

RULE IMPACT STATEMENT

210:10-1-5. Audits [AMENDED]

210:10-1-18. Transfers [AMENDED]

a. What is the purpose of the proposed rule change?

The purpose of the proposed rule changes is to ensure clarity and uniformity as well as align rule with statute(s). The proposed changes would allow for data collection necessary to assess statewide and local educational needs. Further, proposed changes clarify the process for transfer of students.

b. What classes of persons will be affected by the proposed rule change and what classes of persons will bear the costs of the proposed rule change?

The proposed changes may affect students and their parent(s) or guardian(s), local education agencies (“LEAs”), school teachers, administrators, and other school personnel as well as members of the public dealing with LEAs, the State Board of Education (“SBE”), and the State Department of Education (“SDE” or “Department”). No costs are anticipated with these changes.

c. What classes of persons will benefit from the proposed rule change?

The proposed changes may be beneficial to students and their parent(s) or guardian(s), LEAs, school teachers, administrators, and other school personnel as well as members of the public dealing with LEAs, the SBE, and the SDE.

d. What is the probable economic impact of the proposed rule upon affected classes of persons or political subdivisions?

The Department anticipates a possible increase in funding for schools as a result of this proposed change due to demonstrated, increased needs. An exact or even approximate number is unable to be determined until the data has been collected.

e. What is the probable cost to the agency to implement and enforce the proposed rule change?

The Department does not anticipate any cost to the SBE or the SDE to implement and enforce the rules as a result of the proposed changes in the rules at this time. Additional services, if any, will be performed by existing staff.

f. What is the economic impact on any political subdivision to implement the proposed rule change? Will the rule require their cooperation in implementing or enforcing the rule?

The Department anticipates an increase in funding for schools as a result of these proposed changes. The proposed changes would require schools to obtain data and subsequently submit a report regarding the data collected so that the SDE may determine if additional resources are needed.

g. Will implementing the rule change have an adverse effect on small business as provided by the Oklahoma Small Business Regulatory Flexibility Act?

The proposed changes are not directly related, or applicable to the economy or small business. The Department does not anticipate any adverse economic impact on small business as a result of the proposed changes at this time.

h. What methods has the agency taken to minimize compliance costs? Are there any other methods which are less costly, nonregulatory, or less intrusive to achieve the purpose of the proposed rule change?

The Department does not anticipate any compliance costs and therefore is not aware of any other methods that could achieve the intended goal at a reduced burden.

i. Will the rule change impact the public health, safety, and environment, and is the change designed to reduce significant risks to the public health, safety, and environment? If so, explain nature of risk and to what extent the proposed rule change will reduce the risk.

The proposed changes do not concern public health, safety, or the environment.

j. What detrimental effect will there be on the public health, safety, and environment if the rule change is not implemented?

The Department does not anticipate any detrimental effect on public health, safety, or environment as a result of failure to implement the proposed changes to the rules at this time.
