

Clean Water State Revolving Fund (CWSRF)
Green Project Reserve Eligibility Determination

Name of System

The Sallisaw Municipal Authority

CWSRF Project Number/Loan Number

ORF-25-0017-CW

General Project Description:

The Sallisaw Municipal Authority (Authority), located in Sequoyah County, has a population of 8,510 (United States Census 2020). As of 2025, it services 3,598 active water connections and 3,103 sewer connections.

The Authority owns and operates a wastewater treatment plant (WWTP) where the current process comprises aeration basins, clarifiers, sludge thickener, sludge drying facility, and a disinfection system. The present average daily flow is 1.3 million gallons per day (MGD) and is expected to grow to 5 MGD by 2045. The Authority is currently under DEQ Notice of Violation (NOV) for OPDES permit violations for copper. The proposed project addresses the NOV through the planning and designing of a new sequencing batch reactor WWTP with new digesters, influent lift station, splitter box, laboratory, grit removal system, chlorine contact chamber and de-chlorination chamber, and all appurtenances required to complete the project. The estimated cost of the project is \$1,457,142.85 which will be funded by the Clean Water SRF loan forgiveness of \$1,457,142.85.

GPR Component Description:

Item	Category*
I&I Improvements	Energy Efficiency
