Ella looked up. The stars were bright in the night sky. She looked at her twin brother, James. "My teacher says there are pictures in the stars," she said, "like a bear, a woman and a bull."

"Yeah," said James. "People have even seen two fish tied together with a string! But I can't see any of those things in the sky."

"I have an amazing book about the stars," exclaimed Ella. "There are lines drawn between the stars that show the shapes. We can use the book to help us find the bear."

"Great idea!" smiled James. "I heard there is a picture of twins like us up there. I really want to find them, too."

Programmatic Updates

Alyssa Tyra

Changes in Cognia testing platform

- **All Chrome users** will need to have a new app installed on all devices.
 - Step-by-step instructions are provided on the Help & Support page.
 - Site readiness is strongly encouraged after the update to ensure all devices are functioning correctly.
 - If the new app is not installed, students will not be able to test.
- Cognia sent out an email about these changes on December 17.
- There are also updates to the iTester app on iPadOS and to the kiosk for MacOS.

Practice Test

- The OSTP Practice Test for grades 5, 8, & 11 Science and grade 11 US History will refresh on **January 15, 2026**.
- There are updated questions.
- Please have your students utilize the practice test in order to familiarize them with the test appearance and tools.
- Students on an IEP or 504 plan can utilize the practice test in order to view sample test items with the appropriate accommodations (text-to-speech, color contrast, masking).
- Because of the changes proposed to ELA and math this year, those practice tests were not able to be refreshed.

Test Security Forms

- This year instead of utilizing Qualtrics, Google Forms are being used for the test security forms.
- This will ensure that a copy is sent to the email address once it is submitted.
- Information collected will be the same; formatting may be slightly different.

FAQs

FAQs

- **Do I need to test a senior that moved in from out of state?**
 - Students who transfer into Oklahoma schools their senior year do not have to take our CCR Assessments if they were on track for graduation, according to the testing requirements of their former state.
 - If you find that they are not on track for graduation according to their former state's testing requirements – or if you are having trouble verifying this information with their former district, then a good solution would be to enroll them in the spring CCR Assessments to ensure they meet the graduation requirements.

FAQs (continued)

- **My students take US History in the 10th grade, so we should administer the CCRA US History test to our sophomores, right?**
 - No. All state testing at the high school level is required to be administered in the 11th grade for Accountability measures.
- **Do foreign exchange students have to take state assessments?**
 - Yes, if they are enrolled in an assessed grade. Thus, foreign exchange students enrolled in 11th grade would need to take the CCRA for Accountability purposes. Foreign exchange students enrolled in 12th grade would not need to take the exams as they are not diploma-seeking students.

FAQs (continued)

- **Do I have to have an alternate DTC?**
 - We do require that an alternate DTC be named in case of an emergency. This gives us another contact in the district, just in case.
- **If I participate in the required DTC training, do I still need to do the TA and TP modules?**
 - No. If you participate in the required DTC training and receive a certificate, you are eligible to serve as a TA or TP. That being said, one of the biggest issues we see during monitoring is that a DTC or BTC will serve as a TA or TP while other test sessions are occurring. A DTC should not serve as a TA or TP if multiple sessions are occurring in the district. A BTC should not serve as a TA or TP while other test sessions are occurring in the building.

FAQs (continued)

- I'm a new DTC/BTC. What are some resources I can review to prepare for the testing window?
- Please check out our [Office of Assessments webpage](#). We have Accommodation manuals linked on the [State Testing Resources page](#), and testing resources on the [CCRA](#) and [Assessment Materials page](#). You can also email [Susan Hickey](#) or [Susan Viles](#), former DTCs, for additional guidance.

FAQs (continued)

- **Is Writing still part of the Spring State ACT?**
 - Yes, Writing is still one of the subtests administered through ACT, and the Writing scores will count toward a student's ELA OPI scores, along with the English and Reading subtests.
- **Do the 5th & 8th grade have a writing test this year?**
 - Yes, both 5th and 8th grade ELA will have a writing test. The [ELA blueprints](#) clearly define the percentage that grade 5 and grade 8 writing counts toward the ELA OPI.

FAQs (continued)

- **How does participation in ACT Workeys towards the post-secondary opportunities indicator?**
 - Readiness Certificate (NCRC). Eleventh and twelfth grade students who score well enough to earn a silver-level readiness certificate will be eligible to earn their school one (1) point toward their school's score on the Postsecondary Opportunities Indicator.
- **When will the Test Administrator/Test Proctor Training be available for the OSTP?**
 - We are working on having these available by the end of February at the latest.

Thank You!!
