COMPLAINT

The Prosecutor for the State Board of Osteopathic Examiners (the "Board"), J. Patrick Quillian, states as follows:

1. Dr. Trung Nam Nguyen, D.O., is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 3683. Dr. Nguyen primarily practices in family medicine via telehealth and received his license as an osteopathic physician in Oklahoma from the Board on July 9, 2018. Dr. Nguyen is licensed as an osteopathic physician in numerous other states, including Kentucky, Alabama, and Texas. Dr. Nguyen currently resides in Texas.

2. Dr. Nguyen is in violation of the Oklahoma Osteopathic Medicine Act (the "Act"), Tit. 59 O.S. § 637(A)(2) and (A)(6) which states:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

...

2. Has engaged in ... unethical conduct or unprofessional conduct, as determined by the Board, in the performance of the functions or duties of an osteopathic physician[]

... [or]

6. Has had the authority to engage in the activities regulated by the Board revoked, suspended, restricted, modified or limited, or has been reprimanded, warned or censured, probated or otherwise disciplined by any other state or federal agency whether or not voluntarily agreed to by the physician[.]

3. On March 8, 2023, "in lieu of the issuance of a Complaint and Emergency Order of Restriction [,]" Dr. Nguyen voluntarily entered into an agreed order (the "Kentucky Order") with the Commonwealth of Kentucky Board of Medical Licensure (the "Kentucky Board"). The Order contained stipulations of fact indicating that Dr. Nguyen's patient charts were "below the minimum standards" for prescribing.

4. The Order also contained "Stipulated Conclusions of Law", which, *inter alia*, found that Dr. Nguyen violated Kentucky physician regulations and, thus, there were grounds for action to be taken on his Kentucky license to practice osteopathic medicine.

5. The Kentucky Order stated that "[t]he license to practice osteopathy within the Commonwealth of Kentucky held by Truong Nam Nguyen, D.O. is RESTRICTED/LIMITED FOR AN INDEFINITE PERIOD OF TIME" and ordered that Dr. Nguyen "SHALL NOT prescribe, dispense, administer, or otherwise professionally utilize controlled substances unless and until approved to do so by the Panel" (emphasis in original).

6. The Alabama State Board of Medical Examiners (the "Alabama Board") proceeded against Dr. Nguyen's Alabama osteopathic medical license based upon the Kentucky Order, which resulted in Dr. Nguyen voluntarily

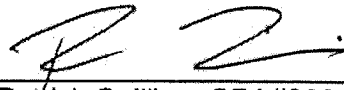

surrendering his Alabama license to administer and prescribe controlled substances on April 27, 2023.

7. On May 9, 2023, Dr. Nguyen voluntarily surrendered his DEA Drug Registration to prescribe controlled substances in the State of Alabama.

8. On June 9, 2023, Dr. Nguyen executed a Waiver Order before the Texas Medical Board which requires him to comply with the Kentucky Order, and if he fails to do so, he agrees that it would constitute a basis for disciplinary action by the Texas Medical Board.

9. Dr. Nguyen has violated the Act by 1) engaging in unethical or unprofessional conduct in the performance of his duties as an osteopathic physician (to wit: issuing prescriptions for CDS without proper documentation); and 2) having his authority to distribute controlled substances limited by the Kentucky Board, the Alabama Board, the DEA, and the Texas Medical Board.

Dear Commissioners and Interested Parties:

The IMLCC has completed a data study which shows the growing impact of our Expedited Physician Licensure process. This is a comparative data study with information about calendar years 2019 to 2022. Here is a link to the information on the IMLCC's web page - [New License Data Study](#) - Then click on the "Publications" tab to see the study. A copy is also attached to this email.

In 2022:

- 17.37% of ALL new physician licenses in the US were issued through the IMLCC process.
- 31% of IMLCC member board new physician licenses were issued through the IMLCC process.

This report is reflective of the importance of the IMLCC process in expanding highly qualified physician care to states, territories and DC so that those boards can address physician shortages, needs in rural and underserved areas, and expanding access to specialty care.

Congratulations to the dedicated member board licensing staff and the employees of the IMLCC for their hard work which made this incredible achievement happen.

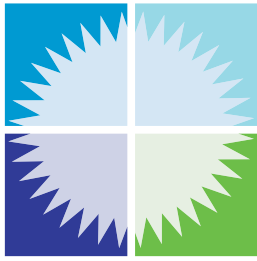

And thank you to the over 16,000 physicians who have trusted this process to expedite and meet their needs for obtaining licenses in multiple states. The IMLCC is committed to continuing our work and improving the licensing experience.

Please let me know if you have any questions. mss

Subject: OSBOE - OOA Nominations for Radiology Assistants Advisory Committee

Dear Ms. LeBoeuf:

Thank you for submitting a list of nominations on behalf of the Oklahoma Osteopathic Association (OOA) to the State Board of Osteopathic Examiners (OSBOE) for the selection of an osteopathic physician to serve on the Radiology Assistant Advisory Committee. As you may know, OSBOE met and considered the list last week during its quarterly meeting in Oklahoma City. The Board reviewed the list submitted by the OOA and tabled the nomination. Additionally, the Board had follow-up questions:

- Are the nominees “willing to serve”?
- Are the nominees members of the OOA?

Very truly yours,

Michael T. Leake Jr., Esq.
