

## **Personally Identifiable Data Disclosure**

### **What personally identifiable data is being stored?**

The Oklahoma Real Estate Commission (“OREC”) collects personally identifiable data as required for agency programs and for applications, licenses, certifications, and investigations.

### **How is personally identifiable data stored?**

Personally identifiable data is stored electronically. OREC protects all persona information in accordance with State of Oklahoma Information Security policies, procedures, and guidelines. More information regarding the State of Oklahoma Information Security policies may be found [here](#).

### **With whom does OREC share this information?**

OREC limits access to personally identifiable data to essential OREC staff members. OREC shares personally identifiable information with others as required by the Open Records Act or in accordance with other state and federal regulations.
