

# DLM Resources for Teachers

Dynamic Learning Maps provides a multitude of resources for both instruction and assessment administration. The following list provides links to many resources that teachers may find helpful. This is not meant to be an exhaustive list; many more resources are available on the Dynamic Learning Maps [website](#).

| Resource                                                                                                                                           | Purpose                                                                                                                                                                                                                                        |
|----------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <a href="#">DLM® Tour Guide</a>                                                                                                                    | A new resource from DLM that provides links to DLM supports.                                                                                                                                                                                   |
| <a href="#">DLM Training Modules</a> <ul style="list-style-type: none"><li>• Fundamentals</li><li>• ELA</li><li>• Math</li><li>• Science</li></ul> | These short modules, organized by domain or claim, focus on teaching and learning and are part of DLM's instructional professional development system. Each claim or domain has multiple videos.                                               |
|                                                                                                                                                    | <a href="#">Modules in alphabetical order</a>                                                                                                                                                                                                  |
| <a href="#">DLM Instructional Resources</a>                                                                                                        | This page contains practical help for teachers: <ul style="list-style-type: none"><li>• Essential Elements Unpacking</li><li>• Text Resources</li><li>• Communication Supports</li><li>• Writing Resources</li><li>• Lesson Supports</li></ul> |
| <a href="#">DLM Training for District Roles</a>                                                                                                    | Self-Directed training focusing on the key responsibilities of district-level staff.                                                                                                                                                           |
| <a href="#">Using the DLM Instructionally Embedded Assessments</a>                                                                                 | Video explanation on accessing the Instructionally Embedded Assessments.                                                                                                                                                                       |
| <a href="#">Educator Resource Videos</a>                                                                                                           | <ul style="list-style-type: none"><li>• Getting Started in Educator Portal</li><li>• Many more</li></ul>                                                                                                                                       |
| <a href="#">DLM page for Oklahoma</a>                                                                                                              | This page includes information specific to Oklahoma.                                                                                                                                                                                           |
| <a href="#">Educator Resource Page for ELA</a>                                                                                                     | This page includes instructional resources for ELA.                                                                                                                                                                                            |
| <a href="#">Educator Resource Page for Mathematics</a>                                                                                             | This page includes instructional resources for mathematics.                                                                                                                                                                                    |

|                                                                             |                                                                                                                                                                                                                                                  |
|-----------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <a href="#">Educator Resource Page for Science</a>                          | This page includes instructional resources for science.                                                                                                                                                                                          |
| <a href="#">Writing Testlet</a>                                             | Writing testlet FAQ                                                                                                                                                                                                                              |
| <a href="#">Test Administration Manual</a>                                  | Test Administration Manual for the year-end assessment.                                                                                                                                                                                          |
| <a href="#">Currently Tested Essential Elements for ELA</a>                 | When you click on any of the Essential Elements, you will be able to see the Essential Element plus the breakdown of that element into the five linkage levels (Initial Precursor, Distal Precursor, Proximal Precursor, Target, and Successor). |
| <a href="#">Currently Tested Essential Elements for Math</a>                | When you click on any of the Essential Elements, you will be able to see the Essential Element plus the breakdown of that element into the five linkage levels (Initial Precursor, Distal Precursor, Proximal Precursor, Target, and Successor). |
| <a href="#">Currently Tested Essential Elements for Science</a>             | When you click on any of the Essential Elements, you will be able to see the Essential Element plus the breakdown of that element into the three linkage levels (Initial, Precursor, and Target).                                                |
| <a href="#">Complete list of Essential Elements for ELA</a>                 | This document explains how the Essential Elements were developed. It also includes all Essential Elements for all grade levels (K-12) for ELA and how these align with grade-level standards.                                                    |
| <a href="#">Complete list of Essential Elements for Math</a>                | This document explains how the Essential Elements were developed. It also includes all Essential Elements for all grade levels (K-12) for math and how these align with grade-level standards.                                                   |
| <a href="#">Complete list of Essential Elements for Science</a>             | This document includes all Essential Elements for science broken by grade band.                                                                                                                                                                  |
| <a href="#">Complete list of Essential Elements for Oklahoma US History</a> | This document includes all Essential Elements for US History and how they align with the Oklahoma Academic standards.                                                                                                                            |
| <a href="#">Familiar Texts Used in Testlets</a>                             | All of the texts that are used in DLM assessments are provided. Click on a text title and then a story or informational text title. The texts provided will be used in DLM assessments and may also be used for instruction.                     |
| <a href="#">Blueprint for ELA</a>                                           | This shows the pool of available Essential Elements that will be assessed during the spring assessment window.                                                                                                                                   |

|                                                                                   |                                                                                                                                     |
|-----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| <a href="#">Blueprint for Math</a>                                                | This shows the pool of available Essential Elements that will be assessed during the spring assessment window.                      |
| <a href="#">Blueprint for Science</a>                                             | This shows the pool of available Essential Elements that will be assessed during the spring assessment window.                      |
| <a href="#">Guide to Practice Activities &amp; Released Testlets ELA and Math</a> | Provides educators and students with the opportunity to prepare for assessments by using practice activities and released testlets. |
| <a href="#">Accessibility Manual</a>                                              | Provides descriptions of accessibility features and guidance on the selection and use of accessibility features.                    |
| <a href="#">Educator Portal User Guide</a>                                        | Provides guidance and support in navigating the Educator Portal.                                                                    |
| <a href="#">Released Testlets for ELA</a>                                         | Provides released testlets for ELA.                                                                                                 |
| <a href="#">Released Testlets for Math</a>                                        | Provides released testlets for math.                                                                                                |
| <a href="#">Released Testlets for Science</a>                                     | Provides released testlets for science.                                                                                             |
| <a href="#">Brochure for Parents</a>                                              | A resource to provide to parents about the DLM Alternate Assessment.                                                                |
