

# Documenting Fluent WIDA Kindergarten Screeners in Accountability Reporting

Due to the paper-only format of the WIDA Kindergarten Screener assessment, scores will not automatically sync with Accountability Reporting. Additionally, a participating student demonstrating English language fluency (**5.0 or above**) may generate an EL conflict in the Accountability Reporting application, particularly if identified as EL in Pre-K. For these reasons, the LEA will need to utilize the following process to document **all** fluent K Screeners in Accountability Reporting. Housing all Fluent kindergarten EL records within Accountability Reporting ensures consistent data sharing with districts when students transfer.

1. Go to the **LEA site in Accountability Reporting** on Single Sign On. Please note this must be completed through the site, not the district.

2. Click on the **Student Data** tab.

3. Then click on the **Students** tab. Ensure the correct **School Year** is selected.

4. Use the **Grade Level** column to filter **KG** or filter by STN or name.

5. Click on the blue **DVR** button in **Create DVR (K Screener)** column.

6. Upload [WIDA Screener for Kindergarten Score Calculator](#) Sheet.

7. At the top, enter the screener **test date**.

8. Also at the top, enter screener scores dependent upon the semester the screener was administered.

**For 1<sup>st</sup> Semester** (initial enrollment - December 31<sup>st</sup>): Enter the **Oral Language** score in **Composite Perf Level**. Then enter **Listening** and **Speaking** scores.

Composite Perf Level	Listening Perf Level	Speaking Perf Level
<input type="text"/>	<input type="text"/>	<input type="text"/>

**For 2<sup>nd</sup> Semester** (January 1<sup>st</sup> - end of SY): Enter **Overall** score in **Composite Perf Level**. Then enter **Listening**, **Speaking**, **Reading**, and **Writing** scores.

Composite Perf Level	Listening Perf Level	Speaking Perf Level	Reading Perf Level	Writing Perf Level
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

9. Ensure that information entered is accurate and click **Submit**.

Submit

To check the status the DVR, utilize the following process.

1. Go to the **LEA site in Accountability Reporting** on Single Sign On. Please note this must be completed through the site, not the district.
2. Click on the **Appeals** tab.

Contact	School Data	Student Data	Reports -	Conflicts	Appeals	Lookup
---------	-------------	--------------	-----------	-----------	---------	--------

3. Click on **Student Assessment ELP-KScreener**.

Name
School Calendar Date
Student Assessment
Student Assessment ELP
Student Assessment ELP - KScreener

Status

4. Please see **Status** column for the status of the DVR.
