SUMMARY:

The proposed amendments implement legislative changes mandated by HB 3143 (2026) and address changes in statute under 63 O.S. § 427.14a and 63 O.S. § 427.14c. The amendments also revise laboratory processes and clarify when registered physicians must renew their registration with the Oklahoma Medical Marijuana Authority. The majority of the amendments simply correct grammatical, spelling, or scrivener's errors. The amendments are intended to clarify the registration renewal timeline for physicians and allow laboratories to define how they will meet peak integration requirements.
