Updates to ongoing Oklahoma Turnpike Authority construction projects will be sent weekly and when significant changes occur. Latest updates may be found online at [Newsroom](#) or on OTA's social media accounts on [Facebook](#) and [X/Twitter](#).

The projects below are weather permitting:

I-44/Turner Turnpike narrows west of Kellyville Tuesday night

Westbound I-44/Turner Turnpike will be narrowed to one lane at mm 200 west of Kellyville (mm 203) from 8 p.m. to midnight Tuesday for surface repairs within the work zone.

I-44/Turner Turnpike narrows west of Kellyville through spring 2026

Eastbound and westbound I-44/Turner Turnpike lanes are shifted, and the lane width is narrowed with no shoulders between Bristow mm 197 and SH-66 at mm 203 for the widening of the Turner Turnpike to six lanes. Additionally, W. 211th St. is closed between S. 337th W. Ave. and N. 3730 Rd. through summer 2025 for ongoing bridge construction. Motorists are advised to use caution in the area and to watch for heavy equipment entering the work zone.

I-44/Turner Turnpike narrowed at SH-99 in Stroud through 2026

Westbound I-44/Turner Turnpike Lane widths are narrowed between SH-99 (mm 179) in Stroud and the westbound I-44/Turner Turnpike service plaza through 2026 as part of an ongoing widening and realignment of the westbound lanes.

I-44/Turner Turnpike service plaza truck parking areas closed at Stroud for ongoing construction; service plaza remains open for fuel, food and restroom access

The westbound I-44/Turner Turnpike service plaza at Stroud (mm 179) temporarily will have all long-term commercial truck parking closed through early 2026 as part of a project to modernize and reconstruct the service plaza. This project features a full reconstruction of the McDonald's and Loves Travel Stop buildings.

Motorists still will be able to access fuel, restrooms and food at the existing Love's during the reconstruction; however, they should expect lane shifts and changes in access throughout construction. The McDonald's is temporarily closed. Commercial trucks should locate alternative long-term parking locations.

I-44/Turner Turnpike lanes shifted at SH-66 in Wellston; SH-66 closed as part of bridge widening project

Westbound and eastbound I-44/Turner Turnpike lanes are shifted at SH-66 Wellston (mm 158-157) to a temporary detour for an ongoing bridge reconstruction project through fall 2025. Ramps will remain open during the lane shift. Motorists are advised to slow down for safety and to remain vigilant in the work zone. Additionally, eastbound and westbound SH-66 remains closed in both directions between the off-ramps for the I-44/Turner Turnpike (mm 158) in Wellston through fall 2025. This closure is between SH-102 and US-177 in Lincoln County and has a signed detour route.

I-44/Will Rogers Turnpike narrows between Adair and Claremore

Westbound I-44/Will Rogers Turnpike will be narrowed to one lane from mm 260-265 between Adair and Claremore from 7 p.m. to 7 a.m. Monday-Wednesday nights this week for a resurfacing project. No ramp closures are expected. Work is expected to complete in late summer.

I-344/John Kilpatrick Turnpike shoulders closed between Eastern Ave. through fall; Kilpatrick ramp to northbound I-35 has limited merge area

Eastbound and westbound I-344/John Kilpatrick Turnpike remains open to two lanes in each direction, but shoulders are closed between Eastern Ave. (mm 136) and I-35 (mm 132) for work related to an ongoing widening project. The project to widen this section to six lanes is expected to complete in fall 2025, weather permitting. Additionally, the eastbound John Kilpatrick Turnpike ramp to northbound I-35 remains open to one lane but the merge area onto I-35 is very limited through August. Traffic will merge onto

northbound I-35 where it is narrowed to two lanes. Motorists are advised to use caution in the work zone.

SH-351/Muskogee Turnpike intermittently narrows to one lane near I-40 and near SH-165 in Muskogee

Westbound SH-341/Muskogee Turnpike (runs north) is intermittently narrowed to one lane between E. Davis Field Rd. (mm 41) and SH-165/Peak Blvd. (mm 37) in Muskogee through mid-July for pavement rehabilitation. Additionally, westbound SH-351/Muskogee Turnpike (runs north) is intermittently narrowed to one lane at mm 44-56, near I-40. This is part of a larger capital project that will bring intermittent lane closures along SH-351/Muskogee Turnpike between SH-165 and I-40 from now through fall 2025.

SH-351/Muskogee Turnpike narrowed near Muskogee

Eastbound and westbound SH-351/Muskogee Turnpike is narrowed to one lane in both directions near Muskogee at mm 41 for bridge rehabilitation.

SH-351/Muskogee Turnpike narrows near Porter through early 2026

Eastbound and westbound SH-351/Muskogee Turnpike is narrowed to one lane in each direction between SH-51 and E. 181st St. (mm 16-19) near Porter as part of a pavement reconstruction project. Ramps are expected to remain open during this time. Work is expected to continue through early 2026, weather permitting, and will extend from mm 12 just northwest of SH-51 near Coweta to mm 19 at E. 181st St. near Porter. Motorists are advised to expect lane closures in 3-mile segments and to use caution in the area.
