COMPLAINT

The Prosecutor for the State Board of Osteopathic Examiners (the "Board"), J. Patrick Quillian, states as follows:

1. Gary Augter, D.O., is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 3536. Dr. Augter received his license as an osteopathic physician in Oklahoma from the Board in March of 1998. Dr. Augter has a dermatology practice in McAlester, Oklahoma.

2. Dr. Augter is in violation of the Oklahoma Osteopathic Medicine Act (the "Act"), Tit. 59 O.S. § 637(A)(2) and (A)(5), which state:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

...

2. Has engaged in ... unethical conduct or unprofessional conduct, as determined by the Board, in the performance of the functions or duties of an osteopathic physician; [or]

...

5. Has violated or failed to comply with provisions of any act or regulation administered by the Board[.]

3. Section 510: 5-5-3(a) of the Oklahoma Administrative Code, a regulation administered by the Board, states:

(a) All human tissue, which is collected in the course of the diagnosis and/or treatment of any human condition by a doctor of osteopathic medicine, his employee or agent, must be handled in one of the following ways:

- (1) Sent for analysis and possible retention as a surgical specimen;
- (2) Sent for autopsy;
- (3) Sent for embalming and burial in accordance with accepted interment standards; or,
- (4) Sent for disposal by incineration in a pathological incinerator in the same manner as hazardous medical waste is handled under the applicable state statutes, rules and regulations.

4. In November 2021, Dr. Augter sold A.E. a .95-acre property located on Lake Eufala, in Pittsburgh County, Oklahoma.

5. In April 2022, A.E. discovered large amounts of medical waste on the property while cleaning a wooded area to the northeast of the house.

6. A.E. contacted the local authorities, prompting the Oklahoma Department of Environmental Quality (the "DEQ") to investigate.

7. On April 15, 2022, the DEQ inspected the property and found approximately 5 yd<sup>3</sup> of medical solid waste, such as needles, glass sample bottles, glass microscope slides, and blood draw tubes. Some of the sample medical waste the DEQ collected contained patient names and dates.

8. After the inspection, a DEQ investigator interviewed Dr. Augter, who admitted that he himself had dumped the medical waste on the property after having a

disagreement with the medical waste disposal company he had been using. Dr. Augter admitted to the same when being interviewed by Board investigator Richard Zimmer in August 2022.

9. At the conclusion of the investigation, the DEQ found that Dr. Augter had violated their regulations by disposing of solid waste at an unpermitted site and creating a public nuisance by placing waste in a location where it was likely to cause pollution. The DEQ formalized this finding in a “Notice of Violation” dated June 8, 2022 (the “Notice”), which required Dr. Augter to correct the violation within fifteen (15) days of his receipt of the Notice.

10. Board investigators found that although Dr. Augter had hired a company to clean up the medical waste after receiving the Notice, the work was not completed because of a dispute over pricing.

11. On August 11, 2022, Board and DEQ investigators met with Dr. Augter and provided him hard copies of the DEQ Guidelines for Medical Waste Cleanup. Dr. Augter told the investigators the medical waste discussed herein still had not been removed but that he would follow the guidelines when the cleanup occurred. To date, investigators do not believe any further removal of the medical waste has occurred.

12. Dr. Augter has violated the Act by acting unprofessionally and unethically in dumping medical waste on property unapproved for dumping, in violation of DEQ and Board regulations, as outlined in the paragraphs above.

Respectfully submitted,

3. M.T. was a pain management patient of Dr. Clymer for over ten (10) years. Throughout this time, Dr. Clymer sexually harassed M.T. numerous times during appointments, including telling M.T. that he/she had a “nice butt and breasts,” asking whether M.T. had a boyfriend, massaging M.T. unnecessarily, and frequently hugging M.T.

4. In late 2018, M.T. received a text message outside of regular office hours from Dr. Clymer in which he stated that he loved M.T. A few days later M.T. received another after-hours text from Dr. Clymer in which he stated that he wanted to meet up with M.T. in Ponca City, go out to dinner, go back to a hotel room after dinner and have sex. A month after this message, M.T. asked Dr. Clymer during a scheduled visit to look at a rash on his/her stomach. Dr. Clymer, without asking, proceeded to unbuckle M.T.’s belt and put his hand down M.T.’s pants below the rash down to the pubis bone. Dr. Clymer then walked behind M.T. and groped M.T.’s breasts telling him/her that he was listening to M.T.’s breathing. Dr. Clymer then told M.T. that M.T. had nice breasts and that he knew someone who could enlarge them for \$5,000. During another visit in March 2019, Dr. Clymer grabbed M.T.’s face with his hands and kissed M.T. on the lips and put his tongue in M.T.’s mouth.

5. S.T. was a pain management patient of Dr. Clymer during all times

discussed herein. Dr. Clymer sexually harassed S.T. during scheduled visits by groping S.T. on more than one occasion, making unwanted sexual advances, and kissing S.T.

6. During a visit on January 9, 2019, S.T. attempted to secretly video Dr. Clymer's sexual harassment with his/her phone. During this visit, Dr. Clymer placed prescription papers directly over the phone, blocking the video recording. Dr. Clymer discussed trying to meet with S.T. that weekend at a dispensary where he would be working and to have drinks afterward. Dr. Clymer can also be heard kissing S.T. and whispering, "I'll kiss you more when you feel better" shortly before ending the appointment.

7. S.T. took another video at a subsequent appointment with Dr. Clymer on February 6, 2019, with Dr. Clymer asking S.T. why S.T. had not answered the phone when he called him/her to meet up at the dispensary as well as talking about them going out to eat together in the future. At the end of this appointment, Dr. Clymer again asked about S.T.'s social life.

8. Dr. Clymer initiated the above-referenced incidents of sexual harassment without M.T.'s or S.T.'s consent or invitation. No nurse or other staff member was present for any of the incidents discussed above.

9. Dr. Clymer has violated the Act by generally engaging in unethical and unprofessional conduct as well as engaging in sexual activity within the physician/patient relationship, to wit: sexually harassing patients M.T. and S.T. during office visits and outside of office hours by having inappropriate conversations with them, improperly touching and kissing them during visits, and making unwanted

sexual advances towards them.

**PRECEPTOR PLAN**

FOR

**WILLIAM E. CLYMER, D.O.**

This plan was developed, based upon areas of need identified by the Oklahoma State Board of Osteopathic Examiners [hereinafter Board], as a result of disciplinary action involving the above referenced physician, Dr. William E. Clymer, D.O. [hereinafter Physician]. This plan will address the Physician's fund of medical knowledge, patterns of clinical reasoning and judgment, quality of documentation of patient care, ability to communicate with patients and the skill to treat them. This Plan will involve direct supervision and regularly scheduled meetings between the Physician and the Preceptor to review cases and documentation, discuss decisions related to those cases, review specific topics, and make plans for future learning.

The Physician is responsible for participation, documentation of progress, and improvements and changes in medical practice. The Board will utilize information from the written reports of the Physician and the Preceptor to determine if the objectives of the Plan are being met and that practice enhancements are occurring.

The Physician is also responsible for locating and identifying a potential Preceptor and submitting that name to the Board for approval. The Preceptor should be an experienced physician in the same area of practice as the Physician. The Physician is also responsible for returning signed copies of this Preceptor Plan to the Board office. The Plan will not begin until the fully executed Preceptor Plan is received in the Board office and approved by the Board.

2. Following completion of direct monitoring, the Physician must appear before the Board to determine readiness to transition to direct patient care with the Preceptor being readily available for case discussion. Monthly progress reports from the Preceptor and Physician shall continue.

#### **DIDACTIC PLAN:**

1. The Physician will read and review a number of journal articles each week of relevant content areas and prepare a summary for each article, describing how the information will be integrated into clinical practice. The Physician may choose the articles, but the Preceptor must approve them.
2. The Physician will prepare a Journal of the meetings with the Preceptor with the discussed articles delineated. The Physician will submit a Monthly report of these meetings to the Board. This report is to be signed by the Preceptor.
3. The Physician will attend Continuing Medical Education during the term of the Plan. All courses require Board approval prior to attendance.
4. At the conclusion of the Preceptor Plan, the Physician must take and pass a proficiency examination in the Physician's area of specialization.

#### **DURATION:**

The Physician is to be continuously monitored for **TWELVE** months.

At the conclusion of the shoulder-to-shoulder portion of the Clinical Plan, the Physician is to appear before the Board to determine readiness for direct patient care. The duration of this Plan may be extended at the sole discretion of the Board.

#### **EDUCATIONAL MATERIALS:**

The Physician is to read and review **TWO (2)** Journal articles per week.

During the period of November 19, 2002 to October 22, 2003, Dr. Clymer issued twenty-four prescriptions for DF. Dr. Clymer and DF had sexual encounters over a period of time from the spring of 2002 to the spring of 2003. DF also was employed at the Pawnee Municipal Hospital as an RN beginning in 1997 and ending on July 14, 2003.

3. RR has been a RN for approximately twenty-two years and has worked at the Pawnee Municipal Hospital for ten years. Dr. Clymer has sexually harassed RR on numerous occasions over approximately a two year period. As late as August 19, 2006, Dr. Clymer put his hand on her buttocks and said “nice ass.” RR did not solicit such activities or comments from Dr. Clymer and he initiated such activities and comments without consent, warning or invite from RR.

4. JD has been a RN for approximately twenty-five years and has worked in the emergency room at the Pawnee Municipal Hospital for two years. For the past nine months, Dr. Clymer has sexually harassed her on numerous occasions. Dr. Clymer tries to “feel her up.” While alone in the emergency room, Dr. Clymer will put his hand on her breast, crotch or other parts of her body. Dr. Clymer has tried on many occasions to get JD to come over to his office after hours.

On August 19, 2006, Dr. Clymer and JD were treating a female patient in the emergency room. JD stepped out of the examination room. Dr. Clymer came out of the examination room and without warning, consent or invite Dr. Clymer first put his hand on her rib cage and then grasped and caressed her breast. JD did not solicit such activities from Dr. Clymer. He initiated such activities without consent, warning or invite from JD.

5. The Board agrees that the allegations pled in the criminal case styled *State of Oklahoma v. William Edward Clymer, Case No. CF 2005-161*, by itself, do not constitute a violation of the Oklahoma Osteopathic Medicine Act. The parties agree that the above-styled criminal case is a historic fact and may be acknowledged as such historic fact.

### CONCLUSIONS OF LAW

1. The Board concludes that it has jurisdiction over the practice of osteopathic medicine in the State of Oklahoma, individuals licensed to practice osteopathic medicine in the State of Oklahoma and this individual proceeding pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. Sections 602 et seq. (“Osteopathic Act”) and the Oklahoma Administrative Proceeding Act, 75 O.S. Sections 309 et seq.

2. The Board concludes that Dr. Clymer has violated Section 637(A)(2) and (A)(2)(h) of the Osteopathic Act.

3. The Board concludes that because Dr. Clymer has violated Section 637(A)(2) and (A)(2)(h) of the Osteopathic Act, that it has jurisdiction to impose sanctions pursuant to Sections 637 and 637.1 of the Osteopathic Act.

The Board, having found by clear and convincing evidence the above cited Findings of Fact and Conclusions of Law to be true and correct, adopts this Agreed Order.

### AGREED ORDER

1. The license issued by the Board to Dr. Clymer to practice osteopathic medicine in the State of Oklahoma is placed on **PROBATION** for a period of three (3) years.

2. Dr. Clymer will not be able to seek modification of this Agreed Order for a period of

one (1) year from the date this Board adopts this Agreed Order.

3. Dr. Clymer is required to get an assessment from a psychiatrist that specializes in sexual boundary issues in the medical profession. Said psychiatric must be approved by the Board. Dr. Clymer is required to get these assessments within three (3) months of the date of the Agreed Order as adopted by The Board. Dr. Clymer will be required to follow, and successfully complete, any recommendations issued by said psychiatrist. Dr. Clymer shall cause a report from the psychiatrist to be sent to The Board. Dr. Clymer will be required to report to the Board, in writing, any effort to follow these recommendations.

4. During this period of probation, Dr. Clymer will notify the Board immediately of any change in the address of his business or residence, phone number, facsimile or e-mail.

5. During this period of probation, Dr. Clymer will permit any representative of the Board to enter his office for official duties.

6. During this period of probation, Dr. Clymer will appear before the Board only twice during each calendar year.

7. During this period of probation, Dr. Clymer shall reimburse the Board for the administrative costs incurred in these matters in an amount equal to twenty- three thousand six hundred fifty dollars ( \$23,650.00 ). Dr. Clymer is required to pay to The Board these administrative costs upon receipt of this Agreed Order.

8. During this period of probation, if Dr. Clymer leaves the State of Oklahoma to practice osteopathic medicine or for residential purposes, the period of probation will be tolled for the period of time he is outside the State of Oklahoma and will not count for this three year period of probation.

9. If Dr. Clymer is found to have violated any terms and conditions of this Agreed

Order, the Board may initiate a show cause proceeding to show cause why Dr. Clymer may have violated this Agreed Order and impose sanctions.

10. The Board may initiate another individual proceeding against Dr. Clymer for acts not giving rise to the acts described in this Agreed Order.

11. This Findings of Fact, Conclusions of Law and Agreed Order is a public record and subject to disclosure under the Oklahoma Open Records Act.

**IT IS SO ORDERED, ADJUDGED AND DECREED.**

Osteopathic Medicine License No. 2777  
Case No. 2005-3

Dear Mr. Clark:

In an attempt to resolve the above-captioned matter, I would offer to the Board that Dr. Clymer would voluntarily submit to an evaluation to determine whether or not he has a sexual addiction or boundary problems and will follow any recommendations contained in that evaluation. Dr. Clymer would agree to complete 50 hours of CME on medical ethics issues and 50 hours of CME on sexual boundary issues. These two different CME's would be completed over a two (2) year period of time. Dr. Clymer would agree to pay reasonable costs incurred by the Board in this matter.

Upon completion of the above, the above-captioned matter would be dismissed.

COMPLAINT

The Prosecutor for the State Board of Osteopathic Examiners (the "Board"), J. Patrick Quillian, states as follows:

1. Dr. Wilson Gregory Knight II, D.O., is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 5244. Dr. Knight received his license as an osteopathic physician in Oklahoma from the Board in 2012. Dr. Knight has also held a license to practice osteopathic medicine in Nevada since 2017.

2. Dr. Knight is in violation of the Oklahoma Osteopathic Medicine Act, Tit. 59 O.S. § 637(A)(2)(f) and (A)(6), which state:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

...

2. Has engaged in the use or employment of ... unethical conduct or unprofessional conduct, as may be determined by the Board, in the performance of the functions or duties of an

osteopathic physician, including but not limited to:

...

f. acting in a manner which results in final disciplinary action by any professional society or association or hospital or medical staff of such hospital in this or any other state, whether agreed to voluntarily or not, if the action was in any way related to professional conduct ... or any other violation of the Oklahoma Osteopathic Medicine Act[.]

...

6. Has had the authority to engage in the activities regulated by the Board ... restricted, modified or limited ... by any other state or federal agency whether or not voluntarily agreed to by the physician....”

3. On May 13, 2020, the Nevada State Board of Osteopathic Medicine (the “Nevada Board”) and Dr. Knight, represented by Douglas C. Crawford, Esq., entered into a Settlement Agreement and Order (the “Agreed Order”) in lieu of a formal complaint being filed.

4. The Agreed Order’s “Pertinent Facts” section, at paragraph 2, states the following:

In the course of his examination, Dr. Knight touched patient R on her abdomen and attempted to touch her breasts. The touching made patient R uncomfortable. During their encounter, Dr. Knight also asked Patient R if she was married, if she wanted to go on a date with him, if she liked kissing, and if she wanted to kiss him there in the examination room. Dr. Knight also found Patient R’s cellular telephone number from her patient intake documents and texted her the message: “When can I meet up with you.” Patient R created a diversion to allow her to flee the examination room, and then she reported her concerns with Dr. Knight’s conduct in the examination room to staff at Care Now Urgent Care. After leaving this facility, Dr. Knight called Patient R on her cellular telephone, which call Patient R declined to answer.

5. The Agreed Order also states in paragraph 2 of the “Pertinent Facts” Section that Dr. Knight was untruthful on his 2019 application for license renewal with the Nevada Board.

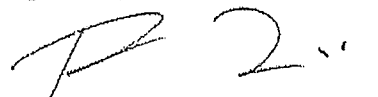

6. The Agreed Order’s “Acknowledgements and Applicable Law” section states at paragraph 2 that “[f]or the purposes of resolving this matter only and for no other purpose, Dr. Knight admits that the facts contained in the “Pertinent Facts” section constitute violations” of various Nevada statutes, regulations and administrative code.

7. In a letter to the Board dated August 17, 2020, Dr. Knight denied a majority of the factual allegations cited in the Agreed Order but did not deny the validity of the Agreed Order.

8. The Agreed Order placed Dr. Knight’s license to practice osteopathic medicine in Nevada on probation for two (2) years and requires him, *inter alia*, to complete the Physician Assessment and Clinical Education Program and prohibits him from being alone with female patients for the duration of the probationary period.

9. The Agreed Order constitutes a final disciplinary action against Dr. Knight’s license to practice osteopathic medicine in Nevada and limits his ability to engage in activities regulated by the Board, and thus constitutes a violation of the Oklahoma Osteopathic Medicine Act, as cited herein.

Respectfully submitted,

Case No. 2021-043 (RZ)

**RECEIVED/FILED**

JAN 11 2022

OKLA. BOARD OF  
OSTEOPATHIC EXAMINERS

**ORDER OF PROBATION WITH TERMS AND CONDITIONS**

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a regular meeting of the Board on December 9, 2021. Andrew Joseph Lovell, D.O. ("Dr. Lovell") presents without counsel. The Board's Chief Investigator, Richard Zimmer, and Oklahoma Health Professionals Program (OHPP) Director, John Kuhn, M.D., also appeared and gave testimony. The purpose of this Hearing was to afford Dr. Lovell a full hearing on the merits after voluntarily agreeing to sign an Agreement Not to Practice.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 *et. seq.* and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 *et. seq.*

After reviewing the Agreement Not to Practice, hearing testimony, and being fully advised, the Board finds the following Findings of Fact and Conclusions of Law to be true and correct and proven by clear and convincing evidence.

**FINDINGS OF FACT**

1. Dr. Lovell is the holder of a license to practice osteopathic medicine in the State of Oklahoma, license number 5921. At the time of the Hearing, Dr. Lovell's license was suspended by agreement.
2. On or about March 12, 2021, the Board received a complaint that Dr. Lovell had shown up to work at McAlester Regional Health Center (MRHC) on February 22,

2021, wherein he was suspected to be impaired. Dr. Lovell was observed at MRHC having slurred speech, unsteady gait, difficulty focusing, and unable to operate the computer. Dr. Lovell was evaluated onsite at MRHC by an emergency medicine physician and was additionally required to undergo onsite drug testing that revealed positive findings for marijuana (THC), benzodiazepines, and opioids. Dr. Lovell tested negative for alcohol. As a result of the positive findings, Dr. Lovell was sent home and prohibited from working assigned shifts at MRHC.

3. There is no evidence that Dr. Lovell possesses an Oklahoma Medical Marijuana patient card.
4. On or about March 17, 2021, Dr. Lovell met with the Board's Executive Director and Chief Investigator regarding the complaint from MRHC involving concerns of impairment. Dr. Kuhn was present on behalf of OHPP. At this meeting, Dr. Kuhn confirmed that Dr. Lovell had signed a five (5) year contract with OHPP. Dr. Lovell was also required to undergo an evaluation at Acumen Institute in Lawrence, Kansas.
5. On or about August 1, 2021, OHPP notified Board Executive Director that Dr. Lovell had relapsed following a weekend with friends. Dr. Lovell subsequently admitted to Board Investigators that he had consumed alcohol, at least one (1) cannabis edible, and hydrocodone.
6. On or about August 10, 2021, Dr. Lovell voluntarily entered an Agreement Not to Practice with the Board pending his treatment at Florida Recovery Center (FRC) in Gainesville, Florida. The Agreement Not to Practice resulted in Dr. Lovell's Oklahoma license being suspended.
7. On or about November 17, 2021, the Board received a discharge summary dated November 10, 2021, from FRC. Dr. Lovell was recommended to return to work after 2-4 weeks post-discharge and provided he was under monitoring with OHPP and possessed an active Oklahoma license.
8. After hearing all the evidence, the Board ordered that Dr. Lovell be allowed to maintain his license to practice osteopathic medicine under the conditions and limitations as set forth in the Order below.

### CONCLUSIONS OF LAW

1. The Board has jurisdiction to hear this matter pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 *et seq.*, Rules for the Board, 510 OAC § 1-1-1 *et seq.* and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 *et seq.*
2. The Board concludes by clear and convincing evidence that Dr. Lovell is in violation of the provisions of the Oklahoma Osteopathic Medicine Act, including specifically, 59 O.S. §§ 637 (A) (8) of the Act, to wit:
  - A. The State Board of Osteopathic Examiners may refuse to admit a person to an examination or may refuse to issue or reinstate or may suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:
    8. Is incapable, for medical or psychiatric or any other good cause, of discharging the functions of an osteopathic physician in a manner consistent with the public's health, safety and welfare.
3. The Board also concludes that such actions are grounds for imposing any sanction against Dr. Lovell's license as authorized by Board statutes and rules. See 59 O.S. § 620 *et seq.*, Rules for the Board, 510 OAC § 1-1-1 *et seq.* and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 *et seq.*

Attached hereto and made a part hereof as though set forth fully herein is a true and correct copy of the Order entered by the Colorado Medical Board in its case No. 2016-2732-B.

3. Dr. O’Hayre is in violation of the Oklahoma Osteopathic Medicine Act, 59 O.S. § 637 [Act] and specifically § 637 A. 2 (f), 5, 6, and 12 of the Act, to wit:

- A. The State Board of Osteopathic Examiners may refuse to admit a person or to an examination or may refuse to issue or reinstate or may suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such license:
  - 2. Has engaged in the use or employment of dishonesty, fraud, misrepresentation, false promise, false pretense, unethical conduct or unprofessional conduct, as may be determined by the Board, in the furtherance or duties of an osteopathic physician, including, but not limited to the following:
    - f. acting in a manner which results in final disciplinary action by any professional society or association or hospital or medical staff of such hospital in this **or any other state**, whether agreed to voluntarily or not, if the action was in any way related to professional conduct, professional competence, malpractice or any other violation of the Oklahoma Osteopathic Medicine Act,
  - 5. Has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere in a criminal prosecution, for any offense reasonably related to the qualifications, functions or duties of an osteopathic physician, or for any offense involving moral turpitude, whether or not sentence is imposed, and regardless of the pendency of an appeal
  - 6. Has had the authority to engage in the activities regulated by the Board revoked, suspended, restricted, modified or limited, or has

been reprimanded, warned or censured, probated or otherwise disciplined by any other state or federal agency whether or not voluntarily agreed to by the physician including, but not limited to, the denial of licensure, surrender of the license, permit or authority, allowing the license, permit or authority to expire or lapse, or discontinuing or limiting the practice of osteopathic medicine pending disposition of a complaint or completion of an investigation.

12. Has been guilty of habitual drunkenness, or habitual addiction to the use of morphine, cocaine or other habit-forming drugs.

4. Dr. O'Hayre renewed his Oklahoma Medical License in May, 2017, and fully disclosed the disciplinary proceedings in Colorado. His attorney contacted the Board office and provided all information requested. Dr. O'Hayre was employed by Diagnostic Imaging Associates, 4500 S. Garnett, Suite 300, Tulsa, Oklahoma 74146, 1-918-728-6194, but is currently inactive with his employment in Oklahoma pending this Board's proceedings, which are expected to be concluded without objection from Dr. O'Hayre or any other person, by entry of a reciprocal Order with the Colorado order of probation that is currently in effect.

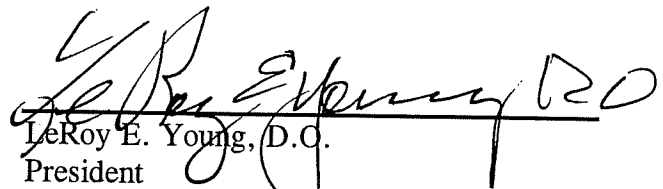

The Board, having reviewed the Stipulation and Final Agency Order entered in May of 2017, in the State of Colorado by the Colorado Medical Board in a disciplinary proceeding involving Dr. O'Hayre, finds that a reciprocal order should be entered in the State of Oklahoma by this Board.

The Board further finds that the Application shall be granted and that Dr. O'Hayre shall not practice osteopathic medicine in the State of Oklahoma unless he is following all of the terms and conditions of the Colorado **STIPULATION AND FINAL AGENCY ORDER**, for the entire probation period of 5 years, during which time he will be monitored as provided in the Order by the Colorado authorities. Dr. O'Hare is ordered to pay the costs of this proceeding in the amount of \$500.00 on or before the termination of the probationary period

provided for in the reciprocal order attached hereto. If at any time Dr. O'Hayre should physically relocate to the State of Oklahoma, he shall be required to first appear before the OSBOE for such orders as the Board deems necessary and proper at that time to protect the health and welfare of the public in the state of Oklahoma.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. 620, et seq. and the Oklahoma Administrative Procedures Act, 75 O.S. 250, et seq. This Order is a public record and, therefore, subject to the Oklahoma Open Records Act.

IT IS SO ORDERED this 15<sup>th</sup> day of March, 2018.

IN THE MATTER OF THE LICENSE TO PRACTICE AS A PHYSICIAN IN THE STATE  
OF COLORADO OF PATRICK B. O'HAYRE II, D.O., LICENSE NO. DR-52977,

Respondent.

---

IT IS HEREBY STIPULATED and agreed by and between Inquiry Panel B ("Panel") of the Colorado Medical Board ("Board") and Patrick B. O'Hayre II, D.O. ("Respondent") (collectively "the parties"), as follows:

1. Respondent was licensed to practice as a physician in the state of Colorado on September 3, 2013, and was issued license number DR-52977, which Respondent has held continuously since that date.
2. The Panel and the Board have jurisdiction over Respondent and over the subject matter of this proceeding.
3. On September 15, 2016, the Panel reviewed materials relating to case number 2016-2732-B, including information that the Colorado Physician Health Program has determined that Respondent has a physical or mental illness or condition that renders him unsafe to practice medicine.
4. Respondent denies any and all allegations of a violation of the Medical Practice Act. Respondent voluntarily enters into this agreement to facilitate further evaluation of the issues related to Board case number 2016-2732-B.
5. Based upon the information and the totality of the circumstances, Respondent has offered to enter into an agreement for Respondent not to practice as a physician in the interim as set forth in more detail below, and the Panel has authorized the parties to enter into an agreement for Respondent to limit his practice as a physician.
6. The parties have agreed to enter into this Non-Disciplinary Interim Cessation of Practice Agreement ("Interim Agreement") pending further evaluation and investigation of Respondent to determine what further actions, if any, are warranted. Any summary suspension that could be imposed by the Panel is hereby stayed pursuant to the terms of this Interim Agreement.

7. Respondent agrees that he will not perform any act requiring a license issued by the Board while this Interim Agreement is in effect.

8. This Interim Agreement shall remain in effect until such time as the parties reach a final disposition of this case or, in the event summary suspension proceedings are initiated, an order for summary suspension enters.

9. The Panel agrees that it will not institute summary suspension proceedings while this Interim Agreement is in effect so long as the Respondent remains in compliance with this Interim Agreement and so long as the Panel does not learn of new information that would indicate that summary suspension is warranted.

10. Nothing in this Interim Agreement shall constitute disciplinary action, a finding that Respondent has engaged in unprofessional conduct, or any admission by Respondent of unprofessional conduct. There have been no final determinations regarding Respondent's professional competence or professional conduct. Nothing in this Interim Agreement shall constitute final actions as defined in section 24-4-102(1), C.R.S.

11. Nothing in this Interim Agreement shall preclude the Panel from initiating disciplinary action pursuant to section 12-36-118, C.R.S., or issuing a Final Agency Order while this Interim Agreement is in effect.

12. Respondent understands that Respondent has the right to be represented by counsel of Respondent's choice in this matter, and Respondent is represented by counsel in this matter.

13. The terms of this Interim Agreement were mutually negotiated and determined.

14. Both parties acknowledge that they understand the legal consequences of this Interim Agreement, both parties enter into this Interim Agreement voluntarily, and both parties agree that no term or condition of this Interim Agreement is unconscionable.

15. This Interim Agreement and all its terms constitute a valid board order for purposes of section 12-36-117(1)(u), C.R.S.

16. So that the Board may notify hospitals of this Interim Agreement, Respondent presently holds privileges at the following hospitals:

-none-

17. Invalidation of any portion of this Interim Agreement by judgment or court order shall in no way affect any other provision, which provision shall remain in full force and effect.

18. This Interim Agreement shall be effective upon signature by Respondent. Respondent acknowledges that the Panel may choose not to accept the terms of this Interim Agreement and that if the Interim Agreement is not approved by the Panel and signed by a Panel member or other authorized person, it is void.

19. This Interim Agreement constitutes the entire agreement between the parties, and there are no other agreements or promises, written or oral, which modify, interpret, construe or affect this Interim Agreement.

20. All costs and expenses incurred by Respondent to comply with this Interim Agreement shall be the sole responsibility of Respondent, and shall in no way be the obligation of the Board or Panel.

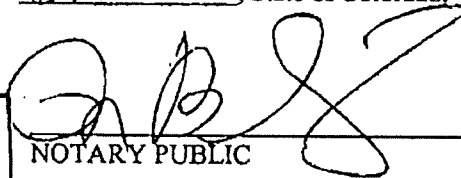

21. Upon becoming effective, this Interim Agreement shall be open to public inspection and shall be publicized pursuant to the Board's standard policies and procedures. While this Interim Agreement does not constitute discipline against Respondent's license, it may be reported to the Federation of State Medical Boards, the National Practitioner Data Bank and as otherwise required by law.

---

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE LICENSE TO PRACTICE MEDICINE IN THE STATE OF COLORADO OF PATRICK B. O'HAYRE, II, D.O., LICENSE NUMBER DR-52977,

Respondent.

---

IT IS HEREBY STIPULATED and agreed by and between Inquiry Panel B ("Panel") of the Colorado Medical Board ("Board") and Patrick B. O'Hayre, II, D.O. ("Respondent") (collectively, the "Parties") as follows:

**JURISDICTION AND CASE HISTORY**

1. Respondent was licensed to practice medicine in the state of Colorado on September 3, 2013, and was issued license number DR-52977, which Respondent has held continuously since that date ("License").
2. The Panel and the Board have jurisdiction over Respondent and over the subject matter of this proceeding.

This Order constitutes the entire agreement between the Parties, and there are no other agreements or promises, written or oral, which modify, interpret, construe, or affect this Order.
6. Respondent understands that:
  - a. Respondent has the right to be represented by an attorney of Respondent's choice, and Respondent is represented by counsel in this matter;

b. Respondent has the right to a formal complaint and disciplinary hearing pursuant to Sections 12-36-118(4)(c)(IV) and 12-36-118(5), C.R.S.;

d. Respondent is knowingly and voluntarily giving up the right to present a defense by oral and documentary evidence and to cross-examine witnesses who would testify on behalf of the Panel; and

e. Respondent is knowingly and voluntarily waiving the right to seek judicial review of this Order.

### FACTUAL BASIS

7. Respondent specifically admits and the Panel finds that:

a. On or about January 19, 2016, Respondent pled guilty to Driving Under the Influence, an unclassified misdemeanor, in Case No. 2015T261 in County Court, Gunnison County, Colorado. Respondent was sentenced to ten (10) days in jail with credit for one (1) day time served, unsupervised probation for two (2) years, 48 hours of community service, was ordered to obtain an alcohol evaluation and comply with all requirements by December 31, 2017, and was ordered to pay fees and costs.

c. Respondent self-referred to the Colorado Physician Health Program ("CPHP") on or about January 4, 2016.

d. On May 20, 2016, pursuant to Section 12-36-118(9)(a), C.R.S., the Panel ordered Respondent to undergo evaluation by CPHP.

e. On or about January 18, 2017, CPHP concluded that Respondent is safe to practice medicine with reasonable skill and safety to patients in the context of treatment and monitoring.

f. Respondent has a physical or mental illness or condition that renders Respondent unable to perform a medical service with reasonable skill and with safety to patients in the absence of treatment monitoring.

g. Respondent habitually or excessively used or abused alcohol.

8. Respondent admits and the Panel finds that the conduct set forth above constitutes unprofessional conduct as defined in Section 12-36-117(1)(i), C.R.S., which states:

(1) "Unprofessional conduct" as used in this article means:

(i) Habitual or excessive use or abuse of alcohol, a habit-forming drug, or a controlled substance as defined in section 18-18-102(5), C.R.S.

9. Based upon the above, the parties agree and stipulate that the terms of this Order are authorized by Section 12-36-118(5)(g)(III), C.R.S.

#### **PROBATIONARY TERMS**

10. Respondent's License is hereby placed on probation for five (5) years commencing on the effective date of this Order. All terms of probation shall be effective throughout the probationary period and shall constitute terms of this Order.

11. During the probationary period, Respondent agrees to be bound by the terms and conditions set forth below.

#### **ABSTINENCE FROM ADDICTIVE SUBSTANCES**

12. Respondent shall totally abstain from the use of alcohol and the use of any habit-forming drug or controlled substance, other than as administered, dispensed, or prescribed by an authorized person other than Respondent. Respondent shall use such habit-forming drug or controlled substance only as directed by such authorized person and only for the condition identified by such authorized person.

#### **AUTHORIZED USE OF ADDICTIVE SUBSTANCES**

13. Except in the case of a bona fide medical emergency, the Respondent shall not use a habit-forming drug or controlled substance given by an authorized person unless Respondent has received **prior written approval** of the use from the treatment monitor, as that term is defined *infra*. In the case of a bona fide medical emergency, Respondent may use the habit-forming drug or controlled substance as prescribed by the authorized person, but must notify the treatment monitor within 24 hours of the use. Also within 24 hours of the use, Respondent must obtain written approval from the treatment monitor for continued use of the habit-forming drug or controlled substance.

14. Approvals for the use of habit-forming drugs or controlled substances made by the treatment monitor shall go only to the particular medication, indication, dosage and amount of refills understood and acknowledged by the treatment monitor. The burden shall be on Respondent to assure that the treatment monitor understands fully the drug regimen the treatment monitor is approving.

#### **TREATMENT MONITORING**

15. During the probationary period, Respondent shall receive such treatment as is determined to be appropriate by CPHP. All instructions and recommendations to Respondent by CPHP shall constitute terms of this Order, and Respondent must comply with

any such instructions and recommendations. Failure to comply with such instructions and recommendations shall constitute a violation of this Order. CPHP shall also function as the "treatment monitor" as that term is used in this Order.

16. Within thirty (30) days of the effective date of this Order, Respondent shall sign any and all releases necessary to allow CPHP to communicate with the Panel. Within 60 days of the effective date of this Order, Respondent shall provide the Panel with a copy of such releases. This information may include alcohol and drug abuse treatment program records that may be confidential under federal or state law. Respondent shall update any and all releases as often as may reasonably be required to allow the Panel access to Respondent's privileged or confidential information. Respondent shall not revoke such releases prior to successful completion of the probationary period as set forth in this Order. Any failure to execute such a release, failure to provide copies to the Panel, or any premature revocation of such a release shall constitute a violation of this Order. In the event Respondent revokes such release, CPHP may, because of confidentiality concerns, refuse to acknowledge Respondent's participation in CPHP. CPHP's refusal to acknowledge Respondent's participation with that organization shall constitute a violation of this Order.

17. Respondent shall also complete any and all unrestricted releases as are necessary to permit CPHP to disclose to the Panel information generated by other sources. Respondent authorizes the Panel to re-disclose and make public, consistent with Board Policy 10-18, information obtained from CPHP necessary for the limited purposes of enforcing this Order, seeking sanctions for noncompliance with this Order, or other purposes authorized in the Medical Practice Act. Medical records shall not become public records by virtue of such use. Any failure to execute such a release, failure to provide copies to the Panel, or any premature revocation of such a release shall constitute a violation of this Order.

18. CPHP's treatment monitoring activities shall constitute ongoing examinations of Respondent for the purpose of Section 12-36-118(9)(a), C.R.S. Respondent's failure to comply with CPHP's instructions and recommendations shall have the full force and effect of a violation of an order pursuant to Section 12-36-118(9)(a), C.R.S., and subject Respondent to action pursuant to Sections 12-36-118(5)(g)(IV) and 12-36-118(9)(a), C.R.S.

19. CPHP shall monitor Respondent's compliance with this Order in the following manner:

a. CPHP shall perform tissue testing of Respondent, in the manner CPHP deems appropriate, to ensure compliance with this Order. CPHP's testing may include urine screening or other tissue testing, including but not limited to hair, skin, blood, sweat, or breath testing, at CPHP's discretion. If CPHP tests Respondent through urine testing, CPHP shall require Respondent to submit to urine tests on randomly selected days on a frequency of approximately eight (8) times per month. Upon notice to Respondent by CPHP that a urine sample must be given, Respondent must provide a urine sample as soon as possible, and in accordance with CPHP's direction. Within these guidelines, CPHP shall make reasonable effort to ensure that the Respondent will not be able to predict which days Respondent will be tested. CPHP shall take all reasonable measures, including observation of the giving of a

urine sample and ordering testing to detect the presence of EtG on all dilute urine samples, to ensure that the urine testing is effective. CPHP shall schedule any other tissue testing at the appropriate frequency that will ensure compliance with this Order. Tissue testing by means other than urine testing shall require Respondent to produce a sample as soon as possible after notification and at any time of the day CPHP determines reasonable and appropriate.

20. Respondent shall ensure that CPHP submits quarterly written reports to the Panel. The reports shall briefly describe CPHP's ongoing examinations and treatment monitoring of Respondent. The reports shall also state whether Respondent is in compliance with this Order. If at any time CPHP has reasonable cause to believe that Respondent has violated the terms of this Order, is unable to practice with reasonable skill and with safety to patients or has committed unprofessional conduct as defined in Section 12-36-117(1), C.R.S., CPHP shall immediately inform the Panel.

21. Respondent shall not consume any alcohol-containing food or products or any substances such as poppy seeds, cough syrup or mouthwash that result in a "false positive" for urine or other tissue testing. Further, Respondent shall not use alcohol-based soaps and/or hand sanitizers or any other alcohol-based products. Any false positive caused by the consumption of alcohol-containing food or products, poppy seeds, cough syrup, mouthwash, alcohol-based food products and/or the use of alcohol-based soaps and/or hand sanitizers or any other alcohol-based products shall constitute a violation of this Order. Additionally, any consumption and/or use of any other substance Respondent has reason to believe will cause a false positive shall also constitute a violation of this Order.

22. Nothing in this agreement shall limit the ability of CPHP to test more frequently or for more substances than set forth above or to impose any other condition as part of its treatment monitoring of Respondent. Any of CPHP's treatment monitoring recommendations shall constitute terms of this Order for so long as this Order remains in effect.

23. CPHP's treatment monitoring instructions and recommendations shall constitute terms of this Order for so long as this Order remains in effect. Nothing in this agreement shall limit the ability of CPHP to impose any other instruction or recommendation as part of its treatment monitoring of Respondent.

24. If at any time, CPHP believes that any of the above terms are no longer necessary, CPHP may relax the terms as it deems appropriate and, at CPHP's direction, Respondent may comply with this Order as determined by CPHP. CPHP shall inform the Panel of any such action relaxing the above terms in its quarterly report. All such reports shall be reviewed by the Board's staff and, at the staff's discretion, may be reviewed by the Panel. Following receipt and review of such a quarterly report, the Panel reserves the right to reject and nullify CPHP's decision regarding the relaxing of such terms. If the Panel nullifies CPHP's decision regarding the relaxing of any of the above terms, Respondent specifically agrees to comply with the Order as set forth above in accordance with the Panel's directions.

25. It is the responsibility of Respondent to provide information to CPHP in a timely and complete manner and to assure that all CPHP written reports are timely transmitted to the Panel.

#### **TERMINATION OF TREATMENT MONITORING**

26. After successful completion of five (5) years of monitoring by CPHP, including any time CPHP has monitored Respondent prior to the effective date of this Order, Respondent may petition the panel to terminate the Treatment Monitoring terms set forth in this Order. With any request, Respondent must provide the Panel with a report from CPHP finding Respondent safe to practice with skill and safety to patients. The Parties agree that the Panel's decision regarding such a petition shall be made at the sole discretion of the Panel. Respondent hereby waives any right to appeal the Panel's decision on this issue. The Parties agree that any decision the Panel may make to terminate treatment monitoring will not also terminate the probationary period.

#### **TOLLING OF THE PROBATIONARY PERIOD**

27. If at any time, Respondent ceases the active clinical practice of medicine, defined for the purposes of this Order as evaluating or treating a minimum of five (5) patients per month, the probationary period shall be tolled for the time the Order is in effect and Respondent is not engaged in the active clinical practice of medicine.

28. Respondent must comply with all other terms of the Order and all other terms of probation. Unless otherwise specified, all terms of the Order and all terms of probation shall remain in effect, regardless of whether the probationary period has been tolled, from the effective date of this Order until probation is terminated. The probationary period shall be tolled for any time Respondent is not in compliance with any term of this Order.

#### **OUT OF STATE PRACTICE**

29. Respondent may wish to leave Colorado and practice in another state. At any time other than during a period of suspension imposed by this Order, and whether to practice out of state or for any other reason, Respondent may request, in writing, that the Board place Respondent's License on inactive status as set forth in Section 12-36-137, C.R.S. Respondent's request to place his License on inactive status must include written evidence that Respondent has reported this Order to all other jurisdictions in which Respondent is licensed, as required by the "Other Terms" section of this Order. Upon the approval of such request, Respondent may cease to comply with the terms of this Order. Failure to comply with the terms of this Order while inactive shall not constitute a violation of this Order. While inactive, Respondent shall not perform any act in the state of Colorado that constitutes the practice of medicine, nor shall Respondent perform any act in any other jurisdiction pursuant to the authority of a license to practice medicine granted by the state of Colorado. Unless Respondent's License is inactive, Respondent must comply with all terms of this Order, irrespective of Respondent's location. The probationary period will be tolled for any period of time Respondent's License is inactive.

30. Respondent may resume the active practice of medicine at any time pursuant to written request and as set forth in Section 12-36-137(5), C.R.S. With such written request, Respondent shall cause CPHP to perform an updated evaluation of Respondent. Respondent shall be permitted to resume the active practice of medicine only after submission of and approval of an updated evaluation from CPHP.

#### **TERMINATION OF PROBATION**

31. Upon the expiration of the probationary period, Respondent may submit a written request for restoration of Respondent's License to unrestricted status. If Respondent has complied with the terms of probation, and if Respondent's probationary period has not been tolled, such release shall be granted by the Panel in the form of written notice.

#### **OTHER TERMS**

32. The terms of this Order were mutually negotiated and determined.

33. Both Parties acknowledge that they understand the legal consequences of this Order; both Parties enter into this Order voluntarily; and both Parties agree that no term or condition of this Order is unconscionable.

34. All costs and expenses incurred by Respondent to comply with this Order shall be the sole responsibility of Respondent, and shall in no way be the obligation of the Board or Panel.

35. If Respondent is licensed by any other jurisdiction, Respondent shall report this Order to all other jurisdictions in which Respondent is licensed.

36. During the probationary period or any period in which a physician is subject to prescribing restrictions, no physician shall perform an assessment of a patient's medical history and current medical condition, including a personal physical examination, for the purpose of concluding that a patient may benefit from the use of medical marijuana, recommending the use of medical marijuana or certifying a debilitating medical condition for an applicant to the Colorado Medical Marijuana Program. Respondent hereby understands and agrees that he shall not certify to the state health agency that a patient has a debilitating medical condition or that the patient may benefit from the use of medical marijuana.

37. Respondent shall obey all state and federal laws while the terms of this Order are in effect.

So that the Board may notify hospitals of this Order pursuant to Section 12-36-118(13), C.R.S., Respondent presently holds privileges at or is employed by the following hospitals and facilities:

**Subject:** [EXTERNAL] APC Supervision Expansion request- Cabrera

Hello, Mr. Leake

Per my conversation with Dr. Cabrera 2-24-22, below is his request for expansion of the cap for APC supervision:

My name is Dr. Carlos Cabrera and I am a practicing emergency medicine physician as well as the new medical director at SSM Shawnee Hospital emergency department. I am writing this letter to request that I be granted an exception to the limits on advanced practice clinician (APC) supervision set forth in **Title 510, Chapter 10-4-3**. This request is in response to the recent legislative changes to APC supervisory relationships and the OSBOE's cap of 1:4 physician supervision of APC practice.

I am requesting this exception to be granted in my particular circumstance. As the medical director of the emergency department, I have a need for the ability to be listed as supervising physician for all of the APCs as I provide collaboration and consultation to them for routine and complex cases, as well as co-sign charts per hospital policy.

With these things in mind I am requesting exception to the current APC supervision limits and request that I be allowed 10 APC's under my supervision with the understanding that there would never be more than two PA/NP on shift at any given time.

Currently I would like to continue to supervise the following APCs:

Supervisee	Type	License Number	Status

Hello Mr. Leake

I am submitting this letter on behalf of Dr. Ferrell, whom I met with earlier today regarding APC supervision at Integris Canadian Valley.

Esteemed Osteopathic board members,

My name is Dr. Jennifer Ferrell and I am a practicing physician as well as the Medical Director for Hospitalist Services at Integris Canadian Valley Hospital in Yukon. I am writing this letter to request that I be granted an exception to the limits on advanced practice clinician (APC) supervision set forth in **Title 510, Chapter 10-4-3**. This request is in response to the recent legislative changes to APC supervisory relationships and the OSBOE's cap of 1:4 physician supervision of APC practice.

I am requesting this exception to be granted in my particular circumstance. As the hospitalist medical director, I supervise the 7 APC's that provide night coverage. I have a need for the ability to be listed as supervising physician for all of the APCs as I provide collaboration and consultation to them for routine and complex cases, as well as co-sign charts per hospital policy.

With these things in mind I am requesting exception to the current APC supervision limits and request that I be allowed 10 APC's under my supervision with the understanding that there would likely never be more than two PA/NPs on shift at any given time.

I commit to maintaining the accuracy of the APCs listed on my license and will inform the board of any changes. Thank you for taking this matter into consideration.

I would like to maintain supervision of the following providers:

Supervisee			Type	License Number
JEFFERY BARLOW	APRN	83548		
COTY BLISS	APRN	89488		
JESSICA FRAZIER	APRN		APRN	97991
FABIAN GALLEGOS			APRN	106503

LAURA MILLER			APRN	87656

Respectfully,

Hello, Mr. Leake

On behalf of [Dr. Charles Garriott, # 5168](#), I wanted to notify you of some pending changes. Dr. Garriott will be taking over as the new facility Medical Director at Midwest City Hospital, a new contract for TeamHealth. Dr. A.C. Husen will be taking over for Dr. Garriott as the FMD at McBride. ( I sent you a separate email with the changes for Dr. Husen / McBride). As such, we will need to amend his profile of APCs that he is delegating. We are still in the process of hiring another 1-2 APCs for full time status for MWC and are utilizing several PRN APCs from our other St Anthony's campuses in the interim. Because we still have 1-2 open APC positions the final list will change but we wanted to keep you abreast of his status. Given the size of the department and staff while setting up this new contract, he will still need to have an exemption to the current cap of 1:6. There will only be 2 APCs on shift at any one time.

Dear Dr. Garriott:

Thank you for your email. I would be happy to work with you on your request. In follow up, can you please email me a list of the providers (PAs/APRNs) you are asking to supervise or enter a delegating practice agreement with (please include their license number)? Also, can you let me know where each of the providers will be working—St. Anthony's ER or McBride?

That information will help me formulate your request to the Board. You will need to appear at the March 18, 2021, or June 17, 2021, Board Meeting to obtain approval—do not worry, this is not like appearing before the Board of disciplinary matters, and I will fully brief you on what to expect ahead of time.

Further, I am granted limited authority to approve requests such as the one you are making between Board Meetings. However, the Board must come behind me and approve (or ratify) my decision to authorize you to supervise above the current limit of 4. I am happy to set up a Zoom call to discuss this process further if you would like.

As always, please do not hesitate to give me a call should you have any questions.

**Subject:** [EXTERNAL] PA/ NP Delegation Agreement/ Cap extension: Dr. James Petersen # 5698

Hello, Mr. Leake

### **Re: James Petersen license # 5698**

I am submitting a formal request for a cap extension for PA/ NP delegation agreements on behalf of Dr. Jim Petersen. As the Facility Medical Director of both Duncan Regional Hospital and Jefferson County Hospital emergency departments, Dr. Petersen has the need to supervise more than 6 APCs, although there are never more than three APCs on shift at any one time ( two at DRH and one at JCH). Jefferson County Hospital is a critical access hospital in Waurika, OK and is under the operational umbrella of Duncan Regional Hospital. DRH functions as the “mother ship” for admissions / transfers requiring a higher level of care. Both facilities share the same EMR and ED tracker so that coordination of patient care and chart review can easily be obtained. Even though JCH is geographically separate, these two facilities are nicely integrated, making physician – APC collaboration optimal.

The list below is Dr. Petersen’s current roster, including the 2 PAs we are currently in the process of

formally adding. Also, as noted, Josh Watkins was only listed on the Oklahoma Board of Nursing and not the OKMB.

Stephanie Badaroux,	PA	2885	
Kevin Beaver	PA	2637	
Randy Carter	PA	1045	
Jayci Lewis	PA	3054	
Christy Miller	PA	1895	
Josh Watkins	NP	11190	**OBN only
Deborah Reed	PA	1546	
Taylor Ely	PA	4660	**adding to Dr. Petersen
Elizabeth Disalvatore	PA	4688	**adding to Dr. Petersen

Please let us know if you need anything further. Dr. Petersen and I have discussed at length (as he is also my facility medical director and supervising physician). He is cc'd on this email as evidence of his approval.

CHAD ROSS,

# 4329

Esteemed Osteopathic Board Members,

My name is Dr. Chadwick Ross and I am a practicing Emergency Medicine physician at INTEGRIS BASS in Enid, Oklahoma. I am writing this letter to request that I be granted an exception to the limits on advanced practice clinician (APC) supervision set forth in **Title 510, Chapter 10-4-3**. This request is in response to the recent legislative changes to APC supervisory relationships changing the supervising physician of APC ratio to 1:6 and the elimination of alternate supervising physician status.

I am requesting this exception to be granted in my particular circumstance as I have a need for the ability to be listed as supervising physician for more than the current maximum allowed APC's for the reason/s as detailed below:

I am the ED Facility Medical Director at Bass and Medical Director for personally owned Urgent Care which requires four additional PTE staff to cover vacations, time off request, and/or sudden surges in volume.

This in mind, I am requesting exception to the current APC supervision limits and request that I be allowed eight APC's under my supervision with the understanding that it would be highly unlikely for more than 4 to be on shift at a given time. I commit to maintaining the accuracy of the APCs listed on my license and will inform the board of any changes. Thank you for taking this matter into consideration.

Respectfully,

Dr. Chadwick Ross, DO, MBA

As a result of the Order from AZBOM, the OSBOE opened an investigation on me. OSBOE filed a Complaint against me because of the AZBOM Board Order.

I am further aware and informed that if I seek reapplication of my Oklahoma osteopathic medical license, that the Board has the right to mandate additional requirements, including but not limited to, CME, preceptorship, mentorship, etc., before being granted an Oklahoma Osteopathic Medical License.

I am aware and informed that I have the right to consult legal counsel on this matter and any matter before the Board.

**COMPLAINT**

The Prosecutor for the State Board of Osteopathic Examiners (the “Board”), J. Patrick Quillian, states as follows:

1. Brian Samuel Page, D.O., is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 3339. Dr. Page received his license as an osteopathic physician in Oklahoma from the Board in December 2020. Dr. Page is also licensed as an osteopathic physician in Arizona and Kansas. Dr. Page has practices primarily in pain management in the Phoenix, Arizona metropolitan area.

2. Dr. Page is in violation of the Oklahoma Osteopathic Medicine Act (the “Act”), Tit. 59 O.S. § 637(A)(2), (A)(2)(f), and (A)(6) which state:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

...

2. Has engaged in ... unethical conduct or unprofessional conduct, as determined by the Board, in the performance of the functions or duties of an osteopathic physician,

including but not limited to the following:

...

- f. acting in a manner which results in final disciplinary action by any professional society or association or hospital or medical staff of such hospital in this or any other state, whether agreed to voluntarily or not, if the action was in any way related to professional conduct, professional competence ... or any other violation of the Osteopathic Medicine Act,

...

- 6. Has had the authority to engage in the activities regulated by the Board revoked, suspended, restricted, modified or limited, or has been reprimanded, warned or censured, probated or otherwise disciplined by any other state or federal agency whether or not voluntarily agreed to by the physician including, but not limited to ... surrender of the license ... or discontinuing or limiting the practice of osteopathic medicine pending disposition of a complaint or completion of an investigation[.]

3. In 2017, the Arizona Board of Osteopathic Examiners (the “Arizona Board”), the entity responsible for regulating osteopathic physicians in Arizona, opened case numbers DO-2017-0268A and DO-17-0269A against Dr. Page after receiving two (2) complaints alleging that he had engaged in unethical practices as an osteopathic physician, such as allowing unlicensed staff to monitor patients in the preoperative and post-operative areas and allowing medical assistants to perform various tasks outside of their scope.

4. On September 11, 2021, the Arizona Board found that Dr. Page had engaged in unprofessional conduct which constituted grounds for disciplinary action under Arizona law and ordered that: 1) Dr. Page receive a Decree of Censure; 2) Dr. Page pay a \$2,000 civil penalty; 3) Dr. Page’s license be placed on probation for a

minimum of five (5) years, restricting his practice to charitable organizations only (in addition to other limitations); and 4) Dr. Page complete at least forty (40) hours of CME.

5. Dr. Page voluntarily consented to the above-described order sanctioning his license to practice osteopathic medicine in Arizona.

6. Dr. Page has violated the Act by having his authority to engage in the practice of osteopathic medicine in Arizona disciplined and limited by the Arizona Board of Osteopathic Examiners as outlined in the paragraphs above.

Respectfully submitted,

# ABORTION LITIGATION UPDATE

REVIEW AND  
POSSIBLE  
APPROVAL OF  
DRAFT  
ABORTION  
GUIDELINES

## COMPLIANCE AND BEST PRACTICES FOR AN ACT RELATING TO ABORTION

**Abortion:** means the use or prescription of any instrument, medicine, drug, or any other substance or device intentionally to terminate the pregnancy of a female known to be pregnant with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, to remove an ectopic pregnancy, or to remove a dead unborn child who died as the result of a spontaneous miscarriage, accidental trauma, or a criminal assault on the pregnant female or her unborn child. [63 O.S. § 1-730\(A\)\(1\)](#).

**Saving the Life of a Pregnant Woman:** A person shall not purposely perform or attempt to perform an abortion except to save the life of a pregnant woman in a medical emergency. [63 O.S. §1-731.4\(B\)\(1\)](#); A medical emergency is a physical disorder, physical illness, or physical injury caused by or arising from the pregnancy and abortion is necessary to save the life of the pregnant woman. [63 O.S. §1-731.4\(A\)\(2\)](#). Written notation shall be made in the pregnant woman's medical record regarding the physician's belief that a medical emergency that necessitated the abortion. [63 O.S. §1-745.35](#) (i.e. "The diagnosis of [life threatening diagnosis] is a medical emergency that threatens the life of [patient]; therefore termination of the pregnancy is required to protect the life of [patient].") In regard to a patient with an underlying medical condition for which pregnancy carries a high risk of morbidity or mortality, best practice is to: (1) strive to preserve the life of both the pregnant woman and her unborn child; (2) monitor and wait until a manifestation of a medical emergency exists before attempting an abortion, should one be deemed necessary.

**Medical Scope:** An act is not an abortion if performed to remove a dead unborn child caused by a spontaneous abortion or to remove an ectopic pregnancy. [63 O.S. §1-745.51\(1\)\(b\) and \(c\)](#)

**Rape & Incest Exceptions:** Although [63 O.S. §1-745.52](#) provides exceptions for a pregnant woman that is the result of rape, sexual assault or incest that has been reported to law enforcement, those exceptions only apply to civil lawsuits filed by private individuals. Oklahoma's criminal abortion laws, 21 O.S. § 861 & 63 O.S. § 1-731.4 [63 O.S. §1-731.4](#), do not contain these exceptions. Therefore, the best practices shall operate as if the only exception under Oklahoma's abortion laws is to save the life of a pregnant woman in a medical emergency.

**Contraception:** Oklahoma abortion laws do not prohibit the sale, use, prescription or administration of a contraceptive measure, drug or chemical if the contraceptive is administered before the time when a pregnancy would be detected through conventional testing and is sold, used, prescribed or administered in accordance with manufacturer instructions. [63 O.S. §1-731.4\(B\)\(3\)\(b\)](#). "Abortion" in Oklahoma does not include the use, prescription, administration, procuring, or selling of Plan B, morning-after pill, or any other type of contraception or emergency contraception. [63 O.S. §1-745.51\(1\)](#). In short Oklahoma abortion laws on abortion do not apply to contraceptives, in vitro fertilization (IVF), Plan B pills, or treatment of a spontaneous abortion (i.e. miscarriage) provided the spontaneous abortion was not purposefully caused.

**Medications:** There is no limitation or restriction on medication to treat pre-existing medical conditions or other medical conditions in non-pregnant or pregnant women.

**Unborn Child:** A human fetus or embryo in any stage of gestation from fertilization until [63 O.S. §1-745.51\(4\)](#)

**Fertilization:** The fusion of a human spermatozoon with a human oocyte. [63 O.S. §1-745.51\(2\)](#)

**Accidental or Unintentional Injury or Death of an Unborn Child:** It is a minimum an affirmative defense to criminal prosecution if a licensed physician provides medical treatment to a pregnant woman in which results in the accidental or unintentional injury or death to the unborn child. [63 O.S. §1-731.4\(B\)\(4\)](#) An affirmative defense is a defense presented to the Court that if found credible will negate civil or criminal liability. Medications such as chemotherapy are for the purpose of treating the mother's cancer, but may cause unintentional injury or death to the unborn child, would likely fall under this category.

**Counseling:** A person may bring a civil action against any person who knowingly engages in conduct that aids or abets the performance or inducement of abortion. [63 O.S. §1-745.51\(2\)](#). Moreover, a person shall be criminally liable for "advising" a woman to take an abortion-inducing drug or for employing "other means whatever" to procure an abortion. [21 O.S. § 861](#). The Oklahoma Supreme Court has indicated (in regard to a non-abortion statute) that speech that encourages "imminent lawless action" is not protected constitutionally, but that "mere advocacy" is protected speech. *E. Pearce*, 2019 OK 23 ¶ 61. As such, although general advocacy regarding abortion is not affected by Oklahoma's abortion laws, best practice is to avoid counseling or directing pregnant women toward an abortion (unless the life exception applies).

**Criminal Enforcement:** Currently, a person convicted of administering, prescribing, advising, or procuring a woman to take any medicine drug or substance or a person convicted of using or employing any instruction or "other means whatever," with the intent to procure an abortion, shall be guilty of a felony punishable by two (2) to (5) years imprisonment. From August 27, 2022, forward, a person convicted of performing or attempting to perform an abortion shall be guilty of a felony punishable by a fine not to exceed One Hundred Thousand (\$100,000.00) and/or imprisonment not to exceed ten (10) years. [63 O.S. § 1-731.4\(B\)\(2\)](#) [21 O.S. § 861](#); [63 O.S. § 1-732](#); [63 O.S. § 1-734](#).

**Civil Enforcement:** Any person may bring a civil action against any person who performs, induces or knowingly engages in conduct that aids and abets the performance of an abortion, resulting in damages not less than Ten Thousand Dollars (\$10,000). [63 O.S. §1-745.39\(A\)\(1\)-\(B\)\(2\)](#).

**Persons Potentially Liable:** These laws do not authorize the charging or conviction of a woman with any criminal offense in the death of her unborn child. [63 O.S. §1-731.4\(B\)\(3\)\(a\)](#); [63 O.S. §1-745.37\(2\)](#); [63 O.S. §1-745.39\(K\)\(1\)](#) These laws only apply to persons who perform or attempt to perform abortions or persons who engage in conduct that aids or abets the performance or inducement of an abortion.

**Disclaimer:** This Best Practices document is subject to change without notice and is made available to facilitate understanding of Oklahoma's abortion prohibitions. This is not intended to be an official interpretation or commentary on the intent of the law, nor any suggestion of how this law would be applied by citizens, district attorneys, the attorney general, or any judge. Further, these guidelines have not been approved by any medical licensing board or medical association and shall not be considered binding. Revision 08/26/2022.
