## SIF Versions 2.7 & 4.3

This document is intended to supplement the SIF Specification File as a reference for codes and lists to be used for specific SIF objects. The code sets are organized into groups that correlate to SIF Unity (4.3) specifications. Each grouping contains multiple-level navigation by expanding the SIF Group, then expanding the SIF Object for access to the codes and lists for each object.

### Grade Book

Codes and lists related to student grading and course final grades.

### Special Programs

Codes and lists related to a student's participation in a specific program.

### Student Information Systems

Codes and lists related to schools, staff, students, contacts, calendars, courses, schedules, attendance, and discipline objects.

### Additional Guidance

Additional context is provided for some for some code sets.

### Common Code Sets

OSDE commonly used codes sets and links to external common codes sets are provided.

## 3.7 [Grade Book](#)

### 3.7.10 Student Section Marks

#### 3.7.10.a Is Final

Values	Definition
Value	Yes/No

Program Placement Reason

#### 3.7.10.b [Extended Element Term Grade](#)

*Required if a Term Grade exists.*

Extended Element Name	Extended Element Description
TermGrade	Contained in this element will be the MarkInfoRefId that represents the relevant grade for the term associated with this particular object. Since the StudentSectionMarks contains a MarkList, it is possible for more than one grade to be assigned for this object for a particular term and it is possible for all of the grades contained in the list to be IsFinal = true. The relevant grade or “report card” grade for the term (TermInfoRefId) associated with this object should be identified by placing the MarkInfoRefId from the MarkList in this ExtendedElement. If a relevant grade does not exist, then the SIF_ExtendedElement does not have to be supplied. The format for the RefId should contain no spaces or hyphens. Example: F4AABF042EAD4781A9AA20BF64C4EDAC
