Bartlesville Municipal Authority  
ORF-23-0023-CW

**General Project Description:**

Bartlesville Municipal Authority currently operates a wastewater treatment plant that is aging and undersized for anticipated flows through the year 2050. The proposed project is to both rehabilitate existing infrastructure as well as to expand the plant to support Indirect Potable Reuse plus all appurtenances required to complete the project. This project will be entirely funded by the CWSRF loan of \$83,230,500.
