Procurement professionals,

OMES Central Purchasing recently made changes to the requisition exemption drop-down list in PeopleSoft Financials to improve your user experience. Some of these changes are as follows:

- Agency exemptions are easier to locate.
 - Agency exemptions are now grouped by the agency's business unit (BU).
 - Exemptions that are applicable to all agencies are listed at the top. They begin with "01 - All," followed by the statute.
- Duplicate listings have been removed.
- A description has been added that indicates if the exemption is a total exemption from the Oklahoma Central Purchasing Act or an exemption from competitive bidding.
 - Listings that did not fall under either option were removed, as they are not considered exempt from CP review.
