

Clean Water State Revolving Fund (CWSRF)
Green Project Reserve Eligibility Determination

Name of System
CWSRF Project Number/Loan Number

Warr Acres Public Works Authority
ORF-23-0164-CW

General Project Description:

Warr Acres Public Works Authority operates a sanitary sewer system that is near the end of its useful life and is thereby experiencing inflow and infiltration (I/I) into the system. Furthermore, a previous study of the system revealed a 21-inch interceptor in need of rehabilitation. The proposed project is to conduct a sanitary sewer evaluation study (SSES) of the entire system, engineering evaluation of areas needing cleaning, repair, rehabilitation, or replacement, design for rehabilitation or replacement of components as revealed by the SSES, conducting cleaning, repairs, rehabilitation or replacement of the lines and manholes, rehabilitation of the 21-inch interceptor, and all other appurtenances required to complete the project.

GPR Component Description:

Item	Category*
Inflow and Infiltration (I/I)	Energy Efficiency
	None
	None

Approved GPR Amount: \$10,210,000.00
Approved Subsidy Amount (if applicable) \$0.00

Approved by:
