FINDINGS OF FACT

The Petitioner and Respondent each stipulate and agree as follows:

1. Brian Berryman, D.O., (hereinafter referred to as “Dr. Berryman”) is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 3710.
2. Dr. Berryman received his license to practice as an osteopathic physician in Oklahoma from the Board in September of 1999 and primarily engages in the practice of Family Medicine in Oklahoma.
3. At all times relevant to this proceeding, Dr. Berryman worked as a physician specializing in Family Medicine in Oklahoma.
4. Dr. Berryman was employed by Utica Park Clinic in Sand Springs, Oklahoma, for approximately three (3) years.
5. Dr. Berryman previously served as a physician in the military and the reserves.
6. On Friday December 19, 2025, Utica Park Clinic (employer) interviewed Dr. Berryman regarding an allegation that he was having an affair with his patient.
7. Dr. Berryman eventually admitted to having an intimate relationship with the patient from March 2025 to May of 2025.
8. As part of the investigation by Utica Park Clinic, the investigators found Dr. Berryman had risqué photos of the patient of a boudoir nature on his office bookshelf. Dr. Berryman was improperly providing care for that individual who he was intimately involved with, and was also simultaneously prescribing the patient Vyvanse.
9. Additionally, the investigation confirmed lingerie had been delivered to the clinic under Dr. Berryman’s name, which staff had opened thinking it was medical supplies.
10. Dr. Berryman was placed on suspension pending completion of the investigation.

11. Utica Park Clinic issued an “Immediate Termination of Physician Employment” letter on December 22, 2025, addressed to Dr. Berryman but mailed to a previous residence.

12. Termination was based on inappropriate conduct involving a Group patient which was conduct Utica Park Clinic considered unethical and/or unprofessional.

13. On December 26, 2025, OSBOE received a complaint from Dr. Berryman upon his former employer’s demand, in which he self-reported an “inappropriate relationship and unprofessional conduct with a patient.”

14. On the behest of his wife and prior to his termination, Dr. Berryman voluntarily sought counseling and began seeing an LPC-S in June of 2025.

15. The LPC-S administered an assessment and made diagnoses related to alcohol use, mental health, and behavioral related issues.

16. When counseling began, Dr. Berryman admitted to drinking 4-5 bourbon drinks daily for the past year.

17. With the help of his LPC-S, Dr. Berryman has worked to significantly reduce his alcohol consumption.

18. Once Board staff received the complaint, they conducted an investigation including obtaining records from Utica Park.

19. As part of the investigation, Board Staff received a letter from Utica Park’s outside legal counsel who had been retained to investigate the issues surrounding Dr. Berryman’s conduct related to his termination.

20. In that letter, Utica Park’s outside legal counsel alleged they had uncovered what was believed to be improper prescribing practices including, but not limited to, improper prescribing related to opioids, inappropriate prescriptions of testosterone, stimulant medications being written

prior to completion of an ADHD evaluation, excessive and/or inappropriate prescriptions of non-controlled medications, and inappropriate prescriptions of multiple controlled substances to the same patient.

21. Dr. Berryman received this letter via discovery. He has not seen any evidence supporting these allegations outside of the letter itself and he denies some of the allegations contained therein.

22. Upon Dr. Berryman's termination, his office was investigated which uncovered a patient's pill bottle found in his desk drawer for a controlled substance (Lorazepam).

23. Additionally, the Utica Park search revealed paper prescription pads from Dr. Berryman's previous employer, Harvard Family Physicians; However, there has been no indication supporting any usage of the prescription pads.

24. Furthermore, the search revealed a bag of used women's panties in Dr. Berryman's desk drawer.

25. Dr. Berryman acknowledges that he has violated the act by engaging in [a] sexual activity within a physician-patient relationship.

26. Dr. Berryman acknowledges that he was terminated from Utica Park Clinic.

27. Dr. Berryman acknowledges that a hearing before the Board could result in multiple findings that he has engaged in the use or employment of unethical conduct or unprofessional conduct...in the performance of the function or duties of an osteopathic physician, separate from the improper relationship, and as it relates to his professional conduct.
