Re: Request a Waiver for Flexibility of Allocated Textbook Funds

We request your approval for a waiver which would allow FY27 state textbook funds to be used for other general fund expenses, specifically certified teachers' salaries. According to 70 O.S. § 16-114a section B, "A school district seeking flexibility in the use of state-appropriated funding allocated pursuant to this section for textbooks shall be required to demonstrate to the State Board of Education that the textbooks and instructional materials used by the district for the subject areas being considered in the current textbook adoption cycle are current and appropriate for student learning." The bullet points below demonstrate that Mid-Del Public Schools has identified alternative resources to purchase and maintain textbooks.

- In the Bond package which was approved by Mid-Del voters in October 2017, $9,000,000 is designated for textbooks, library books, and instructional materials for **ten years**.
- Money passed in a bond issue must be spent toward the purchases voted upon by the voters.
- In FY19, Mid-Del spent $1,056,871.66 in Bond funds on new Math textbooks in the adoption cycle and on updated AP textbooks.
- In FY20, Mid-Del spent $383,087.58 on Social Studies textbooks for K-12 students and additional textbooks to add to previously purchased classroom sets to enable students to have individual copies of current textbooks.
- In FY21, Mid-Del spent $1,214,548.67 for Science textbooks and materials for K-12 and was able to use ESSER funds instead of bond funds, thereby conserving bond funds for future textbook expenditures.
- In FY22, Mid-Del spent $1,248,021.12 on Elementary ELA curriculum and Computer Science and Education Technology to remain current on the textbook adoption cycle.
- In FY23, Mid-Del spent $858,675.75 on Secondary ELA curriculum and will spend an additional $73,943.11 in FY24 to remain current on the textbook adoption cycle.
- In FY24, Mid-Del spent $800,000 on Math curriculum and will spend an additional $774,144.63 in FY25 to remain current on the textbook adoption cycle.
- In FY26, we spent approximately $300,000 on Computer Science and Fine Arts curriculum to remain current on the textbook adoption cycle.
- In FY27, we utilize the K-20 Mind Your Own Budget Curriculum in addition to Tinker Federal Credit Union PFL Portal with their financial experts presenting to classrooms twice a year to satisfy the Personal Financial Literacy Oklahoma Standard requirements. These resources are free of charge.

We appreciate your consideration of this flexibility which allows us to meet both the textbook needs of our students and the salaries needed to meet class size targets.

Section 1: Textbook Flexibility Funds Waiver Application

- Waiver Form
- Attach documentation of local board approval (meeting minutes showing review and approval).
- Attach any additional documentation supporting the request.

Section 2: Intended Use of Funds

- Clearly identify the intended use of the funds.
- Explain how the requested materials will support the district's instructional program or learning goals.

Section 3: Current Adoption Cycle Materials

- Demonstrate that the current adoption cycle subjects (e.g., Fine Arts, Computer Science) have sufficient and adequate instructional materials in use.
- Provide a clear list of current instructional materials.

Section 4: Assessment / Evaluation Plan

- Describe how the effectiveness of the plan will be measured for both staff and students (e.g., TLE, graduation rates, student performance data).

Section 5: Prior Waivers / Impact

- Have you previously been awarded this type of waiver?
- If yes, describe the educational impact, including effect on student performance and other district sites.

Next Steps / Resources:

- Ensure your request is for a flexibility fund request under 70 O.S. §16-114a(b).
- Include all required documentation.
- For guidance, visit HQIM website or contact Carolynn Bristow at carolynn.bristow@sde.ok.gov.
- Send completed forms to Sde.accreditation@sde.ok.gov

Budget Overview

Preparation of the FY27 budget was somewhat unique, as the State released its budget on April 1, the earliest timeline in recent memory. While this provided school districts with an earlier opportunity to begin budget development, negotiations and financial planning, significant legislative activity continued throughout the session until adjournment. Numerous bills were introduced that proposed changes to the way public schools receive ad valorem revenues, creating uncertainty during the budget planning process.

Ultimately, no legislation was enacted that is expected to have a significant impact on ad valorem revenues for Mid-Del Schools in FY27. However, attention will now shift to the November 3, 2026 statewide election, when Oklahoma voters will consider a constitutional amendment that would modify the method for calculating the fair cash value of property beginning in tax year 2027. A change in ad valorem would impact not only the General Fund but also the Tech Center, Building Fund, Tech Center Building Fund and the Sinking Fund. Given the potential implications for future property tax collections and school funding, this measure will be closely monitored as districts evaluate the long-term effects on local revenue streams.

The 2026 legislative session included a state-funded teacher pay raise, providing additional compensation for certified educators and representing a significant investment in teacher recruitment and retention. While the State appropriated funding to support these salary increases, no additional formula funding was provided to address raises for support personnel or administrators. Furthermore, the funding formula did not include additional resources to offset rising operational costs, including increased expenses for fuel, insurance, and other essential district services. As a result, districts must continue to absorb these escalating costs within existing funding structures while maintaining competitive compensation across all employee groups.

While the Legislature made significant investments in public education during the 2026 session, much of the new funding is dedicated to specific initiatives, such as literacy programs. For FY27, state aid projections assume a modest increase in the funding factor of approximately $123 per weighted student. The District remains optimistic that growth in statewide chargeable income will support mid-term increases in the funding factor; however, consistent with past practice, state revenue estimates have been developed using a conservative approach to ensure the District's long-term fiscal stability.

To help guide the development of the FY27 budget, the District conducted a budget priorities survey that asked employees to identify and rank the areas they believed should receive the greatest focus. The survey results provided valuable input to the Budget Committee and served as a framework for evaluating budget decisions throughout the planning process.

Employee compensation emerged as the highest priority among district staff. In response, the proposed FY27 budget includes an investment of approximately $3.7 million to increase compensation across all employee groups. Addressing critical staffing shortages, particularly in special education, was identified as the second-highest priority. The budget includes funding for additional special education teaching positions to help meet student needs. While the District has experienced moderate success in recruiting and retaining special education personnel, continued attention to this area will remain essential in future budget planning. In partnership with Edwell, the District has launched a Grow Your Own educator program to strengthen the teacher pipeline and help address certified staffing shortages.

The third-highest priority identified by employees was expanding student mental health and intervention supports to address student behavior and school climate. The District has made ongoing investments in these areas and is beginning to see positive outcomes from initiatives implemented in FY25 and FY26. To further strengthen student support systems, the FY27 budget converts three middle school administrative intern positions into permanent assistant principal positions, providing sustained leadership capacity and additional support for student discipline, intervention efforts, and overall school operations.

Mid-Del is experiencing the same enrollment challenges affecting school districts across Oklahoma and the nation. Over the past two years, the District's Average Daily Membership (ADM) has declined by more than 758 students. Because state aid accounts for more than 60% of the District's total revenue, enrollment declines have a direct impact on funding. Staffing has been adjusted throughout the district to align with current enrollment trends.

The District has now fully moved beyond the COVID funding cliff; however, the broader federal funding outlook remains uncertain due to ongoing policy discussions at the national level. Increased discussions of block grants and expanded state control, all of which could significantly affect the stability and distribution of federal funding that supports key student services. These developments are being closely monitored to assess potential impacts on future budgets. In addition, declining student enrollment continues to directly affect federal allocations to the District. As a result, the FY27 budget reflects a reduction in Title I funding tied to lower student counts.

Meanwhile, interest rates remain elevated, as the Federal Reserve continues its efforts to curb inflation. Significant interest rate cuts are not showing up on the horizon. Investment income remains strong and an integral part of the district's local sources of revenue. This is another revenue source that is closely monitored for any change that may affect current projections.

Despite budget challenges associated with declining enrollment and ongoing economic uncertainty, Mid-Del has maintained a Moody's credit rating of Aa for more than six years. Continued strong fiscal management, responsible stewardship of resources, and strategic investment in our schools along with the ongoing application of conservative financial policies will remain key to sustaining the District's strong credit rating moving forward.

The District remains committed to listening to employees and responding to the needs of students. Appreciation is extended to all staff who participated in the budget survey, providing valuable input to guide district decision-making, as well as to the departments that contributed ideas aimed at making Mid-Del an exceptional place to work and learn.

General Fund (11)

2025-26 General Fund Budget Status: Assumptions to end the fiscal year

The FY26 budget reflects the beginning of fund balance decline to be more inline with pre-COVID fund balance percentages.

State aid for FY26 experienced a decrease in funding of around $2.6M due to declining enrollment and the increase of chargeable income.

The district's final expenditure estimates for FY26 included some positions going unfilled or filled with adjunct positions throughout the year which is indicative of the teacher shortage but on a bright note less than the two previous years. The main areas of shortage are special education and special education providers such as paraprofessionals and speech pathologists. The bus driver shortage has much improved this year leaving only two unfilled driver positions as of May's payroll. The final expenditure amount may further be reduced as most federal programs are allowed to carryover funds and will not spend their entire allocation. Revenue sources are coming in as expected.

Revenue:

- Ad Valorem collections are on track to be collected at 95% and little to no change from the budget presented in November.
- Interest collections dipped slightly with correlating to three interest rate reductions this fiscal year.
- Motor Vehicle is projected to under collect by $300,000.
- State School Land is projected to over collected by $275,000 compared to projections.
- State Aid increased $1.8M over November's estimate due to chargeable growth through the state.
- Flexible Benefit Allowance increased to accommodate the insurance benefit rate change.
- Federal revenue is slightly under November projections. Revenue received for federal sources corresponds to updated allocation amounts.

Expenditures:

- All sites/department budgets except for maintenance, transportation, and summer school supplies are closed to prepare for end of year budget information.
- Preliminary information reflects underspending in some staff allotments.
- Fund Balance estimate is $16.2M or 14.42%, this will likely increase if goods and an invoice are not received by the end of the fiscal year those purchase orders along with fund balance will be carried over into FY27's budget.

2026-27 General Fund Preliminary Budget Information: Assumptions for budget planning

Revenue:

- Slightly reduced interest income in preparation for possible rate decrease.
- State Aid projection uses FY26 enrollment and an increase of $123/WADM for certified raises given by the state.
- Federal revenue is reduced anticipating lower federal allocations due to declining enrollment.

Expenditures:

- Textbook expenses
- Instructional staff adjustments to accommodate enrollment trends
    - Added 1 team at DCMS
    - Added 1 team at CAMS
    - Added 2 special education teachers
    - Added 1 orchestra teacher
    - Reduced 10 elementary instructional positions
    - Reduced 3 secondary instructional positions
- Addition of various administrative and operational positions
    - Converted 3 Administrative Interns at Middle Schools to permeant Assistant Principals
    - Added 1 secretary at CAHS
    - Added 2 painter positions
    - Added 10 bus monitor positions
    - Added 1 theater management position
    - Increased doctoral stipend
- Reduced administrative position – Risk Manager
- Shift of custodial and security expenses to the Building Fund
- Reduced federal allocations
- Support negotiation salary changes
- Certified negotiation salary changes
- Administrative salary changes
- Step raises are included for all staff
- Estimated fund balance of $6.8M or 6.0%

Technology Center Fund (CO-OP 12)

2025-26 Technology Center Status: Assumptions to end the fiscal year

Revenue:

- Rose State shared ad valorem contract collections are up about $685,768 over November projections. Based on past collections, this source of funding is not consistent. Estimates are projected on a 5-year average.
- Interest collections dipped slightly correlating to three interest rate reductions this fiscal year.
- Tinker Technology's contracted was projected to collect less with reduced classes but is projected to over collected by $238,000.
- Flexible Benefit Allowance increased to accommodate the insurance benefit rate change.

Expenditures:

- All planned equipment, instructional equipment upgrades, and construction are on track to be completed by June 30, 2026. Expenditures show to be underspent by about $1M compared to approved budget. Federal allocations and construction costs were under what was anticipated.
- All expenditures have been projected through June 30, 2026 as of the end of May.
- Fund Balance is projected at $11.2M or 117.77%.

2026-27 Technology Center Fund Preliminary Budget Information: Assumptions for budget planning

Revenue:

- Interest earnings are projected to decrease slightly over FY26 as an interest rate drop is expected mid-year.
- The Rose State shared ad valorem contract collections is projected to be slightly lower. This source of revenue is projected using a five-year average.
- State operational funds are expected to decrease by just over $125,000 anticipating state Career Tech formula changes.
- Federal revenue is projected to increase with approved FY27 grants.

Expenditures:

- Equipment and Furniture upgrades
- Added Instructional Coach
- Added Communications Position
- Purchase of Vehicles
- Certified Negotiations
- Support Negotiations
- Administrative Raises
- Retention Bonus for all staff of $1,500
- Fund Balance is projected at $9.8M or 116.69%

Special Revenue Funds

Building Fund (21)

2025-26 Building Fund Budget Status: Assumptions to end the fiscal year

Revenue:

- Ad Valorem collections are on track to be collected at 95% and little to no change from the budget presented in November.
- Impact Aid is reflected in the Building Fund. Collections reflect prior year's applications.
- The state's building fund equalization funding, Redbud School Grants, reflects current year allocation.

Expenditures:

- Expenditures are expected under projections.
- Fund Balance is projected at $8.9M or 134.06%

2026-27 Building Fund Preliminary Budget Information: Assumptions for budget planning

Revenue:

- Local Ad Valorem tax property valuation is projected to increase 2.7% at 95% collected; projected increase of $99,933.
- Redbud School Grant is estimated slightly lower than FY26 for decreased enrollment.
- Impact Aid is reflected in the Building Fund.

Expenditures:

- Budget is increasing by approximately $1.5M shifting custodial and security costs from the General Fund to the Building Fund.
- No projected increases to utilities at the time the budget was prepared.
- Fund Balance of $6M or 100.72% is projected.

Child Nutrition Fund (22)

2025-26 Child Nutrition Fund Budget Status: Assumptions to end the fiscal year

Revenue:

- Interest collections remain steady.
- State matching is expected to remain flat.
- Flexible Benefit Allowance increased to accommodate the insurance benefit rate change.
- The district continues with CEP district-wide. Revenue projections both in local and federal sources are exceeding original projections for the second year in a row. Changes to Oklahoma Medicaid law could impact CEP revenue in future years. The district continues to monitor these changes.

Expenditures:

- Expenditures are close to projections
- Fund Balance is estimated at $4.4M or 62.51%.

2026-27 Child Nutrition Fund Preliminary Budget Information: Assumptions for budget planning

Revenue:

- Interest earnings are projected to decrease slightly over FY26.
- Lunch and Breakfast revenue are expected to remain flat in FY26.

Child Nutrition was given an excess of federal dollars during COVID that have continued to carry forward in the fund balance. This is partly due to the excellent administration of Child Nutrition services. The Child Nutrition Director has been tasked with reducing the fund balance utilizing one-time expenses such as remodel costs. As equipment needs are identified, budget amendments will be completed to incorporate additional costs as estimates become available. Below are the items added to the FY27 budget.

Expenditures:

- Addition of one Cook Position
- Vehicle Upgrades
- Cafeteria construction
- Timeclocks placed in cafeterias
- Pinpad upgrades
- Support negotiations
- Administrative raises
- Step raises included
- Fund Balance is projected at $3.1M or 47.5%

Technology Center Building Fund (23)

2025-26 Technology Center Building Fund Budget Status: Assumptions to end the fiscal year

Revenue:

- Rose State shared ad valorem contract collections are up about $349,700 over November projections. Based on past collections, this source of funding is not consistent. Estimates are projected on a 5-year average.

Expenditures:

- Expenses are projected at $300,000 for operational and construction expenses.
- Because the Technology Center does not have bonding capabilities, Building Fund expenditures remain low as the Technology Center accumulates a fund balance adequate for large-scale construction projects.
- Fund Balance is projected at $15.2M or 648%

2026-27 Technology Center Building Fund Preliminary Budget Information: Assumptions for budget planning

Revenue:

- The Rose State shared ad valorem contract collections is projected to be slightly lower. This source of revenue is projected using a five-year average.

Expenditures:

- Some remodeling projects will continue in FY27, $2M have been budgeted for construction.
- Update equipment, classrooms, and software to remain current with industry standards.
- Fund Balance is projected at $14.2M or 711.31%

Sinking Fund (41)

2025-26 Sinking Fund Budget Status: Assumptions to end the fiscal year

Revenue

- Ad Valorem collections are on track to be collected at 95% and little to no change from the budget presented in November. Current millage rate is 29.43.
- Premium received on Bonds sold of $217,166.

Expenditures

- Scheduled bond payments as per the estimate of needs.

2026-27 Sinking Fund Preliminary Budget Information: Assumptions for budget planning

Revenue**:**

- Property tax collections of ad valorem are projected at a millage rate of 29.78 with an increase of collections of $829,403.
- Local Ad Valorem tax property valuation is projected to increase 2.7% at 95% collected.

Expenditures:

- Scheduled bond debt payments are projected for FY 27 based on the Estimate of Needs appropriation for remaining debt service payments.

For FY27, these budgets are presented for your consideration and approval. If you have any questions please let me know.

Section 2

Identify the intended use of the funds and explain how the requested materials will support the district's instructional program or learning goals.

Course	Course Code	Justification	OSDE Response
		We are not using textbook funds for additional materials. We will be using the funds for certified teachers' salaries in accordance with 70 OS Section 16-114a. In 2017, Mid-Del passed a bond package that allocated bond funds in the amount of $9,000,000.00 for textbooks, library books, and instructional materials for ten years.	

Section 3: Current Adoption Materials

Identify the materials the school district uses for the **current adoption cycle subject area**. Provide the course name and code, along with the full name of the materials. Include the date of when the materials were last updated.

Course	Course Code	Material Title	Last Updated	OSDE Comments
000645	1451	K-20 CENTER MIND YOUR OWN BUDGET	2026	
000645	1451	TINKER FEDERAL CREDIT UNION PFL PORTAL	2026	

Section 4: Current Adoption Cycle Materials

Please describe how your district will assess the effectiveness of the textbook implementation plan for staff and students. Include metrics such as TLE data, graduation rates, and student performance indicators.

We will continue to assess class size numbers and compare those results with and without the waiver to justify the use of funds to supplement teachers' salaries.

Section 5: Prior Waivers and Impacts

1. **Has your district previously received this type of waiver?**

   ■ Yes ☐ No

2. **If yes, describe the educational impact of the waiver, including its effect on student performance and implementation across district sites.**

Yes, we have been awarded the waiver for the past eight years and continued approval would allow the district to use the voter-approved bond funds for textbooks and redirect the state-appropriated textbook funds towards certified teachers' salaries, which is a direct benefit to students and patrons by keeping class sizes as small as possible.

STATE BOARD OF EDUCATION MEETING

Thursday, October 22, 2026

70 O.S. § 6-187

Nothing in the Oklahoma Teacher Preparation Act shall restrict the right of the State Board of Education to issue an emergency or provisional certificate, as needed. Provided, however, prior to the issuance of an emergency certificate, the district shall document substantial efforts to employ a teacher who holds a provisional or standard certificate or who is licensed in the teaching profession. In the event a district is unable to hire an individual meeting this criteria, the district shall document efforts to employ an individual with a provisional or standard certificate or with a license in another curricular aea with academic preparation in the field of need. Only after these alternatives have been exhausted shall the district be allowed to employ an individual meeting minimum standards as established by the State Board of Education for the issuance of emergency certificates.
