene, motor fuel and motor oil.
- Enforces state and federal regulations through compliance inspections at storage tank facilities and calibration of dispensers.
- Coordinates corrective action or remediation plans at contaminated sites when a release occurs from a storage tank system contaminating soil and groundwater in the state.
- Administers the Oklahoma Petroleum Storage Tank Indemnity Fund and the Oklahoma Leaking Underground Storage Tank Trust Fund.

# Program Details

---

## **Oil & Gas Conservation | \$48,185,112**

Provides information, permitting, investigation and compliance services to oil and gas industry, mineral interests, landowners, and the general public. Develops the state's oil and gas resources while protecting the environment and ensuring public safety through regulation for all activities associated with the exploration and production of oil and natural gas. Administers surety and mineral owners' escrow accounts for oil and gas operators.

## **Public Utility | \$11,745,956**

Administers and enforces agency rules, regulations, and orders involving electric utilities, gas utilities, water utilities, wind farms, telecommunications service providers, and cotton gins.

- Promotes efficiency, innovation, and technological growth among regulated utilities and the program-area companies.
- Administers the Oklahoma Universal Service Fund, which supports broadband service to Oklahoma's public schools, libraries, mental health facilities, and hospitals, as well as ensures telecommunications services to rural Oklahoma.
- Administers the Oklahoma Lifeline Fund and oversees implementation of the Federal Lifeline Fund, which provides telecommunications benefits to low-income families across the state.

## **Transportation | \$21,112,143**

Provides management, direction, and supervision of the administration and enforcement of motor carriers, commercial motor vehicles, transportation network companies, and nonconsensual towing rates, as well as railroad safety and pipeline safety regulatory activities within and through the State of Oklahoma. This division operates the state's nine fixed motor carrier screening facilities, including ports of entry and weigh stations.

## AGENCY ACCOMPLISHMENTS

- Transportation Division completed a multi-year project to equip all personnel and vehicles with life-saving radios to enable communication division-wide and with local municipal and county jurisdictions. The project improves safety protocols and interagency effectiveness statewide in all aspects of Motor Carrier Regulatory Enforcement, Emergency Response, and assistance to entities with which the Division has enacted interlocal agreements.
- Rollout of the Petroleum Storage Tank Division's (PSTD) electronic consumer complaint form ensures quick submission, immediate routing, faster response, more accurate information, easier tracking, response time monitoring, and report generation.
- Our Pipeline Safety Group added an additional 15,000 miles of gas gathering pipeline responsibilities in FY 2025 due to a change in federal definitions. The team ensures compliance with federal and state pipeline safety statutes and regulations.

## AGENCY GOALS

- At the request of the legislature under SB 130, the Public Utilities Division has established and is leading a working group for the development of a Nuclear Energy Generation Feasibility Study. Nuclear represents a dispatchable energy source that could offer a solution to the ever-increasing energy demands. The study will be available on or before March 9, 2026.
- Further developments within the Transportation Enforcement training program to increase operational effectiveness and officer preparedness statewide.
- Rulemaking will take place to add regulatory clarity to the requirements found in HB 2756, which requires a developer of high voltage transmission facilities to seek and receive a Certificate of Authority from the Commission prior to commencing development.
- Place QR codes on fuel dispenser calibration stickers to enable motorists to report complaints from their phone.

**OKLAHOMA**  
**Corrections**

## Justin Farris Executive Director

The **Oklahoma Department of Corrections** serves as the agency vested with administrative direction and control over matters relating to the state's penal institutions (57 O.S. § 509), prison industries (57 O.S. § 510), probation and parole supervision (57 O.S. § 515a), and registration of sexual or violent offenders (57 O.S. § 581 et seq.).

# Program Details

---

## **Prison Industries | \$31,902,288**

Agri-Services produces, purchases, and provides food items needed to meet master menu requirements, efficiently manages agency-owned land resources, and provides meaningful employment to inmate workers.

Correctional Industries trains and employs inmates in manufacturing factories, Prison Industry Enhancement Certification programs, and partnerships to provide products and services to state and local government entities, nonprofit and charitable organizations, and current and retired employees.

## **Offender Programs | \$22,975,901**

Offender programs offer inmates an opportunity to obtain treatment for substance abuse and develop skills for employment. Educational programs offer inmates an opportunity to return to society as better-educated citizens possessing the necessary knowledge and skills to become productive individuals. Lifelong learning programs include literacy, adult basic education, GED tests/certification, and vocational trades.

# Program Details

---

## **Community Sentencing | \$2,545,269**

The Community Sentencing program is designed to administer a statewide community sentencing system pursuant to the provisions of the Oklahoma Community Sentencing Act and other provisions of law. The program:

- Establishes goals and standards for the statewide community sentencing system and the local community sentencing systems.
- Promulgates rules under the Administrative Procedures Act for the implementation and operation of the Oklahoma Community Sentencing Act.
- Provides technical assistance and administrative support to each local community sentencing system.
- Reviews, analyzes, and funds local system plans within budgetary limitations.
- Provides performance-based evaluations for all service providers of the statewide system.
- Reports annually, by January 15, to the Legislature and the Governor on the statewide program.

# Program Details

---

## **Contracted Services | \$68,841,797**

Due to limited space within ODOC institutions, the agency contracts and provides administrative control of the contracts for space in halfway houses, county jails, and private prisons. Inmates awaiting reception are also held in county jail backup.

Clients served: FY 2025 population averaged 2,439 persons as follows:

- Private prisons – 2,337.
- Halfway houses – 102.
- County jail backup – 1,177.

## **General Operations | \$332,140,823**

General Operations administers funding for debt service, Workers' Compensation, SoonerFlex, risk management, and contingency. No personnel are assigned to this activity, and its function is to act as the funding location for agencywide expenditures.

## **Central Office Operations | \$46,749,934**

Executive offices for the agency provide oversight and management of all aspects of operations for the agency, while several administrative offices provide support for various agencywide functions.

# Program Details

---

## **Divisional Office Operations | \$16,621,125**

Divisional offices provide needed administrative and organizational support to field operations. These offices are necessary to provide continuity in operations and standardization of inmate treatment. Operational scope includes all institutions, community correction centers, and probation and parole offices.

## **Health Services | \$117,089,599**

Provides constitutionally required medical, dental, and mental health care to inmates incarcerated in state facilities and contract facilities.

Medical, dental, and mental health care services are delivered at 22 health care units located in ODOC facilities statewide. Secondary and tertiary medical services are provided at Lindsay Memorial Hospital and the University of Oklahoma Health Sciences Center.

## AGENCY ACCOMPLISHMENTS

- Purchased and transitioned the Red Rock Correctional Center from a private prison contract to an ODOC owned and operated facility.
- Awarded a \$4.5 million federal grant for a new Electronic Health Record (EHR) System within the ICON system.
- Opened the R.I.S.E. Cosmetology Program at the Dr. Eddie Warrior Correctional Center to expand educational opportunities and support inmate skill development.
- Developed and implemented ICON system modules agency-wide for the Parole Process, Misconduct, and Jobs and Programs.
- Awarded and privatized operations for all 19 canteen locations through the competitive bid process.
- Transitioned Pharmacy services. All facilities shifted from blister packs to pre-packaged pill packs.

## AGENCY GOALS

- Integrate body-worn camera technology with facial recognition and AI capabilities. This will enhance the ability to improve public safety and support more efficient operations.
- Procure and implement tasers for correctional officers. This initiative is intended to enhance officer safety and reduce the likelihood of incidents by providing an additional non-lethal option in high-risk situations.
- Expand partnerships with OU, Lindsay Municipal Hospital, and other community providers for telehealth services. This will help reduce the number of medical transports required for doctor visits.
- Award achievement credits for tablet-based programing, efficiently expanding inmate educational opportunities.
- Modernize inmate visitation by centralizing scheduling and background processes.

**OKLAHOMA**  
District Attorneys  
Council

## Kathryn Boyle Brewer Executive Coordinator

The **District Attorneys Council** serves as the administrative support to the district attorneys and their staff across Oklahoma. The 27 district attorneys serve as the primary prosecuting authority for the state and are required to prosecute actions for crimes committed in the respective districts, and to prosecute or defend civil actions in which any county in their district is interested or is a party (19 O.S. § 215.28).

Founded in **1976**, this agency now encompasses the following:

- Executive Division.
- Finance Division.
- Victim Services Division.

## District Attorneys Council | FY 2026 Budget | \$155,951,014

### **Prosecutorial Services | \$90,724,596**

The 27 elected district attorneys of the State of Oklahoma are responsible for the prosecution of state crimes, all juvenile delinquency actions, actions involving abused or neglected children and mental health cases, as well as serving as legal advisors to the counties.

### **General Administration | \$2,753,814**

The District Attorneys Council (DAC) provides general administrative support to the prosecutorial system by processing personnel, fiscal and other financial operations of district attorney offices; providing training and legal research support; acting as a liaison between the district attorney system and other parts of the criminal justice system; providing general information and coordination of district attorney system activities as needed; and by representing the district attorneys system as liaison to other areas of government.

### **Child Support Services | \$2,997,476**

Through cooperative agreements with the Department of Human Services, seven district attorneys provide child support enforcement services to enforce child support obligations by all available and appropriate civil and criminal remedies.

# Program Details

---

## **Bogus Check Enforcement/Restitution | \$755,810**

These programs are self-supporting systems of deferred prosecution, providing restitution to victims of crimes involving bogus checks and certain property crimes. They provide an alternative to traditional prosecution and incarceration of offenders through the diversion of cases before filing through the court system. These alternative types of prosecution reduce costs of the prosecution, court and correction systems, as they are completely funded through fees and require no state appropriations.

In past years, funds derived from this program have assisted with temporarily preventing widespread furloughs and layoffs. In recent years, however, revenues have been decreasing as more merchants utilize electronic means to verify checks and more offenders use debit cards.

## **Federal Grant Programs | \$6,529,672**

The Federal Grants program serves as a liaison between the federal government and the sub-grantees in implementing federal grant funds. Currently, this division oversees sixteen formula and discretionary federal grant programs, serving as the contact point with the federal granting agencies for the State of Oklahoma.

## **Uninsured Vehicle Enforcement Diversion | \$958,491**

The Uninsured Vehicle Enforcement Diversion (UVED) program is a statewide initiative aimed at reducing the number of uninsured vehicles on Oklahoma roadways.

## **Drug Asset Forfeiture | \$354,690**

The Drug Asset Forfeiture program is a system of cooperative law enforcement activity at the local level in which assets used in illegal drug operations may be forfeited. Instrumentation used to commit drugs and certain other crimes and proceeds from said crimes may be forfeited by a court to the State of Oklahoma. Following adjudication, proceeds from the sale of these assets go to district attorneys and law enforcement entities involved in the seizures. The monies are used for drug enforcement, prosecution, prevention and education.

## **Federal Pass-Through Grants | \$35,540,980**

The council is designated by the governor to administer these grants:

- Edward Byrne Memorial Justice Assistance.
- Violence Against Women Act.
- Residential Substance Abuse Treatment.
- Coverdell National Forensic Science Improvement.
- Sexual Assault Services Program.
- Victims of Crime Act.

The council also administers the National Criminal History Improvement Program (NCHIP) and the National Instant Criminal Background Check System Act Record Improvement Program (NARIP) grants. These funds, other than the discretionary grants, are received by the agency and disbursed to other applicants by boards established to award the funds.

The council provides administration of the funds, including compliance with federal reporting requirements, monitoring and regulations regarding awards. Funds are used to provide grants to governmental and nonprofit organizations to assist victims of crime, to further combat drug and violent crime, to provide enhanced services to crime victims and to stop violence against women.

## **Crime Victim Services | \$7,685,021**

This program provides compensation for economic losses sustained by persons who are injured in Oklahoma because of criminally injurious conduct. The mission of the program is to provide statutory benefits to eligible victims of violent crime in a compassionate, efficient and respectful manner. The funds used to assist victims of violent crime come from offenders at the state and federal levels. It is the intent of this program to provide a method of compensation for victims of crime that will provide financial relief for victims and hold offenders accountable.

## AGENCY ACCOMPLISHMENTS

- Provided training for Oklahoma’s district attorneys, assistant district attorneys (ADAs), support staff and law enforcement. 1,126 individuals received training at 23 events in FY 2025. Thus far, 462 individuals received training at four events in FY 2026.
- Declared 2025 the “Year of the Child,” focusing on protecting Oklahoma’s most vulnerable victims. So far this year, over 3,000 cases involving child victims have been filed, underscoring a statewide commitment to justice and safety for children.
- The UVED Program enrolled over 140,000 citizens in its diversionary program, reducing the number of uninsured vehicles on Oklahoma roadways and enhancing safety for all.
- With supplemental funding to pay for the increased cost of Sexual Assault Nurse Examiner (SANE) exams, the length of time for payment to nurses has decreased to less than 20 days for most claims.

## AGENCY GOALS

- Effectively address recruitment and retention challenges of prosecutors in the state.
- Establish a Capital Homicide Resource Committee (CHRC) to support prosecutors statewide by providing experienced attorney assistance, legal research, training opportunities, and hosting specialized programs.
- Enhance the IT infrastructure of the 77 DA offices.
- Deploy a multidistrict case management system, which will allow the districts to be more efficient and data-driven.
- Establish a recruitment program that would allow for internship opportunities at all District Attorney offices.
- Expand the Victims Services Division's outreach to crime victims through increased use of online and technological solutions.

**OKLAHOMA**

# Oklahoma Department of Emergency Management

**Annie Mack Vest**  
**Executive Director**

The Oklahoma Department of Emergency Management (OEM) is statutorily required to prepare for, respond to, recover from, and mitigate against any natural or manmade disaster that may affect the State of Oklahoma. The agency maintains and exercises the State Emergency Operations Plan and coordinates disaster response from state agencies.

Founded in **1951**, OEM includes the following primary functions related to emergencies and disasters: operations, preparedness and planning, recovery, mitigation, grants management, technology services, finance and administration, and public information. Furthermore, the agency also includes the state 911 program.

The state 911 program, as overseen by the Oklahoma 911 Management Authority, was created by legislative action in 2016 and serves to advance 911 emergency systems and technology, manage the collection and distribution of 911 wireline and wireless fees, and standardize 911 training and equipment across the state.

# Agency Vision, Mission and Core Values

## **Vision:**

Prepared and resilient communities within Oklahoma.

## **Mission:**

Help to minimize the effects of disasters and emergencies upon the people of Oklahoma.

## **Core Values:**

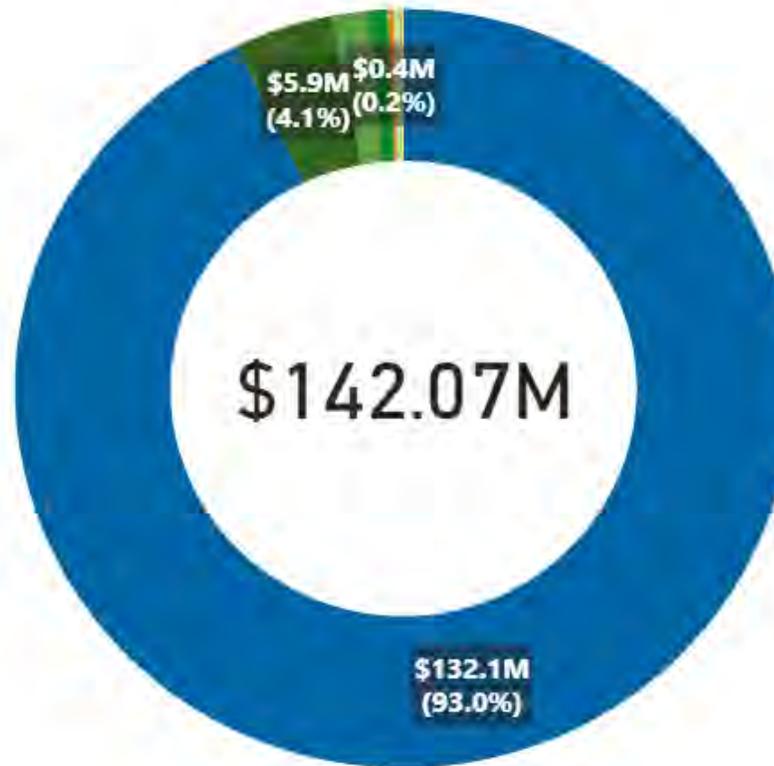

- Integrity – the quality of being honest and having strong moral principles and moral uprightness.
- Professionalism – the competence and skills expected of a professional. The conduct and qualities that characterize a professional individual.
- Empowerment - authority or power given to someone to do something. Process of becoming stronger and more confident.
- Customer Service - taking care of the needs of those utilizing our services through assistance and support.
- Excellence – the quality of being outstanding or excellent. The state of possessing good qualities in an eminent degree.

## **Emergency Operations | \$46,000,000**

OEM maintains and executes the State Emergency Operations Plan as well as the State Emergency Operations Center, which serves as a command center for reporting emergencies and coordinating state response activities. OEM delivers service and support to Oklahoma cities, towns, and counties through a network of more than 500 municipal, county, tribal, higher education, and private-sector emergency management programs. The agency provides training, exercises, preparedness materials, and other tools for local emergency management programs across the state and works with state and federal agencies, voluntary organizations, and other groups to coordinate resources during and after emergencies and disasters.

## AGENCY ACCOMPLISHMENTS

- Received federal FEMA Major Disaster Declarations for tornadoes and severe storms for eight counties, and wildfires for seven counties, as well as fourteen Fire Management Assistance Grants.
- Paid \$83 million in FEMA public assistance dollars to applicants since January 2025.
- Paid \$1.4 million in non-federal share disaster funds for federal disasters and state public assistance disasters.
- Launched application process for new disaster assistance revolving fund created in statute in 2024. Two cities are currently using the program totaling \$3.1 million; one school district has applied.
- Launched the State of Oklahoma Resilient Recovery Strategy that will guide the development of a disaster playbook adaptable for local governments statewide.

## AGENCY GOALS

- Develop a Local Disaster Recovery Playbook that provides every local government in Oklahoma with a clear, standardized roadmap for post-disaster recovery with and without FEMA disaster aid.
- Update a minimum standard for local emergency management jurisdictions in the EMPG program.
- Modernize and strengthen Oklahoma Task Force 1 by addressing critical gaps in equipment and operational guidance, updating the 2006 Disaster Task Force Handbook, and replacing essential safety equipment.
- Update statewide contracts for disaster goods and services, coordinating with Central Purchasing to ensure all contracts are solicited and procured in a way that is federally compliant.
- Develop and adopt a Statewide Disaster Recovery Plan by December 2027. Identify gaps, overlaps, the roles and responsibilities, and draft a scalable, well-defined framework that clarifies roles, responsibilities, and governance for post disaster recovery.

**OKLAHOMA**  
Environmental  
Quality

## Robert Singletary Executive Director

The **Oklahoma Department of Environmental Quality (DEQ)** serves to protect and improve Oklahoma's air quality; preserve and restore Oklahoma's water; preserve and restore Oklahoma's land while having fair, consistent and effective regulation and oversight; respond to natural disasters, environmental emergencies and citizen complaints; provide expertise, technical assistance and outreach; enhance economic development; all while being efficient, effective and fiscally responsible.

Founded in **1993**, this agency now encompasses the following divisions:

- Executive Director's Office.
- Legal Services.

## **Rural Infrastructure Grants | \$20,277,910**

Assists rural and small municipal water and wastewater systems serving 3,300 or fewer people to become sustainable by providing up to \$100,000 funding per project, funding 80% of the project cost. The other 20% must be matched by the system, either through dollars or in-kind contributions.

## AGENCY ACCOMPLISHMENTS

- Launched an accessible online portal to ensure stakeholders can track, review and comment on permit applications.
- Streamlined review process for minor source permits to cut administrative burden and accelerate approvals.
- Expedited permitting process implementation with the introduction of fast-track pathways for qualifying projects, balancing efficiency with environmental safeguards.
- Deployed a centralized digital platform for operators to obtain their licenses.
- Fully implemented Water Standards Program through the adoption of comprehensive water quality standards across all regions. Monitoring and enforcement mechanisms became fully operational to ensure compliance.

## AGENCY GOALS

- Increase the 80% of public water supply facilities that are currently in compliance of the drinking water requirements to 100%.
- Continue the construction of the DEQ parking garage, with an estimated completion of February 2027.
- Increase the percent of permitted wastewater facilities meeting state and federal regulations from 90% to 100%.
- Increase efficiency and serve stakeholders by implementing labware upgrades and migrating the EPA's Safe Drinking Water Information System to the new Drinking Water State-Federal-Tribal Information Exchange System.
- Implement the Environmental Complaints and Enforcement platform, Customer and Revenue Management platform, and the Air Permitting and Compliance Platform.

## OKLAHOMA Indigent Defense System

### Debbie Maddox Executive Director

The **Oklahoma Indigent Defense System** implements the Indigent Defense Act by providing trial, appellate, and post-conviction criminal defense services to persons who have been judicially determined to be entitled to legal counsel at state expense. The mission of the system is to provide indigents with legal representation comparable to that obtainable by those who can afford counsel and to do so in the most cost-effective manner possible.

Founded in **1991**, this agency now encompasses the following divisions:

- Trial Program.
  - Non-Capital Trial.
  - Capital Trial Norman.
  - Capital Trial Tulsa.
- Appellate Program.
  - Appellate West.
  - Appellate East.
- General Operations: Executive and Client Services.

# Agency Vision, Mission and Core Values

## **Vision:**

Carry out constitutional and statutory responsibilities with diligence and integrity. Deliver quality legal services to our court-appointed clients and maintain the confidence and respect of the judiciary. Be recognized as leaders in and a valuable resource to the legal profession. Set an example in cost-effective management.

## **Mission:**

## Indigent Defense System | FY 2026 Budget | \$32,601,942

### Appellate Services | \$5,591,359

An appeal in a criminal case is guaranteed by Article 2, Section 6 of the Oklahoma Constitution, 22 O.S. § 1051, and, in a death penalty case, by 21 O.S. § 701.13 and 22 O.S. § 1089. Right to counsel at state expense on direct appeal was established in *Douglas v. California*, 372 U.S. 353 (1963). Right to counsel at state expense in capital post-conviction proceedings is found in 22 O.S. § 1089. OIDS is appointed under 22 O.S. §§ 1355-1369 and 1089(B).

Appellate Services provides direct appeal representation to agency court-appointed clients, both capital and non-capital, as well as capital post-conviction services. Services are provided through two staffed divisions: the Appellate West and Appellate East divisions. Conflict of interest appeals, which cannot be handled by staff, are contracted with private counsel.

### General Operations | \$896,793

The General Operations program provides administrative direction, supervision, and support to all agency staff, as well as the administration of agency contracts through its executive and finance divisions.

# Program Details

---

## **Trial Services | \$6,848,138**

Trial Services provides services through the Non-Capital Trial Division, the Capital Trial Tulsa Division, and the Capital Trial Norman Division. The Non-Capital Trial Division, in turn, provides services through staff attorneys in its satellite offices (identified as the Regional Office Program) and through non-capital contracts (identified as the Non-Capital Contracts Program). The Capital Trial divisions provide services through staff attorneys, except in cases of a conflict of interest, in which case services are provided by contract attorneys. Trial Services will continue to address increasing caseloads.

## **Non-Capital Contracts | \$6,052,792**

The Non-Capital Trial Division is responsible for providing defense representation for the agency's largest group of clients at the district court level in 75 of 77 Oklahoma counties. Under the Indigent Defense Act, the agency provides non-capital trial services in 38 counties through fiscal year contracts with private attorneys at a flat rate; in 37 counties through staffed satellite offices; and, where a conflict of interest arises precluding staff or contractor representation, through agreements with private attorneys on a case-by-case basis to accept court appointments at established agency hourly rates, subject to maximum amounts set by state statute. Under the Indigent Defense Act, the agency has no authority to require private attorneys to accept court appointments and must rely upon volunteers who agree to accept cases at hourly rates that are approved by the agency's governing board and are subject to statutory limits set in the Indigent Defense Act.

# Program Details

---

## **Regional Offices | \$10,796,264**

Staff attorneys provide services in 37 Oklahoma counties through satellite offices operated in Norman, Altus, Clinton, Enid, Guymon, Lawton, Okmulgee, Sapulpa, Woodward, El Reno, Pryor, and Poteau. The remainder of the counties are represented by private providers and accounted for in Program 40 (Non-Capital Contracts). This program will continue to address high caseloads.

## **Expert Services | \$847,964**

Expert Services ensures that constitutionally required expert assistance is provided in cases where the necessity for such services arises. The program was created by the Legislature as a separate spending limit activity to account for expenditures for forensic testing services provided to indigent clients. The agency will continue to identify those cases in which need is demonstrated and provide services in a cost-effective manner.

## **Client Services | \$309,520**

The Client Services program is responsible for evaluating clients' social services needs and providing assessments working with attorneys to facilitate client access to services, thereby improving the clients case disposition and prospect for post-disposition success. Upon request from an attorney, a resource navigator is assigned to assist client with securing employment, housing, food, and other needed social support.

## AGENCY ACCOMPLISHMENTS

- Designed the OIDS Direct Care pilot program using existing infrastructure to deliver critical services to a long-ignored and newly endangered client population of non-violent offenders.
- Significantly increased training opportunities for attorneys, investigators, and support staff.
- Launched the OIDS Juvenile Division, which will continue to grow in FY 2027 under an experienced Juvenile Division director.
- Performed outreach with state agencies and private entities to grow and maintain interagency collaboration.
- Expanded satellite office coverage including opening an office in Claremore.

## AGENCY GOALS

- Continue to expand and develop the OIDS Direct Care program for non-violent offender clients.
- Continue to develop the Client Services program and develop working relationships with other state agencies and non-profit organizations.
- Improve agency culture and workplace satisfaction through clear establishment of standards, behavioral guidance, and collaborative leadership at all managerial levels in the agency.
- Recruit and retain quality attorneys in the rural satellite offices.
- Expand training and seminar opportunities that will be open to all attorneys in Oklahoma and the surrounding region.

**OKLAHOMA**  
Commissioners  
of the Land Office

## Dan Whitmarsh Secretary of the Land Office

The **Commissioners of the Land Office (CLO)** serves as the administrator of the state's school lands and is responsible for the management of assets for the benefit of the state's public education beneficiaries as set forth in the Oklahoma Enabling Act (Section 7) and the Oklahoma Constitution (11 O.S. § 1, 2). The agency manages nine state trusts and currently funds 506 school districts and 13 higher education institutions.

CLO assures the preservation and appreciation of the trust estate and maximum return from the use of the state's school lands to support education funding in the State of Oklahoma.

Founded in **1906**, this agency now encompasses the following programs:

- Agriculture/Real Estate.
- Commercial Real Estate Management.
- Minerals Management.
- Royalty Compliance.
- Legal.
- Financial Services.

# Agency Vision, Mission and Core Values

## **Vision:**

Preserve the “sacred trust,” maximizing the return on school land assets to grow both the permanent trust and distributable income for the benefit of future and current beneficiaries.

## **Mission:**

Manage assets to support education.

## **Core Values:**

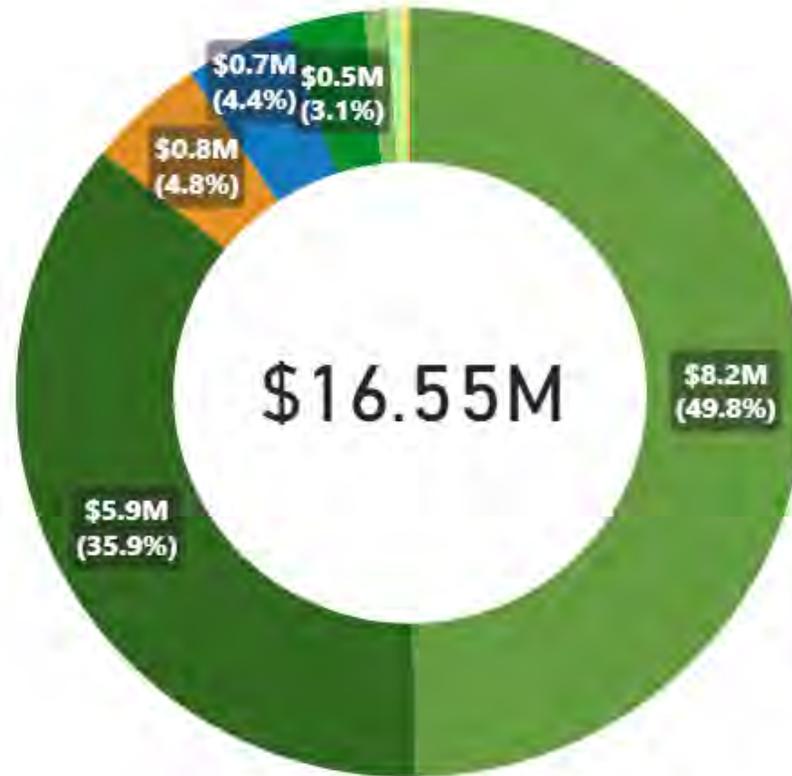

- Be good stewards of the land, minerals, and investments the agency manages.
- Actively manage trust assets, ensuring every dollar owed to beneficiaries is paid timely and accurately.
- Create and maintain an investment policy consistent with Oklahoma Constitutional mandates.
- Keep records of preservation to ensure accuracy and transparency.
- Create efficiencies in operations, hiring and retaining a professional and qualified staff.

- Grow investment portfolio for the benefit of future generations, targeting an annual growth rate of 4%.
- Generate more revenue by monetizing nonproducing commercial and investment real estate tracts.
- Boost employee retention and conduct a workforce assessment to assist with reducing the annual turnover rate.
- Increase the Invasive Woody Species removal projects to improve 2,000 acres of school trust land by the end of FY 2026.

**OKLAHOMA**  
Office of the  
Chief Medical Examiner

## Eric A. Pfeifer, M.D. Chief Medical Examiner

The **Office of the Chief Medical Examiner** is statutorily charged with investigating sudden, violent, unexpected and suspicious deaths. Medicolegal investigations collect evidence, determine cause and manner of death and provide expert testimony in both criminal and civil legal proceedings.

When a death occurs on the job or appears to be work-related, the results of the medicolegal investigation are of direct benefit to the family in order that insurance claims may be appropriately settled. These examinations also help identify potentially unsafe consumer products.

The public health function of the medical examiner's office is further apparent in the investigation of cases in which poisons, hazardous work environments or infectious agents are implicated. The identification of such dangerous elements allows the prompt implementation of treatment and preventative measures through coordination with Oklahoma's public health agencies and the Occupational Safety and Health Administration (OSHA).

Founded in **1965**, this agency now encompasses the following divisions: Administration, Forensic Anthropology, Investigations, Forensic Pathology Services and Toxicology.

# Agency Vision, Mission and Core Values

## **Vision:**

Dignified and thorough medicolegal investigations of applicable deaths occurring in the State of Oklahoma.

## **Mission:**

Protect the public health and safety of Oklahomans through the scientific investigation of deaths as defined by statute. This process involves scene investigation and medicolegal autopsy (including radiology, toxicology, histology, and microbiology) complementing the activities of law enforcement agencies, district attorneys and public health officials. Responsibilities are performed with integrity, diligence and compassion in order to best assist and provide answers to families, law enforcement and taxpayers of this state.

## **Core Values:**

Integrity, dignified independent investigation and handling of human remains, professionalism.

## Office of the Chief Medical Examiner | FY 2026 Budget | \$26,693,498

### Investigations | \$23,087,797

The Office of the Chief Medical Examiner performs medical investigations of the deceased, including scene investigations, autopsies and external examinations, histological examinations, toxicological collection and many other investigative techniques. Certain cases may require specialized services conducted by an anthropologist, odontologist or radiologist. The primary objective of investigations is to establish the cause and manner of death in each case within medical and legal certainty.

Investigations are performed at the central office in Oklahoma City and at the northeastern office in Tulsa. Twenty-five vendors and agencies depend on services and information provided by the Office of the Chief Medical Examiner. Clients include the Oklahoma State Department of Health, all law enforcement agencies including OSBI, Department of Public Safety, Oklahoma City Police Department, Tulsa Police Department, Oklahoma Highway Patrol, all local sheriff's departments and police departments across the state and many other local and municipal agencies.

When a death occurs on the job or appears to be work-related, the results of the medicolegal investigation are of direct benefit to the family in order that insurance claims may be appropriately settled. Medicolegal examinations also help identify potentially unsafe consumer products. The public health function of the medical examiner's office is further apparent in the investigation of cases in which poisons, hazardous work environments or infectious agents are implicated. The identification of such dangerous elements allows the prompt implementation of treatment and preventative measures through coordination with Oklahoma's public health agencies and Occupational Safety and Health Administration.

## AGENCY ACCOMPLISHMENTS

- Achieved accreditation from the National Association of Medical Examiners (NAME).
- Enhanced methods for identifying anthropology cases from the 1960s and 1970s.
- Achieved a toxicology turnaround time of 99% of cases completed within 90 days.
- Ensured sufficient staffing with 18 forensic pathologists, up from just five a decade ago, which nearly doubled the number of scenes attended and provided full coverage in rural areas through district investigators.
- Pathologists trained through Accreditation Council for Graduate Medical Education (ACGME) fellowships are successfully working in locations such as Hawaii, Chicago, and OU Medical Center.

## AGENCY GOALS

- Maintain state statute accountability at both OKC and Tulsa locations.
- Increase autopsy turnaround time of completion within 90 days from 98% in FY 2025 to 100% by FY 2026.
- Reduce average scene response time in rural areas to 60 minutes.
- Retain professional staff to maintain level of service and handle increased caseload.

# Department of Mines

**Suzen M. Rodesney**  
**Director**

The **Department of Mines (ODM)** is a regulatory authority empowered to execute, enforce and implement provisions of state and federally mandated programs in the areas of health, safety, mining and land reclamation practices associated with surface and subsurface mining.

Public Laws 95-87 and 95-164 require a state program to be developed to: (1) safeguard human health and safety; (2) issue mining permits for all mining operations and regularly inspect all mining operations for reclamation; and (3) minimize environmental impact to land, air and water quality through viable regulatory and enforcement programs.

Founded before statehood in **1907**, this Constitutional agency now consists of the following programs:

- Administrative and Legal Services.
- Minerals.
- Oklahoma Miner Training Institute.

# Agency Vision, Mission and Core Values

## **Vision:**

Fully implement all mandated programs including the regulation of minerals mining, reclamation sites and non-mining blasting operations.

## **Mission:**

Protect the environment of the state, the health and safety of the miners, and the life, health and property of affected citizens through enforcement of state mining and reclamation laws.

## **Core Values:**

- Ensure that mined land is restored to as-good or better condition than before mining by working closely with operators, landowners and other concerned citizens.
- Conduct inspections to ensure safe working environments at mine sites. Provide mining safety training programs for all persons involved in mining.
- Utilize currently available technology to increase efficiency and production. Continue efforts to employ creative alternatives for information gathering and dissemination.
- Promote a positive work environment and provide working conditions for retention, training and recognition.
- Respond to the needs of the public within our jurisdictional boundaries.
- Continue to work toward a positive image of the agency, improving our reputation as public servants and stewards of the resources of the state.

## **Department of Mines | FY 2026 Budget | \$3,006,978**

### **Administration | \$805,413**

Administration includes human resources, accounting, budgeting and finance, general administration, capital asset management, and legal services.

### **Oklahoma Miner Training Institute | \$422,620**

The Oklahoma Miner Training Institute is operated under the direction of the Oklahoma Mining Commission. The institute, located at Eastern Oklahoma State College in Wilburton, provides training in all aspects of mine safety and health. Regularly scheduled classes are provided at the school or at mine sites throughout the state to minimize the inconvenience to both miners and operators. All training provided by the institute is free of charge to the mining companies who hold permits in Oklahoma.

# Program Details

---

## Minerals | \$1,615,172

Functions of the Minerals division include the enforcement of a safe and healthy working environment for the miners in the mining industry, ensuring compliance with mining permits issued, and the enforcement of reclamation so that Oklahoma land is left in a productive, safe and usable state.

ODM regulates the use of explosives within Oklahoma. All mining operations that utilize explosives must have approved blasting plans on file in their mining permits. These locations are regulated by the mining divisions of the department. All other uses of explosives must comply with the Oklahoma Explosives and Blasting Regulation Act of Title 63 of the Oklahoma Statutes. The Non-Mining Blasting Program regulates the purchase and use of explosives in compliance with this act.

The Minerals/Non-Coal division administers two separate programs. The Non-Coal Mining Program and the Non-Mining Blasting Program work simultaneously and in parallel to accomplish the division's goals through:

- Issuing mining permits and amendments (revisions) in compliance with statutes and regulations under Oklahoma state law.
- Conducting annual reviews and approving bond releases in compliance with statutes and regulations.
- Issuing non-mining blasting permits and blasting permit exemptions for the purchase of explosives in Oklahoma.
- Conducting health and safety inspections and environmental inspections on all non-coal surface and underground mines.
- Conducting permit review inspections and reclamation inspections on all non-coal mine sites.
- Conducting complaint investigations upon request.
- Conducting hearings as outlined in statutes and regulations.
- Conducting blasting inspections on all mine sites.
- Conducting accident or fatality investigations as they occur.
- Conducting non-mining blasting inspections.

## AGENCY ACCOMPLISHMENTS

- 100% of field inspections are now transmitted electronically. The amount of time to issue a minerals mining permit has been reduced by 20% from FY 2023.
- Completed four reclamation projects in 2025.
- Conducted internal statewide audit of explosives distributors to ensure compliance with blasting permit regulations.
- The number of individuals trained by the Oklahoma Miner Training Institute increased by 28% in 2025; the number of certificates issued increased by 17% from the previous year.
- Approximately 100% of current mine permits have been digitized, resulting in faster responses to Open Records Act requests, and enabling the sharing of digital files in lieu of paper documents.

## AGENCY GOALS

- Expand the reclamation team with a new hydrologist and develop plans to complete at least six reclamation minerals projects by June 2027.
- Expand agency project of digitizing historical minerals permits and records.
- Develop a publicly accessible permit mapping database for agency and public use on website.
- Utilize additional drones for field inspections, allowing for more accurate review of all permitted mine sites, thereby aiding in resolution of citizen complaints, reclamation project review, and public health and safety on mine sites.
- Allow for electronic payments of mining fees.

# Pardon and Parole Board

**Kyle Counts**  
**Executive Director**

---

Founded in **1944**, the **Pardon and Parole Board** serves the citizens of Oklahoma by making careful and informed decisions, focusing on public safety, offender accountability and re-entry, and victim rights.

# Agency Vision, Mission and Core Values

## **Vision:**

A parole and pardon system that promotes and utilizes fair and equitable decision-making, reduces risk to the public, includes victim concerns, and encourages successful inmate re-entry.

## **Mission:**

Serve the citizens of Oklahoma by making informed decisions and recommendations to the Governor focused on public safety, victims' rights and the needs of offenders to ensure successful reentry into the community.

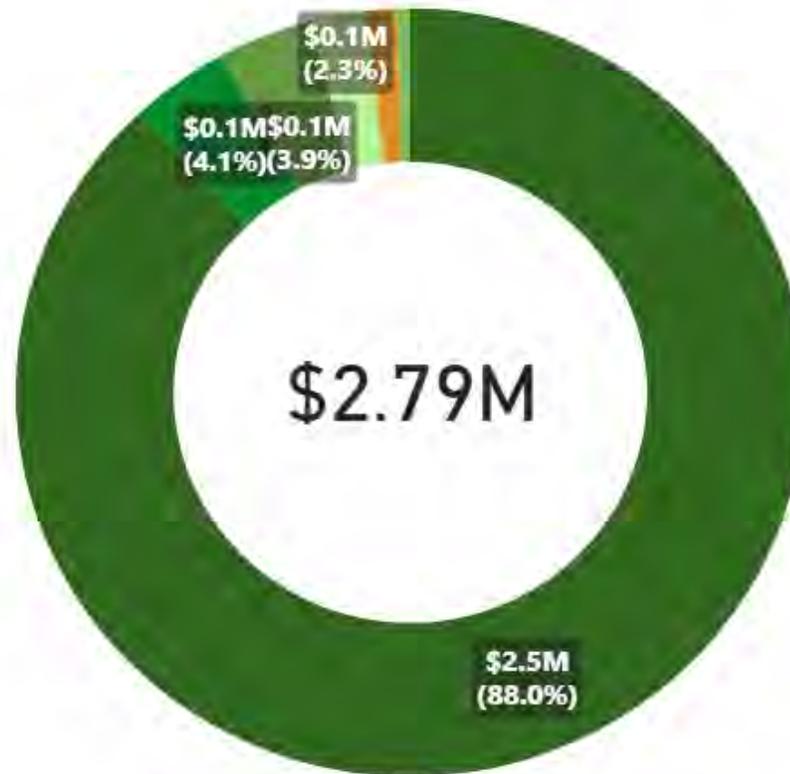

## **Core Values:**

Ethical, unbiased, and professional performance of duties. Striving for excellence and fairness by making decisions that maintain a delicate balance between public safety, victim's rights, and the successful re-integration of the offender.

## Pardon and Parole Board | FY 2026 Budget | \$2,707,741

### Executive, Administration, and Field Services | \$2,622,255

The mission of the Pardon and Parole Board is accomplished by the executive, administrative, and investigator field staff.

The executive staff:

- Guides and directs the overall work of the agency.
- Serves as the liaison to the Office of Management and Enterprise Services (OMES) in the processing of payroll, purchasing, and accounts payable.
- Ensures the development implementation of efficient and standardized procedures.
- Provides training for the board and staff.
- Coordinates monthly meetings, including inmate personal appearances, victim and district attorney protests, delegate personal appearances, written protests, and support letters.
- Coordinates and collaborates with other criminal justice and key stakeholder agencies and organizations.

The administrative staff:

- Processes the commutation and pardon applications.
- Prepares the monthly dockets and results.
- Provides information for victims and/or victim representatives and delegates for the inmates.
- Responds to the public regarding information.
- Reports the board results.
- Forwards the information and recommendations to the Governor.

# Program Details

---

## Executive, Administration, and Field Services | \$2,622,255 (continued)

The investigator field staff:

- Dockets inmates for future parole considerations.
- Reviews inmates' case files and criminal histories.
- Interviews inmates before parole consideration.
- Prepares thorough, detailed reports on each inmate to be considered by the board.
- Reports include a summary of the crime, a history of previous convictions, drug and alcohol use, mental health history, programs taken while incarcerated to improve their knowledge and behaviors, misconduct while incarcerated, a narrative from the district attorney regarding the crime, and inmate's account of the offense, among other information.

The Pardon and Parole Board reviewed 5,295 paroles in FY 2026, conducted 17 stage two commutation reviews, 909 SIR paroles, 580 Administrative paroles, 1 Medical Parole, and 299 pardon reviews. In serving the State of Oklahoma, the agency processed 2,003 written victim protest letters, 1,058 written district attorney protest letters, and 3,374 delegate support letters, in addition to coordinating 75 victim and district attorney protests and 950 delegate personal appearances.

The board works with numerous criminal justice agencies, private attorneys, victims, and victims' families, in addition to offenders' families daily via telephone and email.

The primary purpose of the agency is to assist the board in providing accurate, complete information so they may make decisions or recommendations on paroles, pardons, clemencies, and commutations. However, the agency also serves a wide variety of other clients such as victims, victims' representatives, and offenders' families.

## AGENCY ACCOMPLISHMENTS

- Developed a SharePoint site for board members that provides same-day access to dockets and reports.
- Redesigned and updated the agency's website with assistance from OMES, enhancing both its functionality and user experience.
- Reduced the office footprint by half and brought the administrative offices into the same building where Board meetings are held.
- Adopted emergency rules to allow the Board to expedite consideration of parole revocation for nonviolent offenses.

## AGENCY GOALS

- Initiate a project to modernize the victim notification process by shifting from mailed letters to automated text and email notifications. This change will significantly reduce costs associated with printing, postage and staff processing time.
- Work with OSBI to improve data sharing as they implement the Clean Slate Act.
- Adopt permanent rules to expedite action on parole revocations for nonviolent offenses.

**OKLAHOMA**  
Department of Public  
Safety

## Tim Tipton Commissioner

The **Oklahoma Department of Public Safety** serves as the state agency responsible for:

- Enforcement of laws within the State of Oklahoma, particularly on all state roadways and waterways.
- Providing executive security for the Governor, the Governor's immediate family, the Lieutenant Governor, and persons and property located within the Oklahoma State Capitol Complex. DPS also conducts counter-terrorism and intelligence operations.
- Enforcement of Motor Carrier Safety size and weight, hazardous materials transportation, and Port of Entry operations.

Founded in **1937**, this agency encompasses the following programs:

- Oklahoma Highway Patrol.
- Financial Services.
- Administrative Services.
- Human Resources.
- Technology Services.
- Oklahoma Highway Safety Office.
- First Responder Wellness.
- Oklahoma Office of Homeland Security.
- Oklahoma Counter Terrorism Intelligence Center.
- Oklahoma School Security Institute.
- Oklahoma Law Enforcement Telecommunications System.

## Department of Public Safety | FY 2026 Budget | \$249,274,668

### Administration | \$21,513,835

Administrative Services provides support and management in the areas of wrecker services, finances, information services, legal, records management, human resources, property management, and size and weight permits.

### Homeland Security | \$13,514,738

The Oklahoma Office of Homeland Security (OKOHS) was placed under DPS in May 2024. OKOHS serves as the representing office for the State of Oklahoma in developing and implementing a comprehensive statewide homeland security strategy; planning and implementing a statewide response system; administering the homeland security advisory system; coordinating, applying for, and distributing federal homeland security grant funds and the implementation of national homeland security plans.

### Board of Chemical Tests | \$287,026

DPS receives appropriations on behalf of the Board of Tests for Alcohol and Drug Influence. The mission of the Board of Tests is to enhance public safety through the administration and regulation of the impaired driving breath-alcohol and blood testing programs in the State of Oklahoma.

### Law Enforcement Services | \$142,368,633

The Law Enforcement Services program provides safety and protection for drivers on Oklahoma highways, as well as other specialized law enforcement services including commercial vehicle enforcement, lake patrol, Capitol patrol, bomb squad and executive security for the Governor and his/her family, the Lieutenant Governor, and the Governor's Mansion.

## **Highway Safety Office | \$16,946,281**

The Oklahoma Highway Safety Office is responsible for developing an annual statewide plan to decrease fatalities and injuries on Oklahoma roadways. The OHSO administers federal highway safety funds in the form of projects with state and local agencies, nonprofit organizations and private contractors.

## **Motor Vehicle Operations | \$11,994,735**

DPS buys, builds, repairs and surpluses vehicles for the Oklahoma Highway Patrol and civilian employees of the DPS. Oklahoma Highway Patrol cars are built and used to enforce laws of the state and nation. Fleet Management ensures OHP members and civilian employees have properly equipped vehicles to safely complete their required mission.

## **Management Information Services | \$8,824,620**

The Oklahoma Law Enforcement Telecommunications System provides a statewide telecommunications network for city, county, state, federal and military law enforcement and criminal justice agencies in the state. OLETS also provides computer interfaces with several state and national agencies and organizations. This system is used and needed by all local, state, federal and tribal public safety entities for radio communications.

## **Capital Outlay Troop Headquarters | \$26,300,000**

Construction of Troop Headquarters for Oklahoma Highway Patrol in Clinton, Tulsa, and Ardmore, Oklahoma.

## **Oklahoma School Security Institute | \$1,898,151**

The Oklahoma School Security Institute (OSSI) shall act as the central repository for the public schools, private elementary schools, and secondary schools of the state of Oklahoma to contact for information on Oklahoma statutes and resources made available to the schools in their efforts to enhance school security and assess risks and threats to campuses. The programs offered by OSSI may also provide safety training and education to churches, businesses, other state agencies, and courthouses.

## AGENCY ACCOMPLISHMENTS

- The Oklahoma Child Abduction Response Team successfully and safely recovered 79 children.
- Completed 1,202 DUI/DWI arrests from July 1, 2025, to present.
- Cleared over 75 sites and removed over 2 million pounds of trash in Oklahoma City and Tulsa during Operation SAFE.
- Graduated 47 cadets out of the 74th trooper academy.
- Modernized the wrecker service application process.

## AGENCY GOALS

- Continue to conduct trooper academies.
- Continue to build and modernize DPS facilities (Troop B, Troop H, Troop F, Tactical Training Facility, Administrative Building, I-240 Building).
- Build out the Oklahoma Counterterrorism Intelligence Center (OCTIC).
- Improve radio communication interoperability with surrounding states as well as establish links to metro municipal radio systems.

**OKLAHOMA**  
Transportation

## Tim Gatz Executive Director

The **Oklahoma Department of Transportation** is responsible for planning, designing, constructing, operating and maintaining Oklahoma's highway-based tax-supported transportation infrastructure, including the nontoll interstate system, the U.S. highway system and state highway system, along with management of the state-owned railroads.

ODOT administers a variety of other multimodal programs, including freight rail, passenger rail, public transit and the promotion of and coordination with the McClellan-Kerr Arkansas River Navigation System (MKARNS), Oklahoma's inland waterway.

Founded in **1911**, ODOT now encompasses the following programs:

- Highway Design and Construction.
- Highway Operations and Maintenance.
- County Program.
- Transit Program.
- Rail Program.
- Waterways Program.

# Agency Vision, Mission and Core Values

## **Vision:**

To be an efficient, innovative and customer-driven organization working collaboratively to provide safe, modernized, integrated and sustainable transportation.

## **Mission:**

To provide a safe, economical and effective transportation network for the people, commerce and communities of Oklahoma.

## **Core Values:**

We value our people for their individual and team contributions, and our productive partnerships. We are accountable for the transportation needs of citizens, business and industry in the safest, most proficient manner possible.

# Program Details

**Department of Transportation | FY 2026 Budget | \$2,729,794,230**

## **Highway Design and Construction | \$1,825,012,615**

ODOT oversees design, construction and special maintenance projects totaling approximately \$1 billion on an ongoing basis. Construction activities from the Eight-Year Construction Work Plan and Asset Preservation Plan are administered through 25 construction residencies, while maintenance activities are administered throughout all 77 counties. The field district headquarters coordinates these activities at the local level and provides support through equipment maintenance, communications, and special traffic and maintenance units. The Legislature authorizes ODOT's budgetary expenditures from historically available transportation funding sources. These sources are primarily federal and revolving funds, including federal and state motor fuel taxes directed to the Highway Trust Fund and the State Transportation Fund, respectively, along with the Rebuilding Oklahoma Access and Driver Safety Fund (ROADS Fund) as initiated by HB 1078 in 2005.

The transportation network in Oklahoma falls into two categories: On-System and Off-System. On-System represents the responsibility of the department – interstates, U.S. numbered routes and state routes. ODOT is responsible for 30,523 lane miles of highway pavements and approximately 6,800 bridges across the state. ODOT also assists with planning, coordination, and other support for the nonjurisdictional Off System – city streets and county roads.

ODOT monitors, measures and reports on the pavement surface conditions of the highway system annually. The Federal Highway Administration (FHWA) established the federal system of pavement condition performance measures in 2017 for initial reporting beginning in 2018. Prior to this rule, there was no standard process for evaluating the condition of pavements across different states. This performance measure for pavement surface conditions has three ratings: good, fair, and poor. The measure is composed of a smoothness measure, the International Roughness Index (IRI), which measures cracking, rutting and faulting, which indicate the structural health of the pavement. Prior to 2018, only IRI was available for peer comparison of pavement conditions, which is an incomplete and inadequate measure.

## Highway Design and Construction | \$1,825,012,615 (continued)

For the 2025 reporting period, 37.4% of Oklahoma’s highway miles are in good condition. The department’s performance measure focuses on increasing the number of lane miles in good condition, as asset preservation is the most cost-effective means of preserving pavements and bridges to maximize their service life.

The bridge condition performance measures established by FHWA for state departments of transportation require that bridges on the National Highway System (NHS) be rated according to the National Bridge Inventory condition ratings for the deck, superstructure, substructure and culverts. Based on the lowest rating of these items, a bridge receives a rating of good, fair, or poor. If the lowest rating is greater than or equal to seven, the bridge is classified as good; if it is less than or equal to four, it is classified as poor. Bridges rated below seven but above four are classified as fair. Poor bridges are considered structurally deficient. For the 2025 reporting period, 47.2% of NHS bridges are in good condition.

If pavements and bridge structures are neglected, deterioration will increase rapidly, while the expense to rehabilitate these structures increases exponentially with time. However, if assets are preserved proactively and promptly, the life of the pavement or bridge structure is extended before it deteriorates to the point of needing costly rehabilitation or reconstruction. ODOT's asset preservation effort is provided, in part, by the department's Special Maintenance Program and a portion of the Federal Aid Construction Program.

To improve the traveling public’s safety, ODOT focuses on reducing the miles of two-lane highways with deficient shoulders. Deficient shoulders are defined as any instance of a roadway with less than four feet of pavement outside of the edge-line traffic stripe.

## Highway Operations and Maintenance | \$356,263,509

Highway operations include the core functions that provide construction and maintenance activities for the highway infrastructure through the central office and eight field districts. These activities include bid-letting and construction contract administration, materials testing and certification, development and implementation of construction standards and specifications, and maintenance of highway and bridge infrastructure.

## County Program | \$226,770,000

ODOT administers federal aid funding for county roads and bridges as well as state funding for the County Improvement for Roads and Bridges (CIRB fund) program for the reconstruction of county roads and bridges. The CIRB fund, as administered by the department, was incrementally increased over time to 20% of motor vehicle registration fees and is capped at \$135 million. The second session of the 57th Legislature passed SB 1888 to provide \$42 million from the CIRB fund directly to all 77 counties to assist in maintenance and operations, offsetting any adverse impacts of COVID-19 during FY 2021. ODOT also assists the counties by administering a purchase and leaseback program of machinery and equipment for county road maintenance.

The Preserving and Advancing County Transportation Fund (PACT fund) was established in 2025 through HB 2758. This fund directs specific monies to the counties for purposes including improving county bridges and increasing the per-mile funding of county roads.

## **Transit Program | \$107,562,794**

The Office of Mobility and Public Transit (OMPT) is the Governor's designee for receiving and administering funds from the Federal Transit Administration's (FTA) Sections 5311, 5339, 5303, 5310 and 5329. OMPT's responsibilities under these programs include, but are not limited to, planning, programming, policy development, funding allocation/distribution, transit subrecipient monitoring, technical assistance, rail fixed guideway system oversight and the accounting/reporting of all federal transportation assistance program funds.

These programs are designed to assist with transportation planning; enhance access for the elderly and disabled; and assist populations in nonurbanized areas in gaining access to health care, education, employment, public services, shopping and recreation (Mobility Management) through the maintenance, development, improvement and use of safe public transportation systems in rural and small urban areas, as well as ensuring the safety of the state's rail-fixed guideway systems.

ODOT works closely with approximately 19 rural transit agencies and many nonprofit entities throughout all 77 counties. The program goals are to encourage and facilitate the most efficient use of federal funds to provide safe public transportation through the coordination of transit agencies and services; to assist in the development and support of intercity bus transportation; and to encourage the participation of private transportation providers in nonurbanized transportation areas to the maximum extent feasible.

# Program Details

---

## **Rail Program | \$29,559,012**

The Rail Department has developed partnerships with private sector interests on Class I and Class III railroads to continue rail service for many Oklahoma communities and businesses. ODOT also assists with coordinating with railroads impacted by ODOT highway projects.

ODOT is responsible for improving safety at Oklahoma's rail crossings. The department administers the Federal Highway Administration's grade-crossing safety program to make safety improvements to Oklahoma's public at-grade railway/road intersections.

The department coordinates and administers the Heartland Flyer, an AMTRAK passenger rail service between Oklahoma City and Fort Worth, Texas. The Texas Department of Transportation has helped support the service financially since 2006. The department is exploring opportunities to increase the trip frequency and add a stop in Thackerville, Oklahoma, and extend service north to connect with the Southwest Chief in Newton, Kansas, which would increase ridership significantly.

## Waterways Program | \$143,206

The Waterways Program promotes barge transportation traffic on the McClellan-Kerr Arkansas River Navigation System (MKARNS), designated as Marine Highway 40. The waterways program focuses on educating the public on the benefits of the MKARNS and working with elected officials, port operators, and shippers to promote and market waterway transportation usage and facilities.

There are five publicly developed ports on the MKARNS, two of which are in Oklahoma: the Tulsa Port of Catoosa (northeast of Tulsa) and Port Muskogee. The Rogers County Port Authority (Tulsa Ports) is currently developing the Tulsa Port of Inola (Inola, OK), located approximately 24 miles southeast of the Tulsa Port of Catoosa. Additionally, there are private port operations, such as Oakley's Port 33 (east of Tulsa) and the Port of Keota (southeast of Tulsa). The MKARNS has a 12-state service area shipping fertilizer, steel, minerals, grains, and other miscellaneous bulk commodities and is an important component of Oklahoma's freight network. The MKARNS moves freight at a reduced cost to shippers, reducing the demand for truck-borne freight and providing a benefit to Oklahoma's highway system users.

This program facilitates the Waterways Advisory Board, a seven-member group comprised of Oklahoma Port Operators and MKARNS stakeholders established to advise ODOT on MKARNS-related needs and opportunities. Additionally, this program also facilitates the Oklahoma Port Infrastructure Revolving Fund (OPIRF), a fund established by SB 1429 which contains \$16.2 million for MKARNS port and navigation upgrades and emergency services.

## AGENCY ACCOMPLISHMENTS

- Achieved a national ranking of fourth in highway system bridges by reducing the number of structurally deficient bridges to 35, representing 0.52% of bridges on the highway system.
- The Rural Two-Lane Advancement and Management Plan initiative won the “Safety, Large Project” category at the 2025 America’s Transportation Awards.
- Finalized \$200 million in loans for rural two-lane roadways. The loans, with an average interest rate of 1.95% on 20-year loan terms, will address 113 of the 5,248 miles of deficient shoulders across the state. The loans delivered nearly \$150 million in expected crash cost reduction with safety improvements.
- Completed the transition to Open Roads and Open Bridge Modeler. Plan review meetings now use 3D virtual models that enable real-time collaboration throughout the project lifecycle.
- ODOT and OMES worked together to streamline the asset inventory lifecycle by training AI to compare changes between images of ODOT assets, such as pavement markings, signs, and guardrails.
- \$400 million in RETRO funds have been allocated to 60 different projects in 36 different counties. ODOT anticipates awarding \$277 million in RETRO funds for these projects by the end of FY 2026.

## AGENCY GOALS

- Decrease traffic fatalities by 5%.
- Decrease miles of rural two-lanes with deficient shoulders by 10% through targeted capital improvements.
- Maintain less than 1% of state highway system bridges as structurally deficient.
- Improve the collection of collision data to enhance safety analysis and decision making, in coordination with the Department of Public Safety, Service Oklahoma, and the Oklahoma Highway Safety Office. Test AI capabilities in a pilot program with intent to reduce time-consuming processes to decode collision reports.
- Monitor progress toward goals through quarterly reporting of progress statewide and by field district, adjusting the Eight-Year Construction Work and Asset Preservation Program, and aligning investment strategies to meet long-term goals.
- Increase 700 miles of highway lanes to good condition.

**OKLAHOMA**  
Water Resources Board

## Julie Cunningham Executive Director

Founded in **1957**, the **Oklahoma Water Resources Board (OWRB)** is responsible for managing, monitoring, planning and financing the state's water resource development and infrastructure investment.

With direction from the Legislature and Governor, the agency administers water resources policy, develops and implements Oklahoma's Comprehensive Water Plan, and delivers robust technical information that informs the public and resource planners in the following sectors: agriculture, energy, public water supply, commerce, tourism, and recreation.

The agency encompasses the following programs:

- **Water Rights Administration:** permitting, hydrologic investigations, water well drillers and pump installer licensing.
- **Financial Assistance:** water and wastewater infrastructure financing and technical assistance.
- **Engineering and Planning:** comprehensive water plan, flood plan, dam safety and Floodplain Management Act/National Flood Insurance Plan (NFIP).
- **Water Quality Programs:** Monitoring, lake restoration and water quality standards.

# Agency Vision, Mission and Core Values

## **Vision:**

Advance Oklahoma's water resource development for a secure water future, a resilient economy and a clean, healthy environment for all Oklahomans.

## **Mission:**

Manage, protect and improve Oklahoma's water resources to meet long-term water supply, water quality, flood protection and infrastructure needs.

## **Core Values:**

- Deliver exceptional products, services and solutions.
- Empower stakeholders.
- Commit to excellence, integrity and initiative.
- Invest in our people and culture.

## Oklahoma Water Resources Board | FY 2026 Budget | \$1,514,467,233

### **Water Rights Administration | \$1,986,060**

Appropriates stream water and groundwater. Permits must be obtained from the OWRB for all uses of water in Oklahoma except for domestic use. Permitted beneficial uses of water include public water supply, irrigation, agriculture, industrial, and oil and gas mining. Water is allocated in acre-feet: the amount that would cover one acre of land with water one foot deep, or 325,851 gallons.

### **Hydrologic Investigations/Technical Studies | \$1,989,625**

Conducts hydrologic investigations to determine the amount of fresh groundwater available for appropriation. Staff hydrogeologists, modelers and federal agencies assist in characterizing hydrologic properties of aquifers such as recharge, effects of pumping and water demand.

### **Dam Safety | \$5,863,055**

Ensures the safety of more than 4,700 dams across the state. OWRB staff maintains Oklahoma's portion of the National Inventory of Dams, oversees approval for construction or modification of structures, coordinates breach inundation mapping, inspects low hazard potential dams and provides public outreach and training. The OWRB Dam Safety program also manages FEMA's Rehabilitation of High Hazard Potential Dam (HHPD) grant program, which provides technical, planning, design and construction assistance for rehabilitation of eligible high hazard potential dams.

---

## **Floodplain Management | \$1,709,183**

OWRB acts as the state floodplain board and the National Flood Insurance Program coordinating agency as directed by the Oklahoma Floodplain Management Act. The agency assists communities in reducing costly flooding risks to life and property by updating flood maps through Federal Emergency Management Agency programs and provides opportunities for training and accreditation of local floodplain administrators.

## **Well Driller and Pump Installer Licensing | \$583,376**

Administers the licensing and continuing education of water well drillers and pump installers (water supply, geothermal, observation and monitoring wells) to ensure the integrity of water well construction and prevent potential groundwater pollution. OWRB also assists drillers with required well log reporting. More than 190,000 well logs are available to the public on OWRB's website.

## **Cooperative Technical Water Projects | \$375,750**

Conducts technical projects involving water quantity and quality while working jointly with various cooperators including the Grand River Dam Authority; cities of Norman and Coweta; Central Oklahoma Master Conservancy District; Oklahoma Department of Environmental Quality; Oklahoma Department of Agriculture, Food and Forestry; United States Geological Survey; and the Environmental Protection Agency, to name a few. This program monitors the quality and quantity of groundwater, lake water and stream water. This program includes such activities as bathymetric mapping, dissolved oxygen studies, wetlands assessment and mapping, thus providing data for lake managers, as well as collecting various groundwater-related data for local, state and federal data users.

# Program Details

---

## **Water Monitoring, Assessment, and Technical Studies | \$3,979,044**

OWRB serves as the lead agency for administering a statewide program for assessing, monitoring, studying and restoring Oklahoma lakes and submits a biennial report to the Oklahoma Legislature discussing the status of water quality monitoring in Oklahoma. Monitoring is currently conducted on 40 Oklahoma lakes, 84 stream sites and more than 1,000 groundwater wells across the state. The OWRB maintains a large and robust database and is currently working on a data portal so the stakeholders and the public can access information more easily and effectively. Data is used to meet compliance with four federal interstate stream compact agreements and to guide the management of local and regional public water suppliers, including flood and drought planning, early warnings, and emergency operations.

## **Water Planning | \$1,471,053**

Forecasts long-term water needs through decennial updates to the Oklahoma Comprehensive Water Plan (OCWP). The OCWP provides local planners and lawmakers with data to help ensure safe and reliable water for all Oklahomans. This program works to identify the most pressing needs, provide supply-and-demand projections and associated tools, conduct studies, and facilitate workshops to find innovative solutions to Oklahoma's water challenges for the next 50 years.

OWRB has begun scoping the work required to complete the next update of the OCWP. Due to the prevailing trend toward more frequent weather extremes, in addition to water resiliency planning for times of extended drought, more emphasis will be placed on the flood control infrastructure status and needs of the state. In 2019, following historic flooding that endangered life, destroyed property and tested some of the state's largest flood control infrastructure, OWRB joined several local, state and federal officials for a legislative interim study to assess proactive solutions for improving long-term flood hazard mitigation. The resulting proposed legislation would establish a new statewide flood plan and financing options to support local and regional comprehensive planning and infrastructure investments.

## **Water and Wastewater Infrastructure Financing (Operating) | \$5,250,420**

The Clean Water State Revolving Fund Loan Program is a funding opportunity for qualifying entities to receive below-market interest rate loans on eligible projects including the rehabilitation or construction of wastewater treatment and collection systems; wastewater system improvements; water reuse and conservation; dam rehabilitation; land acquisitions necessary for treatment; green infrastructure; and wastewater system improvements in order to come into compliance with the federal Clean Water Act. This program establishes a revolving loan fund to address the continuance of lendable monies remaining available in the future and can share below-market interest rate funding with borrowers based on OWRB's AAA credit rating.

The Drinking Water State Revolving Fund Loan Program allows OWRB, in conjunction with the Oklahoma Department of Environmental Quality (ODEQ), to provide a funding opportunity for qualifying entities to receive below-market interest rate loans on eligible projects for drinking water treatment, transmission or storage projects under the Safe Drinking Water Act, or the refinance of existing debt for these purposes. OWRB's below-market interest rate funding is based on its AAA credit rating for this program while ODEQ addresses the engineering and technical services. This program establishes a revolving loan fund to address the continuance of lendable monies remaining available in the future.

The Financial Assistance Loan Program provides loan funding for eligible projects related to water and wastewater system needs or for the refinance of existing debt obligations incurred by qualifying entities for these purposes. Borrowers receive low interest rates on monies borrowed based on OWRB's AAA credit rating. This program has no federal requirements and provides the ability to fund water and wastewater projects in one loan transaction for borrowing convenience.

## **Water and Wastewater Infrastructure Financing (Operating) Continued | \$5,250,420**

The Emergency Grants Program is a point-based program designed to assist communities facing crises that threaten life, health, or property. These grants are available to counties, towns and municipalities; public works authorities; school districts; and rural water/sewer districts.

The REAP Grant Program is a point-based program designed to assist smaller communities that lack sufficient fiscal capacity. This program is available to cities and towns. Municipalities with a population less than 1,750 are given priority. Rural water/sewer districts with less than 525 nonpasture customers are also given priority.

## **Water and Wastewater Infrastructure Financing (Bond, Loans and Grant Transactional Funds) | \$1,479,477,048**

This program uses bond, loan and grant funds to facilitate financing for community water and wastewater infrastructure (includes \$503.5 million in disbursement account funds). Funds are budgeted for the various transactions which enable bond proceed transfers, loans and grant disbursements. Funds are managed by the Water and Wastewater Infrastructure Financing Program.

# American Rescue Plan Act (ARPA) Funding Details

---

The OWRB was authorized by the state Legislature to use the American Rescue Plan Act (ARPA) Grant Program for the state's allocation of the U.S. Department of the Treasury's Coronavirus State and Local Fiscal Recovery Funds (SLFRF) for water and sewer projects, with over \$481 million for these projects. Below are the details of the FY 2026 budgeted ARPA funding for each applicable program.

## **Water and Wastewater Infrastructure Financing (Bond, Loans, and Grant Transactional Funds) | \$6,625,662**

With over \$481 million in total ARPA appropriations since FY 2023, \$100 million is available to eligible entities on a point-based system for water, sewer and dam rehabilitation projects. An additional \$10 million is available to eligible entities that own dams with a latest condition assessment of poor or unsatisfactory. The remainder of the funds authorized were designated by the legislative committees overseeing the distribution of the state's ARPA funds or were designated to complete certain projects that did not receive funds in prior years.

## AGENCY ACCOMPLISHMENTS

- Approved \$450.8 million in low-interest loans and grants for drinking water, wastewater, and dam rehabilitation to 133 entities in FY 2025, surpassing \$8.2 billion since program inception in 1986, with an estimated savings of \$2.8 billion to Oklahomans while maintaining AAA bond ratings translating into below-market interest rates.
- Reduced water right approval times by an average 60 days.
- Completed a major online water data platform that makes the stream, lake, and groundwater information collected over the last 24 years easy to search, download, and analyze for use in water management and planning.
- Completed a major online water well drilling plans submittal platform that will reduce regulatory burden on drillers and expedite location approval and ensure water use permits are accurately matched to correct well owners.
- Supported communities in meeting state requirements and reducing long-term flood risks through improved dam safety compliance and rehabilitation grants and by enhancing floodplain assistance.

## AGENCY GOALS

- Modernize and rebuild a 20-year-old water well log submittal system. Well driller-entered data will be accessible to both the public, professionals, and state agencies, enabling quick access to accurate information about well construction and location.
- Improve the online 90-day water use permit system by modernizing 15-year-old code and infrastructure to streamline the user application process and enhance usability for agency staff.
- Complete targeted, holistic basin-wide water resources studies that support the goals and strategies of the Oklahoma Comprehensive Water Plan and the agency's mission.
- Continue through Phase 2 of the Oklahoma State Flood Plan and continue the implementation of the Flood and Drought Management Task Force mandated by HB 2293/SB 1269.

## Expanding Economic Prosperity

**OKLAHOMA**  
Dept. of Agriculture,  
Food and Forestry

## Blayne Arthur Secretary of Agriculture

The **Oklahoma Department of Agriculture, Food, and Forestry** (ODAFF) serves as the primary regulatory agency for Oklahoma's agriculture industry. ODAFF administers a broad array of programs to promote Oklahoma agriculture and protect Oklahomans and our natural resources.

The agency manages the herd health of the state's livestock; licenses businesses and individuals that provide services to farmers and ranchers such as pesticide application; inspects food products such as meat, poultry and dairy products to maintain safety standards; fights wildland fires; licenses confined animal feeding operations to ensure stewardship of natural resources; provides investigative services for livestock and agriculture equipment theft and arson; and promotes Oklahoma agriculture businesses and products domestically and internationally.

Created in **1907** by the Oklahoma Constitution, this agency now encompasses the following divisions: Administrative Services, Agriculture Environmental Management Services, Animal Industry Services, Consumer Protection Services, Food Safety, Forestry Services, Office of General Counsel, Laboratory Services, Market Development, and Wildlife Services.

# Agency Vision, Mission and Core Values

## **Vision:**

Foster healthy and thriving communities by promoting growth and sustainability in food, fuel and fiber production.

## **Mission:**

Allow agriculture to thrive now and into the future by creating an environment favorable to Oklahoma producers while ensuring mandatory regulatory compliance and encouraging the use of voluntary best management practices.

## **Core Values:**

Service, accountability, collaboration, promotion and protection.

## Department of Agriculture | FY 2026 Budget | \$113,079,018

### Administration | \$35,670,547 and Office of General Counsel | \$875,819

Administration and the Office of General Counsel includes human resources, accounting, budgeting and finance, general administration, capital assets management, investigative services, and legal services. The budget for Administration includes the following:

- \$5.4 million for OSU Robert M. Kerr Food and Agricultural Products Center. (includes \$4.4 million carried over from FY 25)
- \$5.5 million for the Cooperative Extension and Agricultural Research Programs affiliated with Langston University.
- \$3.0 million for the Oklahoma City National Bombing Memorial. (includes \$1.5 million carried over from FY 25)
- \$1.3 million for the research centers affiliated with OSU Agriculture Experiment Stations.
- \$5.2 million for the Extension offices affiliated with OSU Agriculture Extension Service.
- \$4.5 million for the renovation of youth camps to be operated for Oklahoma Future Farmers of America that was carried over from FY25.

### Agricultural Environmental Management Services (AEMS) | \$2,263,640

Dedicated to working with producers and concerned citizens to protect the state's soils, air, and waters. AEMS was created by the Oklahoma Legislature in 1997 to help develop, coordinate, and oversee environmental policies and programs primarily related to poultry, cattle, and swine. Its primary responsibilities are to implement the Oklahoma Agriculture Pollutant Discharge Elimination System Act, the Oklahoma Concentrated Animal Feeding Operations Act, the Swine Feeding Operations Act, the Oklahoma Registered Poultry Feeding Operations Act, and the Oklahoma Poultry Waste Applicators Certification Act. These programs include the licensing, registration, and inspection of poultry, beef, and swine growing and feeding facilities. Additionally, AEMS is responsible for licensing agricultural compost facilities.

## **Forestry Services | \$32,448,668**

Provides citizens and landowners of Oklahoma with forest and natural resource management services, wildland fire protection, community and urban forest management assistance, forest water quality monitoring and compliance, environmental education, and rural community fire defense planning and assistance. The budget for Forestry Services includes:

- \$8.4 million for Rural Fire Defense operational fire grants.
- \$2.4 million for Rural Fire Defense 80/20 grants. (includes \$425,680 carried over from FY 25)
- \$1.1 million for rural fire coordinators.
- \$2.1 million for replacement of equipment and gear for rural Oklahoma fire departments carried over from FY 25.
- \$750,000 for Forest Regeneration Center/Community Fire Office Facility in Goldsby carried over from FY 25.

## **Agricultural Statistics | \$66,925**

Works in cooperation with the USDA National Agricultural Statistics Service. Information on Oklahoma crops, demographics, economics, environment, livestock and animals, charts and maps, research and science, education and outreach can be found on the ODAFF website.

# Program Details

---

## **Animal Industry | \$3,744,151**

Protects herds and flocks of Oklahoma by inspecting the 60 livestock auctions in the state to ensure they are keeping records and identifying livestock, enabling the agency to trace animals back to the source when diseases are identified. Additional responsibilities include licensing feral swine facilities, farmed Cervidae facilities, aquaculture facilities, and livestock markets, as well as working with practicing veterinarians and agricultural industry partners to keep all stakeholders aware of disease threats and outbreaks. Through this division, the ODAFF works with other state agencies to be prepared to shelter pets and companion animals in disaster situations and manages a large cattle identification database to assist with the ability to trace livestock in case of disease.

## **Market Development | \$16,626,272**

ODAFF's Market Development division is tasked with helping the state's agricultural economy broaden its outlets for agricultural commodities and assisting producers, processors, wholesalers and retailers in marketing these products. The budget for Market Development includes the following:

- \$5.8 million for the Local Food for Schools program (includes \$2.6 million carried over from FY25)
- \$513,325 for Made in Oklahoma.

## **Wildlife Services | \$2,688,021**

The Wildlife Services program is responsible for managing wildlife and reducing damage to agriculture and property by minimizing threats to public health and safety and helping to protect natural resources including endangered species.

# Program Details

---

## **Consumer Protection Services | \$6,780,187**

Consumer Protection Services strives to provide consumers and the Oklahoma agricultural and urban communities with the highest level of service possible, including ensuring and enforcing quality standards for agricultural products, scales, and package weights, while providing information and technical assistance to consumers and businesses.

This division also regulates pesticide use and oversees the protection of Oklahoma's soils, air, and water from pesticide and fertilizer. Division employees provide consumers and their communities with services that ensure and enforce quality standards for agricultural and nonagricultural products. The laws regulated by this division affect the goods and services associated with Oklahoma's grain storage, hemp, scrap metal, apiary, ag-lime, ornamental plant, vegetable plant, feed, seed, fertilizer, weights and measures, and pesticide industries.

## **Food Safety | \$6,169,265**

Food Safety enforces federal and state laws and rules relating to the production of food and food products derived from animals and plants to assure citizens of Oklahoma that the food supply from meat, poultry, eggs, produce, and milk is safe.

## **Agriculture Laboratory | \$4,558,869**

Agriculture Laboratory tests samples submitted to ensure the quality of agricultural products sold to protect the environment, to diagnose animal diseases, and to ensure the correctness of all weights and measures. The budget for the Agriculture Lab include the following:

- \$1.67 million for Agriculture Lab building bond payment expense.

## AGENCY ACCOMPLISHMENTS

- Conversion to Braintree for credit card & ACH payments has resulted in a 30% reduction in fees for the agency and the customer, an increase in online payments, allowed clickable payment links to be imbedded in emailed invoicing, an integrated online dashboard to customizable reports, and additional transaction information to help the agency prevent chargebacks.
- Grant funds used to build four different Ag Literacy kits; hosted workshops for high school 4-H, Future Farmers of America and Family, and Career and Community Leaders of America chapters to learn how to use the kits and implement in elementary classrooms at their school.
- Completed Year of Youth Ag Campaign with 41 posts with over 1.76 million views.
- Held the fifth annual AgHerCulture event for personal and professional development for approximately 220 young women interested in pursuing a career in agriculture.

## AGENCY GOALS

- Increase Oklahoma exports of agriculture products through trade missions (inbound and outbound).
- Grow grape and wine industry with new expertise and resources through Viticulture and Enology Fund.
- Represent Oklahoma interests in review of U.S.-Mexico-Canada Agreement (USCMA).
- Expand Farm to School program outreach to additional schools and producers.
- Continued focus on Black Vulture mitigation for agriculture producers and cooperators.
- Continue Foreign Animal Disease preparedness and response efforts with focus on New World Screwworm pending status of invasion.
- Increase processing capacity for raw agricultural products to grow value-added revenue.

**OKLAHOMA**  
**CareerTech**

## **Brent Haken** **State Director**

The **Oklahoma Department of Career and Technology Education** provides leadership and resources to ensure standards of excellence throughout the statewide CareerTech system. The system offers its programs and services throughout 394 pre-K-12 school districts, 29 technology centers, 20 Skills Centers located in correctional facilities, and 49 adult basic education providers with 125 sites.

Each technology center works closely with advisers from local industries to ensure that students learn the skills needed to be valued members of the workforce. The agency partners with many other state and private agencies and organizations to develop services to advance Oklahoma's workforce and economic development.

Founded in **1968**, this agency now encompasses the following programs:

- Educational Attainment.
- Business/Educational Partnerships.
- Career Awareness.
- Agency Operations & Program Support.

# Agency Vision, Mission and Core Values

## **Vision:**

Securing Oklahoma's future by developing a world-class workforce.

## **Mission:**

Prepare Oklahomans to succeed in the workplace, in education, and in life.

## **Core Values:**

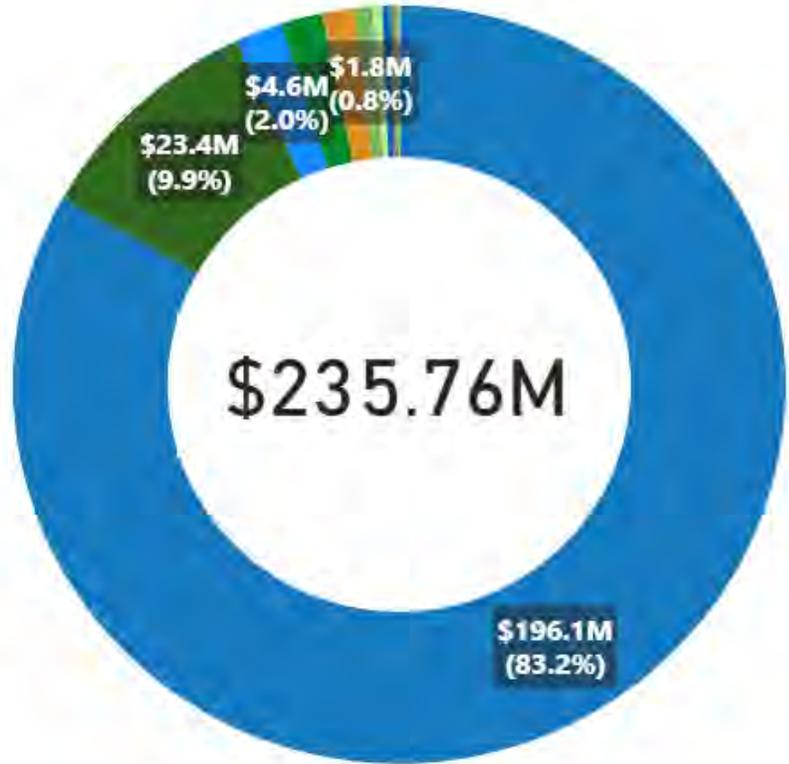

High-quality educational experiences; data informed decisions; ethical behavior; service to customers and stakeholders; innovation, flexibility and accountability; commitment to excellence; and equal access for Oklahomans.

## Program eligibility

- Pursuing an alternatively certified, emergency certified, or standard certification through the State Department of Education.
- Actively employed (full or part-time) at a school district, technology center, or early learning center.
- Enrolled at an approved Regional University System of Oklahoma (RUSO) university in an education/teacher preparation degree or certification program.
- Minimum 2.0 grade point average (GPA).

The **Teaching to Teach Apprenticeship Program** is a strategic CareerTech initiative designed to increase the number of certified teachers and address education workforce shortages.

Future educators who are pursuing alternative, emergency, or standard teaching certificates through the Oklahoma Department of Education receive scholarships to help pay for their education and mentorship from professionals at their schools. The money comes from a grant awarded by the Oklahoma Workforce Commission through the American Rescue Plan Act.

In exchange, apprentices complete education training from one of the six regional universities and complete on-the-job training under a mentor at their school district, technology center, or early learning center.

The Teaching to Teach Apprenticeship Program is available for the 2025 – 2026 academic year and eligible apprentices can participate in an apprenticeship during a single semester or throughout both fall and spring semesters. Applications will be reviewed and approved on a “first-come, first-serve basis,” therefore, early submissions are *highly* encouraged.

## Department of Career and Technology Education | FY 2026 Budget | \$244,306,025

### Educational Attainment | \$207,364,219

CareerTech offers an array of career and technology coursework options. Through their coursework, students acquire the skills and abilities needed to successfully enter the workforce and/or postsecondary education. To accomplish this strategic priority, funding is provided to CareerTech's delivery arms which include:

- 394 pre-K-12 school districts with CareerTech offerings such as Agricultural Education, Family & Consumer Sciences, Business Information Technology Education, Marketing Education, Health, Trade and Industrial Education, and STEM.
- 29 technology center districts with 59 campuses that offer secondary and postsecondary programs and customized training and specialized workforce education programs to meet the needs of industry.
- 20 Skills Center sites that offer specialized occupational training to adult and juvenile offenders within correctional facilities throughout the state.
- 49 Adult Education and Family Literacy providers who provide basic-skill instruction for economically disadvantaged adults at 125 sites.

## **Business/Educational Partnerships | \$5,587,589**

Collaboration with key business and educational partnerships to expand economic development and improve educational experiences for students, including diverse perspectives and backgrounds. Includes funding for work-based learning activities, educator externships, and the Oklahoma APEX Accelerator (OkAPEX) which assists companies in contracting with local, state, federal, and tribal governments.

## **Career Awareness | \$2,102,945**

Ensures Oklahomans have the knowledge and skills to make informed career choices and are better equipped to enter the workforce. The support provided by the Counseling and Career Development team and the OKCareerGuide provide the foundation for career awareness and planning.

## **Agency Operations and Program Support | \$25,358,405**

Provides field support to technology centers, Preschool-12 school districts, Jobs for America's Graduates (JAG) programs, and the skills centers school system to ensure our students and stakeholders have adequate resources including curriculum and assessment tools.

This program:

- Manages accreditation for technology center programs.
- Administers programs utilizing federal and state funds in matters related to vocational and technical education.
- Provides for formulation and adoption of curriculum and assessment tools in alignment with industry needs.
- Develops a plan to provide adequate accessibility to vocational offerings so all students have the ability to benefit.
- Participates in the recruitment and training of companies to locate or expand operations in the state.
- Provides overall leadership to the CareerTech system.

## AGENCY ACCOMPLISHMENTS

- Expanded services to the Panhandle with the annexation of Beaver County into High Plains Technology Center, allowing for previously unserved individuals to receive technology center training services.
- Increased membership in student organizations by 14% from the previous fiscal year. FY 2025 membership was 122,929 and is the fourth consecutive fiscal year of student organization growth.
- Served 14% more businesses through technology centers over the prior year bringing the total number of business served to 10,604.

**Department of Commerce | FY 2026 Budget | \$173,515,403**

## **Community Outreach Revitalization and Enterprise (CORE) | \$126,269,306**

Focused on community development, including regional and rural development, Main Street programs, film and music, small business, and entrepreneurship. CORE cultivates relationships with community stakeholders to foster economic growth through education, programs, funding, and community services.

The Main Street program provides specific services and training to participating towns or neighborhoods as they begin the process of revitalizing their districts. It also offers education to non-Main Street communities on the benefits of historic preservation and community commercial development. The Main Street Incentive Program uses P3 as its funding mechanism.

Community Services Development fosters economic development by helping communities understand and implement infrastructure and community service projects and comprehensive planning to maximize their resources. Community Development programs also provide relief from economic hardship caused by various disasters.

The Regional Development Team supports the local efforts of city and county leaders in business assistance, grant identification, resources connections, one-on-one training, site development, and economic best practices.

## AGENCY ACCOMPLISHMENTS

- The EDGE division contributed to 7,951 new direct jobs announced in FY 2025. The average wage of these new jobs is \$74,231.
- CORE/EDGE held a quarterly series of stakeholder meetings to share state offerings and programs. In addition, survey data was collected to inform and guide our sector industries for the various regions in Oklahoma.
- Oklahoma announced \$13.1 billion in private investments for the state in FY 2025.
- Upgraded the grants management system to a cloud-based version that will reduce server costs.
- Upgraded our customer relationship management system which will reduce server and maintenance costs.

## AGENCY GOALS

- Finalize the state economic strategic plan. This includes engaging our various legislative, business, and community partners. The final report is expected to be released in February 2026.
- Fully integrate the agency's customer relationship management software to better capture and track new leads and ongoing projects in CORE and EDGE.
- Begin work on the Census 2030, ensuring that the Census Bureau's master address file is complete and accurate. The Oklahoma Department of Commerce is the state liaison to the U.S. Census Bureau.
- Establish a regional trade office based in Taiwan.
- Engage more extensively with the Oklahoma Tourism and Recreation Department to align tourism and business recruitment as we approach the Route 66 Centennial, the celebration of America's 250th birthday, and the 2028 Olympics.

**OKLAHOMA**  
Historical  
Society

## Trait Thompson Executive Director

The **Oklahoma Historical Society** serves as the primary agency for the collection of archival documents and physical artifacts important to the state's history, the preservation and interpretation of key historic sites, the administration of federal preservation programs, hands-on student education about Oklahoma history, and the display and interpretation of key artifacts and stories through museums and historical markers.

Founded in **1893**, the Oklahoma Historical Society now encompasses the following divisions: Finance, Human Resources, Oklahoma History Center and Museum of History, the Will Rogers Memorial Museum, Research, State Historic Preservation Office, Museums and Historic Sites, and OKPOP.

The Oklahoma Historical Society also oversees public-private partnerships with over 30 nonprofit groups dedicated to providing support to museums and historic sites and serves as the trustee for the administration of the White Hair Memorial site in Osage County.

# Agency Vision, Mission and Core Values

## **Vision:**

To be the leading historical institution that preserves and promotes Oklahoma's history and culture with creativity and innovation.

## **Mission:**

Collect, preserve, and share the history and culture of the state of Oklahoma and its people.

## **Core Values:**

Public service, today, tomorrow, and far into the future, as a guiding principle.

Success depends on an entrepreneurial business plan that includes high standards, efficient management, and the ability to attract partners.

Programs adhere to the highest standards of integrity, discipline, and transparency.

Effective planning, considering statutory authority, sustainability, is central to success if the OHS is to leverage resources to collect, preserve, and share Oklahoma history.

Each year thousands of Oklahoma students, encouraged by teachers statewide, participate in the Oklahoma National History Day (OkNHD) program for students grades 6–12.

National History Day helps students develop research, writing, and communication skills while exploring history in a hands-on, project-based format. The program also supports teachers with lesson plans, classroom guidance, and alignment to Oklahoma Academic Standards in social studies, English/language arts, civics, and technology.

For OkNHD projects, students choose historical topics related to a theme and conduct extensive primary and secondary research through libraries, archives, museums, and historic sites. After analyzing and interpreting their sources, students draw conclusions about their topic's significance in history before presenting their work in original papers, exhibits, performances, websites, and documentaries.

The student projects are entered into competitions in the spring at regional, state, and national contests where they are evaluated by professional historians and educators. In FY 2025, OkNHD programs expanded from 75 to 87, increasing opportunities for engagement statewide.

## Oklahoma National History Day

### *In FY 2025:*

- Total participants rose from 9,663 to 13,102, including students, teachers, judges, and parents.
- Number of participating counties increased from 48 to 60.
- Oklahoma sent 58 students and 18 teachers to the national competition in Washington, D.C.

## Oklahoma Human Services | FY 2026 Budget | \$3,657,395,755

### Adult and Family Services | \$2,010,523,687

Adult and Family Services helps families achieve increased self-sufficiency and economic independence through education, work skills, wage advancement, mentorship, and building healthy social networks. Adult and Family Services assistance programs include:

- Temporary Assistance for Needy Families and Supplemental Nutrition Assistance Program helps unemployed individuals obtain higher wages and achieve long-term employment through education, training and skill-building.
- Cash assistance for aged, blind and disabled individuals with little to no income.
- Determination of Medicaid eligibility.
- Low Income Heating and Energy Assistance Programs.
- Childcare subsidies help low-income families access affordable, quality childcare so parents can work or attend school.

This program distributed \$1.6 billion in SNAP benefits to 925,558 Oklahomans in FY 2025.

## Community Living, Aging and Protective Services | \$165,890,706

Community Living, Aging and Protective Services allows low-income seniors and disabled Oklahomans to experience a higher quality of life and remain in their homes and communities longer. The true north goals that support this mission are:

- Foster strong relationships with families, agencies and community partners to improve the independence and well-being of vulnerable adults.
- Promote the safety and protect the quality of life of vulnerable adults.
- Empower independence and client choice through person-centered thinking and planning for the delivery of services.

Most services are provided through the Medicaid home and community-based ADvantage waiver program, which offers case management, homemaking services, home-delivered meals, and medical prescription assistance. Community Living, Aging and Protective Services supports the rights, independence and quality of life of older adults and persons living with disabilities through the administration of community-based programs.

Protective Services assists vulnerable adults over the age of 18, some of whom are no longer able to meet their own needs. Program staff recognize the need for intervention in certain cases and work to develop service plans to support and assist adults so they can live safely at home when possible. Not all referrals become investigations. Many vulnerable adults choose to accept services from community partners to assist with chores such as housekeeping or mowing the lawn.

In FY 2025, more than 2.2 million meals were provided through in-home and congregate services; while 17,499 investigations of adult abuse, neglect and exploitation were completed.

## **Child Care Services | \$295,521,636**

The mission of Child Care Services is to ensure that Oklahoma’s families have access to licensed, affordable, and quality child-care.

The program licenses child-care programs to ensure the children of Oklahoma are served in a safe, nurturing environment. CCS assists these programs in meeting the highest quality standards with an emphasis on early childhood education and school readiness. Child Care Services staff partner with child-care providers and community partners to ensure children who receive subsidized child-care have access to high quality programs.

In FY 2023, the program restructured the child-care program Quality Rating Improvement System from a 3-star to a 5-star system, with the 5-star programs receiving a rate increase.

Multiple Covid-19 supports were administered throughout FY 2023, including QRIS incentive payments, stabilization grants, child-care desert grants, exceptional needs grants, child-care subsidy financial supports for providers, and workforce bonuses for employees of licensed child-care facilities. These federal funding supports have now expired.

There are 3,033 licensed childcare providers statewide, with 39,000+ children receiving subsidies for care each month.

## Child Support Services | \$55,925,203

Child Support Services ensures children's financial support needs are met by enforcing court-ordered child support from noncustodial parents. Children deserve to be financially supported by both parents and CSS establishes, monitors and enforces reliable child support while encouraging self-sufficiency and strengthening relationships. CSS provides the following services:

- Locating non-custodial parents.
- Establishing legal fatherhood (paternity).
- Establishing and enforcing fair support orders.
- Increasing health care coverage for children.

Parents who owe child support need a steady income to make payments. To increase parents' ability to pay, CSS seeks to help parents find work by partnering with experts in the areas of employment services and removing barriers to employment. The true north goals that support this mission are:

- Improve the economic stability of Oklahoma families by increasing the number of children receiving support from noncustodial parents.
- Improve children's access to health care.
- Improve a noncustodial parent's ability to pay their court-ordered child support obligation by promoting financial stability.

In FY 2025, this program collected and distributed \$300+ million in child support for Oklahoma families on 160,211 open cases.

## Child Welfare Services | \$536,457,866

The mission of Child Welfare Services is to provide programs and services necessary to protect children from abuse or neglect and ensure they have safe, permanent families. The true north goals that support this mission are:

- Equip and empower families to provide a safe home for their children.
- If children enter foster care, work to understand and meet their needs, including safety and connections to their family, community, and culture, while addressing health, behavioral health, developmental and educational needs.
- Ensure every child and youth has a family and the support they need to grow and develop toward adulthood.

Over the past decade, the Oklahoma child welfare system has undergone significant reform to become a national example of a system that is self-correcting, proactive, and family-focused. The Pinnacle Plan, developed in 2012, resulted from a class-action lawsuit that primarily focused on the care of children in state custody. Subsequent improvements to the child welfare system have been much broader and have extended to the entire system reform. In FY 2025, a federal court confirmed that OKDHS has fulfilled its obligations under the Pinnacle Plan settlement, bringing more than a decade of intensive foster care reform to a successful conclusion and ending external monitoring of the state's child welfare system.

Oklahoma Human Services strives to keep families safely together whenever possible instead of removing children and then working toward reunification. If a child is found to be unsafe after assessing the family situation, CWS intervenes to assist the family and keep the child safe. Increasingly this intervention is accomplished by providing services to the family and children in their home.

In FY 2025, the agency investigated cases of abuse and neglect involving 65,951 individual children. Prevention services are intended to support families so that children do not have to enter the state's custody. 65% of children were served in prevention cases.

## **Developmental Disabilities Services | \$318,236,772**

Developmental Disabilities Services enables thousands of Oklahomans with developmental disabilities to live and work in their communities through residential and employment supports. People who were historically only afforded segregated services in state institutions are now integral parts of their families and communities. Oklahoma is second in the nation for the number of people with developmental disabilities engaged in employment.

DDS works with community partners and stakeholders to empower and support Oklahomans with intellectual and developmental disabilities. The true north goals that support this mission are:

- Empower and support Oklahomans with developmental disabilities to live independently and work in competitive, integrated employment within their communities.
- Assist families with service navigation as OKDHS continues its work to eliminate the waitlist.
- Improve the well-being and independence of individuals receiving in-home and community-based services.

In FY 2023, the Legislature appropriated funding to supply a 25% rate increase to partner providers and to serve all individuals on the waitlist as of May 1, 2022. Since that time, the number of clients receiving services increased to 7,847 individuals in FY 2025. The waitlist has been reduced from 13+ years to one year.

## AGENCY ACCOMPLISHMENTS

- Fulfilled the court-ordered obligations of the Pinnacle Plan, bringing more than a decade of intensive foster care reform to a successful conclusion and ending external monitoring of the state's child welfare system.
- Reduced the Developmental Disabilities Services waitlist from over 13 years to one year.
- Child Support Services ranked first nationally in paternity establishment. This program helps ensure children receive necessary financial support.
- Increased kinship placement of children through the Child Welfare System to 43%.
- Implemented a workload initiative across several programs, enabling teams to work smarter and serve families more effectively.
- Exceeded targets for the percentage of individuals with developmental disabilities who are working or contributing to their community through supported employment, achieving 75% in FY 2025.

## AGENCY GOALS

- Reduce the state's SNAP payment error rate from 10.87% to 5.99%. This reduction will significantly decrease the projected future state cost share of SNAP benefits.
- Serve all eligible individuals who were on the Developmental Disabilities Services waitlist as of May 1, 2022, with a target of reducing the number of clients awaiting services to 1,000 by FY 2026.
- Increase the percentage of children with a child welfare case placed in kinship to 55% in FY 2025.
- Consolidate technology portals across Adult and Family services, Child Support, and Child Welfare to provide customers with a coordinated, user-friendly experience and create the foundation for a future single-entry point for all state benefits.
- Deploy chip cards for EBT SNAP benefits to help reduce SNAP cloning and skimming, protecting client benefits from fraud and ensuring secure access.
- Increase the percentage of individuals with developmental disabilities who are working or contributing to their community from 75% to 77%.

## Department of Libraries | FY 2026 Budget | \$10,346,008

### Library Development | \$2,638,122

Provides the following services to Oklahoma public libraries:

- Planning and consultation services.
- Professional development.
- Technology training, assistance, and implementation.
- E-Rate application assistance.

This program grants state aid to qualifying public libraries. Aid is often used to purchase library materials and technology the library would otherwise be unable to afford. The program provides materials and support for the annual statewide Summer Reading Program that combats the “summer slide”— losses in learning gains during the break from school – through programming that enhances the literacy skills of pre-K and school-aged children. Support is provided to the Department of Corrections for library services to correctional facilities statewide in the form of consulting and materials for local collections. Staff contribute to the development of statewide program materials for use by all public libraries.

Federal funds from the Institute of Museum and Library Services (IMLS) support most of the programs administered by this division.

# Program Details

---

## **Statewide Programs | \$1,745,976**

Supports library and community-based literacy programs and volunteer tutors by providing training, funding, resources, and technical assistance for local programs. Major initiatives include health literacy, citizenship and immigration, and the Temporary Assistance for Needy Families (TANF) literacy program.

My First Library is an early literacy initiative that celebrates literacy, promotes family reading, and provides early literacy training and information to parents and childcare providers. Each month, the Literacy Program distributes more than 1,400 books to preschool children who are at risk for low literacy. Read Across Oklahoma is an annual event that celebrates reading and encourages family reading to build early literacy skills.

The TANF initiative is a workforce development collaboration between the Literacy Program and the Oklahoma Department of Human Services (OKDHS). Library and community-based literacy programs provide basic literacy instruction to TANF clients. Clients remain in the program until they are employed or reach a sixth-grade proficiency level and are referred to other OKDHS education partners.

## **Archives and Records Management / State Library | \$1,749,715**

Manages the statewide resource sharing program that includes a subscription to the WorldCat database platform, enabling Oklahoma libraries to utilize the worldwide catalog of 2.5 billion resources. Access is also provided to the WorldShare Interlibrary Loan interface and OCLC Cataloging capabilities for 28 public libraries. Interlibrary Loan services are provided directly to smaller libraries. The Allen Wright Library collection serves as an Interlibrary Loan resource for public libraries, correctional institutions, schools, and special libraries. This collection also serves state government employees, legislators, and researchers. Staff provide professional reference services on general, legislative, state, and U.S. government topics. Library resources staff also administer the Statewide Online Resources program referenced below.

# Program Details

---

## **Archives and Records Management / State Library | \$1,749,715 (continued)**

Provides state government agencies with technical assistance in managing their state records and provides centralized storage for agencies' state records at the State Records Center and Annex. The State Archives preserves and provides access to permanent records of state government through both physical collections and digitization of items for digital collections.

As required by statute, ODL maintains a repository of original land survey filings, which are used extensively by Oklahoma's surveyors and local/state government agencies. The archives and records repository currently contains more than 235,000 land survey records and grows at the rate of approximately 9,000 records per year. State Archives staff process approximately 1,800 requests per month for outgoing copies of these filings.

## **Information Technology | \$2,276,261**

Using federal funding, ODL facilitates access to high quality online information resources for all Oklahomans through statewide agreements. This program also facilitates the statewide Online Computer Library Center FirstSearch and Worldcat.org license for all Oklahoma public libraries, which enables collection discovery and resource sharing at the state and national level.

## AGENCY ACCOMPLISHMENTS

- Increased information made available through statewide online resources and saw a 6.9% increase in web traffic.
- Enhanced access to Oklahoma's history by adding 2,908 new documents and publications to the Oklahoma Digital Prairie, which received over 768,315 pageviews.
- Certified 174 library staff across Oklahoma (48% increase over last year), with 108 earning their certification for the first time (20% increase over last year).
- Library staff earned 5,902 professional development hours through ODL programs, an increase of 74.6% over last year.
- Reworked the federally funded Website Development program, reducing both financial costs and staff time to provide high quality websites for small, rural libraries by over 50%.

## AGENCY GOALS

- Advance the State's digital records management capabilities to preserve and provide access to government records and local history.
- Strengthen library services by expanding staff professional development throughout the state, leveraging technology to improve delivery, and using quality data to inform decisions.
- Enhance long-term operational effectiveness and cost savings by modernizing policies and processes, building staff capacity through documentation and cross-training, leveraging technology, and filling key positions.
- Advance community well-being through literacy development, lifelong learning, health and wellness, and civic engagement across Oklahoma.
- Collaborate with the Oklahoma Broadband Office to connect public libraries with U.S. Treasury Capital Projects that will enable workforce engagement, education access, and healthcare monitoring.

**OKLAHOMA**  
Lt. Governor

## **Matt Pinnell** **Lieutenant Governor**

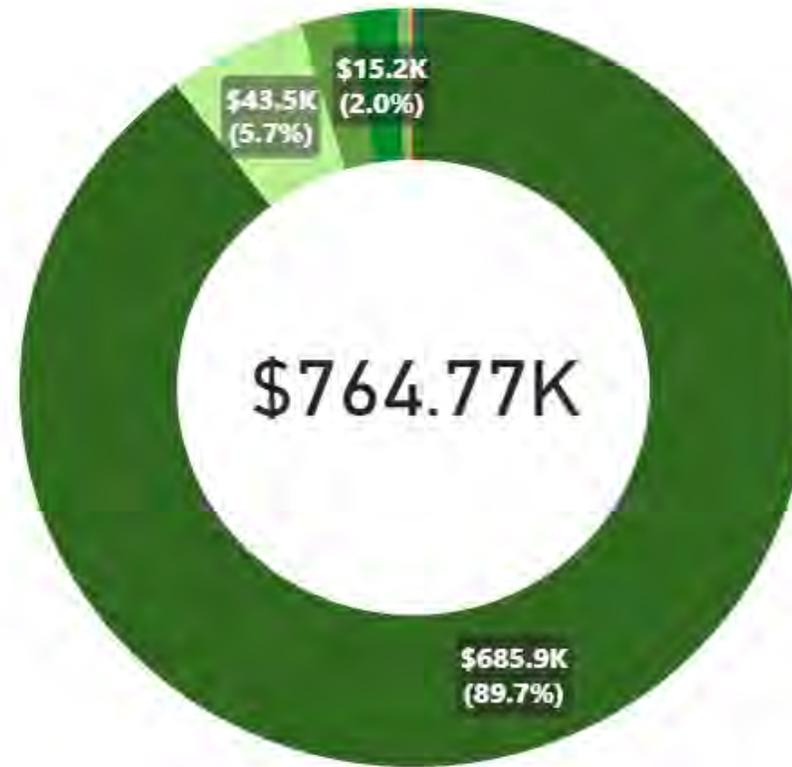

Oklahoma's **Lieutenant Governor** serves in place of the Governor when the Governor leaves the state. The Lieutenant Governor serves as the president of the Oklahoma Senate, casting a vote in the event of a tie and presiding over joint sessions of the State Legislature. The current Lieutenant Governor is Matt Pinnell. He took office in 2019.

The Lieutenant Governor presides over, or is a member of, the following state boards and commissions:

- Chairman, Oklahoma Tourism and Recreation Commission.
- Native American Cultural and Educational Authority.
- State Board of Equalization.
- Oklahoma Capitol Improvement Authority.
- Oklahoma Archives and Records Commission.
- Oklahoma Film and Music Advisory Commission.

## **Museum Management | \$3,820,279**

Museum Management provides operational support for the Oklahoma National Guard Museum.

## **Youth Programs | \$13,507,179**

### **Thunderbird Challenge**

The National Guard Youth Challenge Program is an 18-month program consisting of a 22-week in-resident phase followed by a 12-month postgraduate mentorship phase that leads, trains and mentors 16- to 18-year-old at-risk students and high school dropouts so they may become productive citizens. The Thunderbird Challenge Program provides the only at-risk, in-resident program in the State of Oklahoma and directly impacts the statewide goal of educated citizens and exemplary schools, specifically the statewide program of high school completion.

### **STARBASE**

The U.S. Department of Defense STARBASE program focuses on elementary students, primarily fifth graders, to raise interest and improve the knowledge and skills of at-risk youth in science, technology, engineering and mathematics (STEM), which will provide for a highly educated and skilled American workforce that can meet the advanced technological requirements of the U.S. DoD. STARBASE exposes these students to technological environments through 25 hours of hands-on instruction and activities, as well as interactions with positive civilian and military role models found on active and National Guard military installations. STARBASE 2.0 provides additional STEM activities and mentorship for youth making the transition from elementary to middle school.

- The Thunderbird Challenge Program housing and dining facility is expected to be completed in February 2026. This \$13 million ARPA funded project addresses educational disparities through academic, social, and emotional services provided to high school dropouts 16-18 years of age.
- The Joint Operations Center, a state-of-the-art command and control center, was completed in December 2025.
- The Holistic Health and Wellness Center in Oklahoma City is expected to be completed in February 2026 to support Oklahoma's military and first responders.
- Established an Unmanned Aerial Systems (UAS) training program at the Camp Gruber Training Site for training, exercise support, and innovation capabilities through relationships with federal, state, tribal, academic, and industry organizations.

## AGENCY GOALS

- Start the build-out of a new Shawnee Readiness Center to meet the needs of the Field Artillery units stationed there. The project is estimated at \$28 million with 100% federal funding and a completion date of September 2027.
- Renovate the Vinita legacy readiness center to post-9/11 Department of Defense standards.
- Complete construction on the new Oklahoma National Guard Museum in northeast Oklahoma City, which was approved in a \$47 million bond. Completion is expected in March 2026.
- Repair and modernize the Greenleaf Lake Dam near Braggs, OK. This project is estimated at \$10.3 million with a completion date of August 2026.
- Complete the OMD complex civil works project to update failing utilities, roads, and other infrastructure. The project is estimated at \$12.2 million federal/state funding and expected to be completed in March 2026.

**OKLAHOMA**

**Center for the  
Advancement of  
Science and  
Technology**

## **Jennifer McGrail Executive Director**

The **Oklahoma Center for the Advancement of Science and Technology (OCAST)** serves as the state’s agency for technology-based economic development. OCAST’s mandate is to “grow and diversify Oklahoma’s economy and provide new and higher quality jobs for Oklahomans” by encouraging “... the development of new products, new processes and whole new industries in Oklahoma” (74 O.S. §§ 5060.1a and 5060.2(A)).

OCAST fulfills this mission by helping Oklahoma innovators turn ideas into companies, supports technologies that solve real-world problems, and accelerates business growth in sectors where Oklahoma can lead.

Established in **1987**, this agency now encompasses the following programs:

- Industry Innovation Programs.
- STEM Intern Partnership Program.
- Research and Development Assistance.
- Capital Access Programs.
- Oklahoma Commercialization Network.
- Inventors Assistance Services.
- Small Business Research Assistance.
- Manufacturing Assistance.
- Oklahoma Accelerator Program.

# Agency Vision, Mission and Core Values

## **Vision:**

To fuel bold ideas that become scalable companies and technologies—so innovators, businesses, and communities can grow Oklahoma’s economy and quality of life together.

## **Mission:**

Foster innovation in startup and existing businesses by supporting basic and applied research; facilitate technology transfer between research laboratories and businesses; provide seed capital for innovative firms in the development of new products or services; and help Oklahoma’s small and medium manufacturing firms become more competitive through increased productivity and modernization (74 O.S. § 5060.3).

## **Core Values:**

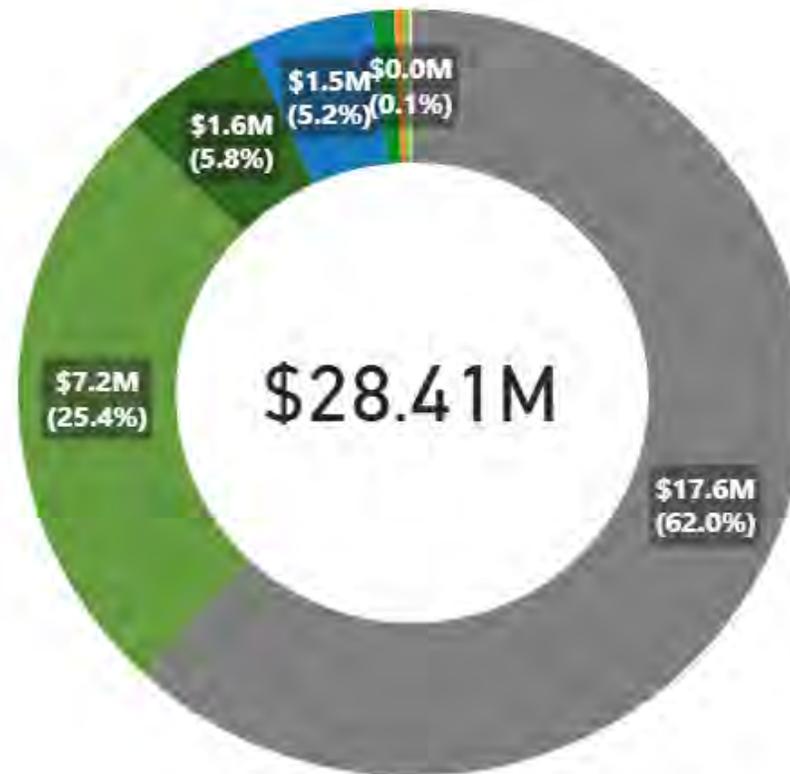

Innovation that delivers, collaboration that multiplies impact, accountability with results, partnerships with purpose, and service to every Oklahoman.

## Oklahoma Center for the Advancement of Science and Technology | FY 2026 Budget | \$32,557,055

### Administration | \$736,737

Provides executive oversight and administrative support of the agency including development of agency plans, policies and procedures. Division also addresses requests from elected officials and provides them information regarding agency programs. Additional responsibilities: provide agency budgeting, accounting, personnel and IT administrative support; assure compliance with state, federal and agency fiscal and administrative laws, rules, mandates, policies and procedures.

### Program Services | \$1,718,825

Turns concepts into technologies and helps build companies around those technologies. OCAST achieves this goal by supporting cutting-edge science and technology, utilizing processes recognized nationally and internationally for excellence, objectivity and economic impact.

Targeted industries include:

- Biotech (human health and agricultural science).
- Aerospace, autonomous systems, and defense.
- Energy diversification.

Programs and services are designed to enable Oklahoma innovators, entrepreneurs, high-tech businesses and manufacturers to accomplish research and development while supporting the transfer, commercialization and application of technology. Its statewide programs are intended to increase market share and encourage growth into new markets. OCAST invests in areas with the greatest potential for commercialization and highest return on investment.

# Program Details

## **Office of Science and Innovation (Formerly Technology Information Services) | \$780,295**

Office of Science and Innovation communicates information about OCAST's research and development support efforts, which may lead to private collaboration or monetary assistance for firms, farms and education. This program serves as the public information arm of the agency; facilitates communication and outreach with state public officials and urban, state and national organizations; disseminates OCAST's statewide impact; answers requests for information assistance; and notifies staff and board of relevant public policy developments.

They direct and support the planning, preparation and promotion of agency-sponsored events; special projects for development of OCAST's business plans; annual impact survey process; and coordinate development of the final reports.

## **Health Research and Health Fellowship Program | \$1,089,999**

The Health Research program (74 O.S. §§ 5060.14-18) competitively awards basic research funding for one- to three-year projects related to biotechnology. Eligible applicants are Oklahoma entrepreneurs, commercial enterprises, nonprofit organizations and research institutions. This funding enables researchers to gain experience and produce data needed to obtain larger grants from other sources, including federal agencies and public and private funding organizations, while also generating patents which, in the long-term, can lead to commercialization. Researchers also benefit from OCAST's annual Health Research Conference which focuses on supporting the development of new commercial products and services resulting from health research.

Health Fellowship is intended to help increase the number and quality of postdoctoral researchers in Oklahoma and was created at the direction of the Oklahoma Health Research Advisory Committee in response to the increasing demand for postdoctoral assistance. This need was identified by Oklahoma research institutions and the bioscience industry who urged the advisory committee to aid them in resolving the shortage of these early-stage investigators in the state.

---

## **Industry Innovation Program | \$9,988,102**

The Industry Innovation program funds projects for one-to three-years in technology areas identified in the 2021-2026 Science and Innovation Strategic Plan. Funding is based upon technical merit, potential for market success and commitment of resources by the applicant(s). Funding is available for both proof-of-concept and accelerated projects. The program requires a minimum of a one-dollar match from the applicant(s) for every state dollar awarded. Eligible applicants are Oklahoma entrepreneurs, businesses, research institutions and nonprofit organizations working with industrial partners. The accelerated component of this program requires that eligible projects be driven by private industry with the purpose of finding solutions to industry's innovation needs. The private sector collaborates with research institutions as necessary to successfully complete the OCAST funded project.

## **STEM Intern Partnership Program | \$1,073,417**

The Intern program helps retain Oklahoma's best and brightest students by connecting undergraduate and graduate students involved in STEM disciplines with Oklahoma companies to complete innovative projects that benefit the career path of the student and, at the same time, addresses real innovation needs of the company. OCAST provides funding matched dollar-for-dollar by the industry partner to pay a STEM student to assist with the pursuit of an innovative solution to the company's technology needs. 98% of clients said they hired or retained their OCAST interns, helping them to find permanent careers in Oklahoma during or after completion of their internship.

The OCAST intern program:

- Allows businesses to gain access to funding for a skilled intern to help accomplish research and development.
- Provides students with hands-on experience outside of the classroom.
- Helps develop Oklahoma's next generation of scientists and engineers.
- Encourages industry-university collaboration.
- Helps students to be better prepared for STEM careers in Oklahoma while being immersed in the company's business culture.

## **Oklahoma Inventors Assistance Service (IAS) | \$1,000,000**

Through a partnership with Oklahoma State University's New Product Development Center, OCAST offers the Inventor's Assistance Service (IAS) (74 O.S. § 5064.4) which provides guidance and resources to Oklahoma's inventors to help them get their ideas to market. IAS provides services in the areas of preliminary patent searches, market analyses, manufacturing referrals, engineering analyses, prototyping and drawing/model design. The NPDC also links the innovative ideas and capabilities of Oklahoma's small and medium manufacturers with the knowledge and technical expertise of the land grant university's faculty, staff and students. This collaboration gives rise to the development and commercialization of economically competitive, new products and improves manufacturing practices, strengthening the state's economy; creating new, higher-quality and higher-wage jobs; improving existing jobs and encouraging capital investment in innovation.

## **Small Business Research Assistance (SBRA) | \$275,000**

Through the federal Small Business Innovation Research (SBIR) program, federal agencies provide early-stage, nondilutive capital for small, for-profit firms to address product feasibility studies and prototype development that is lacking in the private investment community. The federal Small Business Technology Transfer (STTR) program accomplishes this same purpose but requires collaboration between small for-profit firms and larger firms and between small for-profit firms and research institutions. Both the SBIR and STTR programs encourage transfer of technology into federal agency programs and the commercial market. OCAST's Small Business Research Assistance program (74 O.S. § 5060.19(D)) offers technical assistance via a contract with the University of Oklahoma's Oklahoma Catalyst Programs to improve the competitiveness of proposals through proposal development workshops, external expert proposal reviews, client referrals, collaboration building and partnership with commercialization support services. The program offers companies guidance in accessing additional OCAST support as well as other resources as appropriate to their respective stage of development.

## **Oklahoma Industrial Extension Service (IES) | \$1,800,000**

The Oklahoma Manufacturing Alliance is a private, nonprofit organization that manages OCAST's IES program (74 O.S. § 5060.26) through a contract with OCAST. This program provides leadership and technical assistance to Oklahoma's small- and medium-sized manufacturers to help them become progressively more successful in the marketplace and more efficient and innovative in their operation. Using federal, state, local and private industry funds, the OMA partners with local organizations to field regional manufacturing extension agents who deliver real, hands-on resources for improving productivity, increasing sales and reducing costs by providing services in technology application, workforce training, financing, market assessment and business principles.

OMA's Applications Engineers, sponsored in part by Oklahoma State University, provide technical assistance to manufacturers where engineering resources may be limited. These locally accessible applications engineers assist with mechanical designs, plant layouts and a variety of other technical issues. OMA, in partnership with OCAST and the Oklahoma Department of Commerce, implemented and now manage the Connex Oklahoma supply chain database for the manufacturing industry as part of Supply Chain Oklahoma.

## **Oklahoma Commercialization Network | \$1,250,000**

OCAST contracts with i2E, a small private nonprofit organization, to operate the Oklahoma Commercialization Network program (74 O.S. § 5060.20b) that assists entrepreneurs and early-stage technology companies seeking to commercialize new technologies. The program focuses on assessing business and financial needs, guiding clients through the commercialization process and linking them to a comprehensive network of technology sources, including Oklahoma research institutions and other commercialization services. The program also provides specialized business development services and access to early-stage risk financing to help move new technology to the marketplace. OCN prepares entrepreneurs to pursue investment capital and build partnerships with larger companies.

# Program Details

---

## **Seed Capital | \$7,836,371**

Through its Seed Capital program (74 O.S. § 5060.21), OCAST provides funding to innovative Oklahoma companies to incentivize co-investment. The statute and the related constitutional amendment allow the state to take an equity or debt position with firms – an authority that is unique to OCAST as a state agency. Required co-investment with the private sector as the majority investor leverages OCAST’s investment on behalf of the state. OCAST has invested prior years of Seed Capital funding through the Oklahoma Seed Capital Fund LLC, a for-profit subsidiary of i2E Inc.

The Seed Capital program also includes a concept component intended to address the needs of companies requiring a smaller seed capital investment for early-stage projects, which may develop into larger seed-capital investment opportunities, if necessary, as the company continues to grow in Oklahoma. The Seed Capital program has an estimated 23:1 return on investment.

## **Oklahoma Accelerator Program | \$3,000,000**

The Oklahoma Accelerator Program leverages private capital with the objective of stimulating growth of early-stage startup companies by connecting them with global entrepreneurial ecosystems to drive business talent and investment opportunities. This program operates in a public-private partnerships with:

- Gener8tor to provide accelerator programming to the Oklahoma City area.
- Oklahoma Farm Bureau and AgLaunch to provide accelerator programming to rural Oklahoma.
- Techstars to provide accelerator programming to the Tulsa area.

## **State Small Business Credit Initiative Program | \$1,399,638**

U.S. Treasury State Small Business Credit Initiative (SSBCI) funds are received from the US treasury with OCAST providing program administration. OCAST is both the provider and a pass-through of these funds to other entities to grow access to capital and necessary technical assistance. OCAST is also managing a technical assistance and small business opportunity program via additional funds from the US Treasury SSBCI Programs.

All programs are underway and OCAST has begun requests for the third tranche of funding from the equity and loan portfolio and the second tranche of funding for the Technical Assistance Program. Additionally, OCAST is actively providing services under the Small Business Opportunity Program grant.

## AGENCY ACCOMPLISHMENTS

- Achieved a 5:1 return on the state's investment in Generation Food Rural Partners, supporting rural innovation.
- Drove economic impact:
  - Created or retained 2,024 direct jobs and 5,060 indirect jobs.
  - Average salary of OCAST-supported jobs is \$83,196.
  - Launched 43 new companies.
  - Attracted \$139 million in follow-on private capital.
- Transitioned the Intern Partnership Program to year-round access and expanded to CareerTech.
- Secured and deployed the second U.S. Treasury State Small Business Credit Initiative (SSBCI) tranche; on track for tranche three.
- Grew Innovation Day into the Innovation Conference & Expo with 150 attendees, 54 exhibitors, and 300+ guests.

## AGENCY GOALS

- Increase the number of high-quality applications across all OCAST programs by implementing a unified, business-focused framework that closes startup and innovation gaps and expands the statewide pipeline of investable companies.
- Increase the amount of follow-on capital secured by OCAST-supported companies to \$150 million by using a coordinated, market-driven program framework that strengthens investment readiness and helps Oklahoma companies compete for private, philanthropic, and federal dollars.
- Increase the number of jobs created and retained by applying a consistent, business-speed program framework that accelerates company growth and ensures innovators and employers receive the support needed to scale in Oklahoma.
- Build upon the success of the Oklahoma Innovation Partners Program by securing new partners.
- Maximize capital funding opportunities by forming more companies.

## Grayson Ardies Chief Executive Officer

The Oklahoma Space Industry Development Authority (OSIDA) serves to plan spaceport systems and projects in this state, to promote the development and improvement of space exploration and spaceport facilities, to stimulate the development of space commerce and education, including, but not limited to, the commercialization of the space industry and the development of space-related industries, and to promote research and development related to space and space-related industry.

Established in 1999, the agency now encompasses the following divisions: agency operations, airport operations, industrial park operations, and education.

# Agency Vision, Mission and Core Values

**Vision:** Create in this decade a commercial spaceport that will expand and economically develop the space frontier with advanced spacecraft operating facilities and concentrations of aerospace industries in Oklahoma.

**Mission:** Plan and conduct business development activities for the Oklahoma Air & Space Port to attract more aerospace related industry in Oklahoma.

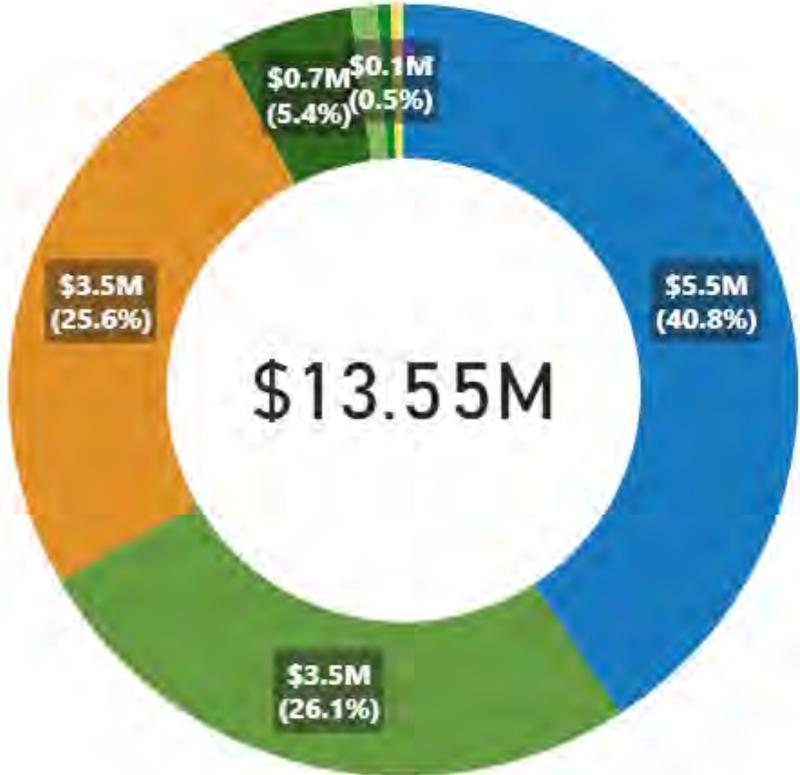

**Core Values:** Integrity, professional courtesy, equality, fairness and service to the people of Oklahoma.

## Department of Rehabilitation Services | FY 2026 Budget | \$191,198,973

### Vocational Rehabilitation and Services for the Blind and Visually Impaired (VR and SBVI) | \$89,253,654

This program assists persons with disabilities with entering or remaining in the workforce, which reduces or eliminates their dependence on disability benefits and other social assistance programs (Medicaid, etc.). Eligible individuals are those who have a physical or mental impairment that results in a substantial impediment to employment, who can benefit from VR services for employment, and who require VR services.

This program is a state-federal partnership funded at roughly 21.3% state participation and 78.7% federal participation. The rehabilitation teaching program, older blind services program, ABLE Tech program and Library for the Blind assist blind individuals with developing or improving daily living skills to become more independent in their homes and communities. The Library for the Blind provides public schools with Braille and large-print textbooks and other educational materials for students who are blind or have low vision.

The Business Enterprise Program (BEP) administers the vending facility program authorized by the Randolph-Sheppard Act, which provides employment opportunities for qualified persons who are blind.

During FY 2025, DRS assisted 13,765 consumers with their rehabilitation plan, 3,753 consumers attained employment, and 409 individuals were released off the waiting list.

## **Oklahoma School for the Blind | \$9,947,885**

The Oklahoma School for the Blind (OSB) is a residential program designed to meet the educational, social and emotional needs of youth who are blind or have a visual impairment. OSB provides a summer program and outreach and evaluation services to students with visual disabilities in public school systems throughout the state. OSB also serves as a resource center to assist parents of children with visual disabilities, school districts and other agencies serving children with visual disabilities.

## **Oklahoma School for the Deaf | \$13,558,335**

The Oklahoma School for the Deaf (OSD) provides academic, vocational, social/emotional and cultural opportunities and training for students who are deaf or hard of hearing so they may become productive citizens. OSD provides a summer program, preschool programs, outreach and evaluation services, training and equipment programs, and American Sign Language (ASL) classes. OSD serves as a resource center to assist parents of children who are deaf or hard of hearing, school districts, and other agencies serving deaf children. OSD provides ASL classes in communities and online.

## **Disability Determination Services | \$53,700,999**

Disability Determination Services (DDS) is responsible for making medical and blindness eligibility determinations for Supplemental Security Income (SSI) disability and Social Security disability income programs. This process requires obtaining medical and vocational information, conducting a thorough review of available medical evidence, obtaining additional medical evidence when needed, and deciding the claimant's eligibility to receive benefits under the rules and regulations provided by the Social Security Administration (SSA). DDS is 100% federally funded and work is performed under the supervision of the SSA regional office in Dallas, Texas. DDS employs 314 full-time equivalent employees.

## AGENCY ACCOMPLISHMENTS

- Assisted 84,719 Oklahomans with disabilities and their families.
- Assisted 13,765 consumers with their VR and SBVI rehabilitation plan.
  - 3,753 consumers attained employment, and 409 cases were released from the Priority Group 3 waiting list.
  - Average taxes on earnings of the consumers employed are \$4,628.
  - Employment reduces the need for disability benefits and other social supports.
- Achieved 100% graduation rates for both Oklahoma School for the Blind and Oklahoma School for the Deaf.
- Disability Determination Services continued to excel nationally in all standards at a 99.6% accuracy rate.
- Developed an online referral module to expand opportunities for clients to apply for and begin rehabilitation training.
- Reduced vacancy rates in vocational rehabilitation staff, allowing for better client service.

## AGENCY GOALS

- Clear at least 50% of Priority Group 3 waiting list for the Vocational Rehabilitation and Services for the Blind and Visually Impaired programs monthly.
- Maintain graduation rate at 90% or higher each year for students at the Oklahoma School for the Blind and Oklahoma School for the Deaf.
- Maintain the Disability Determination Services decision accuracy rate at a level greater than the national accuracy rate. The decision accuracy rate measures the validity of the adjudication of the claim.

## **Horse Racing/Gaming | \$551,453**

Horse Racing Audit Services monitors all wagering activities at the three operating racetracks and off-track wagering facilities licensed by the Oklahoma Horse Racing Commission. A portion of all wagers are paid to the state. The unit monitors wagers on live and in-state and out-of-state simulcast races. All commissions and funds that are paid to the public for winning pari-mutuel wagers are tracked.

The Gaming Audit Unit monitors all gaming activities at the state's two operating racetracks conducting gaming as licensed by the Oklahoma Horse Racing Commission. All gaming revenue is monitored and tracked to ensure an accurate accounting of proceeds designated for state educational funds at the Oklahoma Tax Commission.

## **IT Audit and Support | \$1,819,101**

**Audits:** The Information Technology Audit Services program performs information technology audits for state agencies and county governments and provides data to other auditors by extracting audit samples from computer systems. The IT Audit division assists the State Agency and Performance and County Audit divisions in assessing internal controls related to state agencies and county governments' information systems. The group's audits provide managers of the state's data resources with useful information so they can successfully manage the risks associated with implementing and using technology.

**Network Administration:** The goal of IS Support Services is to maintain critical software and hardware and provide technical support to allow agency staff to perform their job duties efficiently and effectively. They also provide SAI website support for posting of audits, other critical information, and SAI forms and policies to the website.

# Program Details

---

## **Oklahoma Natural Resource Revenue | \$517,493**

The Mineral Management Audit Unit is charged with conducting mineral royalty audits on federal lands in Oklahoma. By cooperative agreement with the U.S. Department of the Interior, this unit ensures an accurate accounting of all royalty payments due to both Oklahoma and the federal government. The state receives 50% of all federal royalty dollars paid to Department of the Interior as well as 50% of all royalty dollars collected as a result of an audit. Through its cooperative agreement, SAI receives complete reimbursement for the audit services it provides.

## **Pension Administration | \$145,000**

Pass-through funding to pay the Pension Commission's investment consultant.

## **Performance Audit | \$1,205,053**

Independent, professional performance audits are essential to help achieve accountability and transparency in all public programs. Professional standards describe a performance audit as "an objective and systematic examination of evidence to provide an independent assessment of the performance and management of a program against objective criteria." These audits provide information to improve operations and aid those responsible for initiating corrective action.

# Program Details

---

## **Quality Assurance | \$317,612**

The Quality Assurance division monitors government audits performed by the SAI audit staff to provide reasonable assurance that audits are in accordance with applicable auditing standards. Government auditing standards require a process to monitor the quality of audits. The division reviews all Yellow Book audit reports issued by the office and periodically performs detailed reviews of audit documentation. The Public Audit division receives audit reports prepared by other independent auditors for all governmental entities within the State of Oklahoma. This division determines whether reports meet applicable audit reporting standards.

## **Special Investigative/Forensic Audit | \$1,046,255**

The Forensic Audit division performs special, investigative and forensic audits on request. These audits are directed toward finding fraud, waste, and abuse, with results of noncompliance and violations of statute reported in publicly released audit reports. The division may also assist other law enforcement agencies in criminal investigations.

## **State Agency Audit | \$4,199,280**

The State Agency Audit division conducts financial and federal compliance audits and attestation engagements of state agencies, boards and commissions in accordance with government auditing standards to provide accountability of state government agencies. The division also acts on requests from legislators, state agency management, and concerned citizens. This division is responsible for the audit of the state's Annual Comprehensive Financial Report, the scope of which includes financial operations of all state agencies, boards and commissions. The division also performs the state's Single Audit. Federal funds expended by all state agencies are included within the scope of the Single Audit.

## AGENCY ACCOMPLISHMENTS

- Released 353 reports in FY 2025, up from 312 reports in FY 2024.
- The Forensic Audit Division released an audit of Tulsa Public Schools uncovering millions of dollars in mismanaged funds and a systemic lack of oversight by both the administration and the local school board. The report identified more than \$800,000 in misappropriated funds.
- The audit of the Town of Red Rock reported fraud findings totaling more than \$336,000 resulting in formal charges.
- Based on our audit of the Stillwater Pioneer Booster Club, charges were filed for embezzlement of about \$24,000.
- The criminal prosecution of Epic Charter Schools advanced during the year and the former superintendent of Seeworth Academy was found guilty for embezzlement of over \$250,000.
- Provided guidance and technical assistance to counties related to COVID funding, opioid, and vaping settlement funding.
- Completed the federally mandated Single Audit Report for Fiscal Year 2023. This audit covered more than \$14.9 billion in expenditures, and a record of \$93.4 million in questionable purchases were identified.

## AGENCY GOALS

- Reduce turnover rate for professional staff to 12%.
- Maintain staff auditor billable hours at or above 73.5%. Auditors have nonbillable time allocated to various leave, holidays, and continuing professional education.
- Ensure 100% of audit working papers and reports comply with Government Auditing Standards.
- Increase staff auditor salaries to at least 90% of the regional average of state audit organizations, from 73% in FY 2025.
- Increase percentage of audit staff with at least two years' experience to 90%, from 79% in FY 2025.
- At least 90% of professional staff have a degree and/or professional certification.

**OKLAHOMA**  
**Council on  
Judicial Complaints**

**Taylor Henderson**  
**Executive Director**

---

The **Council on Judicial Complaints** is the investigatory arm of a three-tiered disciplinary system designed to address judicial misconduct. The council investigates allegations made against all state judicial officers. Judicial misconduct includes specific violations outlined in the Oklahoma Constitution such as oppression and corruption, violations of the Code of Judicial Conduct, and other state laws.

If the council determines a judge has committed misconduct requisite of removal from office, it may send its findings and recommendations to the Oklahoma Supreme Court, Oklahoma Supreme Court Chief Justice, Attorney General, Governor, Oklahoma House of Representatives, or Oklahoma Bar Association Board of Governors. The entity to which the council directed its findings may file a petition with the Oklahoma Court on the Judiciary seeking the judge's removal from office. If the council determines a judge has committed misconduct but discipline less than removal is appropriate, the council may send its findings and recommendations to the Chief Justice of the Oklahoma Supreme Court. The Chief Justice may impose public or private discipline. The council is also empowered to issue letters of warning or caution to a judicial officer following an investigation. Unless a petition is filed with the Court on the Judiciary, the council's investigation is confidential.

# Agency Vision, Mission and Core Values

## **Vision:**

To better the administration of justice in Oklahoma by preserving the principles of justice.

## **Mission:**

To efficiently and impartially investigate complaints regarding the conduct of persons holding judicial positions and to determine if such complaints should be the subject of an action before the Court on the Judiciary, the Oklahoma Supreme Court, or should be dismissed.

## **Core Values:**

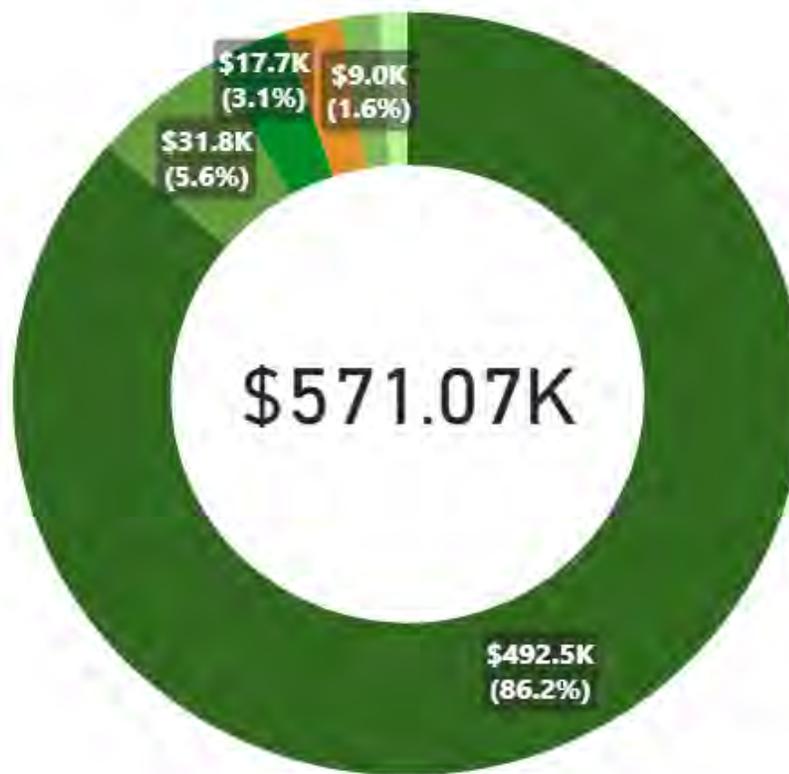

Impartiality, public confidence, and integrity.

## Council on Judicial Complaints | FY 2026 Budget | \$761,531

### General Operations | \$735,531

Administration of the judicial complaint process and all the support functions necessary to execute the agency's missions including legal, accounting, finance, human resources, and more. This division investigates an average of more than 300 complaints per year. Complaints may be filed by "any person" per 20 O.S. § 1651, which includes Oklahomans or citizens of any state. Additionally, the council interacts with all persons who contact the council regarding the judicial system which is significantly more than the number who file a complaint.

If the council determines a judge has committed misconduct requisite of removal from office, it may send its findings and recommendations to the Oklahoma Supreme Court, Oklahoma Supreme Court Chief Justice, Attorney General, Governor, Oklahoma House of Representatives, or Oklahoma Bar Association Board of Governors. The entity to which the council directed its findings may file a petition with the Oklahoma Court on the Judiciary seeking the judge's removal from office. If the council determines a judge has committed misconduct but discipline less than removal is appropriate, the council may send its findings and recommendations to the Chief Justice of the Oklahoma Supreme Court. The Chief Justice may impose public or private discipline. The council is also empowered to issue letters of warning or caution to a judicial officer following an investigation. Unless a petition is filed with the Court on the Judiciary, the council's investigation is confidential.

### IS Data Processing | \$26,000

Information technology services are contracted with the Oklahoma Office of Management and Enterprise Services.

## AGENCY ACCOMPLISHMENTS

- Successfully investigated and submitted to the council for consideration a record number of complaints filed with the agency despite decreased resources. The agency typically reviews over 300 complaints per year.
- Restructured the General Counsel position to address the increase in the number of investigations and resumed normal disposition numbers.
- Partnered with the Oklahoma Supreme Court to amend the Supreme Court's Rules Governing Complaints on Judicial Misconduct to allow the council to issue letters of caution or warning for instances of misconduct in which formal discipline is not warranted.

## AGENCY GOALS

- Continue to facilitate a more educated and informed judiciary by coordinating and funding a five-day training for new judges following judicial elections. This training provides an opportunity to establish the standards expected of a judicial officer and to provide resources for their success.
- Issue dispositions of complaints within 90 days of complaint receipt, with a target of 90% achievement in FY 2026.

**OKLAHOMA**  
State Election Board

**Paul Ziriaux**  
**Secretary of the State**  
**Election Board**

---

The **State Election Board** serves as the administrative agency charged with the conduct of state and federal elections in the state of Oklahoma. The Secretary of the State Election Board has oversight of and general supervisory authority over all 77 county election boards to ensure uniformity in the application of election and voter registration laws and rules.

Established under the Oklahoma Constitution in **1907**, this agency encompasses the following divisions:

- Ballot Generation Services.
- Election Services.
- Support Services.
- Administration.

# Agency Vision, Mission and Core Values

## **Vision:**

Serve as the nation's model for election administration conduct.

## **Mission:**

Achieve and maintain uniformity in the application, operation and interpretation of state and federal election laws with a maximum degree of correctness, impartiality and efficiency.

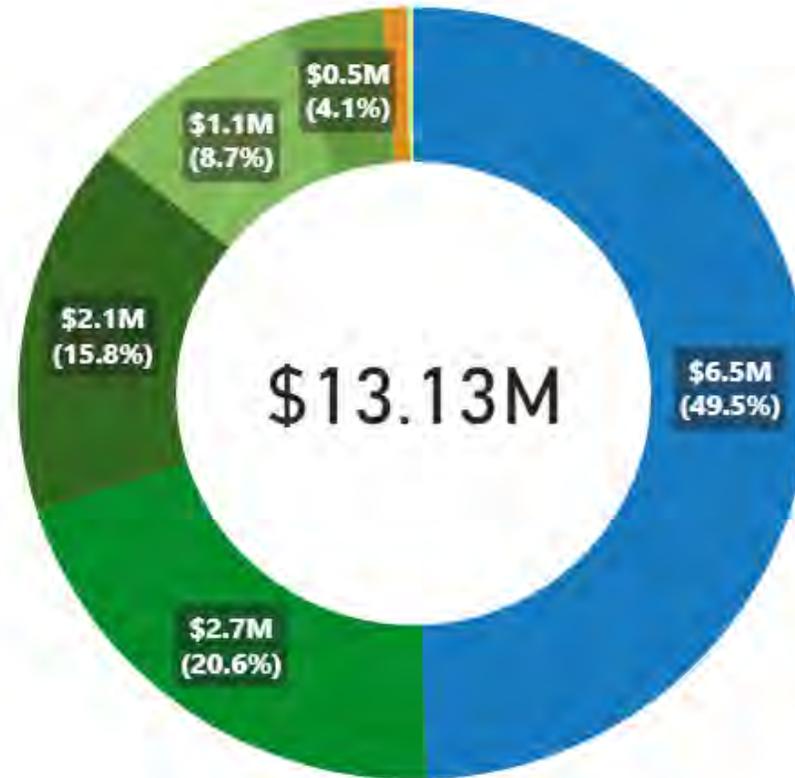

## **Core Values:**

Customer service, integrity, security, quality and problem solving.

## State Election Board | FY 2026 Budget | \$27,407,188

### Administration | \$838,127

Represents the administrative function of the State Election Board and provides funding for the administration of election laws in all 77 counties. This program includes, among other items, the salary and benefits of State Election Board personnel, reimbursements to local governments for County Election Board secretary salaries and benefits, support for county election officials, printed materials and other supplies for conducting elections, training for county and precinct election officials, and maintenance of all voting equipment.

### Data Processing | \$16,518,417

Administration of the voter registration database and election management system, which are integral functions of the statewide voting system, that are unique to the operation of the State Election Board.

### Elections Management | \$8,937,747

Administration and conduct of statewide elections as mandated by law. These elections include the Presidential Preferential Primary Election, as well as the biennial statewide primary, runoff primary, and general elections held in even-numbered years. Also included are any special elections required to be administered by the State Election Board.

# Program Details

---

## **Voter Education/Refunds | \$26,400**

Administration of the State Election Board's regular revolving fund. Fees flowing into the fund include candidate filing fees. Expenditures from the fund are primarily related to voter education, voter outreach and related items.

## **Voter Registration | \$1,086,497**

Administration of the National Voter Registration Act and the corresponding state law on registering persons to vote. Includes payments made to Motor License Agents as required by law and other expenses associated with voter registration, including printing, training, postage and mailing costs. The program also includes address confirmation mailings to voters to assist in updating the voter registration rolls. The purpose of this program is to ensure that every eligible Oklahoma citizen can register to vote, and the rolls are kept as current and accurate as possible.

This program includes the administration of the Help America Vote Act of 2002, federal legislation that places several requirements on the conduct of elections in all states. Among those requirements are provisional voting, a statewide voter registration database, and voting equipment that is accessible to voters with disabilities. Most of the funding for this program comes from federal funds, although the state was required to provide a 5% match.

## AGENCY ACCOMPLISHMENTS

- Rolled out USPS Intelligent Mail Barcoding to track absentee ballots statewide after a successful pilot program, to help ensure uniformity for voters and improve absentee ballot tracking.
- Conducted four Special Legislative Elections without requesting additional funding.
- Conducted statutory training for all County Election Board Secretaries, Assistant Secretaries, members and alternate members covering election security and election laws.
- For the first time ever, training for County Election Board members and alternate members was conducted fully online using OMES' Workday learning portal.
- Began upgrade of the State Election Board election management software system using federal grant funds. This upgrade will build on our custom, multi-factor authenticated, secure system and will bolster efficiency for County and State Election Board officials.
- Sent address confirmation mailings to 351,191 voters identified in 26 O.S. § 4-120.2. Sent the first of two planned mailings, pursuant to 26 O.S. § 4-118.1, to voters identified in the USPS National Change of Address database as possibly having changed their address of residence.

## AGENCY GOALS

- Conduct Candidate Filing, Primary, Runoff Primary and General Elections.
- Conduct statutory Precinct Official Training for thousands of poll workers, as required per 26 O.S. § 3-111.
- With the rollout of Intelligent Mail Barcoding for absentee ballots in all counties complete, IMB will be available in all counties for the first statewide election (2026 Primary Election). After the 2026 election cycle, we will evaluate the effectiveness and look at additional usage cases for the system.
- Develop a Request for Proposal for new voting device system, subject to available funding.
- Continue three-year plan to upgrade our election management software to enhance efficiency and security features.
- Prepare for and implement state and federal election legislation.

# Oklahoma Ethics Commission

**Lee Anne Bruce Boone**  
**Executive Director**

---

The **Oklahoma Ethics Commission**, created in Article 29 of Oklahoma's Constitution, has the following constitutional responsibilities:

- Enact ethics laws for campaigns for state office, state employees/officers, state initiative and referenda.
- Investigate and prosecute violations of ethics rules.
- Interpret ethics rules through binding advisory opinions, as necessary.

Founded in **1990**, this agency now encompasses the following divisions:

- Administrative Operations.
- Information Services.
- Political Subdivision Enforcement.

The Ethics Commission also oversees limited regulatory authority for political subdivision campaigns and financial disclosures, including counties, certain municipalities, and independent school and technology center districts.

# Agency Vision, Mission and Core Values

## **Vision:**

The Commission endeavors to increase the trust of citizens in their government by enacting and enforcing rules that avoid conflicts between state officers' and employees' public duties and private economic interests, as well as ensuring fair and transparent campaigns for an informed citizenry.

## **Mission:**

The Oklahoma Ethics Commission is required to enact ethics rules of conduct for state officers, state employees, campaigns for elective state office, and campaigns for initiatives and referenda, including civil penalties for violations of the rules. The Commission may also offer binding interpretations of its rules. The Commission is required to investigate alleged violations of its rules which it may prosecute in district court or settle. The Commission has limited jurisdiction over conduct of campaigns and financial disclosure at the political subdivision level.

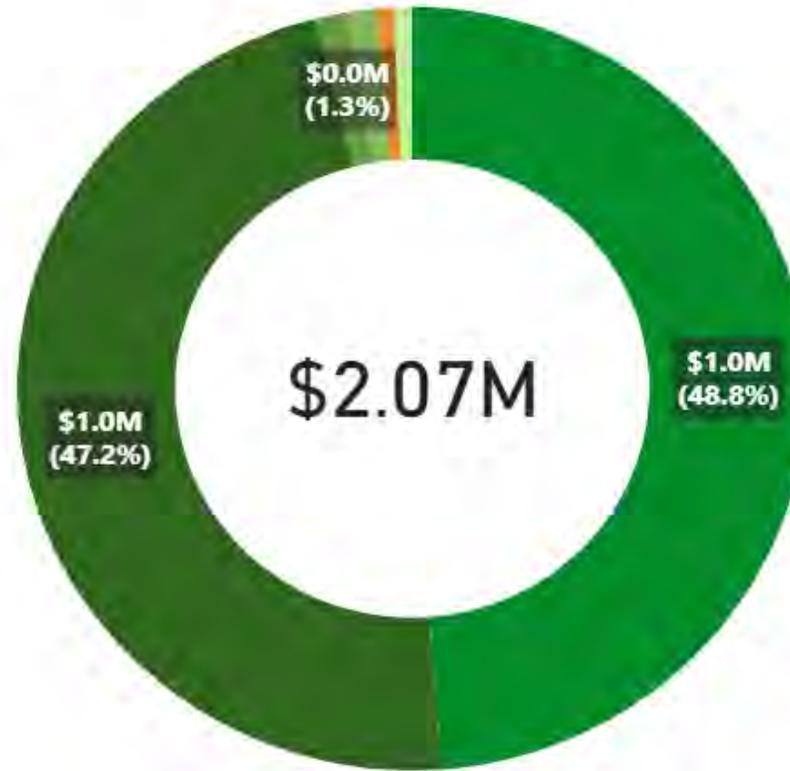

## **Core Values:**

The Commission strives to be a service-oriented commission through responsive communications and providing transparency in state campaigns and state government to the regulated community, media and citizens by providing fair rules, immediate access to reports filed with the Commission, tailoring enforcement to the situations presented, interpreting rules as necessary, and providing opportunities for education on the ethics rules.

**Ethics Commission | FY 2026 Budget | \$2,555,396**

**PROGRAMS | \$1,288,795**

## **COMPLIANCE**

### **State Campaigns**

The commission promulgates and enforces rules for state campaigns, including referenda and initiative petitions. The commission requires certain political committees to register and report; and requires entities that are not political committees, but which engage in direct advocacy for, against, or referencing candidates or state questions to file reports.

### **State Officers and Employees**

The commission promulgates and enforces rules for state officers and employees, including lobbyist and vendor relationships with state officers and employees. The number of state officers and employees fluctuates but includes all elected state offices: all statewide offices, legislative offices, district attorneys, district judges, and associate district judges. Commission rules apply to all nonelected officers, such as chief administrative officers, and all other state employees.

### **Review and Advice**

Commission staff review the reports filed with the commission to the extent practical to provide feedback and any corrections as quickly as possible. Between 8,000-11,000 reports are filed annually. Commission staff also routinely provide guidance on how to comply with ethics rules by answering questions from walk-ins, telephone calls, or emails. Technical reporting questions are answered by compliance officers; substantive questions are answered primarily by the executive director.

# Program Details

---

## ENFORCEMENT

### Administrative Compliance

Beginning in 2015, at the request of the regulated community, the commission passed rules to provide an avenue to address compliance issues without a formal investigation. When this process is used, the executive director assesses compliance orders bringing entities into compliance with ethics rules when an investigation is not warranted, such as late filing of reports or non-filing of reports. An opportunity for a hearing with an administrative law judge, which may waive, affirm, or modify any compliance order, is provided.

### Investigations and Prosecution

The commission is required to investigate alleged violations of its rules. This occurs through internal initiation of alleged violation or through the filing of a complaint by anyone outside of the commission. Commission staff conducts a preliminary inquiry into complaints to present to the commission who may vote to open a formal investigation, which includes the power to issue investigative subpoenas. If the commission authorizes prosecution of a civil lawsuit in District Court, it must first provide written notice of the allegations to those accused of violating the rules and allow 20 days for a written or oral response to the allegations with an additional 20 days to respond if requested within the original time frame. If, after the time for a response has concluded and the commission finds there is a reasonable belief that a violation of the rules occurred, it may enforce its rules in District Court by filing a civil action where civil penalties may be applied by the District Court. The commission may also enter into settlement agreements to resolve alleged violations of its rules.

# Program Details

---

## RESOURCES AND MATERIALS

### Educational Programs and Resources

The commission designs and implements resources including checklists, calendars, and guides that explain ethics rules and requirements in plain language with examples. These are developed for each type of entity regulated by the commission: state candidates; limited political action committees; unlimited political action committees for independent expenditures or electioneering communications; unlimited political action committees for state question communications; state and local party committees; lobbyists and legislative liaisons; and state officers and employees. The commission suspended the routine educational programs due to resource limitations in 2019, but has recently returned with a staffing and resource emphasis to provide and expand educational offerings.

### Annotated Rules and Compilations

The commission prepares an annotated version of its rules to share its comment on the rule, examples on how it applies to different situations, references to court cases, advisory opinions, or staff memoranda that have been issued. The commission also prepares a compilation of ethics laws in the state that are published other than in the ethics rules. The annotations and compilations are updated regularly to reflect changes in the law or new material related to the rules.

## **RULES**

The commission is required by the Oklahoma Constitution to promulgate rules in its areas of jurisdiction according to the process set forth in the Constitution. These rules are not Administrative Procedures Act Rules but the equivalent of, and published along with, statutes. The agency routinely reviews its rules to provide new language or amendments and is constitutionally required to hold public hearings prior to adopting any changes. Rules are delivered to the Legislature and Governor on the second day of each legislative session and may be rejected by a joint resolution of the Legislature during the same legislative session at which they are submitted. Any joint resolution rejecting submitted rules is subject to veto by the Governor. Rules not rejected become effective upon sine die adjournment of the legislature.

## **POLITICAL SUBDIVISION ENFORCEMENT**

The commission has statutory authority of political subdivision campaign finance and financial disclosure through SB 1745 (2014). This bill incorporates, by reference, the campaign finance and financial disclosure laws passed by the commission and applicable to state campaigns and officers to political subdivisions, making the laws uniform at all levels of government and centralizing enforcement with the commission. The commission prepares forms and educational materials and also provides guidance to political subdivision clerks and filers. However, the commission is only required to enforce these laws when the Political Subdivision Enforcement Fund has a balance of at least \$100,000. \$150,000 was appropriated for FY 2025 for the first time since creation of the Political Subdivision Enforcement Fund, and \$300,000 for FY2026. The commission is staggering responsive implementation and offering education to all those subject to enforcement.

## AGENCY ACCOMPLISHMENTS

- Delivered a 92% increase in educational opportunities, including expanded virtual training statewide and enhanced online guidance, resulting in a 25% reduction in administrative fines and a 49% decrease in complaints and investigations.
- Prepared a statewide informational campaign launching January 2026 to support political subdivision compliance.
- Partnered with the Oklahoma Municipal League (OML) and Oklahoma State School Boards Association (OSSBA) to reach local officials through trusted channels.
- Engaged municipal and school district filers early to encourage participation, improve understanding, and support a smooth transition into reporting requirements.
- Established the Ethics Commission Advisory Group, a formal advisory group to strengthen engagement with the regulated community and stakeholders most impacted by Commission decisions. This group provides structured feedback on rule review, strategic planning, policy considerations, and system usability.

## AGENCY GOALS

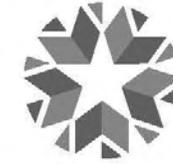

- Leverage resources generated from political subdivision registrations to expand the Commission's training, education, and compliance capacity.
- Complete full integration of political subdivision filers into the Commission's reporting system, enabling transition from onboarding and education to active compliance monitoring and enforcement.
- Shift Commission focus toward data-informed compliance oversight, while maintaining education and support for local officials.
- Utilize a unified reporting platform to improve consistency in filing and review and strengthen transparency across local government entities.
- Prioritize stabilization, reliability, and performance of the Commission's campaign-finance filing and disclosure platform to ensure uninterrupted access for filers and the public. This will be done utilizing lessons learned from prior system development efforts.

**OKLAHOMA**  
Governor

## Honorable J. Kevin Stitt Governor

---

The Oklahoma Constitution vests the supreme executive power of the state in a chief magistrate, styled “The Governor of the State of Oklahoma.”

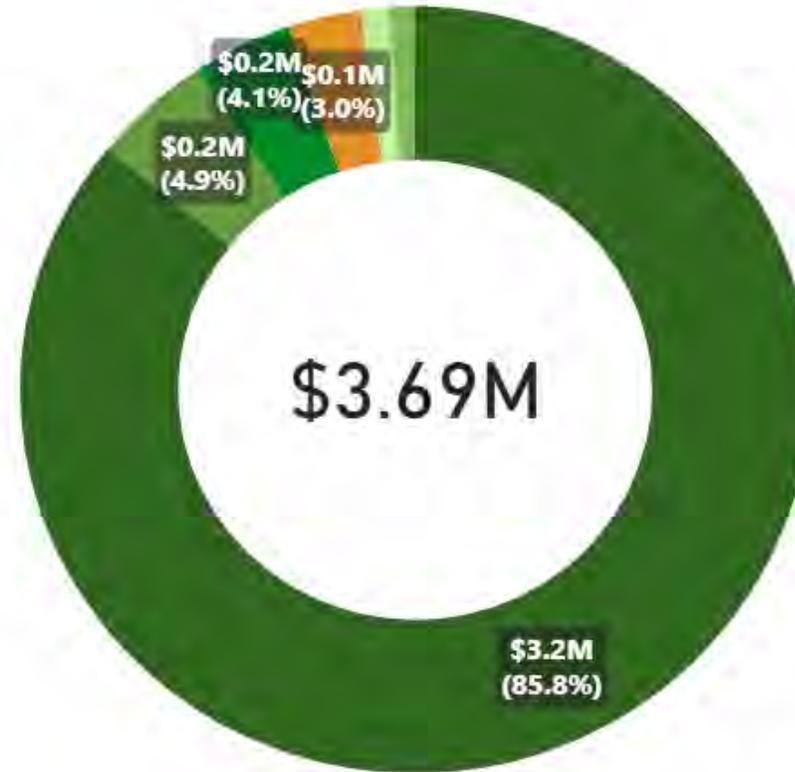

As chief executive, the Governor’s first duty is to cause the laws of the state to be faithfully executed and to preserve the peace throughout the state. The Governor also has many duties related to legislation. For instance, at the beginning of each legislative session, the Governor presents budget recommendations and reports on conditions in the state. Throughout the legislative session, bills passed by the Legislature are presented to the Governor for review. When presented, the Governor may sign the bill (to approve it as law) or veto the bill (sending it back to the Legislature, which can override a gubernatorial veto by a two-thirds vote).

When state offices become vacant, the Governor, unless otherwise provided by law, makes appointments to fill vacancies subject to the consent of the Oklahoma Senate. Furthermore, the Governor serves as commander in chief of the state militia.

Governor J. Kevin Stitt took office in 2019.

## AGENCY ACCOMPLISHMENTS

- Reduced headcount by approximately 13 percent, resulting in ~\$12.7 million in salary savings.
- Disbursed \$1.18 billion of pandemic relief funding, representing 63.15% of total funds, with 24 initiatives fully disbursed to date.
- Decreased improper direct statewide purchase orders by 92% and achieved a 65% decrease in statewide sole source purchases by deploying new technology in FY 2025.
- Completed the Job Catalog project. Revised pay structures now align with market standards, with a midpoint set at 90% of comparable private sector compensation, fulfilling the requirements of HB 1794.
- Allocated \$56.05 million of deferred maintenance and critical infrastructure appropriations across 32 projects, with 5 completed, 9 underway, and the rest scheduled.
- Negotiated a new colocation to support the state's disaster recovery data services. The new facility exceeds previous capabilities and better protects state data, all while saving the state about \$3.5 million.

## AGENCY GOALS

- Ensure the FY 2026 Annual Comprehensive Financial Report (ACFR) is released within six months of fiscal year-end.
- Improve statewide fleet operations by enhancing customer experience, ensuring efficient spending, establishing statewide standards, and reducing redundancies by consolidating motor pools and fleet management staff.
- Support responsible, efficient statewide AI adoption through strong governance, workforce training, and measurable business and citizen outcomes.
- Automate invoice intake, improving efficiency and data integrity by eliminating the need for employees to manually enter invoices into PeopleSoft.
- Stabilize property insurance.
- Increase use of statewide contracts.

## Oklahoma Tax Commission | FY 2026 Budget | \$106,646,846

### Headquarters/Administration | \$12,416,390

Administration consists of the commissioners, administrative staff, law judges, the executive director's office and internal audit. The commission is a full-time policy-making and judicial body responsible for the administration of tax laws of the state. They are responsible for ensuring that policies and rules promulgated by the commission are administered in the most fair and efficient manner and for promoting voluntary compliance.

### Taxpayer Services | \$34,258,663

Taxpayer Services is a centralized point of contact for taxpayer inquiries. The division assists walk-in customers, handles phone inquiries, distributes forms, and provides problem research and resolution. It is responsible for registration, taxpayer assistance, communications, account maintenance, and ensuring the accuracy and integrity of taxpayers' account data. Taxpayer Services also issues licenses, permits, and exemption certificates.

### Ad Valorem Programs | \$3,425,932

Ad Valorem monitors the valuation of locally and centrally assessed property in Oklahoma. The division is responsible for providing resources and technical assistance to enable county assessors to carry out their statutory responsibilities and ensure a fair and equitable ad valorem tax system. The balance of the Ad Valorem Reimbursement Fund is a pass-through and is not included in the operating budget.

### Central Processing | \$5,513,307

Central Processing receives and processes all documents and remittances received by the Tax Commission. The division is responsible for posting remittances to taxpayer accounts in the most efficient and accurate manner possible.

# Program Details

---

## **Tax Policy and Research | \$1,612,841**

Tax Policy and Research is responsible for the development and review of tax policy and procedures, promulgating rules and legislation, research and economic forecasting, and legal and administrative decisions. Tax Policy is responsible for the preparation and development of policy for commission adoption. The division also provides revenue impacts for executive and legislative tax proposals and prepares the annual tax expenditure report.

## **Support and Management Services | \$6,459,527**

Support and Management Services include management services, human resources, employee training and computer-related functions. The division supports the entire agency with revenue accounting, apportionment, purchasing, and all personnel functions.

## **Legal Services | \$5,600,362**

Legal Services manages litigation, tax protests, collection activity, bankruptcy, and other legal proceedings. The division provides legal services to agency divisions involved in the administration and collection of tax revenue.

## **Compliance | \$29,732,207**

Compliance includes all audit processes for the agency. The division encourages compliance through telephone contacts, conducts office and field visits, and provides notice to show-cause hearings. The division is responsible for ensuring statutory compliance and the collection of delinquent tax debts through the review of taxpayer books, records, accounts and other financial documents. It participates in administrative delinquency hearings, filing liens, and establishing payout plans. The value of the Waste Tire Program is a pass-through and is not included in the operating budget.

## AGENCY ACCOMPLISHMENTS

- Streamlined and simplified the Parental Choice Tax Credit (PCTC) program by transitioning operations from third-party vendors to in-house staff. Enhanced the application process with additional education and training.
- Overhauled the Taxpayer Resource Center by transforming processes, technology, and employee training to enhance customer service. Average wait times reduced from hours to 10 minutes; call abandon rates reduced from 60% to 10%; and over 15,000 calls are now handled by an automated system, saving employee hours.
- Improved employee experience through targeted engagement activities resulting in reduced turnover and recognition. Awarded Top Workplaces in Oklahoma for 2024 and USA Today Top Workplaces for 2025.
- Reduced taxpayer backlogs by 75%, from a peak of 17,000 to 4,500, the lowest backlog inventory since 2013.
- Optimized internal collections technology and process, reducing reliance on outside collection agencies from 60% to 30% of total collections.

## AGENCY GOALS

- Continue the transformation of our customer contact center (Taxpayer Resource Center) overhaul to improve fist call resolutions.
- Optimize technology to reduce reliance on manual processes in audit processing and collections for ad valorem taxes, corporate income taxes, gross production taxes, audit processing, and processing powers of attorney.
- Continue reducing reliance on legislative appropriated dollars to fund agency operations.

**OKLAHOMA**  
**State Treasurer**

**Todd Russ**  
**Oklahoma State Treasurer**

---

The **Oklahoma State Treasurer's Office** provides for safe and efficient operation of state government through effective banking, investment and cash management.

The State Treasurer has the following statutory and constitutional responsibilities: receiving, depositing and disbursing all state funds; investing temporary surplus funds; investing specific funds for other state agencies; requiring banks to furnish collateral sufficient to secure deposits of public funds; paying interest on the state's bonded debt and redeeming the debt at maturity; safekeeping securities owned by various state agencies and securities pledged as collateral to other state agencies; processing and distributing all state checks; administering the Business Link and Agricultural Link Programs; administering the Unclaimed Property Program; and Debt Management and State Bond Advisory Services.

Founded at statehood in **1907**, this agency encompasses the following divisions: Banking and Treasury Services, Investment Office, Link Deposit, Portfolio Accounting and Reporting, State Bond Advisory Services, Unclaimed Property, College Savings Plan and Oklahoma STABLE.

# Agency Vision, Mission and Core Values

## **Vision:**

Remain among the national leaders for the delivery of basic treasury services and innovative programs; improve on programs through more efficient and effective delivery of financial services; demonstrate leadership through the use of technology and the introduction of new or enhanced programs and services that meet the needs of Oklahoma citizens; provide public education and information as to the availability of programs and services, as well as the roles and responsibilities of the Treasurer's office; achieve and maintain public confidence in the State Treasurer's Office.

## **Mission:**

Serve the people of Oklahoma by providing sound banking and investment services, reuniting individuals and businesses with their unclaimed property, and promoting economic opportunities in a fiscally responsible and efficient manner while adhering to the highest professional and ethical standards.

## **Core Values:**

Honesty, ethical conduct and trustworthiness; fiscal responsibility; customer and public service; internal teamwork and staff development; communication – internal and external; state agency and financial institution collaboration; risk management; innovation; and operational balance.

## Oklahoma State Treasurer | FY 2026 Budget | \$96,308,649

### Banking and Treasury Services | \$1,808,973

The Banking and Treasury Services division serves as the bank of record for all state agencies. The division provides basic banking services such as revolving deposits, check cashing, change orders and safekeeping for agencies near the State Capitol. Banking and Treasury Services also provides agencies the ability to create debits and credits through the Automated Clearinghouse and accept payment through a centralized credit card program.

### Investment Office | \$248,056

The Investment Office manages the investment of Oklahoma's General Revenue Fund and OK Invest portfolios within statutory regulations. These services allow public funds interest income and a competitive rate of return, thus providing additional revenue to state agencies and for the Legislature to appropriate for operations of the state.

### Portfolio Accounting and Reporting | \$884,475

The Portfolio Accounting and Reporting division provides cash management, reconciliation, collateralization, wire transfer, investment accounting and other related services to state agencies. The division is responsible for accurately accounting for and reporting on the state's investment portfolio, TSET and the Office of the State Treasurer. Portfolio Accounting and Reporting administers the OK Invest Program, which allows state agencies to earn investment returns on their cash reserves.

# Program Details

---

## **Debt Management Services | \$591,051**

The State Bond Advisor assists state governmental entities in planning, structuring and selling debt in capital markets. The division publishes the annual state debt affordability study and provides reports to credit rating agencies.

## **Unclaimed Property | \$67,508,048**

The Unclaimed Property Program returns unclaimed property to rightful owners or heirs. The division's activities include maintaining a database of unclaimed property, promoting public awareness of the program, storing valuables for safekeeping and performing safe transfers of property.

## **College Savings and OK STABLE | \$87,037**

The College Savings Plan (Oklahoma 529) provides tax-advantaged investment options to save for higher education expenses. The Oklahoma STABLE Program provides Oklahomans with disabilities investment options to save for quality-of-life expenses without jeopardizing their eligibility for means-tested benefit programs.

## AGENCY ACCOMPLISHMENTS

- Legacy system modernization project is on schedule, within budget, and expected to go live in 2026.
- Realized record earnings for the state's investment portfolio, closing out FY 2025 with \$450 million, 11% over projections.
- Achieved positive movement for Oklahoma's credit rating with both Moody's and S&P upgrading the state's credit rating to Aa1 and AA+ respectively, the second highest ratings possible.
- Transitioned Unclaimed Property system to up-to-date software after 25 years, with anticipated improvements to efficiencies and payouts in the first year of implementation.
- Expanded the Oklahoma 529 College Savings Plan to over 100,000 active accounts and the Oklahoma ABLE program to over 250,000 accounts.

## AGENCY GOALS

- Complete the legacy system modernization project by transitioning all operations to the new software and decommissioning the legacy system.
- Strengthen Oklahoma's credit rating by targeting an upgrade from AA to AA+ with Fitch Ratings.
- Launch a collaborative event with the Oklahoma Public Finance Alliance to build stronger relationships between state government and local debt issuers.
- Rebrand the Oklahoma ABLE program and lead a targeted marketing campaign to raise awareness of the program's tax-free cost-of-living benefits for individuals with disabilities.
- Enhance the Unclaimed Property program by expanding Key Performance Indicators and strengthening personnel policies and trainings, with the aim of increasing property redemptions by 30%.

**OKLAHOMA**  
Medical Marijuana Authority

**Adria Berry**  
**Executive Director**

---

The **Oklahoma Medical Marijuana Authority** serves as the regulatory agency for Oklahoma's medical marijuana program.

Oklahoma voters authorized the state's medical marijuana program in 2018 with State Question 788. SQ 788 legalized medical marijuana in Oklahoma; HB 2612 in 2019 created OMMA to oversee the program.

The agency now encompasses the following programs:

- Administration.
- Programs.
- Information Services.

# Agency Vision, Mission and Core Values

**Vision:**

A safe medical marijuana program that is appropriately regulated to support responsible industry growth and innovation.

**Mission:**

Promote public health and safety through regulation and enforcement of responsible medical cannabis practices by patients and commercial licensees.

**Core Values:**

Consumer protection, integrity, collaboration, innovation, and quality service.

## AGENCY ACCOMPLISHMENTS

- Successfully navigated the federal REAL ID enforcement deadline, meeting a 64% increase in demand with no increase to wait times.
- Launched MILES, an AWS-powered virtual assistant delivering 24/7 support. MILES significantly contributed to a 20% reduction in call volume, freeing agents to focus on complex issues and improving service quality earning recognition with a 2025 Government Experience Award for innovation in digital service delivery.
- Modernized driver testing by implementing online written tests statewide, with 35% of all tests now taken virtually.
- Implemented Oklahoma's vehicle preregistration requirements in cooperation with statewide partners including the Oklahoma Turnpike Authority. Modernization enabled near real-time data sharing, resulting in an 88% decrease in temporary Oklahoma tags on the road, improving toll accuracy, revenue recovery, and law-enforcement visibility.
- Launched Ready to Fly, a statewide series of early-morning, evening, and weekend REAL ID events designed to meet citizens where they are and prevent last-minute travel disruptions.
- Achieved exceptional customer experience results, with statewide Google Reviews averaging 4.8 stars in FY 2025 across Service Oklahoma locations.

## AGENCY GOALS

- Complete BOOST, the unified driver license and motor vehicle system of record, delivering modern workflows, common logins between services, improved reporting, and a fully refreshed hardware environment across all service points. Also launch Navigate, the new online platform for DL/MV services, and deploying Mobile ID through Apple and Google Wallets as part of this integrated modernization effort.
- Launch a pay-for-performance program that aligns compensation with measurable results, supports retention of high-skill roles, and reinforces clear expectations.
- Continue upgrading and relocating physical service centers, often in partnership with local governments, to improve accessibility, customer experience, and operational efficiency.
- Complete a statewide footprint assessment to determine the optimal long-term mix of service locations.
- Pilot a dedicated CDL testing and licensing hub that consolidates written exams, skills tests, and licensing into one professional, consistent, and streamlined location.

Most of the judiciary in Oklahoma is composed of judges of the District Court. Often these judges serve as the first contact a party may have with the judicial system. District Court judges hear civil and criminal matters, and they are the backbone of the judiciary.

Oklahoma's 26 judicial districts cover 77 District Courts, which have general jurisdiction over all civil and criminal matters as authorized by the Oklahoma Constitution and the Oklahoma Statutes. Oklahoma is further divided into nine administrative judicial districts to assure a well-organized trial court system. Each administrative district selects a presiding judge, who is responsible for the day-to-day administration of their district and is answerable to the Chief Justice. The nine presiding judges meet monthly with the Chief Justice to discuss problems and arrive at solutions common to all trial court judges.

The appropriated funds in the budget for the District Courts consist of general revenue funds appropriated by the Legislature and monies collected in the State Judicial Fund. The State Judicial Fund is the repository for court costs, fines, and fees authorized by statute, collected by court clerks, and remitted quarterly to the Administrative Office of the Courts. Each court clerk may retain an amount equal to their actual expenses plus a sum equal to 20% of their expenses for each reporting period.

The remaining amount collected from all 77 counties becomes part of the State Judicial Fund. Annually, the Administrative Office of the Courts certifies the expected total to be received in the State Judicial Fund for the ensuing fiscal year.

The Oklahoma court system is centralized for certain administrative functions. Payroll, benefits, and travel reimbursements for trial court judges and staff are disbursed through the Administrative Office of the Courts. The District Court's budget is 99.3% salaries and benefits for all court staff.

# Oklahoma Legislature

The **House of Representatives**, the **Senate**, and the **Legislative Service Bureau** represent the legislative branch.

The **Oklahoma Legislature** consists of 101 members in the House of Representatives and 48 members in the Senate. They convene annually beginning on the first Monday in February and adjourn on the last Friday in May. Normally, the Legislature is in session Monday through Thursday. Extra legislative sessions may be called by the Governor or Legislature. State Senators serve four-year terms with half of the members elected every two years. Members of the House of Representatives serve two-year terms.

Each chamber of the Legislature considers four different types of legislation:

- Bills that will become law when passed by both chambers and signed by the Governor.
- Joint resolutions that have the effect of law if passed by both chambers and signed by the Governor but may not become part of state statutes.
- Concurrent resolutions, which express the will of both chambers.
- Simple resolutions, which express the will of the chamber of origin.

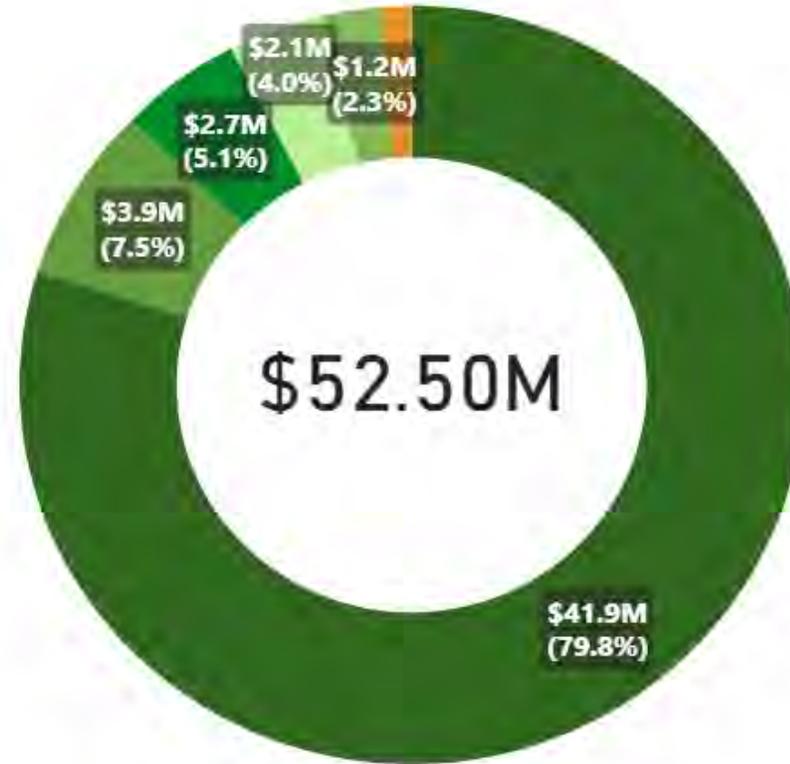

In 1990, voters in Oklahoma decided to adopt term limits for legislators. Therefore, legislators have a 12-year limit on service in the House of Representatives, the Senate, or both. For more information about the Legislature, visit:

# Supreme Court

**Dustin P. Rowe**  
**Chief Justice**

The **Oklahoma Supreme Court's** historic and primary focus is to decide civil appellate cases. However, the court has additional duties of equal importance. Under Article 7 § 4 of the Oklahoma Constitution, the court has administrative responsibility for the entire Oklahoma judicial system. The court establishes the rules for all courts in Oklahoma. Oklahoma has a unified bar. Membership in the Oklahoma Bar Association is required to practice law in Oklahoma. The court sets the rules for admission to the bar and the ethical practice of law and administers appropriate discipline in cases of attorney misconduct. In recent years, the Supreme Court has been vested with further responsibilities by the Legislature, including appeals of expungement orders, decisions of the Oklahoma Securities Commission, victim protective orders, original and exclusive jurisdiction over bond approvals and final orders on the nonpayment of child support.

The Oklahoma Supreme Court works closely with the federal judiciary. The court is often called upon to answer federal certified questions under the Uniform Certification of Questions of Law Act, 20 O.S. § 1601, et seq. Certified questions are issues raised in a federal case for which there is no Oklahoma law, and the Oklahoma Supreme Court is called upon to settle the issue.

## **Supreme Court | FY 2026 Budget | \$57,836,461**

### **Supreme Court Justices and Staff | \$7,819,113**

The historic and primary focus of the Supreme Court is to decide civil appellate cases. However, the court has additional duties of equal importance. Under Article 7 § 4 of the Oklahoma Constitution, the court has administrative responsibility for the entire Oklahoma judicial system. The court establishes the rules for all courts in Oklahoma. The Supreme Court is developing and implementing a statewide uniform case management system for the appellate and District Courts of Oklahoma. Membership in the Oklahoma Bar Association is required to practice law in Oklahoma. The court sets the rules for admission to the bar and the ethical practice of law and administers appropriate discipline in cases of attorney misconduct. In recent years, the Supreme Court has been vested with further responsibilities by the Legislature, including appeals of expungement orders, decisions of the Oklahoma Securities Commission, victim protective orders, original and exclusive jurisdiction over bond approvals, and final orders on the nonpayment of child support.

### **Administrative Office of the Courts | \$8,301,927**

The Supreme Court appoints an administrative director and staff who serve at its pleasure to assist the chief justice in administrative duties and to assist the judiciary. The administrative director of the courts and staff, under supervision of the chief justice and the Supreme Court, coordinate judicial operations and personnel throughout the state handling payroll, training, data systems, research and other responsibilities. Additionally, the Administrative Office of the Courts provides leadership and administrative support for the Judicial Nominating Commission, the Oklahoma Children's Court Improvement Program, the State Board of Examiners for Certified Shorthand Reporters, the State Board of Examiners of Certified Interpreters, and the Oklahoma Access to Justice Commission.

## **Court of Civil Appeals | \$7,459,278**

The Court of Civil Appeals is the intermediate appellate court. Civil appeals are assigned to the court by the Supreme Court. The Court of Civil Appeals is responsible for most appellate decisions. These opinions may be released for publication either by the Court of Civil Appeals or by the Supreme Court. When an opinion is released for publication by the Supreme Court, it has precedential value.

## **Alternative Dispute Resolution | \$1,479,157**

Early Settlement Centers serve all 77 counties in Oklahoma offering free mediation services to all who wish to negotiate interpersonal matters. Cases resolved by mediation may involve money, property, business transactions, personal relationships, harassment, animal disturbances, neighborhood disturbances, assault, child permanency or other matters. In addition to the early settlement community-based programs, 13 state agencies have programs in Alternative Dispute Resolution System. Early settlement mediators are community volunteers who have completed specialized mediation training and are certified by the administrative director of the courts. They assist both parties in negotiating and resolving their problems. There are over 300 active community volunteer mediators statewide.

## **Appellate Court Clerk | \$1,157,707**

The Supreme Court appoints the clerk of the Supreme Court who serves at the pleasure of the Supreme Court and who performs the duties mandated by law and by the rules of the Supreme Court. The clerk attends all sessions of the court held in the courtroom, calls the court into session, maintains official hearing records, operates recording and timing equipment, and ensures that proper courtroom procedures are observed. The clerk maintains operational contact with the parties and attorneys for all cases. The clerk's office is the repository for all filings made in connection with any appellate case. The clerk also serves as the clerk of the Court of Criminal Appeals, the Court of Civil Appeals, the Court of the Judiciary and the Court of Tax Review.

## **Management Information Systems | \$21,119,279**

The Management Information Services (MIS) Division provides a statewide court network, computer equipment, software applications, internet access, email services, information security, technical maintenance, jury management system, training, and support to the state's 77 District Courts and three appellate courts and two public defenders offices. It also develops, trains, and supports an in-house case management system, the Oklahoma Court Information System.

The MIS Division is also responsible for the design, development, and maintenance of the Supreme Court's public website, OSCN ([www.oscn.net](http://www.oscn.net)), and the Court of Criminal Appeals' website ([www.okcca.net](http://www.okcca.net)). OSCN provides an online payment system that allows the public a convenient way to pay traffic citations and fines and costs, fees, and assessments that are properly owed to the District Courts of Oklahoma. The Court Clerk is statutorily responsible under 28 O.S. § 151 for the collection and distribution of these fees and assessments that are associated with District Court cases.

## **Family Representation and Advocacy | \$10,500,000**

The Family Representation and Advocacy Program was created effective November 1, 2023, by 10 O.S. § 801 to ensure availability of high-quality legal representation of children, indigent parents, legal guardians, and Indian custodians ("Eligible Clients") in deprived child actions brought by the state. Interdisciplinary support services of social workers and peer mentors are available to represented parties, upon request of legal counsel, as a resource for clients with the goal of decreasing the time required for resolution of cases. Program startup began in mid-FY 2024. Statewide services will be provided by a private non-profit entity. Representation of eligible clients will transition from local court funded contracts to the Family Representation and Advocacy Program in phases beginning with northeast and southwest Oklahoma, with the goal of serving the rest of Oklahoma by FY 2029.

# Oklahoma State Budget Process

## State Board of Equalization

The Oklahoma Constitution provides for a number of checks and balances to ensure the Governor and Legislature maintain a balanced budget every year. One of the most important provisions is Section 23, Article X, which outlines the framework for how Oklahoma sustains a balanced budget. This section designates the State Board of Equalization as the body responsible for establishing expenditure limits for the Governor and the Legislature. The State Board of Equalization is comprised of the Governor, Lieutenant Governor, Treasurer, Auditor and Inspector, Attorney General, Superintendent of Public Instruction, and Secretary of Agriculture.

Pursuant to Section 23, the State Board of Equalization must meet at least two times each fiscal year:

- “no more than 45 days but no less than 35 days before the start of the legislative session” (sometime in late December or early January).
- “within five days after the monthly apportionment in February of each year.”

The board can only meet again and adjust revenue estimates if the Legislature and Governor enact laws during a regular or special session that reduce or increase revenue certified by the board; transfer cash from one fund to another; or establish a new certified, appropriated fund. In practice, the State Board of Equalization meets in June to incorporate legislative changes enacted during the legislative session and to recertify revenue available for the coming fiscal year.

The benefit of this approach is that both the executive branch and legislative body are required to use the same revenue estimate and expenditure limit. State expenditures passed by the Legislature and enacted by the Governor cannot exceed the amount of funds certified and authorized by the board.

The Office of Management and Enterprise Services, which staffs the board, compiles revenue projections from various revenue-collecting agencies throughout the state, analyzes the information, and presents the information to the board for its consideration and approval. Projections for the General Revenue Fund, which makes up more than 80% of total state appropriated spending, are estimated utilizing a state economic model developed by Oklahoma State University and modified to fit the state’s customized needs by Tax Commission staff, with additional resources provided by RegionTrack, an Oklahoma City-based research firm, and other national forecasts specific to the energy sector. Revenue estimates presented to the board are based on current- and prior-year collection trends, economic forecasts, federal and state tax law changes, and other foreseeable factors.

Revenue certified and authorized at the December board meeting serves as the basis for the Governor’s Executive Budget. The State Board of Equalization considers possible revisions to the December estimate at the February meeting. Revisions to the December estimate are based on economic changes and additional collections data that have been noted since that time, which may increase or decrease anticipated revenue collections. The estimate approved at the February meeting sets the limit on which legislative appropriations are based.

## State Revenues and Expenditures

### Spending Limits

Oklahomans believe in responsible budgeting and limiting state expenditure growth to reasonable levels. This philosophy is cemented in Paragraph 1 of Section 23, Article X of the Oklahoma Constitution. Increases in legislative appropriations in any year are limited to no more than 12% more than the preceding year’s level, adjusted for inflation.

Paragraph 1 of Section 23 provides an additional limit for Oklahoma's state budget. This paragraph limits expenditures of certified funds to 95% of the State Board of Equalization's estimate. This internal safeguard protects agency budgets from mild fluctuations in revenues in the event revenues do not meet the 100% estimate. Currently, 11 certified funds are directly appropriated by the Legislature and included in the total expenditure authority.

Certain statutory revolving funds are also included in the executive and legislative expenditure authority presented to the State Board of Equalization. Estimates for revolving funds are included for informational purposes, and some of these funds may require authorization from the Legislature for an agency or entity to expend the funds. The board does not have to approve expenditures from those funds, since they are not certified funds. Unlike certified funds, the Governor and Legislature can spend 100% of revolving fund estimates. Eight such revolving fund estimates are included in the executive and legislative expenditure authority. Revenues from four of the eight funds are specifically dedicated to education purposes; funds from the Tobacco Settlement Endowment Trust are directed for health services; the Judicial Fund is directed to District Court operations; and the State Transportation Fund and ROADS Fund are directed to the Oklahoma Department of Transportation.

## **Cash Management**

Another internal budget control is provided in 62 O.S. § 34.54, which creates the Cash Flow Reserve Fund (CFRF). The CFRF is used for two purposes: (1) to make allocations to agencies in July, since the General Revenue Fund (GRF) for that year has no collections until the end of July, and (2) to ensure that each monthly allocation of revenue to agencies is equal to one-twelfth of the money appropriated by the Legislature. This second purpose is intended to protect state agencies from variations in monthly revenue collection patterns; in practice, the CFRF is used to make up the difference between actual collections in any given month and the required allocations for that month.

Money is deposited into the CFRF for the next fiscal year from current-year General Revenue Fund collections that exceed the amount appropriated from the General Revenue Fund. The limit on deposits into the fund is 10% of the amount certified by the State Board of Equalization as available for appropriation from the General Revenue Fund for the next fiscal year. At the end of each fiscal year, any monies remaining in the CFRF that are not necessary for current-year cash-flow needs are available for legislative appropriation or are returned to the General Revenue Fund. This provision was affirmed and strengthened by the passage of HB 3206 in the 2016 legislative session, requiring the Office of Management and Enterprise Services to analyze and submit to the State Board of Equalization the amount of monies available for appropriation.

Any excess certified General Revenue Fund collections for the current year, after the CFRF for the next year has been funded, are carried forward as cash that is available for future certification and appropriation by the Legislature. General Revenue Fund collections that are in excess of the total certified estimate are considered "surplus funds" and cannot be used to make deposits to the CFRF, as those monies are directed elsewhere according to the state constitution.

## **Budget Stabilization**

A portion of the revenue collected in excess of 100% of the certified GRF estimate may be deposited in the Constitutional Reserve Fund (CRF), known as the Rainy Day Fund, at the end of the fiscal year. Deposits into the CRF are limited to 15% of the certified actual collections to the GRF for the preceding fiscal year. The CRF can be accessed for three different and distinct purposes: emergencies, future-year budget stabilization, and current-year budget stabilization. Up to 25% of the fund may be appropriated upon a declaration of an emergency by the Governor with two-thirds legislative concurrence or upon a joint declaration of emergency by the Speaker of the Oklahoma House of Representatives and the President Pro Tempore of the Oklahoma Senate with three-fourths legislative concurrence. Up to three-eighths of the CRF may be appropriated to make up any decline in revenue certified as available for appropriation by the State Board of Equalization from one year to the next. The amount cannot exceed the decline in certified revenue. The final three-eighths of the CRF may be appropriated to address a current-year revenue shortfall. To access this money, the BOE

must determine that a revenue failure has occurred in the GRF, and legislative appropriations from the CRF for this purpose are limited to the amount of the shortfall. A constitutional provision also exists to provide incentive payments of up to \$10 million to support retention of at-risk manufacturing entities under scrutinized, specific circumstances.

The Revenue Stabilization Fund (RSF) was established with the signing of House Bill 2763, which took effect Nov. 1, 2016. This fund provides a process whereby above-average revenues from highly volatile sources will be saved and later made available to supplement revenues during times of recession or other economic downturns. Additionally, a long-term effect will be increased stabilization of the overall state budget. The State Board of Equalization is required to certify five-year average annual apportionments to the General Revenue Fund of collections from gross production and corporate taxes beginning in February 2017. Monies above the certified averages from each source, respectively, will be directed into the stabilization fund and the state's Rainy Day Fund (Constitutional Reserve Fund) by specific percentages. Other provisions suspend deposits to the RSF during periods of declared revenue failure or projected downturns in an upcoming fiscal year and detail mechanisms to access the fund. Senate Bill 1072, passed during the 2019 legislative session, caps deposits to the RSF at 3% of the certified amount in the General Revenue Fund in that fiscal year and provides for a reduction of the total deposit in the event any one source of revenue falls below the determined five-year average.

## Revenue Shortfalls

The director of the Office of Management and Enterprise Services is statutorily charged with making allotments to agencies to control expenditures. State law also requires the state's budget to remain in balance every fiscal year. Oklahoma is constitutionally and statutorily barred from expending more money than it collects in a given year.

To ensure that revenues are sufficient to meet the appropriations specified by the Legislature, OMES closely monitors collections throughout the year. The allocation of appropriated monies to agencies occurs on the Tuesday following the second Monday of every month during a fiscal year.

During times of economic recession or distress, state revenue collections can fall below the level of appropriations. Thus, limiting appropriations to only 95% of estimated collections is an insufficient measure to ensure the state maintains a balanced budget and can fully fund all appropriations.

62 O.S. § 34.49 of the Oklahoma Statutes reads, in part:

“At the end of any fiscal year, the entire amount appropriated to any agency must be allotted to the agency by the Director of the Office of Management and Enterprise Services, except where the estimated budget resources during any fiscal year are insufficient to pay all of the appropriations of the state in full for such year. The Director of the Office of Management and Enterprise Services shall not allot to any agency during any fiscal year, an amount which will be in excess of the amount of revenue collected and allocated to appropriations made to such agency. ... In the event of a failure of revenue, the Director of the Office of Management and Enterprise Services shall control the allotment to prevent obligations being incurred in excess of the revenue to be collected. However, within each state fund where a revenue failure occurs, the Director of the Office of Management and Enterprise Services shall make all reductions apply to each state agency or special appropriation made by the State Legislature, in the ratio that its total appropriation for that fiscal year bears to the total of all appropriations for that fiscal year, as provided in Section 23 of Article X of the Oklahoma Constitution.”

This directs OMES to allocate all of the money appropriated to state agencies, unless revenue collections are less than the amount appropriated. When this occurs, OMES is required by this statute to reduce allocations to agencies to no more than the amount of revenue collected. Further, the reduction in allocations is to be effected upon all agencies receiving money from the fund in which the failure occurs. Each agency receives a

proportional share of the reduction based on their share of appropriations compared to the total appropriations from the fund.

## **Executive and Legislative Appropriations Process**

### **Executive Budget**

The Governor sets the tone for state budget recommendations with the submission of the Executive Budget on the first Monday in February of each regular legislative session. 62 O.S. § 34.37 requires the Governor to submit a balanced budget with detailed revenue and expenditure proposals to the presiding officer of each legislative chamber. The director of the Office of Management and Enterprise Services is required to prepare the document after reviewing state agency budgets and budget requests and developing recommendations. The proposals outlined in the Governor's Executive Budget Book serve as the Governor's fiscal and policy priorities for the upcoming year.

### **Legislative Process**

The Legislature reviews the executive budget and works with the Governor throughout each session to enact a balanced budget. Establishing the state budget is the responsibility of the appropriations committees of the Oklahoma Senate and the Oklahoma House of Representatives. The committees of each legislative chamber work through appropriation subcommittees which are categorized by specific budget areas such as general government, education, health, and safety and security. Subcommittees review agency budgets, requests for additional funding, and the Governor's recommendations.

The General Appropriations (GA) Bill is a method to provide a base level of funding. This provision is a safeguard to ensure state government programs and services do not shut down in the event the Legislature and the Governor are unable to agree on a budget.

Appropriation decisions for agencies are typically not finalized until April or May when the General Conference Committee on Appropriations, or GCCA, is convened. The primary difference between an appropriation subcommittee of the Oklahoma House of Representative or Oklahoma Senate and the GCCA is that the GCCA is comprised of members of both the Oklahoma House of Representative and the Oklahoma Senate. Before beginning the GCCA process, the two legislative bodies agree to allocate a certain amount of available funding to each GCCA subcommittee. Before a formal appropriations bill is presented to either legislative body, the two legislative chambers must work together in GCCA, negotiate spending priorities, and produce a unified budget together.

Appropriation bills may be written for individual agencies or groups of agencies that are within the same subject area, such as education. In addition to appropriating funds for the coming fiscal year, appropriation bills may also include agency spending limits, total personnel hiring limits, and the maximum salaries of directors.

If the bill is approved by a majority of both legislative chambers, the appropriation bill is sent to the Governor. All legislation, excluding any general appropriation bill, becomes effective 90 days after the end of the legislative session or later if a later effective date is specified. Legislation may become effective earlier if passed with an emergency clause. For an emergency clause to be enacted, two-thirds of each body must approve the emergency clause through a separate vote on the bill. A general appropriation bill becomes effective at the beginning of its respective fiscal year unless otherwise specified within the bill.

## Governor's Action

Section 11, Article VI of the Oklahoma Constitution provides the Governor five working days, excluding Sundays, to enact or veto all or part of an appropriation bill while the Legislature is in regular session. If the Governor does not sign or veto such a bill within five days, the bill automatically becomes law. The Governor has 15 working days to sign or veto a bill after the regular session has adjourned. In addition, any bill presented to the Governor within five days of the end of the regular legislative session must be acted upon within the 15 days. In contrast to actions taken during session, if the Governor does not sign or veto a bill within the 15 working days after session, the bill fails to become law. This is referred to as a pocket veto.

In addition to these powers, Section 12, Article VI of the Oklahoma Constitution gives the Governor the authority to disapprove an entire appropriation bill or any item or single appropriation within the bill. This line-item veto power is one manner by which the Governor exercises control over state budget appropriations.

Vetoes may be overridden by two-thirds majority of each legislative chamber for bills with no emergency clause and by three-fourths majority of each legislative chamber for bills with an emergency clause.

## State Funds Subject to Appropriation

The State Board of Equalization, in accordance with Section 23, Article X of the Oklahoma Constitution, annually certifies the following state funds as available for appropriation. Amounts certified as available for appropriation funds are 95% of an itemized estimate including all sources of revenue to each fund for the next ensuing fiscal year. Each of these funds is identified in the accounting structure with a three-digit code. The first two digits uniquely identify the fund. The last digit represents the year the funds were collected (e.g., "192" would be the General Revenue Fund monies collected in FY 2022).

**General Revenue Fund (Fund 19X):** Income to this fund is from state taxes, fees, regulatory functions, and income on money and property. Approximately one-half of all state tax revenue is deposited to this fund. Funds are appropriated for the operation of state government and other purposes specified by the Legislature. (Section 2, Article X of the Oklahoma Constitution.)

**Council on Law Enforcement Education and Training (CLEET) Fund (Fund 58X):** Income is derived from penalties, assessment fees, and other receipts pursuant to law. Income is dedicated to peace officer training and other agency duties. (20 O.S. § 1313.2; effective Nov. 1, 1988.)

**Commissioners of the Land Office Fund (Fund 51X):** This fund was created to receive revenue collected from surface leasing of lands managed by the Commissioners of the Land Office and 6% of the revenue generated from the Common School Fund, the Education Institutions Fund, the University of Oklahoma Fund, the University Preparatory School Fund, the Oklahoma State University Fund, the Public Building Fund, and the Greer 33 Fund. Funds are used for administrative costs of the Commissioners of the Land Office. Funds not used for administrative costs of the Commissioners of the Land Office are allocated to public schools. (64 O.S. § 1009; effective July 1, 1992.)

**Mineral Leasing Fund (Fund 55X):** Income to this fund is from a share of lease sales and royalty payments on oil and gas production on federal lands within the state. Funds are used for the financial support of public schools. (62 O.S. § 34.48; effective 1920.)

**Special Occupational Health and Safety Fund (Fund 54X):** Each insurance carrier writing workers' compensation insurance in this state, the State Insurance Fund, and each self-insured employer authorized to make workers' compensation payments directly to employees pay a sum equal to three-fourths of 1% of the total workers' compensation losses, excluding medical payments and temporary total disability compensation. Funds are used exclusively for the operation and administration of the Occupational Health and Safety Standards Act of 1970 and other necessary expenses of the Department of Labor. (40 O.S. § 417.1; effective July 1, 1986.)

**Public Building Fund (Fund 11X):** Income to the fund is from portions of leases, sales, rentals, and royalties of lands set aside for public building purposes by the state's Enabling Act (Section 33) and lands granted in lieu thereof, under the management of the Commissioners of the Land Office. Funds are appropriated for major maintenance and capital improvements of public facilities. (64 O.S. § 1079; effective 1910.)

**Oklahoma Education Lottery Trust Fund (Fund 38X):** In November 2004, voters passed State Question 706 which established this fund as one available for appropriation by the Legislature for the purposes of common education, higher education, and career technology education. Revenue deposited in the fund comes from net proceeds generated by the Oklahoma Lottery. (3A O.S. § 713.)

**State Public Safety Fund (14X):** House Bill 3208, passed in the 2016 legislative session, established this fund for the Department of Public Safety subject to legislative appropriation. Its initial funding is limited to receipts from a motor vehicle tag reissuance contained in the bill. (47 O.S. § 2-147 and 47 O.S. § 1113.2.) Ongoing funding is established by the passage of HB 1845 in the 2017 legislative session and includes specific revenues from certain REAL ID compliance fees.

**Health Care Enhancement Fund (15X):** House Bill 1016XX, passed in the second extraordinary session of 2018, established this statewide fund, effective July 1, 2019, and subject to legislative appropriation. (68 O.S. § 302-7a.) The fund consists of monies received from a new tax of \$1 per pack of 20 cigarettes enacted by HB 1010XX during the same session.

**Alcoholic Beverage Control Fund (16X):** Senate Bill 383, passed in the 2016 legislative session and effective Oct. 1, 2018, established this statewide fund subject to legislative appropriation. (37A O.S. § 5-128.) The fund consists of revenues collected by the ABLE Commission for the state from license and registration fees pursuant to the Oklahoma Alcoholic Beverage Control Act.

**OK Pension Improvement Fund (17X):** Senate Bill 1128, passed in the 2016 legislative session, established this statewide fund subject to legislative appropriation. Expenditures from the fund are to be used to pay for the cost of any legislatively authorized cost-of-living adjustment for retirees or beneficiaries of the State of Oklahoma retirement systems, or to reduce unfunded liabilities of such systems. Revenue to the fund is from \$5 of each \$20 fee assessed through the Uninsured Vehicle Enforcement Diversion Program, established by Senate Bill 359 during the 2016 legislative session and administered by the District Attorneys Council.

## Federal Funds Subject to Appropriation

The Oklahoma Constitution contemplates a process for the State Board of Equalization to certify the amounts available for appropriation from federal funds. Per Section 23, Article X, "appropriated federal funds shall be certified for the full amount of the estimate."

**Statewide Recovery Fund (Fund 497):** Income includes all State and Local Fiscal Recovery Fund (SLFRF) and Capital Projects monies received by the state pursuant to the American Rescue Plan Act of 2021 (ARPA) as well as interest or investment returns accrued on the balance of monies held in the fund. (62 O.S. § 62-255; effective May 25, 2022.)

**ARPA Administrative Costs Fund (Fund 498):** Income includes a portion of monies transferred from the Statewide Recovery Fund as well as interest or investment returns accrued on the balance of monies held in the fund. Monies are obligated for funding administrative costs arising from implementing, reporting, complying with, and closing out any projects receiving appropriations from the Statewide Recovery Fund in accordance with legislation. (62 O.S. § 62-255.5; effective May 26, 2023.)

## Agency Budgets

### Budget Work Programs

Oklahoma statutes provide the legal framework under which state agencies budget and expend funds in a responsible manner. 62 O.S. § 34.42 requires every agency to submit a balanced budget on the first day of June or soon thereafter. Funds must be budgeted by program categories and expenditure limits placed in law.

Appropriation bills may set maximum limits on the amount of state-appropriated funds, revolving funds, and federal funds that each program may budget and spend for the fiscal year. Maximum limits for personnel or full-time-equivalent (FTE) personnel, lease-purchase expenditures, and director salaries may also be defined in statute. Budget work programs must conform to these parameters to provide a plan on how the agency will utilize all state, revolving, and federal funds for the fiscal year.

Work programs are reviewed by the Budget division of the Office of Management and Enterprise Services, and the approved work program serves as a basis for subsequent allotment of funds. Certified funds such as the General Revenue Fund are allocated to agencies on a monthly basis and cash appropriations are allocated in a lump sum, as available. Budget work programs can be revised at any time during the fiscal year if justified. Revisions can be incorporated within various expenditure, full-time-equivalent employee, and transfer limits.

Agencies are allowed under law (62 O.S. § 34.52) to request to transfer up to 25% of funds between line-items of appropriation, allotment or budget category within the same agency. The Joint Legislative Committee on Budget and Program Oversight and the director of the Office of Management and Enterprise Services can further approve transfers between line-items up to 40%. All transfers are subject to review by the Joint Legislative Committee on Budget and Program Oversight to determine if the transfer meets legislative intent or subverts the intention and objectives of the Legislature.

Executive and legislative staff review agency budgets and expenditures throughout the year to ensure each agency is meeting program goals and stated legal expenditure limits.

### Strategic Planning

While performance-informed budgeting looks across the entire enterprise of state government, agencies are still required, by the Oklahoma Program Performance Budgeting and Accountability Act, to submit strategic plans for their internal operations that define their mission, vision, goals, and performance measures. 62 O.S. § 45.3 requires every agency to submit five-year strategic plans on Oct. 1 of every even-numbered year.

Strategic planning helps focus agency leadership and staff on short-term and long-term goals and how to achieve those goals. Outcome measures required in strategic plans and agency budget requests focus agency leadership and staff on monitoring and improving performance. This information is a valuable tool for policymakers. Performance information is also used in routine and special performance evaluations and policy analyses conducted by agencies, the Office of Management and Enterprise Services, legislative staff, the Auditor and Inspector, and outside consultants. Evaluating government programs and services using meaningful data allows elected officials to make better, more informed budgeting decisions.

### Budget Request

62 O.S. § 34.36 requires agencies to submit a budget request on Oct. 1 every year. The budget request serves as the financial plan to the agency's strategic plan. This document outlines program funding and performance information and includes a detailed listing of additional state funding requested by each agency.

Copies of each agency's budget request and strategic plan are submitted to the Office of Management and Enterprise Services, staff of the Oklahoma House of Representatives and staff of the Oklahoma Senate, and members of the Legislative Oversight Committee on State Budget and Performance.

## **Performance-Informed Budgeting**

Per statute, agency budgets are prepared using the performance-informed budgeting technique. As a part of the budget cycle, agencies align their budgets to strategic priorities of the state. Furthermore, every agency has established measurable Key Performance Metrics (KPMs), and their performance against these KPMs is tracked over time. By ensuring that agency programs are aligned with strategic priorities and rigorously tracking performance against KPMs, agencies will be able to ensure that resources are effectively allocated against the focal areas that drive meaningful results for Oklahomans.

## **Financial Tools**

### **Annual Comprehensive Financial Report (ACFR)**

The ACFR is the primary means of reporting aggregate financial activities for all state agencies. Prepared by OMES' Central Accounting and Reporting division in conformance with Governmental Accounting Standards Board (GASB) Statements 34 and 35, this model provides a better picture of the state's financial status as a single, unified entity. Financial statements contained in the ACFR include a Statement of Net Assets and Liabilities; Statement of Activities outlining major state expenditures; and a Statement of Revenues, Expenditures, and Changes in Fund Balances. The ACFR is a valuable tool to use when reviewing and analyzing overall state revenue and expenditure trends.

### **Single Audit**

The Single Audit is prepared by the Auditor and Inspector's Office to meet the requirements of the Single Audit Act. The federal funds expended by all state agencies (excluding higher education and civil emergency management) are included within the scope of this report. The Single Audit reports federal fund expenditures for each agency and provides information on the type of federal funds available for state agencies, such as block grants, entitlement programs, and matching grants. This report, required by the federal government, ensures state agencies are properly expending and accounting for federal funds.

### **Financial System**

Daily, monthly, and annual reports generated from the Office of Management and Enterprise Services financial systems provide quality agency budgeting and expenditure reports which allow policymakers to track funds by program and object code. Other essential financial reports include budget to actual reports, cash balance, and receipts and disbursements for funds.

## **Capital Budget**

### **The Capital Budget Process**

The State of Oklahoma's Capital Improvement Plan (CIP) and the Long-Range Capital Planning Commission were established to provide the infrastructure to perform comprehensive capital plans. Capital projects are defined as one-time projects costing \$50,000 or more with a useful life of at least five years or longer and will be used in providing services.

The CIP development process begins early in the calendar year. July 1 is the official deadline for agencies, boards, commissions, trusts, colleges, and universities to submit their Capital Budget Requests to the Office of Management and Enterprise Services. Once received, the commission separates requests into two broad

categories: self-funded and appropriation-funded requests. Generally, the commission accepts an applicant's ranking of self-funded projects without further review.

Projects requiring an appropriation are evaluated according to a ranking process to permit the equitable allocation of limited state resources. The ranking system uses the following criteria:

- Impact on operating and capital costs.
- Leverage of state funding with other resources.
- Legal obligations.
- Impact on service to the public.
- Urgency of maintenance needs.
- Completion of prior phases.
- Health and safety.
- Advancement of the agency's mission.

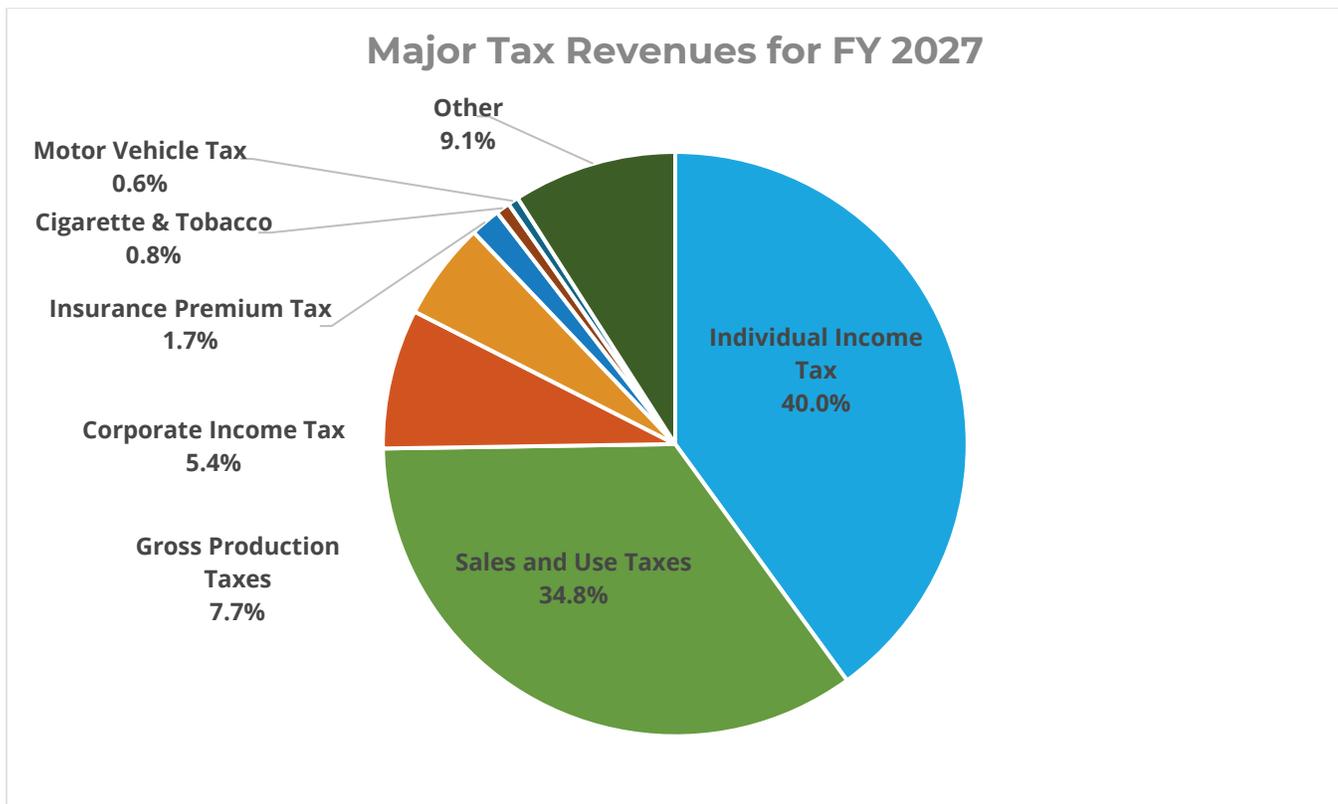

# Oklahoma Revenues and Expenditures

## Major tax sources

The single largest source of revenue collected by the state comes from taxes paid by Oklahoma citizens, businesses and others doing business in the state. Most of the state's appropriated revenue is from general taxes. For FY 2027, tax revenue is estimated to comprise up to 93% of total appropriated revenue.

Taxes, such as income tax, are compulsory payments and cannot legally be avoided. This contrasts with fees, like fishing licenses, which are discretionary and voluntary to the extent one decides to utilize a state service.

The seven major tax revenue sources for FY 2027 (estimated to provide up to 91% of general revenue) were most recently estimated during the December 2025 Board of Equalization meeting and are shown below.

## Individual income taxes

Oklahoma's income tax laws date back to 1915, when an income tax was imposed on the net income of individuals residing in Oklahoma and upon the Oklahoma portion of nonresidents' income. The income tax was extended to corporations and banks in 1931. The importance of the income tax to state revenues increased when voters approved the 1933 constitutional amendment prohibiting state taxation of property. Federal income taxes paid are not deductible from net income.

The Oklahoma individual income tax calculation had employed rates from 0.5% to 5.50% through calendar year 2011. In 2006, the Legislature passed and the Governor approved the largest tax cut package up to that point in Oklahoma history. House Bill 1172 lowered the individual income tax rate and increased the standard deduction over several years. Based on the amount of growth in revenue for the coming fiscal year as required by this legislation, the State Board of Equalization determined on Feb. 22, 2011, that conditions had been met to lower the top income tax rate to 5.25% beginning on Jan. 1, 2012. Based on a finding of the State Board of Equalization in December 2014, the top marginal income tax rate was further reduced to 5.00% beginning Jan. 1, 2016.

HB 2032, passed in the 2013 legislative session, would have lowered the top rate to 5.0% beginning Jan. 1, 2015, and to 4.85% as of Jan. 1, 2016, contingent upon a determination to be made by the Board of Equalization

pursuant to the enacted statute. This bill was declared unconstitutional by the Oklahoma Supreme Court in December 2013 because it violated the one-subject rule.

Senate Bill 1246, passed during the 2014 legislative session, implemented a mechanism to reduce the top marginal individual income tax rate to 5.00%, and to further reduce it to 4.85% contingent upon specific findings required of the State Board of Equalization. On Dec. 18, 2014, the Board found that conditions had been met to authorize the first reduction to 5.00% for the tax year beginning Jan. 1, 2016. In December 2016, a required preliminary finding indicated that conditions for the further reduction to 4.85% had not yet been met. SB 170, passed in the first regular session of 2017, repealed the mechanism for reducing the rate to 4.85%.

In 2021, HB 2962 was passed and signed into law, reducing each nominal individual income tax rate by 0.25%, effective for tax years beginning on or after Jan. 1, 2022. The top marginal tax rate was then reduced to 4.75%.

In 2025, the Legislature passed and the Governor signed HB 2764, which eliminated the two lowest income tax brackets, reduced the tax rate for the three remaining brackets by 0.25%, and implemented a trigger mechanism for further rate reductions contingent upon findings made by the Board of Equalization pursuant to the enacted statute. Beginning Jan. 1, 2026, the top marginal income tax rate will be 4.50%. Starting in December 2026, the Board of Equalization will be required to annually certify an income tax rate reduction threshold and compare the preceding fiscal year's tax collections to a designated comparison year. If the comparison year's total collections amount is greater than the sum of the base year's total collections and the income tax reduction cost threshold, an income tax rate reduction of 0.25% across all brackets would be triggered for the following tax year.

While rates have been trending downward since 2006, the standard deduction has gradually increased. By tax year 2011, the standard deduction became equal to the federal standard deduction. HB 2348, passed in the first regular session of 2017, froze the Oklahoma standard deduction at tax year 2017 amounts. The table below shows the individual income tax rates and corresponding standard deduction changes since 2006.

### Standard Deduction

Year	Top Tax Rate	Married Filing Jointly	Head of Household	Single
2007	5.65%	5,500	4,125	2,750
2008	5.50%	6,500	4,875	3,250
2009	5.50%	8,500	6,375	4,250
2010	5.50%	11,400	8,350	5,700
2011	5.50%	Match federal deduction		
2012-15	5.25%	Match federal deduction		
2016	5.00%	Match federal deduction		
2017-21	5.00%	12,700	9,350	6,350
2022-25	4.75%	12,700	9,350	6,350
2026-27	4.50%	12,700	9,350	6,350

In March 2018, during the second extraordinary session of the 56th Legislature, the Legislature passed and the Governor signed legislation that caps Oklahoma itemized deductions at \$17,000 annually, beginning in 2018. Additional provisions of HB 1011XX exclude deductible medical expenses and charitable donations from the cap.

In April 2018, during the second extraordinary session of the 56th Legislature, the Legislature passed and the Governor signed HB 1014XX that redirected motor vehicle collections authorized in 47 O.S. § 1104 from apportionment into the General Revenue Fund to the ROADS Fund. This bill also amended 69 O.S. § 1521 to direct those amounts previously being taken from individual income tax collections to fulfill ROADS funding requirements be reduced by the total amounts redirected from motor vehicle collections. Beginning in FY 2020, individual income tax collections intended for the General Revenue Fund will no longer be used to fund the entire ROADS Fund requirement.

In May 2020, during the second regular session of the 57th Legislature, the Legislature passed and the Governor vetoed HB 2741, changing the apportionment formulas for individual income, corporate income, sales and use taxes. The Legislature subsequently overrode the veto, enacting the bill. Apportionment changes contained in the bill were utilized to address an anticipated budget gap in the Oklahoma Education Reform Revolving Fund (OERRF) due to economic impacts from COVID-19 and a sluggish oil and gas market by redirecting revenue from the Teachers' Retirement System to the OERRF during FY 2021 and FY 2022. Apportionment formulas were scheduled to repay the redirected monies to the Teachers' Retirement Fund during FY 2023 through FY 2027 from General Revenue Fund collections and resume pre-FY 2021 apportionments in FY 2028.

FY 2021 revenue collections proved to be better than expected, and an improved economic outlook led to the passage of HB 2894 during the 2021 session. Most apportionments returned to their pre-pandemic rates. The exception was a 0.25% increase to the Teachers' Retirement System and a corresponding decrease to the General Revenue Fund apportionment until FY 2027 before returning to pre-FY 2021 rates.

<b>Individual Income Tax Apportionments FY 2022 To FY 2027</b>		
	<b>FY 2022</b>	<b>FY 2023-27</b>
<b>General Revenue Fund</b>	85.66%	85.41%
<b>1017 Fund</b>	8.34%	8.34%
<b>Teachers' Retirement Fund</b>	5.00%	5.25%
<b>Ad Valorem Reimbursement Fund</b>	1.00%	1.00%

### **Corporate income tax**

Like current individual income tax rates, corporate income tax rates were progressive when implemented in 1931 and remained that way until 1935 when a flat 6% rate was established. The rate was decreased to 4% in 1947. The rate was again increased to 6% until it was lowered to 4% during the 2021 legislative session.

The corporate income tax rate is applied to all taxable income. Manufacturers' exemptions and some targeted credits and incentive payments frequently are used as economic development tools that reduce a company's income tax liability. The largest of these targeted incentive programs is the "Quality Jobs" program.

While revenue from the corporate income tax is important to the overall revenue picture, it provides approximately 4% of total tax revenue for the General Revenue Fund. That is because corporations subject to the corporate income tax have become, over time, a smaller part of the overall economy. This is due, in part, to the fact that many businesses now organize as subchapter S corporations or limited liability organizations.

Under those classifications, all income immediately goes to the partners or shareholders; as a result, the companies pay no corporate income tax. The partners or shareholders, however, are taxed on that income, as well as income from other sources, under the individual income tax, rather than under the corporate income tax. Additionally, some businesses may be subject to some other form of taxation, such as the bank privilege tax or the insurance premium tax. Legislation in 2003 changed the apportionment of corporate income tax revenue.

In May 2020, during the second regular session of the 57th Legislature, the Legislature passed and the Governor vetoed HB 2741, changing the apportionment formulas for individual income, corporate income, sales and use taxes. The Legislature subsequently overrode the veto, enacting the bill. Apportionment changes contained in the bill were utilized to address an anticipated budget gap in the Oklahoma Education Reform Revolving Fund (OERRF) due to economic impacts from COVID-19 and a sluggish oil and gas market by redirecting revenue from the Teachers' Retirement System to the OERRF during FY 2021 and FY 2022. Apportionment formulas are scheduled to repay the redirected monies to the Teachers' Retirement Fund during FY 2023 through FY 2027 from General Revenue Fund collections and resume pre-FY 2021 apportionments in FY 2028. Changes to the FY 2021 apportionments are shown in the chart below.

<b>Corporate Income Tax Apportionments FY 2022 To FY 2026</b>		
	<b>FY 2022</b>	<b>FY 2023-26</b>
<b>General Revenue Fund</b>	77.50%	77.25%
<b>1017 Fund</b>	16.50%	16.50%
<b>Teachers' Retirement Fund</b>	5.00%	5.25%
<b>Ad Valorem Reimbursement Fund</b>	1.00%	1.00%

### State sales and use taxes

The state sales and use taxes have varied considerably in both rate and purpose since their initial implementation in 1933, when a temporary 1% tax was dedicated to public schools. Two years later, that tax was renewed, but the revenue from the tax was apportioned to the General Revenue Fund. In 1939, the rate was increased to 2%, with 97% of the revenue apportioned to the State Assistance Fund or welfare programs administered by what is now the Department of Human Services. Sales tax revenue continued to be dedicated in this manner until the 1980s, when all collections were apportioned to the General Revenue Fund. Since then, the General Revenue Fund has been the primary source of state funds for the Department of Human Services.

When Oklahoma faced a state funding crisis brought on by the decline of the petroleum industry in the 1980s, the state sales tax was increased incrementally to 4%. In 1990, the "Education Reform Act", also known as HB 1017, was passed, increasing the sales and use taxes to the current 4.5% level. HB 1017 also created the Oklahoma Education Reform Revolving Fund, also known as the 1017 Fund, for funding education. As of August 2024, the state's portion of the sales tax on groceries has been eliminated, per HB 1955.

The sales and use taxes are imposed on sales of tangible personal property and on the furnishing of some services, such as transportation, meals and lodging, as well as telecommunication services. Most services, however, are not subject to the sales and use taxes. Exemptions are also allowed when the product or service is subject to another tax, such as the motor fuels tax. Other specific exemptions are made for governmental and nonprofit entities, agriculture, and to certain areas targeted to encourage economic development. The value of some of the larger exemptions from the sales and use tax include an exemption on sales to manufacturers, equal to more than \$2 billion in sales tax revenue, and sales for resale, which total over \$6 billion in sales and use tax revenue. During the 2005 legislative session, the apportionment for sales and use tax revenues were set to be equivalent and have changed in tandem.

HB 2433, passed in the first regular legislative session of 2017, modified the sales tax exemption for certain motor vehicle transfers to provide that a portion of the state sales tax levy (1.25%) will apply to the sales of motor vehicles beginning July 1, 2017. The sales tax is paid by the consumer in the same manner and time as the motor vehicle excise tax but is a partial repeal of the sales tax exemption and is apportioned along with other sales tax collections. During the second special session in 2017, the passage of HB 1019XX directed the first \$19.6 million in use taxes collected in FY 2019 to be apportioned to the Education Reform Revolving Fund, and from FY 2020 onward, the initial apportionment was increased to \$20.5 million.

In May 2020, during the second regular session of the 57th Legislature, the Legislature passed and the Governor vetoed HB 2741, changing the apportionment formulas for individual income, corporate income, sales and use taxes. The Legislature subsequently overrode the veto, enacting the bill. Apportionment changes contained in the bill were utilized to address an anticipated budget gap in the Oklahoma Education Reform Revolving Fund (OERRF) due to economic impacts from COVID-19 and a sluggish oil and gas market by redirecting revenue from the Teachers' Retirement System to the OERRF during FY 2021 and FY 2022. Apportionment formulas are scheduled to repay the redirected monies to the Teachers' Retirement Fund during FY 2023 through FY 2027 from General Revenue Fund collections and resume pre-FY 2021 apportionments in FY 2028. FY 2022 through FY 2027 apportionments are shown in the chart below.

**Motor Vehicle Taxes**

Motor vehicle taxes and fees have a long history in Oklahoma. Oklahoma City was the birthplace of the parking meter in 1913, and it was in Oklahoma City that “horseless carriages” were tagged before it was required by the state.

Oklahoma’s modern day motor vehicle taxes are comprised of a broad category of taxes and fees imposed on the purchase and use of motor vehicles, including an excise tax levied on the purchase of cars, trucks, buses, boats and motors, as well as annual registration fees.

Motor vehicle registration fees, commonly called tag fees, are paid annually in lieu of ad valorem or personal property taxes. In 2000, voters passed State Question 691, which tied the cost of registration fees to the age of the vehicle:

- Years 1-4: \$91 annually
- Years 5-8: \$81 annually
- Years 9-12: \$61 annually
- Years 13-16: \$41 annually
- Years 17 and beyond: \$21 annually

SQ 691 also changed the calculation of the motor vehicle excise tax, which is paid in lieu of state and local sales taxes. Previously, the tax was assessed at 3.25% of the factory-delivered price and depreciated at a rate of 35% annually. The state question’s approval left the rate unchanged but assessed it against the actual sales price of the vehicle, which is usually lower than the factory-delivered price of a new vehicle. HB 2433, passed in the first regular legislative session of 2017, modified the sales tax exemption for certain motor vehicle transfers to provide that a portion of the state sales tax levy (1.25%) will apply to the sales of motor vehicles beginning July 1, 2017. The sales tax will be paid by the consumer in the same manner and time as the motor vehicle excise tax but is a partial repeal of the sales tax exemption and is apportioned along with other sales tax collections.

Motor vehicle taxes are collected by independent businesses operating as motor license agents or tag agents. The only exception to this is the taxes and fees imposed on trucks and trailers used in interstate commerce, which are collected by the Oklahoma Tax Commission. HB 2249, passed in the 2012 legislative session and effective Jan. 1, 2013, reapportioned motor vehicle taxes previously flowing into the General Revenue Fund to increase funding for the County Improvements for Roads and Bridges Fund over time.

In April of 2018, during the second extraordinary session of the 56th Legislature, the Legislature passed and the Governor signed HB 1014XX that redirected motor vehicle collections from 47 O.S. § 1104 from apportionment into the General Revenue Fund to the ROADS Fund. As a result, the largest portion of motor vehicle tax collections will be used to fund transportation projects beginning in FY 2020. Additionally, HB 1014XX amended 69 O.S. § 1521 to direct amounts previously being taken from individual income tax collections to fulfill ROADS funding requirements be reduced by the total amounts redirected from motor vehicle collections. Individual income tax collections intended for the General Revenue Fund will no longer be used to fund the entire \$575 million ROADS Fund requirement.

The following chart shows the changes in apportionment of motor vehicle taxes and fees since FY 2012.

### Motor Fuel Taxes

In 1910, local roadways were maintained by requiring able-bodied males to provide four days of labor per year – less if they brought their own horse. By 1916, a two-mill tax was levied in townships to supplement the work requirement, but both were completely abolished by 1933.

Oklahoma’s first state gasoline tax became effective in 1923 and was used for the construction and maintenance of roads and bridges. Prior to that time, local governments were responsible for roads and bridges, which were supported through ad valorem taxes at the local level.

Motor fuel taxes in Oklahoma are a form of selective sales tax and include the gasoline tax and diesel excise tax, the motor fuel importer use tax and the special fuel use tax. The taxes are levied on the quantity or volume of fuel sold, rather than the price. The state gasoline tax was 16 cents per gallon, plus a one-cent-per-gallon special assessment through fiscal year 2018. The state tax on diesel fuel was 13 cents per gallon, plus a one-cent-per-gallon assessment through 2018. HB 1010XX, passed in March 2018, during the second extraordinary session of the 56th Legislature, added additional motor fuels taxes of three cents per gallon on gasoline and six cents per gallon on diesel fuel. Proceeds from these additional taxes are directed to the General Revenue Fund for fiscal year 2019 and to the ROADS Fund in fiscal year 2020 and all subsequent years.

There are some major exemptions to the payment of motor fuel taxes. All government entities are exempt, and the tax paid on diesel fuel used off-road and for agricultural purposes may be refunded upon application to the Oklahoma Tax Commission. These exemptions were also applied to the new taxes levied by HB 1010XX.

Fuel used by all recognized Indian tribes for tribal governmental purposes may be exempt. Tribes may request a refund for taxes paid on motor fuel used for tribal purposes; alternatively, they may enter into a compact with the state to receive a portion of the motor fuels tax collections. If they compact with the state, the tribes must agree not to challenge the constitutionality of the motor fuel tax code. The law permitting the sharing of motor fuels revenue went into effect in 1996.

Motor fuels tax revenue supports road and bridge building, plus maintenance, for both state and local governments. The one-cent-per-gallon special assessment provides for environmental cleanup of leaking petroleum storage tanks. Almost one-third of the total motor fuel revenue is apportioned for local uses with the remainder used for state purposes. According to state statute, motor fuel taxes, like sales taxes, are assessed on the consumer when they purchase fuel. This tax incidence was defined by statute during the 1996 legislative session as the result of a court ruling that required whoever actually paid the tax be specified in the statutes. Yet while the statutes identify the consumer as paying the tax, it is technically collected and remitted at the terminal rack or refinery level.

The following chart shows the apportionment of the 19 cents gasoline and diesel taxes, after mandated apportionments to the Public Transit Revolving Fund, the Oklahoma Tourism and Passenger Rail Revolving Fund, and a specified apportionment “off the top” each month to the State Transportation Fund and to contracted tribes:

### Gross Production Taxes

Gross production or severance taxes are imposed on the removal of natural products, such as natural gas and oil, from land or water and are determined by the value and quantity of the products removed. Gross production taxes placed on the extraction of oil and gas were separated from the ad valorem property tax in 1910. For the first 20 years of statehood, oil and gas gross production and the ad valorem property tax were the major sources of state revenue.

While the ad valorem property tax became strictly a local tax in the 1930s, the oil and gas gross production taxes have continued to be an important source of revenue for state government, schools, and road building and maintenance.

During the 2006 legislative session, The Rural Economic Access Plan (REAP Fund) apportionment from the gross production tax on oil was divided between three new funds. Each of the three funds receives 33.33% of the 4.28% apportioned to the REAP Fund. A cap of \$150 million applies to six of the funds receiving Gross Production oil revenue (identified by an asterisk in the apportionment chart that follows). Oil revenue collected above the \$150 million cap that would have been apportioned to those funds is deposited into the General Revenue Fund after the cap is reached.

Prior to July 1, 2013, oil and natural gas production was subject to a three-tiered tax-rate structure that specified a certain tax rate based on the current price of oil or natural gas. For natural gas, if the price per thousand cubic feet (MCF) was equal to or greater than \$2.10, the tax rate was 7%. If the price was less than \$2.10 and equal to or greater than \$1.75 per MCF, then the rate was 4% and any price lower than \$1.75 resulted in a tax rate of 1%. For oil, for prices greater than \$17 per barrel, the tax rate was 7%. If the price was between \$17 and \$14 per barrel, the tax rate was 4%, and a price below \$14 per barrel yielded a 1% tax rate.

Under legislation passed in the 2014 legislative session, all new wells with a drilling start date after July 1, 2015, were taxed at a 2% rate for 36 months and were subject to a 7% rate thereafter. Collections received at the 2% rate were apportioned as follows: 50% to the General Revenue Fund, 25% to counties for the County Highway Fund and 25% to counties for individual school districts.

HB 2377, passed in the first regular legislative session of 2017, set all sunset dates for remaining exemptions to July 1, 2017, and required that incentive rebates that have previously qualified for extended production periods be claimed by Sept. 30, 2017. The legislation suspended payment of all incentive rebate claims for fiscal year 2018, requiring that such claims be paid in equal payments over a period of 36 months beginning July 1, 2018. Additionally, this bill ended the qualification date for the economically at-risk rebate at the end of calendar year 2016 and provided that the Oklahoma Tax Commission not accept or pay any claim for refund filed on or after July 1, 2017. Also passed in the first regular session of 2017, HB 2429 modified the gross production incentive offered for a period of 48 months for horizontally drilled wells that had qualified for the incentive by July 1, 2015, from 1% to 4%, effective July 1, 2017, for the remainder of the wells' qualifying term.

HB 1085X, passed in the first extraordinary session of 2017, modified the tax exemption for specific oil and natural gas wells drilled prior to July 1, 2015. The reduced rate of 4% previously allowed during specified exception periods was increased to 7%, affecting production beginning Dec. 1, 2017.

HB 1010XX, passed in March of 2018 during the second extraordinary session of the 56th Legislature, modifies the 2% gross production incentive offered for a period of 36 months for wells that had qualified for the incentive after July 1, 2015, to 5% for the remainder of the wells' qualifying terms.

The following information and charts show statutory apportionment for oil and natural gas tax collections.

All new revenue from oil and gas wells collected at the 2% rate through FY 2019 only were apportioned as follows:

- 50% to GRF.
- 25% to counties for the County Highway Fund.
- 25% to counties for individual school districts.

<sup>1</sup> FY 2023 appropriations include agency's share of federal American Rescue Plan Act (ARPA) monies appropriated from the Statewide Recovery Fund.

<sup>2</sup> FY 2023 appropriations include agency's share of \$250 million in one-time appropriations from the Progressing Rural Economic Prosperity (PREP) Fund.

<sup>3</sup> HB 4455, the Large Scale Economic Activity Development (LEAD) Act, created a 10-year investment rebate program. Rebate monies were appropriated to a dedicated fund. Monies left in the LEAD Fund after the act expired at the end of FY 2023 were transferred to General Revenue.

<sup>4</sup> Includes transfer of TRS dedicated revenues totaling \$402 million in FY 2023, \$460 million in FY 2024, \$448 million in FY 2025, and \$434 million in FY 2026. HB 4452 in 2022 limited transfers to the Teachers' Retirement System Dedicated Revenues Revolving Fund to amounts authorized by the Legislature. Prior authorizations not categorized as appropriations.

<sup>5</sup> FY 2024 Emergency Fund totals include \$40 million appropriated to the Emergency Drought Relief Fund and \$25 million to the State Emergency Fund (HB 1004X). FY 2024 Supplementals include federal ARPA monies appropriated to agencies supplementally and \$180 million appropriated to the PERFORM Fund per SB 1179.

<sup>6</sup> Includes \$4.6 million appropriation to the Family Representation and Advocacy Revolving Fund created by SB 19x.

<sup>7</sup> OMES amounts include appropriations to the Digital Transformation Fund, Capitol Debt Service, Long-Range Capital Planning Commission, Governor's Mansion Renovation, Native American Cultural and Educational Authority (NACEA), and other projects.

<sup>8</sup> FY 2024 amounts do not include the \$600 million in enhanced FMAP funding used for operations at Oklahoma Health Care Authority.

<sup>9</sup> SB 1125, authored in 2024, reduced FY 2024's Project Josie appropriation by \$70 million.

<sup>1</sup> FY 2023 Agency Revolving Fund Authority consists of appropriations from FMAP Rate Preservation Fund. Additional Revolving Fund Appropriations consists of federal American Rescue Plan Act (ARPA) monies appropriated from the Statewide Recovery Fund.

<sup>2</sup> FY 2024 Additional Revolving Fund Appropriations consist of expenditures from the Special Cash Fund and the Statewide Recovery Fund. The Cash and General Revenue Surplus value includes the \$600 million cash transfer into the Legacy Capital Fund.

<sup>3</sup> FY 2025 Additional Revolving Fund Appropriations include monies remaining in the Special Cash Fund as well as federal ARPA monies appropriated from Statewide Recovery Fund and ARPA Administrative Cost Fund.

<sup>4</sup> Additional Revolving Fund Appropriations Authority includes state monies appropriated from the Special Cash Fund. Per HB 4157, passed during the 2024 legislative session, the OHLAP Fund became an Authorized Fund as of July 2024.

<sup>5</sup> FY 2027 Expenditure Authority proposed to State Board of Equalization in December 2025; subject to change during the February 2026 Board of Equalization meeting.

## OKLAHOMA PENSION SYSTEMS

The State of Oklahoma has seven retirement systems as follows:

- Oklahoma Firefighters Pension and Retirement System (OFPRS).
- Oklahoma Public Employees Retirement System (OPERS).
- Oklahoma Law Enforcement Retirement System (OLERS).
- Oklahoma Police Pension and Retirement System (OPPRS).
- Oklahoma Teachers' Retirement System (TRS).
- Retirement Plan for the Department of Wildlife Conservation (Wildlife).
- Uniform Retirement System for Justices and Judges (URSJJ), administered by OPERS.

Systems are funded with employee contributions, employer contributions, returns on investment and, in some cases, dedicated revenue streams. All systems provide defined benefits plans. OPERS is unique in that it also administers a mandatory defined contribution plan for eligible state employees hired on or after Nov. 1, 2015. Figure 1, below, shows the systems' basic membership information for their defined benefits plans.

Figure 1: Membership information fiscal year ending June 30.

\*Amount actually used may be less than amount claimed due to carryover periods, annual caps, or lack of refundability.

\*\*Dollar figures may reflect carryover period for credits which have reached sunset or repeal date.

\*\*\*Deductions and exemptions are based on income tax filings for the 2022 tax year. Source: Oklahoma Individual Income Tax Micro Simulation Model.

<sup>1</sup>The qualifying taxpayer may claim the greater of 20% of the credit for child care expenses allowed under the federal IRS code or 5% of the child tax credit allowed under the federal IRS code (nonrefundable). The larger percentage claimed is based on the federal child tax credit.

<sup>2</sup>ITC credits may be carried forward indefinitely for capital investments and for 15 years beyond the original five for addition of jobs. SB 1582 (2016 session) limited the credit to \$25 million per year for tax years 2016-2018.

<sup>3</sup>Wind facility must be placed in service on or before July 1, 2017 and may claim credits for 10 years after start date. Non-wind facilities capped at \$5 million annually beginning TY 2019-TY 2020. HB1263 [2019] allows taxpayers the option of irrevocably electing to defer the refund of the credit for 10 years for any credits initially claimed on or after July 1, 2019.

<sup>4</sup>Gain must be on real or tangible personal property located in Oklahoma, sale of stock or ownership interest in Oklahoma-headquartered entity, or on sale of real property, tangible personal property or intangible personal property located in Oklahoma.

<sup>5</sup>Estimate for individual incorporated filers only; unable to estimate for corporate filers.

### Five-year Full Time Equivalent (FTE) Summary

A "full-time equivalent" is a calculation used to compare agency employment levels. FTE is based upon 2,080 hours per year or 173 hours per month. The annual FTE comparison includes total number of hours worked (including full-time, part-time and more than full-time hours), rather than referring to a per-person number of employees (head count).

## GLOSSARY

**Actuarial Accrued Liability (re: retirement):** That portion, as determined by a particular cost method, of the actuarial present value of pension plan benefits and expenses not provided for by Normal Cost contributions.

**Actuarial Assumptions (re: retirement):** Assumptions as to the occurrence of future events affecting pension costs, such as mortality, withdrawal, disablement and retirement; changes in compensation and government-provided benefits; rates of investment earnings and asset appreciation or depreciation; procedures used to determine the Actuarial Value of Assets; characteristics of future entrants and other relevant items.

**Annualization:** The computation of costs or revenues for a full year – usually applied when calculating the full-year impact/cost of a program funded for a partial year in a previous budget.

**Apportionment:** The process by which monies are directed into specific funds upon collection as required by law.

**Appropriation:** Legal authorization granted by the Legislature to make expenditures or incur obligations that may be limited by fund, agency, department, program, object, character, time period or amount. Unexpended appropriations lapse back to the original fund after the lapse (expiration) date – 30 months after appropriation unless otherwise specified by law, per the Oklahoma Constitution.

**Appropriations Base:** An agency's previous year's appropriation reduced by one-time appropriations.

**Board of Equalization:** A constitutional body, the State Board of Equalization is made up of the Governor, Lieutenant Governor, State Treasurer, State Auditor and Inspector, Attorney General, Superintendent of Public Instruction, and President of the State Board of Agriculture. This board annually certifies the amount of state funds available for appropriation. The board also has duties regarding the equalization of ad valorem taxes among the counties.

**Budgeted Vacancy:** A vacant employee position that is funded in an agency's current budget (in many instances, the vacancy has remained unfilled for an extended period of time).

**Budget Request (due Oct. 1, statutorily):** A detailed outline of an agency's financial needs for the upcoming fiscal year.

**Budget Work Program (due July 1, statutorily):** A detailed outline of planned expenditures for the ensuing or current fiscal year, which considers funds appropriated by the Legislature and other funds available to the agency, and any expenditure limitations or directives expressed in legislation.

**Capital Expenditure/Outlay:** Expenditures made for securing capital assets. Capital assets are significant, tangible assets with a value greater than \$50,000 that have a life of five years or longer and will be used in providing services.

**Carryover:** This refers to unobligated monies an agency has available to fund its operations in succeeding fiscal years. Generally, carryover monies are considered nonrecurring in nature.

**Cash-flow Reserve Fund:** This fund was established as a fiscal management tool. General Revenue Fund cash is set aside in this fund at the end of each fiscal year. Monies in this fund are used to make cash available for the July allocation of General Revenue funds to state agencies and to provide for monthly cash allocations in those months in which receipts are below needed levels. The use of this fund reduces the need for "seasonal borrowing."

**Certified Fund:** As defined by the Oklahoma Constitution, a certified fund is any fund that is directly appropriated by the Legislature.

**Constitutional Reserve Fund (CRF):** Designed to cushion against economic emergencies, this fund, popularly known as the Rainy Day Fund, was established by constitutional amendment in 1985. All General Revenue Fund receipts collected in excess of the total certified estimate are deposited in this fund until the fund is equal to 15% of the certified General Revenue funds from the preceding fiscal year. Up to three-eighths of the balance may be appropriated only in the event that the upcoming year's General Revenue certification is lower than the preceding year's. Up to \$10 million may be expended for incentives to support the retention of at-risk manufacturing establishments under certain conditions and after a unanimous finding by the Governor, the Speaker of the House of Representatives and the President Pro Tempore of the Senate. Up to three-eighths of the balance may be appropriated in the event of a current-year revenue failure, declared by the State Board of Equalization. Up to one-fourth of the balance may be appropriated upon the declaration of an emergency by the Governor and approval by two-thirds of both legislative houses; or, absent a gubernatorial declaration of emergency, approval by three-fourths of both houses.

**Custodial Fund:** A fund that contains monies held and administered on behalf of a beneficiary.

**Disbursing Fund:** A fund that contains a mix of appropriated, revolving and/or federal monies used by agencies to quickly effectuate eminent operational expenditures. These funds require additional oversight because they are inherently less transparent.

**Expenditure:** The disbursement of monies from a state fund for the purchase of goods and services.

**Fiscal Year:** The 12-month period beginning July 1 and ending June 30 utilized by the state government for accounting purposes. The fiscal-year designation depends on the year in which it ends [e.g., fiscal year 2025 (FY 2025) runs from July 1, 2024, to June 30, 2025].

**FTE:** Full-time equivalent is a calculation used to compare agency employment levels. FTE is based upon 2,080 hours per year or 173 hours per month. The annual FTE comparison includes total number of hours worked (including full-time, part-time and more than full-time hours) rather than referring to a per person or the number of employees (headcount).

**Fund:** A legal accounting entity with a self-balancing set of accounts. Expenditures from a fund may be restricted to specified purposes.

**General Revenue Fund:** This fund is the principal funding source for state government operations. State taxes, fees and charges, and proceeds from investments make up the revenue

to the General Revenue Fund. The fund's resources can be used for any purpose specified by legislative appropriation. All monies collected that are not dedicated to another fund are deposited in the General Revenue Fund.

**Line-item Veto:** Authority given to the Governor pursuant to Article 6 § 12 of the state Constitution to approve or deny any single item contained within any bill passed by the Legislature making appropriations of money.

**Non-appropriated Funds:** A term sometimes used to refer to agency revolving funds. Since such funds have statutorily established revenue sources and uses, there is no need for them to be appropriated annually. Non-appropriated funds are also called "continuing appropriations." The terms have the same meaning.

**One-time:** Budget items that receive funding for one fiscal year (for example, funding for a feasibility study, funding for the replacement of major equipment items, funding for purchasing furniture for a new facility, etc.). This term may also apply to revenue sources that may be the result of a one-time increase in revenue collections (nonrecurring) as opposed to ongoing or recurring revenues expected to continue each fiscal year.

**Program Budgeting:** A tool to organize budget data by program rather than an item of expenditure or organizational location (generally an agency or division). Program budgeting seeks to link the expenditure of resources with the original mission or purpose of appropriating tax dollars.

**Rainy Day Fund:** See Constitutional Reserve Fund.

**Revenue Failure:** A situation in any fiscal year when budget resources apportioned into the General Revenue Fund are deemed insufficient to pay all appropriations of the state in full for such year and requiring the director of the Office of Management and Enterprise Services to reduce allotments in accordance with 62 O.S. § 34.49 to prevent obligations being incurred in excess of revenues collected.

**Revenue Stabilization Fund:** Established with the signing of House Bill 2763 which took effect Nov. 1, 2016, this fund provides a process whereby above-average revenues from highly volatile sources will be saved and later made available to supplement revenues during times of recession or other economic downturns. Additionally, a long-term effect will be increased stabilization of the state budget overall. The State Board of Equalization must certify five-year average annual apportionments to the General Revenue Fund of collections from gross production and corporate taxes. Once total collections to the General Revenue Fund have reached \$6.6 billion for the prior fiscal year, monies above the certified averages from each source, respectively, will be directed into the stabilization fund and the state's Rainy Day Fund (Constitutional Reserve Fund) by specific percentages. Statutory provisions suspend deposits to the RSF during periods of declared revenue failure or projected downturns in an upcoming fiscal year and detail mechanisms to access the fund.

**Revolving Fund:** A fund created statutorily or by inference to finance and account for a particular department or division. Fees received, transfers of appropriations or other fund transfers support expenditures paid from revolving funds. Revolving funds are continuing funds and are not subject to fiscal year limitations. Agencies generally may exercise greater control over the expenditure of revolving funds than they may over appropriated dollars.

**Supplemental Appropriation:** This refers to a subsequent appropriation made to an agency in addition to the agency's initial annual appropriation. Supplemental appropriations are to deal with current year funding issues and may be made for various reasons, such as to offset a revenue shortfall or to offset insufficient funds to operate a program effectively.

**Unfunded Liability (re: retirement):** The excess of the Actuarial Accrued Liability (that portion, as determined by a particular Actuarial Cost Method, of the Actuarial Present Value of pension plan benefits and expenses which is not provided for by future Normal Costs) over the Actuarial Value of Assets (the value of cash, investments and other property belonging to a pension plan), as used by the actuary an Actuarial Valuation.
