---

*The projects below are weather permitting:*

### **SH-351/Muskogee Turnpike narrows at Arkansas River bridge Tuesday**

Westbound SH-351/Muskogee Turnpike will be narrowed to one lane at the Arkansas River bridge (mm 32) about 1 mile west of the Harris Rd. on-ramp from 8:30 a.m. to 3:30 p.m. Tuesday to work on the center median.

### **SH-351/Muskogee Turnpike narrows east of SH-165 Tuesday**

Westbound SH-351/Muskogee Turnpike will be narrowed to one lane about 6 miles east of SH-165 at mm 43 from 8:30 a.m. to 12:30 p.m. Tuesday for cable barrier repairs.

### **SH-364/Creek Turnpike narrows at SH-351/Muskogee Turnpike Tuesday**

Westbound SH-364/Creek Turnpike (runs southbound) will be narrowed to one lane where it intersects with the SH-351/Muskogee Turnpike at mm 25 from 8 a.m. to 3 p.m. Tuesday for pavement repairs.

### **I-44/Will Rogers narrows between Big Cabin and Adair Tuesday**

Westbound I-44/Will Rogers Turnpike will be narrowed to one lane at mm 276 between Big Cabin and Adair from 8:30 a.m. to 2 p.m. Tuesday for pavement repairs.

### **I-44/Will Rogers Turnpike narrows near Claremore through winter 2026**

Eastbound and westbound I-44/Will Rogers Turnpike will be narrowed to one lane near Claremore (mm 255 - 260) from 7 p.m. Monday to 7 a.m. Tuesday and

continuing nightly through Friday for a pavement resurfacing project. This work will extend between mm 32 near the Creek Turnpike to mm 260 on the Will Rogers through winter 2026.

## ONGOING CONSTRUCTION

### **Construction on SH-20 near Claremore could impact I-44/Will Rogers Turnpike exit ramps**

A construction project impacting SH-20 in Claremore has left turn lanes at SH-20 reduced to one lane. This may cause some back up onto the exit ramps of I-44/Will Rogers Turnpike. This project is slated to last into spring 2026. Motorists are advised to use caution in the area.

### **SH-351/Muskogee Turnpike narrows near Porter through early 2026**

Eastbound and westbound SH-351/Muskogee Turnpike is narrowed to one lane in each direction between SH-51 and E. 181st St. (mm 16-19) near Porter as part of a pavement reconstruction project. Ramps are expected to remain open during this time. Work is expected to continue through early 2026, weather permitting, and will extend from mm 12 just northwest of SH-51 near Coweta to mm 19 at E. 181st St. near Porter. Motorists are advised to expect lane closures in 3-mile segments and to use caution in the area.

### **I-44/H.E. Bailey Turnpike narrows between Randlett, Walters and at Geronimo through late summer for pavement reconstruction**

Westbound I-44/H.E. Bailey Turnpike (runs south) will be narrowed to one lane between US-277/SH-5 (mm 20) at Walters and E1870 Rd. through spring for pavement reconstruction. Eastbound I-44/H.E. Bailey Turnpike (runs north) is narrowed to one lane between US-277/US-70 (mm 5) at Randlett to 3 miles north of the interchange at mm 8 through spring.

This work is part of a larger project that will address pavement conditions between US-277/US-70 (mm 5) at Randlett and US-277/SH-5 (mm 20) at Walters through late summer 2026. Additionally, H.E. Bailey Turnpike will be narrowed to one lane

between SH-36/S.W. Baseline Rd. (mm 30) at Geronimo to SW Burk Rd./E1740 Rd. (mm 29) with intermittent ramp closures at SH-36 later in the project.
