Child day care centers may have have a shower/tub but is not required.

**State the purpose and reason for the change and provide substantiation to support the proposed change.**

Showers and tubs can only be used if there are adequate number of caregivers available to supervise all children. Showers and tubs in child day care centers are a safety hazard. Children can be seriously injured due to slipping/falling or drowning. If a caregiver is monitoring a child showering, they are no longer available to monitor the other children in their care.
