CPO Announcement

State of Oklahoma
Office of Management and Enterprise Services

DATE: July 28, 2026

TO: All CPOs, P-card holders and P-card administrators

FROM: OMES Central Purchasing

SUBJECT: OCI product catalog and SW0070 updates

CONTACT: central.purchasing@omes.ok.gov

Please review the updates below regarding the OCI product catalog and SW0070.

OCI product catalog

The [Oklahoma Correctional Industries \(OCI\) product catalog](#) is now available on the statewide contract site under SW3000. To obtain quotes or request any necessary exceptions, agencies should continue to work directly with OCI.

SW0070 now mandatory

SW0070 for furniture and related products is now [SW0070M](#), shifting to mandatory status. Effective immediately, whenever an OCI exception is granted, SW0070M becomes the mandatory alternative for furniture purchases.

SW0070M features discounts up to 50% off list price and includes an extensive selection from over 30 suppliers and authorized resellers. For any questions about SW0070M, please contact [Emily Duren](#).

Purchasing hierarchy overview

As a reminder, the state's purchasing hierarchy is outlined below. An exception for one step does not automatically grant an exception to subsequent steps in the hierarchy.

1. **State Use:** If a product or service is available on the State Use Procurement Schedule, it must be purchased from the approved State Use supplier. If a State Use exception is approved, the agency must proceed to OCI.

2. **Oklahoma Correctional Industries (OCI):** If the product or service is available, it must be purchased from OCI. Exceptions must be documented and approved directly by OCI. If an OCI exception is approved, the agency must proceed to mandatory statewide contracts.
3. **Mandatory statewide contracts:** If the product or service is available from a mandatory statewide contract, it must be purchased from the contract. If a mandatory statewide contract exception is approved, the agency should proceed to suggested statewide contracts.
4. **Suggested statewide contracts:** If the product or service is not available on a mandatory statewide contract, agencies are strongly encouraged to review suggested statewide contracts.
5. **If no applicable statewide contract exists:** Consult the [Oklahoma Purchasing Manual](#) for the required process.
