## **Section 915. Alternative Education Programs - Statewide System.**

A. Beginning with the first semester of the 1996-1997 school year, the State Board of Education shall implement a statewide system of alternative education programs which shall be phased-in within seven (7) years. The statewide system shall include but not be limited to Alternative Approaches grant programs, funded pursuant to Section 1210.561 of this title, and alternative academies or alternative programs implemented pursuant to this section.

B. Beginning with the first semester of the 2002-2003 school year, all school districts of this state shall provide alternative education programs that conform to the requirements of statutes and rules applicable to alternative education. A program shall:

1. Allow class sizes and student/teacher ratios which are conducive to effective learning for at-risk students;
2. Incorporate appropriate structure, curriculum, and interaction and reinforcement strategies designed to provide effective instruction;
3. Include an intake and screening process to determine eligibility of students;
4. Demonstrate that teaching faculty are appropriately licensed or certified teachers;
5. Demonstrate that teaching faculty have been selected on the basis of a record of successful work with at-risk students or personal and educational factors that qualify them for work with at-risk students;
6. Reflect appropriate collaborative efforts with state agencies and local agencies serving youth;
7. Provide courses that meet the academic curricula standards adopted by the State Board of Education and additional remedial courses;
8. Offer individualized instruction;
9. State clear and measurable program goals and objectives;
10. Include counseling and social services components with the provision that providers of services are not required to be certified as school counselors;
11. Require a plan leading to graduation be developed for each student in the program which will allow the student to participate in graduation exercises for the school district after meeting the requirements of the school district as specified in the individual graduation plan for that student; provided, for students who enter the ninth grade in or prior to the 2007-08 school year, the plan shall specifically address whether the student is required to meet the graduation requirements established in Section 11-103.6 of this title;
12. Offer life skills instruction;
13. Provide opportunities for arts education to students, including Artists in Residence programs coordinated with the Oklahoma Arts Council;
14. Provide a proposed annual budget;
15. Include an evaluation component including an annual written self-evaluation;
16. Be appropriately designed to serve middle school, junior high school and secondary school students in grades six through twelve who are most at risk of not completing a high school education for a reason other than that identified in Section 13-101 of this title; and
17. Allow students in the alternative education program, who otherwise meet all of the participation requirements, to participate in vocational programs and extracurricular activities, including but not limited to athletics, band, and clubs.

C. The alternative education program of a school district shall be operational and serving students by September 15 of each school year.

D. Each alternative education program of a school district shall receive funding based on the combined number of dropouts and students within the district who have been referred to a county juvenile service unit, a county juvenile bureau or who have been committed to the custody of the Office of Juvenile Affairs. Each alternative education program shall receive incentive funding as follows:

1. For the first year of operation, One Thousand Dollars (\$1,000.00) per student;

2. For the second year of operation, Seven Hundred Fifty Dollars (\$750.00) per student; and
3. For the third year of operation and each year thereafter, Seven Hundred Dollars (\$700.00) per student.

Statewide alternative education funding shall not be used to supplant existing school district resources or to support programs that do not meet all the criteria for the statewide alternative education system. No alternative education program shall receive less than a total of Ten Thousand Dollars (\$10,000.00) per school year.

E. By September 15 of each school year, all statewide alternative education funds received and expended for students participating in an alternative education program shall be reported to the State Department of Education by major object codes and by program classifications pursuant to the Oklahoma Cost Accounting System as adopted by the State Board of Education pursuant to Section 5-135 of this title.

F. Elementary school districts, as defined in Section 5-103 of this title, may request a waiver from the State Board of Education from the requirements of this section to implement and provide an alternative education program. Any elementary school district that has not received funding pursuant to the provisions of subsection D of this section shall be automatically granted a waiver. If a school district is granted a waiver, no statewide alternative education funding shall be allocated to the district.

G. 1. The State Board of Education shall contract for technical assistance for operation of an Alternative Education Technical Assistance Center. The technical assistance provider shall be an entity located in Oklahoma that has been officially recognized by the United States Department of Education to assess and facilitate dissemination of validated educational programs in Oklahoma. The technical assistance provider shall have priority, if its operations are deemed satisfactory by the State Board of Education and if funds are available, for annual renewal of the contract.

2. The duties of the technical assistance provider shall include, but shall not be limited to:
  - a. providing initial and ongoing training of personnel who will educate at-risk populations through alternative education programs,
  - b. providing technical assistance to school districts to enhance the probability of success of their alternative education programs,
  - c. evaluating state-funded alternative education programs,
  - d. reporting to the State Board of Education the evaluation results of state-funded alternative education programs, and
  - e. providing in-depth program analysis and evaluation of state-funded alternative education programs.
3. The State Board of Education shall not provide funding to an alternative education program that does not receive a recommendation for continued funding in the evaluation provided for in this subsection. Provided, any school district not receiving such a recommendation for continued funding may request a hearing before the Board with a review of the evaluation prior to the Board's final determination.

H. All alternative education programs shall be subject to statutes and rules applicable to alternative education, including any exemptions from statutory or regulatory requirements authorized by statutes or rule.

I. An alternative education program may be offered by an individual school district or may be offered jointly by school districts that have formed interlocal cooperative agreements pursuant to Section 5-117b of this title. Any school district submitting a plan for an alternative education program serving fewer than ten students shall enter into a cooperative agreement with another school district to jointly provide the program unless the program has been granted a waiver from this requirement by the State Board of Education.

J. Any materials or equipment purchased by a school district with revenue received for students participating in an alternative education program shall be used only in or directly for the alternative education program offered by the district or any subsequent alternative education program offered to students enrolled in that district. Such materials and equipment shall be made available exclusively to alternative education students during the hours that the alternative education program is operating; provided, the material or equipment may be used for other purposes when the alternative education program is not operating.

K. Upon implementation of this subsection as provided for in subsection M of this section and contingent upon the provision of appropriated funds designated for such purpose, all school districts in the state providing alternative education programs as required in subsection B of this section shall expand the programs to include middle-school-grade students. The program shall conform to the requirements of subsection B of this section.

L. Upon implementation of this subsection as provided for in subsection M of this section and contingent upon the provision of appropriated funds designated for such purpose, each urban school district identified by the State Department of Education as having a high population of elementary grade students who are at-risk and in need of alternative education shall provide elementary level alternative education programs. The State Department of Education shall establish requirements for the programs. For purposes of this section, "urban school district" means a school district with an average daily membership of thirty thousand (30,000) or more.

M. Implementation of subsections K and L of this section shall be delayed until the current expenditure per pupil in average daily attendance in public elementary and secondary schools in unadjusted dollars for the 1998-99 school year or any school year thereafter for Oklahoma, as reported by the National Center for Education Statistics annually in the Digest of Education Statistics, reaches at least ninety percent (90%) of the regional average expenditure for that same year, and funds are provided. For purposes of this subsection, the regional average expenditure shall consist of the current expenditure per pupil in average daily attendance in public elementary and secondary schools in unadjusted dollars for each of the following states: Arkansas, Colorado, Kansas, Missouri, New Mexico, Oklahoma, and Texas, averaged together. By January 1 of each year, the State Board of Education shall report whether or not the ninety-percent expenditure level has been reached based on information reported annually in the Digest of Education Statistics by the National Center for Education Statistics. Subsections K and L of this section shall be implemented on July 1 after the first January 1 report verifies that the ninety-percent expenditure level has been reached and funds have been provided for the specific purposes of this section.

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

The closest site with an alternative education program is Alva and that is approximately 20 miles from our district. We are requesting this waiver so that we may serve our students with local resources. Less than 10% of our students are needing alternative ed pathways currently and we wish to keep them on site to allow for a blended program.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

We believe we can best serve our students through smaller class sizes and provide support with teachers and staff that are familiar with our students individual needs. We also have available LPC's for social emotional supports on site twice a week for our program along with offering extracurricular activities for all studnets. It is our goal to graduate 100% of our students and establishing this program within our district will allow us to acheive this.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. We have not recently participated in a coop. We have been given this waiver in previous years and it allowed us to serve our students locally and better serve the individual needs of those students. We have been success with this program serving the number of students we serve.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Chief Academy is available from 7:45am - 12:00pm on all regularly scheduled school days.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Financially we are not currently receiving funding for Alt Ed and therefore all travel expenses to a coop site would fall on the district. 40 miles a day round trip will have a negative financial impact over the course of a school year.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

TLE evaluations will be used to evaluate the Alt Ed teacher and graduation rates and student test scores will be used where applicable.

**\*\* You will be contacted if more information is needed to process this request.**

Oklahoma City, Ok 73105-4599

To Whom It May Concern:

Cherokee Public School would like to request a waiver to serve fewer than 10 students for the 2021-2022 school year. We are currently implementing and building our alternative education program, "Chief Academy" and are excited about the opportunities this will provide to our students. We have a small number of students that are meeting the qualifications of this program currently and therefore do not need to participate in a coop with another district at this time. It is our goal to provide these resources to our students through our district with our staff.

Thank you,

Bryce Schanbacher  
Superintendent  
Cherokee Public School

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Beaver schools was part of the Alternative Education COOP in Hooker that dissolved. In lieu of Hooker serving as the LEA of this COOP, we have elected to start the Duster Learning Academy at our local school district. We are a high school of approximately 80 students, so having 5 students enrolled in the academy will service approximately 6% of our students.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

The district plan includes:

1. Shortened/more flexible hours in the school building
2. More individualized instruction through smaller class size
3. Online/individualized curriculum facilitating distance learning when needed
4. Individualized instruction based on student progress
5. Life skills instruction to help students transition to the "adult" world after high school
6. Continued opportunities to participate in extra-curricular activities such as band, choir, CareerTech courses (FFA, BPA, FCCLA), and athletics

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

Previously, Beaver Public Schools participated in an alternative education program that was off-site. The LEA for the coop was Hooker Public Schools. Beaver has brought the alternative education services back on campus to better serve the needs of the students qualified to participate in the Duster Learning Academy.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

1. Duster Learning Academy is in session for the same days as Beaver Public Schools. Please see attached school calendar.

2. Students in Duster Learning Academy attend from 8:00-12:20 every day. If needed, the schedule may be adjusted to best serve the needs of the individual student.

3. Please find the application to attend Duster Learning Academy attached

4. Academic assessments will be completed through the same means as Beaver High School (state assessments, ACT, benchmark exams)

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

For the 2021-2022, Beaver Public Schools does not qualify for any additional revenue for alternative education services. Any positive impact from the Duster Learning Academy would be in the form of student retention.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

1. Teachers will be evaluated through the TLE model using the OKTLE website.

2. Graduation and retention rates will be used to assess the effectiveness of the program as a whole.

3. Student progress will be assessed through benchmark tests when available, ACT scores, state mandated tests, and assessments given through the online curriculum provided through Edgenuity.

\*\* You will be contacted if more information is needed to process this request.

## *Application Checklist*

Students applying to the alternative education program are required to complete in full or provide the following:

- STUDENT ENROLLMENT FORM (INFORMATION SHEET
- MEDICAL AUTHORIZATION FORM
- CURRICULUM SELECTION FORM
- CONFIDENTIALITY RELEASE FORM
- SIGNED BEHAVIOR CONTRACT
- IN-TAKE SCREENING
- GRADUATION PLAN
- PERMIT TO DRIVE (with copy of driver's license and current insurance)
- CURRENT TRANSCRIPT AND MOST RECENT REPORT CARD
- SHOT RECORDS

After the application has been submitted, a committee consisting of the following will determine if the applicant meets enrollment criteria and is eligible for the alternative education program: the alternative education instructor, High school/middle school counselor, and high school principal.

If accepted, an appointment for an interview will be arranged with the alternative education instructor, Mr. Austin Hawkins, by calling Beaver Public School at (580) 625-3444.

A parent/guardian must be present for the interview if the applicant is under the age of 18.

## Oklahoma State Department of Education Curriculum Selection Form

Dear Parent or Legal Guardian:

Senate Bill 982 was passed by the Oklahoma Legislature and signed into law by Governor Henry on June 7, 2005. The law requires eighth-grade students entering the ninth grade in the 2006-2007 school year to complete the college preparatory curriculum in SB 982, unless the student's parent or legal guardian approves the student to enroll in the existing state high school graduation requirements. The options for the existing state graduation requirements and new college preparatory curriculum requirements are attached. Successful completion of either curriculum will result in accomplishment of a standard diploma.

Choosing the courses a student takes in high school is an important decision for you and your child. With your input, courses chosen for a student's career pathway can give him or her a head start on career and education success. A college preparatory curriculum is challenging and may help determine a student's future success in higher education and the world of work. Students who take a college preparatory curriculum designed to prepare them for both college and career have more opportunities. In addition, high school students who enroll in a career pathway at a technology center and meet eligibility requirements have the opportunity to earn college credit while in high school. This opportunity has been made possible through a new Cooperative Alliance between the State Regents for Higher Education and the Oklahoma Department of *CareerTech*.

Please complete the information below and return it to the office of your child's principal or school counselor prior to enrollment. **According to the law, if you do not select the existing state high school graduation requirements, your child will automatically be enrolled in the new college preparatory curriculum.** Please contact the school principal or school counselor if you have questions or need information on local graduation requirements.

-----  
As a parent or legal guardian, I am selecting the following curriculum for my student:  
Check ONE:

- ☐ College preparatory curriculum in SB 982
- ☐ State graduation requirements

## *Behavior Contract*

This contract is between BDLA and \_\_\_\_\_.

By signing this contract, I agree to abide by all the rules and regulations of Beaver Schools and understand that I may lose MY PRIVILEGE to attend for violation of these rules. I understand my enrollment at BDLA may be immediately terminated for violation(s) of any of the following rules:

- 1) **Disruption:** a student shall not by use of violence, force, threatening, or any other means cause disruption to any students, faculty, or school property.
- 2) **Insubordination and Disrespect:** a student shall not disregard or refuse to comply with reasonable requests of school employees or directions given by the teacher or school official. REFUSAL TO WORK will result in dismissal from the program. Examples of refusal to work include but are not limited to: sleeping in class, texting, being on websites other than Odysseyware, being on a different subject area than that assigned by the instructor, or refusal to login and work on the computer. The THIRD time an instructor reports a student for refusal to work, he/she will be dismissed from the program. Students are to remain ONLY on the Odysseyware website unless doing research or course work assigned by the instructor. This includes staying off other websites and the games on the computer.
- 3) **Damage to School Property:** a student shall not cause or attempt to damage any part of school property. In addition, restitution may be required and/or charges may be filed with the proper authorities.
- 4) **Attendance:** a student shall attend school in compliance with the compulsory attendance laws of Oklahoma. Students are allowed up to 2 absences per class per semester. Absences exceeding these limits may result in dismissal from the program. Three tardies count as one absence. Excused absences are not allowed unless deemed necessary by the director. Leaving class early for a work obligation may be excused if PREARRANGED with Coach Hawkins. Documentation must be provided from the employer to make these arrangements. Unless approved by Coach Hawkins, any other instances of leaving class early will result in an absence for that day of class.

In addition to meeting the attendance requirements, students must complete Odysseyware course requirements to receive credit for the given class. If the curriculum is not completed at the end of the semester, the student will receive an Incomplete ("I") grade until the coursework is finished, regardless of attendance.

- 5) **Assault and/or Battery:** physical violence (or the threat of) will not be tolerated.
- 6) **Weapons:** a student shall not possess, use, or conceal any type of weapon.
- 7) **Drugs or Alcohol:** No student shall be under the influence or possess any type of drugs or alcohol while at school. This includes cigarettes and vapes.

- 8) **Criminal Behavior:** this behavior is defined by law to include, but not limited to, assault, battery, larceny, robbery, malicious mischief, vandalism, unlawful assembly, fighting, false alarms and reports, arson, forgery, and gambling.
- 9) **Motor Vehicles:** a student shall not operate a motor vehicle in a reckless manner on school property.
- 10) **Profanity, Obscene Language and Gestures:** a student shall not use profanity, obscene language or gestures at school.
- 11) **Cult/Gang Behavior:** cult or gang behavior through dress, actions, grooming, jewelry, color, trademark, or any other actions is prohibited.
- 12) **Cell Phones:** cell phones are not allowed out during class time and are only allowed to be on and used during break times. If a phone is seen or heard by the instructor, it must remain on the teacher's desk or not brought to class at all. The **FIRST** time a student is caught texting during work time, the student will no longer be allowed to bring a cell phone into the building.
- 13) **Excessive Display of Affection:** excessive displays of affection will not be tolerated in the classroom, halls or anywhere on school property.
- 14) **Visitors:** students will have **NO VISITORS** during class. Parents/Guardians should check in with the teacher upon arrival.
- 15) **Closed Campus:** upon arriving at BDLA, students are not allowed to leave without permission from the teacher. Students must stay in designated areas at all times while attending school unless accompanied by the instructor. Designated areas are the library, computer lab and the hallway between the Learning Academy classroom and the restrooms located in the JH hallway. Students will only be allowed in the restrooms during the appropriate break times.
- 16) **Clothing/Piercings:** students will abide by the school dress code. Students shall have ear jewelry only.
- 17) **Food/Drink:** students are allowed to bring food from home for lunch if students are planning to eat in the cafeteria. Water bottles must be brought in a closed container and opened in front of the teacher upon arrival. **NO ENERGY DRINKS ARE ALLOWED.** No food/drink are allowed in the computer lab.
- 18) : Any and all rules in the school handbook will be followed. A copy of the school handbook may be found on the school district's website ([beaver.k12.ok.us](http://beaver.k12.ok.us)). Violations of Board of Education Policies, Rules and Regulations: a student shall not violate any school policies of Beaver Public Schools.

This agreement was entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2021.

Signed:

### Graduation Promise:

#### Student-

I understand that education is the key to my future and therefore commit to graduate from high school. I will also take the time to plan and prepare for life after high school by:

- Being a responsible citizen and making good decisions;
- Going to school and actively participating in my learning;
- Studying hard and turning in my homework;
- Pushing myself to complete all my courses;
- Exploring different careers and learning how college includes lot of options (two and four-year degrees, certificates, apprenticeship programs, and the military);
- Asking for help when I need it, and;
- Doing my best on the end of year state tests and other tests.

August 9, 2021

To: Accreditation Standards Division, OSDE  
RE: Statutory Waiver, COOP Agreement - 70 O.S. § 1210.568

To whom it may concern,

Please accept this letter and attached documents in application for a statutory waiver for Duster Learning Academy, Beaver Public School's alternative education program. Previously, Beaver Public Schools was engaged in an alternative education coop being offered through Hooker Public Schools. The coop dissolved after the 2020-2021 school year. As a result, and to better serve our students, Beaver Public Schools started the Duster Learning Academy.

Currently, we have 82 students enrolled in the high school. Due to the size of our school, we are requesting a statutory waiver under title 70 O.S. § 1210.568, which would allow us to offer alternative education services through the Duster Learning Academy with fewer than 10 students. Our demographics do not support 10 or more students out of the 82 enrolled to be eligible for the Duster Learning Academy. However, we wish to offer this to those students who truly need an alternative path to education. Currently, we have 2 students enrolled in the academy and have 3 more potential students that may be enrolled in the second semester.

Thank you for your consideration of this request.

Respectfully,

Jeremy Brashears, Superintendent  
Beaver Public Schools

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

I am requesting a waiver of (70 O.S. 1210.568) for the purpose of meeting the criteria for our Alternative Education program. We are a small rural school district with its own Alternative Education program. Turpin was in an Alternative Education Coop last year with Hooker but that Coop no longer exists. If this waiver is denied Turpin schools would have to try and find several schools to form a Coop to try and reach 10 students. The logistics and distance make that difficult in the panhandle. These are reasons that last year's Coop no longer exists. At this time there are no students in Alternative Education. Turpin has two students that are in credit recovery but we feel that these students can get caught up in house.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement. We have Edgenuity that is offered five class periods throughout the day. A student could also be given a device to take these classes if it was deemed more effective for that student to work from home. A student would be set up in the classes that they need. Teachers would monitor their progress. A weekly appointment with our Counselor would be scheduled to help these students stay on track. It has been several years since Turpin has had a student that was in alternative education.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. Turpin was in an alternative education coop last year with several schools and Hooker was the LEA. This Coop no longer exists.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

A class schedule has been attached.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?  
If positive please describe where the available would be reallocated.

If the district had a student or students that needed an alternative education placement; any alternative education funding would keep the district from diverting funds from other areas.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The goal of having an Alternative Education program is to assist students in graduating from high school. The method that we would use in assessing the effectiveness of the program by the number of students participating in the Alternative Education program that graduate. We believe that providing assistance early to failing students is one of the keys for them to becoming a successful student.

\*\* You will be contacted if more information is needed to process this request.

RE: Request for Waiver of (70 O.S. 1210.568)

Turpin School District is submitting a waiver request because of having less than 10 students that will be participating in our Alternative Education Program. We are a small remote rural school district that has been in an Alternative Education Coop. The LEA of the Coop is no longer participating in the Coop. The remoteness of the panhandle makes it difficult to have these Coops.

With the Edgenuity program that Turpin School can offer, we feel that we are capable of implementing our own Alternative Education Program. Turpin School could issue a student a device if it is more appropriate for the student to work from home. The student would have a teacher assigned to monitor progress. The student would meet with the counselor once a week.

Sincerely,

A handwritten signature in cursive script that reads "Travis Smalts".

*Coop Agreement*  
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.**

Okeene High School is requesting a deregulation of the Alternative Education program based on the needs of our students. After evaluating the alternative education program, we feel that we can best serve our students with a credit recovery program offered throughout our school day. We have a specific room and teacher designated to offer credit recovery to our at-risk students. Students who are participating in this program are given targeted attention in a small group setting. If our students are unable to attend these recovery classes, they may become frustrated trying to catch up in the traditional classroom. Also, these students need an adult frequently checking on their progress and this program allows for the credit recovery teacher to check and mentor them on a daily basis.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.**

Students who are at-risk of not graduating meet with the high school counselor and principal to discuss options for how to best catch them up. Then a course of instruction plan is made to ensure they are on track for graduation. Programs are assigned after all of this has been discussed and agreed upon. We feel as a school that we can better serve these students in our own building rather than co-opting with a nearby school. It is hard for our students to make accommodations to travel to a nearby school. They also miss out on opportunities to participate in some elective classes when in a full time credit recovery program. We have had little success with the traditional alternative education program. While the program itself has been successful and engaging for our students, they become quickly disconnected from our school community and many end up dropping out when they turn 18.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.**

The past two years have been difficult for many students. Going virtual and getting quarantined has put several students behind and lacking needed credits for graduation. We strongly believe that credit recovery programs will help buffer the effects we have seen the past two years. We can provide a more personalized program that helps students catch up while allowing them to participate in electives and activities going on in the school. These students do not need to be pulled out as much as they need time and help to catch themselves up.

- D. **Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)**

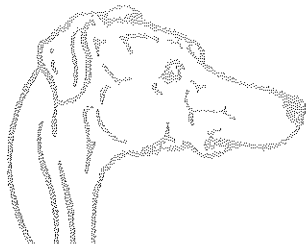

Class schedule is attached

- E. **Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.**

Our credit recovery teacher is being funded by ESSA funds. This has allowed us to hire additional teachers that will help students who are struggling. We will receive no funding for alternative education. This credit recovery program will negatively impact the school after the ESSA funds run out. We feel as a school this money is worth investing in our struggling students.

- F. **Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.**

We will be using course completion percentages, STAR Reading scores, ACT, and graduation rates to evaluate our program.

Mike Jinkens, Superintendent

September 28, 2021

To Whom it May Concern,

Okeene Public Schools is asking for a waiver for the alternative education program. After evaluating our students' current needs, we feel that a credit recovery program will better serve our students. We are making long term plans for this program as well as providing counseling to our at-risk students. We feel that a full alternative program is not needed for our population of students who are behind. We do not want to restrict our students from being part of our regular school curriculum and day. The credit recovery program we currently offer will fill the needs of our students who are at-risk of dropping out. Thank you for your consideration.

Respectfully,

A handwritten signature in black ink, appearing to read "Mike Jinkens". The signature is fluid and cursive.

Coop Agreement \_\_\_\_\_  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Bennington Public School is requesting a waiver to allow the Alternative Education Program to serve less than 10 students. We are a very small school district and our nearest Coop is 30 miles away. This program has been successful at Bennington and has allowed students to graduate high school when they may not have done so in a traditional setting. It has also allowed students to graduate and receive a diploma after dropping out of school and returning at a later date.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

The alternative program serves at-risk students who may not graduate without this program. We are a small rural school with a high percentage of free and reduced lunches. We serve students such as teen parents, students having to work full-time jobs to help their families, and students taking care of elderly parents or grandparents whom they live with. This program allows students to graduate from high school and pursue future education or join the workforce. At the beginning of the year, we usually only have a student or two. However during the year, we seem to accumulate a few more students that are struggling.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

Yes, Bennington Public School has participated in an alternative Education coop before. The nearest coop is 30 miles from our school. It was just not a good fit for our students due to the distance they had to travel. Due to distance of the coop and travel time, students missed out on other activities they wanted to participate in. We have received this waiver in the past and we have been very successful with a very high graduation rate. Students scores improved due to the students' desire to remain close to home and be able to receive the help they need from people they love and trust. Our school is pk-12 in one building. The students know all of the teachers and will confide and seek help from the staff.

- 
- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The class schedule will be 7:50 am -3:30 pm.

The alternative education program will follow the district calendar which is attached.

The alternative program will have direct instruction, tutoring, and software instruction through Study Island, Edmentum, and Courseware.

Life skills, counseling, and career guidance will be offered as well.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The program is on-site and cost effective due to the savings from transportation cost. The nearest coop is over 30 miles away. The funds saved from the transportation cost will be used to purchase necessary materials for instruction.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will analyze the graduation rate, the drop-out rate, class completion, attendance data, ACT scores, and the OCCT scores for students.

We will analyze the TLE and School Report Card to measure the effectiveness of the staff.

\*\* You will be contacted if more information is needed to process this request.

Subject: Statutory Waiver Concerning Cooperative Agreements for Alternative Education Programs

Please accept our request for a statutory waiver for the 2021-2022 school year concerning cooperative agreements for alternative education programs. Our nearest coop is located 30 miles from our district. Distance and travel time keep students from actively participating in other activities offered at school. Students that are in our alternative education program can participate in other activities easier because they are on site more hours of the day.

The number of students enrolled in the alternative program are low at this time. Bennington Public Schools has always had a strong alternative education program. We are a small, rural school. Some of our students need this program to graduate and succeed. However, because of the pandemic, many students who would benefit from this program have chosen to stay with distance learning. We expect the program numbers to rise as we go through the school year, but we request the waiver in case it is needed.

Sincerely,

Pamela Reynolds  
Superintendent  
Bennington Public Schools

70 O.S. 1210.568

OAC

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

District is small rural K-8 and has experienced budget shortfall and reduced size of faculty.

We currently do not have enough teachers to service a separate alt ed program.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

A one year waiver will give us time to re-address the needs of the students and adjust assignments of teachers if necessary.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

The district is experiencing a shortfall and request to relinquish the funds back to the state for one year.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

A one year waiver is suitable for review of the faculty and assignments plus the needs of the very small district.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The waiver will enable the district to serve the students within the scope of elementary education and give time to review any further needs.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.  
evaluation of this process will be that of administrative review of data received from teachers. and review of the RSA data along with parent input.

**\*\* You will be contacted if more information is needed to process this request.**

Charlene Carter, Superintendent

Oklahoma State Board of Education

Moseley School District would like to apply for a waiver to the Alt Ed program for this year.

The district is very small and has lost some employee's due to budget.

We are prepared to relinquish our funds for one year to regain proper assignment structure to be able to provide this service in the future.

Respectfully,

  
Charlene Carter

Superintendent

70 O.S. 1210.5408

OAC

Coop Agreement  
NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Due to funding issues, low alternative education enrollment numbers and to have the ability to accommodate our students needs Paoli School (25, I005) is requesting a statutory waiver/deregulation for our alternative education program (70 O.S. ss 1210.568 COOP Agreement). We currently have one student with certain needs enrolled and offer our program during the school day (which student needs are available). The closest alternative COOP program is offered in the evening and in another school district which conflicts with the needs of our student.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

We currently employ a retired educator to instruct and oversee our education needs in our alternative education program (cheaper than employing the COOP). Students that need counseling and special education accommodations will have a greater access with our program which is offered during the regular school day. The student in question has had transportation issues to and from the COOP (this will no longer be an issue since the student can ride the regular scheduled bus route bus. With all the accommodations that we are able to offer during the school day we have no doubt that this will improve the learning environment and student outcome for all involved.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

We are a small rural school with about 250 students. To be able to accommodate every student will impact all that are involved in the educational process for our students and school.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.  
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

This waiver would greatly benefit our school and our students. Our school district will be able to save money and provide greater services to our students.

F. Describe method of assessment or evaluation of effectiveness of the plan.

The method of assessment will be student outcome. The effectiveness of the plan will be monitored throughout the school year.

\*\* You will be contacted if more information is needed to process this request.

NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

Panola School does not anticipate having at risk students due to our low student population in grades Pk-8 totaling 54 students. We feel we can educate and reach these students due to our low teacher to student ratio. We would like to forego to allocation. In the event an alternative option is needed we would first reach out to Red Oak, our neighboring district with which we also share a Superintendent.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

Low teacher to student ratios will allow students to receive more individual attention and structure just like they were in an alternative setting. They will still have access to a special needs teacher if needed, and be allowed to participate in all activities, and functions by remaining on our campus and with their classmates.

**C. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

No real financial impact positive or negative will be made. We are foregoing the allocation, but don't have a student need, or a teacher of this program in which to code it to.

Suite 112  
Oklahoma City, Oklahoma 73105

Dear Alternative Education Division and Accreditation,

Panola Schools respectfully requests the granting of a statutory waiver for Alternative Education. We are a newly formed Pk-8 school due to the loss of our high school last year. We would like to relinquish any funds received for this program. We do not anticipate any at risk students in need of this specific program, and feel we have a small enough teacher to student ratio to serve their needs should they arise.

Sincerely,

Bryan Deatherage,  
Superintendent

NAME OF WAIVER

**Statute/Oklahoma Administrative Code to be Waived:**

(specify statute or OAC (deregulation) number: (see instructions))

\*Original signatures are required. The attached questionnaire must be answered to process.\*\*

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Paden has been a member of the Prague Alt Ed Academy for the last 15 or so years. Prague has a new superintendent this year and did not realize that we have been a part of the co-op, so my application was rejected by the SDE to join that co-op since he had already filled out his application that he was not the LEA for any other schools. We discussed it last week after I was informed by the SDE, so we do plan on being part of the Prague Alt Ed Co-op again next year, but for the time being, we have assigned a teacher and have the necessary requirements, curriculum, life-skills, and counselor in place, in the event that we receive a student who is in need of alt ed. (Prague is 7 miles from Paden.)

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Our plan is to house the alt ed students in a separate classroom, which is located across from the high school. The classroom is a two-room building which would allow the alt ed students privacy and plenty of space for the varied activities required for an alt ed academy. This would best serve the students of our district by keeping them in the district, and allowing them to still see their classmates on a regular basis, if they wish. It would allow a small teacher to student ratio for more one on one time for those students who are already struggling to meet graduation requirements. And since the classroom is at our campus, it would keep students closer to their homes.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. We have participated in the Prague Alt Ed Academy for many years. There was an oversight this year, so we were not able to participate with them, but we intend to go back to that co-op next year. (We have not had to ask for this waiver in the past.)

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

At this time, we have no students in our alt ed program. Since each alt ed student would need a different class schedule depending on what he/she is lacking in order to graduate, we will individualize each schedule to fit the student. They will follow the same school calendar as our main site, but with abbreviated days. (Same holidays and breaks.)

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

At this time, we do not anticipate any financial impact, with the exception of a stipend for the teacher. Since we did not know that we were not in a co-op until recently, we had not hired this position out, but after visiting with the staff, we do have some available staff members who would be willing to take on these duties. If the auditor would allow, we would offer a small stipend, on top of regular salary, for taking on the extra duties associated with this position.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will use ACT scores, along with graduation rate for our school. Our goal is to graduate these students who are at-risk and give them the tools needed to succeed in life outside of school. We will also have the goal of employment when they leave school.

\*\* You will be contacted if more information is needed to process this request.

## WAIVERS / DEREGULATIONS

9-22-2021

To: Accreditation Division, OSDE

**70 O.S. § 1210.568 - COOP Agreement: Public school wants to serve fewer than 10 students in alternative program instead of cooperating with other districts.**

The Paden Board of Education met on September 27, 2021, to approve the waiver for alternative education for the 21-22 school year. We will offer and operate our own alternative education academy this year, but with the intention of returning to a co-op situation with the neighboring school next year. (Please see the attached application for reasoning behind this decision.)

Sincerely,

Michelle Stiles, Paden Supt.

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Wilson Public Schools is requesting the Waiver for Co-op, OAC 210;35-29-2.

The Alternative Ed Program will have fewer than 10 students. At this point in the program there are no students enrolled in the Alternative Ed Program.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

The Alternative Education Program will work with the needs of the students to accommodate their personal situations. However, the program will operate Monday through Thursday, for approximately 5 to 6 hours per day. We will work on credit recovery as well as personal and behavioral situations.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. There will be no educational impact on the district. We currently have no students in the program. Received no funds for this year. And do not anticipate serving any students in this capacity this year.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Attached is a school calendar. The Alternative Education Program will follow the same calendar as the high school.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Wilson district will be able to use alternative education funds to meet individual needs of our students. Students will be more personally served by this approach and able to adapt a program to fit individual needs. Funds would be used to purchase software or possibly Chromebooks to help reach students virtually. Teachers would also be paid 5% above the step for their time with Alternative Education students.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, i.e., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
- Students will be evaluated through the use of E20/20, Edmentum, Study Island, and standardized achievement test. This will provide weekly, monthly, and yearly and measures of student progress. The Wilson Graduation Rate will drop considerably due to the Pandemic situation; however, we do expect to make adjustments to address these situations as they arise. Although we have an increasing number of students on our RSA list we are currently implementing strategies to address these deficiencies.

\*\* You will be contacted if more information is needed to process this request.

9/21/2021

On behalf of Burlington Public School, I am requesting a deregulation waiver for our Alternative Education program • 70 O.S. § 1210.568 for the 2021/2022 school year. We do not meet the ten student minimum requirement for an alternative education program. This approval will allow our students to remain at our school and receive services from our staff on campus at Burlington School. This will also allow the students to participate in extracurricular activities more easily. Due to the rural area we contain, transporting students is always an issue. Not being at our site could create situations where a student would miss an activity.

Thank you,

Kevin Brown  
Superintendent

NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Forgan is a small rural school and has belonged to the Hooker Alternative Education Coop for many years which is approximately 45 miles away. We have sent our allocation to Hooker for the duration of this program. We have not sent a student to the Hooker Coop for services for the entire time the program has been in existence. We have an excellent staff that has been more than willing to help any student that is in need of alternative education, virtual or online studies. We are able to accommodate our students on site here if the student is in need of services, credit recovery, or work study. 100% of the students and faculty would benefit from the waiver due to not sending our student out of district or the student dropping out of school without graduating. +

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Alternative plans will include online classes with Edgenuity, Virtual classes, or online classes. The student will be allowed to attend any class that is on the schedule and participate in any extra curricular activities of which he/she wants. We have a part time librarian and a part time counselor that could assist any student(s) in the library or classroom with classes.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. Yes, Forgan Public School was a part of the Hooker School's Alternataive Coop but has never sent a student to the Coop. The District has been able to provide service to any student who need additional help to graduated.

No, the District has not applied or been granted a Waiver for Alternataive Ed

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Services would begin immediately upon request of a student for services. The student would apply to be serviced through Alternative Education in the event that the student is short of credits to graduate or has missed too many days of schools.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The District is not scheduled to receive any allocation for the Alternative Education Program this year. Should a student need the service, the District would have to pay that person to supervise and provide the needed classes to the students. This would be a financial hardship on the District and the schedule as we would have to reschedule a certified teacher to accommodate the student. We could not afford to hire an additional part time teacher for the position.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Teacher will be evaluated three times a year using the TLE. The administration will meet with the teacher frequently to discuss the strengths and concerns about the program. Changes will be made accordingly.

Student's success will be evaluated on grades, attendance, graduation, and after high school success.

\*\* You will be contacted if more information is needed to process this request.

# Forgan Public School

PHONE (580) 487-3366

FAX (580) 487-3368

P.O. BOX 406

FORGAN, OKLAHOMA 73938

To: Oklahoma State Department of Education

Forgan Public Schools is experiencing a decline in revenue. Our Temporary Appropriations estimate that we will receive about 1.6 million dollars. Our revenue has typically been around the 1.9 to 2 million dollar range. We also get very little formula money, therefore, any of the employee raises over the last several years are an unfunded mandate for us. This situation has caused us to look for ways to save money.

Our school has always belonged to the Hooker School's Alternative Education Program due to the 10 student requirement. Hooker is about 45 miles to the West of Forgan. Forgan has never sent a student to Hooker for any services. Even if we would have had a need, the distance was prohibitive. Hooker received our money and we did not send any students.

Hooker will not have an Alternative Academy for the 2021-2022 school year. We have not had any student or parent request the alternative program nor have any of our students met the qualifications. Our entire student body consists of 112 students from prek-12<sup>th</sup> grade. The entire staff is a highly qualified staff and more than willing to help any student at any time. In a small community, everyone is aware of everyone's stresses and hardships and the staff will be rescheduled to accommodate the students in an effort for them to be successful and graduate.

We are prepared for the rescheduling and also have Edgenuity (a software for curriculum), Virtual, and online classes.

If you need anything else from us, please do not hesitate to ask. Thank you for your consideration on this matter.

Sincerely,

  
Freida Burgess

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Schools are keeping students and using programs such as Edgenuity for credit recovery. The mileage is to the closet possible district to coop with is 6.1 miles being Wilson Public Schools. Our alternative means will be using Edgenuity for our few student's that require credit recovery. 6%-10% of our student population will benefit if the waiver is approved.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Our student's will be served by using the Edgenuity program for what credit recovery they require. Our student's go to regular classes and Vo-Tech along with the credit recovery. Student's thrive in this type of setting feeling they are not separated from the school population on a daily basis. They have chance to be active in band, athletics, and student organizations. The graduation rate for Healdton would range in the 95%-100% if the waiver is granted.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

We have been part of an alternative education coop previously with our site being LEA. Surrounding schools then decided it was more feasible for their student's to do credit recovery in their home district. This is our first time to apply for the Alternative Education Waiver.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The district would lose the Alternative Education 388 we receive. The money received only covers a small portion fo the teachers salary. This would be totally absorbed by our general fund.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Method of assessment for staff will be the use of the TLE. Student method of assessment will be use of ACT scores, graduation rates, and school report card.

\*\* You will be contacted if more information is needed to process this request.

*Terry Shaw  
Superintendent*

*October 11, 2021*

To Whom It May Concern,

On behalf of Healdton Public Schools, I would like to request a Waiver/Deregulation for three (3) years beginning FY22 for three (3) years. The Waiver requested is OAC 210:35-29-2 (Alt Ed), to not have Alternative Education for the upcoming years. We don't have true Alternative Education student's. Our students are more Credit Recovery definition. We serve fewer than ten (10) students.

Thank you for your time and dedication to our profession

Sincerely,

A handwritten signature in black ink, appearing to read 'T. Shaw', is written over the printed name and title.

Terry Shaw  
Superintendent

K-8 district

NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

Tenkiller ( a PK- 8th grade school ) does not offer alternative school and we do not receive funding for alternative school. We offer individualized courses of study for students who are having difficulty completing our regular school program. We have a counselor who counsels the student and guardian/parent and works to find a way for the student to be successful. We have been successful in keeping our students engaged and they complete the 8th grade.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

We offer regular in person school, a blended learning option, and a full virtual option. We offer counseling, tutoring, and mentors to our students to make sure they are successful.

**C. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

If we had to join a coop for alternative school for our Pk-8th grade students it would have a negative financial impact on our schools and take funds away from our students. We have not had any students who would be candidates for an alternative school program during the last two years I have been superintendent.

Dr. Marilyn Dewoody, Superintendent

August 30, 2021

State Board of Education::

Tenkiller is a PK- 8<sup>th</sup> grade school. We do not have an alternative school. We are a small school and we work with each student and their family to find a way for the student to successfully complete the eighth grade. We offer in person school, virtual school, and a blended model. We do not have a drop out problem and our funds are better spent on helping every student successfully complete our program instead of paying an alternative school co-op for a program we do not need.

Sincerely,

Dr. Dewoody

Re: Alternative School Waiver

The Tenkiller Board of Education met on September 12, 2021 and approved a waiver application for Alternative School. Our PK-8<sup>th</sup> grade school has been successful in preventing dropouts. We offer individualized programs of study for our students in an in-person, blended, or virtual setting.

*Coop Agreement*  
NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

To serve fewer than 10 students in the alternative education program rather than participating in a cooperative agreement with other districts. We, at this time, do not have many students that need an alternative path to graduation.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

The district will continue to implement and execute an alternative plan with a strategy to expand the alternative program. We are advertising the avenue to any who may benefit from an alternate course structure.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

There is no educational impact on the district.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

School year 2021-2022

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

There will be a positive impact. The funds will be reallocated to fund outside motivators to help guide students. These outside motivators will include trips the the Tulsa Performing Arts programs, ropes course, trips to local museum and other points of interest as well as local colleges, universities, and technical training schools. Funds will be reallocated to acquire guest speakers and programs. Also funds will be reallocated to teach life skill. We have a kitchen and laundry on campus and we would like to utilize those for our prospective alternative students. Purchasing supplies for those lessons will come from reallocated funds.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will assess the plan using the TLE, ACT scores, graduation rates and post-secondary opportunities obtained by students.

\*\* You will be contacted if more information is needed to process this request.

**D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.**

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Our alternative program is during the day and parallels the traditional program utilizing the same staff.

**E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

There is no financial impact to the district.

**F. Describe method of assessment or evaluation of effectiveness of the plan.**

Growth will be the method of assessment for the duration of the waiver.

4600 WEST 151st STREET SO. • KIEFER, OKLAHOMA 74041

August 3, 2021

To Whom It May Concern:

This is a formal request to grant Kiefer High School a statutory waiver for 70 O.S. 1210.568. The high school is currently able to provide services to all our students in the traditional school setting. At this time, our high school does not have students enrolled in our alternative education program.

Thank you for your consideration on this issue.

Sincerely,

Randy Shaw  
Superintendent  
Kiefer Public Schools

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

The reason for the waiver request is because we only have 9 students currently enrolled in Alternative Education. The closest district would be 10 miles from our campus which would require us to employ an additional staff member to transport these students. Approximately 2% of our student population will benefit from approval.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

The strategy that we use for our Alternative Education students is through a computer based education program called Acellus. Students are able to work at a pace that will enable them to achieve a diploma at the normal time. This program allows us to closely monitor each student's progress and guide them to complete their graduation requirements. Last year we had a 100% graduation rate.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. No, we have not participated in a coop before. Yes, we have been awarded this waiver in the past and have had very positive results. We have had students that have thrived in the alternative ed setting that would not have been successful in the normal classroom setting.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Class schedule will be from 8:15-1:30, students will be contained to a single classroom. Alternative ed will still follow the same school calendar.

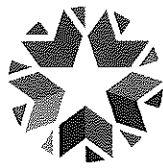

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

There would be a negative impact to our district if the waiver was denied. The reason is that we would have to add additional staff member to transport these students to another facility.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

TLE would be used to assess staff members. Students will be assessed by means of report cards and graduation rates.

\*\* You will be contacted if more information is needed to process this request.

**Alternative Education Teaching Out of Certification Exemption Request**

"Teachers must be certified teachers but are not restricted to grade-specific or subject-specific areas. Assignment out of regular subject area(s) or grade level(s) certification requires State Department of Education approval." (OAC Section 210:35-29-6). Areas that are not available for exemption are special education, AP courses, and career tech courses.

September 29, 2021

Mounds Schools does at this time request a statutory waiver to continue to operate our Alternate School here and not send our students to a co-op. Our numbers fluctuate a lot, and although our current numbers are low (2), we feel that fact that each of these students is passing in all classes and are on track to graduate demonstrates the success of the program for those students. We feel that these students would not be better served in a coop, as they are being currently successful.

Sincerely,

A handwritten signature in black ink, appearing to read "Doran Smith", written in a cursive style.

Doran Smith, Superintendent

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

We live in a rural district and many of our students travel as much as 30 miles one way to school. The nearest district to coop with would add an additional 20 miles onto their daily commute. Facilitating our own program will save our students additional travel where otherwise can be spent on instruction. We believe the transportation time and removal from familiar surroundings along with the the extracurricular activities we offer, can hinder the learning goals of our students. We are concerned that should they have to commute to a coop district, they may decide not to continue in the program.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Providing the opportunity for students to stay at district school allows the students to participate in extracurricular activities, i.e. athletics, academic team, ICAP activities, FACS, music, and art, with his/her classmates and other school peers.

Staying at the district school allows the student to build and maintain student/teacher relationship that lends to serving the student's academic needs with one-on-one intervention during the school day and available tutoring outside the normal school hours.

Current students are part of the ground floor on two of our district projects/programs: a greenhouse and a new e-sports team. The students have talent and passion for this area.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. We have participated in an alternative education coop about 10 years ago. It was not beneficial to our students academically and for post-secondary planning. We have been awarded this waiver since, realizing a positive educational impact to the district. Our program continues to have a positive impact on our graduation rate and with students having post-secondary plans to further their education.

We are a one-site district so there is no impact on another site.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Please see attached:

School Calendar  
Class Schedule  
Student Schedule

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Being able to keep our students in our classrooms will save on transportation costs and reduce time lost for instruction due to transporting. We are able to manage our program with current staff and would not have to add an additional support staff member to transport students to another location.

See attached:

Budget

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.  
The curriculum used in the Alt Ed program has assessments to monitor concept mastery. The students also take the ACT on-site at least one time.  
Effectiveness of the plan is assessed with report cards, ACT scores, and graduation rates. All certified staff are evaluated using the TLE process.  
Evaluation and teaching of social, life skills and etiquette is made on a daily basis in the classrooms and hallways. Students receive individualized assistance with their college-and-career-readiness plans.

\*\* You will be contacted if more information is needed to process this request.

Fax: 580-328-5237

---

September 28, 2021

To Whom It May Concern:

Taloga Public Schools is requesting a deregulation for the minimum number of students served in the Alternative Education program. Our district is small and will serve fewer than ten students during the course of the year. However, we feel that it is in the best interest of the students in our district to be served in Taloga. WE are able to closely monitor the student's classes, provide them one on one assistance, and make necessary accommodations to ensure the student's success.

Sincerely,

A handwritten signature in cursive script, appearing to read "Marsha A. Cusack", is written over a rectangular area of the document.

Marsha Cusack

Superintendent

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Vici Public Schools has participated in multiple Alt Ed Coops in the recent past, but because of the distance of over 20 miles to the nearest district available coop, these previous coops have not been successful, and students have not benefited from those prior agreements. If the waiver were denied, Vici Schools would enter into another agreement with a neighboring LEA coop. The percentage of Vici Public School students that could benefit from receipt of this waiver is roughly 5%.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

The receipt of the waiver will allow Vici Schools to have flexibility in serving the students of the district who need alternative educational opportunities. Vici Schools plans to continue to offer elective classes for alt ed students, allowing them to participate in district extra-curricular activities if they choose. Over the last several years, the district's graduation rate has increased, and this increase can be attributed to individualized program we are able to offer to each of our students.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

Vici Public Schools has received an alternative education for the past 5 years. This program has been so successful that the district did not have any alternative education students in the 20-21 school year because the current program has kept students on pace.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?  
If positive please describe where the available would be reallocated.

For the 2021-2022 school year, the district will not receive alternative education funds from the state. However, this will not negatively impact the program we are able to offer students in the district.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Graduation rates will be the main source of evaluation data used by the district to determine effectiveness of the program, staff and students within the program.

\*\* You will be contacted if more information is needed to process this request.

State Department of Education:

Accreditation Standards Division

Vici Public Schools requests a statutory waiver and deregulation for our alternative education program. Vici Schools has attempted to participate with two different cooperatives in which our money and our students traveled to other schools. The distance that alternative education students had to travel has been the major road block in the success of our students in the program. Since implementing our own alternative Education program, several years ago, we have seen a decrease in the number of dropouts over those years. We request this waiver so that we might be able to offer our students the same opportunities as we have the last few years.

Sincerely,

Coby Nelson, Superintendent

Coop Agreement  
NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

Tuttle is 10-15 miles from our neighboring districts. If this waiver were denied, we would have to seek out a neighboring school that we could potentially serve our kids with and also work to secure a means of transportation for the kids we serve.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

The majority of our alternative education students are on the verge of dropping out. Being able to serve our own kids allows us the opportunity to better meet the academic, social, and emotional needs of these students.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

We have been granted this waiver in the past and it has allowed us the flexibility we need to best meet the needs of our at risk population.

**D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.**

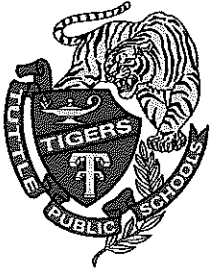

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

We use Edgenuity for our instruction and follow the same calendar as our traditional student population. Assessment is done through the Edgenuity program.

**E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

**F. Describe method of assessment or evaluation of effectiveness of the plan.**

Using the traditional forms of assessment to measure success would be a disservice to the program and the students we serve. This is our most at risk population and our main goal is to get them to graduation.

Mr. Pieper:  
Oklahoma State Department of Education  
Accreditations/Standards Department  
2500 North Lincoln Blvd., Room 210  
Oklahoma City, OK 73105-4599

Re: School Site Waiver Application

Dear Mr. Pieper:

Tuttle Public Schools is requesting your consideration of a waiver for 70 O.S. § 1210.568 - **COOP Agreement** - for a public school wanting to serve fewer than 10 students in the Alternative education program instead of COOPing with other districts.

We are requesting this waiver so that we may serve students within the District instead of potentially sending them to another district for services in an alternative education program. Tuttle Schools has been serving students in an alternative education environment for several years, but realized that we do not consistently serve at least 10 students on a daily basis throughout the year.

The District has committed a facility, staff, web-based educational programming, and technology to the students served in this program and has experienced a high level of student success as a result of providing this service.

Sincerely,

Keith Sinor  
Superintendent, Tuttle Schools  
ksinor@tuttleschools.info

*Coop Agreement*

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

Under 70 O.S. 1210.568 COOP Agreement. We are requesting a waiver from providing alternative education.

Kildare is a Prek-8th grade elementary school that does not receive alternative education funds from the state and we currently have 10 students in 7th grade and 2 students in 8th grade and we do not feel like we have any students in need of alternative education. If the need does arrive we feel that our full time counselor and current staff could provide the necessary services.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

We have small class sizes(between 5 and 15). In our 7th and 8th grades we offer tutoring two to four times a week. Our star test results show that most of our kids are doing well and with the tutoring we feel that they are getting the services they need.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

If required to provide an alternative education program the cost would exceed \$50,000.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)  
N/A

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.  
The program would cost us at least \$50,000 more than our current general education budget.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.  
N/A

\*\* You will be contacted if more information is needed to process this request.

September 8, 2021

Mrs. Joy Hofmeister  
& State Board of Education

Kildare School requests a school site statutory waiver for Alternative Education. (70-1210.568, Section F) We feel that we do not have students in need of Alternative Education and do not receive state funding for Alternative Education. In lieu of Alternative Education we have small class sizes and provide tutoring for our 7<sup>th</sup> and 8<sup>th</sup> Grade students.

Thank you for your consideration.

Respectfully,

510 District Total

10/5/2021 DATE RECEIVED

70 O.S. 1210.568

OAC

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Wellston Schools is requesting waiver to ensure the district is in compliance with Oklahoma Statutes. The closest known district to coop is 23 miles in Stroud. Our current Alternative Education Program currently serves less than 10 students according to the requirements. If denied, the District will be forced to incur costs for additional certified staff and bus transportation. In addition, the student(s) would be forced to travel the 23 miles two times per day each day to accommodate.

If approved, 2% of our school population would benefit from the waiver.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

With this waiver, Wellston will be able to better serve its students in the following ways:

- 1) Waiver will provide scheduling flexibility including online curriculum options that allow for Career Tech enrollments.
- 2) Waiver will allow At Risk Students to stay on campus to receive social, emotional, and counseling services. These services a better opportunity for these students to complete their high school education.
- 3) Waiver will allow students to stay connected with their classmates and the Wellston school community.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

No-

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

see attached

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?  
If positive please describe where the available would be reallocated.

This deregulation waiver, if approved, would save the district costs associated with hiring additional certified staff, bus drivers, and fuel costs.

If denied, the district would be negatively impacted by the costs listed above.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Graduation rates will be the primary method of evaluating and assessing our plan.

At Wellston Public Schools, we pursue educational excellence for all students. We recognize that students, faculty, staff, and parents share the responsibilities for learning in a safe and developmentally sound environment. This plan will help us reach our most At Risk students here on our campus with our staff.

\*\* You will be contacted if more information is needed to process this request.

September 30, 2021

To Whom It May Concern:

I am requesting approval for a statutory waiver (COOP Agreement) for the 2021-22 school year. We are wanting to serve fewer than 10 students in our alt ed program instead of COOPING with other districts. We want to ensure we are in compliance with OK statutes. The closest known district for available coop is 23 miles in Stroud. We will evaluate and monitor our graduation rates while continuing to pursue educational excellence for all students. Thank you for your time and consideration. If you need more information, please contact me.

Respectfully,

A handwritten signature in black ink, appearing to read "Mike Franz", written in a cursive style.

Coop Agreement

NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Luther Public Schools is requesting an abbreviated school day for the Luther Alternative Education program (OAC 210:35-3-46. The Luther Academy will meet Monday-Friday, 11:00am - 3:20pm, with time devoted to core school curriculum, implementations of job skills, elective credit opportunities and or school to work programs (OAC 210:35-3-46

- (1) It is 17 miles to Choctaw (nearest possible district to coop with).
- (2) Alternative means if denied would be cost for transportation (mileage and driver.
- (3) 2% of our population will benefit from the waiver.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

It is the desire of Luther Public Schools to develop an Alternative Education plan that will operate on the same calendar as the traditional students for the next three years. The plan will have clearly defined times and components that will meet the needs of the school district. Students will have the following options:

- (a) To Attend Eastern Oklahoma County Technology Center (am or pm schedule).
- (b) Approved work-site learning (students may be employed at an approved work site that allows regular on-site visits by the high school administrator).
- (c) Approved community service/volunteer work (students must have documentation of an approved community service program that allows regular visits by the high school administrator or communication by phone regarding the students job performance/volunteer status).

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. Yes, LPS has participated in an alternative education coop previously. Yes, LPS has been awarded a 3 year waiver in the past. The academy will serve high challenged and/or at risk students. It will focus primarily on student drop-out prevention and credit recovery. The goal of the program is to assist the student in developing coping and problem solving study skills, in addition to educational skills, that will help the student to obtain the essentials needed to graduate from high school. Life skills, job rediness, and career exploration are integrated into the daily curriculum. Students will work at self-pace and must perform at the same level as tradiitonal students to receive course credits.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Please see attached school calendar.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The financial support of the program will be provided by Luther Public School District. It is our belief that the students served would not be in school if this program were not made available to them. There is a positive impact made on our community from the benefits of this program. Students pursuing their education far outweighs any extra revenue needed for this program. The location, availability, and support from the local school district will not only improve our community relations, but it will also reiterate our commitment to meet the needs of all Luther Public School students.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The program will be evaluated in both the formative and summative methods. The program will have an end-of-year program report and will be in compliance with all reports required by the Oklahoma State Department of Education.

\*\* You will be contacted if more information is needed to process this request.

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Luther Public Schools is requesting an abbreviated school day for the Luther Alternative Education program (OAC 210:35-3-46. The Luther Academy will meet Monday-Friday, 11:00am - 3:20pm, with time devoted to core school curriculum, implementations of job skills, elective credit opportunities and or school to work programs (OAC 210:35-3-46

- (1) It is 17 miles to Choctaw (nearest possible district to coop with).
- (2) Alternative means if denied would be cost for transportation (mileage and driver.
- (3) 2% of our population will benefit from the waiver.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

It is the desire of Luther Public Schools to develop an Alternative Education plan that will operate on the same calendar as the traditional students for the next three years. The plan will have clearly defined times and components that will meet the needs of the school district. Students will have the following options:

- (a) To Attend Eastern Oklahoma County Technology Center (am or pm schedule).
- (b) Approved work-site learning (students may be employed at an approved work site that allows regular on-site visits by the high school administrator).
- (c) Approved community service/volunteer work (students must have documentation of an approved community service program that allows regular visits by the high school administrator or communication by phone regarding the students job performance/volunteer status).

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. Yes, LPS has participated in an alternative education coop previously. Yes, LPS has been awarded a 3 year waiver in the past. The academy will serve high challenged and/or at risk students. It will focus primarily on student drop-out prevention and credit recovery. The goal of the program is to assist the student in developing coping and problem solving study skills, in addition to educational skills, that will help the student to obtain the essentials needed to graduate from high school. Life skills, job rediness, and career exploration are integrated into the daily curriculum. Students will work at self-pace and must perform at the same level as tradiitonal students to receive course credits.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Please see attached school calendar.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The financial support of the program will be provided by Luther Public School District. It is our belief that the students served would not be in school if this program were not made available to them. There is a positive impact made on our community from the benefits of this program. September 22, 2021

Oklahoma State Department of Education  
Accreditation Standards Division  
2500 N. Lincoln Blvd., Suite 210  
Oklahoma City, OK 73105-4599

To Whom It May Concern:

This letter of request is in reference to statutory waiver 70 O.S.1210.568 (COOP Agreement) and to request an abbreviated school day for the Luther Alternative Education Academy. The academy will meet Monday – Friday from 11:00am – 3:20pm. Time will be devoted to core school curriculum, with implementation of job skills, elective credits, and or school to work program.

It is our desire to implement a flexible schedule that enables the students to learn job skills and gain credits that will be applied to the student's high school graduation. The students will have the opportunity to attend an accredited technology center in addition to work-site learning opportunities.

We feel this is a necessary request due to the fact that this academy will provide an alternative educational plan for a variety of students that would be potential dropouts. If you have any questions or need any additional information, please contact me through email at [bgunn@lutherlions.org](mailto:bgunn@lutherlions.org) or by phone at 405.277.3233.

Sincerely,

Barry Gunn, Superintendent  
Luther Public Schools

NAME OF WAIVER

Coop Agreement

A. Reason for the waiver/deregulation request (be specific).

Pleasant Grove Public School is a small dependent school district in Shawnee, Oklahoma. We have 217 students with a low adult to student ratio. Our mission is to work together to provide a safe learning environment where all students master goals through discovery and personalized learning. We inspire students to take responsibility for their choices and empower them to become creative, confident and productive citizens. Pleasant Grove Public School is a 1:1 school providing ALL students with ChromeBooks or iPads to allow us to reach students through a multitude of modalities.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Pleasant Grove Public School is a 1:1 school providing ALL students with ChromeBooks or iPads to allow us to reach students through a multitude of modalities. Alternative strategies include small class sizes, individualized instruction, counseling and social services and opportunities to participate in all extra-curricular activities.

C. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

Pleasant Grove School will not incur any financial impact.

## Regular Board Meeting

### Minutes

October 7, 2021, 6:00 p.m.

#### Board of Education of Pleasant Grove Public School District 63-C-029

Notice of Regular Board Meeting of the Board of Education, Pleasant Grove Public School District 63-C029, to be held on Thursday, October 7, 2021 at 6:00 p.m. in the Multi-Purpose room at 1927 E. Walnut Street, Shawnee, OK 74801

**Date: October 7, 2021**

**Time: 6:00 p.m.**

**Place: Multi-Purpose Room**

1. Meeting called to order and roll call.

*President Jerry Skaggs called the meeting to order at 6:02 p.m. Members present were Jerry Skaggs, Kelly Petty, and Michael Phillips. Others present were Superintendent-Scott Roper, Dean of Students-Deborah Templeman, Minutes Clerk-Christy Roper, Teachers-Amy Seckel, Rhiannon Webb, and Tiffany Phillips*

2. Public participation: Allow public who have signed up prior to the time of the meeting starting to speak three (3) minutes on any current agenda item

*Amy Seckel, Rhiannon Webb, and Tiffany Phillips spoke on item #17*

3. Discuss and vote to approve or not approve the 2021/2022 budget

*Jerry Skaggs made a motion seconded by Kelly Petty to approve the 2021/2022 budget*

*Skaggs-Yes, Petty-Yes, Phillips-Yes*

4. Consent agenda: discussion and possible action of the following items, which concern reports and items of a routine nature normally approved at board meetings, will be approved by one vote unless any board member desires to have a separate vote on any or all items:

- A. Minutes of the September 14, 2021 Regular Board Meeting (N/A)

To Whom It May Concern:

Pleasant Grove Public School has determined we are capable of providing services to our students for Alternative Education. We have acquired enough personal technology devices that designate Pleasant Grove a 1:1 school. All students also have access to Hot Spot WiFi devices that enable them to connect to the internet at home. We also have contracted with Odysseyware to provide distance learning instruction when applicable.

Thank you for this consideration,

Scott C. Roper  
Superintendent

70 O.S. 1210.548

OAC                     

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

Any school district submitting a plan for an alternative education program serving fewer than ten students shall enter into a cooperative agreement with another school district to jointly provide the program unless the program has been granted a waiver from this requirement by the OSDE.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

Leedey Public School will ensure that it provides the 17 research based components according to 70 O.S. 1210-568. 2. Leedey Public School's new Virtual Online Curriculum will allow our district to serve District Alternative Education Students in three different formats. First as a Full-Time Blended Virtual Student, Second as a Full-Time Virtual Home Based Student, and lastly as a Full-Time Change of Placement Home Based Student.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

The educational impact to the district will enable students to receive a free and proper education without a significant amount of travel due to the rural setting and size of Leedey Public Schools' district.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Leedey Public Schools' alternative education program will start at 9:00 and end at 1:45 and will be located in an extra classroom beside the high school office. Students will be served lunch and are allowed to attend athletics/extracurriculars at the end of the day if they so choose. A certified teacher will be overseeing their instruction at all times

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?

If positive please describe where the available would be reallocated.

Costs incurred include a portion of teachers' salary, portion of director salary, online instructional tools, and professional development if needed for optimal use of online tools.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The district evaluates its alternative education plan annually and also evaluates program and student performance throughout the year and adjusts as needed.

**\*\* You will be contacted if more information is needed to process this request.**

To Whom It May Concern:

This letter is a request for the Leedey Public School District to gain a waiver concerning Statute 70 O.S. 1210-568. This statute states any school district submitting a plan for an alternative education program serving fewer than ten students shall enter into a cooperative agreement with another school district to jointly provide the program unless the program has been granted a waiver from this requirement by the State Board of Education.

With the growth of technology and the ability to serve this group of students, it has become evident to districts that we serve our own alternative education students at our local sites and alleviate the travel burden to students.

Leedey Public Schools is requesting to continue to host our own alternative education program and not be required to join a cooperative with another school. We will continue to offer the same high level alternative education program we always have. We are enhancing our program by offering a blended learning environment between virtual curriculum and local resources to better meet all needs of students who qualify for the program.

Thank you in advance for consideration with this matter. If I can be of any other assistance please contact me.

Sincerely,

Rusty Puffinbarger  
Superintendent  
Leedey Public Schools

70 O.S. 1210.568

OAC       

Coop Agreement  
NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

Marble City Public School is a PreK-8th grade school district that has never had an Alternative Education program and has never received any Alternative Education funding. Previous legislation stated that any school with 7th-12th grade students must offer an Alternative Education program. Legislation also stated "For an elementary school district, which does not offer high school grades, the State Board of Education is authorized at 70 O.S. § 1210.586 (F) to grant a waiver from the statutory requirement to implement and provide an Alternative Education program." The legislation goes on to state that "An elementary school district that has not received any Alternative Education funding pursuant to 70 O.S. § 1210.568 shall be granted this waiver automatically and need not apply."

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

Marble City Public School usually has 20 or less 7th and 8th grade students combined on a yearly basis. Our small class size creates student-teacher ratios that are conducive to effective learning for all students, not just at-risk students. Our student-teacher ratio provides the same type of environment that an Alternative Education program would. We also require our students to attend classes all day during a traditional school day which is longer than the 4 hours and 12 minutes required from an Alternative Education program. Finally our classes are taught by certified teachers that are Highly Qualified in core subject areas. Alternative Education teachers are required to be certified teachers but are not restricted to grade-specific or subject-specific areas. We believe that we would be doing our students a disservice by having an Alternative Education program.

**C. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

Marble City Public School has had a declining student population for several years. The declining student population has resulted in less revenue available for our school. If we were required to add additional staff to implement an Alternative Education program it would severely impact the financial stability of our district.

## Marble City Public School Board of Education Marble City, OK June 28, 2021

The Marble City Public School Board met in regular session on June 28, 2021 at 6:00 p.m. in the board room of the Marble City Public School.

Call to Order – Nancy Fields calls meeting to order.

Roll Call – Nancy Fields and Pauline Pettit were present. Reba Rodgers was absent. Quorum was established and meeting was officially open for business.

Item 3 – Board approved minutes from regular board meeting held June 14, 2021 on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.

Item 4 – Board approved authorizing Superintendent Wade Stafford to sign all 2021-2022 fiscal year expenditure reports, disbursements, and cash receipts filed with the Oklahoma State Department of Education (OSDE) for the purpose and objectives set forth in the terms and conditions of the federal award(s) on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.

Item 5 – Board approved appointing Superintendent Wade Stafford as the Marble Board of Education's authorized representative for 2021-2022 school year in the following areas:

- a) Purchasing agent for Marble City Public School
- b) All Federal Programs
- c) Hiring of Temporary Employees
- d) Contracting for labor agreements concerning maintenance, repairs, and remodeling projects
- e) District receiving agents
- f) Activity Fund Custodian

Item approved on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.

Item 6 – Board approved the designation of the following duties to the personnel listed for the 2021-2022 school year:

- a) John Blackbird as district receiving agent.
- b) Carolyn Baldridge as district receiving agent.
- c) Mary Brown as Payroll Clerk, district receiving agent, Insurance Coordinator, Encumbrance Clerk, Minutes Clerk, Registrar and Activity Fund Custodian.
- d) Jeana Underwood as District Test Coordinator, Dean of Students, Registrar, attendance officer, safety officer, and district receiving agent.

Item approved on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.

Item 7 – Board approved appointing Jeana Underwood as Dean of Students to set procedures for students to report bullying, harassment and set procedures to resolve problematic situations and appropriate actions on a motion by Nancy, second by Pauline. Vote: Nancy – yes, Pauline – yes. Motion carried.

**Item 8 – Board approved the following sub-accounts in the Activity Fund (60) for the 2021-2022 school year: Athletics, Petty Cash, Adult Lunch, Special Activities on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.**

**Item 9 – Board approved fundraisers and the purposes for which monies collected in each sub-account to be expended on a motion by Nancy, second by Pauline. Vote: Nancy – yes, Pauline – yes. Motion carried.**

**Item 10 – Board approved submitting a statutory waiver to the Alternative Education Department as a K – 8 school that does not receive Alternative Education funding on a motion by Nancy, second by Pauline. Vote: Nancy – yes, Pauline – yes. Motion carried.**

**Item 11 – Board affirmed Superintendent's acceptance of resignation from Brooke Watts on a motion by Nancy, second by Pauline. Vote: Nancy – yes, Pauline – yes. Motion carried.**

**Item 12 – Board approved edmentum contract renewal for the 2021-2022 school year on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.**

**Item 13 – Board approved all warrants, encumbrances and reports on a motion by Pauline, second by Nancy. Vote: Nancy – yes, Pauline – yes. Motion carried.**

OAC                     

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

The waiver request is due to losing our coop agreement with Hooker Public schools. The next available Coop would be with Guymon Public Schools a 30 minute commute one way. If our district was denied, our at risk students would be in greater danger of dropping out of school. With the approval of this waiver and the advancements in online programs we feel its in the students best interests to work in our school setting to ensure stability and success.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

Our program will meet all the requirements according to 70 O.S. 1210-568. With the new online curriculum our students will have more than one platform and opportunity to have there needs met. It will also be in flexible small group setting within the normal school hours. Many of our at risk kids also have work obligation to work around.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

The educational impact to the district will give the students the opportunity to recieve a quality education without the burden of travel to a coop that is 30 miles away. We are small rural district serving less then 250 students

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

The Tyrone Learning Academy will Start at 8:00 a.m. and end at 3:00 p.m.  
Monday - Thursday. All students will be provided transprotation, breakfast and lunch services as taditional students are. A certified teacher will oversee their instruction at all times.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?  
If positive please describe where the available would be reallocated.  
Costs that would be incurred include a portion of a teacher salary.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.  
The program will be assesed through the moitoring of Act scores, graduation rate, drop out rates, credit recovery information, grades, and student surveys.

**\*\* You will be contacted if more information is needed to process this request.**

Dear Sir or Madam:

I am requesting a statutory waiver (70 O.S. 1210.568) for the 2021-2024 Alternative Education Program. We are a small rural school in the Oklahoma Panhandle who's closest Coop program is 30 miles away. We serve fewer than 10 students through this program in over a ten year period. With the nearest coop being 30 miles it adds additional stress on the students and overall transportation and financial burden on the district.

Sincerely,

**Josh Bell**  
Superintendent

September 29, 2021

Oklahoma State Department of Education  
Attn: Accreditation Standards Division  
2500 North Lincoln Boulevard, Suite 210  
Oklahoma City, OK 73105-4599

To Whom It May Concern:

Re: Statutory Waiver for Alternative Education COOP Agreement

Yarborough School District is requesting a statutory waiver for 70 O.S. § 1210.568 COOP Agreement for the 21-22, 22-23, and 23-24 school years. We are seeking to serve fewer than 10 students in our alternative education program instead of COOPing with another district.

Given our small size and extremely rural location, we believe that we are better able to meet the alternative education needs of our students on-site rather than transporting a great distance to a neighboring school system. The closest school system with an alternative education cooperative would be more than 30 miles.

We respectfully request that we be able to serve our alternative education students locally.

Thank you for your time and consideration.

Sincerely,

Jim Wiggins  
Superintendent

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Given our small size, our alternative education program will certainly serve fewer than 10 students. We believe that we are better able to meet the alternative education needs of our students on-site rather than transporting a great distance to a neighboring school system. The closest school system with an alternative education cooperative is more than 30 miles. If our waiver is denied, given the distance to the nearest alternative education cooperative, any alternative education students that we might have would more than likely have to remain in the regular education setting, which could have a negative impact on their academic success. If approved, 100% of participating students would benefit.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

We believe that we can better serve our students locally. We have been in a cooperative in the past and have never had any students participate in the program. The main reason for this is due to the distance (45 miles one-way). By serving our own students, we will be able to provide a positive and familiar educational setting. Our alternative education program will use an on-line curriculum along with classroom instruction. We will also provide integration with regular classes to ensure our students are involved in school activities.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

We have previously participated in an alternative education cooperative; however, we have never had any students participate in the program. The distance of 45 miles one-way has proven to be prohibitive. We have never applied for a waiver. By having our own local program, we believe we will be better able to design the program to meet the specific needs of our students.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Students attending alternative education would follow our regular school calendar (see attached). Program times would be 8:20 AM to 12:32 PM, Monday through Friday, with students being able to participate in the regular school breakfast and lunch programs.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Financial impact to our district would be related to saving the transportation costs associated with sending students a great distance to another school district. These savings could then be used to fund our local alternative education program in the areas of curriculum, supplies, and instructional materials.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Staff members will be evaluated for effectiveness by using the TLE evaluation system. Course grades, ACT scores, graduation rates, and discipline referrals will be used to determine effectiveness of the student program.

\*\* You will be contacted if more information is needed to process this request.

Cool Agreement  
NAME OF WAIVER

**A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.**

Sperry Public Schools wishes to obtain a waiver for the number of students enrolled in the district alternative education program for the following reasons:

1. The district anticipates more students to enroll into the program during the school year, and expects a possible enrollment of 12 students;
2. The alternative education program at Sperry High School, taught by Sperry Public School certified staff, provides a minimally disruptive shift from the traditional classroom setting to the alternative education setting, and from the alternative education setting to the traditional setting when that occurs;
3. The cooperative alternative education program nearest Sperry Public Schools is that at Sand Springs, which is 18-22 miles from Sperry High School, and would require students to be transported an additional 30 minutes each direction which would like cause additional hardship on the students and increase likelihood of students dropping out; and
4. The district is already short-staffed in the transportation department, and an additional driver would be necessary to transport the students to and from the cooperative alternative education site due to the time and distance involved.

To participate in the cooperative alternative education program at Sand Springs, Sperry Schools would need to hire additional transportation staff (the district has had an advertisement posted on its website for transportation staff applications for the past two years and still struggles to staff the routes run daily as it is). The students would move from a familiar setting staffed by familiar teachers to a new, distant place staffed by teachers they do not know, and the shift from the traditional classroom curriculum to that of the alternative education program at Sand Springs would not be as smooth as if the transition were made to the alternative education program here at Sperry. Due to the fact that the district's current fleet of transportation vehicles are also used regularly, at least one additional fleet vehicle may also be required.

Hiring additional transportation staff and a transportation vehicle as well as adding stress to the already at-risk students in Sperry's alternative education program would currently affect 3% of the high school population, and 4% should the alternative education program enrollment increase to 12 students.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.**

The alternative education program at Sperry High School is developed, maintained, and monitored by the Sperry High School counselor and principal. The program is designed to reduce the dropout rate at Sperry High School, and to that end, the time frame and organization of the program are designed to provide a convenient setting that provides the self-paced ease of an online instructional program with the support from certified teachers and counselor with whom each of the students involved are already familiar. Students enter the alternative education program for a number of reasons that have made the traditional setting of high school stressful or difficult to maintain and often have serious and stressful conditions outside of school; therefore, the district avoids adding to these conditions with the alternative education setting.

Because the curriculum is directed by certified district staff who work closely with the traditional classroom curriculum, the students in the alternative education program are able to receive a similar quality instruction that would be available in the traditional setting.

**C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.**

Sperry Public Schools has not participated in an alternative education coop previously and this is the first request for this waiver, as the predicted student enrollment in the district's alternative education program has been at 10 or higher. This year's lower enrollment expectation is most likely due to situations stemming from the COVID-19 pandemic and associated disruptions to instructional norms. The district expects alternative education enrollment numbers to return to the expected 10-12 per school year after public education in Oklahoma evolves into a state of normalcy.

**D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.**

The alternative education students in Sperry High School Alternative Academy attend Monday through Thursday from 4:00 PM to 7:15 PM. Alternative education students follow the district approved 2021-2022 school calendar (attached) for days to be in session, beginning and ending of grading periods, holidays and breaks, parent-teacher conference days, and beginning and ending of the school year. Each succeeding year of the deregulation will follow the district approved calendar for that year as well.

**E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.**

The financial impact to the district will be a total cost of about \$40,000.00 in salaries and benefits for the certified teachers and counselor.

**F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, i.e., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.**

Each student will take a pre-instruction and a post-instruction assessment each semester. At the beginning of the school year, a success, or transition plan, for post-secondary objectives is developed for new students. For returning students, their plan from the previous year is reviewed and adjusted as necessary. Students also participate in all required state testing and are provided the opportunity to participate in other assessments and activities that provide information for post-secondary programs (ASVAB, etc).

Staff are evaluated through the TLE evaluation. The program is evaluated through evaluation of graduation rates and the School Report Card.

September 14, 2021

Oklahoma State Department of Education  
Office of Accreditation Division  
2500 North Lincoln Boulevard, Suite 210  
Oklahoma City, Oklahoma 73105-4599

To Whom It May Concern:

We are submitting this waiver request for 70 O.S. § 1210.568 to be permitted opportunity to conduct our district Alternative Education Academy with fewer than 10 students rather than join in a COOP agreement with another district. We request this waiver for three strong reasons. First, we anticipate the number of students in our Alternative Education Academy to increase as the school year progresses, as it generally does each year. Second, our students who are in our Alternative Education Academy participate in the program because they are comfortable with the format and the staff working with them. Finally, we request this waiver because if required to join a COOP agreement with another district, we are concerned the additional time devoted to travel and unfamiliarity with the staff will result in Sperry students choosing to drop out rather than complete the program and earn their high school diploma.

While the program costs the district far more than the allocation provided for it, the continued service to the district students and reducing the number of dropouts is worth the cost. Therefore, we respectfully request you grant this waiver for our Alternative Education Academy.

Respectfully,

Brian Beagles, Ed.D.  
Superintendent of Schools

NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

Freedom Public Schools is a very small rural school who rarely has alternative education students; however, when needed, we must be prepared and have access to program materials and teachers. Our school is located at least 30 minutes from any other school with alternative education and the cost of transportation and staffing to transport, far outweighs the funds received by Freedom Public Schools.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

Freedom has a room dedicated for serving alternative education students and a full plan in place which allows us to work individually with students. We utilize edgenuity for classes if needed and individual teachers as needed, dependent upon each student. We also build individual schedules based upon the need of each student to ensure they are in the least restrictive environment necessary for them to be successful. This means that some students are mainstreamed into regular and elective classes as possible. The flexibility in our schedule allows us to develop and deliver an individualized program for every student including the possibility of job shadowing, work study, and internships as appropriate.

The above plans are much more successful for our students than transporting 30 minutes in the am and 30 minutes in the pm for students to just sit in a classroom alone working on a computer with little interaction. Students need interaction to make change.

**C. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

A positive is that funding is available to develop plans and have access to programs when needed. The negative is all the time transporting and programs that aren't necessarily as successful. This and the added cost to the district to hire a driver and pay for transportation are huge negatives for our district. The added cost would definitely have a negative impact on our district especially at a time when funding is already down.

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Freedom Public Schools is a very small rural school who rarely has alternative education students; however, when needed, we must be prepared and have access to program materials and teachers. Our school is located at least 30 minutes from any other school with alternative education and the cost of transportation and staffing to transport, far outweighs the funds received for Freedom Public Schools.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Freedom has a room dedicated for serving students and a full plan in place which allows us to work individually with students. We utilize edgenuity for classes if needed and individual teachers as needed, dependent upon each student. We also build individual schedules based upon the need of each student to ensure they are in the least restrictive environment necessary for them to be successful. This means that some students are mainstreamed into regular and elective classes as possible. The flexibility in our schedule allows us to develop and deliver an individualized program for every student including the possibility of job shadowing, work study, and internships as appropriate.

The above plans are much more successful for our students than transporting 30 minutes in the morning and in the afternoon to sit in programs where they are simply in front of a computer all day with little interaction with other students

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

A positive is that funding is available to develop plans and have access to programs when needed. The negative is the all the time transporting and programs that aren't necessarily as successful. This and the added cost to our district to hire a driver and pay for transportation are huge negatives for our district. The added cost would definitely have a negative impact on our district, especially at a time when funding is already down.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Students would be on the same schedule and calendar as all students unless the team decided it would be best for the students to be on a different schedule and calendar. Assessments would vary based upon the needs of the students; however we would use the assessment tools we already have in place through IXL, STAR and built in HMH assessments through our new curriculum as well as others needed to help assure success and meeting students where they are. Each student would have an individual plan based upon level and needs.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Currently no eligible students so there is no financial impact other than time spent on a program currently unutilized.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Looking at all assessment information as well as success in internships, job shadowing , and other programs overall. Act scores will be considered as well as graduation rates and beyond graduation information that can be gathered.

\*\* You will be contacted if more information is needed to process this request.

Coop Agreement  
NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

We are asking for a three year waiver of the Coop agreement for our school serving less than 10 kids. Our school district encompasses the entire southern half of Washington County. In order to Coop with another school, our students would have to travel to Barnsdall, Bartlesville, or Collinsville. Our program is small, but we are able to personalize the instruction for our at risk students.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

We currently use Edgenuity within our alternative education program. This allows students to work at their own pace, but we still require them to attend class on campus in order to ensure that the pace of work is staying productive. Many of our students are gainfully employed during the day and are able to come to school after work is finished.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

We have not participated in a coop program due to the distance required to meet in another location. Our alternative program is very successful in retaining students who would be drops out without the program.

BOARD APPROVED

SEP 13 2021

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Alt ed meets Monday - Friday 3:00-7:15.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The financial impact for this program is around \$40,000.00. While this is a significant amount for the number of students we currently have. Our numbers can fluctuate since we enroll students into the program as needed.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will track graduation rates, ACT, ASVAB, NWEA scores just as we would for regular ed students.

\*\* You will be contacted if more information is needed to process this request.

## Alternative Education Teaching Out of Certification Exemption Request

"Teachers must be certified teachers but are not restricted to grade-specific or subject-specific areas. Assignment out of regular subject area(s) or grade level(s) certification requires State Department of Education approval." (OAC Section 210:35-29-6). Areas that are not available for exemption are special education, AP courses, and career tech courses.

Reasoning for Exemption: \_\_\_\_\_

What are the supports that will be provided by the district to ensure success for teachers and students? I will have

high expectations of all students regardless of their previous academic performance.

I will help a feel a part of the school. I will use different teaching methods

August 31, 2021

Caney Valley High School is requesting a waiver for • 70 O.S. § 1210.568 - COOP Agreement - When a public school wants to serve fewer than 10 students in the alt ed program instead of COOPing with other districts. We are currently serving 4 students in our alternative education program. These are four students who would most likely be categorized as dropouts without our alternative program. This waiver application was presented to our board at our September 13<sup>th</sup> board meeting. Thank you for reviewing our request.

  
Steven D. Cantrell, Ed.D.  
Superintendent
