Metrc API Bulletin

Bulletin Number: 087	**Distribution Date:** 1/13/2021	**Effective Date**: 1/13/2021
Contact Point: api-info@metrc.com	**Subject:** API Program for OK	
Reason: Oklahoma API Program Requirements and Operations		

Greetings Metrc® Integration Providers,

Metrc is excited to announce the validation process for the API Program within Oklahoma is underway!

The Metrc API will be the same RESTful JSON-based API you have worked with in other states. All existing functions regarding Vendor API Key, User API Key, Authentication, Authorization, Harvests, Items, Lab Tests, Locations, Packages, Plant Batches, Plants, Locations, Sales, Strains, and Transfers remain unchanged.

The Oklahoma program will utilize the newly developed Caregiver Status Lookup to validate an Active Caregiver cardholder making a purchase. This is the same Caregiver Status Lookup being utilized in Missouri's Metrc Program.

For integrators interested in becoming validated, the steps to obtain access to the Metrc API in Oklahoma are on the following page and can also be found at www.metrc.com/oklahoma. Please note, there will be additional information coming soon regarding the operational timeline of businesses to begin operations in Metrc.

Metrc API Bulletin

1. Request API developers documents and complete the information requested and email to api-info@metrc.com.
  - Company Name
  - Company Address
  - Company Website
  - Company Phone Number
  - Primary Contact Name
  - Primary Contact Email
  - Primary Contact Phone Number
  - Secondary Contact Name
  - Secondary Contact Email
  - Secondary Contact Phone Number
  - Name of Software

2. Attend a Metrc training class and complete the test.

3. Upon completion of the test, a vendor API key for the sandbox will be generated.

4. Complete Capability Assessment in the sandbox. A document of the functionality assessment criteria will be provided to you when you submit your request. Requests should be submitted after completion of the Metrc training, not prior.

5. Download, sign and return the API User Agreement to **COMING SOON** and copy api-info@metrc.com. This must be signed by a person with signature authority within the company, such as an Officer. – ***Please note the API Agreement is coming soon and will be the final requirement before a production vendor API key is generated.***

After these steps are complete and the evaluation is validated, Metrc LLC will issue a production vendor API key. When Metrc sends your production vendor API key, we will also ask for your company and contact information to add it to the Validated Integrator List.

If you have questions about this bulletin please contact Metrc support at api-info@metrc.com.
