4. SUPERINTENDENT REMARKS: Agency Update (No Action)

The Superintendent welcomed the Board members, agency staff, and members of the public in attendance. He acknowledged the superintendents present as part of their First-Year Superintendent training.

The Superintendent presented the Board updates on three initiatives currently active within the Department; teacher certification, recruitment, and retention, student literacy, and career pathways. He stated that the number of emergency certified teachers is down 703 from last year at this time. He announced the establishment of a teacher certification task force in October. He stated the task force will eliminate using the term emergency certification and replace it with the term used in statute: provisional certification. He also noted the success of the Department working with colleges and the Office of Educational Quality and Accountability in training several hundred reading specialists in the summer. He stated that 26 new literacy personnel are now employed by the Department.

5. DEPARTMENTAL UPDATES—INSTRUCTIONAL UPDATE – DEPUTY SUPERINTENDENT OF INSTRUCTION – DR. ROMEL MUEX-PULLEN – FINANCIAL UPDATE – DEPUTY SUPERINTENDENT OF OPERATIONS – KRISTIN STEPHENS – LEGAL UPDATE – GENERAL COUNSEL PHELPS — ADMINISTRATIVE: (No Action)

Deputy Superintendent of Instruction Dr. Romel Muex-Pullen provided an update on Oklahoma Pathways to Partnership program. She introduced two employees responsible for administering the program: Program Manager Ms. Lori Chestnut and Project Manager Miss Donna Tye-Lewis. She outlined details regarding the purpose, goals, funding, timeline, and partners of the initiative.

Deputy Superintendent of Operations Ms. Kristin Stephens provided an update of agency's financial position and Full-Time Employee (FTE) capacity rates. She presented the financial position of the agency including all grant funding. She compared the amount of funding that passes through the agency to local school districts to the amount that is used to fund the agency. She noted that as new initiatives passed by the Legislature come into effect the number of FTEs

may rise as the agency is responsible for their administration.

General Counsel Jacki Phelps provided a legal update. She provided the Board with an overview of the active cases in which the agency is a participant. She called on Senior Director of Investigations Brad DeLozier to update the Board on Awareity and Open Record Requests (Open Record Request).

Senior Director of Investigations Brad Delozier presented the successful turnaround of the ORR process over the past year. He updated the Board with specific details concerning an increase in Awareity reports. He explained how his department is administering an update to the Teachers Due Process Act requiring districts to report any recommendation for termination involving any kind of misconduct. He provided details concerning the agency's partnership with the Oklahoma Safety and Security Institute.

REQUISITIONS AS OF 9/16/26 (BOARD LIST) - CONTRACTS OVER $150K		
VENDOR	**AMOUNT**	**DESCRIPTION**
PCG Holdings Inc (EDPlan Health)	$1,320,650.00 **Funding: Rural Healthcare Transformation Program Grant**	Funding will support the continued implementation, training, technical assistance, and management of the EDPlan Health Nursing Documentation Module within OK EDPlan for the remaining Oklahoma school districts. Continued implementation will ensure school nurses have access to a consistent, centralized system for developing and maintaining student care plans; documenting medications and health services; tracking screenings and immunizations; and maintaining accurate records related to the ongoing health care and support of students. Training and ongoing support will assist school nurses and district personnel in effectively utilizing the module, maintaining accurate documentation, and integrating health-related information with existing student data within OK EDPlan. The overall goal of this initiative is to expand implementation statewide and provide Oklahoma school districts with a more efficient method for maintaining student information within one integrated system. Centralizing health and educational data supports a whole-student approach to analysis, documentation, tracking, and reporting while also strengthening districts' ability to document and bill for Medicaid-allowable services when applicable. Continued implementation will promote consistency across districts, improve access to student information, and support effective coordination of services for students. Insight Public Sector Inc	$1,009,656.61 **Funding: State Technology Funds**	Insight Public Sector Inc will provide Computer Power Solutions of Illinois (CPSI) applications for all state-mandated reports and collections. The software applications will support the data pipeline and facilitation of the State Certification Reporting application (PO 2659023812 Insight CPSI application license). CPSI is OSDE's midstream company. They are the vendor that facilitates the flow of data from school student information systems into the WAVE database tables and develops and maintains the state certification applications that allow schools to review and certify data for the October 1 Census report, First Quarter Statistical Report (FQSR) and Annual Statistical Report (ASR). Those latter two reports are utilized to distribute funds to the schools. School district data stored in the WAVE database tables (data lake) is extracted from there into other databases to be refined into various federal and state reports produced in other reporting applications. Without these in place, we will not be able to ingest data from the schools, prepare necessary reports, etc. - Division contact June Gerred, June.Gerred@sde.ok.gov.

OKLAHOMA STATE
DEPARTMENT of EDUCATION

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: State Superintendent of Public Instruction Lindel Fields

DATE: October 22, 2026

SUBJECT: Request Action on Severance Allowance to Former School Employees

State Board action is being requested by the Financial Services Division of the State Department of Education to pay a one-time severance to the former certified and support employees of a district that was annexed during FY2026 pursuant to Title 70 O.S., Section 7-203(c).

Based on applications furnished by 13 former district employees who were not hired for FY2027 or paid a severance by the receiving district of the annexation, Title 70 O.S. Section 7-203 (c) enables the former employees to seek approval from the State Board of Education for a severance payment from the FY2027 School Consolidation Assistance Fund. Approval by the State Board of Education will allow the former school district employees a recommended one-time severance payment.

Recommend Approval of Severance:

Title 70 O.S. § 7-203: School Consolidation Assistance Fund – Budget – Allocation and Expenditures

A. There is hereby created in the State Treasury a fund to be designated the "School Consolidation Assistance Fund". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of any monies the Legislature may appropriate or transfer to the fund and any monies contributed for the fund from any other source, public or private.

B. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the State Board of Education for the purposes established by this section, the Legislature and in accordance with rules promulgated by the State Board of Education. The purposes shall be to provide:

1. Voluntarily or mandatorily consolidated school districts or districts who have received part or all of the territory and part or all of the students of a school district dissolved by voluntary or mandatory annexation, during the first year of consolidation or annexation with a single one-year allocation of funds needed for:

a. purchase of uniform textbooks in cases where the several districts were not using the same textbooks prior to consolidation or annexation,

b. employment of certified personnel required to teach courses of the district for which personnel from the districts consolidated or annexed are not certified and available,

c. employment assistance for personnel of the several districts who are not employed by the consolidated or annexing district. Employment assistance may include provision of a severance allowance for administrators, teachers and support personnel not to exceed eighty percent (80%) of the individual's salary or wages, exclusive of fringe benefits, for the school year preceding the consolidation or annexation. Personnel receiving such severance pay may accumulate one (1) year of creditable service for retirement purposes. Employment assistance may also include the payment of unemployment compensation benefits. The State Board of Education shall provide a severance allowance to employees dismissed from employment due to annexation or consolidation of a school district in the year of the annexation or consolidation and who were denied a severance allowance or unemployment compensation benefits and the voluntary consolidation funding of the annexing or consolidating district or districts has been paid on or after July 1, 2003, at the maximum allowable amount. Application for a severance allowance shall be made to the Finance Division of the State Department of Education by the dismissed employee no later than September 1 of the fiscal year immediately following the fiscal year in which the annexation or consolidation occurred,

d. furnishing and equipping classrooms and laboratories,

e. purchase of additional transportation equipment, and

f. when deemed essential by the school district board of education to achieve consolidation or combination by annexation, renovation of existing school buildings and construction or other acquisition of school buildings; and

2. Assistance to school districts which have entered into a mutual contract with a superintendent as authorized pursuant to Section 5-106A of this title in paying the salary or wages of the superintendent. The assistance shall equal not more than fifty percent (50%) of the salary or wages of the superintendent for not more than three (3) consecutive years. In no case shall the total amount of assistance paid over the three-year period be more than One Hundred Fifty Thousand Dollars ($150,000.00) nor shall any school district be eligible to receive assistance pursuant to this paragraph for more than one three-year time period.

C. The State Board of Education shall only make allocations from the fund to school districts formed from the combination of two or more of the districts whose boards of education notify the State Board of Education on or before June 30 of their intent to annex or consolidate and are subsequently combined by such means by January 1 of the second year following the notification of intent. The boards of education which have entered into a mutual contract with a superintendent shall notify the Board on or before June 30 of the year preceding the school year the mutual contract will become effective.

D. Allocations will be made to school districts formed by voluntary or mandatory consolidation on the basis of combined average daily membership (ADM) of the school year preceding the first year of operation of the school district resulting from the consolidation; provided, not more than two hundred (200) ADM of any one school district shall be counted in determining the combined ADM of any district formed by consolidation. The ADM of any one school district shall not be considered more than once for allocations from the fund when the school district consolidates with two or more school districts. Allocations from the fund pursuant to this subsection shall be calculated by multiplying the combined ADM by Two Thousand Five Hundred Dollars ($2,500.00).

E. Allocations will be made to school districts which have received part or all of the territory and students of a school district by voluntary or mandatory annexation on the basis of ADM of the annexed school district for the school year preceding the first year of operation of the school district resulting from the annexation; provided, not more than two hundred (200) ADM of the annexed district shall be counted. Allocations from the fund pursuant to this subsection shall be calculated by multiplying the allowable ADM by Five Thousand Dollars ($5,000.00). In no case shall allocations payable pursuant to this subsection be greater than One Million Dollars ($1,000,000.00).

F. If monies in the School Consolidation Assistance Fund are insufficient to make allocations to all qualified combined districts, allocations shall be made based upon the determination of the State Board of Education with preference given to school district consolidation and annexation.

Oklahoma Administrative Code (OAC) 210:1-3-2(e)

(e) **Severance determination.** Pursuant to 70 O.S. §7-203(B), the State Board of Education may promulgate rules regarding its authority to budget and make expenditures of monies contained in the School Consolidation Fund. School Consolidation Funds can be used by annexing or consolidating districts to provide employment assistance in the form of severance for school district employees who are dismissed due to annexation or consolidation under 70 O.S. §7-203(B)(1)(c). The procedure for employees to make a severance application and process to receive a severance determination shall be communicated to all affected employees by the annexed or consolidated district superintendent. The severance application process is as follows:
(1) To qualify for severance, district employees (teachers, administrators, and support personnel) must first seek severance allowance from the annexing or consolidating district(s) prior to making application to the State Department of Education.
(A) Any annexing or consolidating school district(s) that receive School Consolidation Funds must accept and consider all requests for severance made by district employees who were dismissed due to annexation or consolidation, but not subsequently employed by the consolidating or annexing district(s).
(B) The annexing or consolidating district(s) may elect to award qualifying employees a severance in an amount up to and not to exceed eighty percent (80%) of the individual's salary or wages, exclusive of fringe benefits.
(C) Severance allowance from the annexing or consolidating district(s) is permissive in any amount from 0% to 80% of the individual's salary or wages, exclusive of fringe benefits, for the school year preceding the consolidation or annexation.
(D) For the purposes of calculation, the district(s) shall include only the salary or wages actually paid to the employee for the school year preceding the consolidation or annexation.
(E) Applications for severance shall be considered on an individual case by case basis.
(F) Each district shall promulgate their own rules and procedures for accepting, reviewing, and awarding severance. The criteria used for awarding severance must be measurable, objective, non-discriminatory, and uniformly applied.
(2) If the annexing or consolidating district makes an award of employment assistance in the form of severance, the district employee will not be eligible to make application to the State Department of Education for severance allowance unless the employee has also been denied unemployment compensation.
(3) Unemployment benefits received by any district employee dismissed due to annexation or consolidation may be counted as a form of employment benefit under 70 O.S. §7-203(B)(1)(c). Unemployment compensation may be considered as part of the total employment assistance received and may be taken into account or offset when severance allowance determinations are made.
(4) If a district employee is not employed by the annexing or consolidating district(s) and is subsequently denied severance or unemployment compensation by the annexing or consolidating district(s), pursuant to 70 O.S. §7-203(B)(1)(c), the district employee will be eligible to make an application for severance to the State Board of Education. Qualifying applicants shall receive a severance allowance from the State Board of Education pursuant to the following procedure:
(A) Severance allowance from the State Board of Education shall be in an amount up to and not to exceed eighty percent (80%) of the individual's salary or wages, exclusive of

fringe benefits. An award of a severance allowance by the State Board of Education will be made only if:
(i) the applicant was not employed by the consolidating or annexing district and
(ii) severance or unemployment compensation was denied at the district level.
(B) Severance allowance from the State Department of Education can be in any amount from 0% to 80% of the individual's salary or wages, exclusive of fringe benefits, for the school year preceding the consolidation or annexation.
(C) For the purposes of calculation, the State Department of Education shall include only the salary or wages actually paid to the employee by the district for the school year preceding the consolidation or annexation.
(D) Only timely applications for severance received by the State Department of Education, Finance Division, will be considered. All applications for severance to the State Department of Education must be received no later than September 1 of the fiscal year immediately following the fiscal year in which the annexation or consolidation occurred. The application for employment assistance in the form of severance can be found on the SDE website, www.sde.ok.gov, or by contacting the State Department of Education, Finance Division.
(5) Severance allowance by the State Department of Education can be denied only for good cause with supporting documentation of the following:
(A) The applicant was hired by the consolidating or annexing district(s), regardless of the number of hours, part time or full time status, or rate of pay.
(B) The applicant was dismissed or non-reemployed by the local school district board for reasons other than consolidation or annexation (i.e. reduction in force or inability to pay due to financial exigency),
(C) The applicant received severance from the consolidating or annexing district(s) and in addition to unemployment compensation,
(6) Severance allowance by the State Department of Education can be reduced or adjusted below eighty (80%) percent of the applicant's salary or wages, excluding fringe benefits, for good cause with supporting documentation. Good cause to reduce or adjust severance can include, but is not limited to, consideration of the following:
(A) The annexation or consolidation was mandatory rather than voluntary.
(B) The applicant's length of service to the district.
(C) The applicant's service record, job performance, or conduct warrants consideration of a reduction or adjustment in severance. The application of this criteria must be supported by verifiable documentation and evidence that is made available for the Board's review.
(D) The applicant was hired by the local school board after the annexation or consolidation election results are called by the State Superintendent of Public Instruction.
(E) The applicant was hired by the local school board after the State Board of Education voted to non-accredit the district.
(F) The applicant failed to apply for or make an attempt to gain employment with the consolidating or annexing district(s).
(G) The applicant failed to apply for or attempt to obtain a severance allowance from the consolidating or annexing district(s).
(H) The applicant received unemployment compensation. The amount of unemployment compensation received can be considered an offset when determining severance.
(7) Severance Determinations. Upon receiving the application for severance the State Department of Education, Finance Division staff shall review the applications for severance

and make a written recommendation to the State Board of Education regarding each severance application. Each severance application will be considered on an individual case by case basis and a recommendation for severance allowance or denial will be made by the SDE staff to the State Board of Education in writing during a regularly scheduled Board of Education meeting.

(A) The applicant will be notified of the SDE staff recommendation and will be given written notice of the time, place, and date of the regularly scheduled State Board of Education meeting that the Board will consider and voting upon the SDE staff recommendation for severance.

(B) The State Board of Education will vote on all SDE staff recommendations for severance in open meeting. All votes of the State Board of Education approving or denying a severance application will be considered a final order of the Board.

(8) The applicant will be notified in writing of the State Board of Education's final determination regarding severance allowance. The applicant will have ten (10) days from the date the notification of severance determination is received within which time to file a petition for appeal or reconsideration of the Board's determination.

(9) Any petition, reconsideration, or hearing on the Board's final order regarding severance shall be made pursuant to, and governed by, the Due Process Procedures of the State Board of Education as outlined in 210:1-5-1 of the Oklahoma Administrative Code.

PAYMENTS POLICY:
The Mandt System accepts Visa, Mastercard, Discover, American Express, and eCheck for all US transactions and Visa and Mastercard for Canada transactions.

*Payment for training events are due in full at the time of registration unless other arrangements have been made with The Mandt System's accounting department. Non-payment will result in deactivating the organization's account, voiding all instructor and student-level certifications, and canceling all previous payment arrangements with your organization.

Payment for all store products, including eLearning seats, is due at the time of purchase. There are no refunds or exchanges on these products.

TRAINING EVENT CANCELLATION POLICY:
The Mandt System will issue a credit (or, if requested, a full refund) for cancellations received at least 30 days before the start of the training event. The Mandt System will issue a credit in the amount paid for cancellations received less than 30 days before the start of the training event but before the event starts. Credits are valid for one year from the date issued. If training fees increase during that period, the organization is responsible for the difference.

The Mandt System allows organizations to make substitutions or transfer registrations to another event only if the event registration has been paid in full. Transfers and substitutions must be made before the start of the training event. The Mandt System does not issue refunds for no-shows or partially completed training events. In addition, each registration may only be canceled for a credit one time; if a registration that is booked using credit is canceled, no refund or credit will be given.

All cancellations must be received in writing by logging a case in the MRC and selecting Registrations/Events.

Federal Programs, State School Board

On August 27, 2026 Roland Public School is filing the one and only 615 claim with expenditures from the 2025-2026 school year that were paid in January of 2026. This claim is being filed after the August 1st deadline due to oversight. We had office personnel retire at the end of December and new personnel begin in January and I feel that this project oversight was a genuine error in lack of knowledge. I have spoken to Federal Programs and corrected the error in GMS so that the claim could be submitted. We are using this error as a training opportunity in the central office as every dollar is important to our district. This type of oversight will not happen again.

Thank you for your consideration in this matter,

Lori Wiggins

OKLAHOMA STATE
DEPARTMENT of EDUCATION

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: State Superintendent of Public Instruction Lindel Fields

DATE: October 22, 2026

SUBJECT: Waiver of COOP Requirement for Alternative Education Programs

The following districts are requesting a statutory waiver of 70 O.S. § 1210.568, which requires districts serving fewer than ten students in an Alternative Education program to enter into a cooperative agreement with another school district. These districts are seeking exemption from the COOP requirement in order to serve their own residential students, despite having fewer than ten students enrolled in their Alternative Education programs.

Dear Members of the State Board of Education:

Alva Public Schools respectfully requests a waiver of the requirement to participate in an Alternative Education Cooperative Agreement pursuant to 70 O.S. § 1210.568(I).

Alva Public Schools currently serves five students through our Alternative Education program. While our student enrollment does not meet the statutory threshold of ten students, we believe that continuing to operate our Alternative Education program within Alva Public Schools provides the most appropriate and beneficial educational setting for these students.

Due to the rural nature of our community, requiring our students to attend an Alternative Education program in another district would create significant challenges related to transportation, scheduling, employment, and access to other school opportunities. Several of our Alternative Education students maintain after-school employment within the Alva community. Requiring these students to travel to another community for their educational program would substantially limit their ability to maintain those employment opportunities.

Additionally, keeping our Alternative Education students within Alva Public Schools allows them to remain connected to their home school, teachers, counselors, peers, extracurricular activities, and community. This continuity is particularly important for students who benefit from a smaller, individualized educational environment while still maintaining a connection to their school and community.

Alva Public Schools is committed to providing an Alternative Education program that meets the educational and individual needs of the students we serve. We believe that continuing to operate our program locally is in the best interest of these students and will provide them with greater opportunities for academic success, credit completion, graduation, and continued involvement in their community.

For these reasons, Alva Public Schools respectfully requests that the State Board of Education grant our district a waiver of the Alternative Education Cooperative Agreement requirement.

Thank you for your consideration of this request and for your continued support of Oklahoma students and school districts.

Sincerely,

Superintendent

Alva Public Schools

Section 3:

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   Alva Public Schools will be offering alternative education at the high school level. Our nearest alt ed site is approximately 20 miles away. We have one teacher who will be dedicated to the Alt Ed program. This teahcer would teach alt ed even if our waiver is denied. 2% of our students will benefit from the alt ed program.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   Our students use Edgenuity as their learning platform in alternative education as well as credit recovery. Teachers and tutors meet with students to ensure understanding of content. Student progress is monitored to ensure they are working toward completion and remain on track to graduate in their original schedule clas(grade). We ahve set a goal to have a graduation rate of 100%

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   Please see attached document

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   The program will be assessed using attendance rates, ACT scores, graduation rates, and the school report card. The staff will be evaluated using the TLE model.

Alternative Education COOP Waiver additional documentation

Section 3 question 3

We have not participated in an alternative education coop in the past.

We have been awarded this waiver in the past, most recently a 3 year waiver was accepted in the fall of 2023. The waiver helped provide the district with tools and resources to put in place a different avenue for students who have greater success in a non-traditional classroom setting. This has resulted in graduation rates going up in our school district.

To Whom it May Concern:

RE: Alternative Education Waiver

Boise City Public Schools does not have an alternative education program nor do we plan to have a Coop. We will serve zero students in regards to alternative education.

If denied, the district would be forced to seek a cooperative agreement requiring daily, long-distance transportation. This would result in excessive travel time for at-risk students, decreased instructional hours, lower attendance, and potential dropouts—services we can provide far more effectively locally.

Sincerely,

Cory L. Smith

Superintendent

Boise City Public Schools

Section 3:

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   The nearest alternative education program is located 100 miles away. This distance creates severe travel times, high transportation costs, and significant attendance barriers for students and families. Alternative Means if Denied: If denied, the district would be forced to seek a cooperative agreement requiring daily, long-distance transportation. Which reduces instruction

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   Individualized Instruction & Tutoring: Personalized learning plans tailored to student learning styles and pace. On-Site Credit Recovery: Direct access to courses needed to keep students aligned with graduation requirements. Flexible Scheduling: Accommodations that allow students to balance academic responsibilities with personal, family, or employment needs.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   We did not provide Alternative Education Services. Experience has demonstrated that an on-campus, credit recovery-centered model better serves our student body by removing geographical barriers and maintaining immediate access to familiar school support systems.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   Student effectiveness is evaluated continuously through multi-layered indicators, including: academic and behavioral reviews by counselors and staff. These continuous monitoring systems ensure early identification of academic deficiencies and swift interventions. Graduation rate tracking and Oklahoma School Report Card indicators used as evaluation tool.

DOVER PUBLIC SCHOOLS

Dover Public Schools is requesting a statutory waiver/deregulation for Alternative Education services. The district previously participated in an Alternative Education cooperative with Kingfisher Public Schools but will no longer be a member of that cooperative. Due to Dover's small student enrollment and the limited number of students requiring alternative education services, maintaining a separate, fully staffed program would create an undue financial and operational burden. Dover Public Schools will continue to meet the individual academic, behavioral, and social-emotional needs of eligible students through appropriate local programs, individualized supports, and other available educational services.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   If Dover's waiver is denied, we would be required to enter into a cooperative agreement with another school district to provide Alt-Ed services because Dover anticipates serving fewer than 10 eligible students. With Kingfisher dissolving their Alt-Ed program we would have to seek another coop outside of our county. The agreement would need to address student placement, instruction, required support services, transportation or access arrangements, funding & compliance.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   This is Dover's first waiver request; therefore, no prior data is available. We will provide Alt-ed services locally through individualized instruction, flexible scheduling, credit recover, counseling, and individualized graduation plans. This will allow students to remain in their home district, maintain relationships with staff and particpate in school activities.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   Dover was previously in a coop with Kingfisher. Never applied for the waiver.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   The district will evaluate the plan through TLE observations, student attendance, grades, discipline data, ACT scores, individualized Graduation Plans, and School Report Card indicators. This is expected to improve attendance, academic performance, and student engagement by providing services within the student's home district. Thes supports would maintain Dover's high graduation rate.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.
   In years past we have co-oped with Healdton High School. We were provided with limited seating, it is a 15 mile drive one way. We feel, if the need arises, we can better serve our students by offering alternative education here at Fox. By using online resources such as Edgenuity and in person resources such as Mpower Academy with SOTC, we have been successful in remediating students without the need of alternative education.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.
   As stated above, we have been successful in remediating students over the last three years and reduced the number of dropouts. This also allows for students to stay focused on learning while allowing them to participate in extra-curricular activities offered at our school.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.
   Yes, we have participated in an alternative education co-op previously. We have been awarded this waiver in previous years and students have been successful at graduating on time.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

Hammon Additional Information for the AltEd COOP waiver agreement application

Question 1

The educational benefits to be derived from allowing Hammon Public School to implement its own Alternative Education Program will be as follows: 1) Ensure it provides the 17 researched based components according to 70 os 1210-568. 2) The travel burden that we have changed has been successful. 3) Hammon teachers will be here to ensure student Success and provide assistance. 4) Our new online program will also allow the choice of 30 new elective areas to those students that thev would otherwise miss on the opportunities. In addition to an online program teachers will be required to provide a supplemental instruction and materials.

Question 2

Hammon Public School will Offer Alternative Education in house instead Of place travel burdenon students thus increasing education time. Our teachers who know the Students will able to oversee student progress thus increasing student success. Our student sua:ess with the cooperative has been disappointing. I feel as though travel is the number one reason for this disappointing level of success. Education our own students has decreased our number of students being home schooled. transferring to virtual schools, or failing to cnmplete graduation requirements. We are able to closely monitor attendance as well students meeting the class time requirements.

Question 3

Student performance levels to be demonstrated will be consistent of what are expected from all students at Hammon Public School. Our school is continually ooking for ways to improve. Our teachers are requried to log three grades per week per studnt in each class. Progress reports will be presented to students and parents On a weekly basis. Our alternative education plan will require constant monitoring Of progress. Pre-testing as well as post-testing will help give us data to make improvements in different areas. Testing each standard as the student moves throughout the curriculum Will monitor progression towards mastery.

Question 4

We have used ACT scores, graduation rates and School Report Card. Our plan has been in place for several years and we have had students in the program and then return to the regular education program with 100% success rate.

HARDESTY PUBLIC SCHOOLS I-015

Alternative Education Cooperative Waiver

Section 3 Responses

September 9, 2026

Superintendent: Craig McVay

1. Reason for the Waiver Request

Hardesty Public Schools respectfully requests a waiver from participation in an Alternative Education Cooperative due to the unique characteristics of our small rural district. The closest available Alternative Education Cooperative is located in **Mooreland, Oklahoma**, requiring significant travel and creating transportation challenges for our district.

Hardesty Public Schools currently operates with **one small school bus** serving all district transportation needs. Because every certified and support employee serves multiple responsibilities throughout the school day, transporting students to an off-site alternative education program would place a substantial burden on district operations and significantly reduce instructional time. With a total PreK–12 enrollment of fewer than **50 students**, staffing and transportation resources are extremely limited.

At this time, **Hardesty Public Schools has no students requiring placement in an Alternative Education Program.** Should student needs arise, the district currently provides:

- Two (2) hours of on-site tutoring and academic remediation daily;
- Individualized academic interventions;
- A **6:1 student-to-teacher ratio** in middle school; and
- A **2:1 student-to-teacher ratio** in high school.

These exceptionally low student-to-teacher ratios allow staff to provide intensive individualized instruction and intervention that would not be feasible in larger districts.

If this waiver is approved, the percentage of students directly benefiting from the waiver is currently **0%**, as there are no students eligible for alternative education placement. However, approval of the waiver will allow the district to continue using its limited financial and personnel resources efficiently while remaining prepared to meet future student needs.

2. Alternate Strategies and Educational Plan

Although Hardesty Public Schools currently has no students enrolled in Alternative Education, the district has established intervention strategies designed to meet student needs before alternative placement becomes necessary.

Current supports include:

- On-site tutoring and remediation throughout the school day;
- Immediate academic intervention by classroom teachers;
- Small class sizes that allow individualized instruction;
- Continuous communication among teachers, administration, and families; and
- Progress monitoring through classroom assessments and benchmark data.

Due to our small enrollment, students have daily access to teachers for additional assistance during class periods and throughout the school day. This level of individualized attention significantly reduces the need for formal alternative education services.

During the **2025–2026 school year**, Hardesty Public Schools had:

- **No students enrolled in Alternative Education;**
- **No student dropouts;** and
- Demonstrated overall academic growth in both **English Language Arts and Mathematics** through district assessment data.

The district anticipates continued academic improvement with the addition of a full-time **Special Education Director** and a **Reading Specialist** who provides services five days per week. These additional supports strengthen our ability to identify and address learning needs early, further reducing the likelihood that students will require alternative education placement.

3. Previous Participation in an Alternative Education Cooperative

To the best of the district's knowledge, Hardesty Public Schools has **not participated in an Alternative Education Cooperative in recent years.** Additionally, the district has had **no Alternative Education students during the previous two school years.**

The district is under new administrative leadership for the 2026–2027 school year. Based on available records:

- No students were enrolled in Alternative Education during the previous two school years;
- No students dropped out during the previous two school years; and

- District-wide academic performance improved during the 2025–2026 school year.

Because the district has not operated an Alternative Education program during this period, there has been no measurable impact on student performance related to alternative education services. Instead, student success has been supported through individualized instruction, small class sizes, targeted interventions, and consistent academic monitoring.

4. Method Used to Assess and Evaluate Effectiveness

Hardesty Public Schools utilizes multiple measures to evaluate student achievement and staff effectiveness to ensure continuous improvement throughout the district.

Student performance is monitored through:

- ACT assessments;
- District benchmark assessments;
- Classroom formative and summative assessments;
- Unit tests;
- Nine-week assessments;
- Semester examinations;
- Study Island intervention program;
- IXL individualized instructional support; and
- Ongoing teacher progress monitoring.

Staff effectiveness is evaluated through:

- Daily classroom walkthroughs by administration;
- Monthly staff meetings;
- Oklahoma Teacher and Leader Effectiveness (OKTLE) observations and evaluations;
- Professional mentoring and coaching;
- Collaborative planning; and
- Regular communication between administration and instructional staff.

The district's small enrollment allows staff to identify academic concerns quickly and provide timely interventions before students experience significant learning loss. These practices have contributed to measurable academic growth in English Language Arts and Mathematics, improved student engagement, and continued positive graduation projections.

Because Hardesty Public Schools has experienced **zero student dropouts during the previous two school years** and currently has **no students requiring Alternative Education services**, the district believes its current instructional model effectively meets the needs of its student population while responsibly utilizing limited personnel and financial resources.

Re: Request for Alternative Education Waiver

To Whom It May Concern,

Hardesty Public Schools respectfully requests approval to continue operating under the same Alternative Education waiver that was previously granted to the district.

Due to our projected enrollment of fewer than ten (10) students eligible for Alternative Education services, the district will independently provide Alternative Education programming that is tailored to meet the individual needs of our students. This approach allows us to effectively utilize our limited resources while ensuring that all students receive appropriate educational services in compliance with applicable state requirements.

We respectfully request approval of the same waiver that has been in effect for the district in previous years. We appreciate your consideration of this request and your continued support of Hardesty Public Schools.

If additional information or documentation is needed, please do not hesitate to contact me.

Sincerely,

Craig McVay

To Whom It May Concern:

Hinton Public Schools does not currently operate an alternative school and has not operated a separate alternative school program since FY24.

At this time, Hinton Public Schools has no students enrolled in alternative education. However, the District has developed a plan to provide additional support and educational services to students who may require additional assistance to be successful in school. This plan has been reviewed and approved by the Hinton Public Schools Board of Education.

In previous years, Hinton Public Schools utilized a cooperative agreement with Fort Cobb-Broxton to provide alternative education services before successfully operating its own local alternative education program. The local program provided students with an opportunity to remain on track toward graduation and, when appropriate, transition back into the general education setting. The previous cooperative arrangement presented challenges, including situations in which students were unable to access services because they did not meet the receiving district's eligibility criteria.

Currently, Hinton Public Schools utilizes credit recovery resources and other academic supports to assist students in earning the credits necessary to meet graduation requirements.

Thank you for your consideration.

Sincerely,

John Hancock
Superintendent
Hinton Public Schools

List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

We currently have no Alternative Education students in our district. We have a plan in place that could serve 10 or fewer students should they enroll or meet criteria. Should our waiver be denied, and we have students move into our district that would meet the Alternative Education requirements, we would obtain a COOP agreement with Ft. Cobb-Broxton. Ft. Cobb-Broxton is approximately 27 miles from our location.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

In previous years we have utilized a COOP with Ft. Cobb-Broxton and then transitioned into having our own alternative education program. We have been successful in supporting our previous students academically to where they have graduated or have been transitioned back into the general education setting and are on track for graduation. This waiver would allow us to continue our own program should we need to serve future students.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

Before having our own alternative education program, we utilized a coop with Ft. Cobb-Broxton. We had issues sending our students to the coop to receive their services. We were told they didn't meet their requirements, this caused several students to become further delayed or behind on their track for graduation. We have previously applied for a waiver.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

We will evaluate the effectiveness of the Alternative Education Program using TLE data, ACT scores, graduation rates, RSA data, attendance, credit completion, and School Report

Card indicators. Student progress will be monitored throughout the year to determine improvements in academic performance, engagement, and credit attainment. The district will use this data to adjust interventions and supports, with the goal of increasing student performance levels, reducing dropout risk, and improving projected graduation rates.

Alternative Education COOP Waiver

A school district with fewer than ten eligible students that seeks to operate its own Alternative Education program, rather than participate in a cooperative agreement, must request a waiver from the State Board of Education by **September 1** of the applicable school year.

Oklahoma State Statue
70 O.S. § 1210.568(I)
Statewide System of Alternative Education Programs Rules and Regulations
Any school district submitting a plan for an alternative education program serving fewer than ten students shall enter into a cooperative agreement with another school district to jointly provide the program unless the program has been granted a waiver from this requirement by the State Board of Education.

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for the waiver.

Section 2:
Complete the waiver form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation.

#1 We are about 20 miles away from the nearest alt. ed site. A large percentage will benefit because we can take the certified teachers and place them in other places to better impact student learning.

#2. We have used this system for three years now and it has worked great. We are able to staff all of our buildings with more certified teachers. We also are able to offer a credit recovery hour to help students make up credits.

#3 Yes. We have been awarded this for the last 3 years.

#4. We will use our principals and myself to evaluate our system like we do every year and make sure this waiver still benefits our school district and students.

Re: Alternative Education Deregulation Request

Whom it May Concern:

Morris High School maintains a full commitment to serving our at risk student population. In the past we have partnered with local area schools to be involved in their program as a COOP. However, our most recent partner district has decided to be independent and upon review we have not sent any students to them in well over the twoyear minimum. We have largely served our at risk students with other measures due to the smallness of the population. Therefore, the net financial gain to the district in receiving a deregulation waiver for alternative education will be positive with no loss in effective instruction and support for at-risk students. In the event that we do not receive a waiver, we will be placed in a position to have to hire additional in order to manage the criteria set out by the alternative education department. We would also be required to design and designate a specific space. As it is, we are able to divide the labor and location of services which saves the district more money than our small population of alternative students would bring

Respectfully Submitted,

Becky Alexander, Superintendent
Morris Public Schools

A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to co-op with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Morris High Shool is requesting this waived due to the small number of at risk students we serve being far less than ten. The closest school offering a COOP is 28 miles away which places a harship on traveling students. In the event that we are denied, we will run a local program but proficiency to standard will be greatly strain due to the small number of students being served

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Our district partners with two external counseling agencies as well as maintaining three certified counselors on staff to ensure students have adequate emotional and behavioral supports. Additionally, Morris provides online and in person credit recovery opportunities. Allowing us to manage our students without the additional requirement placed on traditional alternative education program students will increase graduation rates for our at risk students.

C. Have you participated in an alternative education co-op previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

Morris High School was in a COOP with Henryetta. This summer they decided they did not want to be in a coop any longer. We reached out to other nearby districts and found our closest neighboring districts also were not running COOPs. Additionally, we have been able to serve our students with other measures which has led to not sending enough students to our COOP in order to meet the minimum participation

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The net financial gain to the district in receiving a waiver will be positive. In the event that we do not receive a waiver, we will be placed in a position to have to hire additional in order to manage the criteria set out by the alternative education department. We would also be required to design and designate a specific space. As it is, we are able to divide the labor and location of services which saves the district more money than our small population of alternative students would bring

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Morris High School is regularly using data to inform instruction. Data meetings are held to evaluate participation and performance on the ACT and CCRT History and Science tests. Moreover, we employ benchmark testing in math and English.

STATUTORY WAIVER/DEREGULATION APPLICATION INSTRUCTIONS

(Oklahoma Deregulation Act, 70 O.S. § 3-124, et seq.)

Accreditation Standards Division

Please email to sde.accreditation@sde.ok.gov

Statutory Waivers/Deregulations for the next year will be accepted from April 1 through October 1, with the following exceptions:

- Resignation of staff causing changes in library media service requirements after October 1.

Other waivers/deregulations such as teachers attending school to obtain library media specialist certificates, alternative school abbreviated days, and waivers of alternative school coop agreements, should all be decided and applied for by October 1st of the current school year.
(For submission of a Statutory Waiver/Deregulation after October 1, call Accreditation, (405) 521-3335.)

NOTE: Beginning July 1, 2018, waivers and deregulations can be requested for three years. *(Library Media Specialist Certificate Exemption must provide proof of enrollment for the applicant every year. Library Media Services must provide a schedule of operation every year.)*

If you need technical assistance, please discuss the application with the Accreditation Division, (405) 521-3335.

Preparing the Statutory Waiver/Deregulation

1. **Submit a cover letter on school letterhead**, with the superintendent's signature, with a brief explanation of the request for a statutory waiver/deregulation.

2. Complete entire cover page.
   - Original signatures of the Superintendent, Principals, Board President and notary with a stamp/seal are required.
   - Cite the statute/OAC number in Title 70 or the Oklahoma Administrative Code to be waived (See below).
   - **The questionnaire following the cover sheet must be answered in order to process the application.**
   - **For Library Media Specialist** (teacher obtaining their LMS degree & certification), the teacher affected must include a letter of their intent to obtain the degree/certificate and proof of their enrollment in classes at a qualified university/college for the area of study.
   - **For adjunct teacher waivers:** Application must include board minutes approving the teacher as an adjunct (For those teaching more than three hours per day, 270 hours per semester).
   - **For abbreviated day deregulation:** Application must include a schedule of hours of instruction and numbers of days taught per week.
   - **For library media services deregulation:** Application must include a schedule of operation for the library, hours the library is open and a list of who is scheduled to cover those hours.

❸ A Statutory Waiver/Deregulation can be requested for the following statutes and Oklahoma Administrative Codes:

STATUTORY WAIVERS

- 70 O.S. § 1-112 - **Saturday School**
- 70 O.S. § 6-122.3 - **Adjunct Teachers** - teaching for more than three hours a day or 270 clock hours per semester.
- 70 O.S. § 3-126 - **Library Media Specialist/waive certification only** - teacher attending college/university to obtain Library Media Specialist certification.

- 70 O.S. § 1210.568 - **Non Co-op Agreement Alternative Education**- When a public school wants to serve fewer than 10 students in the alt ed program instead of Co-oping with other districts. Every district serving 7-12 grade must complete the AltEd Plan in single-sign-on by Sept. 1.

NOTE: Statute 70 O.S. § 1-111 - Two Instructional Days in a 24 Hour Period (Parent Teacher Conference) and 70 O.S. § 1-109 - Extended/Flexible Day no longer requires a statutory waiver.

DEREGULATIONS

- OAC 210:35-5-71 - **Library Media Services Elementary School** - School is changing the standard of library services for their size school.
- OAC 210:35-7-61 - **Library Media Services Middle School** - School is changing the standard of library services for their size school.
- OAC 210:35-9-71 - **Library Media Services Secondary School** - School is changing the standard of library services for their size school.
- OAC 210:35-29-2 - **Abbreviated Day Alternative Education** - Use both citations for an alternative school to operate with abbreviated hours, less than four hours and 12 minutes of instruction per day, five days a week, or 756 hours per year.
- OAC 210:35-3-46 - **Superintendent, Elementary & Secondary Principal certificate** - serve as High School and Elementary School Principal with a school enrollment more than 500 (requires a dereg.)

NOTE: OAC 210:35-5-42 & 210:35-9-43 - Planning Period Deregulations, no longer requires a deregulation.

In addition, the ***School District Empowerment Program***, 70 O.S. § 3-129.11, allows a local school district to request to the State Board of Education an exemption from all statutory requirements and State Board of Education rules from which charter schools are currently exempt.

Mounds Schools does at this time request a statutory waiver to continue to operate our Alternative School here and not send our students to a co-op. Our numbers fluctuate a lot, and although our current numbers are 9 students, we feel that number will increase by the end of the first 9 weeks. We have had great success over the last few years by improving our alternative education program. We feel that these students would not be better served in a co-op.

Sincerely,

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   The reason for the request is because we only have 7 students currently enrolled in Alternative Education. The closest district would be 10 miles away from our campus which would require us to employ additional staff to transport these students. They also have no availability and 2% of our student population will benefit from approval.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   The strategy that we use for our alternative education students is through a computer based education program called edgenuity. Students are able to work at a pace that will enable them to achieve a diploma at the normal time. This program allows us to closely monitor each students progress and guide them to complete their graduation requirements.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   No, we have not participated in a coop and yes we have been approved before.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   TLE will be used to assess staff members. Students will be assessed by means of report cards, attendance, test scores, and graduation rates.

A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

The reason for the request is because we only have 9 students currently enrolled in Alternative Education. The closest district would be 10 miles from our campus which would require us to employ and additional staff member to transport these students. They also have no availability, and 2% of our student population will benefit from approval.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

The strategy that we use for our alternative education students is through a computer based education program called edgenuity. Students are able to work at a pace that will enable them to achieve a diploma at the normal time. This program allows us to closely monitor each students progress and guide them to complete their graduation requirements.

C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

No, we have not participated in a coop before. Yes, we have been awarded this waiver in the past and have had very positive results. We have had students that have thrived in the alternative education setting that would not have been successful in the normal classroom setting.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Class schedule will be from 7:55 am- 1:00 pm, students will be contained to a single classroom and single art/music room. Alternative education will still follow the same school calendar as traditional school.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

There would be a negative impact to our district if the waiver was denied. The reason is that we would have to additional staff members to transport these students to another facility.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

TLE would be used to assess staff members. Students will be assessed by means of report cards and graduation rates.

Re: Alt Ed Waiver for Paden Schools

Date: Sept. 8, 2026

To Whom It May Concern,

I am requesting a waiver for our alternative education program. Since we are now allowed to have online classes, we are more easily able to accommodate our students who may not thrive in a conventional classroom. We have had co-op seats at our neighboring school for many years, but we have not had to use those seats in several years, so it would be beneficial for us to request a waiver at this time.

Thank you,

Michelle Stiles

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   We are 10 miles to the nearest school that will co-op with us, but in addition to the allocations from the SDE, they require us to sign a contract for an additional per diem of $70 per day for each student who would attend the co-op; that's with us, providing the transportation.
   Also, we have not had to send an alt ed student to that co-op in over 10 years.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   If we do get any students who need alt ed, with the online classes that we are now able to provide, it is possible for us to provide for those students who may need alt ed services, along with extra services from our HS counselor.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   We participated in the Prague Alt Ed co-op for many years but had not used it lately

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   We are now able to meet our students needs by implementing online classes. Our drop out percentage is very low, and our counselor works well with our students if they find themselves needing credits.

To Whom It May Concern,

Pond Creek - Hunter Public Schools is requesting an Alternative Education Coop waiver for the 2026-2027 school year. At this time, we do not have a single student who would benefit from alternative education. We currently offer intense remediation to all of our students who have been identified through different data points, including but not limited to the ACT, benchmark tests, CFAs and teacher recommendations. We have also implemented behavior interventions as well as culture building procedures throughout school that has had a tremendous impact on overall student behavior. Though we haven't had to utilize it recently, we have the capability of credit recovery through SPARK.

We feel that we serve all of our students well. If we had to join a Coop for Alternative Education, our closest current Coop is with Stillwater Public Schools. That would be a one way trip of 79 miles, daily. Aside from it not being logistically feasible, it would be cost prohibitive, by the time you provided a vehicle and hired and paid a driver daily.

The reasons above are why we are requesting this waiver. If you have any questions, feel free to contact us.

Sincerely,

Steve Shiever

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   Our closest coop available is Stillwater Schools. It is 79 miles away. We currently have 0 students in Alternative Education. If this waiver is denied and we gained a student that needed Alternative Ed services, it would be a significant financial cost.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   We just completed a three year waiver. We served one student in 2024, who moved into our district. He graduated with his class

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   We have utilized all of the above to assess both our students and our teachers. We are constantly utilizing data throughout our school to build on strengths and correcting weaknesses.

RE: Request for Statutory Waiver/Deregulation – Alternative Education Program

To Whom It May Concern:

South Coffeyville Public Schools respectfully requests approval of a statutory waiver/deregulation related to the district's Alternative Education Program for the **2026–2027 school year**.

The purpose of this request is to provide South Coffeyville Public Schools with the flexibility necessary to meet the individual academic, attendance, behavioral, and social-emotional needs of students participating in alternative education. Our district is committed to providing an effective alternative education program that supports students who are at risk of not completing high school through a traditional educational setting.

The requested waiver/deregulation will allow the district to structure the program in a manner that better meets the needs of participating students while continuing to provide appropriate instruction, individualized academic planning, counseling and support services, and opportunities for students to remain on track for graduation.

South Coffeyville Public Schools will continue to follow the applicable requirements for Oklahoma Alternative Education Programs and will maintain documentation demonstrating implementation of the required program components.

The South Coffeyville Board of Education approved this request at its meeting on 9/14/2026.

Thank you for your consideration of this request. Please contact our district office if additional information or documentation is needed.

NAME OF WAIVER

A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to co-op with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

South Coffeyville Public Schools respectfully requests a statutory waiver from the Alternative Education cooperative agreement requirement for the 2026–2027 school year.

The closest possible district with which South Coffeyville could enter into a cooperative agreement is located less than 10 miles from our alternative education site. South Coffeyville has participated in a cooperative arrangement with this neighboring district in previous years; however, the cooperating district has not sent or placed a student in our alternative education program since 2021.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

South Coffeyville Public Schools proposes to continue operating a locally designed Alternative Education Program to serve the small number of district students who require an educational setting and instructional approach different from the traditional classroom. The district typically serves fewer than five alternative education students per year, allowing staff to provide highly individualized services based on each student's academic, attendance, behavioral, and graduation needs.

The district will employ the following strategies:

Develop and maintain an individualized learning and graduation plan for each student based on credits earned, credits needed, graduation requirements, academic needs, and postsecondary goals.
Provide individualized and flexible instruction, including appropriate online

C. Have you participated in an alternative education co-op previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

Yes, we have previously been in a co-op. This is our first time applying for this waiver. We believe this change will offer more opportunities for our students by offering more flexibility.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Please see attached documents.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Our program has consistently served 1-5 students yearly. Being granted this deregulation will potentially save the district money due to being able to cut one instructor.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

South Coffeyville Public Schools will evaluate the effectiveness of the Alternative Education Program through multiple measures of student achievement, engagement, graduation progress, and staff effectiveness. Because the district typically serves fewer than five students in alternative education each year, individual student progress will be closely monitored in addition to district and state accountability measures.

Student effectiveness will be evaluated using the following measures:

We request an Alternative Education COOP Waiver as we do not have any students in need of Alternative Education Services. Our previous waiver was for the duration of 2023-2026 and we desire to extend for an additional three years to include the 2027-2030 school year.

Thank you for your consideration.

Section 3:

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   Tenkiller Elementary does not currently have the need for alternative education services. If denied, we would seek a partnership with Tahlequah Public Schools. The distance between the two is 18.4 miles. One hundred percent of our students benefit from the waiver.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.
   We do not seek to enter students into alternative education placement.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.
   No, no coop previously. Yes, the previous three school years have been under waiver status. We are seeking to extend the waiver as we do not need alt. school services. The has been zero negative effect as the result of this waiver.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   There has been no negative educational impact on students as a result of this waiver as we have not had a student in need of alt. ed. services in the prior three years.

To Whom It May Concern:

I am submitting this letter to request for a statutory waiver of our Alternative Education Program: 70 O.S. § 1210.568 . This request is necessary due to the fact that at this present moment we do not have 10 students enrolled in our program. These numbers usually go up as the year progresses. We are hoping that this statutory waiver is approved. Our Alternative Education program students have been very successful. Students that have struggled in the normal school day have flourished in this program. In the last few years most of the students in the Alternative Education program have graduated. One of our major concerns is that if this waiver is not approved that our students will drop out of school instead of going to another district to receive these services.

Thank you for your consideration. Please feel free to contact me with any questions.

Respectfully,

John Brock

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.
   Currently we have only 3 students in our Alternative Education Program. I believe the numbers will grow in this program as the year progresses.The closest possible district is 10 miles away. transportationncould be a major factor if this waiver is denied. I fear that these students would quit school is this waiver is denied. Around 5% would be affected.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.
   The Alt. Ed program is a great benefit to our district. We have had several students go through this program and graduate that would not have graduated if not for this program. Over the last several years every student that was in this program has graduated. The Alt. Ed program uses edgenuity. Some students strive under this program and being in the small class setting.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.
   Last year we received a waiver. Up until last year we had co-oped with Gore Public Schools. They decided that they did not want to co-op anymore. Receiving the waiver has a very positive impact on our school district. I believe our numbers will grow.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.
   Student performance and the effectiveness of the program is based on how the students perform on state tests and the graduation rate of the students in the program. Edgenuity is monitored by the instructor and building Principal to make sure students are progressing at the level that is needed. Students are also evaluated by their life skills cource completion.

I am requesting an Abbreviated Day Deregulation (OAC 210:35-29-2) for our alternative education program, CrossRoads Academy. The Wes Watkins Technology Center bus picks up students at 11:30 a.m. By shortening our day, it will allow any student that chooses to attend WWTC in the afternoon the opportunity to do so.

Thank you for your consideration of this matter.

When students leave alt ed at 11:30 a.m., they either go to Wes Watkins Technology Center or back to their home school district for afternoon classes.

*The alt ed program follows the Weleetka Public Schools calendar. It is in session the same days as the regular school is. It is 5 days a week, unless the regular school is not in session. Alternative Education Abbreviated Day Deregulation

A school district that chooses an Alternative Education abbreviated day scheduling approach for its alternative education program must notify the State Board of Education by **September 1** of each applicable school year.

Oklahoma State Statue
70 O.S. § 1210.567 Abbreviated Day Schedule for Alternative School

Oklahoma Administrative Code:
OAC 210:35-29-2 Abbreviated school day
Means, for purposes of an alternative education program approved by the State Board of Education:

- A school day which consists of not less than four (4) hours and twelve (12) minutes per day devoted to academic instruction for the locally approved school calendar; or
- A school day which may consist of less than four (4) hours and twelve (12) minutes per day devoted to academic instruction, provided that students in alternative education programs receive at least seven hundred fifty-six (756) hours of academic instruction per school year.

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for the deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation.

Section 3:

1. Reason for the request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your deregulation was to be denied.

   We will not be able to meet the 4 hours and 12 minutes a day because the Career Tech bus now picks our students up to go back to Wes Watkins Technology Center @ 11:30 am. The benefit to this is that any student which chooses to attend Wes Watkins in the afternoon will be able to ride the bus there. If the waiver is denied, it would prevent our Alternative Education students from attending Wes Watkins.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   We really try to promote that our students have a plan after HS, and this would help many of our alternative education students have the opportunity to gain valuable work and career skills.

3. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   We used different methods of evaluation such as TLE, graduation rates, and student retention rates. I do not feel as if this will negatively affect our students but will benefit them by allowing them to have more options in their scheduling.

#1 We are about 10miles away from the nearest alt. ed site. A large percentage will benefit because we can take the certified teachers and place them in other places to better impact student learning.

#2. We have used this system for three years now and it has worked great. We are able to staff all of our buildings with more certified teachers. We also are able to offer a credit recovery hour to help students make up credits.

#3 Yes. We have been awarded this for the last 3 years.

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: State Superintendent of Public Instruction Lindel Fields

DATE: October 22, 2026

SUBJECT: Waiver for Alternative Education Programs K-8 Districts

The listed K–8 districts request approval of a waiver from the requirement to provide an Alternative Education Program pursuant to 70 O.S. § 1210.568(F). Each district has certified that it has no students enrolled who meet the eligibility criteria for alternative education services. In accordance with statute, elementary districts without eligible students may seek relief from this requirement. Additionally, if a district is granted a waiver under subsection (F), it is not eligible to receive any statewide Alternative Education funding for the applicable school year. These waiver requests are therefore submitted for the Board's consideration.

Re: Alternative Education Waiver Deregulation

On behalf of Allen Bowden Public School, I am submitting a request for approval of our Waiver for Deregulation of our Alternative Education Program. We are a K-8 school that historically has not had the need for students to attend an alternative education program. Should the need ever arise, the number of students would be below ten (10), thus the request and need for the waiver deregulation.

If you have any questions please feel free to contact me.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   70 O.S. § 1210.568 - COOP Agreement - Allen Bowden is a PK-8 district. Should the need arise, the district will most often serve less than 10 students in the alternative education academy. We have not identified any students for at least the last 10 years. We currently have zero students identified for an alternative education academy program.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   Allen Bowden yearly has a 100% graduation rate from 8th grade. We provide a positive educational setting with direct one-on-one attention and support to build strong relationships. We use a combination of direct instruction and web based instruction. We also utilize a wrap around approach to help meet the other specific needs within each identified child encouraging them to stay in school.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   No. We have not been in a Coop. Yes, we had a 3 year waiver that is expiring.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   We will utilize our student data from benchmark assessments (Amira, IXL, Star Math) and progress monitor throughout the year. We also compare current testing data to previous years to look for growth and achievement. Our small PK-8th grade school district has never had a need to identify a student for the Alternative Ed. program.

Dear: Mr. Sweet,

This letter is to advise you the State Board of Education in its regular meeting of September 28, 2023, reviewed and approved the request for a waiver of 70 O.S. 1210.568. This request involves waiving the statute that would require your district to enter into a cooperative agreement with another school district for alternative education. This request is effective for the school year 2023-2026.

If we can be of further assistance, please do not hesitate to contact the Accreditation Standards Division at (405) 521-3311.

Sincerely,

Ryan Walters

BANNER PUBLIC SCHOOLS

DR. JAMES WHITE, SUPERINTENDENT - SAMANTHA SMITH, PRINCIPAL

RE: Alternative Education Waiver Request – 2026–2027 School Year

Oklahoma State Board of Education:

Banner Public School respectfully requests a waiver from the requirement to provide an Alternative Education program for the 2026–2027 school year pursuant to 70 O.S. § 1210.568.

Banner Public School is a PK–8 elementary school district and does not offer high school grades. The district currently has no students identified as being in need of alternative education services, does not receive Alternative Education funding, and does not operate an Alternative Education program.

Banner Public School will continue to provide appropriate academic, behavioral, counseling, and other student supports to meet the individual needs of our students. Should circumstances change and a student require services beyond those available within the district, we will work with the Oklahoma State Department of Education to ensure the student's educational needs are appropriately addressed.

Based upon our PK–8 status and the current needs of our student population, Banner Public School respectfully requests approval of an Alternative Education waiver for the 2026–2027 school year.

Please contact me if additional information or documentation is required to process this request.

Sincerely,

James White

1. **Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.**

Banner Public School requests a waiver from the alternative education program requirement. The district does not currently receive an allocation for an alternative education program and does not have any students who require alternative education placement at this time. Additionally, Banner Public School does not currently maintain a cooperative agreement with another school district for alternative education services.

Due to our small student population, the district is able to closely monitor students who may be experiencing academic, behavioral, attendance, or social-emotional difficulties and provide individualized support within the regular school setting. Students who are struggling have access to our full-time school counselor, as well as individualized interventions and support from teachers and administration.

If this waiver were denied, the district would be required to pursue a cooperative agreement with another district and arrange transportation and other necessary services for students despite having no students currently identified as needing alternative education placement and receiving no state allocation to support such a program. This would create an unnecessary financial and logistical burden for the district without addressing a current student need.

If approved, the waiver would benefit 100% of the district's student population by allowing Banner Public School to direct its limited financial and personnel resources toward programs, interventions, counseling, and educational services that address the current needs of our students. Should a student develop a need for services beyond those that can appropriately be provided within the district, Banner Public School will evaluate the student's individual circumstances and pursue appropriate placement and services at that time.

2. **List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.**

Banner Public School does not currently have students identified as needing placement in an alternative education program. In lieu of maintaining or participating in an alternative education program when no current need exists, the district proposes to continue utilizing its existing student support systems to address individual academic, behavioral, attendance, and social-emotional needs.

Alternative strategies and supports available to students include access to a full-time school counselor, individualized academic interventions, progress monitoring, parent/guardian conferences, behavioral supports, attendance interventions, and collaboration among teachers, administration, the counselor, students, and families. Because Banner Public School is a small district, staff are able to closely monitor students and respond quickly when concerns arise. Intervention plans can be individualized based upon the specific needs of each student while allowing the student to remain connected to their regular educational environment.

The district believes this approach best serves its current student population by allowing resources to be directed toward early intervention and prevention rather than maintaining an alternative education program for which the district receives no allocation and currently has no identified students requiring services. Should a student demonstrate a need that cannot appropriately be met through the district's existing interventions and supports, the district will evaluate the individual circumstances and pursue additional services or an appropriate alternative placement as necessary.

Banner Public School has no alternative education graduation rate to report because the district does not currently operate an alternative education program and has no students enrolled in such a program. Likewise, there are no applicable previous-year alternative education audit findings to report.

3. **Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.**

None

4. **List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.**

Banner Public School currently has no students identified as needing alternative education placement. The district's proposed alternative plan is to continue providing individualized support to students within the regular school setting through our full-time school counselor, classroom interventions, academic remediation, behavioral and attendance supports, parent communication, and individualized plans based on student need.

As a small district, Banner is able to closely monitor students academically, behaviorally, and socially and intervene quickly when concerns arise. This allows students to receive needed support while remaining in their regular educational environment and maintaining relationships with their teachers, peers, counselor, and school community. The district believes these early and individualized interventions provide the greatest educational benefit to our current students while allowing district resources to be used for demonstrated student needs.

If a student develops needs that cannot be adequately addressed through these supports, the district will evaluate the student individually and seek additional services or an appropriate alternative placement.

Banner Public School does not have an alternative education graduation rate or previous-year alternative education audit results to report, as the district does not operate an alternative education program and had no students requiring alternative education services during the previous year.

To Whom It May Concern:

We are a PreK through 8th grade rural school that has been approved a waiver many times. We as a district are requesting another waiver due to the fact that the closest coop has a high school and we do not want to send our 7th an 8th grade students to a high school co-op. We have implemented many strategies that include one to one tutoring, smal class sizes, small group settings, and intervention curriculum. Teachers are evaluated based on the TLE Model and students are assessed based on STAR, Diebels, Iowa assessments, and OSTP. We are able to evaluate students' needs before a problem arises therefore we are not in need of a co-op for alternative education.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   Reason for the waiver is that we are a small rural school that serves PreK through 8th grade students. We have received a waiver many times in the past. The nearest alt ed school serves high school students and we do not want to send our 7th and 8th grade students with high school.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   Yes, we have applied and we have always received the waiver.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   We evaluate teachers with the TLE model, our school report card is always outstanding. Students take benchmark tests through STAR, Diebels, Iowa Assessment, and the OSTP. We evaluate scores and provide intervention way before a problem arises so students are not in a need for an alternative education co-op.

To whom it may concern:

My name is Logan Shuping and I am the Superintendent of Osage Hills Public School. This letter is written to apply for a waiver to opt out of the alternative education program for our district. In years past, we have been granted a three year waiver. Having an alternative education program does not fit with our school for several reasons that I will go into further, but I would like to ask for your consideration of a three year waiver for our school to reduce the administrative time of reapplying each year.

We are a small, rural PK-8 school district in Osage County. Below are the main reasons why we would like to be granted a waiver to opt out of the alternative education program:

- The closest school that we could coop with is several counties away in Tulsa, and transportation would simply not be feasible.
- We have been granted three year waivers before, and our graduation rate has remained at 100%. Our academic growth, achievement, and school report card numbers have remained well above average.
- We have many interventions and systems in place to prevent the need for an alternative education program. We use MTSS to identify at-risk students; we have a free afterschool program and an affordable before school care program; we have academic interventions through Title I, Title VI, and SRSA federal programs; we have a school counselor on site three days per week and an outside counseling agency we partner with.

All in all, our school would greatly benefit from a waiver, and we ask for your consideration of a three year waiver. Thanks so much for your time.

Best,

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   The reason for this waiver request is for logistics and neccesity of the alt ed program. First, the closest alt ed program that we could coop with is several counties away, making transportation not feasible. Second, we have demonstrated that we do not have a need for this program, as we have been granted this waiver in previous years and our student population continues to thrive.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   We have been awarded a waiver in previous years, and our graduation rate from 8th grade (PK-8 school) has remained at 100%. We have interventions in place such as: 21st century afterschool program, before school care program, tutoring opportunities, school counselor on staff, school resource officer on staff. We also utilize PBIS and MTSS to identify at risk students for early intervention.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   We have been awarded this waiver before with only positive effects on students.

Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   As stated previously, we have been awarded this waiver before and have consistently maintained a 100% graduation rate, and have high academic achievement and growth scores on OSTP. We look at SRA assessment data, OSTP scores, School report card in addition to other areas to ensure we are on track.

RE: Alternative Education Waiver Request – Panola Public School

To Whom It May Concern:

Panola Public School respectfully requests an Alternative Education waiver for the 2026–2027 school year.

Panola Public School will be serving **zero students in an alternative education program** during the 2026–2027 school year. The district **does not have an approved alternative education program and will not operate an alternative education program during the current school year**.

Because the district anticipates serving zero students requiring alternative education services, Panola Public School is requesting approval of this waiver for the 2026–2027 school year.

Thank you for your consideration of this request. Please contact my office if additional information or documentation is required.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   Panola serves zero alternative education students and has no alternative education site; therefore, cooperative distance is not applicable. Student needs are addressed through MTSS. If denied, Panola would explore a cooperative arrangement. Zero percent would directly receive alternative education services; approval preserves resources for schoolwide support.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   Panola serves zero alternative education students. MTSS provides targeted academic interventions, behavioral supports, and progress monitoring to promote success within regular classrooms. Graduation rates are not applicable to this PK – 8 district. Previous alternative education audit results are not applicable.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   The district has not particpated in a coop previously. As a small K-8 district, we have no alternative education students with a zero dollar allocatation.

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   Panola will evaluate effectiveness through TLE, MAP growth, state assessments, attendance, behavior data, and MTSS progress monitoring. Results will guide staff support and instructional adjustments to improve achievement and engagement. Graduation rates are not applicable to this K – 8 district; improved readiness supports future secondary success.

RIVERSIDE

Missy Corn,

We are asking for a waiver as we are currently not offering an alternative education program at Riverside. We feel that our small class size and one on one learning benefits our students in a way that trumps the need to COOP with a larger district which realistically already has a long waiting list for their own students. We are also a K8 district with only 38 regular ed student in 7th and 8th grades.

Alternative Education COOP Waiver

A school district with fewer than ten eligible students that seeks to operate its own Alternative Education program, rather than participate in a cooperative agreement, must request a waiver from the State Board of Education by **September 1** of the applicable school year.

Please submit this request to: Missy.Corn@sde.ok.gov AND Leslie.Frazier@sde.ok.gov

Oklahoma State Statue

70 O.S. § 1210.568(I)

Statewide System of Alternative Education Programs Rules and Regulations

Any school district submitting a plan for an alternative education program serving fewer than ten students shall enter into a cooperative agreement with another school district to jointly provide the program unless the program has been granted a waiver from this requirement by the State Board of Education.

Section 1:

Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for the waiver.

- Please state if you have an approved AltEd program and are asking to serve 1 to 10 students and not co-op with another districts **OR** you will be serving zero students and will not have an alternative education program.

Section 2:

Complete the waiver form with signatures from the superintendent, board president signature, and notary.

Section 3:

Complete all questions in section 3 and add any supporting documentation.

1. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

   We are 5 miles from another site that could serve as a COOP however due to the size of that district we feel we can better serve our students in the small setting and class sizes of Riverside.

2. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous year's alternative education audit.

   We do not offer an alternative education program. Due to our small size we are able to offer many services and one on one without the need of a formal alternative program.

3. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

   No

4. Describe the method used to assess or evaluate the effectiveness of the plan for both staff and students (e.g., TLE, ACT scores, graduation rates, RSA data, School Report Card indicators) and explain the educational impact on the district, including effects on student performance levels and projected graduation rates.

   We use a varety of methods to evaluate our student academic needs and measures through STAR and AMIRA. Our teachers are evaluated through TLE. Small class sizes and one on one instruction are our biggest benefits.

OKLAHOMA STATE
DEPARTMENT of EDUCATION

October 22, 2026

Dear Honorable Members of the Oklahoma State Board of Education:

The Office of Accreditation respectfully submits its accreditation recommendations for the 2026-2027 school year.

There is much to celebrate across the State of Oklahoma. A total of 358 school districts were accredited with no deficiencies, reflecting the continued dedication of educators, administrators, school boards, students, and communities across the state. An additional 100 districts were accredited with one deficiency, and 25 were accredited with multiple deficiencies. Sixty-seven districts are recommended for Accredited with Warning status.

To provide context for these recommendations, the 2025-2026 school year was the first in which academic proficiency results were included in accreditation determinations. Given that state assessment results are not available until after the accreditation cycle ends, this year's recommendations use results from the 2023-2024 and 2024-2025 school years.

A district is recommended for Accredited with Warning status when it receives a deficiency for the same item two academic years in a row. Of the 67 districts recommended for this status, 59 were identified due in whole or in part to Academic Proficiency. Of those 59, 56 are recommended solely for Academic Proficiency, and 3 also had other deficiencies that would have placed them on the list. The remaining 8 districts are recommended due to deficiencies outside of Academic Proficiency.

Enclosures

1. Districts Recommended for Accredited with Warning Status Due to Repeated Non-Academic Deficiencies
2. Districts Recommended for Accredited with Warning Status Due to Repeated Deficiencies Including Academic Proficiency
3. Districts Recommended for Accredited with Warning Status Due to Academic Proficiency Deficiency
4. Deficiency Detail Reports for districts with non-academic deficiencies, including districts that also have an Academic Proficiency deficiency

The Office of Accreditation respectfully requests the Board's review and consideration of these accreditation recommendations for the 2026-2027 school year.

Respectfully,

Amy Young
Program Director of Accreditation

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: State Superintendent of Public Instruction Lindel Fields

DATE: October 22, 2026

SUBJECT: Deregulation: Library Media Services Requirements

The following districts are requesting a deregulation of Library Media Services requirements under 70 O.S. § 3-126 for the 2026–2027 school year. These requests typically involve adjustments such as providing fewer staffed library hours per day or utilizing a library aide in place of a certified library media specialist. Districts receiving this deregulation must continue to ensure students have access to library services through alternative means that meet statutory expectations.

District	Requested Years	Recommended Years	Alternative Solution
Achille Public Schools	1	1	Enrollment supports a half-time librarian. The plan provides a full-time assistant.
Anderson Public Schools	1	1	Enrollment supports a half-time librarian. The plan provides a librarian and a teacher to keep the library open two days per week.
Big Pasture Public Schools	1	1	Enrollment supports a half-time librarian. The plan provides an assistant three days per week.
Blair Public Schools	3	3	Enrollment supports a half-time librarian. The plan provides six hours of assistant time and one hour with an LMS.

HOME OF THE EAGLES

Oklahoma State Department of Education,

This letter, along with the supporting documentation, serves as our request for statutory deregulation of the library media services at Achille Public Schools. This includes both the Achille Elementary School and the Achille High School.

The reason for this request is the late retirement of our library media specialist due to ongoing health issues related to her age. With the late notice of her retirement, we have been unable to fill the position with a certified library media specialist.

We have, however, been able to employ our former longtime library assistant to fill the role for this upcoming year. This will allow us to have the library open to our students for longer hours and more days. Even through this deregulation, we will be able to better serve our students this upcoming school year.

Respectfully,

Steve Spangler
Superintendent
Achille Public Schools

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Achille Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Achille Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The board of education and the media staff of the Achille Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Achille Public Schools, become the property of the Achille Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

USE OF SCHOOL LIBRARY MEDIA CENTER (REGULATION)

In accordance with the policy of the board of education, the following regulation shall govern the use of the school library media center and materials.

1. Borrowed books are due two weeks from the date they are checked out.
2. Students may check out a maximum of two books from the library media center at one time. Permission may be obtained from the librarian to borrow additional books if needed for reference or a special project.
3. Books may be borrowed for two additional weeks unless someone is on a "request list" for the book.
4. Students with overdue books will not be allowed to check out additional materials. Notice of overdue books shall be posted and passed to classroom teachers.
5. Borrowers will be charged replacement costs for all books or materials that are lost or destroyed.
6. Encyclopedias and other reference books or materials may not be removed from school premises. A photocopy of a specific article may be obtained from the librarian.
7. Magazines, newspapers, and other periodicals may not be removed from the library media center and must be returned to the proper rack, shelf, or table.
8. Students will not be admitted to the library media center while classes are in session without a hall pass signed by their teacher.
9. Quiet and orderly conduct in the library media center will be enforced by the library media center staff.
10. Audiovisual equipment and materials may be checked out by teachers only. Teachers may request equipment for student use.
11. The use of library media center equipment and materials shall be pre-arranged with the librarian including any after school hour uses.
12. Students and their parents/guardians shall be informed that it is a misdemeanor under Oklahoma law to remove or attempt to remove any library media center material from the premises of a library media center facility without authority; or to mutilate, destroy, alter or otherwise damage, in whole or in part, any library media center materials, or to fail to return any library media center materials which have been lent to said person by the library media center facility, within seven days after demand has been made for the return of the library media center materials.

USE OF SCHOOL LIBRARY MEDIA CENTER, REGULATION (Cont.)

13. The librarian or any person on the library media center staff will not disclose or permit the revealing of any records or materials which disclose which of its documents or other materials have been loaned to or is being used by any student or group except such information may be disclosed to (a) persons acting within the scope of their duties within the school district, (b) persons authorized to inspect such records, in writing, by the student or group, or (c) by order of court.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Achille Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.
5. From this point on, appeal of the principal's decision will follow procedures as outlined in policy DGBA-R.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.
4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.
2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

HOME OF THE EAGLES

Oklahoma State Department of Education,

This letter, along with the supporting documentation, serves as our request for statutory deregulation of the library media services at Achille Public Schools. This includes both the Achille Elementary School and the Achille High School.

The reason for this request is the late retirement of our library media specialist due to ongoing health issues related to her age. With the late notice of her retirement, we have been unable to fill the position with a certified library media specialist.

We have, however, been able to employ our former longtime library assistant to fill the role for this upcoming year. This will allow us to have the library open to our students for longer hours and more days. Even through this deregulation, we will be able to better serve our students this upcoming school year.

Respectfully,

Steve Spangler
Superintendent

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Achille Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Achille Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The board of education and the media staff of the Achille Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Library Deregulation

Achille Public Schools

#12. According to the Oklahoma Administrative Code 210:35-3-125, “There shall be on ongoing evaluation of the effectiveness of the organization, service, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan.

The effectiveness of the media program will be evaluated annually by the superintendent or designee in consultation with teachers and staff. The evaluation will review student and staff use of media resources, resource availability and condition, teacher feedback, and the program's effectiveness in supporting classroom instruction.

The district will document identified needs and make adjustments to resources, services, or procedures as necessary. Evaluation results will be used to guide future decisions and ensure the media program continues to meet the instructional needs of students and staff.

Oklahoma City, OK 73105-4599

To the State School Board of Oklahoma:

Please find enclosed our application for deregulation from OAC 210:35-5-71 Library Media Services Elementary School.

Anderson School is a small, rural elementary school serving approximately 256 students. Following the retirement of our certified librarian after 30 years of service, increased school insurance costs and mandatory teacher salary step increases absorbed the funding previously allocated to her full-time position. She graciously continued serving part-time for two additional years but informed the district in May that she could no longer continue.

Due to limited financial resources and the absence of a certified Library Media Specialist within our existing staff, Anderson School is requesting deregulation of the Library Media Services requirements. This will allow us to maintain student access to library resources through an alternative staffing and scheduling model while continuing to support our school-wide literacy program.

We have devised a plan to make the library accessible to our students by utilizing the staff on hand; the details are in the accompanying plan.

Thank you for your consideration in this matter.

Respectfully,

Tod Williams,
Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☐

2. What is your student enrollment? 238

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Requires at least a half-time (0.5) certified specialist, with no assistant mandated under standard rules.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Funding and availability of certified personnel. Anderson's longtime certified librarian retired and is no longer available to continue serving part-time. The district does not currently employ another Library/Media-certified staff member, and available resources do not support adding an additional position. Deregulation will allow Anderson to continue providing library access and literacy support using existing personnel and an alternative scheduling model.

5. If applicable, which years has your school had this deregulation before?
   FY26

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Tuesdays and Thursdays from 8am-3:15pm.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Part-time certified librarian and certified teacher.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $2,142

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    The site principal, superintendent, and appropriate instructional staff.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

LIBRARY BOOKS

Books may be checked out of the Anderson library provided each child and his/her parents have signed an agreement to abide by the rules established by the school librarian.

The rules for checking out books are as follows:

1. Students may check out one book at a time for a period of seven days.
2. If more time is needed, the book may be rechecked for an additional seven days provided the book is brought back to the library to be rechecked prior to or on the due date.
3. If the book is not returned within seven days and is not rechecked, the parents will be informed that the student will forfeit five minutes of recess for each day the book is not returned.
4. Overdue books are charged a 2 cents per day fine. Not to exceed $1.00.
5. A book must be returned before another will be checked out.
6. Students will pay for or replace any lost books as determined by the Librarian.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.
5. From this point on, appeal of the principal's decision will follow procedures as outlines in policy DGBA-R.

Level Two

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.
4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE) ...(continued)

Level Three

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.
2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.
3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.
4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

MEDIA SELECTION GUIDELINES FOR ANDERSON PUBLIC SCHOOL

I. Responsibility for selection of materials

The Board of Education of Anderson Public School has primary legal responsibility for the selection of all instructional materials. This authority to select instructional materials is delegated to the Superintendent and any professional personnel who the Superintendent may endow with such authority.

Materials for the Library/Media Center are selected by the Library/Media Specialist under the authority of the Superintendent.

II. Criteria for Selection

A. It is the policy of Anderson Public School to select materials for the Library/Media Center in accordance with the following principles:

1. Materials that attract student interest and provide learning value will be selected for the students. Materials will not be excluded because of race, religion, nationality, or political views of the writer.

2. As long as books and materials present an honest accounting of the facts and do not seek to distort because of religious, political or doctrinal reasons, those books and materials will not be removed or banned. When practical, materials representing different points of view will be selected.

B. Some considerations made in the selection of books and materials for the Library/ Media Center.

1. Selections will be made considering the different maturity levels of students.

2. Materials will be selected which fill a need created by the curriculum and which seeks to encourage the development of the students.

3. The following will be considered in the selection of books and materials.

a. How well the purpose of the material is accomplished.

b. The reputation and significance of the author

c. Timeliness or permanence of the materials

d. Importance of the subject matter to the collection

e. Accuracy of the material

f. Reputation and standards of the publisher or producer

g. Readability and reader appeal

MEDIA SELECTION GUIDELINES FORANDERSON PUBLIC SCHOOL (Cont.)

h. Quality of writing and illustrations

i. Price

4. Special considerations made for non-fiction materials before selection:

a. Religion: Factual unbiased materials may be included in the collection as long as all major religions may be represented. Bibles and other sacred writings may be made part of the collection. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

b. Ideologies: The Library/Media Center should not try to sway a student's judgment toward any ideology or philosophy but might make available materials on one if it is of current or continuing interest and suitable for the students' maturity level..

c. Science: Medical and scientific knowledge suitable to the developmental level of the students should be made available without any biased selection of the facts.

5. Fiction plays an important role in the educational process. Books of fiction are purchased to supplement classroom materials and to encourage students in the pleasurable pursuit of reading. Books of fiction are seen as vehicles to help students improve reading skills through engaging the written word.

III. Donated books and materials

A. All donated books and materials must meet the same criteria as those purchased with school funds. Donors are encouraged to make monetary contributions rather than purchasing new materials since schools being non-profit organizations can often purchase materials more cheaply and also because there might be an area of more pressing need that could have been addressed with a cash donation.

B. Once made and subsequently accepted, all donations of books and materials become the property of Anderson Public School.

IV. It is recommended that a student or his/her parent should have the right to reject the use of library resource materials which seem incompatible with his/her values and beliefs. It is also recommended that classroom assignments involving library materials provide for alternative choices. This procedure is consistent with the National Council of Teacher of English statement in Student's Right to Read, which is endorsed in its complete form. We maintain, however, that no parent has the right to determine the reading material for students other than his/her own children.

Any parent who wishes to request reconsideration of the use of any library/media resource material should follow the steps listed below:

1. The complainant should request a meeting with the library/media specialist to discuss the material in question. If the complainant does not feel his/her concerns have been properly addressed then the complainant will be given a Request for Consideration form by the Library/Media Specialist.

MEDIA SELECTION GUIDELINES FORANDERSON PUBLIC SCHOOL (Cont.)

2. The complainant should then request a meeting with the Superintendent. At the time of the meeting, the complainant should first give the Superintendent the Request for Consideration form filled out in its entirety. The complainant may then make his/her concerns known to the Superintendent. If the complainant does not feel his/her concerns have been properly addressed by the Superintendent then the Superintendent will establish a time at which the material will be reviewed by the Review Committee.

3. The members of the Review Committee are appointed by the Superintendent with recommendations for its membership being made by the Library/Media Specialist. Normally, membership will consist of the Superintendent, the Library/Media Specialist, an instructional staff member appropriate to level, and a parent currently a member of the steering committee of the school Parent Volunteer Organization.

4. The Review Committee will review the material and judge its suitability based on its conformity with selection criteria and instructional goals. The decision of the Review Committee will be submitted to the complainant and a copy of the objection and decision will be kept by both the Superintendent and the Library/ Media Specialist.

5. If the complainant does not agree with the decision of the Review Committee, he/she may appeal to the Board of Education through the Superintendent. The final decision then rests with the Board of Education.

12. According to Oklahoma Administrative Code 210:35-3-125, “There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan

The effectiveness of Anderson's library program will be reviewed annually by the site principal with input from staff and students. The review will consider student access and library usage, the adequacy and condition of library resources, support of classroom instruction and literacy, and feedback from teachers and students. The district will use this information to make adjustments to library scheduling, services, and resources as needed.

To whom it may concern-

The following is the Deregulation of Library Services Request from Big Pasture Public Schools. As a small, rural district that currently serves less than 200 students, the ability to employ a full time librarian is not fiscally possible. In the past, the district has received waivers, with the current 3-year waiver recently expiring.

Attached is the district's request for deregulation, current library staffing schedule, and policies regarding selection and evaluation processes.

Thank you for your consideration.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School

- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

1. What is your school Type?

   Elementary ☑
   Middle School ☐
   High School ☑

2. What is your student enrollment? 176

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   According to the Oklahoma Admininstrative Code, our district should employ at least a half-time certified media specialist (librarian).

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   As a small, rural district, funding for this position becomes very difficult. Not only is the funding an issue, but finding a certified media specialist/librarian to fill this position would be difficult as well.

5. If applicable, which years has your school had this deregulation before?
   Our district just came off of a 3-year waiver, which expired June 30,2026.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library is currently open during every hour of the school day. Every teacher within the district has the oppotunity to utilize the library at any time. The library is staffed by an Library Aide on Monday, Wednesday and Friday.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   On Monday, Wednesday and Friday, the library will be staffed by the library aide.
   On Tuesday and Thursday, the library will be staffed by a paraprofessional.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

Minimum required expenditures totals $1584.00.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

The district administration office will oversee expenditures of library funds.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER
SELECTION OF MATERIALS
(REGULATION)

The responsibility for the selection of library media center materials rests with the Big Pasture Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Big Pasture Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Big Pasture Public Schools, become the property of the Big Pasture Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Big Pasture School Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian; teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.

5. From this point on, appeal of the principal's decision will follow procedures as outlined in policy DGBA-R.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.

4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

12. According to Oklahoma Administrative Code 210:35-3-125 shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the meda program." Describe how this evaluation will take place under your proposed deregulation plan.

Big Pasture Public Schools will annually review and revise the implementation of library and media services for the district. Evaluation of library and media services will be conducted annually by the administration team, along with input from all staff. Site principals will monitor the use and accessibility of the library.

During the school year, constant monitoring will occur, and adjustments will be made to insure the functionality and availability of library and media services. Any adjustments and concerns will be notated and reviewed annually.

Oklahoma State Department of Education

On behalf of Blair Public Schools, I respectfully request approval of a three-year library deregulation pursuant to OAC 210:35-5-71 and OAC 210:35-9-71.

Blair has operated under an approved library deregulation since 2014. During the requested three-year period, the school library will remain available to students through a coordinated schedule supported by student aides, paraprofessionals, and volunteers when available.

The district's STEM teacher a certified Library Media Specialist will serve as the librarian and will supervise these individuals, coordinate library access, and oversee library services. Blair Public Schools remains committed to ensuring that students have meaningful access to library resources and appropriate support.

We respectfully request approval of this deregulation for a period of three years. Thank you for your consideration. Please contact me at 580.563.2632 ext 121 or sdavis@blairschool.org if additional information or documentation is required.

Sincerely,

Stacey Davis

Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☑

2. What is your student enrollment? 185

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Blair School is requesting a three year deregulation for our Media Program-regulation OAC 210:35-5-71 and OAC 210:35-9-71. Staffing requirement for fewer than 300 students enrolled must provide at least a half-time certified Library Media Specialist.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   We hired a certified Library Media Specialist but she is teaching STEM. We plan to utilize volunteers, paraprofessionals and library aids in our library under the supervision of our STEM Teacher/Library Media Specialist.

5. If applicable, which years has your school had this deregulation before?
   Blair has recieved the deregulation since 2014.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   We hope by keeping our library available to students all day we will help maintain the success of our reading programs. The library will be open each day we are in school and be available every hour of the day. (*See attached class schedule)

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   We have a certified Library Media Specialist who will be working with volunteers, paraprofessionals and library aides.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

$1710

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

The STEM teacher/ Library Media Specialist

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Blair Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201

OAC 210:35-3-126

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Blair Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Blair Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student
3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126. _

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books Children's
Catalog
The Elementary School Library Collection Hornbook
Oklahoma Department of Libraries Book School Library
Journal
Junior High & Senior High School Catalog Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

Gift Books and Materials

Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

Gift books and other materials, once accepted by the Blair Public Schools, become the property of the Blair Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.
If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.
Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal. An informal conference with the principal will be held. If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically. Out-of-date or no longer useful media are withdrawn from the collection.

To Whom It May Concern,

Under Blair Public Schools' proposed deregulation plan, the administration, in cooperation with teachers and the staff responsible for library operations, will conduct ongoing evaluations of the media program. Each semester, the district will review library access, staffing coverage, circulation records, student participation, and teacher and student feedback to determine whether the coordinated library schedule adequately meets instructional needs.

An annual review of print materials, digital resources, and equipment will assess their condition, relevance to the curriculum, age appropriateness, and accessibility to students of varying reading levels and abilities. Teachers will identify resource needs and evaluate how effectively library services support classroom instruction, reading development, and research skills.

Evaluation findings will be documented and used to adjust schedules, improve services, update materials, and prioritize purchases. The administration will prepare an annual summary of findings and planned improvements for the superintendent and Board of Education. This process will continue throughout the deregulation period to ensure the media program remains effective and responsive to student and staff needs.

Due to the remote location of Bowring School, securing a part-time library media specialist who is willing to travel approximately 20 miles to the district presents a significant staffing challenge. To ensure that students continue to have consistent access to library resources and services, the district utilizes a trained instructional aide to support and manage the library.

The Bowring School library remains open throughout the school day, allowing students and staff convenient access to books, instructional materials, technology, and other library resources as needed. This approach allows the district to effectively meet the library and information needs of our students while working within the staffing limitations associated with our rural location.

I am applying for a 3 year library deregulation.

Sincerely,
Nicole Hinkle

Collection Development and Materials Selection Policy

Bowring Public Schools
Pawhuska, Oklahoma

I. MISSION STATEMENT and GOALS FOR THE LIBRARY MEDIA CENTER

The mission of the Library Media Center of Bowring Public Schools, Pawhuska, Oklahoma, is to serve informational, educational and recreational needs of the students, teachers and parents by acquiring and maintaining quality materials, programs, and services within comfortable facilities and in a manner commensurate with responsible fiscal planning. Our mission includes providing access to the universe of information beyond our library's own collection through efficient use of technology.

Materials are selected to meet the objectives of the Bowring Public Schools, with these long-range goals in mind:

- Develop a selection of popular materials of current high-interest materials in a variety of formats.
- Develop a reference library to provide timely, accurate and useful information, within the collection and through access to resources outside the library.
- Create an environment conducive to intellectual development through book talks, discussions, and guided research.
- Encourage students to become life-long learners.

II. MATERIALS SELECTION POLICY

The policy, which guides the selection process has been unanimously adopted by the Bowring Board of Education.

Books and other library materials are selected on the basis of literacy, educational, informational, and recreational value, and relevance to the school curriculum. The responsibility of the selection rests with the School Library Media Specialist (SLMS).

No title is excluded on the basis of moral, racial, religious, or political prejudice. Titles are selected, within the limitations of the budget, on the basis of critical consensus among recognized subject authorities. Suggestions from users are encouraged and will be given due consideration.

A Library Board will be convened *ad hoc*, and will be made up of the School Library Media Specialist, parents, and teachers, to review written complaints concerning specific titles as it deems necessary, and retention or deletion will be determined by the Board's standard of selection.

III. MATERIALS SELECTION PROCESS

A. Responsibility and Authority for Selection

Ultimate responsibility for materials selection rests with the School Library Media Specialist (SLMS). The SLMS is responsible for acquisition, cataloging, and processing of materials, and for promoting consistency in the selection and maintenance of the collection.

The authority of the SLMS is as follows:

- Authority to approve or disapprove selection recommendations from students, faculty, or the Bowring community.
- Authority to make final decisions on the withdrawal or circulating materials, the rebinding of books, repackaging of audiovisual materials, replacement orders, and the addition of gifts to the cataloged circulating collection.
- Authority to initiate any weeding projects as a result of collection evaluations.

B. Selection Guidelines

Selection is a discerning and interpretive process; therefore, the SLMS must posses:

- A general knowledge of the subject and its important literature
- A familiarity with the materials in the collection
- An awareness of the bibliographies of the subject
- An understanding of the school curriculum
- A recognition of the needs of the students, faculty, and parents

C. Criteria for Selection

The selector should choose materials that will build a well-rounded collection that includes all viewpoints and opinions and that will meet users needs, following these criteria:

- Literary merit
- Enduring value
- Accuracy
- Authoritativeness
- Social significance
- Importance of subject matter to the collection
- Timeliness
- Popular demand
- Cost

- Scarcity of material on the subject and availability elsewhere
- Quality and suitability of the format
- Relevance to the school's curriculum
- Other considerations may be applicable in specific subject areas

D. Selection Tools

- Professional journals
- Trade journals
- Subject bibliographies
- Publishers' catalogs and promotional materials
- Reviews from reputable sources
- Lists of recommended titles
- Sales representatives for specific materials
- Suggestions from patrons
- Standard review sources include *Booklist, Horn Book, School Library Journal Book Report, Publishers Weekly The Digest of Software Reviews: Education,* and *AFVA Evaluations* (for film and video.)

F. Scope

The scope of the Bowring Public Schools library is intended to offer a variety of format, treatment, and level of difficulty so that most individual library needs can be met and service given within current budget parameters.

G. Format

Materials are purchased in the most appropriate format for library use, Books are generally purchased in hardcover editions (for durability), but soft cover editions may be preferred in some cases. Formats include print and audiovisual materials, recognizing the legitimate educational and recreational value of non-print formats.

H. Archive

At the Bowring Public Schools Library, current usefulness is the determining factor in how long material is kept. There is no attempt to be complete in terms of historical coverage. Old editions are withdrawn when new ones are received or when the contents are incorrect or out of date. The amount of use that an item receives in the present outweighs the possibility that someone may use it some day. No extraordinary effort is made to preserve or protect the last copy of any title in the collection. School history materials (such as yearbooks, student poetry anthologies) will be retained.

I. Gift Books

Gifts to the collection can be in the form of money or actual materials. Gift plates and letters of acknowledgement are appropriate stipulations by a donor, but other requirements should be evaluated carefully before the gift is accepted. All gifts become part of the general collection and should not require special circulation procedures. Gifts of books and other non-print materials are gratefully accepted with the understanding that they will be considered for the collection in accordance with the Materials Selection Policy (see Section II). The library reserves the right to sell or otherwise dispose of gift materials not added to the collection. The donor will receive a written acknowledgement of the gift (but not an appraisal or indication of its value) if the materials are added to the collection..

L. Weeding

Systematic evaluation and weeding of the collection is required in order to keep the collection responsive to user needs and changes in curriculum, and to make room for newer materials. Subject areas should be reassessed for relevancy and currency every year.

Materials may be withdrawn if they are worn, obsolete, little used, superseded by a new edition or a better work, or inappropriate for the collection. Factors applicable when deciding on replacements are the same as for selection. Audiovisual materials withdrawn usually will be replaced with new, popular titles.

Materials withdrawn from the reference collection that retain informational value may be transferred to the circulation collection or offered to other libraries.

M. Reconsideration of Library Materials

The library is obligated to reflect within its collection differing points of view on controversial or debatable subjects. The Bowring Public Schools library does not endorse particular beliefs or views, nor does the selection of an item express or imply endorsement of the author's viewpoint. Library materials will not be marked or identified to show approval or disapproval of the contents, nor will items be sequestered, except for the purpose of protecting them from damage or theft.

Comments from members of the community about the collection or specific items in the collection provide information about interests or needs of the users. The library welcomes expression of opinion by users, but will be governed by this Materials Selection Policy in making additions to or deleting items from the collection.

Users who request the reconsideration of library materials will be asked to put their request in writing by completing and signing the form entitled "Request for Reconsideration of Library Materials."

Upon receipt of a formal, written request, the SLMS will appoint and ***ad hoc*** committee from the school and the community to make a decision regarding the

disposition of the material. At the earliest possible date, the SLMS will communicate this decision and the reasons for it in writing to the person who initiated the request for reconsideration.

In the event that the person who initiated the request is not satisfied with the decision of the SLMS and the ***ad hoc*** committee, he/she may appeal for a hearing before the School Board by making a written request to the Board. The Board reserves the right to limit the length of the presentation and the number of speakers at the hearing. The Board will determine whether the request for reconsideration has been handled in accordance with stated policies and procedures of the Bowring Public Schools library. On the basis of this determination, the Board may vote to uphold or override the decision of the SLMS and ***ad hoc*** committee.

Bowring School evaluates the effectiveness of its library media program through regular feedback from both students and staff. A survey is developed using Google Forms to gather information regarding the organization, services, resources, accessibility, and overall effectiveness of the library media program.

The student survey is distributed through Google Classroom to provide students with convenient access to the evaluation. Teachers and staff members receive the survey link through email. This process allows the school to collect feedback from the individuals who regularly utilize the library and its resources.

Survey results are reviewed and evaluated by the library paraprofessional and school administration. The results are used to identify strengths of the library program, areas that may need improvement, and the effectiveness of current library services and resources in meeting the needs of students and staff.

Feedback from the surveys is considered when making decisions regarding library resources, services, organization, accessibility, and future improvements. The evaluation process provides the school with ongoing information to ensure that the library media program continues to support student learning, literacy, curriculum needs, and the overall educational goals of Bowring School.

Evidence Used to Evaluate Effectiveness

- Student Google Forms survey results
- Staff/teacher Google Forms survey results
- Library usage and circulation information
- Student and teacher feedback
- Review of the library collection and resources
- Identification of outdated, damaged, or insufficient materials
- Review of curriculum and instructional resource needs
- Recommendations from the library paraprofessional and administration
- Action steps developed in response to identified needs

Review Process

The library paraprofessional and administration review the collected survey data and other available evidence to determine:

1. What aspects of the library program are working effectively.
2. Whether students and staff have adequate access to library resources and services.
3. Whether the collection meets the needs of different grade levels, reading abilities, interests, and curriculum areas.
4. What additional resources or services may be needed.
5. What areas of the library program should be improved.
6. What actions should be taken to address identified needs.

The results of the evaluation are used as part of the school's continuous improvement process and to guide future decisions regarding the library media program.

Re: Deregulation of Library Services

To Whom It May Concern:

Over the last two years our school district has had to absorb a deficit of approximately $800,000.00 due to the fact that we hit the ESSER Cliff, previous superintendent paid for salaries out of the ESS ER monies and in September of 2024 the carryover in the ESSER funds were expended leaving our school district in a deficit of $378,000.00.

In July of 2024, 7 Cowboy Wind Farm in Washita County submitted a protest to the ad valorem taxes and ultimately sued the County Assessor. It was settled in January of 2025, and the court dropped the assessment from $144,000,000.00 to $107,000.00. This affected our school district by reducing our ad valorem from $1.6 million to $1.2 million.

Over the past 5 years our enrollment has dropped 122 students and in lieu of riffing teachers and staff we were able to manage through attrition and retirement to lower our staff to an appropriate level. This in turn affected all teaching positions in our district and we have had to move personnel around to cover core curriculum classes and move the library media teacher to a classroom. She decided to retire and we decided to request a one-year deregulation so we may increase our General Fund Balance.

Our intention is to do this for one year and advertise in the spring to hire a full-time Library Media Specialists. The library is one of the most important aspects of a school, and we realize that not having it influences students reading and the joy of reading. We did not take this deregulation lightly yet understand that we cannot operate a school without appropriate funding.

If you require any additional information, please reach out to me at my email address, matuszewskij@bfdc.school or by phone at 580-562-4844.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

OKLAHOMA Education

Section 3:

1. What is your school Type?

   Elementary ☐
   Middle School ☑
   High School ☑

2. What is your student enrollment? JH 60 HS 104

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Fewer than 300. At least a half-time certified library media specialist (librarian).

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   This deregulation is based on the fact that our school district is overcoming a deficit of approximately $800,00.00 from Wind Farm Protest and the ESER Cliff. We have lost 122 students in that time frame (whole district) and have lost an additiaonl 50 students this year. The librarians position will be filled next year. We are requesting one year deregulation to get our General Fund Balance increased.

5. If applicable, which years has your school had this deregulation before?
   None

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Monday Through Friday from 7:50 am until 3:10 pm.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   See Attached Schedule

SCHOOL LIBRARY REGULATION (Cont.)

16. Audio-visual equipment and materials may be checked out by teachers only. Teachers may request equipment for student use.

17. The use of library equipment and materials shall be pre-arranged with the librarian including any after school hour uses.

18. Students and their parents/guardians shall be informed that it is a misdemeanor under Oklahoma law to remove or attempt to remove any library material from the premises of a library facility without authority; or to mutilate, destroy, alter or otherwise damage, in whole or part, any library materials, or to fail to return any library materials which have been lent to said person by the library facility within seven days after demand has been made for the return of the library materials.

19. The librarian or any person on the library staff will not disclose or permit the revealing of any records or materials which disclose which of its documents or other materials have been loaned to or is being used by any student or group except such information may be disclosed to (a) persons acting within the scope of their duties within the school district, (b) persons authorized to inspect such records, in writing, by the student or group, or (c) by order of court.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations which support this policy.

The Board of Education and the media staff of the Burns Flat-Dill City Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.
3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials which fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

LIBRARY SELECTION POLICY

It is the policy of the Burns Flat-Dill City Board of Education and the school district to provide a wide range of instructional materials on all levels of difficulty, with diversity of appeal and the presentation of different points of view, and to allow the review of existing media collections and the reconsideration of materials through established procedures. Procedures are provided for maintaining a consistent quality of excellence in the materials for use in the teaching-learning process, including continuing evaluation of the media collection. This policy statement provides a basis for selection of instructional materials and is to be used to assist students, parents, and district patrons to better understand the purposes and standards used to select instructional materials.

The Burns Flat-Dill City Board of Education and the media staff of the Burns Flat-Dill City Public Schools subscribe in principle to the affirmation of the American Association of School librarians that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciation's and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles can be defended on the basis of their appropriateness for the users of the media center.

The policy of the Burns Flat-Dill City Schools is to provide an educational program which will encourage and enable each student to become intellectually and socially competent, to value moral integrity and personal decency, and to achieve self-understanding and self-realization. For the purpose of this policy statement, the term instructional materials will refer to any material with instructional content or function that is used for formal or informal teaching or learning purposes.

LIBRARY SELECTION POLICY (Cont.)

4. Timeliness or permanence of the materials
5. Readability and reader appeal
6. Format and price
7. Reputation of the publisher or producer
8. Accuracy of the material
9. Quality of writing and illustrations
10. Reviews of the title in material selection aids

Selection Sources

The library media specialist is expected to build the collection to fit the needs of the school district and is obligated to evaluate most carefully the possible purchase of all materials. The following sources may be used as guides in the selection of materials (reputable, unbiased, professionally prepared selection aids):

Educational or media catalogs
Periodicals
Reviews of materials
Publication representatives
Oklahoma Department of Libraries Book Evaluation Center

Requests for Consideration

Suggestions and input from other individuals are important to the library personnel. Many times administrators, faculty, or students may be aware of a need in the library. Requests for consideration for library materials for the possible inclusion in the collection may be made by completing a request for consideration form. The completed form should be delivered to the district library media center.

Gift Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds.

2. The practice of a donor's purchasing new books or materials as library resource center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials as the school receives a discount and can purchase more books for the same amount of money and fill the greatest need at that time.

3. Special conditions may not be placed on the gift by the donor.

4. Gift books and other materials, once accepted by the Burns Flat-Dill City Public Schools, become the property of the Burns Flat-Dill City Public Schools. The final disposition concerning gifts will be the responsibility of the library media specialist.

LIBRARY SELECTION POLICY (Cont.)

6. Material is not to be withdrawn without referring to the Review Committee which determines whether the material should be withdrawn. The committee shall be composed of the superintendent, the building principal, the library media specialist, and two faculty members.

7. Within two weeks of referral to the committee, the committee will meet, review and determine the disposition of the complaint. No decision will be made until all committee members have had sufficient time to review the material. The committee's decision regarding the material may be to (a) limit or restrict use of the material, (b) remove the material from the shelf to be reviewed and reconsidered at a later date, or (c) place the material back on the shelf.

8. Material is reviewed and judged by the committee as to conformity with election criteria and instructional goals. The complainant may present to the committee his/her views on the material under consideration.

9. The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

10. In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

11. Final decision rests with the board of education.

RE: Library Media Services Deregulation Request – 2026-2027 School Year

Dear Accreditation Division:

Chelsea Public Schools respectfully requests deregulation from OAC 210:35-5-71, OAC 210:35-7-61, and OAC 210:35-9-71 regarding Library Media Services for the 2026-2027 school year.

The district has historically utilized one Library Media Specialist who divided time between our two district libraries: Art Goad Elementary and the combined Middle School/High School library. Following the resignation of our Library Media Specialist during the 2023-2024 school year, the district temporarily reallocated that position to provide a much-needed elementary counselor.

Our intention for the 2026-2027 school year was to restore the Library Media Specialist position. A current special education teacher who had completed a master's degree in Library Media and was pursuing the appropriate certification was prepared to transition into that role. Unfortunately, the district was unable to fill the special education teaching position that would have been vacated by her transition. Removing an experienced special education teacher without a qualified replacement would have created a significant disruption to services for students with disabilities.

As an alternative, Chelsea Public Schools has developed a plan that maintains full-time student and staff access to both district libraries. Full-time library aides staff the libraries throughout the school day, while the district's Library Manager provides professional oversight of both facilities. Her special education schedule has been adjusted to provide dedicated time during the school day for library management, coordination, and support.

This arrangement allows Chelsea Public Schools to continue providing library resources and services to students while meeting critical special education staffing needs. The district remains committed to maintaining strong library services and will continue to evaluate staffing opportunities that would allow us to return to the standard staffing model.

Thank you for your consideration of this request.

Sincerely,

Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

LIBRARY MEDIA SERVICES DEREGULATION REQUEST – EXPANDED DOCUMENTATION

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add documentation.

This deregulation request is primarily the result of a staffing shortage in another critical instructional area. Chelsea Public Schools intended to restore a full-time Library Media Specialist position for the 2026-2027 school year. A current special education teacher who has completed a master's degree in Library Media and is completing the appropriate certification was prepared to transition into the library position. However, the district was unable to recruit a qualified replacement for her special education teaching assignment.

Moving this employee into the library position without a qualified special education replacement would have negatively affected services provided to students with disabilities. As a result, the district adjusted her teaching schedule to provide dedicated time for oversight of the district's library program while she continues serving students in special education. Full-time library aides provide daily staffing in both district libraries.

This request is therefore not based on eliminating library services or solely on reducing expenditures. It is a temporary staffing solution that allows the district to maintain library access and professional oversight while also meeting critical special education staffing needs.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Chelsea Public Schools — 2026–2027 Library Services Schedule

Site / Library	Hours of Operation	Daily Staffing	Professional Oversight
Art Goad Elementary Library	8:00 AM – 3:20 PM	Makayla Fortin Full-Time Library Aide	District Library Manager
Lunch Period & Break Coverage	11:45 – 12:15	Bailey Mosely 1st Grade Aide	
Chelsea Middle School / High School Library	8:00 AM – 3:20 PM	Tanya Theall Full-Time Library Aide	District Library Manager
Lunch Period & Break Coverage	12:15 – 12:45	Fran Tharp HS Paraprofessional

District Library Manager Schedule

The District Library Manager serves as a full-time Special Education teacher at Art Goad Elementary. Her instructional schedule has been adjusted to provide dedicated time during the regular school day for district library responsibilities.

Day	Designated Library Time	Primary Responsibilities / Location
Monday	9:00-10:00 AM	AGE Library
Tuesday	9:00-10:00 AM	AGE Library
Wednesday	9:00-10:00 AM	MS/HS Library
Thursday	9:00-10:00 AM	MS/HS Library
Friday	9:00-10:00 AM	Flex between AGE & MS/HS

Library Services Plan: Both district libraries remain open and accessible to students and staff throughout the regular school day under the supervision of full-time library aides. The District Library Manager provides oversight of both libraries, including collection management, coordination and support of library aides, instructional resource support, and other library media responsibilities.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

The District Library Manager, in coordination with site administrators and the district administration, will oversee the required annual library media expenditures to ensure that resources support the instructional needs of students and staff and comply with Oklahoma library media standards.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

Chelsea Public Schools will conduct an ongoing evaluation of the effectiveness of the alternative library services plan through administrative review of library accessibility, circulation and utilization of library resources, collection needs, instructional support provided to teachers and students, and feedback from library aides, teachers, principals, and the District Library Manager.

The District Library Manager will regularly review the operation and needs of both libraries and communicate identified needs to site and district administration. The district will also monitor whether the current staffing arrangement provides students and staff with consistent access to library resources and appropriate professional oversight.

This evaluation will be used to make adjustments to library operations during the school year and to inform future staffing, budgeting, collection development, and library service decisions.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Chelsea Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201
OAC 210:35-3-126

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Chelsea Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff and/or the building principals or their designee. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the staff of the Chelsea Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.
3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the _____ Public Schools, become the property of the _____ Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

~~Definition of Critical Terms~~

~~Selection -- the act or process of selecting materials.~~

~~Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.~~

~~Evaluation -- to examine and judge the quality of materials.~~

~~Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.~~

~~Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.~~

~~Complaint -- an oral charge against the presence and/or appropriateness of the material in question.~~

~~Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.~~

~~Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.~~

~~Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).~~

Crooked Oak

PUBLIC SCHOOLS

To Whom it May Concern:

Crooked Oak Public Schools is requesting a 3-year deregulation of library services.

Crooked Oak Public Schools house our elementary, middle school, and high school at one location. We have two libraries: one located in the elementary school; one located between the middle school and high school as a shared secondary library. They are currently staffed with one full-time paraprofessional at each location and one full-time librarian that divides her time equally between the two (see attached schedule). This allows both libraries to be open to all students during school hours. Because the libraries are within walking distance of each other, the librarian can easily transition when needed.

Based on funding and availability of certified librarians, we are requesting a 3-year waiver.

Thank you for your consideration,

SCHOOL LIBRARY MEDIA CENTER

SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Crooked Oak Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations which support this policy.

The Board of Education and the media staff of the Crooked Oak Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Review Committee

Library Media Specialist

Principal

Counselor

Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects which are topics of criticism are carefully considered before selection. Among these are:

A. Religion -- Factual unbiased material which represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.

2. Concepts, content, and vocabulary should be appropriate for the potential user.

3. Facts presented should be accurate and up-to-date.

4. Information should be logically arranged.

5. Subject matter should hold the attention of the student.

6. Format of the material should be attractive and durable.

7. Illustrations should be pertinent and well executed.

8. Each medium should meet a real or potential need.

9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist

Bulletin of the Center for Children's Books

Children's Catalog

The Elementary School Library Collection

Hornbook

Oklahoma Department of Libraries Book

School Library Journal

Junior High & Senior High School Catalog

Fiction Catalog

When possible, audio-visual materials shall be previewed before purchase or ordered with return privilege guaranteed.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Crooked Oak Public Schools, become the property of the Crooked Oak Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than

his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials which fill a need related to the curriculum or contribute to the development and enrichment of the student. Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

12. According to Oklahoma Administrative Code 210:35-3-125, “There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan

Crooked Oak elementary and secondary principals will continue to use the OKTLE model to observe and evaluate our shared librarian. Through this process, we will collect unit plans for the curriculum taught through the weekly classes and monitor the resources and programs used.
We will use Destiny, our library online system, to monitor and evaluate the data such as: how many students check out books, the times students are most likely to visit the individual libraries, and which resources are utilized the most by the students in classes and outside of class time.
Based on the data listed above and other data that comes throughout the school year, we will make adjustments to times and schedules to ensure that the maximum number of our students have access to our library resources.

To whom it may concern:

We simply cannot find certified Library Media Specialists and with the teacher shortage, if we moved a certified teacher into that position, it would leave us an opening in a regular classroom. The position remains posted and if a suitable candidate applies, we will staff the position according to accreditation standards.

Our proposal is to utilize a full-time LMS assistant and to continue to look for a viable candidate. This will allow for the library to be open to students and teachers on a full-time basis. Enid Public Schools also has a district LMS coordinator that conducts monthly meetings with all LMS and LMS assistants and will provide additional support to the LMS assistant at McKinley Elementary. The first line technology support that many times falls on the LMS teacher will be handled by the districts IT department.

Your consideration of this request is greatly appreciated.

Sincerely,

Dr. Dudley Darrow

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Enid Board of Education that efforts be made to staff and maintain the school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

To whom it may concern:

We simply cannot find certified Library Media Specialists and with the teacher shortage, if we moved a certified teacher into that position, it would leave us an opening in a regular classroom. The position remains posted and if a suitable candidate applies, we will staff the position according to accreditation standards.

Our proposal is to utilize a full-time LMS assistant and to continue to look for a viable candidate. This will allow for the library to be open to students and teachers on a full-time basis. Enid Public Schools also has a district LMS coordinator that conducts monthly meetings with all LMS and LMS assistants and will provide additional support to the LMS assistant at Hoover Elementary. The first line technology support that many times falls on the LMS teacher will be handled by the districts IT department.

Your consideration of this request is greatly appreciated.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by Enid Public Schools, become the property of Enid Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Enid Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Enid Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Enid Board of Education that efforts be made to staff and maintain the school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

The position remains posted and if a suitable candidate applies, we will staff the position according to accreditation standards.

Our proposal is to utilize a full-time LMS assistant and to continue to look for a viable candidate. This will allow for the library to be open to students and teachers on a full-time basis. Enid Public Schools also has a district LMS coordinator that conducts monthly meetings with all LMS and LMS assistants and will provide additional support to the LMS assistant at Eisenhower Elementary. SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Enid Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Enid Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by Enid Public Schools, become the property of Enid Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Enid Board of Education that efforts be made to staff and maintain the school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by Enid Public Schools, become the property of Enid Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

To whom it may concern:

We simply cannot find certified Library Media Specialists and with the teacher shortage, if we moved a certified teacher into that position, it would leave us an opening in a regular classroom. The position remains posted and if a suitable candidate applies, we will staff the position according to accreditation standards.

Our proposal is to continue to utilize a full-time LMS certified teacher and a full-time LMS assistant and to continue to look for a viable candidate. This will allow for the library to be open to students and teachers on a full-time basis. We truly feel that the strong working relationship between our certified staff member and our support staff member has allowed us to maintain a top notch LMS program at Enid High School.

Your consideration of this request is greatly appreciated.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Enid Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Enid Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Enid Board of Education that efforts be made to staff and maintain the school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

To whom it may concern,

On behalf of Flower Mound Public School, I respectfully request a one-year waiver/deregulation beginning in FY27 from the following requirements:

OAC 210:35-5-71 (Elementary School)

This waiver requested as our long-time librarian retired at the end of the 2026 SY to move out of state. We have a current teacher who has started her Master's in Library Media Certification and will complete her coursework at the end of this school year. Our plan is to place her in the librarian capacity next school year full-time.

We do have a very experienced library assistant that will be in the library this school year full-time to not have any reduction in what we are offering to our students during the library hours. The operation and the oversight of the library will be overseen by our building principal through collaboration with the experienced full-time library assistant. Certified teachers will also be in the library setting when their classes are having class-wide library scheduled time. Please feel free to reach out with any questions you may have.

Sincerely,

Dax Trent, Superintendent of Schools

1. What is your school Type?

   Elementary ☑
   Middle School ☐
   High School ☐

2. What is your student enrollment? 324

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   At least a half-time certified library media specialist (librarian) and a full-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   We are asking for a deregualtion as our librarian of decades retired after the 2026 SY and a teacher has started her LMS certification and will complete it this school year and move into that role in the 27-28 SY. We have a full-time assistant with 6 years experience under our previous librarian staffed full time in the library this school year.

5. If applicable, which years has your school had this deregulation before?

   Can't remember the last time we needed this deregulation.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   The library will be open all day 5 days a week with the full-time assistant present. The library hours are 7:40-2:05.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   The library will be staffed with a full-time assistant who has 6 years experience co-running the library with our past library media specialist. Our Elementary Principal will be a support resource with any oversight needed.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

The effectiveness of the Flower Mound deregulation plan will be evaluated with the building principal and the school leadership team throughout the school year. Our administrative team spent the summer creating our library schedule to make sure our standards are covered during class library time as well as the resources and library book needs are being met with our library assistant under the guidance of the school principal. The administrative team will be constantly monitoring whether students and teachers have appropriate access to library materials, research resources, and instructional support.

We will have a strategy to have great library experiences as we have in the past during this transition year. Our library assistant will make the daily experience no different than it was when she worked hand in hand with our prior librarian.

Sincerely,

Dax Trent, Superintendent of Schools

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Flower Mound Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the building principal regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.

4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Flower Mound Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Flower Mound Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by Flower Mound Public Schools, become the property of Flower Mound Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

Re: Library Deregulation Waiver Request

To Whom It May Concern:

Friend Public School respectfully requests a library deregulation waiver for the 2026–2027 school year. As a small, rural PK–8 district, we face staffing and funding limitations that prevent us from employing a certified library media specialist.

Under the proposed plan, our experienced full-time paraprofessional will staff the library and maintain its daily operations. This will allow us to continue providing consistent library services to our students.

Thank you for your consideration.

Sincerely,

Susan Coble

1. What is your school Type?

   Elementary ☑

   Middle School ☑

   High School ☐

2. What is your student enrollment? 229

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   According to the Oklahoma Administrative Code, our library should be staffed with a one-fifth-time certified library media specialist and a full-time library aide.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   This deregulation is needed because of staffing and funding limitations. As a small, rural PK - 8 district, Friend Public School has been unable to secure a certified library media specialist. The teacher who previously served in the library has moved into administration. The district proposes using an experienced full-time library aide who is a paraprofessional to maintain consistent library services while managing its limited resources responsibly.

5. If applicable, which years has your school had this deregulation before?
   For many years, including the last 3.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Monday- Friday from 7:45 AM to 3:20 PM with a 30 minute lunch break.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Under the proposed plan, a full-time paraprofessional will staff the library during its operating hours. The paraprofessional has many years of library experience, including ordering and cataloging books, coordinating book fairs, and managing other daily library procedures. She has established positive relationships with students and is successful in keeping the library organized, current, and running effectively.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Procedures for the Full-Time Library Aide

Under the proposed deregulation plan, the full-time library aide will operate the library under the supervision of the superintendent and follow these district policies:

- **EFA-R1 – School Library Media Center: Selection of Materials**
- **EFA-R2 – Evaluation and Selection of Library/Media Materials**

The full-time library aide will:

1. Maintain regular library hours and assist students and staff with locating and using library resources.
2. Order, catalog, organize, and circulate materials according to district policies.
3. Review proposed materials for age appropriateness, curriculum needs, accuracy, quality, and student interest.
4. Submit recommendations for new materials to the Library Review Committee and superintendent for approval.
5. Maintain accurate circulation, inventory, purchasing, and usage records.
6. Regularly review the collection and recommend the replacement or removal of outdated, damaged, or no longer useful materials.
7. Refer concerns or challenges regarding library materials to the superintendent and follow the district's reconsideration procedures. The aide will not independently remove challenged materials.
8. Gather input from teachers, students, and parents regarding library services and resource needs.
9. Conduct an ongoing evaluation of the organization, services, and resources of the library media program, as required by Oklahoma Administrative Code 210:35-3-125. This evaluation will include teacher and student input, parent survey results, circulation and usage records, and a review of the library collection and available services.
10. Complete a written annual evaluation summarizing library usage, collection needs, services, purchases, discarded materials, and stakeholder feedback. The library aide will share the completed evaluation and recommendations for improvement with the superintendent.

HANDLING CHALLENGES OF INSTRUCTIONAL MATERIALS REGULATION

The review of questioned materials will be treated objectively, unemotionally, and as an important routine action. Every effort will be made to consider objections, keeping in mind the best interests of the students, the school, the curriculum, and the community. Since differences of opinion do exist in our society, the following procedure shall be observed to recognize those differences in a impartial and factual manner.

1. All criticism shall be presented in writing to the building principal, who will forward a copy to the school librarian. The Request for Reconsideration form (approved by the American Library Association) shall be used. This form shall be located at the building principal's office.

2. The material in question will be withdrawn from circulation until it is read and discussed by a library committee, which will be convened by the principal and the librarian. This committee shall consist of a member of the teaching faculty of the school, a member of the superintendent's staff, the school principal, the school librarian, and a member of the board of education.

3. The committee will review the questioned material and all critical evaluations available. General acceptance of the material shall be checked by consulting authoritative lists in light of the selection policies of the school district.

4. The principal and the librarian and the faculty shall implement the final decision of the committee.

5. The complainant shall be sent a copy of the evaluating report and decision.

6. In the event that the complainant does not accept the decision of the review committee, he/she may appeal to Friend Board of Education through the principal. The final decision then rests with the board. The complainant will be notified by mail of the board's decision.

7. Once an item has been challenged, reviewed and justified by the review committee and the board and another challenge is raised against it within a five-year period, the complaint may be dismissed without a hearing.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Friend Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Friend Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into con sideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Friend Public Schools, become the property of the Friend Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student. Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

EVALUATION AND SELECTION OF LIBRARY/MEDIA MATERIALS REGULATION

School library materials shall be selected in accordance with the following principles:

1. Instructional materials shall be chosen on the basis of interest and teaching value for students. Material shall not be excluded because of race, nationality, religion or political views of the writer.

2. Where practical, materials shall be selected which present various points of view concerning contemporary problems and issues.

3. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

4. The following f actors shall be considered in the selection of library materials:

   A. Selections shall be made for, and in accordance with, the different maturity levels of the students.

   B. Materials shall be selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the students.

   C. In the selection of library materials, professionally recognized reviewing tools such as standard catalogs should be used. When possible, audio-visual materials shall be previewed before purchase or ordered with return privilege guaranteed.

   D. The following specific criteria shall be considered:

      - The overall purpose of the material and how well that purpose is accomplished
      - Reputation and significance of the author
      - Timeliness and permanence of the material
      - Importance of the subject matter to the collection
      - Accuracy of the material
      - Reputation and standards of the publisher or producer
      - Readability and reader appeal
      - Quality of writing and illustration
      - Appearance of the title in material selection aids
      - Price

5. Nonfiction material dealing with subjects of criticism shall receive the same careful consideration as all other materials, including the following:

   A. Religion: Factual unbiased materials that represent all major religions may be included in the library collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value.

   B. Science: Medical and scientific materials shall be made available.

Re: Deregulation of Library Services

Due to the extremely small enrollment and limited financial resources of our rural school district, we are requesting deregulation/waiver consideration for staffing requirements while continuing to provide students and staff with access to appropriate library media services and instructional resources aligned with OSDE.

Rural school districts continue to find difficulty recruiting and retaining certified personnel, due to our geographical location and small size. Finding staff has been a challenge. Hanna Public Schools will continue providing students and staff access to library resources, technology, research materials and reading opportunities through existing staff support, classroom resources and library materials.

Thank you for your consideration. Please do not hesitate to contact the school district if you have any questions regarding this matter.

EVALUATION AND SELECTION OF MEDIA CENTER MATERIALS

Hanna Board of Education is legally responsible for the selection of instructional materials. Books and other materials for the library media center are selected by the library media specialist with the cooperation of the faculty, administrators, and when appropriate, students and parents.

The professional staff of this school district is concerned with the development of informed and responsible students. To this goal we assert that the media center is:

1. To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds and maturity levels of the students served.

2. To provide materials that will stimulate growth in knowledge and develop literary, cultural and aesthetic appreciation and ethical standards.

3. To provide materials on all sides of issues, beliefs and ideas so that young citizens may develop the habit of critical thinking, reading, listening and viewing. Thus, they are enabled to develop an intellectual integrity in forming judgments.

4. To provide materials that accurately reflect all religious, social, political and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of history and culture.

5. To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

6. To encourage wholesome recreation and constructive use of leisure time.

Library Media Program Records and Management

Hardesty Public Schools shall maintain accurate and current records related to the operation and management of the library media program. Records shall include, but are not limited to:

- Acquisition records.
- Classification records.
- Cataloging records.
- Circulation records.
- Inventory records.
- Financial records related to library media resources.

The library media program shall maintain a current catalog system utilizing either:

- A computerized library catalog system; or
- An alphabetically arranged card catalog system using a recognized cataloging system.

A current shelf list of library holdings shall also be maintained.

All instructional and learning materials throughout the school that are related to the library media program shall be included in a central catalog or inventory system to ensure accurate access, accountability, and management of district resources.

Library Media Support for Instructional Materials Production

The library media program shall provide appropriate:

- Equipment.
- Materials and resources.
- Workspace.
- Professional guidance and assistance.

These resources shall support students and staff in the design, development, and production of instructional and learning materials that enhance classroom instruction and student learning.

State Department of Education Library Catalog Reporting

In accordance with state requirements, Hardesty Public Schools shall maintain and provide required library media collection information to the Oklahoma State Department of Education.

Within sixty (60) days of the effective date of applicable state requirements and annually thereafter by **October 1**, the district shall submit a complete listing of books and other materials available in each school library catalog or catalogs.

Providing access to a complete and accurate online library catalog listing, along with the website address where the catalog may be accessed, shall satisfy this reporting requirement.

Age-Appropriate Materials and Prohibited Content

Hardesty Public Schools shall ensure that the school library makes available to minor students materials that contain **pornographic material or sexualized content prohibited by law**.

The district shall maintain written procedures for:

- Reviewing the educational suitability and age appropriateness of library materials.
- Evaluating materials considered for addition to the library collection.
- Receiving, reviewing, and responding to complaints regarding materials available in district libraries.

The district shall follow the established selection criteria and reconsideration procedures outlined in this policy when concerns regarding library materials are submitted.

Student Access to Personally Obtained Materials

Nothing within this policy shall be interpreted to prohibit students from reading, possessing, owning, or discussing books or other materials that they have obtained independently without the assistance, encouragement, or involvement of the school district, its employees, or its libraries.

However, this provision does not authorize students to bring pornographic materials or prohibited sexualized content onto the grounds of any public school district.

Waiver Questionnaire Continuation:

11. Library Hardesty Public Schools has adopted a comprehensive **Library Media Selection and Reconsideration Policy** in accordance with **OAC 210:35-3-126** and the **Oklahoma Standards of Accreditation for Library Media**. The attached policy establishes:

- Criteria for the selection and evaluation of library media materials.
- Responsibility for the selection, acquisition, cataloging, and maintenance of library resources.
- Procedures for maintaining a balanced collection of print, nonprint, multimedia, and digital resources that support the district's curriculum and instructional goals.
- Parent notification and permission procedures for designated restricted materials.
- A formal process for requesting reconsideration of library materials, including review procedures and written notification of the district's decision.

Please see the attached **Hardesty Public Schools Library Media Center Policy** for complete selection criteria and reconsideration guidelines.

12. Hardesty Public Schools will maintain an ongoing evaluation process for the Library Media Program to ensure the organization, services, and resources continue to support the district's educational mission and instructional goals. Although operating under the School District Empowerment Program, the district will continue to annually review the effectiveness of the media program through the principal, designated library personnel, teachers, and district leadership.

The evaluation will include an annual assessment of the library collection to ensure materials remain current, accurate, curriculum-aligned, age appropriate, and responsive to the instructional and informational needs of students and staff. Circulation records, collection usage, inventory accuracy, technology resources, and instructional support services will be reviewed to identify areas for improvement. Feedback from teachers, students, and staff will also be considered when evaluating library services and future resource needs.

In addition, the district will annually review library policies governing the selection, acquisition, cataloging, circulation, reconsideration, and removal of materials to ensure continued compliance with applicable state and federal laws, board policy, and district expectations regarding age-appropriate educational resources. The district will continue to maintain accurate library records, a centralized

catalog of instructional materials, and required annual reporting to the Oklahoma State Department of Education.

Evaluation results will be used to make continuous improvements to the organization, services, resources, technology, and instructional support provided through the Library Media Program. This ongoing review process will ensure that the program continues to effectively facilitate classroom instruction, support student achievement, promote literacy and research skills, and reflect the educational philosophy and goals of Hardesty Public Schools while ensuring compliance with applicable requirements regarding library materials.

To whom it may concern:

Attached you will find the information documenting our request for a statutory waiver pursuant to OAC 210:35-9-71 for the 2026-2027 school year.

This request represents our board approved plan in regards to our library-media staffing. We have placed a full-time elementary certified teacher in the library to serve our elementary students. She and a full-time library assistant will maintain and operate the library throughout the entire school day. However, due to the staffing shortage we have assigned a secondary certified English language arts teacher to be responsible for our middle school and high school shared library. She will operate and maintain the library and ensure that it is open and available for students throughout the school day.

We will continue to evaluate our resources, and do everything that we can to make the best decision possible for the needs of our students in Henryetta Public Schools. Thank you for the flexibility this allows us to place the best possible personnel into situations where they can be most effective in the lives of young people. This waiver will allow us to continue to provide full-day library services and access to all of our students at Henryetta Public Schools.

Sincerely,

Jason Price

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☑

2. What is your student enrollment? 1096

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   The middle school and high school share a library. At least one full-time certified library media specialist (librarian) or a half-time library media specialist (librarian) and a full-time library assistant. The elementary library at least one full-time certified library media specialist (librarian) and a half-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   This deregulation is primarily needed due to the difficulty of recruiting and retaining a certified Library Media Specialist in our rural area. Henryetta Public Schools has made efforts to identify qualified candidates; however, the limited availability of certified librarians in our area has made filling the position difficult. The district remains committed to providing students with access to library resources and services and will utilize available staff to maintain library operations.

5. If applicable, which years has your school had this deregulation before?

   2021, 2022, 2023, 2024, 2025, 2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   The elementary and middle/high school libraries will be open from 8:00-3:00 Monday through Friday.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   Staffing at the elementary library includes 1 elementary certified teacher and 1 library aid. Staffing at the middle/high school library includes 1 ELA secondary certified teacher.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Henryetta Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Henryetta Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.
5. From this point on, appeal of the principal's decision will follow procedures as outlined in policy DGBA-R.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.
4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Henryetta Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the _Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into con sideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Henryetta Public Schools, become the property of the Henryetta Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

USE OF SCHOOL LIBRARY MEDIA CENTER (REGULATION)

In accordance with the policy of the board of education, the following regulation shall govern the use of the school library media center and materials.

1. Borrowed books are due two weeks from the date they are checked out.
2. Students may check out a maximum of two books from the library media center at one time. Permission may be obtained from the librarian to borrow additional books if needed for reference or a special project.
3. Books may be borrowed for two additional weeks unless someone is on a "request list" for the book.
4. Students with overdue books will not be allowed to check out additional materials. Notice of overdue books shall be posted and passed to classroom teachers.
5. Borrowers will be charged replacement costs for all books or materials that are lost or destroyed.
6. Encyclopedias and other reference books or materials may not be removed from school premises. A photocopy of a specific article may be obtained from the librarian.
7. Magazines, newspapers, and other periodicals may not be removed from the library media center and must be returned to the proper rack, shelf, or table.
8. Students will not be admitted to the library media center while classes are in session without a hall pass signed by their teacher.
9. Quiet and orderly conduct in the library media center will be enforced by the library media center staff.
10. Audiovisual equipment and materials may be checked out by teachers only. Teachers may request equipment for student use.
11. The use of library media center equipment and materials shall be pre-arranged with the librarian including any after school hour uses.
12. Students and their parents/guardians shall be informed that it is a misdemeanor under Oklahoma law to remove or attempt to remove any library media center material from the premises of a library media center facility without authority; or to mutilate, destroy, alter or otherwise damage, in whole or in part, any library media center materials, or to fail to return any library media center materials which have been lent to said person by the library media center facility, within seven days after demand has been made for the return of the library media center materials.

USE OF SCHOOL LIBRARY MEDIA CENTER, REGULATION (Cont.)

13. The librarian or any person on the library media center staff will not disclose or permit the revealing of any records or materials which disclose which of its documents or other materials have been loaned to or is being used by any student or group except such information may be disclosed to (a) persons acting within the scope of their duties within the school district, (b) persons authorized to inspect such records, in writing, by the student or group, or (c) by order of court.

Library/Media Evaluation

Henryetta Public Schools will maintain an ongoing evaluation process to ensure the effectiveness and quality of library media services under the approved deregulation plan. District administration will conduct an annual review in collaboration with building principals and library staff. The elementary and middle/high school libraries are staffed by certified teachers who will continue to be evaluated through the district's established Teacher and Leader Effectiveness (TLE) observation and evaluation process. The library assistant will also be monitored and evaluated based on the effectiveness of daily library operations, student and staff support, resource management, and contributions to the overall library/media program.

The district will continue to monitor student access to library resources and the impact of those resources on student learning and skill development, particularly in reading and related academic areas. English Language Arts teachers will collaborate with library staff to identify and utilize resources that support curriculum standards, classroom instruction, student engagement, and academic growth. Library usage, student needs, instructional support, and resource availability will be considered as part of the district's ongoing evaluation process.

As with all district programs and services, Henryetta Public Schools will use ongoing monitoring and evaluation to determine whether library services are effectively meeting the needs of students and staff. Each year, the district will identify strengths, areas for improvement, and resource or support needs. This process will allow the district to make adjustments as necessary and ensure that students and staff continue to have meaningful access to effective library media services despite the approved deregulation.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Cory Campbell,
Superintendent

Established in 1904

To OSDE,

09-02-26

Hominy Public Schools is seeking a de-reg for our library services in our school district. The teacher shortage has made it difficult to employ full-time certified librarians at all of our sites. We would ask for a de-reg OAC 210:35-7-6 OAC 210: 35 9-71 so we can fill our librarians with full time certified staff members while being supervised by our library media specialist in the school district.

We have found a plan that works for our school district without jeopardizing student performance.

Sincerely,

Cory Campbell-Superintendent

#6 The library will be open 5 days a week from 8am-3:15pm

#7 The staff in our library will be Kelly Dyer, Rita Trumbly, and Danelle Higgins along with student aides.

#8 Elementary Library will be run by Danelle Higgins, a certified teacher and student aides. The MS/HS will be run by Rita Trumbly, a para and student aides. Both libraries will be overseen by Kelly Dyer, our library media specialist.

#9. $9,050

#10 Our building principals will oversee spending Angel Supernaw, Caleb Christian, Amy Funkhouser and Kelly Dyer

#11

#12 We will monitor our libraries effectively thru our TLE systems and supervision from our building principals and our certified librarian Kelly Dyer. We will also get input from teachers and staff in regards to how the library is functioning.

Students enrolled in one or more supplemental online course may participate in extracurricular activities sponsored by the District in accordance with District eligibility rules and policies, the Oklahoma Secondary Schools Athletic Association (OSSAA) rules and regulations, and any other rules and regulations of a private association governing regulation of the interscholastic activities and contests of schools.

Student Assessments

Each student enrolled in one or more online course will participate in required state-level academic assessments administered pursuant to state law in the same manner as other regularly enrolled students within the state. The results of the assessments shall be released to the District and the online course provider. No student will be allowed to enroll in an online course without submission of a signed Education Student Assessment Results Release Form or FERPA waiver.

Special Education Students

The District shall provide supplementary aids and services, program modifications, supports for personnel and accommodations set forth in a student's IEP or Section 504 Plan to enable a student to take supplemental online courses that have been determined to be educationally appropriate for the student by the student's IEP or 504 team members. Provisions in the IEP for related services shall be the responsibility of the District where the student is enrolled in accordance with the Individuals with Disabilities Education Act (IDEA). Enrollment in a supplemental online course does not abdicate, modify or alter the District's legal obligation under the IDEA.

5035 – COLLECTION DEVELOPMENT AND MATERIAL SELECTION POLICY

I. MISSION STATEMENT and GOALS FOR OUR LIBRARIES

The mission of the Library Media Centers of Hominy Public Schools, Hominy, Oklahoma, is to serve informational, educational and recreational needs of the students, teachers and parents by acquiring and maintaining quality materials, programs, and services within comfortable facilities and in manner commensurate with responsible fiscal planning. Our mission includes providing access to the universe of information beyond our library's own collection through efficient use of technology.

Materials are selected to meet the objectives of the Hominy Public Schools, with these long-range goals in mind:

- Develop a selection of popular materials of current high-interest materials in a variety of formats.
- Develop a reference library to provide timely, accurate and useful information, within the collection and through access to resources outside the library.
- Create an environment conducive to intellectual development through book talks, discussions, and guided research.
- Encourage your people to become life-long learners.

II. MATERIALS SELECTION POLICY

The policy which guides selection procedures has been unanimously adopted by the Hominy Board of Education.

_____Books and other library materials are selected on the basis of literary, educational, informational, and recreational value, and relevance to the school curriculum. The responsibility of the selection rests with the School Library Media Specialists (SLMSJ).

No title is excluded on the basis of moral, racial, religious, or political prejudice. Titles are selected, within the limitations of the budget, on the basis of critical consensus among recognized subject authorities. Suggestions from users are encouraged and will be given due to consideration.

A Library Board will be convened ad hoc, and will be made up of the School Library Media Specialist, parents, and teachers, to review written complaints concerning specific titles as it deems necessary, and retention or deletion will be determined by the Board's standard of selection.

III. MATERIALS SELECTION PROCESS

A. Responsibility and Authority for Selection

Ultimate responsibility for materials selection rests with the School Library Medica Specialist (SLMS). The SLMS is responsible for acquisition, cataloging, and processing of materials, and for promoting consistency in the selection and maintenance of the collection.

The authority of the SLMS is as follows:

- Authority to approve or disapprove selection recommendations from students, faculty, or the Hominy community.
- Authority to make final decisions on the withdrawal of circulating materials, the rebinding of books, repackaging of audiovisual materials, replacement orders, and the addition of gifts to the cataloged circulating collection.
- Authority to initiate any weeding projects as a result of collection evaluations.

B. Selection Guidelines

Selection is a discerning and interpretive process; therefore the SLMS must process:

- a general knowledge of the subject and its important literature
- a familiarity with the materials in the collection
- an awareness of the bibliographies of the subject
- an understanding of the school curriculum
- a recognition of the needs of the students, faculty, and parents

C. Criteria for Selection

The selector should choose materials that will build a well-rounded collection that includes all viewpoints and opinions and that will meet user's needs, following these criteria:

- Literary merit
- Enduring value
- Accuracy
- Authoritativeness
- Social significance
- Importance of subject matter to the collection
- Timeliness
- Popular demand
- Cost
- Scarcity of material on the subject and availability elsewhere
- Quality and suitability of the format
- Relevance to the school's curriculum
- Other considerations may be applicable in specific subject areas

D. Selection Tools

- Professional journals
- Trade journals
- Subject bibliographies
- Publishers' catalogs and promotional materials
- Reviews from reputable sources
- Lists of recommended titles
- Sales representatives for specific materials
- Suggestions from patrons

- Standard review sources include *Booklist, Horn Book, School Library Journal Book Report, Publishers Weekly The Digest of Software Reviews: Education,* and *AFVA Evaluations* (for film and video).

F. Scope

The scope of the Hominy Public Schools libraries is intended to offer a variety of format, treatment, and level of difficulty so that most individual library needs can be met and service given within current budget parameters.

G. Format

Materials are purchased in the most appropriate format for library use. Books are generally purchased in hardcover editions (for durability), but soft cover editions may be preferred in some cases. Formats include print and audiovisual materials, recognizing the legitimate educational and recreational value of non-print formats.

H. Archive

At the Hominy Public Schools Libraries, current usefulness is the determining factor in how long material is kept. There is no attempt to be complete in terms of historical coverage. Old editions are withdrawn when new ones are received or when the contents are incorrect or out of date. The amount of use that an item receives in the present outweighs the possibility that someone may use it some day. No extraordinary effort is made to preserve or protect the last copy of any title in the collection. School history materials (such as yearbooks, student poetry anthologies) will be retained.

I. Gift Books

Gifts to the collection can be in the form of money or actual materials. Gift plates and letters of the acknowledgment are appropriate stipulations by a donor, but other requirements should be evaluated carefully before the gift is accepted. All gifts become part of the general collection and should not require special circulation procedures. Gifts of books and other non-print materials are gratefully accepted with the understanding that they will be considered for collection in accordance with the Materials Selection Policy (see Section II). The library reserves the right to sell or otherwise dispose of gift materials not added to the collection. The donor will receive a written acknowledgment of the gift (but not an appraisal or indication of its value) if the materials are added to the collection.

L. Standing Orders

Titles on standing order are seldom reviewed in the professional reviewing journals and/or they are important enough that receiving them automatically without evaluating individual volume is better than missing them. They are usually reference materials. Standing order titles are reevaluated annually.

M. Weeding

Systematic evaluation and weeding of the collection is required in order to keep the collection responsive to user needs and changes in curriculum, and to make room for newer materials. Subject areas should be reassessed for relevancy and currency every year.

Materials may be withdrawn if they are worn, obsolete, little used, superseded by a new edition or a better work, or inappropriate for the collection. Factors applicable when deciding on replacements are the same as for selection. Audiovisual materials withdrawn usually will be replaced with new, popular titles.

Material withdrawn from the reference collection that retain information value may be transferred to the circulating collection or offered to other libraries.

N. Reconsideration of Library Materials

The library is obligated to reflect within its collection differing points of view on controversial or debatable subjects. The Hominy Public Schools libraries do not endorse particular beliefs or views, nor does the selection of an item express or imply endorsement of the author's viewpoint. Library materials will not be marked or identified to show approval or disapproval of the contents, nor will items be sequestered, except for the purpose of protecting them form damage or theft.

Comments from members of the community about the collection or specific items in the collection provide information about interests or needs of the users. The library welcomes expression of opinion by users, but will be governed by this Materials Selection Policy in making additions to or deleting items from the collection.

Users who request the consideration of library materials will be asked to put their request in writing by completing and signing the form entitled "Request for Reconsideration of Library Material."

Upon receipt of a formal, written request, the SLMS will appoint an ***ad hoc*** committee from the school and the community to make a decision regarding the disposition of the material. At the earliest possible date, the SLMS will communicate this decision and the reasons for it in writing to the person who initiated the request for reconsideration. In the even that the person who initiated the request is not satisfied with the decision of the SLMS and the ad hoc committee, he/she may appeal for a hearing before the School Board by making a written request to the Board. The Board reserves the right to limit the length of presentation and number for speakers at the hearing. The Board will determine whether the request for reconsideration has been handled in accordance with stated policies and procedures of the Hominy Public School libraries. On the basis of this determination, the Board may vote to uphold or override the decision of the SLMS and ad hoc committee.

Adopted February 4, 2002, by the Hominy Public Schools Board of Education, Hominy, Oklahoma.

5041 – POLICY PROHIBITING STUDENT POSSESSION OF DANGEROUS WEAPONS

1. In order to provide a safe environment for the students and staff of the Hominy School District, the Board of Education adopts this policy prohibiting the possession and/or use of dangerous weapons, replicas or facsimiles of dangerous weapons and items or instrumentalities which are used to threaten harm or are used to harm any person.

2. Dangerous weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the School District. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the School District.

3. For the foregoing reasons and except as specifically provided in paragraph 10 below, possession by any student of a dangerous weapon, as that term is defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited. Further, use of any item or instrumentality by a student to threaten harm to any person or which is used to harm any person, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited.

4. For purposes of this policy, "possession of a dangerous weapon" includes, **BUT IS NOT LIMITED TO**, any person having a dangerous weapon: (1) on his person; (2) in his locker; (3) in his vehicle; (4) held by another person for his benefit; (5) at any place on school property, a school bus or vehicle, or at a school activity.

5. A dangerous weapon includes, **BUT IS NOT LIMITED TO,** a pistol, revolver, rifle, shotgun, air gun or spring gun, B-B gun, stun gun, hand grenades, fireworks, slingshot, bludgeon, blackjack, brass knuckles or artificial knuckles of any kind, nun-chucks, dagger, bowie knife, dirk knife, butterfly knife, any knife, regardless of the length or sharpness of the blade, any knife the blade of which can be opened by a flick of a button or pressure on the handle, any pocketknife, regardless of the length or sharpness of the blade, any pen knife, "credit card" knife, razor, dart, ice pick, explosive smoke bomb, incendiary device, sword cane, hand chains, firearm shells or bullets, garrotes, choking devices, mace, pepper spray, and any item whose principal purpose is for use as a weapon, whether offensive or defensive, and any replica or facsimiles of any of the foregoing items, or any item or instrumentality which is used to threaten harm or is used to harm any person or any chemical, material or substance which can cause an irritation to or reacts with human tissue, or any chemical, material or substance used, given, applied to or administered to another person without that person's consent. **THE FOREGOING LIST OF "DANGEROUS WEAPONS" IS DESCRIPTIVE AND BY WAY OF EXAMPLE ONLY AND IS NOT TO BE CONSIDERED AN EXCLUSIVE OR LIMITING LIST OF DANGEROUS WEAPONS. IT WILL NOT BE A DEFENSE TO ANY DISCIPLINARY ACTION UNDER THIS POLICY THAT THE STUDENT POSSESSING THE DANGEROUS WEAPON DID NOT KNOW THAT IT IS A DANGEROUS WEAPON, BUT SUCH CLAIM OF A LACK OF KNOWLEDGE MAY BE CONSIDERED IN MITIGATION OF ANY DISCIPLINARY PENALTY.**

Accreditation Division,

This letter is to address Howe Public Schools 2026-2027 school year Statutory Waiver Request for our Library Media Program. We would like to request a Waiver for the Library Media Requirements of a full-time certified Library Media Specialist. Due to program needs, we would like to request using a full-time support person to oversee our Library Media Program under the supervision of a Certified Library Media Specialist that is currently working as our Gifted and Talented Director. This request will allow us to maintain our Gifted Program through another staff member who holds credentials for Library Media.

Our Board of Education approved this waiver request at our June 8, 2026 Board Meeting. Enclosed you will find the signed board minutes, library schedule, district library policies, and the waiver request.

If you have any questions regarding this request, please contact me at your earliest convenience.

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☑

2. What is your student enrollment? 631

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   At lease one full-time Library Media Specialist and at least 1/2 time assistant.

   Howe Public Schools is requesting flexibility from this staffing configuration in order to utilize its qualified Library Media Specialist on a part-time basis to provide gifted and enrichment instruction while maintaining continuous library services through the employment of a full-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   This deregulation is being requested due to the district's desire to maximize educational resources and provide expanded academic opportunities for students in our rural school district.
   Howe Public Schools proposes to utilize its current Library Media Specialist for a portion of the school day to provide instruction and enrichment services to students participating in the district's gifted program. This approach allows the district to utilize an existing qualified educator to provide specialized academic services.

5. If applicable, which years has your school had this deregulation before?

   Howe Public Schools has received approval for library services deregulation for several previous school years.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library will be open Monday through Friday during the regular school hours of operation. The library will maintain hours that correspond with the school's daily operating schedule, providing students and staff access to library services.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   Both the library media specialist and/or the library aid will be in the library during operation. They both work to keep the library operating and there is always at least one person present during the day.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

$5155.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

The library media specialist working with the school business manager.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

HOWE BOARD OF EDUCATION	EFA

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Howe Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Howe Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Howe Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Howe Public Schools, become the property of the Howe Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

USE OF SCHOOL LIBRARY MEDIA CENTER (REGULATION)

In accordance with the policy of the board of education, the following regulation shall govern the use of the school library media center and materials.

1. Borrowed books are due two weeks from the date they are checked out.
2. Students may check out a maximum of two books from the library media center at one time. Permission may be obtained from the librarian to borrow additional books if needed for reference or a special project.
3. Books may be borrowed for two additional weeks unless someone is on a "request list" for the book.
4. Students with overdue books will not be allowed to check out additional materials. Notice of overdue books shall be posted and passed to classroom teachers.
5. Borrowers will be charged replacement costs for all books or materials that are lost or destroyed.
6. Encyclopedias and other reference books or materials may not be removed from school premises. A photocopy of a specific article may be obtained from the librarian.
7. Magazines, newspapers, and other periodicals may not be removed from the library media center and must be returned to the proper rack, shelf, or table.
8. Students will not be admitted to the library media center while classes are in session without a hall pass signed by their teacher.
9. Quiet and orderly conduct in the library media center will be enforced by the library media center staff.
10. Audiovisual equipment and materials may be checked out by teachers only. Teachers may request equipment for student use.
11. The use of library media center equipment and materials shall be pre-arranged with the librarian including any after school hour uses.
12. Students and their parents/guardians shall be informed that it is a misdemeanor under Oklahoma law to remove or attempt to remove any library media center material from the premises of a library media center facility without authority; or to mutilate, destroy, alter or otherwise damage, in whole or in part, any library media center materials, or to fail to return any library media center materials which have been lent to said person by the library media center facility, within seven days after demand has been made for the return of the library media center materials.

USE OF SCHOOL LIBRARY MEDIA CENTER, REGULATION (Cont.)

13. The librarian or any person on the library media center staff will not disclose or permit the revealing of any records or materials which disclose which of its documents or other materials have been loaned to or is being used by any student or group except such information may be disclosed to (a) persons acting within the scope of their duties within the school district, (b) persons authorized to inspect such records, in writing, by the student or group, or (c) by order of court.

65 O.S. §1-105

Number 12 Attachment

Howe Public Schools will conduct an ongoing evaluation of the library media program to ensure that the proposed staffing arrangement continues to provide effective and accessible library services.

The Library Media Specialist and administration will monitor library usage, student and staff access, circulation and resource needs, instructional support, collection development, and the availability of library services throughout the school day. The district will also review the effectiveness of the full-time library assistant in maintaining daily library operations and ensuring continuous library coverage.

The Library Media Specialist will communicate regularly with building administration regarding library needs, student access, collection needs, and program effectiveness. The district will use this information to make adjustments as necessary and to ensure that the library continues to meet the educational needs of Howe students.

The district's goal under this deregulation is to **maintain full access to quality library media services while expanding academic enrichment opportunities for gifted students**. The district will annually evaluate the arrangement to ensure that library services remain effective and that the needs of students and staff continue to be met.

Schedule of Library

Mr. Rhett Bynum
Superintendent

To Whom It May Concern:

Keystone Elementary School is applying for a Deregulation for three years for Library Media Services Elementary School (OAC 210:35-5-71). This will allow Keystone Elementary to maintain current staff levels and maintain class sizes. The library will continue to be fully operational and serve all of the student's needs.

Sincerely,

Mr. Rhett Bynum, Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

   Elementary ☑

   Middle School ☐

   High School ☐

2. What is your student enrollment? 251

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   210:35-5-71 Option A, B. We will continue library services, using a paraprofessional, which has managed the library the last 6 years, she will be full time. Our Elementary Principal will oversee operations of the library and continue our AR Program.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   Funding, ADM has continued to drop for the last 3 years. This will allow Keystone to maintain staffing levels and retain teachers for this and upcoming school years. This deregulation for library media services will help keep class sizes to a controllable level.

5. If applicable, which years has your school had this deregulation before?

   We have had a deregulation for the last 8 years.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   The library will be open every school day, all day, we will have a full time paraprofessional in the library.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   Full time paraprofessional.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $2,259.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Elementary Principal

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

KEYSTONE PUBLIC SCHOOLS
BOARD OF EDUCATION POLICY

Adopted: 04/09/2024

MEDIA CENTER - SELECTION OF LIBRARY BOOKS

The board of education, which is responsible for all book purchases, recognizes the student's right of free access to many different types of books. The board also recognizes the right of teachers and administrators to select books and other materials in accord with current trends in education and to make them available in the schools. It is therefore the policy of this district to require the materials used in the school library media program, including print materials, nonprint materials, multimedia resources, equipment, and supplies, selected for our schools be in accord with the following:

1. Books and other reading matter shall be chosen for values and enlightenment of all students in the community. A book shall not be excluded because of the race, nationality, political or religious views of the writer or of its style and language.

2. Every effort will be made to provide materials that present all points of view concerning the problems and issues of our times, international, national, local and books or other reading matter of sound factual authority shall not be prescribed or removed from library shelves or classrooms because of partisan, doctrinal, approval or disapproval.

3. When acquiring books and other materials, the materials selected shall reflect the district's community standards for the population the library serves, and the materials shall be age-appropriate to the schools in which the materials are made available.

4. Books and other materials shall be selected in a manner ensuring that materials available to students are adequate in quantity and quality to meet the needs of students in all areas of the school library media program.

*5. Censorship of books shall be challenged in order to maintain the school's responsibility to provide information and enlightenment.

*In accordance with number 3 above, the board has adopted the following policy for dealing with censorship of books and other materials:

- The final decision for controversial reading matter shall rest with the board of education after careful examination and discussion of the book or reading matter with school educators.

- No parent or group of parents has the right to determine the reading matter for students other than their own children.
- The board does, however, recognize the right of an individual parent to request that his or her child does not have to read a given book, provided a written request is made to the superintendent.

6. Any parent who wishes to request reconsideration of the use of any book in the school must make such a request in writing on forms available from the superintendent. The statement must be signed and identified so that a reply may be given.

7. A committee of two teachers and one librarian, appointed by the superintendent, shall review the material and judge whether it conforms to the above stated principles, and submit its report in writing to the superintendent.

8. If the matter cannot be resolved at this level, then the written criticism along with the superintendent's evaluation will be forwarded to the district's Curriculum Department for disposition. The concerned parties will be notified of the final disposition in writing.

9. No library in the district shall have available to minor students any pornographic materials or sexualized content. Pornographic materials and sexualized content are defined as follows:

   Pornographic means:

   (1) depictions or descriptions of sexual conduct which are patently offensive as found by the average person applying contemporary community standards, considering the youngest age of students with access to the material,

   (2) materials that, taken as a whole, have as the dominant theme an appeal to prurient interest in sex as found by the average person applying contemporary community standards, and

   (3) a reasonable person would find the material or performance taken as a whole, lacks serious literary, artistic, educational, political, or scientific purposes or value, considering the youngest ages of students with access to the material.

   Sexualized content means material that is not strictly pornographic but otherwise contains excessive sexual material in light of the educational value of the material and in light of the youngest age of students with access to said material.

10. A student is not prohibited from reading, owning, possessing, or discussing any book they obtained without the assistance or encouragement of the district, its

employees or its libraries. Nothing in this policy should be construed to authorize the bringing of pornographic material or sexualized content on the grounds of the district.

11. Annually every October 1st, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. An attestation from the Superintendent that a public online school library catalog(s) contains a complete and accurate list, along with the website for accessing the relevant school library catalog(s) shall fulfill this reporting requirement.

12. The district shall have a written policy for reviewing the educational suitability and age-appropriate nature of any material in a library in the district and for receiving and responding to complaints regarding materials in the libraries in the district.

13. The parent/guardian of a student alleging a violation by the district regarding requirements pertaining to its library collection pursuant to the Oklahoma Administrative Code 210: 35-3-126(a), shall provide a written complaint to the Oklahoma State Department of Education summarizing the alleged violation.

SUPERINTENDENT MRS. BRIDGET SILVA

Dear Members of the Oklahoma State Board of Education:

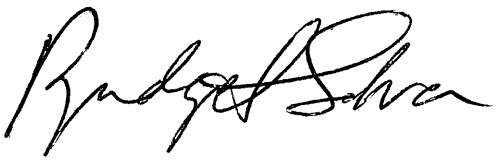
On behalf of Liberty Public Schools in Tulsa County, I respectfully request deregulation from the library staffing requirements outlined in OAC 210:35-5-71. This request is being made due to our inability to secure a qualified 1/5 certified librarian and the financial limitations associated with adding a full-time certified librarian position to our current staffing plan.

Liberty Public Schools is a small, rural school district, and recruiting qualified personnel has presented significant challenges. The distance and rural location of our campus make it particularly difficult to attract applicants who are willing to travel to our school. At this time, there is no certified librarian within our district who is available to fulfill the 1/5 librarian requirement.

We have made good-faith efforts to address this staffing need. I have personally sought out two individuals who could potentially serve as a 1/5 certified librarian; however, neither effort resulted in securing a qualified candidate. Despite these efforts, we have been unable to fill the position.

Our district is also currently focused on strengthening our instructional program by building our core teaching staff at the elementary level and adding additional core and elective opportunities at the middle and high school levels. Given our limited resources as a small rural district, our current budget does not allow us to maintain this necessary instructional staffing plan while also adding a full-time certified librarian position.

We are requesting deregulation so that we can continue to provide students with meaningful access to the library and its resources while using our available personnel and financial resources responsibly. The intent of this request is not to reduce the importance of the library. Rather, we want to ensure that our library remains open, accessible, and a viable educational resource for our students despite our current staffing limitations.



As part of this plan, the district will conduct quarterly monitoring of library services and student usage. We will review access, utilization, available resources, and student needs to determine whether adjustments are necessary. This ongoing monitoring will allow us to identify areas for improvement and ensure that the library continues to serve an important role in supporting student learning.

We also want to emphasize that this request is not intended to be a permanent departure from the Oklahoma Administrative Code. As our staffing and financial circumstances change, we will continue to seek a qualified certified librarian who can fulfill the requirements applicable to a school of our size. Our goal is ultimately to employ a certified librarian when a qualified candidate can be secured and our financial resources allow us to do so.

We respectfully ask the State Board of Education to approve our request for deregulation under OAC 210:35-5-71. We believe this flexibility will allow our district to address its current staffing and budget challenges while continuing to provide students with access to a functioning and meaningful library program.

Thank you for your consideration of this request and for your continued support of Oklahoma's rural schools and students..

Grateful to Serve,

Bridget Silva

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

   Elementary ☑

   Middle School ☐

   High School ☐

2. What is your student enrollment? 270

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Option B shares that with fewer than 300 students, we should have 1/5 certified librarian and librarian assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Liberty Public Schools is seeking the deregulation due to both reasons: not being able to find a certified librarian for 1/5 of a day and not able to fund a full-time certified librarian.

5. If applicable, which years has your school had this deregulation before?
   This is the second year to apply for this waiver during my tenure as superintendent.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Each grade level will be assigned a library time 2 times per week to take their class. In addition, the library assistant will be available during peak times in the elementary schedule to assist students throughout the day.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   The library assistant will be a paraprofessional and classroom teachers are also able to use the library during their assigned times.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   The school's library expenditure amount should be $2,430 this year.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Building principal and superintendent.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

The library assistant will run quarterly reports on the usage of the library and books that are checked out. This report will be evaluated by the district administrative team and compared to previous years.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Liberty Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Liberty Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Liberty Public Schools, become the property of the Liberty Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

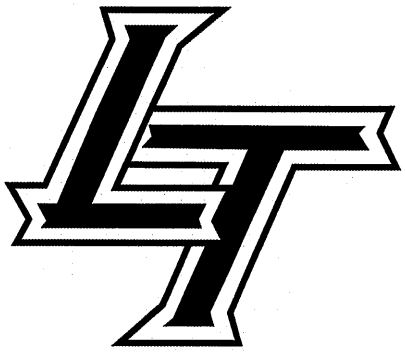
If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)



In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

SUPERINTENDENT MRS. BRIDGET SILVA

Dear Members of the Oklahoma State Board of Education:

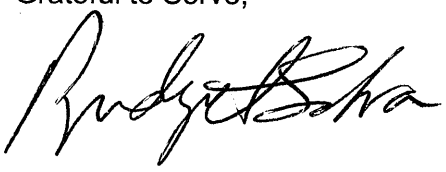
On behalf of Liberty Public Schools in Tulsa County, I respectfully request deregulation from the library staffing requirements outlined in OAC 210:35-7-26 and OAC 210:35-9-71. This request is being made due to our inability to secure a qualified 1/5 certified librarian and the financial limitations associated with adding a full-time certified librarian position to our current staffing plan.

Liberty Public Schools is a small, rural school district, and recruiting qualified personnel has presented significant challenges. The distance and rural location of our campus make it particularly difficult to attract applicants who are willing to travel to our school. At this time, there is no certified librarian within our district who is available to fulfill the 1/5 librarian requirement.

We have made good-faith efforts to address this staffing need. I have personally sought out two individuals who could potentially serve as a 1/5 certified librarian; however, neither effort resulted in securing a qualified candidate. Despite these efforts, we have been unable to fill the position.

Our district is also currently focused on strengthening our instructional program by building our core teaching staff at the elementary level and adding additional core and elective opportunities at the middle and high school levels. Given our limited resources as a small rural district, our current budget does not allow us to maintain this necessary instructional staffing plan while also adding a full-time certified librarian position.

We are requesting deregulation so that we can continue to provide students with meaningful access to the library and its resources while using our available personnel and financial resources responsibly. The intent of this request is not to reduce the importance of the library. Rather, we want to ensure that our library remains open, accessible, and a viable educational resource for our students despite our current staffing limitations.



As part of this plan, the district will conduct quarterly monitoring of library services and student usage. We will review access, utilization, available resources, and student needs to determine whether adjustments are necessary. This ongoing monitoring will allow us to identify areas for improvement and ensure that the library continues to serve an important role in supporting student learning.

We also want to emphasize that this request is not intended to be a permanent departure from the Oklahoma Administrative Code. As our staffing and financial circumstances change, we will continue to seek a qualified certified librarian who can fulfill the requirements applicable to a school of our size. Our goal is ultimately to employ a certified librarian when a qualified candidate can be secured and our financial resources allow us to do so.

We respectfully ask the State Board of Education to approve our request for deregulation under OAC 210:35-7-61 and OAC 210:35-9-71. Thank you for your consideration of this request and for your continued support of Oklahoma's rural schools and students..

OKLAHOMA Education

Section 3:

1. What is your school Type?

   Elementary ☐
   Middle School ☑
   High School ☑

2. What is your student enrollment? 225

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Option B shares that with fewer than 300 students, we should have 1/5 certified librarian and librarian assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Liberty Public Schools is seeking the deregulation due to both reasons: not being able to find a certified librarian for 1/5 of a day and not able to fund a full-time certified librarian.

5. If applicable, which years has your school had this deregulation before?
   This is the second year to apply for this waiver during my tenure as superintendent.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library would be open during times student are available to go to the library - morning arrival, during lunch/study hall and at the end of the school day. The library will also be available during English class periods and all day on Thursdays.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   A paraprofessional or office aide will be available during the peak times of the day and the district library assistant will be available for the full day on Thursdays. English teachers will utilize the library during their class periods.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   The school's library expenditure amount should be $2,025 this year.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Building principal and superintendent

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

The library assistant will run quarterly reports on the usage of the library and books that are checked out. This report will be evaluated by the district administrative team and compared to previous years.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Liberty Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Liberty Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Liberty Public Schools, become the property of the Liberty Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

September 1, 2026

To whom it may concern,

Lindsay High School is requesting a deregulation for our library position. We were able to fill the vacant position last year with a certified career teacher, Lori Karpe, who has been under the supervision of our elementary certified librarian, Jennifer Inman. Mrs. Karpe has done a wonderful job learning the processes of the high school library and has created a welcoming environment that our students enjoy going to for resources. We would like to keep Mrs. Karpe as our high school librarian for many years to come.

Sincerely,

Chuck Karpe

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Lindsay Public Schools, become the property of the Lindsay Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Under the proposed deregulation plan, the district would retain an ongoing, locally managed evaluation process for the media program. This approach would preserve the intent of the evaluation requirement while giving the district flexibility to determine how its library/media program best serves its students and staff.

The evaluation would occur at least annually, with the library/media staff member, building administrator, and appropriate teachers reviewing evidence in four areas:

1. Organization and accessibility – Review the organization of the collection, ease of access for students and staff, circulation/use data, technology resources, and whether materials are available when needed.
2. Services – Examine student and teacher participation, instructional collaborations, research and information-literacy support, technology assistance, and feedback from teachers and students regarding the usefulness of media services.
3. Resources – Review the collection for relevance, currency, quality, diversity, and alignment with the school's curriculum and instructional priorities. Usage data and requests for new materials would help identify gaps or resources that are no longer meeting student needs.
4. Impact on instruction and student learning – Determine whether the media program is effectively supporting classroom instruction and helping students become effective users of information and technology. This is consistent with the current evaluation language in OAC 210:35-3-128, which states that effectiveness should be judged by how well the media program facilitates the instructional program. (Welcome to Oklahoma's Official Web Site)

The results would be summarized in an annual Media Program Evaluation Report. The report would identify strengths, areas needing improvement, stakeholder feedback, resource needs, and specific goals for the following year. The building administrator would review the report with the media staff member and use it as part of the school's continuous-improvement process.

Importantly, deregulation would not eliminate accountability. If the evaluation indicates declining student use, inadequate resources, insufficient access, or ineffective services, the district would develop a corrective action plan and monitor progress during the subsequent school year. Conversely, programs demonstrating effectiveness could continue successful practices without being required to meet unnecessary prescriptive requirements.

This model provides a meaningful ongoing evaluation of organization, services, and resources while allowing the district to respond to its particular students, curriculum, staffing, and community needs. It also aligns with the broader purpose of the existing media-program standard. (regulations.justia.com)

To Whom It May Concern:

This letter of request is in reference to a 3-year Library Media Service statutory waiver 70 O.S.3-126.

Our former librararian that operated the Luther High School Library, resigned her position without warning. The job was posted and no applicants have applied as of this date. If this deregulation is approved, there will be a paraprofessional in the high school library 1st -6th hours of every school day.

We feel this is a necessary request due to the fact that this is an essential need for the high school students. If you have any questions or need any additional information, please contact me through email at bgunn@lutherlions.org or by phone at 405.277.3233.

Sincerely,

Barry Gunn, Superintendent

1. What is your school Type?

   Elementary ☐
   Middle School ☐
   High School ☑

2. What is your student enrollment? 246

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   According to the chart Luther High School should have at least a half-time certified library media specialist (librarian).

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Our former librarian operated the Luther High School Library for half the day and then taught needed elective art classes. She resigned her position without warning in late June of this year. We had no applications. So I posted the job in hopes of finding someone who could offer arts classes and was lucky enough to have a certified applicant in July.

5. If applicable, which years has your school had this deregulation before?
   N/A

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   My proposed plan will be for the library to be opened every day of the school week at least 1st hour - 6th hour staffed by a paraprofessional.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   (Sharon Beavers).

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $9 X 246 Students at LHS = $2,214.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    LHS English staff and LMS Librarian. Approved by LHS Principal.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

LUTHER BOARD OF EDUCATION	EFA

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Luther Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Luther Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Luther Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

12. Plan for ongoing evaluation of the effectiveness of the organization, services, and resources of the media program at Luther High School

Under the proposed deregulation plan, the school district will reevaluate yearly to make sure that students and staff are being served in a consistent manner that supports ongoing education at Luther High School. This evaluation will be conducted by site principals, superintendent, and school board members under the direction of our Middle School / Elementary Librarian on staff. Should staff position become available in the future, at least a half time Librarian will be rehired for the high school.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Mason Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Mason Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into con sideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

RESPONSIBILITY FOR SELECTION

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library resource center are selected primarily by the librarian with input from the Review Committee.

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

TYPES OF MATERIAL FOR PURCHASE

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library resource center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects which are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material which represents all major religions may be included in the library resource center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library resource center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

CRITERIA FOR SELECTION

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

CRITERIA FOR EVALUATION

1. The author or producer should be qualified as a subject specialist.

2. Concepts, content, and vocabulary should be appropriate for the potential user.

3. Facts presented should be accurate and up-to-date.

4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

SELECTION TOOLS

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

GIFT BOOKS AND MATERIALS

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library resource center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Maud Public Schools, become the property of the Maud Public Schools.

MAUD BOARD OF EDUCATION

LIBRARY SELECTION POLICY (Cont.) EFA

PROCEDURES FOR RECONSIDERATION OF MATERIALS

It is recommended that a student or the student's parent should have this right to reject the use of library resource center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library resource center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objectives in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

WEEDING AND DISCARDING

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

DEFINITION OF CRITICAL TERMS

Selection -- the act or process of selecting materials.

Instructional Materials -- materials which fill a need related to the curriculum or contribute to the development and enrichment of the student.
Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library directors, etc.).

To Whom It May Concern:

Please accept the attached District Deregulation Applications for Library Media Services at Mid-Del Public Schools for the 2026-2027 school year. Due to budget restrictions, we are using alternative means to provide library services to our students.

We are requesting a deregulation for Regulation OAC 210:35-5-71 for Epperly Heights Elementary and Parkview Elementary.

Thank you for your consideration and assistance in this matter.

Sincerely,

Dr. Rick Cobb, Superintendent
Mid-Del Public Schools

Mission Statement

When the young people of Mid-Del enter our schools, they will be **safe**.
When they enter our classrooms, they will be **challenged**.
When they leave our schools, they will be **ready**.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

MEDIA SELECTION

I. Statement of Philosophy

The Mid-Del Board of Education and the media staff of Midwest City-Del City Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians.

BILL OF RIGHTS
FOR
LIBRARY MEDIA CENTER PROGRAMS

Being mindful of the development of informed and responsible citizens, the professional staff of Mid-Del Public Schools Media Centers affirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

- to provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socio-economic backgrounds, integration of students' cultural knowledge and experiences, and maturity levels of the students served.
- to provide materials that will stimulate growth in knowledge and develop literacy, cultural, and aesthetic appreciation, and ethical standards.
- to provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop intellectual integrity in forming judgments.
- to provide materials that accurately reflect all religious, social, political, and ethnic groups, and their contribution to our American heritage as well as knowledge and appreciation of world history and culture.
- to provide a comprehensive collection of instructional materials that, when selected in compliance with basic selection principles, can be defended on the basis of appropriateness for the users of the media center.

II. Responsibility for Selection

The responsibility for the selection of library media center materials rests with the Mid-Del Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist based on recommendations of the site review committee Suggestions from the administration, the faculty, and from the students are encouraged.

III. Procedure for Selection

Requests from teachers, students, and parents are considered when such requests meet the criteria for selection. The Library Media Specialist (LMS) coordinates the orders and recommends for purchase.

When purchasing media with allocated or donated funds, the LMS is responsible for coordinating the recommended purchase(s) with the site review committee The site review committee shall be composed of the library media specialist, site administrator (or designee), and certified grade level teachers.

IV. Criteria for Selection:

The selection of materials, including audiovisual, for purchase is based on the needs of each school. The following factors are taken into consideration.

1. School libraries function to support the state standards of instruction, the curriculum, and the instructional needs of students and staff.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the students.
3. Materials shall be suitable for the various reading levels of reading and the maturity levels of the students.
4. Materials shall be reflective of the diverse community standards for the population the library media center serves.
5. In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, and professionally prepared selection aids, such as:
    a. Booklist.
    b. Bulletin of the Center for Children's Books.
    c. Children's Catalog.
    d. The Elementary School Library Collection.
    e. Oklahoma Department of Libraries Book.
    f. School Library Journal.
    g. Junior High and Senior High School Catalog.
    h. Fiction Catalog.

    When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.
6. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money. Monetary donations intended for library use must be deposited into library accounts.

    Gift books and other materials, once accepted by Midwest City-Del City Public Schools, become the property of Midwest City-Del City Public Schools.

V. Discarding

In order to maintain an effective collection, the LMS must periodically discard from the collection those materials that are out-of-date, worn, or no longer useful. The LMS will follow accepted "best practice" as described by professional sources and district, state, and national standards on discarding. Because of space and budget considerations, the collections cannot effectively function as archives.

VI. Guidelines for Reconsideration of Materials

In the event that a complaint is received by an individual affiliated (student, parent, guardian, staff member, community member) with the Midwest City-Del City Public Schools, the following procedures will be followed:

1. Be courteous and inform the patron of the process for media review.
2. Temporarily withdraw the material pending a decision of the review committee.
3. In order for the review committee to fully understand the parent's concerns about the challenged materials, the request for consideration should be made in writing using the district "Request for Reconsideration of Educational Media" form. This completed form is returned to the LMS who will then forward it to the principal who will then appoint the review committee.
   After reading the book, a review committee composed of a teacher, LMS, principal, and parent shall meet to discuss the material being reviewed and consider the complainant's concerns. The material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.
4. After a maximum of 3 months time, the decision of the committee is submitted to the complainant by the school principal and a copy of the objection and decision is kept by the principal.
5. If the complainant does not accept the decision of the review committee, he/she may appeal through the Superintendent or designee. The final decision rests with the Board of Education.

VII. Copyright Guidelines

It is the intent of Midwest City-Del City Schools to abide by the provisions of current copyright laws as they affect the District and its employees and to post current copyright laws.

Copyrighted materials, whether they are print or non-print, will not be duplicated unless such reproduction meets "fair use" standards or unless written permission from the copyright holder has been received.

VIII. Explications

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Selection -- the act or process of selecting materials.

Weeding and Discarding – Worn or missing standard items will be replaced periodically. Out-of-date or no longer useful media are withdrawn from the collection.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

When purchasing media with allocated or donated funds, the LMS is responsible for coordinating the recommended purchase (s) with the site review committee which shall be composed of the library media specialist, site administrator (or designee) and certified grade level teachers. The committee will use the guidelines for Criteria of Selection as outlined in Mid-Del policy I-16, Section IV. In order to maintain an effective collection, the LMS must periodically discard from the collection materials that are out-of-date, worn, or no longer useful. The LMS will follow accepted "best practice" as described by professional sources and district, state, and national standards on discarding. Attached you will also find a *Request for Reconsideration of Educational Media.*

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☐

2. What is your student enrollment? 520

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   Parkview Elementary is a school with an enrollment that exceeds 500 students. According to the Standards of Accreditation for Library Media this would result in at least one full-time certified library media specialist(librarian) and a half-time library assistant. We currently have 1 full-time certified media specialist (librarian). We are requesting a waiver to exempt us from the half-time library assistant only.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   This deregulation is needed due to funding of the position.

5. If applicable, which years has your school had this deregulation before?

   2021-22, 2022-23, 2023-24, 2024-25, 2025-26

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   The library will be open Monday-Friday from 8:45-3:30pm, which covers all student hours.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   Patricia Lowery, the media specialist will be in the library during its operating hours.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $4,600.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Larea Barnett-finance secretary and Patricia Lowery-media specialist

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

To Whom It May Concern:

Parkview Elementary School currently has one full-time media specialist and no Library Aide/assistant for the 2026-2027 school year.

All regular education classes, including Pre-K, have a designated 30-minute library time for information and research lessons, as well as checking out books. The media center is open for scheduled classes from 9:30 a.m. to 2:30 p.m. and, on an as-needed basis, from 1:30 p.m. to 3:30 p.m. for anyone, every day.

Our certified Medical Center Specialist works from 8:30 a.m. to 4:00 p.m. every day.

If you have any questions, please contact me at 405-671-8670 ext.7701

Respectfully,

Brandon Hawkins

MEDIA SELECTION

I. Statement of Philosophy

The Mid-Del Board of Education and the media staff of Midwest City-Del City Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians.

BILL OF RIGHTS
FOR
LIBRARY MEDIA CENTER PROGRAMS

Being mindful of the development of informed and responsible citizens, the professional staff of Mid-Del Public Schools Media Centers affirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

- to provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socio-economic backgrounds, integration of students' cultural knowledge and experiences, and maturity levels of the students served.
- to provide materials that will stimulate growth in knowledge and develop literacy, cultural, and aesthetic appreciation, and ethical standards.
- to provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop intellectual integrity in forming judgments.
- to provide materials that accurately reflect all religious, social, political, and ethnic groups, and their contribution to our American heritage as well as knowledge and appreciation of world history and culture.
- to provide a comprehensive collection of instructional materials that, when selected in compliance with basic selection principles, can be defended on the basis of appropriateness for the users of the media center.

II. Responsibility for Selection

The responsibility for the selection of library media center materials rests with the Mid-Del Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist based on recommendations of the site review committee Suggestions from the administration, the faculty, and from the students are encouraged.

III. Procedure for Selection

Requests from teachers, students, and parents are considered when such requests meet the criteria for selection. The Library Media Specialist (LMS) coordinates the orders and recommends for purchase.

When purchasing media with allocated or donated funds, the LMS is responsible for coordinating the recommended purchase(s) with the site review committee The site review committee shall be composed of the library media specialist, site administrator (or designee), and certified grade level teachers.

IV. Criteria for Selection:

The selection of materials, including audiovisual, for purchase is based on the needs of each school. The following factors are taken into consideration.

1. School libraries function to support the state standards of instruction, the curriculum, and the instructional needs of students and staff.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the students.
3. Materials shall be suitable for the various reading levels of reading and the maturity levels of the students.
4. Materials shall be reflective of the diverse community standards for the population the library media center serves.
5. In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, and professionally prepared selection aids, such as:
    a. Booklist.
    b. Bulletin of the Center for Children's Books.
    c. Children's Catalog.
    d. The Elementary School Library Collection.
    e. Oklahoma Department of Libraries Book.
    f. School Library Journal.
    g. Junior High and Senior High School Catalog.
    h. Fiction Catalog.

    When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.
6. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money. Monetary donations intended for library use must be deposited into library accounts.

    Gift books and other materials, once accepted by Midwest City-Del City Public Schools, become the property of Midwest City-Del City Public Schools.

V. Discarding

In order to maintain an effective collection, the LMS must periodically discard from the collection those materials that are out-of-date, worn, or no longer useful. The LMS will follow accepted "best practice" as described by professional sources and district, state, and national standards on discarding. Because of space and budget considerations, the collections cannot effectively function as archives.

VI. Guidelines for Reconsideration of Materials

In the event that a complaint is received by an individual affiliated (student, parent, guardian, staff member, community member) with the Midwest City-Del City Public Schools, the following procedures will be followed:

1. Be courteous and inform the patron of the process for media review.
2. Temporarily withdraw the material pending a decision of the review committee.
3. In order for the review committee to fully understand the parent's concerns about the challenged materials, the request for consideration should be made in writing using the district "Request for Reconsideration of Educational Media" form. This completed form is returned to the LMS who will then forward it to the principal who will then appoint the review committee.
   After reading the book, a review committee composed of a teacher, LMS, principal, and parent shall meet to discuss the material being reviewed and consider the complainant's concerns. The material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.
4. After a maximum of 3 months time, the decision of the committee is submitted to the complainant by the school principal and a copy of the objection and decision is kept by the principal.
5. If the complainant does not accept the decision of the review committee, he/she may appeal through the Superintendent or designee. The final decision rests with the Board of Education.

Dear State Board of Education,

The purpose of this letter is to request a one-year waiver/deregulation for Statute/Oklahoma Administrative Code 210:35-5-71 for the 2027academic school years. Due to staffing issues, Middleberg is requesting our library be staffed with a qualified library aide and a certified library staff member. We have one library that serves 343 elementary students. Our library is updated with the latest technology and we recognize the importance of maintaining a well-organized and up-to-date library. Our library aide, administrators and teaching staff work together to ensure that all of our students are well served by our library.

Sincerely,

Joel Read
Superintendent

2. What is your student enrollment? 343

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   At least a half-time certified library media specialist (librarian) and a full-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   We had hired a certified library media specialist for the 2026-27 school year and planned to have her staff the library according to the code. Unfortunately, due to an eleventh hour resignation we were short a teacher. Due to a lack of qualified middle school certified applicants, we needed to use our certified media specialist in the classroom for instruction.

5. If applicable, which years has your school had this deregulation before?

   At least the past 5 years.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   Our library is open 8am to 3pm daily during the school week.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   Our library will be staffed by a library aid for 6 hours per day and a certified library media specialist who will spend one hour per day in the library.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

LIBRARY AND MEDIA SERVICES SELECTION POLICY

Selection of Materials: Materials are selected by the Librarian with the cooperation of the faculty and administration. Materials will be selected which:

1. Enrich and support written curriculum, taking into consideration the varied interests, abilities, learning styles, and maturity levels of students.
2. Stimulate growth in factual knowledge, literary appreciation, aesthetic values, and societal standards.
3. Report different opinions about controversial issues to enable students to use critical analysis and make informed judgments.
4. Report the many religious, ethnic, and cultural groups which contribute to our national heritage and the world community.
5. Place principle above personal opinion and reason above prejudice.

"Instructional materials" serve as tools in assisting the instruction of a subject, course, or activity. In selecting instructional materials, the staff will be guided by the following criteria:

1. Educational significance.
2. Contribution to the curriculum and student interest.
3. Receipt of favorable reviews found in standard selection sources.
4. Reputation and significance of the author, producer, and/or publisher.
5. Validity, currency, and appropriateness.
6. Contribution made to the breadth of representative views on controversial issues.
7. Degree of potential user appeal.
8. Artistic quality and/or literary style.
9. Value commensurate with cost and/or need. And
10. Timeliness or permanence.

Instructional materials shall be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social development of the students for whom the materials are selected. Materials to be selected are those that:

1. Contain integral information to support the instructional program.
2. Present appropriate information for the reading level and understanding of students served by the media center.
3. Are designed to help students gain awareness of our pluralistic society.
4. Have high literary and/or artistic value and merit.
5. Present information with the greatest degree of accuracy and clarity possible. And
6. Present fair and unbiased information. Selection of materials on controversial issues will be directed toward maintaining a diverse collection representing various views.

Discarding Materials: Materials may be discarded where:

1. The subject matter is obsolete, inaccurate, or not up to the research, literary, or educational excellence, values, or standards desired.
2. The materials are deemed to be unsuitable in relation to the age and maturity of students.
3. Revised and updated materials are superior and/or have more current information.
4. The material is difficult to read due to wear, has soiled or torn pages, has missing pages, has indistinct or too fine of print, or has yellowed or brittle pages.
5. The materials would be less expensive to replace than to repair.
6. There are sufficient duplicate copies.
7. The materials are no longer essential to the curriculum or maintaining a relevant collection of materials for students.
8. The materials have had a low circulation or usage.

Removal of Materials Due To Content: The following process will be followed in determining whether a parental request for the removal of particular materials will be honored.

Level One:
1. The individual making the request shall submit the request in writing to the site Principal. The request must identify the particular passages deemed to be unacceptable and provide a brief statement of why the materials are felt to be inappropriate for the Library.
2. A removal request will be considered if a removal request was rejected within the last three school years to those particular materials.
3. After receipt of the request, the Principal will contact the complainant to discuss the complaint and attempt to resolve it informally by explaining the educational and social goals of the District and Library Media Center, the selection criteria, and the qualifications of those selecting materials.
4. If the complaint is not resolved informally, the principal shall ask the complainant to complete a Request for Reconsideration, in which the complainant will state he or she has read or viewed the material in its entirety. The principal will also inform the complainant that if no Request is received within 10 days after the complainant's receipt of the form, the complaint will be considered to be resolved.
5. If a completed Request for Reconsideration form is received, the Principal shall establish and chair a school-level materials review committee consisting of a media specialist, two teachers, and a community representative.
6. The committee will:
A. Read and/or examine and discuss the questioned material in its entirety.
B. Read and discuss any reviews of the work.
C. Examine concerns stated on the Request.
D. Weigh opposing views and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages.
E. Call on District employees involved in the selection or use of the materials for input as needed.
F. Include other activities deemed by the committee to be relevant.

LIBRARY AND MEDIA CENTER SELECTION POLICY (Cont.)

G. Prepare a written report in a timely manner, usually within 30 days after receipt of the Request, outlining the committee's recommendations for disposition of the request. Specific grade levels to be affected by the recommendations must be listed in the report if the report contains recommendations for removal or additional grade-level restrictions for the material.
H. The committee chair will disseminate the report to all parties, including the Superintendent.
I. The committee's decision will be based on a majority vote.

Level Two:

If the complainant is not satisfied with the disposition of the complaint at Level One, he or she may file a written request for reconsideration at Level Two within 10 days of receipt of the Level One recommendation. The complaint is to be filed with the Superintendent.

The Superintendent will appoint a review committee comprised of a teacher from the elementary level, a teacher from the secondary level, an administrator to serve as the committee chair, a community representative, a library media specialist from the elementary level, and a library media specialist from the secondary level.

The committee will:

A. Read and/or examine and discuss the questioned material in its entirety.
B. Read and discuss any reviews of the work.
C. Examine concerns stated on the Request.
D. Weigh opposing views and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages.
E. Call on District employees involved in the selection or use of the materials for input as needed.
F. Include other activities deemed by the committee to be relevant. And
G. Prepare a written report in a timely manner, usually within 30 days after receipt of the Request, outlining the committee's recommendations for disposition of the request. Specific grade levels to be affected by the recommendations must be listed in the report if the report contains recommendations for removal or additional grade-level restrictions for the material.
H. The committee chair will disseminate the report to all parties, including the Superintendent.
I. The committee's decision will be based on a majority vote.

Level Three:

If the complainant is not satisfied with the disposition of the complaint at Level Two, he or she may file a written request for reconsideration at Level Three within 10 days of receipt of the Level Two recommendation. The complaint is to be filed with the Superintendent.

The Level Three proceeding will be conducted by the Board of Education. The Board will review the committee's written decision and any written rebuttal to that decision made by the complainant and will then render a decision. The decision of the Board will be final.

The use of any video, film, or movie must be approved by the principal. Any extracurricular video or film will require written parental permission prior to their child's viewing. Alternate activities will be provided to students whose parents elect for them not to view a given video/film. No PG-13 video/film will be shown without administration approval. No R-rated video/film will be shown, as well as any movie which contains language not acceptable for use by students and teachers during any other class instruction or otherwise. Any parent who requests will be given the opportunity to preview any video/film used in the classroom.

12. **“There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan.**

Administration will use several different methods throughout the year such as literacy assessments, book circulation, teacher input and parent and student feedback to determine library program effectiveness. Our library staff will also meet with administrators regularly for collaboration on the library program.

TO: Oklahoma State Department of Education

Mill Creek School would like to apply for the deregulation of library services for the 2026-2027 school year.

I have explained in the application that we have no one on staff to fill this position and that we will continue to work on finding someone that is interested in taking this certification.

This saves money for the school as well. We are fortunate enough to have the Chickasaw elders program provide us with a worker for the high school library. The elementary side is staffed with a certified teacher for one hour each day and then with a secretary and janitor the remainder of the time.

A full schedule is attached to this request. Please let me know if you need additional information. Thank you for your consideration.

Sincerely,

Lorinda Chancellor

3. Based on our school size; both the elementary and high school should be staffed with a ½ time certified librarian according to the Oklahoma Administrative Code.

4. This deregulation is mainly needed because we have been unable to find a certified librarian since ours retired 5 years ago. We have asked teachers in our district to get the certification with no luck either. The other reason is that it is a large financial savings for our district. This has helped us to save money in a salary that we have been able to put towards books and supplies for our students.

12. We will evaluate the effectiveness of this arrangement though teacher observation and online benchmark tools. We will also check regularly with students to ensure they are having access to the books at the levels they need. Our renaissance software and other reading assessments will allow us to track their progress and the amount of words they are reading and the level to which they are comprehending.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Mill Creek Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Mill Creek Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Mill Creek Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia

resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Mill Creek Public Schools, become the property of the Mill Creek Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

~~Definition of Critical Terms~~

~~Selection -- the act or process of selecting materials.~~

~~Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.~~

~~Evaluation -- to examine and judge the quality of materials.~~

~~Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.~~

~~Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.~~

~~Complaint -- an oral charge against the presence and/or appropriateness of the material in question.~~

~~Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.~~

~~Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.~~

~~Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).~~

RE: Library Media Services Deregulation Application

Morrison Public Schools is seeking deregulation from OAC210:35-5-71 (Elementary Library Services), OAC 210:35-7-61 (Middle School Library Services), and OAC 210:35-9-71 (Secondary Library Services). The Administration and Board of Education of Morrison Public Schools believe the costs associated with hiring a full-time, certified Library Media Specialist can be more wisely used to place a full-time library aid at each of our libraries. The full-time library aids that we currently have under contract are competent and have multiple years of experience managing the day-to-day operations of our Elementary, JH/ High School Library. Also, our building principals oversee the purchasing of books for each library with input provided by our English/Reading teachers.

Please find the attached copy of our school site statutory waiver/deregulation application for our library media services. If you have any questions or need additional information, please contact me by phone at 580-724-3341 or by email at lorijustus@morrisonps.com.

Sincerely,

Lori Justus

Notary Date: 9-14-26

Commission Expiration Date: 8/21/29

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☑

2. What is your student enrollment? District Enrollment - 544

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Elementary - Enrollment 270 - At least a half-time certified library media specialist (librarian)

   Middle Level & Secondary - Enrollment 274 - At least a half-time certified library media specialist (librarian)

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   The request for this deregulation waiver is due to the lack of funding for the position. We are a Title I district with 55% percent of our student population qualifying for free or reduced lunches. We receive very little gross production revenue and receive the majority of our funding from ad valorem tax and state aid. Morrison Oklahoma is a rural community that has no industry within the school district.

5. If applicable, which years has your school had this deregulation before?
   2023-2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Both our elementary and secondary libraries are opened all day long. Morrison Public Schools operates on a 4-day school week, and our libraries are opened every school day from 7:50 a.m. to 3:35 p.m.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   We have two full-time library aids that operate our elementary and secondary libraries from 7:50 a.m. to 3:35 p.m. every school day.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Staff Member in Library

Hour	Time		Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

Elementary-$2430.00, Middle School-$900, High School - $1566.00 ($9 per pupil)

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

Superintendent - Lori Justus

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35 3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35 3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.The effectiveness of the Morrison Public Schools Library Media Program will be evaluated annually using multiple measures to ensure the program continues to meet the instructional and literacy needs of students. The district will use staff surveys to monitor instructional needs that promote student growth and address areas that need improvement. The district will also survey students, and provide parent feedback surveys to evaluate the satisfaction with library services, accessibility of resources, and the overall effectiveness of the program.

MORRISON SCHOOL DISTRICT I-6 OFFICIAL SEAL NOBLE COUNTY OKLAHOMA

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Morrison Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Morrison Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Morrison Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Morrison Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Morrison Public Schools, become the property of the Morrison Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

~~Definition of Critical Terms~~

~~Selection -- the act or process of selecting materials.~~

~~Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.~~

~~Evaluation -- to examine and judge the quality of materials.~~

~~Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.~~

~~Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.~~

~~Complaint -- an oral charge against the presence and/or appropriateness of the material in question.~~

~~Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.~~

Accreditation Division:

The District seeks permission to deregulate the requirement for part-time library assistants at these NPS middle schools whose enrollments are between 500-999: 1.) Alcott Middle School, 2.) Irving Middle School, and 3.) Longfellow Middle School. The District also seeks permission to deregulate the requirement for a full-time library assistant at 4.) Whittier Middle School, whose enrollment is over 1,000. Norman Public Schools provides highly qualified certified librarians at all schools, but cannot provide library assistants in this time of national and statewide funding shortages.

The school librarians will provide library experiences for the students at their respective schools. These services will include co-teaching, instruction in library information skills, reader's advisory, book selection, technology skills, literacy endeavors, and guided inquiry design. The librarian will schedule library services as he/she plans with teachers to match student and teacher needs as much as possible, but on a limited basis due to the necessity to complete the tasks that a library assistant would normally do. Students and teachers will have self-checkout access during all times the library is open.

This waiver allows us to provide the limited services of a highly qualified teacher-librarian for the above-mentioned schools. As these schools include both elementary and middle schools, we respectfully seek a one-year Statutory Waiver to: OAC 210:35-5-71 and OAC 210:35-7-61.

Sincerely,

Dr. Nicholas Migliorino, Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

1. What is your school Type?

Elementary	☐
Middle School	☑
High School	☐

2. What is your student enrollment? ALCOTT 664, IRVING 734, LONGFELLOW 696, WHITTIER 1164

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   500-999 At least one full-time certified library media specialist (librarian) and a half-time library assistant.

   1000-1499 At least one full-time certified library media specialist (librarian) and one full-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   We do not currently have the funds to hire multiple assistants. Each library is staffed by a highly qualified, certified librarian. All four middle schools share one assistant. At the three middle schools that require a 3 day per week assistant, each middle school (Alcott, Irving and Longfellow) have the assistant one day per week. Our final middle school, Whittier, has a larger enrollment and requires a full time assistant. We are able to staff the assistant at Whittier two days per week.

5. If applicable, which years has your school had this deregulation before?

   The previous 10 years since losing funding for assistants

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library would be open and managed by the teacher librarian for the entire school day.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   The certified librarian will be in the library all day every day. Joined by the assistant one day per week (Alcott, Irving, Longfellow) and two days per week at Whittier.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

Alcott $5,320.00 - Irving $5,670.00 - Longfellow $5,480.00 - Whittier $7,656.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

The librarians select titles and submit to the director of libraries for approval prior to ordering.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

All librarians are evaluated under the Marzano TLE model. Additionally, administrators have a check list of program "non-teaching" library tasks that they use as look-fors during walk throughs and observations. When applicable, those are connected to Marzano elements as well.

INSTRUCTIONAL RESOURCES

I. **Selection of Instructional Resources**

The Board of Education and Superintendent are responsible for the selection of instructional materials, resources, and textbooks. The authority to select instructional materials is delegated to the administrative personnel and academic content experts of the District. Textbook selection is determined based on committee as specified in 70 O.S. § 16-110.

Gift books and materials must meet the same selection criteria as materials purchased with District funds. Once accepted, these materials become the property of the District.

A. **Guidelines for Selection of Instructional Materials**

1. Responsibility for Selection of Materials

Every teacher and administrator has a responsibility to use instructional materials that support the objectives of course content, while being appropriate and accurate.

2. Criteria for Selection of Materials

The following criteria must be considered when identifying instructional materials for classroom use:

a. The materials have value for the lesson taught and relate to Oklahoma State Standards and District objectives for the lesson.

b. The materials are age and grade level appropriate.

c. The materials are based on sound research from a respected authority.

d. As much as possible, the materials present all opinions on a topic.

e. The materials are accurate and error free.

B. **Reconsideration of Instructional Resources**

1. **Student and Parent Choice**

A student or his/her parent or guardian has the right to reject the use of instructional resources which seem incompatible with his/her values and beliefs. Alternate assignments will be provided upon request; no parent or guardian has the right to determine the instructional resources for students other than his/her own children.

2. **Requesting Removal of Instructional Materials**

Any person requesting reconsideration of library materials or textbooks must make a written request, using forms provided through the building principal; completed forms must be returned to the principal. Upon receipt of the request, the principal will meet with the complainant. If the principal is unable to satisfy the complainant during a conference, the matter will be referred to a District Review Committee.

No administrator, library media specialist or teacher may withdraw a resource without referring it to the Review Committee which determines whether the resource should be withdrawn from any or all schools.

The Review Committee shall be appointed as needed; the Director of Media Services will recommend members for the Superintendent's approval. The committee's membership shall consist of

a. Voting Members: Assistant Superintendent of Educational Services, appropriate Director of Curriculum, lay person(s), the Director of Media Services, and a principal, library media specialist and teacher appropriate to the level at which the resource was used.

b. Non-Voting Members: Complainant(s) and the principal, library media specialist and a teacher representing the school which received the complaint.

The resource will be reviewed and judged for its conformity to selection criteria and instructional goals. The decision of the committee will be shared with the complainant and a file of the objection and decision will be kept by the Director of Media Services. In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the Board of Education through the Superintendent. The final decision rests with the Board of Education.

II. Duplication and Use of Copyrighted Materials

It is the intent of the Board to delineate, enforce, and abide by the provisions of current copyright laws as they affect the District and its employees.

Copyrighted materials, whether they are print or non-print, will not be duplicated or used unless such reproduction meets "fair use" standards or unless written permission from the copyright holder has been received.

Details about "fair use" (that copying and/or use which is allowed by federal law) will be made available to all teachers. A summary of these standards will be posted or otherwise made easily available at each duplicating machine used for making copies. A summary of these standards will be made available in the school library media center.

The Board does not sanction illegal duplication or use in any form. Employees who willfully disregard the district's copyright position are in violation of Board Policy; they do so at their own risk and assume all liability personally.

III. Using Technological and Internet-based Instructional Resources

Norman Public Schools recognizes the advantages and opportunities associated with using computers and internet-based instructional resources. The District also acknowledges that misuse of such resources can be harmful to students and their educational endeavors. All individuals using the computer-based resources of Norman Public Schools will be expected to do so responsibly and legally.

Each student who uses the internet must sign an agreement to follow the Norman Public Schools rules for internet use.

Students will be asked to sign a new agreement each school year before they are given access to the Internet. Students, and if appropriate, students' parents/guardians, may be asked from time to time to sign a new policy, for example, to reflect developments in the law or technology. Such new policy must be signed before internet use is continued.

A. Internet Uses and Behavior

The District provides access to its computer network and the internet for educational purposes only. Students should consult their teacher or librarian if they question the appropriateness of an internet activity, site, or resource.

The District recognizes that online based instruction can expand course offerings not currently available in the District, for recovery of credit, or in certain cases to fulfill graduation requirements. Credit will be granted only for courses that have been approved by the District and for students who have met requirements outlined in regulation. Prerequisites for online courses are the same as for regular courses.

The Principal or designee shall determine the appropriateness of course/s for each student.

B. Netiquette

All students must abide by rules of network etiquette, which include the following:

1. Being polite.

2. Using appropriate language.

   No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language. Avoid language that is offensive to other users. Distributing, jokes, stories, or other material which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation is prohibited.

3. Asking permission.

   Forwarding email or materials without permission of the sender is prohibited.

4. Being considerate when sending attachments. Be sure that a file is not too large to be accommodated by the recipient's system and is in a format that the recipient can open.

C. Unacceptable Uses of the Internet and Computers

The following are among the uses considered unacceptable and a violation of this policy.

1. Uses that violate the law or encourage others to violate the law. Students may not:

a. plagiarize works found on the Internet;

b. transmit offensive or harassing messages;

c. offer for sale or use any substance the possession or use of which is prohibited by the District's Student Discipline Policy;

d. view, transmit or download pornographic materials or materials that encourage others to violate the law;

e. intrude into the networks or computers of others; or,

f. download or transmit confidential, trade secret information, or copyrighted materials.

g. students should assume that all materials are copyrighted unless explicit permission is given to use them.

2. Uses that cause harm to others or damage to their property.
   a. engaging in defamation (harming another's reputation by lies);

   b. using another's password or some other user identifier that misleads message recipients into believing that someone other than the student is communicating or otherwise using his/her access to the network or the Internet;

   c. uploading a worm, virus, "Trojan horse," "time bomb" or other harmful form of programming or vandalism;

   d. participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.

3. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.
   a. disclosing or sharing their password with others;

   b. impersonating another student or member of the District Staff.

4. Uses that are commercial transactions.
   a. selling or buying anything over the Internet.

   b. disclosing private information about themselves or others, including credit card numbers and social security numbers.

5. Uses for the purposes of campaigning and/or lobbying.

D. **Internet Safety**

Students and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged pupils. Every student must take responsibility for his or her use of the computer network and Internet and avoid these sites. Parents of minors are the best guides concerning inappropriate materials. If a student finds that other students are visiting offensive or harmful sites, he or she should report such use to the appropriate staff member.

Students should be safe. In using the computer network and Internet, students should not reveal personal information such as home address or telephone number. Students should not use their real last name or any other information that might allow a person to locate them without first obtaining the permission of a supervising teacher. Students should not arrange a face-to-face meeting with someone they "meet" on the computer network or Internet without their parent's permission. Students should never agree to meet a person they have only communicated with on the Internet in a secluded place or in a private setting.

District-provided Internet access utilizes filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The school will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material, which is inappropriate for minors. District must monitor the activities of minors and must educate minors about: (a) appropriate online behavior, (b) interacting with other individuals on social networking websites and in chat rooms, (c) cyber bullying awareness and response.

Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age seventeen (17) and older.

The term "harmful to minors" is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file, or other visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

E. **Privacy**

Network and Internet access is provided as a tool for educational purposes. The District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the District and no

student shall have any expectation of privacy regarding such materials.

F. **Compliance**

A student who violates the District's internet policy will be subject to disciplinary action.

G. **No Warranties**

The District makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this policy. It shall not be responsible for any claims, losses, damages or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any student or his or her parent(s) or guardian(s) arising out of the student's use of its computer networks or the Internet under this policy. By signing the agreement, students are taking full responsibility for his or her use, and the student who is eighteen (18) or older or, in the case of a student under eighteen (18), the parent(s) or guardian(s) are agreeing to indemnify and hold the school, the District, and all of their administrators, teachers, and staff harmless from any and all losses, costs, claims or damages resulting from the student's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the student. The student or, if the student is a minor, the student's parent(s) or guardian(s) agree to cooperate with the school in the event of the schools initiating an investigation of a student's use of his or her access to its computer network and the Internet, whether that use is on a school computer or on another computer outside the District's network.

Accreditation Division:

The District seeks permission to deregulate the requirement for a full-time school librarian and a library assistant at Dimensions Academy. This waiver allows Norman Public Schools to provide limited library services in a time of national and statewide shortages to Dimensions Academy. Services will be provided for 30 hours each month during the school year.

The school librarian will provide limited library experiences for the students at Dimensions Academy. These services will include co-teaching, instruction in library information skills, reader's advisory, book selection, technology skills, and literacy endeavors. The librarian will schedule library services for Dimensions, in collaboration with teachers, to match students' points of need as much as possible.

This waiver allows us to provide the limited services of a highly qualified school librarian for our alternative school. As Dimensions Academy serves students from elementary, middle, and high school, we respectfully seek a one-year Statutory Waiver to: OAC 210:35-5-71, OAC 210:35-7-61, and OAC 210:35-9-71.

Sincerely,

Dr. Nicholas Migliorino, Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

2. What is your student enrollment? 77

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   Fewer than 300- At least a half-time certified library media specialist (librarian)

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   This position needs to be deregulated due to lack of funds for an assistant and availability of the certified librarian.

5. If applicable, which years has your school had this deregulation before?

   Previous 10 years due to lack of funding

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   The library is open all day, every day but is only staffed by a certified librarian on Tuesday and Thursdays. The library is located in an open area so the self-check machines are always available and the three days per week the librarian is unavailable. We only have around 77 students physically present in the building, all others are virtual. All students have access to the libraries digital resources 24/7. The library is open when students are in the building, from 8:00-3:00pm.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   The certified librarian is available all day on site on Tuesdays and Thursdays. The technology specialists is located in the library all day on MWF and is available to supervise and assist with checkout when needed. All students have access to the certified librarian 24/7 via email and arrangements can be made to work with teachers on a different day when necessary.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $693.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    The The certified librarian oversees the budget and the director of libraries monitors and approves purchases

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

All librarians are evaluated under the Marzano TLE model. Additionally, administrators have a check list of program "non-teaching" library tasks that they use as look-fors during walk throughs and observations. When applicable, those are connected to Marzano elements as well.

The librarian is on site each Tuesday and Thursday from 8am to 3pm. In additional to serving as the Dimensions librarian, they also manage the library automation system and assists with library technology throughout the district. On days the librarian is in-person at Dimensions, all calls to their district office are routed to the Dimensions library so he can continue to assist other librarians throughout the district and is available to troubleshoot the automation system if there is an issue. The bulk of this work happens on MWF in the district office so the librarian is available to co-teach and collaborate in classrooms on Tuesdays and Thursdays.

INSTRUCTIONAL RESOURCES

I. Selection of Instructional Resources

The Board of Education and Superintendent are responsible for the selection of instructional materials, resources, and textbooks. The authority to select instructional materials is delegated to the administrative personnel and academic content experts of the District. Textbook selection is determined based on committee as specified in 70 O.S. § 16-110.

Gift books and materials must meet the same selection criteria as materials purchased with District funds. Once accepted, these materials become the property of the District.

A. Guidelines for Selection of Instructional Materials

1. Responsibility for Selection of Materials

   Every teacher and administrator has a responsibility to use instructional materials that support the objectives of course content, while being appropriate and accurate.

2. Criteria for Selection of Materials

   The following criteria must be considered when identifying instructional materials for classroom use:

   a. The materials have value for the lesson taught and relate to Oklahoma State Standards and District objectives for the lesson.

   b. The materials are age and grade level appropriate.

   c. The materials are based on sound research from a respected authority.

   d. As much as possible, the materials present all opinions on a topic.

   e. The materials are accurate and error free.

B. Reconsideration of Instructional Resources

1. **Student and Parent Choice**

   A student or his/her parent or guardian has the right to reject the use of instructional resources which seem incompatible with his/her values and beliefs. Alternate assignments will be provided upon request; no parent or guardian has the right to determine the instructional resources for students other than his/her own children.

2. **Requesting Removal of Instructional Materials**

   Any person requesting reconsideration of library materials or textbooks must make a written request, using forms provided through the building principal; completed forms must be returned to the principal. Upon receipt of the request, the principal will meet with the complainant. If the principal is unable to satisfy the complainant during a conference, the matter will be referred to a District Review Committee.

No administrator, library media specialist or teacher may withdraw a resource without referring it to the Review Committee which determines whether the resource should be withdrawn from any or all schools.

The Review Committee shall be appointed as needed; the Director of Media Services will recommend members for the Superintendent's approval. The committee's membership shall consist of

a. Voting Members: Assistant Superintendent of Educational Services, appropriate Director of Curriculum, lay person(s), the Director of Media Services, and a principal, library media specialist and teacher appropriate to the level at which the resource was used.

b. Non-Voting Members: Complainant(s) and the principal, library media specialist and a teacher representing the school which received the complaint.

The resource will be reviewed and judged for its conformity to selection criteria and instructional goals. The decision of the committee will be shared with the complainant and a file of the objection and decision will be kept by the Director of Media Services. In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the Board of Education through the Superintendent. The final decision rests with the Board of Education.

II. Duplication and Use of Copyrighted Materials

It is the intent of the Board to delineate, enforce, and abide by the provisions of current copyright laws as they affect the District and its employees.

Copyrighted materials, whether they are print or non-print, will not be duplicated or used unless such reproduction meets "fair use" standards or unless written permission from the copyright holder has been received.

Details about "fair use" (that copying and/or use which is allowed by federal law) will be made available to all teachers. A summary of these standards will be posted or otherwise made easily available at each duplicating machine used for making copies. A summary of these standards will be made available in the school library media center.

The Board does not sanction illegal duplication or use in any form. Employees who willfully disregard the district's copyright position are in violation of Board Policy; they do so at their own risk and assume all liability personally.

III. Using Technological and Internet-based Instructional Resources

Norman Public Schools recognizes the advantages and opportunities associated with using computers and internet-based instructional resources. The District also acknowledges that misuse of such resources can be harmful to students and their educational endeavors. All individuals using the computer-based resources of Norman Public Schools will be expected to do so responsibly and legally.

Each student who uses the internet must sign an agreement to follow the Norman Public Schools rules for internet use.

Students will be asked to sign a new agreement each school year before they are given access to the Internet. Students, and if appropriate, students' parents/guardians, may be asked from time to time to sign a new policy, for example, to reflect developments in the law or technology. Such new policy must be signed before internet use is continued.

A. Internet Uses and Behavior

The District provides access to its computer network and the internet for educational purposes only. Students should consult their teacher or librarian if they question the appropriateness of an internet activity, site, or resource.

The District recognizes that online based instruction can expand course offerings not currently available in the District, for recovery of credit, or in certain cases to fulfill graduation requirements. Credit will be granted only for courses that have been approved by the District and for students who have met requirements outlined in regulation. Prerequisites for online courses are the same as for regular courses.

The Principal or designee shall determine the appropriateness of course/s for each student.

B. Netiquette

All students must abide by rules of network etiquette, which include the following:

1. Being polite.

2. Using appropriate language.

   No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language. Avoid language that is offensive to other users. Distributing, jokes, stories, or other material which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation is prohibited.

3. Asking permission.

   Forwarding email or materials without permission of the sender is prohibited.

4. Being considerate when sending attachments. Be sure that a file is not too large to be accommodated by the recipient's system and is in a format that the recipient can open.

C. Unacceptable Uses of the Internet and Computers

The following are among the uses considered unacceptable and a violation of this policy.

1. Uses that violate the law or encourage others to violate the law. Students may not:

a. plagiarize works found on the Internet;

b. transmit offensive or harassing messages;

c. offer for sale or use any substance the possession or use of which is prohibited by the District's Student Discipline Policy;

d. view, transmit or download pornographic materials or materials that encourage others to violate the law;

e. intrude into the networks or computers of others; or,

f. download or transmit confidential, trade secret information, or copyrighted materials.

g. students should assume that all materials are copyrighted unless explicit permission is given to use them.

2. Uses that cause harm to others or damage to their property.
   a. engaging in defamation (harming another's reputation by lies);

   b. using another's password or some other user identifier that misleads message recipients into believing that someone other than the student is communicating or otherwise using his/her access to the network or the Internet;

   c. uploading a worm, virus, "Trojan horse," "time bomb" or other harmful form of programming or vandalism;

   d. participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.

3. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.
   a. disclosing or sharing their password with others;

   b. impersonating another student or member of the District Staff.

4. Uses that are commercial transactions.
   a. selling or buying anything over the Internet.

   b. disclosing private information about themselves or others, including credit card numbers and social security numbers.

5. Uses for the purposes of campaigning and/or lobbying.

D. **Internet Safety**

Students and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged pupils. Every student must take responsibility for his or her use of the computer network and Internet and avoid these sites. Parents of minors are the best guides concerning inappropriate materials. If a student finds that other students are visiting offensive or harmful sites, he or she should report such use to the appropriate staff member.

Students should be safe. In using the computer network and Internet, students should not reveal personal information such as home address or telephone number. Students should not use their real last name or any other information that might allow a person to locate them without first obtaining the permission of a supervising teacher. Students should not arrange a face-to-face meeting with someone they "meet" on the computer network or Internet without their parent's permission. Students should never agree to meet a person they have only communicated with on the Internet in a secluded place or in a private setting.

District-provided Internet access utilizes filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The school will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material, which is inappropriate for minors. District must monitor the activities of minors and must educate minors about: (a) appropriate online behavior, (b) interacting with other individuals on social networking websites and in chat rooms, (c) cyber bullying awareness and response.

Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age seventeen (17) and older.

The term "harmful to minors" is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file, or other visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

E. **Privacy**

Network and Internet access is provided as a tool for educational purposes. The District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the District and no

student shall have any expectation of privacy regarding such materials.

F. **Compliance**

A student who violates the District's internet policy will be subject to disciplinary action.

G. **No Warranties**

The District makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this policy. It shall not be responsible for any claims, losses, damages or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any student or his or her parent(s) or guardian(s) arising out of the student's use of its computer networks or the Internet under this policy. By signing the agreement, students are taking full responsibility for his or her use, and the student who is eighteen (18) or older or, in the case of a student under eighteen (18), the parent(s) or guardian(s) are agreeing to indemnify and hold the school, the District, and all of their administrators, teachers, and staff harmless from any and all losses, costs, claims or damages resulting from the student's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the student. The student or, if the student is a minor, the student's parent(s) or guardian(s) agree to cooperate with the school in the event of the schools initiating an investigation of a student's use of his or her access to its computer network and the Internet, whether that use is on a school computer or on another computer outside the District's network.

Re: Elementary Library Deregulation (2026-2029)

Okeene Public Schools would graciously would like to ask for approval to wave/deregulate the Elementary Media Specialist/Librarian position for the 2026-2027, 2027-2028, and 2028-2029 school years. Continuing to absorb this position enables us to save a full certified staffing position which allows us to recruit or retain quality teachers inside the classrooms. We continually battle surrounding Western Oklahoma School Districts to retain or recruit quality teachers to our district. The salary saved affords us the opportunity to use the additional funds to offer financial incentives to our veteran educators in an effort to retain and maintain a quality staff of educators. Additional funding also allows us some negotiating wiggle room when recruiting staff members that we are convinced can make a tremendous impact on the educational process of our students. We whole heartedly believe placing quality instructors at the front of our classrooms will make lasting and positive impacts on each and every student educationally, emotionally, and socially.

As the schedule attached will display, we have every intention of keeping our Elementary Library open daily, and will have quality individual staff members responsible for providing this most important service. Our JH/HS Library Media Specialist will also be spending time weekly in the Elementary Library and will always be on-call as needed in between her visits. Her main responsibility will be ensuring the success within the Elementary library by training library assistants in planning and preparing a quality setting for each and every Elementary student that walks through the doorway.

Thank you for your support and consideration of this request.

Respectfully,

Mike Jinkens
Okeene Public Schools Superintendent

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☐

2. What is your student enrollment? 174

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   We completely understand the importance of maintaining and keeping open our Elementary Library to all students throughout the school day. We are under 300 students in our school district, and we do have a full-time library/media specialist who serves the JH/HS along with oversight of the Elementary Library. This individual oversees annual book audits and reviews and prepares changes to library policy. We have a para specifically hired to ensure our library remains open all day each day.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Yes, with many uncertainties looming as it pertains to school budgeting, we feel it's in our best interest in continuing to absorb the elementary library/media position. This absorption and careful planning allows us the opportunity to keep our library open all day everyday along with providing us more funding to obtain and keep quality instructors in our classrooms. Like most western Oklahoma rural schools, we are continually competing for qualified teachers so having additional funding is very much a necessity in keeping up the high standard of excellence.

5. If applicable, which years has your school had this deregulation before?
   To the best of my knowledge, we have deregulated our Elementary Library for at least 10-12 years consecutively.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   As you will see in the attached library schedule our library will be open from 8:05 AM until 3:30 PM daily. Mrs. Feely our JH/HS library media specialist will check in on Monday & Friday while the same para will be there daily during the times listed.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Again, as shown on the schedule, we have one specific para who will be in our library daily throughout the day with the exception of her 35-minute lunch period. During that 35-minute lunch break we will have one of our veteran paras fill in except for the one day a week she has recess duty. On that day teachers will be responsible for checking books in or out with their respective classes. Mrs. Feely will also be there each Monday and Friday to assist or answer questions.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

We are under 500 students which puts us at $9.00 per student or $1,566.00 with 17

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

Superintendent Mike Jinkens will oversee the budget, but will work closely with Libra

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Okeene Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The Board of Education and the media staff of the Okeene Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The Board of Education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Okeene Public Schools, become the property of the Okeene Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the Board of Education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Policies:

11. See Our Board Policy Attached

12. We have in past years and will continue to treat our Elementary Library as if it were fully staffed. The para we employ takes great ownership in the library, and our administration and teacher work in conjunction to ensure our students do not miss being able to have a working serviceable library for all students and classes. We will also continue to follow the same polices and regulations outlined by state law and by our local board of education mandates. Our expectations for the students we are serving are not wavering one bit because of deregulation.

Dear Accreditation Standards Division:

Olive Public Schools is requesting a deregulation from 210-35-5-71. Olive Public Schools has tried for the past couple years to find a library media specialist to work half time with no success. We currently have a full-time paraprofessional who manages the library with assistance from the building principal. The library has been managed very well with donations and guidance from local city libraries. While we have had no success in finding a full or part time, certified library media specialist, I am confident that our library is efficient and beneficial to our students.

Sincerely,

Rennie Nickell
Superintendent
Olive Public Schools

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

MediaSCHOOL LIBRARY MEDIA CENTER

It is the policy of the _____ Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the _____ Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the _____ Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the _____ Public Schools, become the property of the _____ Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

#12

I along with my principal will send out surveys to the teachers to gage the effectiveness of the media center. We will continue to check the usage of the library and the number of books that are being checked out. We will discuss the media center at staff meetings and evaluate the way we are running it. We will ask staff and parents for input on ways we can improve.

July 13, 2026

To Whom It May Concern:

Optima Elementary School is requesting a deregulation of our library media specialist due to budget restraints, lack of applications for the position, and with such a small student body the staff can handle the library is a professional manner. It is available daily to students and teachers and the district strives to keep the library books, curriculum, and resources up to date. We do have certified librarian that is employed by Oklahoma Panhandle University that comes to campus to help keep the library running according to Oklahoma Standards.

Sincerely,

Freida Burgess

2. What is your student enrollment? 37

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least one-fifth time certified library media specialist (librarian) and a full-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Optima is a very small, rural dependent school district in the Panhandle of Oklahoma. The district has advertised in local papers, colleges, and OSSBA to obtain a librarian. We have advertised multiple years and have never received a single application. We have been able to cover the library by training all teachers on the software used by the library for tracking books and checking in and out books. All teachers can take their students at any time at any during the day and at 12:30 daily the dean of students is in the library and can run the library.

5. If applicable, which years has your school had this deregulation before?
   2024-2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Every day as needed. The teachers can take students at any time and the dean of students is in the afternoon from 12:30 to 3:30.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   All teachers, staff and dean of students will be staffing the library during operating hours.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Optima Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Optima Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Freedom Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

Library Media Program Evaluation Plan

Under the Proposed Deregulation Plan

Purpose

The purpose of this plan is to provide an ongoing evaluation of the library media program's organization, services, and resources in accordance with Oklahoma Administrative Code 210:35-3-125. Under the proposed deregulation plan, the school will use a site-based evaluation process that allows Teachers/Staff and the Dean of Students to make decisions based on the needs of the school community.

The evaluation will focus on whether the library:

- Supports classroom instruction and the curriculum;
- Provides students and staff with useful and accessible resources;
- Offers an organized, safe, and welcoming learning environment;
- Helps students develop research, reading, technology, and information-literacy skills; and
- Uses available funding, materials, and personnel effectively.

1. Individuals Responsible for Evaluation

Dean of Students

The Dean of Students will serve as the administrator responsible for coordinating the evaluation process. The Dean will:

- Schedule quarterly library program review meetings;
- Review usage data, surveys, and feedback;
- Ensure that the library supports student academic and behavioral needs;
- Identify barriers that prevent students from using library services;
- Assist with setting improvement goals;
- Coordinate communication between the library, Teachers/Staff, and school administration; and
- Approve or recommend changes to library procedures, services, and resource priorities.

Teachers/Staff

Teachers and Staff will serve as the primary instructional partners in the evaluation process. They will:

- Provide feedback regarding the usefulness and relevance of library resources;
- Identify curriculum-related resource needs;
- Recommend materials for purchase or removal in accordance with school policy;
- Report whether library services support classroom instruction;
- Encourage students to use library resources appropriately;
- Participate in surveys, review meetings, and improvement planning; and
- Help evaluate whether students are developing effective research and information-use skills.

Library Personnel or Designated Library Staff

The staff member responsible for daily library operations will collect and provide information for the evaluation. This person will:

- Maintain circulation and usage records;
- Track library visits and technology use;
- Document instructional activities and teacher collaborations;
- Maintain records of resource requests and purchases;
- Monitor the condition and organization of the collection;
- Administer surveys to students and staff; and
- Prepare data for review by the Dean of Students and Teachers/Staff.

2. Evaluation Areas

The library media program will be evaluated in three primary areas.

A. Organization of the Library Program

The evaluation will determine whether the library is organized and operated effectively. The review will include:

- Ease of locating books, digital resources, and instructional materials;
- Accuracy and consistency of circulation procedures;
- Adequacy of library hours and access;
- Effectiveness of scheduling and classroom use;
- Organization of the physical space;
- Availability of technology and research tools; and
- Compliance with local school policies and procedures.

B. Library Services

The evaluation will examine whether the services provided meet student and staff needs. Evidence may include:

- Number of student and staff visits;
- Circulation of print and digital materials;
- Number of classes or groups served;
- Teacher requests for research assistance or instructional support;
- Library lessons and collaborative teaching activities;
- Student participation in reading or research activities;
- Student and staff satisfaction surveys; and
- Feedback regarding access, assistance, and the learning environment.

C. Library Resources

The school will evaluate whether the library collection and technology resources are current, useful, diverse, and aligned with the curriculum. The review will consider:

- Circulation and usage data;
- Teacher and staff recommendations;
- Student requests and interests;
- Curriculum changes;

- Age and condition of materials;
- Availability of print and digital resources;
- Duplication or gaps in the collection;
- Accessibility for students with different learning needs; and
- Whether materials support reading, research, technology, and information-literacy instruction.

3. Ongoing Evaluation Schedule

The evaluation will take place throughout the school year rather than only at the end of the year.

Monthly Monitoring

Library personnel or designated staff will monitor:

- Library visits;
- Circulation statistics;
- Technology use;
- Resource requests;
- Classroom or group use;
- Problems with access or scheduling; and
- Student behavior and safety concerns affecting library use.

Significant issues will be reported to the Dean of Students for follow-up.

Quarterly Review

At least once each quarter, the Dean of Students, Teachers/Staff representatives, and library personnel will meet to review the program.

The quarterly review will include:

1. A review of usage and circulation data;
2. Teacher and staff feedback;
3. Student feedback, when available;
4. Resource requests and collection needs;
5. Review of library access and operating procedures;
6. Discussion of instructional support provided by the library;
7. Identification of strengths and areas needing improvement; and
8. Assignment of action steps and responsible personnel.

The Dean of Students will document the meeting and maintain a record of recommendations and follow-up actions.

Annual Evaluation

At the end of each school year, the evaluation team will prepare an annual effectiveness report. The report will summarize:

- The goals established for the year;
- Data collected during the evaluation period;
- Library usage and service activity;
- Teacher, Staff, and student feedback;

- Resource strengths and deficiencies;
- Progress toward improvement goals;
- Changes made during the year;
- Unresolved needs; and
- Goals and recommendations for the following school year.

The annual report will be submitted to school administration and used to guide the library budget, services, scheduling, and resource decisions for the next school year.

4. Evaluation Tools

The following tools may be used to evaluate the program:

- Library circulation reports;
- Student and staff surveys;
- Teacher resource-request forms;
- Classroom collaboration logs;
- Library visit and usage logs;
- Collection analysis reports;
- Technology-use records;
- Student reading and research feedback;
- Observation of the library environment;
- Budget and purchasing records; and
- Quarterly and annual evaluation forms.

All data will be used to improve the program rather than to evaluate individual students or Teachers/Staff.

5. Improvement Process

When the evaluation identifies a need, the evaluation team will create an improvement action plan. Each action plan will identify:

- The problem or need;
- The proposed solution;
- The person responsible;
- Resources or funding required;
- A completion timeline; and
- The method that will be used to measure success.

For example, if Teachers/Staff report that students lack current research materials, the school may prioritize updated print and digital resources. If students have difficulty accessing the library, the Dean of Students may review scheduling, supervision, or operating-hour procedures.

Progress on each action item will be reviewed during the next quarterly meeting.

6. Decision-Making and Resource Allocation

The results of the evaluation will guide decisions about:

- Library material purchases;
- Technology and database subscriptions;

- Library scheduling;
- Student access procedures;
- Professional development;
- Collaboration between Teachers/Staff and library personnel;
- Space organization and improvement; and
- Future library goals.

Decisions will be based on documented needs, student and staff feedback, curriculum priorities, available funding, and evidence of program effectiveness.

7. Records and Accountability

The Dean of Students will maintain the following records:

- Quarterly review agendas and notes;
- Usage and circulation data;
- Surveys and feedback summaries;
- Resource-request records;
- Annual evaluation reports; and
- Improvement action plans and follow-up documentation.

These records will demonstrate that the school is conducting an ongoing evaluation of the organization, services, and resources of the library media program.

Conclusion

Under the proposed deregulation plan, the library media program will be evaluated through a continuous, school-based process involving the Dean of Students, Teachers/Staff, and library personnel. The process will use data, observations, surveys, and direct feedback to determine whether the library is effectively supporting students and instruction.

This approach provides flexibility for the school to respond to local needs while maintaining a documented and ongoing evaluation of the library's organization, services, and resources as required by OAC 210:35-3-125.

SUBJECT: Request for Approval of Deregulation – Library Media Services

To Whom It May Concern:

On behalf of Owasso Public Schools, I am formally requesting a three-year approval for deregulation regarding the following Oklahoma Administrative Code standards:

- **OAC 210:35-5-71** – Library Media Services Elementary School
- **OAC 210:35-7-61** – Library Media Services Middle School

Previously, our district utilized half-time library assistants to fulfill these requirements. However, due to pressing operational needs—specifically the priority to expand critical special services and address urgent staffing requirements—we are unable to maintain these assistant positions at this time.

To ensure our library programs remain effective, building principals will continuously monitor and evaluate the impact of this operational change. Evaluation methods will include direct observation of library usage as well as regular feedback from teachers, staff and students regarding service availability, resource accessibility, and instruction.

Thank you for your time, consideration, and continued support of Owasso Public Schools. Please let me know if you require any additional documentation to process this request.

Respectfully,

Margaret Coates

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☐

2. What is your student enrollment? Barnes 514, Hodson 568, Morrow 586, Northeast 512, Stone Canyon 527, 6th GC 689, 7th GC 710, 8th GC 723

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least one full-time certified library media specialist (librarian) and a half-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   We are requesting a 3 year deregulation of OAC 210:35-5-71 Library Media Services - Elementary School & OAC 210:35-761 Library Media Services - Middle School. Previously, we had half-time library assistants to meet the requirement but due to the need to add special services & other staff we are not able to have those assistants at this time. The deregulations saved approximately $14,000.00 at each of our 14 school sites at a total savings of $200,000.00 per year.

5. If applicable, which years has your school had this deregulation before?
   2020-2023
   2023-2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Please see the attached schedules with the hours the library will be opened.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   In addition to the full time librarian we utilize teacher and support staff and instructional assistants to help staff the library during operating hours.

Attached are the Library Schedules so far this school year.
On the days where you see a Teacher's last name I see every class they have that day for a library lesson and book check out.
During that time there are also students who come in for book check out and chromebook issues.

Daily Activities when not teaching lessons:

1. Direct Student Services & "Just-In-Time" Instruction

- **Open Checkout & Reading Advisory:** Assisting individual students or small small-groups walking in to select books, renew materials, and get reading recommendations tailored to their interest levels.
- **Digital Literacy & Technology Assistance:** Troubleshooting student technology (like Chromebooks
- **Literacy Promotion Programs:** Curating student book clubs, managing reading challenges, and preparing for school-wide literacy events like our Reading World Series.

2. Instructional Collaboration with Teacher

- **Co-Planning Lessons:** Meeting with grade-level teams during their planning periods to co-design lessons.

- **Resource Curation for Classrooms:** Building customized physical book bundles, digital database lists, and multimedia toolkits tailored specifically to teachers' upcoming science or social studies units.

3. Collection Management & Development

- **Acquisition & Cataloging:** Researching book reviews, matching requests to enrollment demands, purchasing new materials, and entering them into the library database catalog system.
- **Physical Processing:** Preparing new books for circulation by applying barcodes, spine labels, and genre stickers.
- **Weeding & Collection Auditing:** Systematically reviewing older materials to pull outdated information, damaged books, or irrelevant resources to keep the collection healthy and standards-compliant.
- **Inventory Control:** Running reports on overdue materials, sending notices, tracking lost items, and auditing missing inventory.

4. Media Center Operations & Administration

- **Supervision & Training:** Coordinating with library aides to manage heavy circulation hours and ensure shelving tasks are completed.
- **Daily Circulation Management:** Ensuring materials are checked in/out accurately, holds are fulfilled, and library bins are sorted.
- **Space Curation & Displays:** Setting up seasonal book displays, creating instructional bulletin boards, and organizing library layout options to fit different daily class needs.
- **Budget Tracking:** Monitoring state allocated and district funds, managing purchase invoices, and aligning expenditures with library needs.

I don't have a schedule for the 7th-grade center. My schedule changes daily, and I don't block time for individual classes weekly, biweekly, or monthly. I schedule classes as needed for collaborative lessons with all departments in my school. This can make my schedule very random from day to day. However, the library is open all day, even when I'm teaching. Attached is a copy of the bell schedule.

1.86 School Library Book Selection

The mission of the Owasso Library Media program is to empower our school community to be critical thinkers, effective and ethical users of ideas and information, and life-long readers and learners in a global society. The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. All students shall have access to age appropriate material from any collection in the district, however, parents or legal guardians shall have the right to restrict access to library materials for their student(s).

The responsibility for the selection of library media center materials rests with the Owasso Board of Education. The superintendent or designee shall prepare regulations that support this policy. Authority for the selection of proper materials shall be delegated to the library media center staff. To this end, the responsibility of the school media center is:

1. To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, and maturity levels of the students served.
2. To provide materials that will stimulate growth in factual knowledge, literary, cultural, and aesthetic appreciations, and awareness of societal and ethical standards.
3. To provide materials so that young citizens may develop the habit of analysis thereby enabling them to draw conclusions, make informed decisions, apply knowledge to new situations, and create new knowledge.
4. To provide a variety of materials which contribute to the understanding of our national heritage as well as knowledge and appreciation of the global community.
5. To provide high quality materials which will aid in the effort to create a comprehensive collection appropriate for the school community.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the Library Media Specialist with input from the Selection Review Committee.

Selection Review Committee shall include at least 3 certified staff members which may include:

- Library Media Specialist Principal

Adopted November 2022

Back to Table of Contents

- Counselor
- Classroom Teacher(s)

This committee must be approved by the superintendent or their designee.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not included or excluded because of race, nationality, religion, or political views of the writer.
2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.
3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.
4. Multiple items of outstanding quality and much in demand media are purchased as needed.
5. Nonfiction subjects that are topics of criticism are carefully considered before selection.

Among these are:

A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.
2. As school library media center resources are finite, the library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age appropriate collection of print materials, nonprint materials, multimedia resources, equipment, and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. (70 Okla. Stat. § 11-201)
3. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

4. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.
5. Materials are selected for validity, currency, and appropriateness of content. This includes an inspection of every graphic novel, prior to placing in the collection, for potential material involving sexually explicit content and extreme vulgarity.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

- Booklist
- Bulletin of the Center for Children's Books Children's Catalog
- The Elementary School Library Collection Hornbook
- Oklahoma Department of Libraries Book School Library Journal
- Junior High & Senior High School Catalog Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Owasso Public Schools, become the property of the Owasso Public Schools.

Procedures for Reconsideration of Materials

1. It is recommended that a stakeholder should have the right to reject the use of instructional or library media materials which seem incompatible with his/her values and beliefs. It is further recommended that classroom assignments involving instructional materials provide alternative choices. However, no stakeholder has the right to determine the reading material for students other than his/her own children.
2. Any stakeholder who wishes to request reconsideration of the use of any instructional or library media center materials in the school must make his/her request in writing on a Request for Reconsideration Form provided by the principal. The completed form is to be returned to the site principal for consideration by members of a review committee which is established by the site principal. No administrator, library media specialist or

teacher should agree to withdraw an item without referring it to the review committee which determines whether the material should be withdrawn.

3. The committee membership designated by the site principal where the complaint occurs includes the following:
   a. Voting Members:
      i. Appropriate Level Principal from Alternate Site
      ii. Appropriate Level Library Media Specialist from Alternate Site
      iii. Appropriate Level Teacher from Alternate Site
      iv. Appropriate Level Parent from Alternate Site
      v. Appropriate Level Teacher from Site of Complaint
      vi. Grades 9th and above can include 2 students (Optional)
   b. Non-Voting Member:
      i. Principal from Site of Complaint
      ii. Appropriate Level Library Media Specialist from Site of Complaint

4. During the time of review the selection will be moved from the shelf to the principal's office. The complainant's concerns will be reviewed in addition to the materials. The materials will be judged by the committee as to conformity with selection criteria, instructional goals, and community standards. This includes an inspection for potential material involving sexually explicit content and extreme vulgarity.
5. The committee will reach a decision by simple majority vote. The complainant will receive a copy of the committee's Report of Reconsideration. The site principal will keep copies of the Request for Reconsideration and the Report of Reconsideration.
6. In the event the complainant does not accept the decision of the review committee, he/she may appeal to a 5 person committee of district level administrators assembled by the Assistant Superintendent of Teaching and Learning. In the event the complainant does not accept the decision of the Assistant Superintendent of Teaching and Learning, he/she may appeal to the Owasso Board of Education. The decision of the Owasso Board of Education will be considered final.
7. In the event that more than one item is to be reviewed the reviews will happen one at a time. Only the item currently under consideration by the committee will be moved from the shelf. It is expected that the review process will take no longer than 90 school days for items to be reviewed. Once a final decision has been made by the board of education regarding library materials, that material shall not be reconsidered again for a minimum of 5 years.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

Answer: The building principal will evaluate the effectiveness of the plan by observing library use and by interviewing teachers and students regarding the availability of the library and library services provided to students and staff.

Dear Ms. Young:

Please find attached a copy of the School Site Statutory Waiver/Deregulation Application for Panama Schools. This deregulation is being requested in regard to OAC 210:35-7-61 and OAC 210:35-9-71 – Library Media Services Middle and High School.

Panama Schools is requesting a deregulation to change the standard of library services for our size school. If this deregulation is approved, it will allow students to have a greater level of flexibility to use library services as well as utilize our staff to provide the most educational benefit.

We are requesting a deregulation for a three-year period to include school years 2026-27, 2027-28, and 2028-29.

Please consider this application for approval.

Sincerely,

Tony Gilmore

Panama School Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

Elementary	☐
Middle School	☑
High School	☑

2. What is your student enrollment? Elementary - 402, MS - 123, HS - 210 = TOTAL- 735

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Our Elementary School doesn't need a Dereg. because they have a full-time certified librarian at their site.
   However, according to the Oklahoma Administrative Code, staffing for the Middle Level and Secondary School for enrollment less than 300 students should have at least a half-time certified library media specialist (Librarian).

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Panama Schools employs a full-time certified librarian at the Elementary School, but we are proposing to have a library assistant in the library all day at the Middle School, and High School.
   Having a library assistant allows our students access to the library anytime throughout the school day. The positive financial impact to the district would be $20,000 or more annually savings to our general fund account.

5. If applicable, which years has your school had this deregulation before?
   FY24 - FY26

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library will be open to students Monday - Friday all day long.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   The library will be staffed by a full-time library assistant all day.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   The minimum annual expenditures for the Elementary, MS and HS is $9 per studen

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Our Certified librarian will oversee the required yearly library expenditures.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Panama Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201
OAC 210:35-3-126

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Panama Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the building principal regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.

4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Panama Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Panama Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Panama Public Schools, become the property of the Panama Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

Evaluation of Library Services for Panama Schools

According to our proposed library deregulation plan for Panama schools for FY27, we will make sure that "there will be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program" by having our certified librarian at the elementary school to supervise the MS/HS media program.

Dusty Shore is our certified librarian at the ES and we will lean on her expertise to guide us and keep us in compliance.

Sincerely,

Subject: OAC 210:35-5-71 Library Media Services Elementary School
Pleasant Grove Public School is changing the standard of library services for their size school

Oklahoma State Department of Education:
Pleasant Grove Public School district has submitted Oklahoma Administrative Code: • OAC 210:35-5-71 Library Media Services Elementary School School is changing the standard of library services for their size school. Pleasant Grove is a PK-8 school serving approximately 200 students each school year. PGS employs a certified Library Media Specialist who also holds certification as a Reading Specialist. This person is paid for her planning time to serve a dual role in the school district.
Respectfully,

Sally Thomason
Superintendent
Pleasant Grove Public School

Time	Hour	Primary Staff	Secondary Staff

1:40-2:35	6	Paraprofessional	Classroom Teacher / Library Media / Student Success Coordinator
2:40-3:15	7	Paraprofessional	Classroom Teacher / Library Media / Student Success Coordinator

The Reading Specialist also serves as the Library Media Specialist. The library is attended by a staff member 100% of the school day. The Reading Specialist is paid for her planning time to serve as the Library Media Specialist. The District also employs a Student Success Coordinator who assists in the Library.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☐

2. What is your student enrollment? 203

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Pleasant Grove is requesting a deregulation for our library services. We serve a PK-8th grade elementary school community. Our school maintains an average enrollment of approximately 200. Due to our size, we are able to secure a certified Library Media Specialist for 1 period per school day to serve our student needs in the Library. Our Library is open all day to students with the assistance of our certified classroom teachers. Classroom teachers may assist.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   The funding we are able to save with the employment of a part time librarian allows our district to invest in other student driven programs and resources. Classroom teachers have availability and knowledge to assist students during alternative times in the library for projects and classroom learning opportunities.

5. If applicable, which years has your school had this deregulation before?
   2023-2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Our library will be open to students every day of the week either with classroom teacher assistance or via the library media specialist.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Staff members will include library media specialist, paraprofessional, volunteers and classroom teachers.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $1827.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Superintendent

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Pleasant Grove Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of Pleasant Grove Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by Pleasant Grove Public Schools, become the property of Pleasant Grove Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by Pleasant Grove Public Schools, become the property of Pleasant Grove Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

~~Definition of Critical Terms~~

~~Selection -- the act or process of selecting materials.~~

~~Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.~~

~~Evaluation -- to examine and judge the quality of materials.~~

~~Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.~~

~~Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.~~

~~Complaint -- an oral charge against the presence and/or appropriateness of the material in question.~~

~~Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.~~

~~Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.~~

~~Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).~~

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Pleasant Grove Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☑

2. What is your student enrollment? 727

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least one full-time certified library media specialist (librarian) and a half-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   The purpose for this request is to have the ECC, Elementary, Middle School and High School at Prague Public Schools be staffed by individuals who do not have a library specialist certification due to financial responsibility, we can have all four libraries open full time with this system in place. If this waiver is not in place, available library hours would be limited as one individual would be divided between two sites, this also allows the school to be fiscally responsible.

5. If applicable, which years has your school had this deregulation before?
   2023-2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The libraries will be open to our students during the hours students are in attendance. Monday - Friday 8am-3:40pm

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   The libraries will be staffed by support personnel who are trained to manage library softuare and will work closely with the site principal to ensure effective service. When the library is needed by specific classes, the teacher of that specific class will assist in the library. The support personnel will maintain the library as well as ensure that resources are available and organized as needed.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $5,635.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Principal's and Superintedent

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

LIBRARY POLICY AND PROCEDURES

I. Privileges

A. Early Childhood Center

1. Students may check out one book for a period of one week.
2. Overdue notices will be sent home with students when items are two weeks overdue.
3. Overdue notices will be mailed to parents when items are four weeks overdue.

B. Elementary

1. Students may check out one book and one magazine for one week.
2. Overdue notices will be sent home with students when items are two weeks overdue.
3. Overdue notices will be mailed to parents when items are four weeks overdue.

C. Middle School

1. Students may check out two books and one magazine for two weeks.
2. Students will be notified about overdue books during checkout.
3. Students will be charged 5 cents per day as a fine for overdue books. Students will be notified of any fines owed each time they check out. Fines totaling over $5.00 will suspend checkout privileges.

D. All Libraries

1. Students may recheck items if additional time is needed.
2. Students will not be allowed to check out additional materials if they have overdue items.
3. Students will be charged replacement cost for lost or damaged items.
4. Appropriate behavior is expected in the library. Students have to follow school rules as well as be considerate of other patrons. Students must remember there are students having class, students taking tests, students reading, and students seeking help for their research. Students will be asked to return to their classroom if they are disrupting the learning of other students. Other appropriate disciplinary action may be taken depending on the severity of the situation.
5. Permission may be obtained from the librarian to check out additional book or materials if needed for an assignment.
6. There is no limit on staff checkouts but we do ask you to return things in a timely manner as others may be waiting for these materials.

LIBRARY POLICY AND PROCEDURES (Cont.)

7. Students and their parents/guardians shall be informed that it is a misdemeanor under Oklahoma law to remove or attempt to remove any library material from the premises of a library facility without authority, or to mutilate, destroy, alter or otherwise damage, in whole or in art, any library materials, or to fail to return any library materials which have been lent to said person by the library facility, within seven days after demand has been made for the return of the library materials.

II. Materials

A. Prague Public School libraries consist of a variety of materials to address curriculum needs of the school. In addition to books and magazines the libraries have videos, computer games, games, math manipulative, and science instructional materials.

1. Student checkout is generally limited to books and magazines but with teacher permission they may check out other materials.
2. Print encyclopedias and other reference books are not available to take home but teachers may check out to keep in their classroom. An online encyclopedia is available for use at school and at home. Several educational databases are also available for student use at school as well as at home. The usernames for the online encyclopedia and databases are listed on the library web page. The librarian will give students the password for home use.
3. Audio/visual equipment is for teacher checkout only. Teachers may request equipment for student use.
4. Use of the library and/or any materials should be scheduled with the librarian in advance. This includes after hours use.

III. Sites

A. Early Childhood Center Library Media Center

1. Teachers schedule a time for their class to check out books each week.
2. AR tests are also scheduled by sign up through the library and also available in each classroom.

B. Elementary Library Media Center

1. Elementary students may check out books from 8:00 - 3:00 daily.
2. AR tests may be taken until 3:30 in the library or the classroom.
3. The school store is open from 8:00 – 3:00 daily unless the library is closed for checkout. Students must take care of any overdue, lost, or damaged books before shopping at the school store.
4. Additional fund raisers for the library are Santa's Secret Shop and Scholastic Book Fair. Students must take care of any overdue, lost, or damaged books before shopping at these events.

C. Middle School Library

1. Middle School students may check out books from 8:00 - 3:45 daily.

LIBRARY POLICY AND PROCEDURES (Cont.)

2. AR tests may be taken from 8:00 - 3:45 daily. Only one student may be at the computer taking a test. A teacher or staff member must type in an administrator password for secure testing.

3. Students may use the library computers for research when assigned by a classroom teacher. Students are responsible for using appropriate means to research, ask for help if needed, and report any inappropriate computer activity.

4. Students are NOT allowed to make any changes to library computers including but not limited to changing settings, backgrounds, deleting icons or programs. Students will NOT play games or look up inappropriate material on library computers. Students will ask for permission to download or print material.

5. Students will be allowed to work in the library when necessary but will be sent back to class if they are disruptive and/or not attending to their task.

6. Teachers must make arrangements with the librarian BEFORE bringing their whole class to the library. Teachers will stay in the library with their class unless other arrangements have been made. Teachers should not send an entire class to the library unless prior arrangements have been made. Teachers will not send students to the library because they are disruptive in their class. These students will be sent to the office.

IV. PURPOSE

The purpose of Prague School Libraries is to promote a love of reading, provide engaging reading material for students and staff, and support the curriculum by providing materials relevant to Common Core Standards, student interests, and student and faculty needs.

V. LOCATION

Each library is located in the center of the school site and serves as a hub for teachers and students alike.

PRAGUE
PUBLIC SCHOOLS

Under the proposed deregulation plan, the effectiveness of the library media program will be evaluated on an ongoing basis by the designated administrator and staff member(s) responsible for the operation of the library. The evaluation will focus on the organization of the library, the availability and usefulness of resources, student and staff access and use, and the extent to which the library supports the instructional needs of the school.

Library usage, circulation, resource needs, and requests from teachers and students will be monitored throughout the school year. Feedback from teachers and students will also be considered to identify needed improvements in services, resources, and organization. The library collection will be reviewed regularly to ensure that materials remain current, appropriate, and aligned with the instructional needs and educational goals of the school.

At least annually, the designated administrator will review the library program and its resources with the individual responsible for overseeing the library. This review will be used to identify strengths, areas needing improvement, collection and resource needs, and adjustments necessary to ensure that the library continues to effectively support students, teachers, and the school's instructional program. Findings from the evaluation will guide future resource purchases, organization, services, and program improvements.

To Whom It May Concern:

Prue Public Schools is requesting deregulation of Library Media Services for the 2026-2029 school years. Our certified librarian left the district at the end of the 2017-2018 school year. Since that time, the district's enrollment has significantly declined and currently stands at 279 students. Due to these changes, the district is requesting approval to employee a full-time library aide to manage the library in place of a certified librarian.

The district will continue to provide library services to students through this alternative staffing plan. The library will remain available to students and teachers, and the full-time library aide will assist with the daily operation of the library and provide access to library resources.

The deregulation will allow Prue Public Schools to maintain access to library services for student while making responsible use of limited district resources. Thank you for your consideration of this request. Please let me know if any additional information is needed.

Sincerely,

Craig Thurman
Superintendent
Prue Public Schools

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☐
   High School ☑

2. What is your student enrollment? 279

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   According to the Standards of Accredition for Library Media, a school with fewer than 300 students is required to provide at least a half-time certified library media specialist (librarian)

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Prue Public Schools is requesting deregulation of the library media staffing requirement due to the financial constraints of a small, rural school district and the difficulty of funding a dedicated certified library media specialist position. With an enrollment of 279 students in PreK-12, the district must carefully utilize available personnel and resources while continuing to provide students with access to library and information resources.

5. If applicable, which years has your school had this deregulation before?
   Prue Pubic Schools has had a Library Media Services deregulation in place since the 2018-2019 school year.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Under the proposed plan, the library will be open Monday through Thursday from 8:00 am. to 3:00 p.m. The library will also be open on Fridays when school is in session, from 8:00 a.m. to 3:00 p.m.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   A library aide will be in the library during its operating hours and will be responsible for assisting with the daily operation of the library.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

Standards specifics $9.00 per student.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

The Superintendent will oversee the spending of the required yearly library media.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Prue Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201
OAC 210:35-3-126

USE OF SCHOOL LIBRARY MEDIA CENTER (REGULATION)

In accordance with the policy of the board of education, the following regulation shall govern the use of the school library media center and materials.

1. Borrowed books are due two weeks from the date they are checked out.
2. Students may check out a maximum of two books from the library media center at one time. Permission may be obtained from the librarian to borrow additional books if needed for reference or a special project.
3. Books may be borrowed for two additional weeks unless someone is on a "request list" for the book.
4. Students with overdue books will not be allowed to check out additional materials. Notice of overdue books shall be posted and passed to classroom teachers.
5. Borrowers will be charged replacement costs for all books or materials that are lost or destroyed.
6. Encyclopedias and other reference books or materials may not be removed from school premises. A photocopy of a specific article may be obtained from the librarian.
7. Magazines, newspapers, and other periodicals may not be removed from the library media center and must be returned to the proper rack, shelf, or table.
8. Students will not be admitted to the library media center while classes are in session without a hall pass signed by their teacher.
9. Quiet and orderly conduct in the library media center will be enforced by the library media center staff.
10. Audiovisual equipment and materials may be checked out by teachers only. Teachers may request equipment for student use.
11. The use of library media center equipment and materials shall be pre-arranged with the librarian including any after school hour uses.
12. Students and their parents/guardians shall be informed that it is a misdemeanor under Oklahoma law to remove or attempt to remove any library media center material from the premises of a library media center facility without authority; or to mutilate, destroy, alter or otherwise damage, in whole or in part, any library media center materials, or to fail to return any library media center materials which have been lent to said person by the library media center facility, within seven days after demand has been made for the return of the library media center materials.

USE OF SCHOOL LIBRARY MEDIA CENTER, REGULATION (Cont.)

13. The librarian or any person on the library media center staff will not disclose or permit the revealing of any records or materials which disclose which of its documents or other materials have been loaned to or is being used by any student or group except such information may be disclosed to (a) persons acting within the scope of their duties within the school district, (b) persons authorized to inspect such records, in writing, by the student or group, or (c) by order of court.

65 O.S. §1-105

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Prue Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Prue Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Review Committee
Library Media Assistant
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Prue Public Schools, become the property of the Prue Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals'/library media center directors, etc.).

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

An ongoing evaluation of the effectiveness of the library media program will be conducted to ensure that the organization, services, and resources continue to meet the instructional needs of the students and staff at Prue Public Schools. A team of administrators and qualified teachers will meet annually to evaluate the effectiveness of the library media program and identify areas of improvement.

The evaluation will include a review of the library's resources, materials, services, accessibility, student and staff usage, and the extent to which the library supports classroom instruction and student learning. The team will also consider input from teachers and staff regarding the availability and usefulness of library resources and services.

Based on the annual evaluation, the team will identify needed improvement, resources, materials, or services and develop plans to address those needs. This process will provide for continuous monitoring and improvement of the library media program and will help ensure that Prue Public Schools maintains proper and effective library media program that supports the educational needs of its student and staff.

   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   At least a half-time certified library media specialist (librarian).

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

   Kirkland Elementary School was converted into Kirkland Early Childhood Center and currently serve approximately 166 students from Pre-K - 2nd Grade. Each class has age appropriate resources in the individual classrooms and/or in common areas that are available to both parents and students for checkout. Due to the shortage of qualified Library Media Specialists, there is a full-time Library Media Assistant at Kirkland.

5. If applicable, which years has your school had this deregulation before?

   Since the 2016-2017 school year through and including 2025-2026.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.

   Putnam City Schools provides age appropriate library materials in each classroom and/or in common areas. These materials are readily accessible to parents and students alike and allow students to practice skills learned in class at home.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?

   The full-time Library Media Assistant will be present.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

LIBRARY MEDIA PROGRAM

Philosophy: The primary objective of District library media programs is to provide curriculum support for the instructional programs. Materials in the library media centers are provided to meet information needs of students, for both academic projects and leisure reading. These materials are print, audiovisual, and electronic. Special emphasis is placed on cultural diversity, technology, personal values, and contemporary social and political issues.

The library media specialists will conduct a continuous collection development and evaluation process that focuses on regular, collaborative assessment of teaching and diverse learning needs, and the formats and resources to meet them.

Goals and principles of the school library media program:

1. The library media program is founded on a commitment to the right of intellectual freedom.
2. The library media center will provide access to information and resources in a wide variety of formats to all students and staff.
3. The library media center will utilize a wide variety of resources to assist with student mastery of subject and grade-level standards.
4. The library media center will meet the objectives of the school's curriculum.
5. The library media program will continually strive to improve collections through emphasis on instructional needs of both teachers and students.

LIBRARY MEDIA PROGRAM

Criteria for the selection of materials

The following factors will be considered in the selection process:

- Accuracy of information.
- Appeal to age group.
- Appropriateness of content considering developmental stages of students.
- Favorable reviews in standard selection sources.
- Objectivity and integrity.
- Present and potential relevance.
- Quality of illustrations, if applicable.
- Quality of physical format.
- Respect for and understanding of the multi ethnic, pluralistic nature of the United States.
- Suitability of subject, style, and reading level for intended audience.
- Support of the curriculum.
- Value commensurate with cost and/or need.
- Variety of formats.
- Varying points of view.

Gifts: Gifts and donated books, must meet the same selection criteria as materials purchased by the District. Once accepted, these materials become the property of the District.

Deselection or Weeding: Materials should be reviewed systematically and regularly to ensure that they meet the original selection criteria. Those that do not meet the criteria or that have become physically unusable should be removed from the collection. Examples of materials that are physically unusable are those that are badly soiled, torn, loose from binding, broken, etc., and are beyond repair.

Evaluation: Evaluation is a part of the continuous process of collection development. This activity should be done collaboratively, involving teachers, students, and staff. Library collections should be evaluated regularly to ensure that the collection is meeting its stated instructional goals.

Requests for re-evaluation of materials: The District will make an effort to provide stimulating, effective materials that will be appropriate to this community's values and the student's ability and maturity level. When questions or challenges from parents or district patrons regarding books or other instructional materials occur, the following procedures have been developed to address the concern.

All challenges to remove specified materials from the library must be presented in writing on the form EM-F1. This can be done by contacting the building principal. When a request for review of library materials is received, action shall be taken as follows:

1. The challenge may be received at the school site by either the principal or library media specialist(s) or the challenge may be received at the district Library Media Services Department. All three parties will be informed by whoever receives the notification first.
2. Every attempt will be made by the principal to arrange a meeting between the library media specialist(s) and the party/parties bringing the complaint in order to try and resolve the issue.
3. If the complaint cannot be resolved at this point, and form EM-F1 has been returned to the principal or library media specialist(s) by the complainant, a building level review committee, composed of the principal, librarian, and three other faculty members, shall be appointed. A representative from the district Library Media Services Department will chair the meeting, in a non-voting capacity, with the complainant and the building level committee.

The building level review committee has an obligation to solicit any information or ask any questions it deems appropriate to help the committee reach a decision. The complainant will have five minutes to present its challenge to the material at hand. The library media specialist will have five minutes to present rationale for the item being included in the library collection.
Once the committee has reached a decision, it will be communicated in writing to the complainant.

4. If a concern is settled at the building level, the complaint will be considered resolved.
5. If the complainant is not satisfied with the building level decision, an appeal may be filed using form EM-F2 and a district level review committee will be formed. The district review committee shall be appointed by the Superintendent or his designee and shall be composed of the following:
   - Chief Elementary or Secondary Officer as appropriate,
   - A curriculum specialist,
   - Two principals,
   - Two teachers competent in the field under question,
   - Two patrons of the District.
6. The committee will be chaired by a non-voting representative of the district Library Media Services Department.
7. Prior to any determination of findings, the complainant shall be invited to appear before the district review committee to provide further rationale for his/her objection to the materials. Both the complainant and library media specialist shall be granted five minutes to present their arguments.
8. The committee shall consider the attitudes of other teachers toward the materials, the opinions of other competent authorities, reviews of the materials by the American Library Association and other reputable reviewers, as well as the complainant's and the library media specialist's written rationale for using the materials.
9. Written documentation may be provided by the participants to the review committee. Furthermore, the members of the committee may ask questions to the participants or request additional documentation. The committee may, at its discretion, allow others to

speak on behalf of or in defense of the participants. The committee has the prerogative of setting a time limit on comments.

9. A written report from the district level committee shall be submitted to the superintendent, and the superintendent will communicate that report to the Board.
10. A written response shall be forwarded to the objecting party after the Board has been notified of the decision of the committee.

When questions or challenges from students, parents or district patrons regarding books or other materials occur, the following procedures have been developed to deal with the concern.

All challenges to remove specified materials from the classroom should first start with a conversation with the classroom teacher. If mutual agreement cannot be reached, the complainant will complete form EM-F1. When a request for review of classroom materials is received, action shall be taken as follows:

1. The principal upon receipt of for EM-F1 will assemble a building level review committee, composed of the principal, media specialist, and three other faculty members. The principal will chair the meeting.
2. The building level review committee has an obligation to solicit any information or ask any questions it deems appropriate to help the committee reach a decision. The complainant will have five minutes to present its challenge to the material at hand. The teacher will have five minutes to present rationale for the item being included in the classroom collection.

Once the committee has reached a decision, it will be communicated in writing to the complainant.

3. If a concern is settled at the building level, the complaint will be considered resolved.
4. If the complainant is not satisfied with the building level decision, an appeal may be filed and a district level review committee will be formed. The district review committee shall be chaired by a representative from the District Library Services Department and will be comprised of:
    - The Chief Elementary Officer or Secondary Officer as appropriate
    - A curriculum specialist

- A corresponding grade level principal from another school
- A teacher
- A patron of the District

5. The committee will be chaired by a non-voting representative of the district Library Media Services Department.
6. Prior to any determination of findings, the complainant shall be invited to appear before the district review committee to provide further rationale for his/her objection to the materials. Both the complainant and library media specialist shall be granted five minutes to present their arguments.
7. The committee shall consider the attitudes of other teachers toward the materials, the opinions of other competent authorities, reviews of the materials by the American Library Association and other reputable reviewers, as well as the complainant's and the teacher's written rationale for including the materials.
   Written documentation may be provided by the participants to the review committee. Furthermore, the members of the committee may ask questions to the participants or request additional documentation. The committee may, at its discretion, allow others to speak on behalf of or in defense of the participants. The committee has the prerogative of setting a time limit on comments.

If the complainant disagrees with the findings of the District committee, it may appeal the decision to the Putnam City Board of Education (EM-F1).

LIBRARY MEDIA PROGRAM

Philosophy: The primary objective of District library media programs is to provide curriculum support for the instructional programs. Materials in the library media centers are provided to meet information needs of students, for both academic projects and leisure reading. These materials are print, audiovisual, and electronic. Special emphasis is placed on cultural diversity, technology, personal values, and contemporary social and political issues.

The library media specialists will conduct a continuous collection development and evaluation process that focuses on regular, collaborative assessment of teaching and diverse learning needs, and the formats and resources to meet them.

Goals and principles of the school library media program:

1. The library media program is founded on a commitment to the right of intellectual freedom.
2. The library media center will provide access to information and resources in a wide variety of formats to all students and staff.
3. The library media center will utilize a wide variety of resources to assist with student mastery of subject and grade-level standards.
4. The library media center will meet the objectives of the school's curriculum.
5. The library media program will continually strive to improve collections through emphasis on instructional needs of both teachers and students.

LIBRARY MEDIA PROGRAM

Criteria for the selection of materials

The following factors will be considered in the selection process:

- Accuracy of information.
- Appeal to age group.
- Appropriateness of content considering developmental stages of students.
- Favorable reviews in standard selection sources.
- Objectivity and integrity.
- Present and potential relevance.
- Quality of illustrations, if applicable.
- Quality of physical format.
- Respect for and understanding of the multi ethnic, pluralistic nature of the United States.
- Suitability of subject, style, and reading level for intended audience.
- Support of the curriculum.
- Value commensurate with cost and/or need.
- Variety of formats.
- Varying points of view.

Gifts: Gifts and donated books, must meet the same selection criteria as materials purchased by the District. Once accepted, these materials become the property of the District.

Deselection or Weeding: Materials should be reviewed systematically and regularly to ensure that they meet the original selection criteria. Those that do not meet the criteria or that have become physically unusable should be removed from the collection. Examples of materials that are physically unusable are those that are badly soiled, torn, loose from binding, broken, etc., and are beyond repair.

Evaluation: Evaluation is a part of the continuous process of collection development. This activity should be done collaboratively, involving teachers, students, and staff. Library collections should be evaluated regularly to ensure that the collection is meeting its stated instructional goals.

Requests for re-evaluation of materials: The District will make an effort to provide stimulating, effective materials that will be appropriate to this community's values and the student's ability and maturity level. When questions or challenges from parents or district patrons regarding books or other instructional materials occur, the following procedures have been developed to address the concern.

All challenges to remove specified materials from the library must be presented in writing on the form EM-F1. This can be done by contacting the building principal. When a request for review of library materials is received, action shall be taken as follows:

1. The challenge may be received at the school site by either the principal or library media specialist(s) or the challenge may be received at the district Library Media Services Department. All three parties will be informed by whoever receives the notification first.
2. Every attempt will be made by the principal to arrange a meeting between the library media specialist(s) and the party/parties bringing the complaint in order to try and resolve the issue.
3. If the complaint cannot be resolved at this point, and form EM-F1 has been returned to the principal or library media specialist(s) by the complainant, a building level review committee, composed of the principal, librarian, and three other faculty members, shall be appointed. A representative from the district Library Media Services Department will chair the meeting, in a non-voting capacity, with the complainant and the building level committee.

The building level review committee has an obligation to solicit any information or ask any questions it deems appropriate to help the committee reach a decision. The complainant will have five minutes to present its challenge to the material at hand. The library media specialist will have five minutes to present rationale for the item being included in the library collection.
Once the committee has reached a decision, it will be communicated in writing to the complainant.

4. If a concern is settled at the building level, the complaint will be considered resolved.
5. If the complainant is not satisfied with the building level decision, an appeal may be filed using form EM-F2 and a district level review committee will be formed. The district review committee shall be appointed by the Superintendent or his designee and shall be composed of the following:
   - Chief Elementary or Secondary Officer as appropriate,
   - A curriculum specialist,
   - Two principals,
   - Two teachers competent in the field under question,
   - Two patrons of the District.
6. The committee will be chaired by a non-voting representative of the district Library Media Services Department.
7. Prior to any determination of findings, the complainant shall be invited to appear before the district review committee to provide further rationale for his/her objection to the materials. Both the complainant and library media specialist shall be granted five minutes to present their arguments.
8. The committee shall consider the attitudes of other teachers toward the materials, the opinions of other competent authorities, reviews of the materials by the American Library Association and other reputable reviewers, as well as the complainant's and the library media specialist's written rationale for using the materials.
9. Written documentation may be provided by the participants to the review committee. Furthermore, the members of the committee may ask questions to the participants or request additional documentation. The committee may, at its discretion, allow others to

speak on behalf of or in defense of the participants. The committee has the prerogative of setting a time limit on comments.

9. A written report from the district level committee shall be submitted to the superintendent, and the superintendent will communicate that report to the Board.
10. A written response shall be forwarded to the objecting party after the Board has been notified of the decision of the committee.

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

$7,000 for the first 1,000 students and $4 per additional student over 1,000

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures? Elizabeth ("Beth") Whipple and Ryan Spilman.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan. Please find policy attached.

LIBRARY MEDIA PROGRAM

Philosophy: The primary objective of District library media programs is to provide curriculum support for the instructional programs. Materials in the library media centers are provided to meet information needs of students, for both academic projects and leisure reading. These materials are print, audiovisual, and electronic. Special emphasis is placed on cultural diversity, technology, personal values, and contemporary social and political issues.

The library media specialists will conduct a continuous collection development and evaluation process that focuses on regular, collaborative assessment of teaching and diverse learning needs, and the formats and resources to meet them.

Goals and principles of the school library media program:

1. The library media program is founded on a commitment to the right of intellectual freedom.
2. The library media center will provide access to information and resources in a wide variety of formats to all students and staff.
3. The library media center will utilize a wide variety of resources to assist with student mastery of subject and grade-level standards.
4. The library media center will meet the objectives of the school's curriculum.
5. The library media program will continually strive to improve collections through emphasis on instructional needs of both teachers and students.

LIBRARY MEDIA PROGRAM

Criteria for the selection of materials

The following factors will be considered in the selection process:

- Accuracy of information.
- Appeal to age group.
- Appropriateness of content considering developmental stages of students.
- Favorable reviews in standard selection sources.
- Objectivity and integrity.
- Present and potential relevance.
- Quality of illustrations, if applicable.
- Quality of physical format.
- Respect for and understanding of the multi ethnic, pluralistic nature of the United States.
- Suitability of subject, style, and reading level for intended audience.
- Support of the curriculum.
- Value commensurate with cost and/or need.
- Variety of formats.
- Varying points of view.

Gifts: Gifts and donated books, must meet the same selection criteria as materials purchased by the District. Once accepted, these materials become the property of the District.

Deselection or Weeding: Materials should be reviewed systematically and regularly to ensure that they meet the original selection criteria. Those that do not meet the criteria or that have become physically unusable should be removed from the collection. Examples of materials that are physically unusable are those that are badly soiled, torn, loose from binding, broken, etc., and are beyond repair.

Evaluation: Evaluation is a part of the continuous process of collection development. This activity should be done collaboratively, involving teachers, students, and staff. Library collections should be evaluated regularly to ensure that the collection is meeting its stated instructional goals.

Requests for re-evaluation of materials: The District will make an effort to provide stimulating, effective materials that will be appropriate to this community's values and the student's ability and maturity level. When questions or challenges from parents or district patrons regarding books or other instructional materials occur, the following procedures have been developed to address the concern.

All challenges to remove specified materials from the library must be presented in writing on the form EM-F1. This can be done by contacting the building principal. When a request for review of library materials is received, action shall be taken as follows:

1. The challenge may be received at the school site by either the principal or library media specialist(s) or the challenge may be received at the district Library Media Services Department. All three parties will be informed by whoever receives the notification first.
2. Every attempt will be made by the principal to arrange a meeting between the library media specialist(s) and the party/parties bringing the complaint in order to try and resolve the issue.
3. If the complaint cannot be resolved at this point, and form EM-F1 has been returned to the principal or library media specialist(s) by the complainant, a building level review committee, composed of the principal, librarian, and three other faculty members, shall be appointed. A representative from the district Library Media Services Department will chair the meeting, in a non-voting capacity, with the complainant and the building level committee.

The building level review committee has an obligation to solicit any information or ask any questions it deems appropriate to help the committee reach a decision. The complainant will have five minutes to present its challenge to the material at hand. The library media specialist will have five minutes to present rationale for the item being included in the library collection.
Once the committee has reached a decision, it will be communicated in writing to the complainant.

4. If a concern is settled at the building level, the complaint will be considered resolved.
5. If the complainant is not satisfied with the building level decision, an appeal may be filed using form EM-F2 and a district level review committee will be formed. The district review committee shall be appointed by the Superintendent or his designee and shall be composed of the following:
   - Chief Elementary or Secondary Officer as appropriate,
   - A curriculum specialist,
   - Two principals,
   - Two teachers competent in the field under question,
   - Two patrons of the District.
6. The committee will be chaired by a non-voting representative of the district Library Media Services Department.
7. Prior to any determination of findings, the complainant shall be invited to appear before the district review committee to provide further rationale for his/her objection to the materials. Both the complainant and library media specialist shall be granted five minutes to present their arguments.
8. The committee shall consider the attitudes of other teachers toward the materials, the opinions of other competent authorities, reviews of the materials by the American Library Association and other reputable reviewers, as well as the complainant's and the library media specialist's written rationale for using the materials.
9. Written documentation may be provided by the participants to the review committee. Furthermore, the members of the committee may ask questions to the participants or request additional documentation. The committee may, at its discretion, allow others to

speak on behalf of or in defense of the participants. The committee has the prerogative of setting a time limit on comments.

9. A written report from the district level committee shall be submitted to the superintendent, and the superintendent will communicate that report to the Board.
10. A written response shall be forwarded to the objecting party after the Board has been notified of the decision of the committee.

CLASSROOM LIBRARIES

Criteria for the selection of materials

The following factors will be considered in the selection process:

- Accuracy of information.
- Appeal to age group.
- Appropriateness of content considering developmental stages of students.
- Appropriateness of illustrations, if applicable.
- Respect for and understanding of the multi-ethnic, pluralistic nature of the United States.
- Suitability of subject, style, and reading level for intended audience.

Gifts: Donated books must meet the same selection criteria as materials purchased by the District. Once accepted, these materials become the property of the District.

Requests for re-evaluation of materials: The District will make an effort to provide materials that will be appropriate to this community's values and the student's ability and maturity level. When questions or challenges from students, parents or district patrons regarding books or other materials occur, the following procedures have been developed to deal with the concern.

All challenges to remove specified materials from the classroom should first start with a conversation with the classroom teacher. If mutual agreement cannot be reached, the complainant will complete form EM-F1. When a request for review of classroom materials is received, action shall be taken as follows:

1. The principal upon receipt of for EM-F1 will assemble a building level review committee, composed of the principal, media specialist, and three other faculty members. The principal will chair the meeting.
2. The building level review committee has an obligation to solicit any information or ask any questions it deems appropriate to help the committee reach a decision. The complainant will have five minutes to present its challenge to the material at hand. The teacher will have five minutes to present rationale for the item being included in the classroom collection.

Once the committee has reached a decision, it will be communicated in writing to the complainant.

3. If a concern is settled at the building level, the complaint will be considered resolved.
4. If the complainant is not satisfied with the building level decision, an appeal may be filed and a district level review committee will be formed. The district review committee shall be chaired by a representative from the District Library Services Department and will be comprised of:
    - The Chief Elementary Officer or Secondary Officer as appropriate
    - A curriculum specialist

- A corresponding grade level principal from another school
- A teacher
- A patron of the District

5. The committee will be chaired by a non-voting representative of the district Library Media Services Department.
6. Prior to any determination of findings, the complainant shall be invited to appear before the district review committee to provide further rationale for his/her objection to the materials. Both the complainant and library media specialist shall be granted five minutes to present their arguments.
7. The committee shall consider the attitudes of other teachers toward the materials, the opinions of other competent authorities, reviews of the materials by the American Library Association and other reputable reviewers, as well as the complainant's and the teacher's written rationale for including the materials.
   Written documentation may be provided by the participants to the review committee. Furthermore, the members of the committee may ask questions to the participants or request additional documentation. The committee may, at its discretion, allow others to speak on behalf of or in defense of the participants. The committee has the prerogative of setting a time limit on comments.

If the complainant disagrees with the findings of the District committee, it may appeal the decision to the Putnam City Board of Education (EM-F1).

Accreditation Standards Division:

Sasakwa Schools would like to submit a deregulation application pertaining to our library media services. We have a library media specialist, but she is unable to be in the library for a full half day due to teaching obligations and school size. We are requesting a deregulation so that we may staff the library less than half of a day. We have done this for years and it has worked out very well for us. The library is accessible to staff and students even when the certified librarian is not there so it does not affect learning.

Sincerely,

Kyle Wilson
Sasakwa Public Schools Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☑

2. What is your student enrollment? 200

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Based on the chart we fall in the smallest enrollement standard and have a certified library media specialist that will be in the library for half a day or more.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   The deregulation is needed for a couple of reasons. The first is obviously that financial impact that this would have on our small district. The second is that our librarian is also our high school english teacher and is needed in that capacity. Hiring another staff member to fill the library is cost-prohibitive. We do try and keep students trained in library media to be in the library when not occupied by the librarian.

5. If applicable, which years has your school had this deregulation before?
   We are coming off of a three year waiver and have had this for most of my 20+ year career here at Sasakwa.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Library is open every day. Usually in the afternoon, but under some scheduling technicalities it could be open an hour or two in the morning as well. Student workers fill the library on some of the off hours. Monday-Friday 12:35 to 3:45.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Library media specialist will fill the library assisted by student workers.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $1,737 was last years minimum.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Library media specialist spends the funds.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Sasakwa Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Sasakwa Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Sasakwa Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Sasakwa Public Schools, become the property of the Sasakwa Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.
5. From this point on, appeal of the principal's decision will follow procedures as outlined in policy DGBA-R.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint may be made orally or in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.
4. Within three school days, the superintendent shall make his decision. If the complaint was made orally, the superintendent may respond orally. If the complaint is in writing, the superintendent's decision must be in writing.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

To Whom it May Concern:

This letter is intended to serve as notification that Sasakwa Public Schools will utilize the same library committee that we always have to evaluate the effectiveness of how our library functions. Services will not be hindered in any way as it is staffed more than half of our school day. This is either by our certified librarian or a trained library worker in our library skills class. All media and resources are available these times throughout the day. The committee will revisit and serve recommendations as appropriate. They will meet at least quarterly throughout our school year.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☑

2. What is your student enrollment? 250

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Our school would need one half-time librarian to service elementary, middle and high schools.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Funding is not the issue we have. We are in a small district in Okmulgee County. We have an extremely hard time trying to find qualified teachers, counselors, etc.. We have been very successful and fortunate with our current situation which is a lady we hired that is our full-time librarian for the past three years. We applied for and received a deregulation waiver for the years 2023-2026.

5. If applicable, which years has your school had this deregulation before?
   2023-2026

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Our library will be open during school days from the beginning of school until the end of school 8:00 A.M. - 3:00 P.M.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   We will have one library aid in the library full-time just the same as we have been doing for the last three years.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   Schulter minimum required library expenditures = $2,250.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Collaberation between superintendent, principal, treasurer and library aide.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

LIBRARY SELECTION POLICY

The Board of Education and the media staff of the Schulter Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library resource center are selected primarily by the librarian with input from the Review Committee.

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

LIBRARY SELECTION POLICY (Cont.)

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library resource center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects which are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material which represents all major religions may be included in the library resource center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library resource center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.

LIBRARY SELECTION POLICY (Cont.)

2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library resource center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Schulter Public Schools, become the property of the Schulter Public Schools.

LIBRARY SELECTION POLICY (Cont.)

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library resource center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library resource center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objectives in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

LIBRARY SELECTION POLICY (Cont.)

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials which fill a need related to the curriculum or contribute to the development and enrichment of the student. Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library directors, etc.).

To: OKSDE Accreditation Standards Division

This letter is to request a statutory waiver/deregulation for Seiling Public Schools. In spite of our attempts to recruit and hire a certified Library Media Specialist, we have been unable to do so. Our searches have not only covered the State of Oklahoma, but we have also engaged national job search platforms. Mrs. Barnett has agreed to serve as our Library Media Specialist in the interim. Though she does not possess the requisite degree and certification, she is a credentialed educator with a master's degree and many years of experience in public education.

We respectfully request your thoughtful consideration in this matter, and if there are any further questions or concerns we can address, please do not hesitate to reach out.

Sincerely,

Dr. Kyle Reynolds
Superintendent, Seiling Public Schools

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Seiling Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Seiling Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Seiling Public Schools, become the property of the Seiling Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Re: Library Media Deregulation Request, Program Evaluation

Under the proposed deregulation plan, Seiling Public Schools will evaluate the library media program throughout the school year to ensure its organization, services, and resources effectively support instruction and student learning. The superintendent and site principals, in collaboration with personnel assigned to the media program and classroom teachers, will oversee this process.

At least once each semester, the district will review library access and scheduling, circulation and digital resource usage, teacher and student feedback, and the adequacy of materials to support curriculum standards, student interests, and varied reading levels. This review will address the effectiveness of staffing and supervision, the organization and condition of the collection, and students' opportunities to receive assistance with research, information literacy, and responsible use of resources. Teachers will also identify instructional needs and gaps in available materials through regular collaboration and PLC discussions.

Findings and recommended improvements will be documented in an annual program review. District leadership will use this information to establish priorities for purchases, collection updates, staff support, and adjustments to services under the deregulation plan. Progress on identified improvements will be reviewed the following semester, with concerns affecting student access or instructional support addressed as they arise.

RE: Deregulation for Library Media Service in Elementary School.

To Whom it May Concern:

Shady Point Public Schools is requesting a deregulation for OAC 210:35-5-71 for the 2026-27 through the 2028-29 school years.

The district has experienced ongoing difficulty in locating and securing a certified librarian. As a result, Shady Point Public Schools proposes to expand the role of classroom teachers in providing students with access to library materials and resources. Classroom teachers will be allowed to use the library as needed and will carry out the basic library duties associated with student book selection, check-out, and check-in while their classes are using the library.

Staff members have received training on the district's library automation system, including the procedures for checking materials in and out. Based on this training, the district does not anticipate concerns with the implementation of this plan. With an average class size of slightly more than 16 students and a total district enrollment of approximately 180 students, we believe this approach is reasonable, manageable, and appropriate for our school setting.

To further support library operations, a trained paraprofessional will be assigned one hour each day to assist with reshelving materials, organizing the library, and preparing the space for classroom use. In addition, the district will use a retired librarian on an as-needed basis throughout the school year to provide support and oversight for the library program. This individual will assist with maintaining the collection, reviewing library needs, and coordinating the purchase of new books and materials.

The district will monitor monthly book circulation and compare those numbers to circulation totals from previous years. If circulation numbers show a significant decline, the district will promptly review the plan and make any needed adjustments.

Thank you for your consideration of this request. Please contact me if you have any questions or need any additional.

Sincerely,

Dr. Bruce Gillham
Superintendent
Shady Point Schools

Library Schedule
Question 12 Answer

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☐

2. What is your student enrollment? 180

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   Since we are a dependent school that shares a library with all grades PK-8, we would follow the requirements of a middle school library. That would require us to have a part time librarian in place for the school year.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Shady Point schools is unable to fill the position of a school librarian or qualifed aid that meets our needs for the 2026-27 school year. We have been unable to find a full or part time replacement as well.

5. If applicable, which years has your school had this deregulation before?
   We have had this waiver in place sine the 2019 school year.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library will remain open during normal school hours. Those normal operating hours are Monday through Friday from 8:30 to 3:30. The paraprofessional will be in the library one hour per day. Classroom teachers will utilize the library as needed.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   The district intends to utilize classroom teachers as librarians for their individual classes. This approach will provide students with more direct access to library resources while allowing teachers, who know their students' reading levels and interests, to help select appropriate reading materials.

   The district also intends to use existing English language arts teachers and a paraprofessional to update the library automation software on a daily basis. This

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $1,620.00

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    The district plans to use a retired librarian to provide oversight of the library program

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER
SELECTION OF MATERIALS
(REGULATION)

The responsibility for the selection of library media center materials rests with the Shady Point Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Shady Point Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials,

multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the _____ Public Schools, become the property of the _____ Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Shady Point Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☑
   High School ☑

2. What is your student enrollment? 1340

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   With one certified media specialist and one full time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   We have no one on staff with that certification. When have had a certified librarian leave mid year and our teacher who held the certification left as well. Our aide acting as the librarian has years of experinece under a certfied librarian and has done an exceptional job in her new capacity. We hav a full time aide in the library to assist as well.

5. If applicable, which years has your school had this deregulation before?
   yes

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library is open every day 8am - 3:00pm

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Both library aides will be in the library during operating hours.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA

Kate McDonald, Superintendent

The Silo School Library will be evaluated by the following:

Teachers will be polled on their experiences of the effectiveness of the library this year. They will be asked if the library was available and served the needs of the students. Principals of sites will be asked to evaluate their schedules for classroom visits and the quality of the classroom libraries that are sent weekly. Principals will also be asked to gather any current practices that they would like to add to our library.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Silo Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

LEGAL REFERENCE: 70 O.S. § 11-201
OAC 210:35-3-126

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Silo Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Silo Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Silo Public Schools, become the property of the Silo Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Silo Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the building principal regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.

4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

Superintendent Angelia Yandell

Oklahoma State Board of Education,

Stidham Public School, located in McIntosh County and within the Stidham School District, is requesting a 3 year deregulation for our Library Media Services, OAC 210:35-5-71. Stidham School is a small school district that serves approximately 100 students. Due to the inability to hire a certified library/media specialist we are seeking a deregulation to allow a certified teacher to serve as a reading coach during reading class in the central library to check books in and out as well as reshelving and keeping the central library managed and accessible for all students.

Thank you for your time and consideration in this matter.

Angelia Yandell,

Angelia Yandell

Superintendent
Stidham Public School

Media Policy

1. All material, including books, magazines, informational texts, etc. will be approved by the administration of Stidham Public School prior to being placed in the school library. Materials for the library should be age-appropriate material, free of inappropriate content or controversial topics.
2. All material should be reviewed by the librarian and administration and found to be educational and informative for students.
3. All complaints regarding any library materials should be directed to the administration in writing.

The administration reserves the right to withdraw any inappropriate or controversial material from the library.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

2. What is your student enrollment? 99

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least a half-time certified library media specialist.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   This deregulation is needed because our school cannot afford to pay a certified library media specialist, even for just a part-time position.

5. If applicable, which years has your school had this deregulation before?
   Our last deregulation was approved in 2023.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library will be opened daily, as teachers will assist with checking out books and reshelving books.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Certified teachers will rotate throughout the library during operating hours for students. There will also be a library aid that will assist throughout operating hours.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Honorable State Accreditation Official,

Tecumseh Schools is presenting a deregulation application for Library/Media Specialist at Barnard Elementary School. Barnard Elementary is a first and second grade elementary school.. We have opted to request a waiver this year to serve our students' library media needs using a certified teacher who is interested in pursuing a graduate degree and subsequent certification as a Library Media Specialist. The Barnard library will have a Library Assistant managing student check out and providing assistance to students and teachers with the resources in the library. Mrs. Collette McClure, who has many hours of training in STEAM (Science, Technology, Engineering, Arts and Math) curriculum instruction will be this teacher. Mrs. McClure will spend her day in the library teaching library resources standards and skills to students while also helping with intervention in math instruction using STEAM-related projects and lessons.

Our plan is for Collette McClure to teach Library Media skill classes to students through their special elective rotations throughout each week. As students come into the library on a weekly basis, they will be checking out books and attending library time. The library will be open throughout the day each day, and student circulation will be managed by the Library Assistant. Part of Mrs. McClure's day will also be spent engaging students in math intervention activities. She will use STEAM-related topics and library standards to accomplish these goals.

Thank you for your time and consideration on this topic. The design of this plan has been supported by a great deal of planning with input from Mrs. McClure and Barnard Elementary staff. The student library check out and check in processes will be provided through the Library Assistant. The growth and development of students is a priority and bringing them rich and rigorous instruction is our focus with this proposal.

TECUMSEH PUBLIC SCHOOLS: SCHOOL BOARD POLICY	5004

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA

The Tecumseh Board of Education and the media staff of the Tecumseh Public Schools subscribe in principle to the following objectives of selection influenced by the American Association of School Librarians:

Objectives of Selection

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the responsibility of the school media center is:

* To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, and maturity levels of the student served.
* To provide materials that will stimulate growth in factual knowledge, literary, cultural, and aesthetic appreciations, and awareness of societal and ethical standards.
* To provide materials so that young citizens may develop the habit of analysis thereby enabling them to draw conclusions, make informed decisions, apply knowledge to new situations, and create new knowledge.
* To provide a variety of materials which contribute to the understanding of our national heritage as well as knowledge and appreciation of the global community.
* To provide high quality materials which will aid in the effort to create a comprehensive collection appropriate for the school community.

Responsibility for Selection

The Board of Education, the governing body of the school district, is legally responsible for the selection of library/media materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

While the selection of materials may involve input from various school personnel, the responsibility for coordinating, evaluating, and recommending the selection and purchase of library/media materials rests with the certified library/media personnel and the district's site administrators.

Types of Materials and Resources for Purchase

Library Media Materials and Resources shall be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social development of the students for whom the materials are selected. The following kinds of materials/resources may be selected for the media centers:

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

1. Materials/resources containing integral information to support both pleasure and instructional programs
2. Materials/resources presenting appropriate information for the reading level and understanding of students served by the media center
3. Materials/resources reflecting the interests and needs of the students and faculty served by the media center
4. Materials/resources presenting information designed to help students gain an awareness of our pluralistic society
5. Materials/resources warranting inclusion because of their literary and/or artistic value and merit
6. Materials/resources presenting information with the greatest degree of accuracy and clarity possible
7. Materials/resources presenting a fair and unbiased presentation of information
8. Materials/resources selected for maintaining a diverse collection of various points of view
9. Multiple items of outstanding quality and much in demand media are purchased as needed.

Criteria for Selection

Library Materials/Resources shall support and be consistent with the District's written curriculum. In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids. Media Specialists shall use the following criteria as a guide for selecting and purchasing library materials/resources:

1. Educational significance
2. Contribution the material/resource makes to the written curriculum and to the interests of the students
3. Reviews found in standard selection sources
4. Literary and professional reputation and significance of the author, producer, and/or publisher
5. Validity, currency, and appropriateness of material
6. Contribution the material/resources make to breadth of representative viewpoints
7. Degree of potential user appeal
8. Artistic quality and/or literary style
9. Quality of factual content and presentation
10. Value commensurate with cost and/or need
11. Timeliness or permanence

Weeding and Discarding

Selection is an ongoing process that includes the removal of materials no longer appropriate and the replacement of lost and worn materials. Weeding (the removal of materials) is essential to maintaining a relevant collection.

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

Materials considered for weeding should include the following:

* Worn or missing items will be replaced periodically as appropriate.
* Out-of-date or no longer useful library media materials/resources will be withdrawn from the collection.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that the materials must meet the same selection criteria as materials purchased with Board of Education funds. Donors are encouraged to contact the Media Specialist before making donations of monetary gifts or materials.
2. Gift books and other materials, once accepted by the Tecumseh Public Schools, become the property of the Tecumseh Public Schools and will be utilized at the school's discretion.

Procedures for Reconsideration of Materials

A parent has the right to request his/her child be exempted from the use of library media materials/resources which seem incompatible with the student's or parent's values or beliefs. It is recommended that classroom assignments involving library media materials/resources provide for alternative choices. Individual parents may not, however, determine the reading of, listening to, or viewing of materials for students other than their own children.

The following procedures establish a framework to resolve concerns at the lowest possible level while defending the principles of freedom of information, students' rights to the access of materials, and the professional responsibility and integrity of the school faculty.

Therefore, no duly selected materials whose appropriateness is challenged shall be removed from the District except upon the formal recommendation of the Board of Education after the challenge procedures outlined below have been completed.

After the Review Committee has reevaluated challenged materials the same materials will not be reconsidered for a period of three (3) calendar years or the duration of the current adoption period, if the material is a district issued textbook.

The Board of Education for Tecumseh Public Schools adheres to the First Amendment to the United States Constitution "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

Level One (Building Level)

Objection to a selection regarding library media materials shall be reported to the appropriate principal. The following steps shall be used in efforts to resolve such objections at the building level. The material in question shall remain in public access pending a final decision.

1. The principal, and/or the appropriate designee, shall contact the patron to discuss the complaint and attempt to resolve it informally by explaining the vision, mission, and objectives of the school district and/or the library media center, the criteria for selection and qualifications of those persons selecting the material, and the intended use and educational benefits from the material. The principal will call upon the employee involved in the selection/use of the material in question for input. The principal or designee may also discuss the right of the parent to request an alternate assignment or resource from the media center.

2. If the objection is not resolved informally, the building principal or designee shall provide the patron with a copy of the Materials Selection Policy and ask the patron to complete a Request for Reconsideration form after he or she has read or viewed the material in its entirety.

3. If the completed Request for Reconsideration form has not been received by the principal within 10 calendar days after the patron's receipt of the form, the objection shall be considered resolved.

4. Upon receipt of a completed Request for Reconsideration form, the principal shall establish and chair a building-level materials review committee. The committee will be comprised of the following from the site: the principal, a parent/guardian whose child attends the site, and three school representatives.

5. Committee members will be provided a copy of the Material Selection Policy, the completed Request for Reconsideration form, the First Amendment, Selection reviews, and committee responsibilities.

6. The committee will:
* Prior to the meeting, read and/or view, as appropriate, the questioned material in its entirety
* Discuss the selection reviews
* Review and judge the material as to conformity with selection criteria and instructional goals.
* Examine concerns referenced on the request form point by point and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages
* Include other activities deemed by the committee to be relevant
* Vote on the reconsideration request to determine majority decision

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

* Prepare a written report within thirty school days after receiving the formal request for reconsideration, outlining the committee's recommendations for disposition of the matter. Specific grade levels to be affected by the committee's recommendations must be listed in the report if such report contains recommendations for the removal or additional grade-level restrictions for the material.

7. The Building Principal is responsible for disseminating the report to all involved parties, including the Superintendent, Assistant Superintendent, and Special Services Director. The Principal will send the report via certified mail to the complainant. A copy of the report will be kept on file in the Media Center and in the Building Principal's office.

8. If the committee recommends removal and/or grade-level restrictions for the material in question, the Principal shall forward all related materials to the Superintendent or his/her designee for further review at level two.

9. If the complainant is not satisfied with the disposition of his/her complaint at level one, he/she may file a written request for consideration at level two within ten calendar days of receipt of the level one recommendation with the Superintendent or Designee.

Level Two (District Level)

The following steps shall be used to address level two complaints. The material in question shall remain in public access pending a final decision. Level two recommendations supersede level one recommendations.

1. The Superintendent or designee will establish a review committee as needed. Committee members will be provided a copy of the Material Selection Policy, the completed Request for Reconsideration form, the First Amendment, Selection reviews, and committee responsibilities. The committee will be comprised of seven members from the categories below:
   * Two teachers
   * One administrator who will act as committee chair
   * Two community representatives
   * Two staff members

2. The committee will:
   * Prior to the meeting, read and/or view, as appropriate, the questioned material in its entirety
   * Discuss the selection reviews
   * Review and judge the material as to conformity with selection criteria and instructional goals.

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

* Examine concerns referenced on the request form point by point and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages
* Include other activities deemed by the committee to be relevant
* Vote on the reconsideration request to determine majority decision
* Prepare a written report within in a timely manner, usually within 30 school days after receiving the formal level two request, outlining the committee's recommendations for disposition of the matter. Specific grade levels to be affected by the committee's recommendations must be listed in the report if such report contains recommendations for the removal or additional grade-level restrictions for the material.

3. The committee chair is responsible for the dissemination of this report to all involved parties, including the Superintendent.

Level Three (Board Level)

In the event that the complainant does not accept the decision of the Level Two Committee, he/she may appeal to the Board of Education through the Superintendent.

A written request for a Board of Education review of the decision of the Level Two Committee must be made within 10 days of receipt of the Committee's decision.

The Board of Education will render a decision in a timely fashion, usually within 60 days.

Final decision rests with the Board of Education.

After the Board of Education has made a decision regarding challenged materials/resources the materials will not be reconsidered for a period of three calendar years or the duration of the current adoption period, if the material is a district issued textbook.

Tecumseh Public Schools Evaluation or the Effectiveness of the Library:

According to Oklahoma Administrative Code 210:35-3-125, “There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan.

The library will be evaluated for effectiveness using multiple measures. Each library uses Alexandria software to support the circulation efforts of the library. The software allows for inventory to be collected and resources to be organized. The library media staff will use Alexandria and its data to review circulation numbers as well as the library collection to ensure its use is effective and resources are available for students and teachers. This review of the collection will be done twice per year with the review of circulation monitored monthly. Once per year the library will conduct an inventory of its resources and from that there will be a determination of items to be replaced, added and deleted. Circulation numbers will be used to prove consistent use and determine if changes should be made to increase student use.

The district uses Aimsweb as its benchmark screener for all students in Tecumseh Public Schools. This data is reviewed regularly. The benchmark is given three times each year to all students. This benchmark data will allow for review of standards related to the use of the library and learning by students using the library. Aimsweb data will be used in a variety of ways to support student learning and to ensure the utilization of the library is sufficient and effective. It will also be used to determine which students may need additional support of those standards.

Honorable State Accreditation Official,

Tecumseh Schools is presenting a deregulation application for Library/Media Specialist at Cross Timbers Elementary School. Cross Timbers Elementary is a third, fourth and fifth grade elementary school. Cross Timbers Elementary has requested a deregulation for the last several years. After making changes to the schedule, we have opted to request another waiver this year to continue serving our students in the best way possible. The Cross Timbers library will have a Library Assistant managing student check out and providing assistance to students and teachers with the resources in the library. We have a certified Elementary Education teacher, Lisa Thompson, who has many hours of training in curriculum instruction. We plan to have Mrs. Thompson guide the instruction of library standards and skills delivered to students.

As students come into the library each week they will be checking out books and attending library time. The library will be open throughout the day each day, and student circulation will be managed by the Library Assistant. The lessons taught in the Library Skills and STEAM classes for students will enrich the Science and Math instructions that students are receiving in the classroom. All the lessons will be designed around teaching Library standards. The emphasis on research and reporting skills through these lessons will enhance the learning skills taught to students.

Thank you for your time and consideration on this topic. The design of this plan has been supported by a great deal of good planning with input from Mrs. Thompson and Cross Timbers Elementary staff. The student library check out and check in processes will be provided through the Library Assistant. The growth and development of students is a priority and bringing them rich and rigorous instruction is our focus with this proposal.

5. If applicable, which years has your school had this deregulation before?
   We have had a library deregulation in place since 2018.
   .

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Monday-Friday 8:00-8:50, 9:30-10:20, 11:35-12:00, 12:30-1:35, 2:05-2:55

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Cassie Cosper will be the paraprofessional in charge of operating the library and Lisa Thompson is the certified staff member who will be in charge of curriculum.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA

TECUMSEH PUBLIC SCHOOLS: SCHOOL BOARD POLICY	5004

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA

The Tecumseh Board of Education and the media staff of the Tecumseh Public Schools subscribe in principle to the following objectives of selection influenced by the American Association of School Librarians:

Objectives of Selection

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the responsibility of the school media center is:

* To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, and maturity levels of the student served.
* To provide materials that will stimulate growth in factual knowledge, literary, cultural, and aesthetic appreciations, and awareness of societal and ethical standards.
* To provide materials so that young citizens may develop the habit of analysis thereby enabling them to draw conclusions, make informed decisions, apply knowledge to new situations, and create new knowledge.
* To provide a variety of materials which contribute to the understanding of our national heritage as well as knowledge and appreciation of the global community.
* To provide high quality materials which will aid in the effort to create a comprehensive collection appropriate for the school community.

Responsibility for Selection

The Board of Education, the governing body of the school district, is legally responsible for the selection of library/media materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

While the selection of materials may involve input from various school personnel, the responsibility for coordinating, evaluating, and recommending the selection and purchase of library/media materials rests with the certified library/media personnel and the district's site administrators.

Types of Materials and Resources for Purchase

Library Media Materials and Resources shall be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social development of the students for whom the materials are selected. The following kinds of materials/resources may be selected for the media centers:

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

1. Materials/resources containing integral information to support both pleasure and instructional programs
2. Materials/resources presenting appropriate information for the reading level and understanding of students served by the media center
3. Materials/resources reflecting the interests and needs of the students and faculty served by the media center
4. Materials/resources presenting information designed to help students gain an awareness of our pluralistic society
5. Materials/resources warranting inclusion because of their literary and/or artistic value and merit
6. Materials/resources presenting information with the greatest degree of accuracy and clarity possible
7. Materials/resources presenting a fair and unbiased presentation of information
8. Materials/resources selected for maintaining a diverse collection of various points of view
9. Multiple items of outstanding quality and much in demand media are purchased as needed.

Criteria for Selection

Library Materials/Resources shall support and be consistent with the District's written curriculum. In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids. Media Specialists shall use the following criteria as a guide for selecting and purchasing library materials/resources:

1. Educational significance
2. Contribution the material/resource makes to the written curriculum and to the interests of the students
3. Reviews found in standard selection sources
4. Literary and professional reputation and significance of the author, producer, and/or publisher
5. Validity, currency, and appropriateness of material
6. Contribution the material/resources make to breadth of representative viewpoints
7. Degree of potential user appeal
8. Artistic quality and/or literary style
9. Quality of factual content and presentation
10. Value commensurate with cost and/or need
11. Timeliness or permanence

Weeding and Discarding

Selection is an ongoing process that includes the removal of materials no longer appropriate and the replacement of lost and worn materials. Weeding (the removal of materials) is essential to maintaining a relevant collection.

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

Materials considered for weeding should include the following:

* Worn or missing items will be replaced periodically as appropriate.
* Out-of-date or no longer useful library media materials/resources will be withdrawn from the collection.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that the materials must meet the same selection criteria as materials purchased with Board of Education funds. Donors are encouraged to contact the Media Specialist before making donations of monetary gifts or materials.
2. Gift books and other materials, once accepted by the Tecumseh Public Schools, become the property of the Tecumseh Public Schools and will be utilized at the school's discretion.

Procedures for Reconsideration of Materials

A parent has the right to request his/her child be exempted from the use of library media materials/resources which seem incompatible with the student's or parent's values or beliefs. It is recommended that classroom assignments involving library media materials/resources provide for alternative choices. Individual parents may not, however, determine the reading of, listening to, or viewing of materials for students other than their own children.

The following procedures establish a framework to resolve concerns at the lowest possible level while defending the principles of freedom of information, students' rights to the access of materials, and the professional responsibility and integrity of the school faculty.

Therefore, no duly selected materials whose appropriateness is challenged shall be removed from the District except upon the formal recommendation of the Board of Education after the challenge procedures outlined below have been completed.

After the Review Committee has reevaluated challenged materials the same materials will not be reconsidered for a period of three (3) calendar years or the duration of the current adoption period, if the material is a district issued textbook.

The Board of Education for Tecumseh Public Schools adheres to the First Amendment to the United States Constitution "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

Level One (Building Level)

Objection to a selection regarding library media materials shall be reported to the appropriate principal. The following steps shall be used in efforts to resolve such objections at the building level. The material in question shall remain in public access pending a final decision.

1. The principal, and/or the appropriate designee, shall contact the patron to discuss the complaint and attempt to resolve it informally by explaining the vision, mission, and objectives of the school district and/or the library media center, the criteria for selection and qualifications of those persons selecting the material, and the intended use and educational benefits from the material. The principal will call upon the employee involved in the selection/use of the material in question for input. The principal or designee may also discuss the right of the parent to request an alternate assignment or resource from the media center.

2. If the objection is not resolved informally, the building principal or designee shall provide the patron with a copy of the Materials Selection Policy and ask the patron to complete a Request for Reconsideration form after he or she has read or viewed the material in its entirety.

3. If the completed Request for Reconsideration form has not been received by the principal within 10 calendar days after the patron's receipt of the form, the objection shall be considered resolved.

4. Upon receipt of a completed Request for Reconsideration form, the principal shall establish and chair a building-level materials review committee. The committee will be comprised of the following from the site: the principal, a parent/guardian whose child attends the site, and three school representatives.

5. Committee members will be provided a copy of the Material Selection Policy, the completed Request for Reconsideration form, the First Amendment, Selection reviews, and committee responsibilities.

6. The committee will:
* Prior to the meeting, read and/or view, as appropriate, the questioned material in its entirety
* Discuss the selection reviews
* Review and judge the material as to conformity with selection criteria and instructional goals.
* Examine concerns referenced on the request form point by point and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages
* Include other activities deemed by the committee to be relevant
* Vote on the reconsideration request to determine majority decision

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

* Prepare a written report within thirty school days after receiving the formal request for reconsideration, outlining the committee's recommendations for disposition of the matter. Specific grade levels to be affected by the committee's recommendations must be listed in the report if such report contains recommendations for the removal or additional grade-level restrictions for the material.

7. The Building Principal is responsible for disseminating the report to all involved parties, including the Superintendent, Assistant Superintendent, and Special Services Director. The Principal will send the report via certified mail to the complainant. A copy of the report will be kept on file in the Media Center and in the Building Principal's office.

8. If the committee recommends removal and/or grade-level restrictions for the material in question, the Principal shall forward all related materials to the Superintendent or his/her designee for further review at level two.

9. If the complainant is not satisfied with the disposition of his/her complaint at level one, he/she may file a written request for consideration at level two within ten calendar days of receipt of the level one recommendation with the Superintendent or Designee.

Level Two (District Level)

The following steps shall be used to address level two complaints. The material in question shall remain in public access pending a final decision. Level two recommendations supersede level one recommendations.

1. The Superintendent or designee will establish a review committee as needed. Committee members will be provided a copy of the Material Selection Policy, the completed Request for Reconsideration form, the First Amendment, Selection reviews, and committee responsibilities. The committee will be comprised of seven members from the categories below:
   * Two teachers
   * One administrator who will act as committee chair
   * Two community representatives
   * Two staff members

2. The committee will:
   * Prior to the meeting, read and/or view, as appropriate, the questioned material in its entirety
   * Discuss the selection reviews
   * Review and judge the material as to conformity with selection criteria and instructional goals.

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

* Examine concerns referenced on the request form point by point and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages
* Include other activities deemed by the committee to be relevant
* Vote on the reconsideration request to determine majority decision
* Prepare a written report within in a timely manner, usually within 30 school days after receiving the formal level two request, outlining the committee's recommendations for disposition of the matter. Specific grade levels to be affected by the committee's recommendations must be listed in the report if such report contains recommendations for the removal or additional grade-level restrictions for the material.

3. The committee chair is responsible for the dissemination of this report to all involved parties, including the Superintendent.

Level Three (Board Level)

In the event that the complainant does not accept the decision of the Level Two Committee, he/she may appeal to the Board of Education through the Superintendent.

A written request for a Board of Education review of the decision of the Level Two Committee must be made within 10 days of receipt of the Committee's decision.

The Board of Education will render a decision in a timely fashion, usually within 60 days.

Final decision rests with the Board of Education.

After the Board of Education has made a decision regarding challenged materials/resources the materials will not be reconsidered for a period of three calendar years or the duration of the current adoption period, if the material is a district issued textbook.

Tecumseh Public Schools Evaluation or the Effectiveness of the Library:

According to Oklahoma Administrative Code 210:35-3-125, “There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan.

The library will be evaluated for effectiveness using multiple measures. Each library uses Alexandria software to support the circulation efforts of the library. The software allows for inventory to be collected and resources to be organized. The library media staff will use Alexandria and its data to review circulation numbers as well as the library collection to ensure its use is effective and resources are available for students and teachers. This review of the collection will be done twice per year with the review of circulation monitored monthly. Once per year the library will conduct an inventory of its resources and from that there will be a determination of items to be replaced, added and deleted. Circulation numbers will be used to prove consistent use and determine if changes should be made to increase student use.

The district uses Aimsweb as its benchmark screener for all students in Tecumseh Public Schools. This data is reviewed regularly. The benchmark is given three times each year to all students. This benchmark data will allow for review of standards related to the use of the library and learning by students using the library. Aimsweb data will be used in a variety of ways to support student learning and to ensure the utilization of the library is sufficient and effective. It will also be used to determine which students may need additional support of those standards.

Honorable State Accreditation Official,

Tecumseh Schools is presenting a deregulation application for Library/Media Specialist at Tecumseh Middle School. Tecumseh Middle School is a 6th-8th grade middle school. TMS requested a deregulation last school year. It was determined that students were well served last year with the de-regulation so we have opted to request another waiver this year to continue serving our students. The Tecumseh Middle School library will have a certified teacher managing student check out and providing assistance to students and teachers with the resources in the library. This teacher, Teri McCarthy has many years of teaching and curriculum development that will serve her in this role. She will work with teachers and guide the instruction of library standards and skills delivered to students.

The library will be open throughout the day each day, and student circulation will be managed by Ms. McCarthy. The lessons taught in the library classes will complement lessons being learned in other content areas and will build on and partner with instruction that students are receiving in the classroom. All the lessons will be designed around teaching Library standards. The emphasis on research and reporting skills through these lessons will enhance the learning skills taught to students.

Thank you for your time and consideration on this topic. The design of this plan has been supported by a great deal of good planning with input from Tecumseh Middle School staff. The growth and development of students is a priority and bringing them rich and rigorous instruction is our focus with this proposal.

Regards,
Robert H. Kinsey

TECUMSEH PUBLIC SCHOOLS: SCHOOL BOARD POLICY	5004

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA

The Tecumseh Board of Education and the media staff of the Tecumseh Public Schools subscribe in principle to the following objectives of selection influenced by the American Association of School Librarians:

Objectives of Selection

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the responsibility of the school media center is:

* To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, and maturity levels of the student served.
* To provide materials that will stimulate growth in factual knowledge, literary, cultural, and aesthetic appreciations, and awareness of societal and ethical standards.
* To provide materials so that young citizens may develop the habit of analysis thereby enabling them to draw conclusions, make informed decisions, apply knowledge to new situations, and create new knowledge.
* To provide a variety of materials which contribute to the understanding of our national heritage as well as knowledge and appreciation of the global community.
* To provide high quality materials which will aid in the effort to create a comprehensive collection appropriate for the school community.

Responsibility for Selection

The Board of Education, the governing body of the school district, is legally responsible for the selection of library/media materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

While the selection of materials may involve input from various school personnel, the responsibility for coordinating, evaluating, and recommending the selection and purchase of library/media materials rests with the certified library/media personnel and the district's site administrators.

Types of Materials and Resources for Purchase

Library Media Materials and Resources shall be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social development of the students for whom the materials are selected. The following kinds of materials/resources may be selected for the media centers:

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

1. Materials/resources containing integral information to support both pleasure and instructional programs
2. Materials/resources presenting appropriate information for the reading level and understanding of students served by the media center
3. Materials/resources reflecting the interests and needs of the students and faculty served by the media center
4. Materials/resources presenting information designed to help students gain an awareness of our pluralistic society
5. Materials/resources warranting inclusion because of their literary and/or artistic value and merit
6. Materials/resources presenting information with the greatest degree of accuracy and clarity possible
7. Materials/resources presenting a fair and unbiased presentation of information
8. Materials/resources selected for maintaining a diverse collection of various points of view
9. Multiple items of outstanding quality and much in demand media are purchased as needed.

Criteria for Selection

Library Materials/Resources shall support and be consistent with the District's written curriculum. In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids. Media Specialists shall use the following criteria as a guide for selecting and purchasing library materials/resources:

1. Educational significance
2. Contribution the material/resource makes to the written curriculum and to the interests of the students
3. Reviews found in standard selection sources
4. Literary and professional reputation and significance of the author, producer, and/or publisher
5. Validity, currency, and appropriateness of material
6. Contribution the material/resources make to breadth of representative viewpoints
7. Degree of potential user appeal
8. Artistic quality and/or literary style
9. Quality of factual content and presentation
10. Value commensurate with cost and/or need
11. Timeliness or permanence

Weeding and Discarding

Selection is an ongoing process that includes the removal of materials no longer appropriate and the replacement of lost and worn materials. Weeding (the removal of materials) is essential to maintaining a relevant collection.

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

Materials considered for weeding should include the following:

* Worn or missing items will be replaced periodically as appropriate.
* Out-of-date or no longer useful library media materials/resources will be withdrawn from the collection.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that the materials must meet the same selection criteria as materials purchased with Board of Education funds. Donors are encouraged to contact the Media Specialist before making donations of monetary gifts or materials.
2. Gift books and other materials, once accepted by the Tecumseh Public Schools, become the property of the Tecumseh Public Schools and will be utilized at the school's discretion.

Procedures for Reconsideration of Materials

A parent has the right to request his/her child be exempted from the use of library media materials/resources which seem incompatible with the student's or parent's values or beliefs. It is recommended that classroom assignments involving library media materials/resources provide for alternative choices. Individual parents may not, however, determine the reading of, listening to, or viewing of materials for students other than their own children.

The following procedures establish a framework to resolve concerns at the lowest possible level while defending the principles of freedom of information, students' rights to the access of materials, and the professional responsibility and integrity of the school faculty.

Therefore, no duly selected materials whose appropriateness is challenged shall be removed from the District except upon the formal recommendation of the Board of Education after the challenge procedures outlined below have been completed.

After the Review Committee has reevaluated challenged materials the same materials will not be reconsidered for a period of three (3) calendar years or the duration of the current adoption period, if the material is a district issued textbook.

The Board of Education for Tecumseh Public Schools adheres to the First Amendment to the United States Constitution "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

Level One (Building Level)

Objection to a selection regarding library media materials shall be reported to the appropriate principal. The following steps shall be used in efforts to resolve such objections at the building level. The material in question shall remain in public access pending a final decision.

1. The principal, and/or the appropriate designee, shall contact the patron to discuss the complaint and attempt to resolve it informally by explaining the vision, mission, and objectives of the school district and/or the library media center, the criteria for selection and qualifications of those persons selecting the material, and the intended use and educational benefits from the material. The principal will call upon the employee involved in the selection/use of the material in question for input. The principal or designee may also discuss the right of the parent to request an alternate assignment or resource from the media center.

2. If the objection is not resolved informally, the building principal or designee shall provide the patron with a copy of the Materials Selection Policy and ask the patron to complete a Request for Reconsideration form after he or she has read or viewed the material in its entirety.

3. If the completed Request for Reconsideration form has not been received by the principal within 10 calendar days after the patron's receipt of the form, the objection shall be considered resolved.

4. Upon receipt of a completed Request for Reconsideration form, the principal shall establish and chair a building-level materials review committee. The committee will be comprised of the following from the site: the principal, a parent/guardian whose child attends the site, and three school representatives.

5. Committee members will be provided a copy of the Material Selection Policy, the completed Request for Reconsideration form, the First Amendment, Selection reviews, and committee responsibilities.

6. The committee will:
* Prior to the meeting, read and/or view, as appropriate, the questioned material in its entirety
* Discuss the selection reviews
* Review and judge the material as to conformity with selection criteria and instructional goals.
* Examine concerns referenced on the request form point by point and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages
* Include other activities deemed by the committee to be relevant
* Vote on the reconsideration request to determine majority decision

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

* Prepare a written report within thirty school days after receiving the formal request for reconsideration, outlining the committee's recommendations for disposition of the matter. Specific grade levels to be affected by the committee's recommendations must be listed in the report if such report contains recommendations for the removal or additional grade-level restrictions for the material.

7. The Building Principal is responsible for disseminating the report to all involved parties, including the Superintendent, Assistant Superintendent, and Special Services Director. The Principal will send the report via certified mail to the complainant. A copy of the report will be kept on file in the Media Center and in the Building Principal's office.

8. If the committee recommends removal and/or grade-level restrictions for the material in question, the Principal shall forward all related materials to the Superintendent or his/her designee for further review at level two.

9. If the complainant is not satisfied with the disposition of his/her complaint at level one, he/she may file a written request for consideration at level two within ten calendar days of receipt of the level one recommendation with the Superintendent or Designee.

Level Two (District Level)

The following steps shall be used to address level two complaints. The material in question shall remain in public access pending a final decision. Level two recommendations supersede level one recommendations.

1. The Superintendent or designee will establish a review committee as needed. Committee members will be provided a copy of the Material Selection Policy, the completed Request for Reconsideration form, the First Amendment, Selection reviews, and committee responsibilities. The committee will be comprised of seven members from the categories below:
   * Two teachers
   * One administrator who will act as committee chair
   * Two community representatives
   * Two staff members

2. The committee will:
   * Prior to the meeting, read and/or view, as appropriate, the questioned material in its entirety
   * Discuss the selection reviews
   * Review and judge the material as to conformity with selection criteria and instructional goals.

POLICIES AND PROCEDURES FOR SELECTING AND REVIEWING LIBRARY MEDIA (cont'd)

* Examine concerns referenced on the request form point by point and form opinions based on the material as a whole in the context in which it is to be used, and not on individual passages
* Include other activities deemed by the committee to be relevant
* Vote on the reconsideration request to determine majority decision
* Prepare a written report within in a timely manner, usually within 30 school days after receiving the formal level two request, outlining the committee's recommendations for disposition of the matter. Specific grade levels to be affected by the committee's recommendations must be listed in the report if such report contains recommendations for the removal or additional grade-level restrictions for the material.

3. The committee chair is responsible for the dissemination of this report to all involved parties, including the Superintendent.

Level Three (Board Level)

In the event that the complainant does not accept the decision of the Level Two Committee, he/she may appeal to the Board of Education through the Superintendent.

A written request for a Board of Education review of the decision of the Level Two Committee must be made within 10 days of receipt of the Committee's decision.

The Board of Education will render a decision in a timely fashion, usually within 60 days.

Final decision rests with the Board of Education.

After the Board of Education has made a decision regarding challenged materials/resources the materials will not be reconsidered for a period of three calendar years or the duration of the current adoption period, if the material is a district issued textbook.

Tecumseh Public Schools Evaluation or the Effectiveness of the Library:

According to Oklahoma Administrative Code 210:35-3-125, “There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program.” Describe how this evaluation will take place under your proposed deregulation plan.

The library will be evaluated for effectiveness using multiple measures. Each library uses Alexandria software to support the circulation efforts of the library. The software allows for inventory to be collected and resources to be organized. The library media staff will use Alexandria and its data to review circulation numbers as well as the library collection to ensure its use is effective and resources are available for students and teachers. This review of the collection will be done twice per year with the review of circulation monitored monthly. Once per year the library will conduct an inventory of its resources and from that there will be a determination of items to be replaced, added and deleted. Circulation numbers will be used to prove consistent use and determine if changes should be made to increase student use.

The district uses Aimsweb as its benchmark screener for all students in Tecumseh Public Schools. This data is reviewed regularly. The benchmark is given three times each year to all students. This benchmark data will allow for review of standards related to the use of the library and learning by students using the library. Aimsweb data will be used in a variety of ways to support student learning and to ensure the utilization of the library is sufficient and effective. It will also be used to determine which students may need additional support of those standards.

Timberlake Library Deregulation Waiver

Timberlake Public Schools is requesting a library deregulation waiver for the 2026-2027 school year. Timberlake has advertised for this position for years with no qualified applicants. Additionally, the positive financial impact for the district has benefited our students by allowing the district to invest in the classroom which has been especially important recently with drastically declining revenues. I feel we have a successful process in place to provide library services to all Timberlake students despite our inability to hire a certified librarian. This waiver allows us to preserve a certified teaching position which decreases class sizes. The benefits from that investment far outweigh any negative impact that might exist from not having a certified librarian. Our staff that is involved in covering the library now have substantial experience and our process has proven to be successful for our students.

Sincerely,

Kale Pierce
Superintendent

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

   Elementary ☑
   Middle School ☐
   High School ☐

2. What is your student enrollment? 139

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least half time certified librarian

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Partially but not primarily financial: Our general fund revenue has decreased by nearly 20% over the past 5 years. The district has made cuts to both operating expenses and payroll over that span with current certified staffing numbers are down from 32 to 28. Librarian has not been one of those cuts as our primary issue has been the lack of qualified applicants. Considering the cuts we have made and our declining budget, the district would have to cut another certified position or multiple non-certified positions to make room for this addition.

5. If applicable, which years has your school had this deregulation before?
   19-20, 20-21, 22-23 to present

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The elementary library is open 15 minutes before and after classes each day and throughout the school day: 7:45 am to 3:30 pm Monday - Friday

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   A full time paraprofessional spends half of her daily schedule working in the library. During periods where she is not scheduled in the library, teachers and paras are able to take students or classes as a whole to the library.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $1,251

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    District Superintendent

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

LIBRARY MATERIALS

It is the policy of the Timberlake Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

LEGAL REFERENCE: 70 O.S. § 11-201
OAC 210:35-3-126

LIBRARY SELECTION OF MATERIALS REGULATIONS

The responsibility for the selection of library media center materials rests with the Timberlake Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The board of education and the media staff of the Timberlake Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

The district shall keep a complete, updated listing of all books and other materials available in any school library in the district on the school website.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.
2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.
3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.
4. Multiple items of outstanding quality and much in demand media are purchased as needed.
5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:
   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.
   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.
   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.
3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.

3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed. Audio-visual materials and videos should not be shown merely for entertainment purposes but may be shown in a classroom, instructional setting with the instructor in attendance to facilitate and discuss the educational purposes of the video. Commercial entertainment films having obvious educational value may be included when appropriate to the subject being studied. Commercial films that are unrated or rated PG or PG-13 shall not be shown to students in the District without advance written notice to the parents. Such notice shall contain an accurate description of the contents of the film. No films having a rating of R, N17, or X shall be shown to students at any school. It is recommended that teachers discuss the use of any audio-visual material which might be controversial or offensive with the principal prior to utilizing such material.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Timberlake Public Schools, become the property of the Timberlake Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

- Be courteous and inform the patron of the process of media review. Make no commitments.
- Invite the complainant to file his/her objections in writing on forms provided through the principal's office.
- Completed forms are to be returned to the principal.
- An informal conference with the principal will be held.
- If unable to satisfy the complainant, refer the complaint to the Review Committee.
- Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.
- Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.
- The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.
- In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.
- The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.
Out-of-date or no longer useful media are withdrawn from the collection.

Employee-Produced Instructional Materials: Instructional materials which are produced by a District employee during hours for which the employee is paid by the District or which use District supplies and/or equipment shall be owned by the District. The District's rights of ownership shall include the right to copyright the material and the right to sell and/or distribute the material. The District and an employee may enter into a written agreement to produce instructional material, and such agreement may assign ownership rights as appropriate.

Title I Comparability: In order to ensure equivalence among schools, the following is the policy of the Timberlake Board of Education. When an elementary class reaches the size of 25 students, it is divided and a second teacher is hired to teach the additional class. Each elementary classroom has a self-contained library. The Junior-Senior High School students have access to the school library. The school librarian is accessible to any teacher or classroom. Elementary classes may visit the school library by appointment with the librarian.

A School Counselor is available to all students, Pre-K through 12th grades.

Paraprofessionals work throughout the grade school.

Timberlake employs two principals, the Elementary Principal for grades PK-6 and the Junior High/High School Principal for grades 7-12.

Special Education classes and related services are provided for all students birth to 18, or 21 if fewer than 12 years of school has been provided.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.
4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.
2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.
3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.
4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Partially but not primarily financial: Our general fund revenue has decreased by nearly 20% over the past 5 years. The district has made cuts to both operating expenses and payroll over that span with current certified staffing numbers are down from 32 to 28. Librarian has not been one of those cuts as our primary issue has been the lack of qualified applicants. Considering the cuts we have made and our declining budget, the district would have to cut another certified position or multiple non-certified positions to make room for this addition.

5. If applicable, which years has your school had this deregulation before?
   19-20, 20-21, 22-23 to present

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The JH/HS library is open 15 minutes before and 30 minutes after classes each day and throughout the school day: 7:45 am to 3:30 pm Monday - Friday

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   A full time paraprofessional spends half of her daily schedule working in the library. During periods where she is not scheduled in the library, teachers and paras are able to take students or classes as a whole to the library. Students are also trained on the check out/check in procedures and are allowed to utilize the library throughout the day with permission from their teacher.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA
Lunch	12:20-12:55	Nancy Fritz, Dean Price	Grandparent volunteers
5	1:00-1:55	Sally Winters	Library paraprofessional; NA
6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   $1,116

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    District Superintendent

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

LIBRARY MATERIALS

It is the policy of the Timberlake Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program. Material in the library and within classrooms shall be reviewed for educational suitability and shall be age-appropriate for students. Procedures have been adopted to review material, receive, investigate, and respond to complaints regarding materials in libraries throughout the district.

LEGAL REFERENCE: 70 O.S. § 11-201
OAC 210:35-3-126

LIBRARY SELECTION OF MATERIALS REGULATIONS

The responsibility for the selection of library media center materials rests with the Timberlake Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The board of education and the media staff of the Timberlake Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

The district shall keep a complete, updated listing of all books and other materials available in any school library in the district on the school website.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.
2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.
3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.
4. Multiple items of outstanding quality and much in demand media are purchased as needed.
5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:
   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.
   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.
   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.
2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.
3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.

3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed. Audio-visual materials and videos should not be shown merely for entertainment purposes but may be shown in a classroom, instructional setting with the instructor in attendance to facilitate and discuss the educational purposes of the video. Commercial entertainment films having obvious educational value may be included when appropriate to the subject being studied. Commercial films that are unrated or rated PG or PG-13 shall not be shown to students in the District without advance written notice to the parents. Such notice shall contain an accurate description of the contents of the film. No films having a rating of R, N17, or X shall be shown to students at any school. It is recommended that teachers discuss the use of any audio-visual material which might be controversial or offensive with the principal prior to utilizing such material.

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Timberlake Public Schools, become the property of the Timberlake Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

- Be courteous and inform the patron of the process of media review. Make no commitments.
- Invite the complainant to file his/her objections in writing on forms provided through the principal's office.
- Completed forms are to be returned to the principal.
- An informal conference with the principal will be held.
- If unable to satisfy the complainant, refer the complaint to the Review Committee.
- Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.
- Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.
- The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.
- In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.
- The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.
Out-of-date or no longer useful media are withdrawn from the collection.

Employee-Produced Instructional Materials: Instructional materials which are produced by a District employee during hours for which the employee is paid by the District or which use District supplies and/or equipment shall be owned by the District. The District's rights of ownership shall include the right to copyright the material and the right to sell and/or distribute the material. The District and an employee may enter into a written agreement to produce instructional material, and such agreement may assign ownership rights as appropriate.

Title I Comparability: In order to ensure equivalence among schools, the following is the policy of the Timberlake Board of Education. When an elementary class reaches the size of 25 students, it is divided and a second teacher is hired to teach the additional class. Each elementary classroom has a self-contained library. The Junior-Senior High School students have access to the school library. The school librarian is accessible to any teacher or classroom. Elementary classes may visit the school library by appointment with the librarian.

A School Counselor is available to all students, Pre-K through 12th grades.

Paraprofessionals work throughout the grade school.

Timberlake employs two principals, the Elementary Principal for grades PK-6 and the Junior High/High School Principal for grades 7-12.

Special Education classes and related services are provided for all students birth to 18, or 21 if fewer than 12 years of school has been provided.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.
4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.
2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.
3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.
4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

Timberlake Library System Evaluation

Timberlake Public Schools has requested a deregulation waiver from the Oklahoma State Department of Education of 9 of the previous 10 school years and plans to continue under the established Library Media Program until funding and a hirable candidate are available for a certified librarian. The district utilizes the following to measure the effectiveness of the current Library Media Program in the absence of a certified librarian:

- School Report Cards
- State Assessments including the ACT
- Teacher Surveys

To Whom It May Concern:

I am requesting a deregulation for Library Media Services for Turner Elementary (105) and Turner High School (705). Turner is a small rural school with a student enrollment of 335 students. Our library is currently being served by an assistant who is in the Library 8:15-3:15 Monday - Friday. She is very proficient and capable of providing services to our students. With the struggle to find certified teachers and especially Library Media Specialists, I am requesting this deregulation be granted. If you need any further information from me, please feel free to contact me.

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 2:

1. What is your school Type?

   Elementary ☑
   Middle School ☐
   High School ☑

2. What is your student enrollment? 335

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least one full time Certified Library Media Specialist or a half time certified Library Media Specialist and a full time Library Assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Due to budget cuts from previous years, Turner has staffed the Library with a full-time Library Assistant. Turner hopes to continue this plan as to save funds for other needed projects for the district. The Library is staffed with a full time assistant who is very capable and knowledgeable on how the Library needs to managed to best meet the needs of our students. I have full confidence in this person to totally meet the needs of our students.

5. If applicable, which years has your school had this deregulation before?
   I have been the Superintendent at Turner since FY 2022 and it has been in place since then and before is what I understand.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Monday thru Friday, 8:00am - 3:30pm.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   Claudia Crespo our Library Assistant will be in the Library during the operationg hours.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Turner Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Turner Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local.    B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Turner Public Schools, become the property of the Turner Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

TUTTLE PUBLIC SCHOOLS

Tuttle, Oklahoma

Home of the Tigers

September 14, 2026

Tuttle Public Schools is requesting your consideration of a school site deregulation concerning our library media specialist services at Tuttle Elementary School pursuant to OAC 210:35-5-71. "The school shall provide staffing for the media program through one of the following arrangements: At least one full-time certified library media specialist (librarian) and a half-time library assistant for a school with the enrollment of 500-999."

We are requesting this waiver so that we may serve elementary students with a half-time library media specialist and a full-time library media aide. Tuttle Elementary is fortunate to have a state-of-the-art library with a high level of technology and a very competent library media specialist with years of experience.

We have to file this waiver because we did not have qualified applicants apply for the intermediate building. We hope to post this position again in the spring. To help with this, the district has purchased technology in the form of computers and programs that allow quick check-out and check-in of books. Upper-level students will serve as mentors in the library by stocking shelves with books that have been returned. We believe this involvement of upper-level students will create a more student-centered environment in the library.

Sincerely,

Scott Moore
Superintendent of Schools

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☐

2. What is your student enrollment? 840

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   At least one full-time certified library media specialist (librarian) and a half-time library assistant

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   Tuttle Public Schools is requesting your consideration of a school site deregulation concerning our library media specialist services at Tuttle Elementary School pursuant to OAC 210:35-5-71. "The school shall provide staffing for the media program through one of the following arrangements: At least one full-time certified library media specialist (librarian) and a half-time library assistant for a school with the enrollment of 500-999." This is due

5. If applicable, which years has your school had this deregulation before?
   2023-24, 2024-25, 2025-26 This allowed the district to still serve our students.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   Library will be open Monday-Friday 8:00-3:00, closing 30 minutes a day from lunch

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   The library will be staffed with a full-time librarian and 2 full-time library assistants. We also use High School mentors to help our librarian.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA

7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

$6,200

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

Librarian

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

11: See Attached Policy

12: The district will conduct an ongoing evaluation of the effectiveness of the library media program throughout the 2026-27 school year. Building administrators and the library media specialist will monitor the organization of library services, accessibility of resources to students and staff, student and staff use of the library, and the program's ability to support classroom instruction and student learning.

Feedback from teachers, students, and administrators will be considered throughout the year to identify any concerns or needed adjustments. Any concerns related to staff performance will be addressed and documented through the TLE process as appropriate.

At the end of the school year, district administration and the library media specialist will review the effectiveness of the deregulation plan, including whether students and staff had adequate access to library services, resources, and instructional support. Based on this review, recommendations and necessary adjustments will be made for the following school year to ensure the library media program continues to effectively support the instructional needs of both students and staff.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Tuttle Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Tuttle Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Tuttle Public Schools, become the property of the Tuttle Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Section 3

1. What is your school Type?

☒ **Elementary** ☒ **High School** ☐ **Middle School**

2. What is your student enrollment?

477.

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code? (Refer to the chart on page 5 of the Standards of Accreditation for Library Media.)

At least one full-time certified library media specialist (librarian), or a half-time certified library media specialist (librarian) and a full-time library assistant.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.

Primarily difficulty finding a certified library media specialist. The district's Library Media Specialist retired and is currently working part-time, and it continues to be next to impossible to find a certified LMS candidate in this area of the state.

5. If applicable, which years has your school had this deregulation before?

2023–2026.

6. Under your proposed plan, when will the library be opened? Include days of the week and hours of the day in your response.

The library will be open Monday through Friday, 7:30 AM to 4:00 PM, staffed full-time by a library paraprofessional, with the Library Media Specialist working a flexible part-time schedule.

7. Under your proposed plan, which staff member(s) (e.g. library aide, paraprofessional, volunteers) will be in the library during its operating hours?

A full-time library paraprofessional will be in the library throughout the school day. The part-time Library Media Specialist will provide direction and oversight on a flexible schedule. Certified classroom teachers, classroom paraprofessionals, and student aides also accompany their classes to the library on a weekly or bi-weekly basis, and student assistants shadow library operations as part of an enrolled class of rigor.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day.

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:00 – 9:00	Kelly Gray	Library Paraprofessional
2	9:05 – 10:00	Kelly Gray, Beverly Rambo	Library Paraprofessional, LMS
3	10:05 – 11:00	Kelly Gray	Library Paraprofessional
4	11:05 – 12:00	Kelly Gray, Beverly Rambo	Library Paraprofessional, LMS
Lunch	12:00 – 12:20	Kelly Gray, Beverly Rambo	Library Paraprofessional, LMS
5	12:25 – 1:20	Kelly Gray	Library Paraprofessional
6	1:25 – 2:20	Kelly Gray, Beverly Rambo	Library Paraprofessional, LMS
7	2:25 – 3:20	Kelly Gray	Library Paraprofessional

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year? (Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.)

With enrollment of 477 (fewer than 500 students), the required expenditure is $9.00 per enrolled student: 477 × $9.00 = $4,293.00.

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

Charles Hill, Superintendent.

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

Effectiveness will be monitored through the number of books checked out, Renaissance Learning (Accelerated Reader) points, and overall satisfaction with the library service/experience, gathered through teacher observation and informal surveys.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Vanoss Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Vanoss Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up to date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Vanoss Public Schools, become the property of the Vanoss Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Subject: Request for Accreditation Deregulation / Waiver Application: Library Media Services (OAC 210:35)

Dear Members of the Oklahoma State Board of Education and State Superintendent,

On behalf of Wanette Public Schools, I am submitting this formal request for a Deregulation Waiver from the Oklahoma State Board of Education regarding the Library Media Program staffing and/or operational standards set forth under Oklahoma Administrative Code (OAC) Title 210, Chapter 35.

Our local Board of Education officially approved this deregulation application during a publicly convened board meeting on 9/25/2026.

1. Purpose of the Request

The intent of this request is to utilize local decision-making flexibility to restructure our Library Media Services in a way that maximizes instructional impact, aligns with our district strategic goals, and maintains financial efficiency—while continuing to ensure high-quality literacy, research, and learning resources for all students.

2. Standard Requested for Deregulation

- **Specific Regulation:** OAC 210:35-9-71 (or applicable Elementary standard OAC 210:35-5-71) — Library Media Services Staffing and Program Requirements.
- **Affected School Site(s):** Wanette High School (705), Wanette Elementary (105)

3. Alternative Plan and Service Provision

Under our proposed alternative plan, library media services will remain active, modern, and accessible to students and faculty through the following structure:

- **Staffing & Support:** Library spaces will be staffed by qualified media assistants under the direct instructional supervision of certified teaching staff and administrators.
- **Collection & Digital Access:** Students will retain full access to physical collections, digital databases, educational technology, and age-appropriate media materials.
- **Instructional Integration:** Information literacy and research skills will be integrated into core subject area instruction co-planned by certified classroom educators.

5. Attachments Included

In accordance with State Department of Education application guidelines, please find enclosed:

- Completed Oklahoma State Board of Education Deregulation Application Form
- Copy of the Distric's Library/Media Policy
- Detailed Alternative Library Media Evaluation Plan

Thank you for your consideration of this deregulation request and your support of local leadership innovation to serve Oklahoma students. Please reach out if additional documentation or information is needed.

Sincerely,

Scott Douthit
Superintendent
Wanette Public Schools

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

Section 3:

1. What is your school Type?

Elementary	☑
Middle School	☐
High School	☑

2. What is your student enrollment? HS (11), Elementary (49)

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   With less than 500 students, we should be staffed half a day in our library.

4. Is this deregulation needed because of funding the position(s), finding a librarian and/or assistant, or another factor? Explain and add supporting documentation.
   For our district to staff a library position, we would have to give up a teacher in the classroom. Our elementary classes are already doubled up, and our high school staff are teaching multiple subject areas.

5. If applicable, which years has your school had this deregulation before?
   I do not know the years in which the district has had a deregulation.

6. Under your proposed plan, when will the library be opened?
   Include days of the week and hours of the day in your response.
   The library will be open to students the last hour of each day.

7. Under your proposed plan, which staff member(s) (e.g. library aid, paraprofessional, volunteers) will be in the library during its operating hours?
   We will staff the library with an adjunct teacher who was hired to oversee online classes during the rest of the day.

8. Attach the complete schedule of each staff member who will oversee the library, including that staff member's other responsibilities throughout the day. An example is provided below.

Example Schedule

Hour	Time	Staff Member in Library	Other Responsibilities
1	8:15-9:10	Sally Winters	Library paraprofessional; NA
2	9:15-10:10	Sally Winters	Library paraprofessional; NA
3	10:15-11:10	Sally Winters	Library paraprofessional; NA
4	11:15-12:15	Sally Winters	Library paraprofessional; NA

6	2:00-2:55	Sally Winters	Library paraprofessional; NA
7	3:00-3:55	Rhonda Davidson	Classroom teacher, hours 1-6

9. What are your school site's minimum required expenditures for the library media collection for the upcoming school year?
   Refer to page 6 in the Standards of Accreditation for Library Media for the formula. Provide a dollar amount.

   HS ($99), Elementary ($441)

10. Under your proposed plan, who will oversee the spending of the required yearly library expenditures?

    Superintendent

Policies

11. Attach your library's selection policy and guidelines for reconsideration, according to Oklahoma Administrative Code 210:35-3-126 and on page 2 of the Standards of Accreditation for Library Media.

12. According to Oklahoma Administrative Code 210:35-3-125, "There shall be an ongoing evaluation of the effectiveness of the organization, services, and resources of the media program." Describe how this evaluation will take place under your proposed deregulation plan.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the _____ Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the _____ Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of library and instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials. Material selected shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee
Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Annually, by October 1, the district shall transmit to the Oklahoma State Department of Education a complete listing of all books and other materials available in any school library in the district. A public online school library catalog shall be available to fulfill this requirement.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.
10. Pornographic material and sexualized content will not be available to minor students in accordance with Oklahoma Accreditation Standard 210:35-3-126.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the _____ Public Schools, become the property of the _____ Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of ~~library media center~~ materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

The final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

~~Definition of Critical Terms~~

~~Selection -- the act or process of selecting materials.~~

~~Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.~~

~~Evaluation -- to examine and judge the quality of materials.~~

~~Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.~~

~~Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.~~

~~Complaint -- an oral charge against the presence and/or appropriateness of the material in question.~~

~~Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.~~

~~Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.~~

~~Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).~~

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the _____ Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.

2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.

3. The complaint or request to review the material shall be submitted by the principal to a review ~~faculty~~ committee composed of the library media specialist, the principal, counselor and at least one person teaching in the subject matter field of the materials challenged.

4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference. The person who filed the complaint will receive a copy of the written recommendation and determination made by the review committee regarding the complaint.

Level Two:

1. In the event the complainant is not satisfied with the review committee's ~~principal's~~ decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.

2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.

3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing. The Superintendent will carefully review and consider the decision of the review committee to determine whether the committee's determination was based on pedagogical reasons.

4. Within three school days, the superintendent shall make a decision. The decision will be communicated in writing to the complainant.

5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision on the matter with supporting reasons for his decision. A record of the Level One ~~hearing~~ determination by the review committee shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

Library/Media Evaluation Process

1. Key Performance Indicators (KPIs)

The program will be measured using both quantitative data and qualitative feedback:

- **Resource Usage & Circulation:** Tracking collection circulation trends, digital database usage, device checkouts, and daily physical library traffic.
- **Instructional & Programmatic Integration:** Documenting collaborative units co-planned and co-taught with classroom teachers, student research projects, and literacy initiatives.
- **Academic Alignment:** Measuring how library-supported initiatives correlate with benchmark reading scores, information literacy competencies, and course success rates.

2. Multi-Stakeholder Feedback Mechanisms

Evaluation will incorporate structured, annual input from primary user groups:

- **Student & Teacher Surveys:** Distributed bi-annually to assess resource relevance, collection gaps, technology satisfaction, and accessibility.
- **Principal & Faculty Reviews:** Informal walk-through observations and regular consultations between the media specialist and school leadership.

3. Continuous Improvement Cycle

Evaluation results will be integrated directly into operational planning:

- **Annual Program Report:** A concise, data-driven report delivered to local administration and the school board highlighting strengths, usage patterns, and resource needs.
- **Actionable Adjustments:** Survey and circulation data will directly dictate future collection development, budget allocation, and instructional support adjustments.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.
5. From this point on, appeal of the principal's decision will follow procedures as outlined in policy DGBA-R.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.
4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.

2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

RE: Media Program Evaluation

The White Oak Public School Library Committee meets annually at the end of each school year to evaluate the effectiveness of the media program and to plan for the upcoming school year. The committee is compromised by teachers, students, parents and the administration and discusses additions and possible deletions of resources. Library schedules and any potential staffing changes are also discussed.

Respectfully,

Superintendent/Principal - Kristi Lokey

Whitefield School respectfully submits this request for deregulation of library services pursuant to applicable Oklahoma statutes and regulations. The purpose of this request is to allow Whitefield School to provide library media services in a manner that is appropriate to the size, staffing, resources, curriculum, and educational needs of our school.

Kristi Lokey
Superintendent/Principal

Deregulation of Library Services

Deregulations for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, deregulations can be requested for one, two, or three years. Schools must provide a schedule of library operation every year.

Oklahoma Administrative Code:

- OAC 210:35-5-71 Library Media Services Elementary School
  School is changing the standard of library services for their size school.
- OAC 210:35-7-61 Library Media Services Middle School
  School is changing the standard of library services for their size school.
- OAC 210:35-9-71 Library Media Services Secondary School
  School is changing the standard of library services for their size school.

Preparing the Statutory Deregulation

Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory deregulation.

Section 2:
Complete the deregulation form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including the schedule of operation for the library hours, hours the library is open and a list of who is scheduled to cover those hours.

WHITEFIELD PUBLIC SCHOOLS BOARD OF EDUCATION POLICY	*Instruction* Adopted: May 4, 2021

MEDIA CENTER - SELECTION OF LIBRARY BOOKS

The board of education, which is responsible for all book purchases, recognizes the student's right of free access to many different types of books. The board also recognizes the right of teachers and administrators to select books and other materials in accord with current trends in education and to make them available in the schools. It is therefore the policy of this district to require the materials selected for our schools be in accord with the following:

1. Books and other reading matter shall be chosen for values and enlightenment of all students in the community. A book shall not be excluded because of the race, nationality, political or religious views of the writer or of its style and language.

2. Every effort will be made to provide materials that present all points of view concerning the problems and issues of our times, international, national, local and books or other reading matter of sound factual authority shall not be prescribed or removed from library shelves or classrooms because of partisan, doctrinal, approval or disapproval.

*3. Censorship of books shall be challenged in order to maintain the school's responsibility to provide information and enlightenment.

*In accordance with number 3 above, the board has adopted the following policy for dealing with censorship of books and other materials:

- The final decision for controversial reading matter shall rest with the board of education after careful examination and discussion of the book or reading matter with school educators.

- No parent or group of parents has the right to determine the reading matter for students other than their own children.

- The board does, however, recognize the right of an individual parent to request that his or her child does not have to read a given book, provided a written request is made to the superintendent.

4. Any parent who wishes to request reconsideration of the use of any book in the school must make such a request in writing on forms available from the superintendent. The statement must be signed and identified so that a reply may be given.

5. A committee of two teachers and one librarian, appointed by the superintendent, shall review the material and judge whether it conforms to

the above stated principles, and submit its report in writing to the superintendent.

6. If the matter cannot be resolved at this level, then the written criticism along with the superintendent's evaluation will be forwarded to the district's Curriculum Department for disposition. The concerned parties will be notified of the final disposition in writing.

Reference: OAC 210:35-3-126, OAC 210:35-3-127

Our plan consists of our Library Paraprofessional and our Superintendent shall meet once yearly to discuss library collections, circulation, instructional and student needs, as well as, the condition of current materials. The Superintendent will use the annual evaluation to guide collection development, budgeting, purchasing, maintenance, and improvement of library media services.

TITLE 210. STATE DEPARTMENT OF EDUCATION CHAPTER 10. SCHOOL ADMINISTRATION AND INSTRUCTIONAL SERVICES SUBCHAPTER 2. PARENTAL RIGHTS [NEW] 210:10-2-1. Parents' rights concerning their minor children. [NEW] (a) Purpose. The Parents' Bill of Rights instructs that parents have broad and inalienable rights concerning their minor children and that these rights are reserved to parents without obstruction or interference by governmental entities. 25 O.S. §§ 2001-2005. Parents' rights include the right to direct the education of their minor children, to object to public schools imposing unwanted instruction on questions of sex, morality, or religion; and additional rights applicable to minor children within public schools of this state. This Subchapter (2) seeks to implement and protect the rights of Oklahoma's parents concerning the education of their children and to otherwise exercise the State Board of Education's authority to adopt policies and make rules for public schools. Okla. Const. art. XIII, § 5; 70 O.S. § 3-104(A)(1).

Any and all complaints pertaining to this matter have to be addressed in writing to the front office and administration and will be discussed at the next monthly school board meeting. Address to front office 107 S Redding Whitefield, OK 74472 (918)967-8572

To Whom it May Concern:

Wister Schools is asking for a waiver for Library Media Services. Being a small district we have to have our certified Librarian teach three classes a day to cover our needs . During the time the librarian is out of the library, the classroom teacher will be able to check out books and materials to the students.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS (PROCEDURE)

Procedures to be followed concerning complaints or requests to review library or instructional material used by the Wister Public Schools:

Level One

1. All complaints to be considered shall be submitted in writing to the principal and the complaint or request properly signed and identified.
2. The librarian, teacher, and administration shall be informed of the nature and facts concerning the complaint.
3. The complaint or request to review the material shall be submitted by the principal to a faculty committee composed of persons teaching in the subject matter field of the materials challenged.
4. The materials are judged by the committee and a written recommendation shall be submitted to the principal and a copy of the complaint and recommendation shall be kept on file in the principal's office for future reference.
5. From this point on, appeal of the principal's decision will follow procedures as outlined in policy DGBA-R.

Level Two:

1. In the event the complainant is not satisfied with the principal's decision, the complainant may appeal the decision to the superintendent. The complaint should be put in writing.
2. The superintendent must hear the complaint within three school days after receiving a request for a hearing.
3. At Level Two, the complainant will present the complaint on his own behalf but may be accompanied by a friend of his own choosing.
4. Within three school days, the superintendent shall make his decision. The decision will be communicated in writing to the complainant.
5. If the decision is appealed to Level Three, the superintendent shall provide the board with a written record of the Level Two hearing including his decision in the matter with supporting reasons for his decision. A record of the Level One hearing shall also be made available to the board.

Level Three:

1. Within five days of receiving the decision of the superintendent, the complainant may appeal his decision to the board of education. The request for a hearing must be made through the superintendent or clerk of the board of education in writing.
2. The hearing will be held at the next regular school board meeting with all persons who participated at Levels One and Two.

PUBLIC COMPLAINTS ABOUT LIBRARY CURRICULUM OR INSTRUCTIONAL MATERIALS, PROCEDURE (Cont.)

3. The complainant may be represented at Level Three by anyone of his choosing, but the complainant must be present at the hearing.

4. Within ten days, the board shall issue a decision to all parties involved. Such decision by the board shall be final except that proper redress may be sought through the courts, should the complainant choose to do so.

SCHOOL LIBRARY MEDIA CENTER SELECTION OF MATERIALS (REGULATION)

The responsibility for the selection of library media center materials rests with the Wister Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

The superintendent shall prepare regulations that support this policy.

The board of education and the media staff of the Wister Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.

2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.

3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.

4. Multiple items of outstanding quality and much in demand media are purchased as needed.

5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:

   A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.

   B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.

   C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

Booklist
Bulletin of the Center for Children's Books
Children's Catalog
The Elementary School Library Collection
Hornbook
Oklahoma Department of Libraries Book
School Library Journal
Junior High & Senior High School Catalog
Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.

2. Gift books and other materials, once accepted by the Wister Public Schools, become the property of the Wister Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Weeding and Discarding

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

Definition of Critical Terms

Selection -- the act or process of selecting materials.

Instructional Materials -- materials that fill a need related to the curriculum or contribute to the development and enrichment of the student.

Evaluation -- to examine and judge the quality of materials.

Inquiry -- an information request, usually informal, that seeks to determine the rationale behind the presence of a particular item in a collection.

Expression of Concern -- an inquiry that has judgmental overtones. The inquirer has already made a value judgment on the material in question.

Complaint -- an oral charge against the presence and/or appropriateness of the material in question.

Challenge -- a formal written complaint filed with the library media center questioning the presence and/or appropriateness of specific material.

Attack -- a publicly worded statement questioning the value of the material, presented to the media and/or others outside the library media center organization, in order to gain public support for further action.

Censorship -- the removal of material from open access by any governing authority or its representative (boards of education/trustees, principals/library media center directors, etc.).

EVALUATION AND SELECTION OF MEDIA CENTER MATERIALS

Wynona Board of Education is legally responsible for the selection of instructional materials. Books and other materials for the library media center are selected by the library media specialist with the cooperation of the faculty, administrators, and when appropriate, students and parents.

The professional staff of this school district is concerned with the development of informed and responsible students. To this goal we assert that the media center is:

- To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds and maturity levels of the students served.
- To provide materials that will stimulate growth in knowledge and develop literary, cultural and aesthetic appreciation and ethical standards.
- To provide materials on all sides of issues, beliefs and ideas so that young citizens may develop the habit of critical thinking, reading, listening and viewing. Thus, they are enabled to develop an intellectual integrity in forming judgments.
- To provide materials that accurately reflect all religious, social, political and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of history and culture.
- To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

- To encourage wholesome recreation and constructive use of leisure time.

614.R.1

REGULATION EVALUATION AND SELECTION OF LIBRARY/MEDIA MATERIALS

School library materials shall be selected in accordance with the following principles.

- Instructional materials shall be chosen on the basis of interest and teaching value for students.Material shall not be excluded because of race, nationality, religion or political views of the writer.
- Where practical, materials shall be selected which present various points of view concerning contemporary problems and issues.
- Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.
- The following factors shall be considered in the selection of library materials:
    - ➢ Selections shall be made for, and in accordance with, the different maturity levels of the students.
    - ➢ Materials shall be selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the students.
    - ➢ In the selection of library materials, professionally recognized reviewing tools such as standard catalogs shall be used. When possible, audio visual materials shall be previewed before purchase or ordered with return privilege guaranteed.

The following specific criteria shall be considered:

- The overall purpose of the material and how well that purpose is accomplished.
- Reputation and significance of the author.
- Timeliness and permanence of the material.
- Importance of the subject matter to the collection.
- Accuracy of the material.
- Reputation and standards of the publisher or producer.
- Readability and reader appeal.
- Quality of writing and illustration.
- Appearance of the title in material selection aids.
- Price.
- Nonfiction material dealing with subjects of criticism shall receive the same careful consideration as all other materials, including the following:

- ➢ Religion: Factual unbiased materials that represent all major religions may be included in the library collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value.
- ➢ Science: Medical and scientific materials shall be made available

Gift books and other materials shall be accepted with the understanding that they must meet the same selection criteria as materials purchased with school funds. Gift books and other materials become the property of the school and may be used or disposed of in any manner Wynona School District deems appropriate.

Evaluation of the Collection

- Duplication of books and materials will be determined by need. A variety of different titles is preferred to duplicate copies of a single title.
- "Weeding" is a process of replacing or discarding worn, out-of-date, or no longer useful materials.
- Inventory shall be taken regularly, at least once each year.
- Sets of materials and materials acquired by subscription are examined carefully and are purchased only to full a definite need.

614.R.2

REGULATION LIBRARY/MEDIA CENTER BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan and doctrinal disapproval.

Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

Libraries should cooperate with all persons and groups concerned with resisting abridgement of free expression and free access to ideas.

A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

614.R.3

REGULATION PROCEDURES FOR HANDLING CHALLENGES OF INSTRUCTIONAL MATERIALS

The review of questioned materials will be treated objectively, unemotionally, and as an important routine action. Every effort will be made to consider objections, keeping in mind the best interests of the students, the school, the curriculum, and the community.

A student an/or a parent has the right to reject the use of library resources that seem incompatible with his/her values and beliefs. Classroom assignments involving library resource materials shall provide for alternative choices. However, no parent or student has the right to determine reading matter for other students.

Since differences of opinion do exist in our society, the board will allow the review of allegedly inappropriate materials through an established procedure. The following procedure shall be observed to recognize those differences in an impartial and factual manner.

- All criticism shall be presented in writing to the building principal, who will forward a copy to the school librarian. The Request for Reconsideration form (approved by the American Library Association) shall be used. This form shall be located at the building principal's office.
- The material in question will be withdrawn from circulation until it is read and discussed by a library committee, which will be convened by the principal and the librarian. This committee shall consist of a member of the teaching faculty of the school, a member of the superintendent's staff, the school principal, the school librarian, and a member of the board of education.
- The committee will review the questioned material and all critical evaluations available. The committee will consult an authoritative list of general acceptance of the material in light of the selection policies of the school district. A thorough review of questioned materials shall be treated objectively. Passages shall not be taken out of context, and material shall be evaluated as an entity.
- The principal and the librarian and the faculty shall implement the final decision of the committee.
- The complainant shall be sent a copy of the evaluating report and decision.
- In the event that the complainant does not accept the decision of the review committee, he/she may appeal to the Wynona Board of Education through the principal. The final decision then rests with the board. The complainant will be notified by mail of the board's decision.
- Once an item has been challenged, reviewed and justified by the review committee and the board and another challenge is raised against it within a five-year period, the complaint may be dismissed without a hearing.

BANNER PUBLIC SCHOOLS

DR. JAMES WHITE, SUPERINTENDENT · SAMANTHA SMITH, PRINCIPAL

Dear Members of the Oklahoma State Board of Education,

On behalf of Banner Public Schools, I respectfully submit this request for deregulation regarding the requirement for a certified Library Media Specialist. At this time, we do not have a staff member holding a Library Media Specialist certificate. However, we currently have an employee who is actively pursuing her Library Media Specialist degree and has assumed responsibility for the oversight and daily operations of our school library.

This arrangement allows us to continue providing our students with access to library resources and instructional support while ensuring our staff member gains the experience and training necessary to meet state certification requirements. We are confident that her ongoing coursework and professional development will adequately prepare her to fulfill the duties of a Library Media Specialist in the near future.

In light of these circumstances, Banner Public Schools respectfully requests an exemption from the Library Media Specialist certification requirement for the current school year. This exemption will allow us to maintain consistent library services for our students while supporting our employee in the completion of her credential.

Thank you for your consideration of this request. Please feel free to contact me should you need any additional information or documentation.

Sincerely,

Dr. James White

Waiver of Certification for Library Media Specialist

Waivers for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, waivers can be requested for one, two, or three years. Schools must provide proof of enrollment in Library Media Specialist classes for the applicant every year.

Oklahoma State Statue:
70 O.S. § 3-126 Library Media Specialist: Waiver Certification.

Note: If you do not have a teacher willing to pursue LMS certification, use the Deregulation of Library Services Form.

Preparing the Statutory Waiver
Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory waiver.

Section 2:
Complete the waiver form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including letter of intent to obtain the degree and certificate along with proof of enrollment in class(es) at a qualified university/college for the area of study.

To Whom It May Concern:

I am writing to confirm that I am currently enrolled in the Library Media Specialist program at East Central University. Through this program, I am gaining the knowledge and skills necessary to effectively serve students, teachers, and my school community in the library setting.

My anticipated graduation date is December 2026. I remain fully committed to completing this program and applying what I am learning to support literacy, research skills, and a love of reading among students.

If you need any additional information or verification of my enrollment, please do not hesitate to reach out to me.

Sincerely,

Hayley Logan

To whom it may concern:

Enid Public Schools is requesting an accreditation waiver for Glenwood Elementary School regarding their library media specialist, who is currently working on her master's degree and certification.

Hollee Terry has eleven years of teaching experience in elementary education. She has a master's degree in elementary education from Oklahoma State University. We are confident that her instructional expertise will greatly benefit Glenwood as a library media specialist.

Mrs. Terry served as our Library Media Specialist at Glenwood Elementary School for the 25-26 school year and excelled. She will complete her program at Oklahoma State University in the summer of 2027 in the area of library media education and earn her LMS certificate, by fall of 2027. Therefore, the district is asking that this waiver be approved for one year.

Thank you for your consideration.

To Whom It May Concern:

I am writing to express my intent to pursue and obtain the degree and certification necessary to become a fully certified Library Media Specialist. Serving students through the school library is a role I am deeply committed to, and I am prepared to complete the educational and certification requirements necessary to continue growing professionally in this field.

I have always believed that the school library is a place where everyone belongs. It is a space where students can discover new interests, explore new worlds, and develop a lifelong love of reading. It also serves as an important resource for teachers and classrooms by providing materials that strengthen instruction and expand learning opportunities. As a child, I fell in love with libraries and the sense of possibility they provided. That same love of books, learning, and discovery is something I want to foster in students.

As a school librarian, my goal is to create an environment where students have consistent and equitable access to books, information, and resources that reflect their interests and encourage them to become independent learners. I want students not only to develop a genuine love of reading, but also to learn how to confidently seek information, evaluate sources, and determine what information is credible and useful. In an increasingly information-rich world, these skills are essential.

I also believe the Library Media Specialist has a unique opportunity to positively influence the culture of an entire school. By supporting classroom teachers, building meaningful relationships with students, promoting literacy, and ensuring access to quality resources, the librarian can reach students across every grade level and content area.

My decision to pursue Library Media Specialist credentials is rooted in my desire to combine my love of reading with my passion for connecting with students and supporting their growth. I want to be part of the solution to the literacy challenges facing our students, and I believe that work begins one student and one book at a time.

I am committed to completing the coursework, degree requirements, and certification process necessary to become a certified Library Media Specialist. I look forward to continuing to develop the knowledge and skills needed to serve students, teachers, and the school community effectively in this role.

Sincerely,

Hollee Terry

To Whom It May Concern:

I am writing to express my intent to obtain my Master of Science degree in Library and Information Science. My goal is to complete this degree by the spring of 2028.

I am currently serving as the school librarian at Garfield Elementary in Enid, Oklahoma, and it is my sincere desire to continue serving in this role. Obtaining my master's degree will allow me to further develop my knowledge and skills as a school librarian and, most importantly, continue providing the best possible library experiences and learning opportunities for the students at Garfield Elementary.

I truly love being a librarian and helping children discover the joy of reading. One of the most rewarding parts of my job is watching students become excited about books, explore new ideas, and discover stories and topics that capture their imagination. I believe the school library can be a place where every child feels welcome, encouraged, and inspired to become a lifelong reader and learner.

Pursuing my master's degree is an important step toward growing professionally and strengthening my ability to serve my students, teachers, school, and community. I am committed to completing my degree by spring 2028 and continuing to make a positive difference in the lives of the students at Garfield Elementary.

Thank you for your consideration of my educational goals and professional commitment. I am excited about this next step in my journey as a school librarian and look forward to continuing to help children discover their love of reading.

Dr. Englett,

I have a Masters in Early Childhood Education and currently hold an Oklahoma State Teaching License for Early Childhood Education. I will need to complete an eighteen hour certification program through OSU before taking the librarian certification test with the Oklahoma State Department of Education. I am currently enrolled in the OSU Graduate Library Certification Program. I have completed three of the eighteen hours this summer. I am enrolled in six hours for the fall semester. As the classes become available, I will enroll and complete those towards the eighteen hours that are needed for the librarian certification. My goal is to have the classes completed by the end of the Summer of 2027 as long as the classes are available to complete. Once my classes are completed I will take my certification test with the State Department of Education to become fully licensed for the librarian position in Nowata Public School District.

Oklahoma State Department of Education,

Please accept this letter and waiver application for waiver of Certification for Library Media Specialist for Okarche High School and Junior High beginning the 2026-2027 school year. We are requesting a waiver for three years. If the Oklahoma State Department of Education believes fewer years are necessary, we will be compliant with that as well.

Okarche High School (10^{th}-12^{th} Grades) and Junior High (7^{th}-9^{th} Grades) are housed in the same building and share the same library. The current total enrollment for grades 7^{th}-12^{th} is 220 students. Our previous Library Media Specialist retired at the end of the 2025-2026 school year. We have a current staff member/certified teacher, Scott Tahah, that is currently enrolled and pursuing a Master's Degree in Library Media and Information Technology program at Northeastern State University. Assigning Scott Tahah to this Library Media position at Okarche High School and Junior High would help the school district in filling this position within and helping the district financially. The program is a self-paced program that is scheduled to take 2-3 years. Mr. Tahah believes he will finish in 1-2 years. Therefore, we are asking for the three-year waiver. Obviously, if the program is completed earlier than the three years, he will be a certified Library Media Specialist and the waiver would not be needed.

The completed waiver with the required signatures is attached along with documentation of his enrollment into the Northeastern State University Library Media and Information Technology program. Please let me know if you need anything further from me. Thank you for your time and consideration with this waiver request.

Sincerely,

Josh Sumrall

Oklahoma State Department of Education,

Please accept this letter as documentation for me Scott Tahah (Certification #436387). I have enrolled and will begin this Fall 2026 in the Northeastern State University Library Media and Information Technology Program. The program is scheduled as a self-paced program that is scheduled to be completed in 2-3 years. I plan on completing the program early than the planned schedule. Please consider the waiver of certification submitted by Okarche High School and Junior High to allow me to be the Library Media Specialist while pursuing this degree and certification.

Sincerely,

Subject: Welcome to the Library Media and Information Technology Program

Scott,
Welcome to Northeastern State University and to the Library Media and Information Technology program. I am happy to have you with us.

I am your academic advisor and a faculty member in the program, so I wanted to reach out and introduce myself. I am here to help you get started, answer questions, and support you as you begin planning your coursework.

I am including the program course rotation so you can review upcoming course options and begin thinking about the classes you would like to take in future semesters. We will talk more about your course sequence when we meet to complete your degree plan. In the meantime, you may go ahead and work on setting up your NSU username and password and enrolling in classes if you are able to do so at this time.

Your NSU N# is: N00291860. I suggest adding this to your NSU email signature line.

You can use this link to find directions for setting up your NSU username and password.

Once you have your username and password, this guide may help you enroll in courses.

Please use my calendar link to schedule a meeting with me at your earliest convenience.

During that meeting, we can discuss your degree plan, review course options, and answer any questions you may have as you get started.

I look forward to meeting you and working with you throughout the program.

Sincerely,

Alesha Baker, Ph.D.

To Whom It May Concern:

I completed my Master's in Library Media Education at the University of Central Oklahoma in May 2024. I passed the Library Media OSAT in July of 2024. I am in the process of completing my alternative certification in Secondary English in order for my Library Certification to be applied to my certificate. I have taken and passed both the Secondary English OSAT and the Secondary Assessment of Professional Knowledge. I will have the remaining professional development hours for my alternative certification completed before the end of the Fall 2026 semester and will supply the required documentation to OSDE.

As far as I am aware, all items pertaining to the Library Media Certification have been met, and the only missing item is my alternative certification. If this is incorrect, I have not been informed.

Sincerely,

Letter of Intent for LMS Degree and Certification

To Whom It May Concern,

I am writing to confirm my intent to complete my Library Media and Information Technology degree and obtain my Library Media Specialist certification.

I currently work in an elementary school library and plan to continue growing professionally in the field of school librarianship. Completing this degree and certification will strengthen my skills, help me better support students and teachers, and allow me to continue serving as a qualified Library Media Specialist.

Sincerely,

Graciane Dominguez

To Whom It May Concern,

I have been hired as the Library Media Specialist at Western Oaks Elementary School. I graduated from the University of Oklahoma with a Master's degree in Library and Information Studies in December, 2020. The Putnam City School district has requested and I have received emergency certification to serve as Library Media Specialist. I intend to take the appropriate steps to obtain the LMS certification required by the state of Oklahoma.

Kindly,

1. What is your school Type?

Elementary	✓
Middle School	
High School	

2. What is your student enrollment? 360 students

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.
   My school's library should be staffed by one full-time certified library media specialist or a half-time certified library media specialist and a full-time library assistant.

4. Describe the circumstances that require hiring a non-certified library media specialist.
   The resources of a school library shlould always remain accessible to a school community. In the absence of a certified library media specialist at a school and any certified candidates to fulfill the position, a non-certified library media specialist on a path towards earninig a certification would be the most qualified candidate to ensure the library is still equitably accessible and properly maintained.

5. Which educator needs this waiver? Joseph B Wilson

6. Describe the methods of support the district intends to provide this educator.
   For example: Mentor, professional development, membership in an organization, financial assistance with tuition, etc.
   The district provides this educator with professional development designed for novice school librarians and offers additional professional developments for school librarians once a month throughout school year. Furthermore, this educator is supported with one-on-one assistance from the manager of library services and by all disctrict librarians through an online discussion board.

7. How many hours has the applicant completed for the LMS degree thus far? 24 hours

8. Attach a letter from the teacher explaining their intent to obtain the LMS degree/certification.

9. Attach the applicant's transcript as proof of enrollment in the LMS classes.

To Whom It May Concern,

My name is Joe Wilson, and I am currently the library media specialist at Anderson Elementary School. I am writing to attest that I fully intend to complete a library media specialist degree. I am currently nearly three-quarters of the way through a master's degree from Northeastern State University in Library Media and Information Technologies, with 24 hours completed, 3 hours in progress, and 6 hours remaining after this Fall semester. I hope to complete this degree in the Summer or Fall semester of 2027. Additionally, I have passed the subject-area test required by the Oklahoma Department of Education for a library media specialist certification.

Thank you for your consideration in my employment as a non-certified library media specialist for the Tulsa Public School District.

Sincerely,

Joe Wilson, Library Media Specialist

EQUITY CHARACTER EXCELLENCE TEAM JOY

To whom it may concern,

My name is Christina Martin, and I have completed the Master of Library and Information Studies degree at the University of Oklahoma. I have been working in libraries for over two years. Due to my background in children's services in public libraries, I do not hold a Library Media Specialist certification in the State of Oklahoma. Tulsa Public Schools is in the process of securing my certification through the Oklahoma State Department of Education. Until that time comes, my district and I request that I be awarded a statutory waiver to continue my position as the Library Media Specialist at Burroughs Elementary School in Tulsa, OK. I am well qualified for this position, and I have every intention to complete my certification process as soon as possible.

Thank you,

RE: Library Statutory Waiver/Deregulation Application

To Whom It May Concern:

I am seeking a three-year deregulation to Standard VII concerning staff of school library media Centers: OAC 210:35-5-71, OAC 210:35-7-61, and OAC 210:35-9-71.

Due to shortages in staffing, I am seeking a waiver to work as the librarian of Daniel Webster Middle/High school. I am currently enrolled in The University of Oklahoma MLIS degree program and have completed 30 hours of my program. I will graduate in May of 2026. I also attend an additional 20 hours of professional development per year.

Sincerely,

Tabitha Abel

Notes to District: _____

To Whom it May Concern,

My name is Holly Mayhall and I am requesting a waiver of my library media specialist certification. I have been hired by Tulsa Public Schools as their Library Media Specialist. Due to a shortage of certified school librarians, Tulsa Public Schools has hired me as a teacher apprentice. Due to this apprentice position, I am able to have my job because I have a bachelor's degree and am in a master's program pursuing my degree in library science. I need to have my librarian certification in addition to a master's degree and a teaching certificate. I am actively working on an emergency teaching certificate with the state of Oklahoma. I also intend to obtain my library media specialist certification through the state of Oklahoma as well.

As stated above, I have my bachelor's degree in English from Northeastern State University and am currently pursuing my master's degree in library science and information studies. I am enrolled at the University of Oklahoma which is an American Library Association accredited program. I have completed twenty-seven hours and am currently enrolled in six hours and have three hours left to complete. I plan to complete my program and graduate in the spring of 2027.

I hope that you will consider me for a waiver and that what I have shared will show that I am actively pursuing library media certification through the state of Oklahoma. Thank you for your time.

Sincerely,

Holly Mayhall

Hi To Whom it May Concern,

My name is Kari Hampton and this is a letter of intent to state that I am currently enrolled at the University of Oklahoma in the Masters program for Library and Information Studies. I am on my last semester of this program and have enrolled in two classes to finish this December. I am currently in the position at Hawthorne Elementary and am working towards the requirements needed for certification. Libraries are my passion and I want to do my part by learning and growing as a librarian to provide exceptional library services to the students at my school.

Thank you for this opportunity

3. Based on your school type and student enrollment, how should your library be staffed according to the Oklahoma Administrative Code?
   Refer to the chart on page 5 of the Standards of Accreditation for Library Media.

   The library at John Hope Franklin is required to employ at least one full-time certified library media specialist (librarian) or a half-time librarian and full-time assistant team.

4. Describe the circumstances that require hiring a non-certified library media specialist.

   Tulsa Public Schools continues to experience significant workforce shortages that impact our ability to fill both instructional and support staff positions. The district has encountered persistent challenges in retaining qualified library media specialists and the number of qualified applicants remains insufficient to meet district needs.

5. Which educator needs this waiver? Isabel Woodward, MLIS

6. Describe the methods of support the district intends to provide this educator.
   For example: Mentor, professional development, membership in an organization, financial assistance with tuition, etc.

   Tulsa Public Schools ensures that non-certified librarians have the opportunity to attend waiver trainings, Tulsa Way Saturdays professional development, and access to OTEP Teacher support.

RE: Library Statutory Waiver/Deregulation Application

To Whom It May Concern:

As Tulsa Public Schools faces staff shortages, like many school districts across Oklahoma, the library media centers are also experiencing retention difficulties. Although recruiting and retaining qualified library media specialists is just one challenge the district faces, the library positions are being filled by those answering the call.

This is my second year at Tulsa Public Schools since I got hired shortly after completing my Masters in Library and Information Sciences degree in May 2025. Since my date of hire, I have been actively pursuing my certification through the Oklahoma State Board of Education. As of June 2026, I have achieved my Provisional Certification and continue working towards full certification.

Tulsa Public Schools is committed to providing students with the opportunity to receive an education, even amidst teacher and staff shortages and is respectfully requesting approval of a three-year deregulation from the Standard VII staffing requirements for school library media centers. We, the library media specialists, are actively working towards full certification individually. We appreciate your consideration of this request and your continued support of our district.

Sincerely,

Isabel Woodward, MLIS

To whom it may concern,

I am writing to express my intent to pursue a master's degree in library science. My decision to pursue this degree comes from a genuine passion for reading, learning, and creating spaces where students feel welcomed, encouraged, and excited to discover something new.

My experience working in a middle school library so far this school year has strengthened my belief in the important role that a school librarian plays in a student's education. A library is much more than a place where books are stored. It is a place where students can explore new ideas, find stories that reflect their experiences, discover perspectives different from their own, and develop a lifelong love of reading. I want to build my knowledge and skills so that I can provide students with the strongest library program possible.

Working with middle school students has also shown me how important it is to make the library engaging and accessible to all students. I enjoy developing reading incentives, themed displays, and activities designed to encourage students to explore genres and authors they may not otherwise choose.These are motivating me to continue learning how to better support literacy, information literacy, technology skills, research, and student learning.

Pursuing a master's in library science will allow me to develop a deeper understanding of collection development, information organization, research, technology, literacy instruction, and the many responsibilities associated with being an effective school librarian. I am particularly interested in learning how to create a library program that meets the academic, social, and recreational needs of middle school students while supporting classroom teachers and the broader school community.

Reading is an important part of my life, and pursuing a career in librarianship gives me the opportunity to share that passion with others. Earning my master's degree in library science is an important step toward becoming the librarian and educator I aspire to be. I am excited about the opportunity to expand my knowledge, strengthen my professional skills, and ultimately use what I learn to make a meaningful difference in the lives of my students and school community.

Sincerely,

Jessica Williamson

Re: Letter of Intent and Request for Emergency Certification Waiver

To Whom It May Concern:

I am writing to express my intent to obtain emergency teacher certification and to respectfully request consideration for a waiver related to the certification testing requirement. I have completed my bachelor's degree in Cultural Anthropology, but I have not yet completed the required certification examination.

I am currently employed by Tulsa Public Schools as a librarian at Skelly Elementary School. In this position, I have had the opportunity to work directly with students across multiple grade levels, provide library and literacy instruction, develop standards-aligned lessons, support classroom management, and contribute to the educational goals of my school community. This experience has strengthened my commitment to education and confirmed my desire to continue serving students within Tulsa Public Schools.

I am committed to completing the required certification examination and fulfilling all remaining requirements necessary to obtain my certification. I am requesting consideration for a waiver so that I may continue serving students while working toward completion of the certification process. I understand the importance of meeting Oklahoma's professional standards for educators and am committed to completing the requirements expected of me.

I respectfully ask that my educational background, current experience with Tulsa Public Schools, and commitment to completing the certification process be considered in support of my request for emergency certification.

Thank you for your time and consideration.

Re: Statement of Intent to Obtain Library Media Specialist Certification

To Whom It May Concern:

I am writing to formally express my intent to complete the educational requirements necessary to obtain my Library Media Specialist certification and to continue serving students as an elementary school librarian within Tulsa Public Schools.

I am a certified Oklahoma teacher and have been enrolled in the Library Media and Information Technology program at Northeastern State University, an accredited four-year institution, since Fall 2025. I have successfully completed 12 credit hours while maintaining a 4.00 grade point average. I remain actively enrolled and am making continued progress toward completion of the program, with an anticipated degree completion date at the conclusion of the Fall 2027 semester.

While completing my degree and certification requirements, I currently serve as the librarian at Wayman Tisdale Fine Arts Academy. In this role, I work to provide our elementary students and staff with a high-quality library program by maintaining a balanced, current, and age-appropriate collection; supporting literacy and curriculum needs; collaborating with teachers; and providing equitable access to library resources.

I recognize the importance of Oklahoma's standards for library media services, including Library Media Standard 210:35-5-71 and its provisions for certified library media staffing at the elementary level. Tulsa Public Schools continues to face staffing challenges in specialized educational positions. The library media waiver helps the district maintain library services while certified educators who are actively pursuing Library Media Specialist certification complete the professional preparation required for the position.

I view this waiver not as a substitute for professional certification, but as a bridge that allows me to continue serving our students while I complete the established requirements to become a fully certified Library Media Specialist. My enrollment, completed coursework, academic performance, and anticipated graduation date demonstrate my commitment to completing this process.

I respectfully ask for continued consideration of the library media waiver so that I may remain in this role while completing my Library Media Specialist program and certification requirements. I am committed to maintaining high professional standards, continuing my education, and providing our students with meaningful access to quality literature, information resources, and library instruction.

Thank you for your consideration and for supporting Oklahoma schools as they work to maintain quality library media services while addressing current staffing needs.

Respectfully,

Stephanie Weatherford

Accreditation Standards Division,

Verdigris Public Schools is seeking a Statutory Waiver / Deregulation (70 O.S. $ 3-126) for a Library Media Specialist. We hired a certified teacher to serve as our Elementary Librarian for the 2026-2027 school years. After months of advertising, we were fortunate to find a teacher (Jill Chambers) with an Elementary Degree as well as a Master's degree as a Reading Specialist. She agreed to start classes this fall to obtain her Library Media certification. We were fortunate to hire a veteran teacher with 14 years of experience. Our teacher, Jill Chambers is currently enrolled in hours (3) hours of classes at Northeastern State University. Her teacher certificate number is #402505.
If any more information is needed, please contact me at (918-266-7227) or mpayne@vps.k12.ok.us).
Thank you for your consideration.

United for Education,

Mike Payne

Waiver of Certification for Library Media Specialist

Waivers for the next year will be accepted from April 1 through October 1, with the following exception: Resignation of staff causing changes in library media service requirements after October 1.

Beginning July 1, 2018, waivers can be requested for one, two, or three years. Schools must provide proof of enrollment in Library Media Specialist classes for the applicant every year.

Oklahoma State Statue:
70 O.S. § 3-126 Library Media Specialist: Waiver Certification.

Note: If you do not have a teacher willing to pursue LMS certification, use the Deregulation of Library Services Form.

Preparing the Statutory Waiver
Section 1:
Submit a cover letter on school letterhead with the superintendent's signature with a brief explanation of the request for a statutory waiver.

Section 2:
Complete the waiver form with signatures from the superintendent, board president signature, and notary.

Section 3:
Complete all questions in section 3 and add any supporting documentation including letter of intent to obtain the degree and certificate along with proof of enrollment in class(es) at a qualified university/college for the area of study.

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: State Superintendent of Public Instruction Lindel Fields

DATE: October 22, 2026

SUBJECT: **Waiver-Flexibility of Allocated Textbook Funds**

The following districts are requesting a statutory waiver under 70 O.S. § 16-114a. Districts seeking textbook funding flexibility must demonstrate to the State Board of Education that the instructional materials used for subjects in the current adoption cycle are current and appropriate for student learning. Pursuant to 70 O.S. § 16-111(E), districts approved for textbook funding flexibility may expend textbook allocations, including authorized carryover, for any purpose related to the support and maintenance of the district, as determined by the local board of education.

Oklahoma City, OK 73105

To Whom It May Concern:

I am writing this letter to request a waiver allowing state textbook funds to be used for other general fund expenses. According to 70 O.S. § 16-114a section B, "A school district seeking flexibility in the use of state-appropriated funding allocated pursuant to this section for textbooks shall be required to demonstrate to the State Board of Education that the textbooks and instructional materials used by the district for the subject areas being considered in the current textbook adoption cycle are current and appropriate for student learning." The bullet points below should demonstrate that Edmond Public Schools (EPS) currently has a plan to keep textbooks up to date independent of state textbook funds.

- Current textbook adoptions in Edmond Public Schools:
    - Elementary ELA – HMH Into Reading
    - Elementary Science – Twig
    - Elementary Math – McGraw Hill
    - Elementary S.S. – Studies Weekly & Pearson
    - Secondary ELA – Savvas
    - Secondary Science – Houghton Mifflin, McGraw Hill, and various others for individual subjects & Savvas
    - Secondary Math – McGraw Hill
    - Secondary S.S. – McGraw Hill, Pearson, & Clairmont Press
- A bond issue passed in February of 2026 provided funds for textbook use.
- Money passed in a bond issue must be spent towards the purchases promised to the voters.
- During the last textbook adoption, EPS spent over $4,000,000.00 in previous bond funds for both our new textbook adoptions and additional textbooks for our student growth across the district.
- We have budgeted current and future bond funds for our next adoption and growth.

While we are ever so thankful for the reinstatement of textbook funds, we are asking for your permission to use these funds specifically for teacher salaries in 2026-2027. Your approval of this request would be greatly appreciated.

Sincerely,

Identify the intended use of the funds and explain how the requested materials will support the district's instructional program or learning goals.

Course	Course Code	Justification	OSDE Response
		If approved, the textbook funds would be used to supplement state aid revenue in order to maintain employment of teaching staff. Without these funds, budget cuts could be necessary.	

Section 3: Current Adoption Materials

Identify the materials the school district uses for the current adoption cycle subject area. Provide the course name and code, along with the full name of the materials. Include the date of when the materials were last updated.

Personal Financial Literacy		We teach Personal Finanical Literacy embedded in our Government classes. The curriculum we use is through Junior Achievement, OSDE resources, and Next Generation Personal Finance.	OSDE & Junior Achievement - 2025 JA - 2025	

Section 4: Current Adoption Cycle Materials

Please describe how your district will assess the effectiveness of the textbook implementation plan for staff and students. Include metrics such as TLE data, graduation rates, and student performance indicators.

Section 5: Prior Waivers and Impacts

1. **Has your district previously received this type of waiver?**
   ■ Yes ☐ No

2. **If yes, describe the educational impact of the waiver, including its effect on student performance and implementation across district sites.**

EPS Waiver Application Responses

Section 4: Current Adoption Cycle Materials

Please describe how your district will assess the effectiveness of the textbook implementation plan for staff and students.

For the PFL adoption, we always track which students are successfully completing this graduation competency. If students are not completing this requirement then they are not allowed to graduate. Recently, we have moved PFL to the last semester of our senior government classes. This ensures our seniors are receiving this information right before graduating, making it more applicable to students as they move on to their post-high school opportunities.

Section 5: Prior Waivers and Impacts

Edmond Public Schools has previously applied for and received a textbook waiver for multiple years. The most recent was in September of 2025 for the 2025-26 school year. With the flexibility given, we were able to use these funds to pay teacher salaries for needed positions to assist the district. Each year we continue to add needed positions to address class size and provide vital support to our students in the classroom setting.

The continued flexibility in spending would allow us to leverage the voter approved bond funds for bond-eligible expenses and free up the state funding for payroll expenses that cannot be directly paid from bond funds. This flexibility will allow us to continue to address class size and offer supportive positions to aid teachers in the classroom.
