

OSTP ELA Test Read-Aloud Protocol

This protocol has been developed to assist IEP/504 teams to identify students who may be appropriate candidates to receive the accommodation for **Text-to-Speech** (computer-based), **Human Reader**, or, for a student who is deaf or hard of hearing, **Sign Language Interpretation** for the OSTP English Language Arts (ELA) assessment.

Student's Name: _____	D.O.B: _____	Date: _____
School/Program: _____	State ID #: _____	
District/LEA: _____		

The following procedures are a required part of determining whether a student is given the Text-to-Speech, Human Reader, or Sign Language Interpretation accommodation for the OSTP English Language Arts/Reading assessment. If all guidelines are *not* met, and the student is given the Text-to-Speech, Human Reader, or Sign Language Interpretation accommodation on an OSTP ELA assessment, then the student's assessment score may be *invalidated*, and the score will not be counted in the overall assessment results; i.e., the student will be considered a "non-participant" for the OSTP ELA assessment.

Requests must be submitted through the Nonstandard Accommodation Application located on the OSDE Single Sign-on (SSO) by **February 1st** for the Spring window. The OSDE will provide a response on a case-by-case basis by March 15th. Responses will be provided within the Nonstandard Accommodation Application on the Single Sign-on.

Review the OSTP ELA Test Read-Aloud Nonstandard Accommodation Rubric eligibility criteria.

Gather documentation and complete the OSTP ELA Test Read Aloud Nonstandard Accommodation Rubric, ensuring OSTP Accommodation NS1 is documented in the current IEP or 504.

Submit all documentation as outlined in the Rubric in a combined PDF file (30 MB Max). Files must be named as follows: "Last name, First Name, MI NS1". Name and STN must match the Accountability Reporting Application; otherwise, file review will be delayed or rejected.

OSDE communicates to district through the Nonstandard Accommodation Application.

School/Program: _____ State ID #: _____
District/LEA: _____ Primary Category or Suspected: _____

Criteria 1: The student can only access printed material through text-to-speech, human reader, or a Sign Language Interpreter, and has a documented disability that severely limits or prevents him/her from decoding text at any level of difficulty, even after varied and repeated attempts to teach the student to do so.

IEP Documentation

Student has a current, valid Oklahoma Individualized Education Program (IEP) or 504 Plan that addresses severe deficits in decoding skills (including phonological awareness), provides goals/objectives for the deficits, and provides documented progress report(s) toward the goal/objective.

Yes No
IEP Date: _____

Accommodation(s)

The student's IEP explicitly indicates the student can only access printed materials through a screen reader, human reader, and/or text-to-speech and receives this accommodation regularly in the classroom. The student's IEP should also indicate the NS1 accommodation for district/state testing.

Yes No

Criteria 2: Evidence is documented from multiple sources, which must include the [Protocol for Accommodation in Reading \(PAR\)](#) or the [AEM Navigator](#) for deaf or blind students and Benchmark/Progress Monitoring reports listed in the approved [Universal Screening Assessments](#). This evidence indicates the student's ability to decode text or braille is severely limited (i.e., a student who is a non-reader).

Instructions for using approved [Universal Screening Assessments](#):

- Text-To-Speech **should not** be used throughout the screening process.
- To accurately represent the student's reading growth trends, please provide a minimum of three reports from the last calendar year, including **two from the current academic year**, for the following categories:
 - Phoneme Segmentation
 - Letter Sounds
 - Decoding (e.g. nonsense word fluency)

Instructions for administering the [PAR](#):

- Use the passage "Night Sky" (Grade Level 1.6) **regardless of student age or grade level**.
- The student must read the passage on their own without text-to-speech or human reader accommodations.
