ROLL CALL

APPROVAL OF PAST MINUTES

**OKLAHOMA STATE BOARD OF OSTEOPATHIC EXAMINERS
REGULAR MEETING MINUTES**

DATE OF MEETING June 11, 2026

PLACE OF MEETING Grand Centre – OSBOE Board Room
5400 N Grand Blvd., Suite 125
Oklahoma City, OK 73112

MEMBERS PRESENT Chelsey Gilbertson, D.O.
Timothy Moser, D.O.
Sheila St. Cyr, M.S., R.N.
Layne Subera, D.O.
Katie Templeton, J.D.
D. Matt Wilkett, D.O.
LeRoy Young, D.O.

MEMBERS ABSENT

ROLL CALL TO ESTABLISH QUORUM

Chelsey Gilbertson, D.O., *President*, called the meeting to order at 9:00 a.m. and announced that a quorum was established.

APPROVAL OF PAST MINUTES

Dr. Gilbertson asked the members of the Board if they had reviewed the minutes from the Regular Board Meeting of March 12, 2026.

Ms. Templeton moved to approve the minutes as presented. Ms. St. Cyr seconded the motion.
--

Dr. Gilbertson called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, abstained; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

SWEAR IN NEW BOARD MEMBER

Dr. Gilbertson swore in newly appointed Board Member, Timothy Moser, D.O., to the Board and thanked him for his public service.

ELECTION OF OFFICERS

Dr. Gilbertson called the matter of election of officers to order and asked for nominations for the executive committee.

Dr. Wilkett moved to nominate the following Board Members to the executive committee for 2026-27:

LeRoy E. Young, D.O., President

Chelsey Gilbertson, D.O., Vice-President

Layne Subera, D.O., Secretary

Dr. Moser seconded the motion.

Dr. Gilbertson called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

COMPLIANCE ISSUES

Christopher Bradshaw, D.O.

Dr. Young called the matter of Christopher Bradshaw, D.O., to order. Dr. Bradshaw appeared in person. Executive Director, Steven Mullins, appeared in person to report on Dr. Bradshaw's compliance with his Order. Dr. Bradshaw and Mr. Mullins provided testimony and answered questions from the Board.

Dr. Bradshaw was cautioned by the Board to ensure he is staying in compliance with his Order. No motions were made.

Brandon Wilson, D.O.

Dr. Young called the matter of Brandon Wilson, D.O., to order. Dr. Wilson appeared in person. Executive Director, Steven Mullins, appeared in person to report on Dr. Wilson's compliance with his Order. Dr. Wilson and Mr. Mullins provided testimony and answered questions from the Board.

Dr. Wilson was cautioned by the Board to ensure he is staying in compliance with his Order. No motions were made.

REHABILITATION MONITORING PROGRAM REPORT

Dr. Young called the matter of the Rehabilitation Monitoring Program Report to order. Executive Director, Steven Mullins, informed the Board that the report was in their confidential uploaded materials for review and announced that to discuss further a motion for Executive Session would be needed.

No motions were made.

MOTION TO RETURN TO PRACTICE

Daniel Garrison, D.O.

Dr. Young called the matter of Daniel Garrison, D.O., to order. Dr. Garrison appeared in person without counsel. Prosecutor for the Board, Sean Sanders, and Dr. Garrison's sponsor, Paul Edwards, both appeared in person to present testimony regarding Dr. Garrison. All parties provided testimony and answered questions from the Board.

Dr. Gilbertson moved to go into Executive Session.
Ms. St. Cyr seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Dr. Gilbertson moved to come out of Executive Session.
Ms. St. Cyr seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Dr. Gilbertson moved to reinstate Dr. Garrison's license with restrictions. Dr. Garrison is placed on probation for a term of five (5) years. Dr. Garrison is to follow all Pine Grove recommendations from his final discharge summary. Dr. Garrison is to have no contact on social media with patients. Dr. Garrison shall have six (6) months to hire an independent practice mid-level. Dr. Garrison shall not hire previous patients for a time period of not less than six (6) months.
Dr. Moser seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, no; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Stephen Treadwell, D.O.

Dr. Young called the matter of Stephen Treadwell, D.O., to order. Dr. Treadwell appeared in person with his counsel of record, Elizabeth Scott, J.D. Prosecutor for the Board, Sean Sanders,

OSBOE Regular Meeting, June 11, 2026
appeared in person to present testimony regarding Dr. Treadwell. All parties provided testimony and answered questions from the Board.

Dr. Gilbertson moved accept the discharge summary and recommendations from Florida Recovery Center and place the following conditions. Dr. Treadwell is placed under board oversight for a term of five (5) years. Dr. Treadwell is to sign a monitoring agreement with the Board Rehabilitation Monitoring Program (RMP). The agreement will be approved by the Medical Director for RMP and will incorporate the discharge report recommendations. Ms. Templeton seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

JOINTLY PROPOSED ORDER

Brian Berryman, D.O.

Dr. Gilbertson called the matter of Brian Berryman, D.O., to order. Dr. Berryman's counsel of record, Steve Pontius, J.D., appeared on Dr. Berryman's behalf. Board prosecutor, Sean Sanders, gave a background of the case and presented the Jointly Proposed Order. Both parties provided testimony and answered questions from the Board.

Dr. Gilbertson moved to accept the proposed order as presented.
Dr. Moser seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

APPLICATIONS FOR REINSTATEMENT OF LICENSURE

Christopher Moses, D.O.

Dr. Gilbertson called the matter of Christopher Moses, D.O., to order. Dr. Moses did not appear in person. Executive Director, Steven Mullins, announced that Dr. Moses had requested a continuance so he could request more time to gather the necessary materials for his reinstatement.

Dr. Wilkett moved to approve the continuance for Dr. Moses's reinstatement application.

Dr. Gilbertson seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Tyler King, D.O.

Dr. Young called the matter of Tyler King, D.O., to order. Dr. King appeared in person with his counsel of record, Elizabeth Scott, J.D. Executive Director, Steven Mullins, appeared in person to present Dr. King's application for reinstatement. All parties provided testimony and answered questions from the Board.

Dr. Gilbertson moved to go into Executive Session.
Dr. Moser seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Dr. Gilbertson moved to come out of Executive Session.
Ms. St. Cyr seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Ms. Templeton moved to continue Dr. King's application for reinstatement until Dr. King undergoes a drug and alcohol assessment at a Board approved facility. Following completion, Dr. King can return to the Board for further consideration.
Dr. Gilbertson seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

APPLICATION FOR RENEWAL

Anna Harter, D.O.

Dr. Young called the matter of Anna Harter, D.O., to order. Dr. Harter appeared in person with her counsel of record, Emily Isbill, J.D. Executive Director, Steven Mullins, appeared in person to present Dr. Harter's application for renewal. All parties provided testimony and answered questions from the Board.

Ms. Templeton moved to approve renewal of Dr. Harter's Advanced Resident license if she enters a Residency program.
Dr. Subera seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, no.

The motion passed.

Sarah Lantz, D.O.

Dr. Young called the matter of Sarah Lantz, D.O., to order. Dr. Lantz appeared in person with her counsel of record, Todd Grimmett, J.D. Executive Director, Steven Mullins, appeared in person to present Dr. Lantz's request for renewal and status change to full licensure. All parties provided testimony and answered questions from the Board.

Dr. Gilbertson moved to go into Executive Session.
Dr. Moser seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Dr. Gilbertson moved to come out of Executive Session.
Dr. Moser seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Dr. Gilbertson moved to deny Dr. Lantz's request for full licensure.
Dr. Moser seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

RATIFICATION OF APPROVED LICENSES

Dr. Young asked the members of the Board if they had reviewed the provided ratification list for the period of March 2026 to June 2026.

Ms. Templeton moved to ratify all licenses issued since the March 2026 Board meeting.
Ms. St. Cyr seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

POLICY REVIEW

OSBOE-P011 – Medical Marijuana

Dr. Young asked the Board if they had reviewed the proposed changes to OSBOE-P011, Policy for Recommendation of Medical Marijuana. Director Mullins provided a summary of the changes and answered questions from the Board.

Ms. Templeton moved to table the proposed changes and bring them to the September meeting following review from members of the Board.
Dr. Subera seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

DISCUSSION AND POSSIBLE APPOINTMENT TO MEDICAL COMMITTEES

Respiratory Care Advisory Committee

Ms. Templeton moved to appoint Dr. Moser, replacing Dr. Gilbertson's current appointment.
Ms. St. Cyr seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

Physician's Assistant Committee

Ms. Templeton moved to appoint Dr. Gilbertson, replacing Dr. Young's current appointment.
Ms. St. Cyr seconded the motion.

Dr. Young called for the votes on the motion and a roll call.

The roll call/votes were: Dr. Carter, absent; Dr. Gilbertson, yes; Dr. Moser, yes; Ms. St. Cyr, yes; Dr. Subera, yes; Ms. Templeton, yes; Dr. Wilkett, yes; Dr. Young, yes.

The motion passed.

STAFF REPORTS

Director Mullins:

Agency Investigative Report

Mr. Mullins informed the Board the investigative team is working to ensure cases are worked efficiently.

Tulsa 2026 Hotel

Mr. Mullins informed the Board a few hotel options were provided in the materials. The Board asked that staff procure a room block at The Mayo in downtown Tulsa.

APPLICATIONS FOR LICENSURE

JOSEPH
BRYCE, D.O.

KAYLEE DAVIS-
MADDY, J.D.

Joseph Bryce, D.O. – Resident Training License Application

Have you ever been arrested, fined, charged with, or convicted of a crime, received a deferred sentence, expungement, entered an Alford plea or nolo contendere, indicted, imprisoned, or placed on probation? Any, and all arrests, including DUI/DWI arrests or convictions, shall be reported here.

If Yes, provide full details of the arrest, dates, places, and disposition of the case in a separate notarized statement, even if the case was expunged. You must also furnish a certified court copy (with seal affixed) of the charge, the judgment, the sentence, and/or dismissal order or other such documents attesting to the disposition. You do not need to include minor traffic and parking violations except those related to DUI, DWI, or a similar charge.

Answered "Yes"

I got a DUI on January 28, 2024 after leaving Berry Hill Resort in South Boston, Virginia, around midnight. I was arrested after admitting to a police officer (Officer Redd) that I had driven my car a short distance from the resort, until it got stuck in the mud on the same premises. The police officer was giving me a ride home because he saw me walking on the side of the road. I was taken back to my car and breathalyzed, and then taken to the police station. I was charged with a first time DUI with an elevated BAC. Because I had taken my handgun out of my car when I abandoned it in the mud, and my handgun was in my pocket when I was picked up by officer Redd, I was also charged with a misdemeanor for carrying a handgun in public while intoxicated. I did have a License to Carry from the state of Texas, but shouldn't have been carrying while intoxicated. My court date was March 11, 2024, and I was represented by Lisa Fransisco as my lawyer. She was able to make a deal with the judge that would take my DUI down from "elevated BAC" to simply a first offence DUI, with 12 months of enrollment in an ignition interlock program and completion of VASAP (Virginia Alcohol Safety Action Program). My handgun charge was to be deferred, and dropped in 12 months if I had good behavior during that time. I completed VASAP and was enrolled in SmartStart, an ignition interlock program. However, around 5 AM (7AM as I remember it, but 5AM on the breathalyzer data log) on July 5, 2024 I blew around a .06 on my breathalyzer after sleeping over at a friend's house after a July 4 party. When I woke up and desired to go home, I thoughtlessly got into my car and was thus charged with a violation of my good behavior. Because of the violation of my ignition interlock program I was required to be reassessed by VASAP with a substance use assessment and to complete any recommendations thereof. I completed the assessment and no further action was required. The judge also extended my ignition interlock enrollment until July 5, 2025, basically restarting my 12 months of required enrollment from the time of my July 5, 2024 violation. I do not recall this court date but I was represented by James Midkiff, attorney. I went to court as scheduled on March 11, 2025 and my "carrying a handgun while intoxicated" charge was reassessed considering my violation of good behavior due to my ignition interlock violation on July 5, 2024. The judge graciously allowed this charge to be deferred and dropped after another 12 months if I would enroll in probation/surveillance with another substance use assessment and potential for random drug and alcohol testing by the probation office. Lisa Fransisco represented me on this date as it was the one-year anniversary pertaining to my original charge on March 11, 2024. I am currently trying to get my probation transferred from Halifax, VA to somewhere local to Durant, OK, as I am moving for residency. I have completed that required substance use assessment with no further action recommended. I am still enrolled in the ignition interlock program through SmartStart until July 5, 2025. The above is true and thorough according to my knowledge. Joseph Bryce 4/23/2025

I got a DUI on January 28, 2024 after leaving Berry Hill Resort in South Boston, Virginia, around midnight. I was arrested after admitting to a police officer (Officer Redd) that I had driven my car a short distance from the resort, until it got stuck in the mud on the same premises. The police officer was giving me a ride home because he saw me walking on the side of the road.

I was taken back to my car and breathalyzed, and then taken to the police station. I was charged with a first time DUI with an elevated BAC. Because I had taken my handgun out of my car when I abandoned it in the mud, and my handgun was in my pocket when I was picked up by officer Redd, I was also charged with a misdemeanor for carrying a handgun in public while intoxicated. I did have a License to Carry from the state of Texas, but shouldn't have been carrying while intoxicated.

My court date was March 11, 2024, and I was represented by Lisa Fransisco as my lawyer. She was able to make a deal with the judge that would take my DUI down from "elevated BAC" to simply a first offence DUI, with 12 months of enrollment in an ignition interlock program and completion of VASAP (Virginia Alcohol Safety Action Program). My handgun charge was to be deferred, and dropped in 12 months if I had good behavior during that time.

I completed VASAP and was enrolled in SmartStart, an ignition interlock program. However, around 5 AM (7AM as I remember it, but 5AM on the breathalyzer data log) on July 5, 2024 I blew around a .06 on my breathalyzer after sleeping over at a friend's house after a July 4 party. When I woke up and desired to go home, I thoughtlessly got into my car and was thus charged with a violation of my good behavior.

Because of the violation of my ignition interlock program I was required to be reassessed by VASAP with a substance use assessment and to complete any recommendations thereof. I completed the assessment and no further action was required. The judge also extended my ignition interlock enrollment until July 5, 2025, basically restarting my 12 months of required enrollment from the time of my July 5, 2024 violation. I do not recall this court date but I was represented by James Midkiff, attorney.

I went to court as scheduled on March 11, 2025 and my "carrying a handgun while intoxicated" charge was reassessed considering my violation of good behavior due to my ignition interlock violation on July 5, 2024. The judge graciously allowed this charge to be deferred and dropped after another 12 months if I would enroll in probation/surveillance with another substance use assessment and potential for random drug and alcohol testing by the probation office. Lisa Fransisco represented me on this date as it was the one-year anniversary pertaining to my original charge on March 11, 2024.

I am currently trying to get my probation transferred from Halifax, VA to somewhere local to Durant, OK, as I am moving for residency. I have completed that required substance use assessment with no further action recommended. I am still enrolled in the ignition interlock program through SmartStart until July 5, 2025.

The above is true and thorough according to my knowledge.

Applicant's Statement in Support of Advanced Resident Licensure

Dr. Joseph Bryce respectfully submits this statement in advance of the Board's consideration of his application for Advanced Resident Licensure.

Dr. Bryce recognizes the seriousness of the Board's concerns regarding his June 2026 arrest, particularly when considered in light of his prior alcohol-related history in Virginia. He does not seek to minimize either matter and accepts responsibility for the decisions and conduct that led to the June incident. He respectfully asks, however, that the Board consider the circumstances in which this incident occurred, his conduct immediately afterward, and whether this isolated event reflects an impairment affecting his ability to safely practice medicine and complete his residency.

The events of June 27, 2026 occurred during an extraordinary period of grief, exhaustion, and emotional distress for Dr. Bryce and his wife. Approximately one week earlier, they had suffered a miscarriage after trying to have a child for approximately a year and a half. On the morning of June 27, they traveled to Dallas and buried their child at their family monastery. For Dr. Bryce, that day was also his first day off after twelve consecutive days of inpatient service.

Later that same day, Dr. Bryce and his wife attended a graduation celebration for five of his fellow residents. Before attending the celebration that followed, Dr. Bryce and his wife agreed that she would be the designated driver, and Dr. Bryce gave her the keys to the vehicle. Dr. Bryce did not drive that evening. During the celebration, however, Dr. Bryce imbibed. His wife also consumed alcohol, including drinks that Dr. Bryce obtained for her. He recognizes in retrospect that this was poor judgment and accepts responsibility for his own alcohol consumption and for his role in that decision.

Shortly after they left the celebration, a state trooper stopped their vehicle. Dr. Bryce remained in the passenger seat while his wife was directed out of the vehicle. He then saw his wife being placed

in handcuffs and learned that she was being arrested. According to Dr. Bryce's contemporaneous account, he was informed that her breath-alcohol level was 0.06%.

Dr. Bryce's reaction to that development must be acknowledged candidly. He was intoxicated, exhausted, grieving, and emotionally overwhelmed by seeing his wife placed under arrest only hours after they had buried their child. He became distressed and repeatedly questioned the officers about where his wife was being taken, whether he could go to the jail and bring her home, and how he could ensure that she would be safe. He was instructed to arrange transportation home and did so.

During the ensuing interaction with law enforcement, however, Dr. Bryce allowed his distress and intoxication to affect his behavior. His manner toward the officers became inappropriate and disrespectful. He does not contend that grief, exhaustion, or alcohol justified that conduct. They did not. Those circumstances provide context for an episode of behavior that Dr. Bryce deeply regrets, but they do not relieve him of responsibility for it.

Dr. Bryce was ultimately arrested for public intoxication and transported to the Bryan County jail. He and his wife remained there for approximately six hours before being released. The public-intoxication matter was subsequently not filed by the District Attorney.

Dr. Bryce does not rely upon that prosecutorial decision as an excuse for his conduct. Regardless of whether a criminal charge was ultimately filed, he recognizes that becoming intoxicated and behaving as he did toward law enforcement reflected poor judgment and fell below the standard he expects of himself as a physician.

What Dr. Bryce respectfully asks the Board to consider is whether the incident demonstrates an ongoing impairment affecting his fitness to practice medicine, or instead represents an acute episode of poor judgment occurring under highly unusual personal circumstances.

His conduct immediately afterward is relevant to that determination.

Dr. Bryce did not conceal the incident from his residency program or wait for the Board to compel him to act. With the knowledge and encouragement of his attendings and residency director, he addressed the matter immediately. He met with the District Attorney's office, contacted the Oklahoma Health Professionals Program, and began independently seeking counseling. He was ultimately advised that additional appointments were not necessary.

Dr. Bryce's residency program has likewise continued to support his medical training. Their conclusions are based on firsthand observation of his clinical decision-making, judgment, conduct, reliability, and interaction with patients, staff, and colleagues.

Dr. Terry Gerard II, the Program Director for the AllianceHealth Durant Family Medicine residency program, has supervised Dr. Bryce in both clinical and professional settings. Dr. Gerard reports that throughout Dr. Bryce's time in the program, he has consistently demonstrated sound clinical decision-making, appropriate professional boundaries, a high level of personal responsibility, maturity, and thoughtful judgment. His professional assessment is that Dr. Bryce is

capable of practicing safely, responsibly, and with good judgment. Dr. Gerard's assessment is also supported by two additional physicians who signed the letter: Dr. Lindsey French-Hoffman, a core faculty member in the Family Medicine residency program, and Dr. Kevin Gordon, the hospitalist medical director.

The June incident did not occur in a hospital or other clinical setting, did not involve a patient, and did not arise while Dr. Bryce was providing medical care. There has been no allegation that Dr. Bryce has practiced medicine while impaired or that alcohol has adversely affected his clinical performance, patient care, attendance, or professional responsibilities. That absence of any clinical concern is confirmed by the direct observations of his Program Director and the additional physicians who signed the residency letter. They have observed sound clinical decision-making, appropriate professionalism, and personal responsibility, and they have not observed him impaired in the workplace or witnessed behavior suggesting an ongoing pattern of misuse.

Dr. Bryce understands that, given his prior history, the Board is entitled to scrutinize this incident carefully. He does not ask the Board to disregard that history or to view June 27 in isolation. Rather, he asks the Board to consider the entire record: the extraordinary circumstances surrounding this particular event, his acceptance of responsibility, his immediate efforts to obtain professional guidance, his transparency with his residency program and the Board, his willingness to participate in counseling or further evaluation, his clinical record, and the continued support of the physicians responsible for supervising his training.

Dr. Bryce further understands that Board staff and the Board's medical director have recommended an assessment. He has now acted on that recommendation and is scheduled for the earliest date Bradford had available. There is therefore no concern that he will resist the process or decline to provide the Board with additional information. The remaining question is whether his progression to PGY-2 must be delayed while the assessment is completed. Dr. Bryce respectfully submits that it should not be.

The assessment is intended to give the Board additional information. It is not itself a finding that Dr. Bryce is impaired or unable to practice safely. At present, the evidence before the Board from the physicians who supervise his work is that he practices safely, responsibly, and with good judgment. Those physicians have observed no workplace impairment, no ongoing pattern of misuse, and no patient-safety concern.

Dr. Bryce will also remain in a supervised residency environment. Issuing his Advanced Resident License will not place him into independent practice without oversight. It will allow him to progress within the same program and under the supervision of the same physicians who have directly affirmed his fitness to continue practicing.

Holding Dr. Bryce at the PGY-1 level until December would not make the assessment more complete or provide the Board with better information. It would delay his training despite the absence of an identified clinical deficiency and despite his agreement to complete the assessment.

The Board can preserve any authority it may have to review the assessment and address its actual findings without withholding the PGY-2 license in the meantime.

The events of June 27 represent conduct that Dr. Bryce regrets and does not intend to repeat. They do not, he respectfully submits, establish that he is unable to practice medicine safely or that he is presently impaired in the performance of his professional duties.

Dr. Bryce respectfully requests that the Board:

1. approve his application for Advanced Resident Licensure at the September meeting;
2. permit him to advance to PGY-2 without interruption;
3. allow him to complete the assessment while continuing his residency training; and
4. review and address the actual results of the assessment when they become available, rather than withholding his PGY-2 license based only on the possibility that the assessment may identify a concern.

Dr. Bryce will complete the assessment and cooperate fully with the Board's reasonable requirements. He respectfully asks that his willingness to cooperate, together with the direct support of his supervising physicians and the absence of any clinical impairment, serve as the basis for permitting him to continue his training at the PGY-2 level now.

Respectfully submitted,

DOERNER, SAUNDERS,
DANIEL & ANDERSON, L.L.P.

To the Oklahoma State Board of Osteopathic Examiners,

I am writing in my capacity as Program Director for the residency program at AllianceHealth Durant regarding Joseph Bryce, whom I have supervised in both clinical and professional settings. I offer this letter as a character reference based on direct observation of his conduct, judgment, and reliability.

Throughout his time in our program, I have consistently observed sound clinical decisionmaking, appropriate professional boundaries, and a high level of personal responsibility. He has demonstrated maturity in his interactions with patients, staff, and colleagues, and he has shown thoughtful judgment in situations requiring discretion and professionalism.

Importantly, I have never observed him inebriated, impaired, or under the influence in the workplace, nor have I witnessed any behavior suggesting an ongoing pattern of misuse. Based on my experience supervising him, the concern under review appears to be an isolated incident rather than reflective of his typical conduct or character.

I believe he is committed to maintaining the standards expected of an osteopathic physician, and my professional assessment is that he is capable of practicing safely, responsibly, and with good judgment.

This letter may also be cosigned by additional attending physicians who have worked closely with him and can independently attest to the same observations.

Please feel free to contact me at 580-317-6802 or trgerard2@yahoo.com if you need any further information.

Sincerely,

Terry R Gerard II, DO

ORDER CONTINUING APPLICATION FOR REINSTATEMENT

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a regular meeting of the Board on June 11, 2026. Tyler King, D.O. ("Dr. King") appeared in person with counsel, Libby Scott, at the hearing on this date.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 et. seq. and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 et. seq.

The Board, following review and testimony from both parties, and being fully advised, enters this Order Continuing Application for Reinstatement pending additional information.

IT IS HEREBY ORDERED, ADJUDGED AND DECREED by the Board that, Dr. King's application for Reinstatement of Licensure is hereby **CONTINUED, pending completion of a Board approved assessment.** The assessment shall pertain to the Respondent's use of substances and mental health. Board Staff will assist Respondent in scheduling an approved assessment. Following completion of the assessment, Respondent may re-appear for further consideration.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, This Order may be reportable to the National Practitioner Data Bank ("NPDB") pursuant to federal law, including but not limited to, 45 CFR Part 60.

Moreover, as facts may indicate any violation of this Order may result in a referral to the Oklahoma Attorney General for the unauthorized practice of osteopathic medicine in the State of Oklahoma.

IT IS HEREBY ORDERED AND EFFECTIVE this 11th day of June, 2026.

ORDER ACCEPTING SURRENDER OF LICENSE

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a regular meeting of the Board on September 18, 2025. Ladd Atkins, D.O. ("Dr. Atkins") did not appear in person. Prior to the hearing, Dr. Atkins voluntarily provided the Board with an Affidavit For Surrender of License. (Exhibit A, Affidavit For Surrender of License).

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 *et. seq.* and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 *et. seq.*

The Board, after reviewing Dr. Atkins Affidavit For Surrender of License, and being fully advised, enters this Order Accepting Surrender of License. This Surrender of Dr. Atkins license is accepted with the understanding that should Dr. Atkins re-apply for licensure in the State of Oklahoma in the future, the Board has the right to consider the facts surrounding the surrender.

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED by the Board that, for good cause shown, Dr. Atkins Affidavit For Surrender of License has been **ACCEPTED**. Dr. Atkins is no longer permitted to practice osteopathic medicine in the State of

OKLA. BOARD OF
OSTEOPATHIC EXAMINERS

ORDER OF REINSTATEMENT OF LICENSE WITH RESTRICTIONS

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a meeting of the Board on June 11, 2026. Daniel Garrison, D.O. ("Dr. Garrison"), appeared in person at the hearing on this date. He was not represented by legal counsel.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 et. seq. and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 et. seq.

Dr. Garrison requests to return to practice due to compliance with the December 11, 2025 Order of Enforcement and Voluntary Agreement to Surrender. Specifically, Dr. Garrison states he has completed an evaluation and treatment program at Pine Grove and is working with Board staff to implement recommendations from Pine Grove. Board staff does not oppose Dr. Garrison's request to return to practice with a restricted license with conditions as outlined below. The Board hereby enters the following Order.

ORDER

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED by the Board that Dr. Garrison's license to practice osteopathic medicine in the State of Oklahoma is **reinstated with restrictions** and the following shall apply:

1. Respondent is hereby placed on probation for a term of five (5) years and shall comply with the Board's standard terms and conditions of probation and **ALL**

ORDER OF REINSTATEMENT OF LICENSE WITH RESTRICTIONS
Daniel Garrison
OSBOE-2023-009
Page 1 of 4

recommendations form the final discharge summary of Pine Grove as outlined in this Order.

2. Respondent may not work more than fifty-five (55) hours per week.
3. Respondent will do a bi-weekly check-in with the Board Compliance Officer.
4. Respondent will grant the Board Compliance Officer full access to his Pharmacy EMR system, allowing the compliance officer to review testosterone dispensing at any time.
5. Respondent will comply with an opioid audit at any point in time.
6. Respondent will allow full permission for the Board Compliance Officer to speak with his staff at any time.
7. Respondent will have a work-site monitor, approved by Board Staff, who will spend six hours each week at his clinic. The work-site monitor will prepare a weekly report for the Board Compliance Officer. The work-site monitor will observe Dr. Garrison with patients and hold individual meetings with the clinic staff.
8. Respondent will staff an independent practice mid-level in his office. He will contact a staffing agency to assist in staffing the mid-level within six (6) months of this Order. The RMP Director will conduct a monthly random site visit until the mid-level is employed.
9. Respondent will only provide acute care for his employees. Past patients will not be employed by Respondent until after a minimum of a six (6) month cooling off period.
10. Respondent will not follow or engage with patients on social media.
11. Respondent will sign and maintain compliance with a monitoring agreement with the Board Rehabilitation Monitoring Program (RMP). The agreement will be approved by the Medical Director for RMP and incorporate the discharge summary from Pine Grove.
12. The RMP Agreement will include toxicological testing, individual therapy, psychiatric session, and meetings. The agreement will set specific requirements for frequency and necessary supporting documentation which will be sent to Board staff.
13. Respondent will sign a release for all medical records related to the RMP

Agreement to be shared with RMP, the Board, and other staff as needed.

14. Respondent will notify the RMP Director of changes to medications(s) and provide a support letter from the physician who is prescribing them. Respondent agrees not to take medications that are not prescribed to him. Any over-the-counter medications that could potentially be mood-altering/addictive medications must be approved by his physician prior to utilizing.
15. That Respondent must appear before the Board, in person, once a year during the pendency of this matter or as requested by the Board. At said appearances, Order(s) may be amended.
16. That Respondent complete the Compliance Information Request Form (CIF) and submit it to Board staff within ten (10) days of issuance of this order. In the event there is a change to the information contained in the CIF, Respondent shall submit an updated CIF to the Board within 10 days of any such change.
17. That Respondent must complete the Monthly Supervision Self-Report by the tenth (10th) day of each month.
18. Upon employment, the Respondent will be assessed an ongoing monthly Administrative Maintenance fee of one hundred dollars (\$100), due by the first day of each month and continued monthly during the pendency of any active and ongoing Board Order.
19. Respondent shall bear the financial costs of any expenses incurred from this Order.
20. Board staff shall have oversight of this Order on behalf of the Board, and the authority to direct Respondent to attend meetings, provide urine drug tests if requested, and to provide any and all reports, evaluations, assessments, and/or documents, relevant to this matter, including but not limited to, the signing of any authorizations necessary for the release of any and all evaluations/reports directly to the Board.
21. That Respondent has a right to counsel and is required to notify the Board within seven (7) days of any changes to legal counsel.
22. Respondent shall provide a copy of this Order in whole with any current or potential employer.

23. That Respondent is required to notify the Board within seven (7) days of any changes to their residential address, practice address, and/or their cell phone number.
24. That Respondent renews their license yearly as required by the Board's statutes and rules. Failure to renew your license could result in cancellation by the Board.
25. That Respondent maintains compliance with continuing medical education ("CME") credits as required by the Board's statutes and rules.
26. In the event Respondent surrenders their Oklahoma license to practice osteopathic medicine, the terms and conditions of this Order shall be tolled.

Any violation of this Order may result in further discipline of Dr. Garrison's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, This Order may be reportable to the National Practitioner Data Bank (NPDB) pursuant to federal law, including but not limited to, 45 CFR Part 60.

Moreover, as facts may indicate any violation of this Order may result in a referral to the Oklahoma Attorney General for the unauthorized practice of osteopathic medicine in the State of Oklahoma.

This Order constitutes final action by the Board on the date it was announced at
IT IS HEREBY ORDERED AND EFFECTIVE this 11th day of June 2026.

CORRECTED FINAL ORDER

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a meeting of the Board on June 11, 2026. Stephen Treadwell, D.O. ("Dr. Treadwell"), appeared in person at the hearing on this date. He was represented by legal counsel, Libby Scott.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 et. seq. and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 et. seq.

Dr. Treadwell entered a Consent Order on September 18, 2025, and received a Temporary Order on March 12, 2026, as his final discharge summary had not yet been received. At this time, Board staff requests a Final Order be issued to Dr. Treadwell combining the remaining requirements from the Consent Order and **ALL** recommendations from the final discharge summary. Dr. Treadwell states he has completed an evaluation and treatment program, is working with Board staff to implement recommendations from the final discharge summary and is currently in compliance. The Board hereby enters the following Order.

ORDER

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED by the Board that Dr. Treadwell is licensed to practice osteopathic medicine in the State of Oklahoma with the following oversight:

1. Respondent will comply with Board oversight for a term of five (5) years.

FINAL ORDER
Stephen Treadwell
OSBOE-2025-070
Page 1 of 4

2. Respondent will sign a monitoring agreement and maintain compliance with the Board Rehabilitation Monitoring Program (RMP). The agreement will be approved by the Medical Director for RMP and incorporate the discharge report recommendations.
3. The RMP Agreement will include toxicological testing, individual therapy, psychiatric session, and meetings as set out in Respondent's discharge summary. The agreement will set specific requirements for frequency and necessary supporting documentation which will be sent to Board staff.
4. Respondent will sign a release for all medical records related to the RMP Agreement to be shared with RMP, the Board, and other staff as needed.
5. Respondent must appear before the Board, in person, once a year during the pendency of this matter or as requested by the Board. At said appearances, Order(s) may be amended.
6. Respondent will complete the Compliance Information Request Form (CIF) and submit it to Board staff within ten (10) days of issuance of this order. In the event there is a change to the information contained in the CIF, Respondent shall submit an updated CIF to the Board within 10 days of any such change.
7. Respondent must complete the Monthly Supervision Self-Report by the tenth (10th) day of each month.
8. Respondent shall be responsible and bear costs of the Three-Thousand Five-Hundred dollars and Eighty-Three cents (\$3,500.83) associated with the investigation. Total to be repaid nine months from the date of this order.
9. The Respondent, as agreed to in the Consent Order, in relation to the violation of 59 O.S. §752.2(G) et seq, will pay the fine of five-thousand dollars (\$5,000.00) payable in even monthly Payments for a term of eighteen months, beginning October 18, 2025.
10. The Respondent, as agreed to in the Consent Order, in relation to the violation of 59 O.S. §637(A)(2)(d), will pay a fine of one thousand dollars (\$1,000.00) payable in even monthly payments for a term of eighteen months, beginning October 18, 2025.
11. Respondent will be assessed an ongoing monthly Administrative Maintenance fee of one hundred dollars (\$100), due by the first day of each month and continued

monthly during the pendency of any active and ongoing Board Order.

12. Respondent shall bear the financial costs of any expenses incurred from this Order.
13. Board staff shall have oversight of this Order on behalf of the Board, and the authority to direct Respondent to attend meetings, provide urine drug tests if requested, and to provide any and all reports, evaluations, assessments, and/or documents, relevant to this matter, including but not limited to, the signing of any authorizations necessary for the release of any and all evaluations/reports directly to the Board.
14. That Respondent is required to notify the Board within seven (7) days of any changes to legal counsel.
15. Respondent shall provide a copy of this Order in whole with any current or potential employer.
16. That Respondent is required to notify the Board within seven (7) days of any changes to their residential address, practice address, and/or their cell phone number.
17. That Respondent renews their license yearly as required by the Board's statutes and rules. Failure to renew your license could result in cancellation by the Board.
18. That Respondent maintains compliance with continuing medical education ("CME") credits as required by the Board's statutes and rules.
19. In the event Respondent surrenders their Oklahoma license to practice osteopathic medicine, the terms and conditions of this Order shall be tolled.

Any violation of this Order may result in further discipline of Dr. Treadwell's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, This Order may be reportable to the National Practitioner Data Bank (NPDB) pursuant to federal law, including but not limited to, 45 CFR Part 60.

Moreover, as facts may indicate any violation of this Order may result in a referral to the Oklahoma Attorney General for the unauthorized practice of osteopathic medicine in the State of Oklahoma.

This Order constitutes final action by the Board on the date it was announced at

FINAL ORDER
Stephen Treadwell
OSBOE-2025-070
Page 3 of 4

IT IS HEREBY ORDERED AND EFFECTIVE this 11th day of June 2026.

LeRoy E. Young, D.O.
Board President
State Board of Osteopathic Examiners

4. Dr. Treadwell completed the assessment with Dr Rojas.
5. Dr. Rojas diagnosis included severe alcohol use disorder with a recommendation to enter an extended residential treatment program. Additional recommendations included Dr. Treadwell entering a provider monitoring contract for minimum of five years.
6. Dr. Treadwell entered Florida Recovery Center (FRC) program on November 6, 2025 and was discharged on February 12, 2026.
7. The preliminary discharge summary from FRC lists a diagnosis of severe alcohol use disorder, unspecified opioid-related disorder, chronic lumbar pain, and narcissistic personality traits.
8. The preliminary aftercare recommendations from FRC include maintaining compliance with a professional monitoring contract for toxicological testing and participating in individual therapy and mutual aid meetings.
9. The final report from FRC was received approximately 2 p.m. March 11, 2026. The Board's Compliance Monitoring program staff has not had sufficient time to thoroughly review or consult with the medical advisor on the report.
10. Board staff met with Dr. Treadwell on February 24, 2026. At that time a blood draw was done for a PEth test.
11. The PEth test results came back on March 4, 2026, and the result was positive at a quantity of 23ng/ML.
12. Board staff consulted with FRC regarding the PEth test result of 23ng/ML and FRC stated that they would testify that this result indicated approximately 4-5 alcohol drinks had been consumed.

13. Dr. Treadwell disputes the accuracy of the PEth test.

CONCLUSIONS OF LAW

14. The Board has jurisdiction over the subject matter and is a duly authorized agency of the State of Oklahoma empowered to license and oversee the activities of osteopathic physicians in the State of Oklahoma. 59 O.S. § 620 et seq. and Okla. Admin. Code §§ 510: 1-1 -1 et seq.

15. The Board is authorized to suspend, revoke or order any other appropriate conditions against the license of any osteopathic physician holding a license to practice medicine in the State of Oklahoma for unprofessional conduct. 59 O.S. §§ 637.1.

16. The Board finds that Dr. Treadwell is not in compliance with his Consent Order, specifically for failing to maintain compliance with the monitoring program due to failing the PEth test on February 24, 2026.

ORDER

IT IS HEREBY ORDERED, ADJUDGED AND DECREED by the Board that Dr. Treadwell's license to practice osteopathic medicine in the state of Oklahoma shall be temporarily subject to the following terms and conditions:

17. The Respondent will comply with all recommendations from the FRC preliminary discharge summary.

18. Dr. Treadwell shall sign releases and authorizations necessary to release medical records and testing directly to the Board.

19. Dr. Treadwell shall comply with the terms and conditions set out in the Consent Order dated September 18, 2025, including all fees, fines, documentation, and contact with Board Staff.

20. Dr. Treadwell shall appear before the Board at the next scheduled meeting in June 2026 for further consideration.

21. This Order is not a final determination of this Board and is therefore not appealable as a final order.

22. The Board has not reached any final determination, and any violation of this Order may result in further discipline of Dr. Treadwell's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, this Order may be reportable to the National Practitioner Data Bank ("NPDB") pursuant to federal law, including but not limited to, 45 CFR Part 60.

IT IS HEREBY ORDERED AND EFFECTIVE this 12th day of MARCH 2026.

Chelsey Gilbertson, D.O.

Chelsey Gilbertson, D.O., (Mar 18, 2026 14:22:45 CDT)

Chelsey D. Gilbertson, D.O.
Board President
State Board of Osteopathic Examiners

FINDINGS OF FACT

The Petitioner and Respondent each stipulate and agree as follows:

1. Stephen Treadwell, D.O., is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 2909.

2. Dr. Treadwell received his license to practice as an osteopathic physician in Oklahoma from the Board in July of 1990 and primarily engages in the practice of Family Medicine and acts as a Primary Care Physician in Healdton, Oklahoma.

3. At all times relevant to this proceeding, Dr. Treadwell practiced medicine and is the sole owner of "Physicians Clinic", in Healdton, Oklahoma.

4. On June 2, 2025, Oklahoma State Board of Osteopathic Examiners lead investigator, Elizabeth Fullbright, was informed of an anonymous complaint which stated Dr. Treadwell was allowing someone unlicensed to practice medicine in Oklahoma to treat patients without supervision at Dr. Treadwell's clinic.

5. An investigation into the complaint commenced that evening after multiple attempts had been made to reach Dr. Treadwell via phone to no avail.

6. Through investigative efforts it was discovered that Dr. Treadwell hired Jaine Queiroz in the latter part of May 2025.

7. Jaine Queiroz is a foreign doctor not licensed to practice in the United States of America.

8. Further, it was discovered that Dr. Treadwell made several knowingly false or deceptive statements regarding the qualifications and title of Jaine Queiroz on multiple platforms, including but not limited to the Physicians Clinic Website, which were deceptive or misleading to the public...regarding the training and license under which Jaine Queiroz was authorized to

practice.

9. Additionally, it was discovered that Dr. Treadwell made advertisements on his website which included knowingly false and deceptive statements with regard to his personal board certifications and status.

10. Dr. Treadwell improperly delegated professional responsibilities to Jaine Queiroz by allowing her to conduct activities she was not qualified by licensure to perform.

11. Dr. Treadwell acknowledges that a hearing before the Board could result in a finding that he has engaged in the use or employment of unethical conduct or unprofessional conduct... in the performance of the functions or duties of an osteopathic physician.

CONCLUSIONS OF LAW

12. The Board has jurisdiction over the subject matter and is a duly authorized agency of the State of Oklahoma empowered to license and oversee the activities of osteopathic physicians in the State of Oklahoma. 59 O.S. § 620 et seq. and Okla. Admin. Code §§ 510: 1-1 -1 et seq.

13. Pursuant to the provisions of 59 O.S. §§ 637 and 637.1, the Board is authorized to institute appropriate disciplinary action against any licensed osteopathic physician who violates the provisions of the Act.

14. Pursuant to the provisions of the Oklahoma Administrative Procedure Act, “unless precluded by law, informal disposition may be made of any individual proceeding by stipulation, agreed settlement, or consent order.” 75 O.S. § 309(E).

15. Based on the foregoing, the Board finds as follows:

- a. Dr. Treadwell has made several knowingly false or deceptive statements regarding the qualifications and title of Jaine Queiroz on multiple platforms, including but not limited to the Physicians Clinic Website, which were deceptive or misleading to the public...regarding the training and license under which Jaine Queiroz was authorized to practice, violative of 59 O.S. § 752.2(G) et seq;

- b. Dr. Treadwell has made advertisements on his website which included knowingly false and deceptive statements with regard to his personal board certifications and status, violative of 59 O.S. § 637(A)(9);
- c. Dr. Treadwell improperly delegated professional responsibilities to Jaine Queiroz by allowing her to conduct activities she was not qualified by licensure to perform violative of 59 O.S. § 637(A)(2)(d);
- d. Dr. Treadwell acknowledges that a hearing before the Board could result in a finding that he has engaged in the use or employment of unethical conduct or unprofessional conduct... in the performance of the functions or duties of an osteopathic physician violative of 59 O.S. § 637(A)(2);
- e. Dr. Treadwell voluntarily agrees to waive his right to a hearing and enter this Consent Order;
- f. Dr. Treadwell and the Board Prosecutor agree to the terms of this Consent Order and move for the Board to adopt and enter the same.

ORDERS

IT IS THEREFORE ORDERED by the Oklahoma State Board of Osteopathic Examiners as follows:

- 16. The Board hereby adopts the agreement of the Parties in this Consent Order, including the Findings of Fact and Conclusions of Law stated herein.
- 17. Dr. Treadwell is Ordered and shall comply with the following terms and conditions:
 - a. In relation to the violation of 59 O.S. § 752.2(G) et seq, Dr. Treadwell will pay a fine of five-thousand dollars (\$5,000.00) payable in even monthly payments for a term of eighteen (18) months, beginning October 18, 2025;
 - b. In relation to the violation of 59 O.S. § 637(A)(9), Dr. Treadwell will pay a fine of one thousand dollars (\$1,000.00) payable in even monthly payments for a term of eighteen (18) months, beginning October 18, 2025;
 - c. In relation to the violation of 59 O.S. § 637(A)(2)(d), Dr. Treadwell agrees to attend "Delegation to medical assistants: Risks, rewards, and safety strategies" and "Delegation & Supervision: Case Studies and Hot Topics" which are CME courses totaling three (3) credit hours, hosted by the Texas Medical Liability Trust, within the next twelve (12 months). Upon completion, Dr. Treadwell shall submit reports/evidence of satisfactory completion and a certificate of attendance within fourteen (14) days of completion for each course individually;

- d. In relation to the acknowledgment that a hearing by the Board could find Dr. Treadwell to be in violation of 59 O.S. § 637(A)(2), Dr. Treadwell agrees to complete a full assessment by Dr. Rojas and adhere completely to the findings and suggestions of the assessment.
- e. Dr. Treadwell agrees to a period of five (5) years of monitoring, which includes but is not limited to quarterly unannounced audits, and the following conditions:
 - i. That Dr. Treadwell may be required to appear before the Board, in person during the pendency of this monitoring or as requested by the Board. At said appearances, Order(s) may be amended;
 - ii. Dr. Treadwell will be assessed an ongoing monthly Administrative Maintenance fee of one hundred dollars (\$100.00) due by the eighteenth (18th) day of each month and continued monthly during the pendency of the monitoring terms;
 - iii. Dr. Treadwell will complete the Compliance Information Request Form (CIF) and submit it to Board Staff within ten (10) days of issuance of this Order. In the event there is a change to the information contained in the CIF, Dr. Treadwell shall submit an updated CIF to the Board within ten (10) days of any such change;
 - iv. Board staff shall have oversight of this Order on behalf of the Board, and the authority to direct Dr. Treadwell to attend meetings, provide urine drug tests if requested, and to provide any and all reports, evaluations, assessments, and/or documents, relevant to this matter, including but not limited to, the signing of any authorizations necessary for the release of any and all evaluations/reports directly to the Board;
 - v. That Dr. Treadwell may utilize their right to consult legal counsel in connection with this inquiry by the Board, this Order, or any other inquiry by the Board;
 - vi. That Dr. Treadwell is required to notify the Board within seven (7) days of any changes to legal counsel;
 - vii. That Dr. Treadwell is required to notify the Board within seven (7) days of any changes to his residential address, office email address, practice address, and/or his cell phone number;
 - viii. That Dr. Treadwell renews his license yearly as required by the Board's statutes and rules. Failure to renew your license could result in cancellation by the Board;
 - ix. That Dr. Treadwell maintain compliance with continuing medical education ("CME") credits as required by the Board's statutes and rules;

- x. In the event Dr. Treadwell surrenders his Oklahoma license to practice osteopathic medicine, the terms and conditions of this Order shall be tolled.
- f. Dr. Treadwell shall bear unforeseen financial costs of any expenses incurred from this Order.
- g. Dr. Treadwell shall be responsible and bear costs of Three-Thousand Five-Hundred Dollars and Eighty-Three cents (\$3,500.83) associated with the investigation. Total to be repaid eighteen (18) months from the date of this Order.
- 18. This Order imposes no period of probation on Dr. Treadwell's license.
- 19. A copy of this Order shall be provided to Respondent as soon as it is processed.
- 20. Any violation of this Order may result in further discipline of Dr. Treadwell's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, this Order may be reportable to the National Practitioner Data Bank pursuant to federal law, including but not limited to, 45 CFR Part 60.

IT IS SO ORDERED AND EFFECTIVE this 18 day of September, 2025.

ATTORNEY FOR RESPONDENT

JOINTLY PROPOSED ORDER

SARAH
MINOR, D.O.

6299

DOUGLAS RICE, J.D.

**IN AND BEFORE THE STATE BOARD OF OSTEOPATHIC EXAMINERS
STATE OF OKLAHOMA**

FILED

STATE OF OKLAHOMA, ex rel.,
STATE BOARD OF OSTEOPATHIC
EXAMINERS,

Petitioners,

vs.

SARAH K. MINOR, D.O.
LICENSE NO. 6299

Respondent.

AUG 10 2026

Oklahoma State Board
of Osteopathic Examiners

Case No. OSBOE-2026-105

PETITION

COMES NOW, Deputy General Counsel, Sean M. Sanders, for the State Board of Osteopathic Examiners (hereinafter referred to as “the Board “or “OSBOE”), and states as follows:

I. FACTUAL HISTORY

1. Sarah K. Minor, D.O., (hereinafter referred to as "Dr. Minor") became licensed as an osteopathic physician in the State of Oklahoma on September 21, 2017, license number 6299.
2. Dr. Minor primarily engages in Emergency & Palliative Medicine in Oklahoma.
3. Dr. Minor is Board Certified in both Emergency Medicine and Palliative Medicine.
4. At all times relevant to this Petition, Dr. Minor was employed by Team Health and worked at OU Health in Oklahoma City, Oklahoma.
5. On July 14, 2026, Christina Do, pharmacy manager of CVS Pharmacy located inside of Target, contacted the Pharmacy Board regarding a controlled dangerous substance prescription she received from a prescriber, Dr. Minor, for the prescriber’s husband.
6. Upon being questioned by the pharmacists, Dr. Minor mentioned she was leaving on vacation and wanted to see if she could get the pharmacy to accept the prescription, and that

she had written controlled dangerous substance prescriptions for her spouse in the past with no issues from other pharmacies.

7. Pharmacy Board Investigator Marjan Fardadfard contacted the OSBOE Lead Investigator, Elizabeth Fullbright, on July 16, 2026.

8. As a result, a formal case investigation was opened on July 16, 2026, as case number: OSBOE-2026-105.

9. Investigator Fullbright contacted the Oklahoma Bureau of Narcotics and Dangerous Drug Control (OBNDD) to discuss their status and investigative concerns.

10. We were informed on July 16, 2026, OBNDD would be opening a case for investigation.

11. OSBOE investigations department pulled a PMP report which showed a prescription written from Dr. Minor to her spouse, on April 15, 2025, for Testosterone CYP 200 MG/ML with two (2) refills.

12. The prescription was filled on April 16, 2025, June 26, 2025, and September 29, 2025.

13. As part of the OSBOE investigation, Dr. Minor was contacted via phone on July 24, 2026. In that conversation, she admitted to Investigator Fullbright that she prescribed her husband testosterone several times and believed only Schedule II's were prohibited.

II. CAUSE OF ACTION

14. Petitioner hereby incorporates paragraphs 1 through 13 by reference as though fully set forth herein.

15. Dr. Minor has violated Tit. 59 O.S. § 637(A)(2) which states:
§637(A).

*The State Board of Osteopathic Examiners **may institute disciplinary action, enforce sanctions, ...may suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:***

...

§637(A)(2).

*Has engaged in the use or employment of... **unethical conduct or unprofessional conduct, as may be determined by the Board, in the performance of the functions or duties of an osteopathic physician ...***

16. Dr. Minor has violated the act and shown unethical conduct in the performance of the functions or duties of an osteopathic physician by prescribing a Schedule III controlled dangerous substance to her spouse on four (4) separate instances.

17. Okla. Admin. Code tit. 475, ch. 30, §30-1-3(d) (2007), provides in pertinent, “*A practitioner may not distribute, dispense, sell, give, prescribe or administer any controlled substances in Schedules I through IV for the practitioner’s personal use, or for an immediate family member...*”

18. Treatment and prescribing medication to family members is generally considered a breach of the standard of care as an ethical violation.

19. The AOA Code of Ethics emphasizes the primacy of the physician patient relationship, the obligation to practice within one’s competency, and the duty to avoid circumstances that impair professional judgment.

20. Treating a family member inherently compromises each of these obligations because personal and emotional involvement impairs objectivity, discourages appropriate history taking and examination, and frequently results in inadequate or absent documentation.

21. Guidance from the Federation of State Medical Boards, of which this Board is a member, and interpretive materials within the osteopathic profession consistently teach that

physicians should not treat themselves or members of their own families except in isolated settings where no other qualified physician is available or where a true emergency exists.

III. DEMAND FOR RELIEF

WHEREFORE, premises considered and pursuant to Tit. 59 O.S. § 637 et. seq., Deputy General Counsel, Sean M. Sanders, asks the board find Dr. Minor has violated the Act, and as a result, requests the Board assess and levy relief as follows:

- A. For judgment on the Cause of Action for Relief the Board Prosecutor requests Dr. Minor be assessed a fine of Five-Hundred Dollars (\$500.00) per violation. There were four (4) separate violations for a total of Two-Thousand Dollars (\$2,000.00).

Furthermore, Counsel asks that Dr. Minor be found responsible for the fees and costs associated with prosecution of these violations.

Respectfully submitted by:

Sean M. Sanders, OBA No. 34776
Deputy General Counsel for the OSBOE
5400 N. Grand Blvd. Ste. 130
Oklahoma City, OK 73112
Telephone: (405) 306-5632

PROSECUTOR FOR PETITIONER

PROPOSED MODIFICATION OF ORDER

CHRISTOPHER
BRADSHAW,
D.O.
5189

**IN AND BEFORE THE STATE BOARD OF OSTEOPATHIC EXAMINERS
STATE OF OKLAHOMA**

STATE OF OKLAHOMA, ex rel.
OKLAHOMA STATE BOARD OF
OSTEOPATHIC EXAMINERS,

Petitioner,

v.

CHRISTOPHER BRADSHAW, D.O.
Osteopathic Medicine License No.
5189,

Respondent.

Case No. OSBOE-2023-101

**ORDER MODIFYING BOARD ORDER OF REINSTATEMENT OF LICENSE WITH
RESTRICTIONS DATED MARCH 13, 2025**

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a meeting of the Board on June 19, 2025. Christopher Bradshaw, D.O. ("Dr. Bradshaw"), appeared in person at the hearing on this date. He was not represented by legal counsel.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 et. seq. and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 et. seq. Dr. Bradshaw requests modifications to the Order of Reinstatement of License with Restrictions, dated March 13, 2025. Specifically, Dr. Bradshaw states he has completed the training outlined in Paragraph 9 and 10 of the aforementioned Order. The Board staff has received supporting documentation confirming the training has been completed. Further, Respondent requests to modify his treatment provider information as outlined in paragraph 5, 6, 7, and new paragraph 9. The requested changes are as follows:

Paragraph 5 states that Respondent will contract with Oklahoma Health Professionals Program (OHPP) and toxicological testing will be conducted under the OHPP contract. Respondent requests to modify this to reflect that he will enter a monitoring contract with Lobdock Impairment Detection (Lobdock), such contract will include his toxicological testing.

Paragraph 6 states that Respondent will continue to participate in individual therapy to be determined by his provider. Respondent requests to modify this to clarify that his addiction psychiatrist will refer him to an individual therapy provider and together they will determine the frequency of his individual therapy.

Paragraph 7 states that Respondent must continue to engage in mutual-aid meetings at the frequency of three meetings weekly as recommended by OHPP. Respondent requests this be modified to require engaging in mutual-aid meetings at a frequency determined by his addiction psychiatrist.

Paragraph 9 states that Respondent shall complete an OHPP approved prescription writing course by June 15, 2025 and Paragraph 10 states that Respondent shall be enrolled in or complete an 8 hour course offered by DEA/OBN on prescribing controlled substances by June 15, 2025. Respondent has completed both trainings. Respondent requests that Paragraph 9 be modified to reflect the required trainings were completed and that Paragraph 10 be modified to state that Respondent may utilize sleep aid medication and/or ADHD medication under the supervision and management of his addiction psychiatrist.

ORDER

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED by the Board that the following full list of restrictions and conditions shall apply to Respondent, and includes any modifications ordered:

1. Respondent is hereby placed on probation for a term of five (5) years and shall comply with the probationary terms and conditions outlined in this Order.
2. Respondent may not work more than forty (40) hours per week.
3. Respondent may not prescribe controlled medication.
4. Respondent is to appear at the December 2025 meeting so the Board may assess status.
5. Respondent will transition from an OHPP contract to maintaining a professional monitoring contract with Lobdock Impairment Detection (Lobdock). Toxicological testing will be conducted per the Lobdock monitoring contract. Respondent will sign a release with Lobdock to send testing results and other reports to the Board.

ORDER MODIFYING BOARD ORDER OF REINSTATEMENT OF LICENSE WITH RESTRICITONS
DATED MARCH 13, 2025
Christopher Bradshaw, D.O. (5189)
OSBOE-2023-101

6. Respondent must continue to participate in individual therapy, frequency to be determined by his addiction psychiatrist in conjunction with his individual therapy provider. Documentation of the recommended frequency will be provided to the Board. Respondent will submit documentation of therapy attendance to the Board Compliance Officer monthly. Further, Respondents addiction psychiatrist shall provide a report to the Board which includes their training, qualifications, Curriculum Vitae, and an explanation of their expertise.
7. Respondent must continue to engage in mutual-aid meetings at a frequency to be determined by his addiction psychiatrist and documentation of frequency will be provided to the Board. Respondent will submit documentation to Board Compliance Officer verifying meeting attendance monthly.
8. Respondent shall utilize Vivitrol injections or oral Naltrexone and may manage this medication through his Primary Care Physician ("PCP"). Respondent may pursue testosterone replacement through his PCP as well.
9. Respondent has completed an OHPP approved Prescription Writing course and an 8-hour course offered by the DEA/ONB on prescribing controlled substances by June 15, 2025 in compliance with the original Paragraph 9 and 10 of his Board Order.
10. Respondent may utilize sleep aid medication and/or ADHD medication under the supervision and management of his addiction psychiatrist.
11. That Respondent must appear before the Board, in person, once a year during the pendency of this matter or as requested by the Board. At said appearances, Order(s) may be amended.
12. That Respondent complete the Compliance Information Request Form (CIF) and submit it to Board staff within ten (10) days of issuance of this order. In the event there is a change to the information contained in the CIF, Respondent shall submit an updated CIF to the Board within 10 days of any such change.
13. That Respondent will initiate monthly contact with the Board Compliance Officer by the tenth (10th) day of each month.
14. That Respondent must complete the Monthly Supervision Self-Report by the tenth (10th) day of each month.

ORDER MODIFYING BOARD ORDER OF REINSTATEMENT OF LICENSE WITH RESTRICTED

DATED MARCH 13, 2025

Christopher Bradshaw, D.O. (5189)

OSBOE-2023-101

Page 3 of 5

OSBOE Q3 BOARD MATERIALS 0077

15. Upon employment, the Respondent will be assessed an ongoing monthly Administrative Maintenance fee of one hundred dollars (\$100), due by the first day of each month and continued monthly during the pendency of any active and ongoing Board Order.
16. Respondent shall bear the financial costs of any expenses incurred from this Order.
17. Board staff shall have oversight of this Order on behalf of the Board, and the authority to direct Respondent to attend meetings, provide urine drug tests if requested, and to provide any and all reports, evaluations, assessments, and/or documents, relevant to this matter, including but not limited to, the signing of any authorizations necessary for the release of any and all evaluations/reports directly to the Board.
18. That Respondent may utilize their right to consult legal counsel in connection with this inquiry by the Board known as OSBOE-2023-101, this Order, or any other inquiry by the Board.
19. That Respondent is required to notify the Board within seven (7) days of any changes to legal counsel.
20. Respondent shall provide a copy of this Order in whole with any current or potential employer.
21. That Respondent is required to notify the Board within seven (7) days of any changes to their residential address, practice address, and/or their cell phone number.
22. That Respondent renews their license yearly as required by the Board's statutes and rules. Failure to renew your license could result in cancellation by the Board.
23. That Respondent maintains compliance with continuing medical education ("CME") credits as required by the Board's statutes and rules.
24. In the event Respondent surrenders their Oklahoma license to practice osteopathic medicine, the terms and conditions of this Order shall be tolled.

Any violation of this Order may result in further discipline of Dr. Bradshaw's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, This Order may be reportable to the National Practitioner Data Bank (NPDB) pursuant to federal law, including but not limited to, 45 CFR Part 60.

Moreover, as facts may indicate any violation of this Order may result in a referral to the Oklahoma Attorney General for the unauthorized practice of osteopathic medicine in the State of Oklahoma.

This Order constitutes final action by the Board on the date it was announced.

IT IS HEREBY ORDERED AND EFFECTIVE this 19th day of June 2025.

Katie Templeton, J.D.
Board Vice President
State Board of Osteopathic Examiners

Policy for Re-entry into Practice / Reinstatement of License *Draft 8-19-2026*

Policy Number:	OSBOE-P001
Adopted by Board:	September 18, 2025, <i>revised September 10, 2026</i>
To be Reviewed:	2028

Purpose:

This policy establishes the process for reinstating Oklahoma licensure for physicians who have not participated in any active patient care and/or without an active Oklahoma license for a period of two (2) years or more. Reinstatement and re-entry into practice determinations will be made by the Board on a case-by-case basis.

Procedure:

For licenses that have been canceled for a period of **two (2) years or less**, the below will be required before reinstatement or re-entry will be considered by the Board. Reinstatement applications are to be submitted online.

1. Completion of the Professional Standards Questionnaire and Fitness to Practice Attestation. ([Questionnaire & Attestation](#))
2. Documentation of all completed Continuing Medical Education (CME) hours per OSBOE regulations. ([Title 59 Section 641](#), [OAC 510:10-3](#))
3. License Verifications from all states where an active license is currently held ordered directly from each Licensing Board.
4. A National Practitioner Data Bank Self Query ordered within the last thirty (30) days. (<https://www.npdb.hrsa.gov>)
5. A background check obtained through contracted vendor IdentoGO using service code 2B7QGR. (<https://ok.ibtfingerprint.com>)
6. Payment of a five-hundred-dollar (\$500) fee. This will be paid at the time of application submittal.

For licenses that have been canceled for a period of **two (2) or more years**, a new application submitted online will be required before reinstatement will be considered by the Board. The fee for this is six-hundred-twenty-five-dollars (\$625) and will be paid online with application submittal.

For re-entry to medical practice, the physician shall forward the following to the OSBOE:

1. Length of time in practice prior to departure, and practice areas prior to departure.
2. Detailed explanation of the time out of clinical practice;
3. Proof of eighty (80) hours of Continuing Medical Education (CME) during their absence from clinical practice;
4. Administrative, consultative activities, educational, supervisory or mentoring responsibilities during the time out of practice.
5. Concise plan for re-entry to practice and detailed description of future scope of practice intent. The plan must include, but is not limited to, the proposed practice site, whether as a solo practitioner or in a group setting, status of hospital privileges, qualifications as an approved provider by any insurance company or third-party payer, malpractice claim history, criminal history, or other litigation history; and

6. Current status with any specialty board, Oklahoma Bureau of Narcotics and Dangerous Drugs (OBNDD) and Drug Enforcement Administration (DEA) registration, Oklahoma Health Professional Program status, and any academic appointments or medical administrative positions.

Physicians seeking re-entry to medical practice may be required to appear before the Board at their next regularly scheduled meeting. The Board will examine all submitted information and determine, on a case-by-case basis, the specific requirements to be met by the physician.

Requirements may include, but are not limited to:

1. A clinical skills assessment and report at a Board approved facility;
2. A psychiatric examination and/or cognitive examination and report with a Board approved evaluator;
3. Structured re-training program;
4. A Board approved structured supervisory or preceptor program, mentorship, and/or monitoring process;
5. Passage of relevant exams;
6. A fellowship completed in a Board approved facility;
7. Passage of American Osteopathic Association (AOA) / American Board of Medical Specialties (ABMS) Board Certification or Recertification exam.

Policy for Mid-Level Exception Requests *Draft 8-19-2026*

Policy Number:	OSBOE-P003
Adopted by Board:	September 18, 2025, <i>updated September 10, 2026</i>
To be Reviewed:	2028

Purpose:

This policy defines the requirements and process for requesting exceptions to the supervision rules established in the Oklahoma Administrative Code, Title 510.

Relevant Citations:

510:10-4-2. Definitions

The following words and terms used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise:

"Board" means the State Board of Osteopathic Examiners.

"High-Risk Procedures" means a procedure that, due to its technical nature, the patient's health status, or potential complications, requires time-sensitive supervisory review by a physician.

"Mid-level practitioners" include physician assistants and advanced practice nurses.

"Primary Care Medicine" means the practice of medicine with emphasis on emergency medicine, family medicine, general internal medicine, general pediatrics, and obstetrics and gynecology.

"Proper physician supervision" means the supervising physician **regularly** and **routinely reviews** the **prescriptive practices** and **patterns** of the mid-level practitioners. Proper physician supervision of mid level practitioners is essential.

510:10-4-3. Eligibility, Limits, and Responsibilities of supervising osteopathic physician

(a) To be eligible to serve as a supervising physician for mid-level practitioners, an osteopathic physician shall meet the following criteria:

(1) Have possession of a full and unrestricted Oklahoma license to practice osteopathic medicine; with Drug Enforcement Agency (DEA) and Oklahoma Bureau of Narcotics and Dangerous Drugs Control (OBNDD) permits.

(2) Shall be trained and fully qualified in the field of the mid-level practitioners specialty.

(b) A physician shall not supervise more than six (6) mid-level practitioners.

(c) The Board may make an exception to any limit set herein upon written request of the physician. Exception requests for rural primary care shall be given priority by the Board.

(d) Subject to approval, disapproval, or modification by the Board, the Executive Director of the Board may temporarily approve a written request to supervise up to seven (7) or more mid-level practitioners between regularly scheduled meetings of the Board.

(e) Supervising osteopathic physicians shall have a written agreement with each mid-level practitioner they supervise to memorialize the extent of the authority of the mid-level practitioner to practice under the supervision of the physician. The physician shall report to the Board and any mid-level practitioner under their supervision of any changes to the supervising relationship within thirty (30) days and update the supervision agreement as necessary. The written agreement shall comply with Oklahoma law and should include to the extent necessary, the following:

(1) Defining the oversight and acceptance of responsibility for the ordering and transmission of written, telephonic, electronic or oral prescriptions for drugs and other medical supplies;

(2) Provisions for continuous availability of direct communication either in person or by electronic communication;

(3) A review process of prescribing patterns of the mid-level provider;

(4) The delegation of one or more alternative physicians in the absence of the supervising physician; and

(5) delineation of a plan for emergencies.

(f) Supervising physicians who choose to charge for their time related to supervision, may charge a reasonable fee to provide supervision services. The fee should be negotiated considering fair market value hourly rate not to exceed the rate set in Board Policy. The fee shall be disclosed in the supervision agreement.

(g) All supervising osteopathic physicians shall visit each location in which he or she supervises mid-level practitioners at least once a month.

(h) The Board may make an exception to the monthly in person visit requirement at the request of the physician for a telemedicine exclusive practice in which the physician is located out of state at an unreasonable distance for monthly visits. Exception requests for rural primary care shall be given priority by the Board.

(i) To ensure appropriate levels of chart review of mid-level practice, all supervising osteopathic physicians shall ensure a physician shall review at least fifteen percent (15%) of patient charts recording treatment by the supervised mid-level practitioners each month. The supervising osteopathic physician, or their delegate, shall make a note in the chart attesting that it has been appropriately reviewed.

(j) To ensure appropriate levels of chart review, a supervising physician shall develop a list of High-risk procedures, for each mid-level practitioner. The performance of any of those procedures by the respective mid-level practitioner shall, in each instance, be reviewed by the physician within twenty-four (24) hours of treatment.

(k) A physician may not supervise a mid-level provider who is an immediate family member, however, this prohibition shall not apply to family members outside the second degree of consanguinity or affinity.

Procedure:

The Board requires that the written exception request explains the plan for supervision and demonstrates why such an exception is needed.

This packet shall be submitted by the physician to be presented to the Board at its next regularly scheduled meeting. The physician is to appear, in person or via Teams, to provide any additional information and answer questions of the Board before a determination is made. Each exception is made on a case-by-case basis. **If the physician is not requesting an exception to the limit of mid-levels being supervised, see “For Other Exception Requests” below.**

General Section of Packet

The general section of the packet shall include:

1. A statement as to where the physician and the mid-levels practice;
2. A statement as to whether the practice of each practitioner is rural;
3. A statement as to whether the practice of each practitioner is for primary care;
4. A statement that the mid-level is not an immediate family member of the supervising physician, 510:10-4-3; and
5. Attached to the packet must be copies of the physician's full and unrestricted Oklahoma license to practice osteopathic medicine, the physician's full and unrestricted Drug Enforcement Agency (DEA)

permit(s), and the physician's full and unrestricted Oklahoma Bureau of Narcotics and Dangerous Drugs (OBNDD) permit(s).

Current Mid-Level Section of Packet

The section detailing the physician's current supervision of mid-levels shall include:

6. A list of all current mid-level practitioners. Each practitioner must be identified separately by name, practice hours, practice location(s), and type of general duties performed;
7. An outline for each mid-level on how the supervising physician **regularly** and **routinely** reviews the **prescriptive practices** and **clinical treatment patterns** of the mid-level practitioner;
8. An outline for each mid-level on how the supervising physician is trained and fully qualified in the field of the mid-level practitioner's specialty;
9. The frequency that the physician visits and directly observes the duties of each mid-level;
10. State the percentage of patient charts reviewed and the frequency of review of each mid-level;
11. A list of any High-risk procedures performed, by each midlevel practitioner; and
12. Attached to the packet must be the written agreement of each mid-level practitioner.

Proposed Mid-Level Section of Packet

The section detailing the physician's proposed supervision of mid-levels shall include:

13. A list of all proposed mid-level practitioners. Each practitioner must be identified separately by name, practice hours, practice location(s), and type of general duties performed;
14. An outline, for each proposed mid-level, on how the supervising physician will regularly and routinely review the prescriptive practices and clinical treatment patterns of the mid-level practitioners;
15. An outline, for each proposed mid-level, on how the supervising physician is trained and fully qualified in the field of the proposed mid-level practitioner's specialty;
16. State the frequency that the physician will visit and directly observe the duties of each mid-level;
17. State the percentage of patient charts reviewed and the frequency of review of each proposed mid-level;
18. A list of any High-risk procedures that will be performed, by each proposed mid-level practitioner;

While not required, it is recommended that the physician attach a chart showing the names and practice locations of each current and proposed mid-level.

For Other Exception Requests:

If the physician is making a request unrelated to mid-level supervision, the general section of the packet and a detailed explanation of the physician's request must be submitted with relevant documentation to support the request.

Policy Number:	OSBOE-P009
Adopted by Board:	September 18, 2025, <i>updated September 10, 2026</i>
To be Reviewed:	2028

Purpose:

This policy defines the requirements to submit a renewal following license expiration and prior to cancellation at the September Board Meeting.

Relevant Citations:**59 O.S. § 641 A.**

All persons legally licensed to practice osteopathic medicine in this state, on or before the first day of July of each year, shall apply to the State Board of Osteopathic Examiners, on forms furnished thereby, for a **renewal certificate of registration entitling such licensee to practice osteopathic medicine and surgery in Oklahoma during the ensuing fiscal year.**

59 O.S. § 641 C.

1. Each application shall be accompanied by a fee, as set out in the rule for renewal of the physician's certificate to practice osteopathic medicine.
2. The Board may provide for the **late renewal of a license upon payment of a late fee** in accordance with Board rules.

59 O.S. § 641 D.

1. In addition to the payment of the annual renewal fee, each licensee applying for a renewal of the certificate shall furnish to the State Board of Osteopathic Examiners proof that the person has completed **at least sixteen (16) hours ... in the fiscal year preceding the application for a renewal**; provided, the Board may excuse the failure of the licensee to attend the educational program in the case of illness or other unavoidable casualty rendering it impossible for the licensee to have attended the educational program or its equivalent.
2. The Board shall require that the licensee **receive not less than one (1) hour of education in pain management or one (1) hour of education in opioid use or addiction each year preceding an application for renewal of a license**, unless the licensee has demonstrated to the satisfaction of the Board that the licensee does not currently hold a valid federal Drug Enforcement Administration registration number. Such

education may be held at the annual educational program referenced in paragraph 1 of this subsection.

59 O.S. § 622 A.

1. Except as otherwise provided by this section, it shall be **unlawful for any person to practice as an osteopathic physician and surgeon in this state, without a license to do so**, issued by the State Board of Osteopathic Examiners... Persons who hold themselves out as osteopathic physicians in this state without a license issued by the State Board of Osteopathic Examiners **shall submit themselves to the jurisdiction of the State Board of Osteopathic Examiners.**

59 O.S. § 637.1 C.

The Secretary of the Board may issue a **letter of concern to a licensee, without a hearing**, when evidence does not warrant formal proceedings, but indications exist of possible errant conduct that **could lead to serious consequences and formal action**. The letter of concern may contain, at the Secretary's discretion, clarifying information from the licensee. Such letters of concern are considered remedial.

Procedure:

All physicians with a Lapsed license submitting a late renewal shall follow the steps outlined below.

1. **If the renewal is not submitted by the deadline, Physician must cease practice in Oklahoma until the license has been reinstated.**
2. Physician shall ensure all annual Continuing Medical Education (CME) requirements have been uploaded to CE Broker, including relevant exemptions;
3. Physician shall complete and submit a renewal application located in their Licensee Dashboard on the Boards licensure software;
4. Prior to submittal, Physician will be required to provide any information on the practice of medicine in Oklahoma while their license was Lapsed; and
5. Once all information has been reviewed and potential practice information has been received, the renewal may then be considered.

Approval of the renewal is not guaranteed; each application is reviewed on a case-by-case basis.

If the physician has practiced without a license or is unable to produce the statutorily required CME, Board staff may offer the physician a settlement that could include a Private Letter of Concern and a fine of up to \$100 per calendar day of practice without a license or failure to complete CME. The physician may also choose to appear before the Board to discuss their non-compliance at the next regularly scheduled meeting in lieu of settlement.

**Policy for Recommendation of
Medical Marijuana
Draft 8-19-2026**

Policy Number:	OSBOE-P011
Adopted by Board:	September 18, 2025, <i>updated September 10, 2026</i>
To be Reviewed:	2028

Purpose:

This policy is intended to provide standards for Oklahoma-licensed Osteopathic Physicians who wish to recommend Medical Marijuana. Within the boundaries of Oklahoma, marijuana use is only authorized as recommended by a physician. A recommendation is not a prescription. State-licensed medical marijuana has no FDA-approved indication and is not dispensed through a DEA-registered pharmacy, so the physician documents a recommendation rather than a prescription. A physician who makes a recommendation for cannabis use must follow the standard of care guidelines for their profession. The Oklahoma State Board of Osteopathic Examiners have outlined the following standard of care guidelines for those who recommend the use of cannabis products.

Authority:**59 O.S. § 638.1 A.**

The State Board of Osteopathic Examiners is hereby authorized to issue guidance to all osteopathic physicians in this state regarding the recommendation of medical marijuana to patients.

OAC 510:5-9-1 and 510:5-9-2:

Documentation requirements that apply when the patient's condition is a pain complaint.

OAC 510:10-3-8(b)(3) (OSBOE, effective July 2026):

A licensee who is registered to recommend medical marijuana under Oklahoma law shall, prior to recommending medical marijuana to patients and annually thereafter, comply with, at a minimum, two (2) hours of CME related to medical marijuana as required by 63 O.S. § 427.10(G). CME for this section shall be approved by the Board or certified by the Accreditation Council for Continuing Medical Education (ACCME), the American Osteopathic Association (AOA) or any other certifying organization recognized by the Board.”

OMMA 442:10-1-9 and 442:10-1-9.1 (recommending physician registration and standards); **442:10-1-9.1(b)**:

“When recommending a medical marijuana license, a physician shall use the accepted standards a reasonable and prudent physician would follow when recommending any medication to a patient.”

Procedure:

Physicians recommending medical marijuana shall comply with the below standard of care guidelines:

Standard of Care

1. Eligibility, registration, and competence.

The physician must be licensed in Oklahoma, have completed a residency, be registered with OMMA as a recommending physician, and complete the OMMA-required medical education (63 O.S. § 427.10(A), (B), (F), (G), and (H)). The physician must have appropriate current expertise to treat the patient. Specifically, OAC 510:10-3-8(b)(3) requires at least two (2) hours of medical-marijuana CME, approved by the Board or certified by ACCME, AOA, or another Board-recognized organization, before recommending and annually thereafter.

2. Physician-patient relationship

A licensed physician must see the patient on the initial visit to establish a physician-patient relationship. A physician-patient relationship requires a patient record is maintained including a relevant history and examination. This initial evaluation must be face to face, conducted in person or by synchronous, real-time audio-visual telehealth; audio-only or questionnaire-only encounters do not qualify (59 O.S. § 478.1). The same evaluation standard applies regardless of visit modality. Consistent to standard of care, physicians should not recommend medical marijuana for themselves or a family member.

3. Clinical basis for the recommendation

In Oklahoma physicians can recommend, but not prescribe, cannabis products only after determining it's an appropriate treatment for a patient's qualifying condition. Oklahoma does not have a list of qualifying conditions. Instead, a doctor, before recommending cannabis must determine whether medical marijuana may, in the judgment of the physician, based on data suggesting efficacy, improve a specific health condition. The physician must document the clinical rationale, including consideration of alternative treatments and why marijuana is appropriate for the patient. This medical opinion must be recorded in the medical chart of the patient.

If the health condition is a pain related complaint, OAC 510:5-9-1 and 510:5-9-2, requires that diagnoses be documented, records be maintained, and the physician must discuss and document the discussion of the risks and benefits with the patient

or the patient's guardian. Recommendations for pain must comply with all current federal and state law.

4. The initial assessment and medical record must include an assessment and conversation regarding all of the following:

Drug misuse must be examined during the history portion of the examination. It is required at the initial recommendation and at each follow-up visit at least every six months a current PMP check be completed and conversation about past or current use of marijuana or other psychoactive and addictive drugs be conducted. Because marijuana is not reported to the PMP, the purpose of this review is to identify concurrent opioid, benzodiazepine, or other sedating controlled-substance use that impacts the safety of recommending marijuana; this cadence parallels 63 O.S. § 2-309D, and a PMP check is not required at unrelated encounters.

Physicians must assess the risks/benefits of the use of cannabis. A physician's decision to recommend medical marijuana should be based on a thorough evaluation of the patient's overall health, including their medical history, current medications, and potential benefits and risks of cannabis use. A discussion of the medical risks of the use of cannabis should be individualized to the patient rather than a fixed checklist, weighing as relevant cardiovascular risk, drug interactions, pulmonary effects of smoking, cannabis use disorder and dependence, effects on cognition including driving or operating machinery, cannabinoid hyperemesis, psychiatric effects including exacerbation of psychotic disorders and effects in adolescents and young adults, and use during pregnancy or breastfeeding.

Physicians must consider and discuss alternative treatments. Physicians should document why cannabis is an appropriate option for this patient compared to other medications or therapies. Documentation that the patient has failed all other conventional treatments is not required.

Physicians must document a plan for ongoing monitoring of the patient's use and efficacy of cannabis. After recommending cannabis, physicians should regularly monitor the patient's response to the treatment, assessing the efficacy, any side effects, and overall impact on their health and daily functioning. Physicians should schedule a medical follow-up at least every six months after a cannabis authorization. It should also include goals of the cannabis treatment and should document the progress of those goals. Additional monitoring such as pulmonary evaluation or drug testing is left to the physician's clinical judgment rather than required for every patient.

Informed Consent discussion must be recorded. Specific potential benefits, risks, and a lack of standardization in cannabis products must be discussed. At a minimum, discussion of tetrahydrocannabinol potency content and microbial contaminants must be conducted and recorded. The informed-consent record should include a signed acknowledgment with safekeeping and do-not-share instructions.

If the patient has a history of substance use disorder or a co-occurring mental health condition, they may require specialized assessment and treatment. The physician should seek a consultation with, or refer the patient to, a pain management, psychiatric, addiction or mental health specialist, as needed. A history of substance use disorder does not by itself preclude a recommendation; guidance for patients receiving medication-assisted treatment is provided in the Board's educational materials.

5. Duty to notify OMMA

If the physician determines that the patient's continued use of medical marijuana no longer meets the requirements of the Oklahoma Medical Marijuana and Patient Protection Act, the physician must notify OMMA, consistent with 63 O.S. § 427.10(E). Guidance on applying this duty in practice, including for patients in ongoing addiction treatment, is provided in the Board's educational materials.

6. No conflict of interest

Physicians who recommend medical marijuana should not have a professional office located at a dispensary or cultivation center (63 O.S. § 427.10(D)) or receive financial compensation from or hold an interest in a dispensary or cultivation center. Physicians should also not be a director, officer, member, incorporator, agent, employee, or retailer of a dispensary or cultivation center.

Policy on Physician Responsibility, Patient Participation, and Team-Based Care *Draft 8/28/2026*

Policy Number:	OSBOE-P012
Adopted by Board:	September 18, 2025, <i>updated 11/01/2026</i>
To be Reviewed:	2028

Purpose:

This policy defines physician responsibilities as a practitioner. Physicians are clinically accountable for the medical care they provide and for the safe supervision of tasks they delegate within Oklahoma law and Board rules. The Board also affirms that patients are partners in care, with rights to participate in decisions, accept or refuse recommended interventions, access information, and obtain second opinions, and with corresponding responsibilities to share accurate information and engage in agreed care plans.

Patient Participation and Shared Decision-Making:

Physicians will practice shared decision-making. This can include (a) presenting benefits, risks, and reasonable alternatives when discussing treatment plans; (b) eliciting the patient's values, goals, and preferences; (c) documenting discussions. Physicians should have a goal of reaching a treatment plan that reflects the patients' informed choice.

The board recognizes patients' rights to participate in care planning, to accept or refuse treatment, to access records, and the patient responsibilities to provide accurate information, ask questions, keep appointments, and follow hospital/clinic procedures as set out in 63 O.S. 3401 et. seq.

Authority:

59 O.S. § 637 (A)(2)(d) and (e).

A. The State Board of Osteopathic Examiners may institute disciplinary action, assess fines,... or may refuse to issue or reinstate or may suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license...2. Has engaged in the use or employment of dishonesty, fraud, misrepresentation, false promise, false pretense, unethical conduct or unprofessional conduct, as may be

determined by the Board, in the performance of the functions or duties of an osteopathic physician, including but not limited to the following:

- d. delegating administrative professional responsibilities to a person who is not qualified by training, skill, competency, age, or experience;**
- e. delegating medical practice responsibilities to a person who is not qualified by licensure or training to perform such responsibilities.** Delegation may only occur within an appropriate doctor-patient relationship, in which a proper patient record is maintained.

Physician Medical Practice Responsibilities:

The Board may act if a licensee delegates medical practice responsibilities to a person who is not qualified by licensure or training to perform them, and delegation may occur only in a appropriate physician-patient relationship with a proper patient record, including at least a current history and physical.

The physician is clinically accountable for:

1. Medical decision-making and the treatment plan for each patient the physician undertakes to treat or supervise treatment for;
2. Establishing that a person to whom the physician delegates a clinical task is qualified to perform that task; and
3. Supervising those delegated clinical tasks, including a reasonable process for review.

Physician Administrative Responsibility:

The Board may act if a licensee delegates administrative responsibilities to a person who is not qualified by training, skill, competency, age, or experience.

In a physician owned practice, the owning physician(s) bear the ultimate responsibility for all aspects of patient care, including, ensuring patient safety and the administration of their practice. This responsibility extends to managing the practice, collaborating with, or delegating care to, other healthcare professionals, and upholding ethical standards in the medical profession.

If a physician practices in a setting other than the one described above, they should review their employment contract and if needed consult legal counsel to determine what administrative responsibilities remain with them. A physician shall raise known patient-safety and compliance in compliance with all laws and regulations.

Delegation to Support team-based care

Physicians may delegate tasks to individuals who are qualified by training, skill, competency, experience, and licensure, after establishing an appropriate physician-patient relationship and with proper documentation (history, exam, and plan). Delegation must follow written protocols, with competency verification and periodic review. The physician supervises delegated clinical functions and retains clinical accountability for all patients.

Patient Access to Information

Consistent with federal information-blocking regulations, physicians and their practices will not engage in practices that unreasonably interfere with a patient timely electronic access to their health information, except where a specific regulatory exception applies (e.g., preventing harm, privacy, security, infeasibility). Policies should define who relates information, typical timeframes, and how exceptions are documented.

OSBOE Compliance Report

September 2026

This report provides an overview of 8 physicians currently on Board Ordered monitoring. Each physician is fully aware of their responsibilities monthly or quarterly to ensure ongoing compliance. Out of these doctors, all are fully compliant with their Board Orders.

Board Ordered Monitoring:

Dr. Bradshaw is currently in compliance with his Board Orders by completing his self-report, maintaining monthly communication and paying his monthly fees on time. He is making quarterly payments paying three months at a time. The next payment is due October 1. A quarterly compliance visit took place at his practice in July 2026 to get him signed up with GL Solutions. He is set up and using the program for all of his reporting and invoice payments at this time. Dr. Bradshaw is scheduled to complete his probation in 2029.

Dr. Wilson is currently in compliance with his Board Orders. He has made all of this monthly payments for his monitoring of three years. He has until June 2027 to pay his invoice for the Investigation and Costs. Dr. Wilson is scheduled to complete his monitoring in 2028.

Dr. Cross is currently in compliance with his Board Orders by completing his self-report, maintaining monthly communication and paying his monthly monitoring fees on time. He is making quarterly payments paying three months at a time. The next payment is due October 1. A quarterly compliance visit took place at his practice in July 2026 to get him signed up with GL Solutions. He is set up and using the program for all of his reporting and invoice payments at this time. Currently, he is not supervising mid-level practitioners. Dr. Cross is scheduled to complete his probation in 2029.

Dr. Howell is currently in compliance with Board Orders by completing the self-report, maintaining monthly communication and paying his monthly monitoring fees. A quarterly compliance visit took place at his practice in July 2026 to get him signed up with GL Solutions. He is set up and using the program for his reporting and invoice payments at this time. Currently, he is not supervising any mid-level practitioners. Dr. Howell is scheduled to complete his probation in 2029.

Dr. de Gaston is currently in compliance with Board Orders by completing his self-reports, maintaining monthly communication and paying his monthly monitoring fees. He makes yearly payments paying 12 months at a time. The next payment is due April 1. A quarterly compliance visit was conducted in July 2026 to get him signed up with GL Solutions. He is set up and using the program for his reporting and invoice payments at this time. Dr. de Gaston is scheduled to finish his probation in 2029.

Dr. Ho is currently in compliance with Board Orders by completing his self-report, maintaining monthly communication and paying his monthly monitoring fees on time. Dr. Ho is scheduled to finish his probation in October 2026.

Dr. Royder is currently **in compliance**, completing his self-report, maintaining monthly communication and paying monthly monitoring fees on time. We are waiting on the report from the third audit that was conducted in August 2026. Upon receiving the report from the third audit, we will not request a fourth audit if there is continued improvement.

Dr. Berryman is currently **in compliance** with Board Orders by completing his self-report, maintaining monthly communication and paying monthly monitoring fees on time. He is enrolled in the CMEs he was ordered to take (September and October 2026). Dr. Berryman is scheduled to finish his oversight in 2028.

Rehabilitation Monitoring Report

(June 2026 – Sept 2026)

Oklahoma State Board of Osteopathic Examiners (OSBOE) commenced the Rehabilitation Monitoring Program (RMP) in March 2026. **There are eight Participants in the program**; Six (6) participate via Board Order and two (2) participate via an Investigative Safe Harbor agreement. Six (6) Participants are currently compliant with all Board Order requirements. **Two (2) Participants are not compliant**. Below is a report of all eight (8) Participants in RMP:

Investigative Safe Harbor:

SH261000- Status: **Compliant**

The Participant has completed all required monthly PEth testing through August 2026, with all results negative. The RMP continues to receive quarterly therapy reports with no concerns noted. Dr. Kirby reviewed the Participant's testing results and reports and recommended continued monthly PEth testing through the end of the agreement in 2027. An updated Investigative Safe Harbor agreement has been signed and filed to reflect the updated monitoring requirements. The Participant has also completed all required check-ins.

SH261001- Status: **Compliant**

The Participant entered RMP on June 29, 2026, after completing an 11 week inpatient treatment program. Upon discharge, a five-year monitoring period was recommended. The Participant met virtually with Dr. Kirby, Medical Director, to review the discharge summary, medications, and monitoring requirements. Dr. Kirby also addressed any questions during the meeting. Since entering the program, the Participant has remained compliant with all monitoring requirements. The Participant has completed two UDS tests per week and monthly PEth testing, with all results negative. Monthly therapy reports have been received with no concerns noted. The Participant has also completed all required check-ins and Recovery Support Meetings.

Board Ordered Monitoring:

RMP-261000 Status: **Compliant**

The Participant entered RMP through a Board Order and has remained compliant with all monitoring requirements. All required monthly UDS testing has been completed, with negative results. The quarterly reports from the Participant's therapist have not yet been received due to the therapist being out of the office for a health-related matter. The RMP Director confirmed the absence directly with the therapist. The Participant is expected to complete a therapy visit within the next four weeks.

The Participant has completed all required check-ins and Recovery Support Meetings and continues to meet all other monitoring requirements.

RMP-261001 Status: **Compliant**

The Participant entered the RMP through a Board Order and has remained compliant with all monitoring requirements. All required monthly UDS and Breathalyzer testing has been completed, with negative results. Quarterly hair and nail testing was completed in July with negative results. RMP continues to receive quarterly therapy reports with no concerns noted.

The Participant has completed all required check-ins and Recovery Support Meetings and continues to meet all other monitoring requirements.

RMP-261003 Status: **Compliant**

The Participant entered RMP through a Board Order and has remained compliant with all monitoring requirements. All required monthly UDS testing and quarterly hair and nail testing have been completed, with negative results. The Participant is expected to complete the RMP Agreement in October 2026. Prior to completion of RMP, the Participant will meet with Dr. Kirby for a Program Completion Meeting to review compliance with monitoring requirements and discuss Program completion. Senior Monitoring will be offered at that time.

The Participant has completed all required check-ins and Recovery Support Meetings and continues to meet all other monitoring requirements.

RMP-261004 Status: **Compliant**

The Participant entered RMP through a Board Order and has remained compliant with all monitoring requirements. All required monthly UDS testing and PEth testing have been completed, with negative results. RMP continues to receive quarterly therapy reports with no concerns noted.

The Participant has completed all required check-ins and Recovery Support Meetings and continues to meet all other monitoring requirements.

RMP-26261002 Status: **Status: Non- Compliant**

The Participant entered RMP through a Board Order and is currently considered non-compliant due to a missed UDS on July 16, 2026. The Participant did not notify the RMP Director of the missed test and reported that the test was missed because it was forgotten. A written warning was issued and signed by the Participant. The Participant is scheduled to appear before the Board on September 10, 2026.

Prior to and after the missed screening, the Participant has completed all required monitoring of twice-weekly UDS, and monthly PEth tests have been completed with all negative results.

The Participant is scheduled to begin Board-ordered therapy in mid-September. The delay was related to the therapist being out of the office for a health-related matter, which was confirmed by the RMP Director.

Weekly reports continue to be received from the Participant's Worksite Monitor, with no concerns noted. The Participant is also in the final stages of hiring a nurse practitioner to join the practice.

The Participant is scheduled for a polygraph examination on September 19th 2026, and is expected to return to Pine Grove in January for a one-week PEP recheck to evaluate recovery progress. All required check-ins and Recovery Support Meetings have been completed.

RMP-261006 **Status: Non- Compliant**

The Participant entered RMP through a Board Order and is currently non-compliant with several monitoring and reporting requirements. On July 23, 2026, the Participant was provided an addendum to the RMP Monitoring Agreement reflecting changes directed by the Medical Director, including removal of hair and nail testing. The Participant requested review by their attorney before signing. Following the attorney's review, the Participant was advised to sign the Agreement; however, the required Agreement has not been properly completed and returned despite follow-up communication from the RMP Director.

Additional concerns include failure to consistently complete required Recovery Support Meetings and required program documentation. The Participant has also demonstrated ongoing concerns with communication and cooperation with the RMP Director and staff.

In August 2026, the Participant did not provide the required updated employment information, and an incorrect document was submitted in place of the required Monthly Supervision Self-Reporting form. Due to ongoing compliance concerns, the Participant is scheduled to appear before the Board on September 10, 2026.

POSSIBLE COMMITTEE APPOINTMENTS

Joint Statement Concerning the Prescribing of Non-FDA Approved (Research-Grade) Peptides

Jointly Issued on 8/19/2026 by:

Mississippi Board of Nursing
Mississippi Board of Pharmacy
Mississippi State Board of Medical Licensure

Research-grade peptides are not approved by the FDA and have not been tested, reviewed, or determined to be safe or effective for human use. These substances are not subject to regulation or oversight by the FDA regarding safety, efficacy, manufacturing standards and consistency. As a result, neither the provider nor the patient can fully assess, quantify, or understand the potential risks associated with the use of research-grade peptides, nor can they verify the contents of any vials. Further, any drug provided for human consumption is subject to strict FDA standards.

Under no circumstances is it permissible for a healthcare provider to compound, administer, or dispense a non-FDA approved or research-grade peptide to a patient. A healthcare provider may not circumvent his or her duty of care to patients by permitting or delegating the purchase, administration, or dispensing of these drugs to other providers. This prohibition includes advising, recommending, supplying, prescribing, and administering.

Healthcare providers must purchase all prescription products, drugs, and ingredients from an entity permitted by the Mississippi Board of Pharmacy. Entities selling or shipping prescription products, drugs, and ingredients into Mississippi that are not licensed can be reported to the Mississippi Board of Pharmacy. The license status of an entity selling or shipping prescription products, drugs, and ingredients can be verified through the [Board of Pharmacy license verification search](#). If help is needed verifying the status of an entity, the Mississippi Board of Pharmacy can be contacted at 601-899-8880.

A healthcare provider cannot require or permit a patient to “waive” the provider’s duty of care to the patient and the professional’s personal obligation to follow the law. Patient consent forms purporting to identify a product as “research-grade” do not mitigate or eliminate a provider’s professional or legal liability.

In circumstances where a patient independently acquires and self-administers such substances, the associated risk rests solely with the patient. However, any involvement by a medical professional in recommending, supplying, prescribing, or administering these substances constitutes the practice of medicine and is prohibited.

The Mississippi State Board of Medical Licensure, Mississippi Board of Nursing, and the Mississippi Board of Pharmacy remain committed to protecting the health and safety of all Mississippi residents, and expect all licensees to uphold the highest standards of care.

Board Issues Official Notice Concerning the Prescribing of Non-FDA Approved (Research-Grade) Peptides

Research-grade peptides are not approved by the FDA and have not been tested, reviewed, or determined to be safe or effective for human use.

These substances are not subject to regulation or oversight by the FDA regarding safety, efficacy, or manufacturing standards and consistency. As a result, neither the provider nor the patient can fully assess, quantify, or understand the potential risks associated with their use. Nor can they verify the contents of any vials.

Physicians must purchase all prescription products, drugs, and ingredients from an entity permitted by the Alabama State Board of Pharmacy. All drugs administered or dispensed to a patient must be prescription quality; therefore, under no circumstances is it permissible for a physician to compound, administer, or dispense a non-FDA approved or research grade peptide to a patient. A physician may not circumvent his or her duty of care to patients by permitting or delegating the purchase, administration, or dispensing of these drugs to Certified Nurse Midwives (CNMs), Certified Registered Nurse Practitioners (CRNPs) or Physician Assistants (PAs). This prohibition includes advising, recommending, supplying, prescribing, or administering.

By law, CNMs, CRNPs, and PAs may only administer, dispense, and prescribe legend drugs that are included on a formulary approved by the Board of Medical Examiners and the Alabama Board of Nursing. No research grade or non-FDA approved peptide is included on any approved formulary. Therefore, no CNM, CRNP, or PA is legally authorized to prescribe, administer, advise, or dispense a non-FDA-approved or research grade peptide.

A medical professional cannot require or permit a patient to “waive” the provider’s duty of care to the patient and the professional’s personal obligation to follow the law. Patient consent forms purporting to identify a product as “research-grade” are ineffective and do not mitigate

or eliminate the health care provider's professional or legal liability.

In circumstances where a patient independently acquires and self-administers such substances, the associated risk rests solely with the patient. However, any involvement by a medical professional in recommending, supplying, prescribing, or administering these substances constitutes the practice of medicine and is prohibited.

The Alabama Board of Medical Examiners remains committed to protecting the health and safety of all Alabama patients and expects all practitioners to uphold the highest standards of care.
