The MAPS 3 Oklahoma City Convention Center, a \$288 million project, replaced Oklahoma City's former, aging convention center, helping our community stay competitive in the lucrative convention industry for years to come. Attracting major conventions helps create local jobs and brings millions of dollars of business and tax revenue to Oklahoma City.

OKLAHOMA BOARD LAUNCHING NEW ONLINE LICENSING ADMINISTRATION SYSTEM

We are pleased to report that our initial roll out of the new online licensing system began in May for individual and firm renewals. This system will be rolled out in stages, the first being the online renewal system. Please watch for email notifications from this office regarding your individual and firm renewals. We have gone through the data migration and testing process, however, once you are notified the system has become live, we are asking all licensees and managing agents for firms to review their information to ensure that everything migrated properly.

Some website functions may be temporarily unavailable as we progress through the rollout. Again, we plan to communicate each stage of the rollout through emails and on our website, so please take a moment to review these communications. Questions or comments should be emailed to khart@pels.ok.gov

ACTIVE DUTY MILITARY AND SPOUSES

2019-2020 brought changes to Oklahoma's professional licensing boards' handling of deployed active duty military personal and their spouses. Provisions for fee waivers and expedited applications were passed by the legislature and were adopted into this Board's administrative rules. If you need additional information, please email khart@pels.ok.gov.

Further, effective immediately, professional engineers and land surveyors who are actively serving in the military, and their spouses, will be eligible to transmit their NCEES Record to an engineering or surveying licensing board at no charge when military orders require them to move to a new state. These transmittals will include a military designation in the existing remarks section on the first page to alert member boards as to their military status. This new option for military families will help them complete the comity application process faster. Military-related applicants can start the process by emailing military@ncees.org. Information is also available on the NCEES website at ncees.org/records.

P.E., S.E. DESIGNATION Update

SPECIAL PROVISION TIME PERIOD CLOSES FOR P.E., S.E. DESIGNATION APPLICANTS

Pursuant to Title 59, 475.12c(F), as of October 31, 2020, the window closed to accept applications for the P.E., S.E. designation based upon education and experience. During the 3+ years that this window was open, over 1,100 P.E., S.E. designation applications were approved and issued. Beginning November 1, 2020 all applicants for the P.E., S.E. designation are required to submit a professional application and show proof of examinations including:

1. The NCEES Structural I and Structural II exams taken prior to 1-1-11, or
2. An equivalent 16-hour state-written examination prior to 1-1-04, or
3. The NCEES Structural II exam plus an equivalent 8-hour state-written structural examination prior to 1-1-11, or
4. The NCEES 16-hour SE examination taken after 1-1-11.

CLARIFICATIONS AND GUIDANCE

The Board has been working with the Oklahoma Society of Professional Engineers, Oklahoma Structural Engineers Association, and other professional/technical organizations to answer general and specific questions regarding the requirement for the P.E., S.E. designation. The following bulleted points are intended to provide general guidance regarding the practice of structural engineering in Oklahoma.

- P.E.'s licensed in Oklahoma who have indicated in their official board records that they have competence in structural engineering may offer and perform structural engineering services and use the term structural engineer or structural engineering to describe their qualifications or services. ***However, they may not use the title "Professional Structural Engineer", "P.E., S.E.", or "S.E." or perform structural engineering analysis and design services for significant structures without obtaining the P.E., S.E. designation.***
- Beginning November 1, 2020, all new projects defined as "significant structures" require an Oklahoma Licensed Professional Structural Engineer to be the engineer of record for the structural components of the project. This provision does NOT require, or allow, a P.E., S.E. to be the engineer of record for disciplines of engineering in which they lack competence or disciplines not indicated in their board records.
- Forensic engineering that is limited to the evaluation of structural damage to defined significant structures and opining on the need for structural repairs is fully within the scope of a professional engineer with expertise in forensic engineering. However, a P.E., S.E. duly licensed in Oklahoma is required if the scope of repairs determined requires structural engineering analysis and/or any remedial design work. The aim of the P.E., S.E. designation is to place structural engineering analysis and design work for significant structures in the domain of a P.E., S.E.
- All structural engineering design aspects and structural components of a significant structure require a P.E., S.E. seal and signature. This includes but is not limited to foundations and premanufactured elements, such as bar joists and heavy timber trusses.

If you have questions or require further clarifications, email taizenman@pels.ok.gov

Board Member News

WILLOUGHBY APPOINTED AS BOARD MEMBER

Richard Willoughby, P.E., was recently appointed by Governor Kevin Stitt to serve as a member of the State Board of Licensure for Professional Engineers and Land Surveyors. His term runs from June 29, 2020 to June 28, 2026. Willoughby replaces Bill McVey, P.E., who served as a board member from 2002-2020.

Willoughby graduated from Oklahoma State University, receiving a Bachelor's of Science degree in Biosystems Engineering in 1998, and a Master's of Science in Biosystems Engineering in 2001. While at OSU, he worked as a research engineer, working with precision farming and specialty crop harvesting. He then started his career at The Charles Machine Works (CMW), manufacturer of the Ditch Witch product line in 2000. He began working as a Design Engineer in the Trencher Design Group, focusing primarily on trenching attachments from product from creation of design specs, through prototyping, testing, production start-up, and market introduction. In 2010, Willoughby was promoted to Senior Design Engineer.

In 2003, Willoughby obtained his P.E. license after passing the P.E. exam in Mechanical Engineering. In 2010, he went on to pass an additional P.E. exam in Agricultural Engineering. Willoughby has been active in the American Society of Agricultural and Biological Engineers, the Oklahoma Society of Professional Engineers, and the National Society of Professional Engineers - serving on numerous committees and holding board positions. In 2009-2010, he served as President of OSPE, and has served as Vice President of Education for OSPE from 2013-2020. In 2017, he was elected as a Fellow member of NSPE.

He currently resides in Guthrie with his wife Shellie, and son Andrew. He is active as a board member of the Guthrie Little League Baseball and serves as a Merit Badge Counselor and Assistant Scoutmaster for Troop #850 of Boy Scouts.

AARON MORRIS, P.L.S. REAPPOINTED TO THE BOARD

Governor J. Kevin Stitt recently reappointed Aaron Morris, P.L.S. to serve a 2nd, 6-year term [June 29, 2021 to June 28, 2027] as a member of the State Board of Licensure for Professional Engineers and Land Surveyors. Morris is currently completing his first 6-year term.

Since the beginning of his tenure as a Board Member, Aaron has been active at both the state and national level. He is currently serving as the Board's Chair, and worked several years to update the Oklahoma Minimum Standards for the Practice of Land Surveying, including drafting new sections on the "Specifications for Topographic and Planimetric Mapping, Including Ground, Airborne, and Space borne Surveys and "Control Surveying Reporting". Further, Mr. Morris serves on the NCEES Examinations for Professional Surveyors Committee. As a NCEES Committee officer, he was Vice Chair for 2 years and is completing his first year as Chair. He will complete his committee position as Chair in 2021-2022.

Aaron Morris graduated from East Central University in 1994 with a B.S. in Cartography. He also served in the Oklahoma Army National Guard from 1988-1996. He has been a professional land surveyor since 1998 and is a co-owner of Bennett-Morris and Associates Land Surveying, P.C. in Ardmore, OK.

DISCIPLINARY ACTIVITY OF THE BOARD

January 16, 2020**Victor Hugo Pozadas, PE 24229, Case No. 2019-068**

Through Consent: Victor Hugo Pozadas prepared, signed, sealed and issued mechanical engineering design drawings for two (2) projects that were outside his areas of engineering competence. In this regard Pozadas was found **Guilty**, assessed an administrative fine of \$750 and was ordered to **Cease and Desist** from practicing and/or offering to practice engineering services outside his areas of competence.

May 14, 2020**Reza Sadeghbeigi, PE 31905 and RMS Engineering, Inc., CA 8366, Case No. 2019-079**

Through Final Order: RMS Engineering, Inc. did not have a Certificate of Authorization to offer and/or practice engineering in the State of Oklahoma at the time they offered and performed engineering services. In this regard, RMS Engineering, Inc. was found **Guilty** and assessed an administrative penalty of \$1,000. Reza Sadeghbeigi did not have a Certificate of Licensure to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and performed. Further, Sadeghbeigi failed to submit a complete permanent professional engineer application to the Board within thirty (30) days of the date of issuance of a temporary license with all required properly completed forms and fees, and Sadeghbeigi failed within thirty (30) days, to provide information requested by the Board as a result of a formal or informal complaint to the Board. In these matters, Sadeghbeigi was found **Guilty** and assessed an administrative penalty of \$6,000.

June 25, 2020**David L.M. Louy, PLS 1310, Case No. 2020-004**

Through Consent: David L.M. Louy failed to comply with the terms agreed to with the Board in the Consent Order in Case No. 2018-099. In this regard, Louy was found **Guilty**.

NOTE: He and has now complied with the terms of the original order.

Grindle, Bender & Associates, Inc., CA 6003 and Lowell J. Bender, PE 24661, Case No. 2020-008

Through Consent: Grindle, Bender & Associates, Inc. did not have a Certificate of Authorization to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided. In this regard Grindle, Bender & Associates, Inc. were found **Guilty**, assessed an administrative penalty of 1,250 and **Reprimanded**. Lowell J. Bender knew or should have known that Grindle, Bender & Associates, Inc. did not have a Certificate of Authorization to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided and has, therefore, aided and assisted the firm in the unlicensed offer and/or practice of engineering in

the State of Oklahoma. In this regard, Bender was found **Guilty**, assessed an administrative fine of \$1,250 and **Reprimanded**.

September 17, 2020**James A. Lane, PE 21884 and Site Design Group, Inc., Case No. 2019-091**

Through Consent: James A. Lane prepared, signed, sealed and issued structural engineering design drawings without properly denoting his professional details, i.e. contact information to include his address and phone number. In this regard Lane was found **Guilty** and assessed an administrative fine of \$1,000. Site Design Group, Inc. did not have a Certificate of Authorization to offer and/or practice engineering in the State of Oklahoma at the time Lane prepared, signed, sealed and issued the engineering services were offered and provided. In this regard Site Design Group, Inc. was found **Guilty**, assessed an administrative fine of \$1,000.00 and ordered to **Cease and Desist** from practicing and/or offering to practice engineering in the State of Oklahoma until such time as they are authorized to do so.

Dr. Jahan Rasty and Real-World Forensic Engineering, LLC, Case No. 2019-100

Through Consent: Dr. Jahan Rasty did not have a Certificate of Licensure to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided. In this regard Rasty was found **Guilty**, assessed an administrative fine of \$1,250 and ordered to **Cease and Desist** from offering to practice and/or practicing engineering in the State of Oklahoma until such time as he is licensed to do so. Real-World Forensic Engineering, LLC did not have a Certificate of Authorization to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided. In this regard, Real-World Forensic Engineering, LLC was found **Guilty**, assessed an administrative fine of \$1,250 and was ordered to **Cease and Desist** from practicing and/or offering to practice engineering in the State of Oklahoma until such time as they are authorized to do so.

Nathan A. Seifert and Madsen, Kneppers and Assocs., Inc., CA 5180, Case No. 2020-015

Through Consent: Nathan A. Seifert did not have a Certificate of Licensure to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided. In this regard Seifert was found **Guilty**, assessed an administrative fine of \$1,000, and ordered to **Cease and Desist** from offering to practice and/or practicing engineering in the State of Oklahoma until such time as he is licensed to do so. Madsen, Kneppers and Associates, Inc., knew or should have known that Nathan A. Seifert did not have a Certificate of Licensure to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided and has, therefore, aided and assisted Seifert in the unlicensed offer and/or practice of engineering in the

DISCIPLINARY ACTIVITY OF THE BOARD (cont.)

State of Oklahoma. In this regard Madsen, Kneppers and Associates, Inc. was found **Guilty**, assessed an administrative fine of \$1,000.00 and **Reprimanded**.

November 2020

D & S Surveying and Mapping, CA 6676 and David D. Lacy, PLS 1666, Case No. 2019-094

Through Consent: D & S Surveying and Mapping issued three (3) Surveys that failed to achieve minimum standards as required by the Oklahoma Minimum Standards for the Practice of Land Surveying and failed to achieve standards to which it certified as required by the 2016 Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys, which constitutes misconduct. In this regard D & S Surveying and Mapping was found **Guilty**, assessed an administrative fine of \$750 and **Reprimanded**. The firm was placed on **Probation** for a period of one (1) year. David D. Lacy failed to file Certified Corner Records for the public land survey corners used as control in three (3) surveys within 90 days after the surveys were completed in violation of the Corner Perpetuations and Filing Act. Lacy issued three (3) Surveys that failed to achieve minimum standards as required by the Oklahoma Minimum Standards for the Practice of Land Surveying. Lacy's failure to discharge his duties, obligations and responsibilities required under the Oklahoma Minimum Standards for the Practice of Land Surveying demonstrates Lacy's failure to exercise prudent and deliberate consideration in decisions, made only after responsible and thorough investigation and research, which constitutes gross negligence. Lacy's certification that the Surveys were made in accordance with the 2016 Minimum Standard Detail Requirements of ALTA/NSPS Land Title Surveys evidences a failure to meet recognized standards for the practice of land surveying and constitutes misconduct. In this regard Lacy was found **Guilty**, assessed an administrative fine of \$4,500, and **Reprimanded**. Lacy's Certificate of Licensure No. 1666 was placed on Probation for a period of one (1) year. In addition to the administrative fines and probation, D & S Surveying and Mapping and David D. Lacy are required to submit to the Board's designee a comprehensive list of all land surveying boundary projects completed from the previous three (3) months along with copies of each Certified Corner Record that he filed with the State Department of Libraries. Further, Mr. Lacy shall take and successfully complete a Board approved Surveying Ethics Course within sixty (60) days of the date of the entry of the Consent Order.

Marshal G. Maggard, Jr., PE 15535, Case No. 2020-041

Through Consent: Marshal G. Maggard did not have a valid Certificate of Licensure to offer and/or practice engineering in Oklahoma at the time the engineering services were offered and performed. In this regard Maggard was found **Guilty**, assessed an administrative fine of \$7,500, and ordered to **Cease and Desist** from

offering and/or practicing engineering in Oklahoma until such time as he is licensed to do so.

Associated Engineers, Inc. and Anthony Exposito, Case No. 2020-044

Through Consent: Associated Engineers, Inc. did not have a Certificate of Authorization to offer and/or practice engineering in Oklahoma at the time Exposito prepared, signed, sealed and issued the engineering documents. In this regard, Associated Engineers, Inc. was found **Guilty**, assessed an administrative fine of \$1,000, and ordered to **Cease and Desist** from offering and/or practicing engineering in Oklahoma until such time as they are licensed to do so. Anthony Exposito did not have a Certificate of Licensure to offer and/or practice engineering in the State of Oklahoma at the time the engineering services were offered and provided. In this regard Exposito was found **Guilty** and assessed an administrative fine of \$1,000 and was ordered to **Cease and Desist** from offering to practice and/or practicing engineering in the State of Oklahoma until such time as he is licensed to do so.

Mark T. Gay, PLS 1354, Case No. 2020-053

Through Consent: Mark T. Gay failed to comply with the Continuing Education audit by not providing acceptable proof of obtaining the required thirty (30) PDH's he certified as completed when renewing his PE Certificate of Licensure. In this regard Gay was found **Guilty**, assessed an administrative fine of \$1,500, **Reprimanded** and shall be audited for compliance with continuing education requirements in the next renewal cycle of his Certificate of Licensure.

Terry A. Daniel, PE 17228, Case No. 2020-055

Through Agreement: Terry A. Daniel has surrendered his Certificate of Licensure to the Board in lieu of formal administrative action and will be permanently barred from reissuance of licensure as a professional engineer in the State of Oklahoma.

Wesley G. Britson, PE 14363, Case No. 14363

Through Agreement: Wesley G. Britson has surrendered his Certificate of Licensure to the Board in lieu of formal administrative action and will be permanently barred from reissuance of licensure as a professional engineer in the State of Oklahoma.

February 2021

John Elliott, PE 31584, Case No. 2020-059

Through Consent: John Elliott prepared, signed, sealed, and issued the electrical engineering design drawings for a project in which Elliott was performing engineering services outside his designated area of engineering competency. In this regard Elliott was found **Guilty**, assessed an administrative fine of \$2,500 and **Reprimanded**.

DISCIPLINARY ACTIVITY OF THE BOARD (cont.)

Hagos Ermias Andebrhan, PE 25062, Case No. 2020-061

Through Consent: Hagos Ermias Andebrhan failed to comply with the Continuing Education audit by not providing acceptable proof of obtaining the required thirty (30) PDH's he certified as completed when renewing his PE Certificate of Licensure. In this regard Andebrhan was found Guilty and assessed an administrative fine of \$750. Andebrhan also provided false information to the Board when he renewed his PE Certificate of Licensure, by certifying he had completed the Continuing Education requirements to obtain thirty (30) PDH's, when in fact he had not. In this regard Andebrhan was found **Guilty**, assessed an administrative fine of \$750, **Reprimanded** for both violations and shall be audited for compliance with continuing education requirements in the next renewal cycle of his Certificate of Licensure.

Mark Irwin Bresler, PE 17926, Case No. 2020-062

Through Agreement: Mark Irwin Bresler has surrendered his Certificate of Licensure to the Board in lieu of formal administrative action and will be permanently barred from reissuance of licensure as a professional engineer in the State of Oklahoma.

Thomas John Fulton, PE 16817, Case No. 2020-063

Through Consent: Thomas John Fulton failed to comply with the Continuing Education audit by not providing acceptable proof of obtaining the required thirty (30) PDH's he certified as completed when renewing his PE Certificate of Licensure. In this regard Fulton was found Guilty and assessed an administrative fine of \$1,000. Fulton also provided false information to the Board when he renewed his PE Certificate of Licensure, by certifying he had completed the Continuing Education requirements to obtain thirty (30) PDH's, when in fact he had not. In this regard Fulton was found **Guilty**, assessed an administrative fine of \$1,000, **Reprimanded** for both violations and shall be audited for compliance with continuing education requirements in the next renewal cycle of his Certificate of Licensure.

Terral L. Altom, PE 19739, Case No. 2020-065

Through Consent: Terral L. Altom failed to comply with the Continuing Education audit by not providing acceptable proof of obtaining the required thirty (30) PDH's he certified as completed when renewing his PE Certificate of Licensure. In this regard Altom was found **Guilty**, assessed

an administrative fine of \$1,500, **Reprimanded** and shall be audited for compliance with continuing education requirements in the next renewal cycle of his Certificate of Licensure.

Jason William Jung, PLS 1810, Case No. 2020-067

Through Consent: Jason William Jung failed to comply with the Continuing Education audit by not providing acceptable proof of obtaining the required thirty (30) PDH's he certified as completed when renewing his PLS Certificate of Licensure. In this regard Jung was found **Guilty**, assessed an administrative fine of \$1,500, **Reprimanded** and shall be audited for compliance with continuing education requirements in the next renewal cycle of his Certificate of Licensure.

Caleb Melton, PE 31520, Case No. 2020-070

Through Consent: Caleb Melton prepared, signed, sealed, and issued the electrical engineering design drawings for a project in which Melton was performing engineering services outside his designated area of engineering competency. In this regard Melton was found **Guilty**, assessed an administrative fine of \$1,500 and ordered to immediately **Cease and Desist** offering and/or practicing electrical engineering in Oklahoma until such time as he has been authorized by this Board to do so.

March 2021

Don Ray Sharp, PE 29401 (Inactive), Case No. 2019-096

Through Final Order: Don Ray Sharp did not have a valid PE Certificate of Licensure to offer and/or practice engineering in Oklahoma at the time he prepared, signed, sealed, dated and issued an Engineering and Damage Assessment Report and Repair Opinions for an Oklahoma project. In this regard Sharp was found **Guilty**, assessed an administrative fine of \$2,500, and was ordered to **Cease and Desist** the offer and/or practice of engineering in Oklahoma until such time as he is licensed to do so. Further, Mr. Sharp was ordered to successfully complete thirty (30) PDH's including a Board approved ethics course as an additional requirement for re-licensure. Mr. Sharp's PE Certificate of Licensure is hereby **Suspended** for a period of no less than two (2) years and until he fully complies with this Order prior to his re-application.

***DISCLAIMER:** Every effort has been made to ensure that the above enforcement information is correct. However, this information should not be relied upon without verification from the Board office. It should be noted that the names of companies and individuals may be similar to the names of the parties who have not had enforcement actions taken against them. Disciplinary orders are public record and copies may be obtained on the Board's website at www.pels.ok.gov. - select "Consumers" and "Disciplined Licensees and Firms".*

BOARD NOTES

Eric D. Casper

Communications and Outreach Strategist

Need a Speaker?

If your university, classroom or student organization, firm, or professional or technical organization would benefit from a presentation on the FE/FS and/or PE/PS exams, engineering and/or surveying ethics, continuing education requirements, or the importance of licensure, we are happy to assist. We offer both in-person presentations and virtual presentations. Please contact our Communications and Outreach Strategist, Eric D. Casper, at ecasper@pels.ok.gov or 405-522-3358 to make your request.

State Board of Licensure for Professional Engineers and Land Surveyors: Professionally Engineering the Future Scholarship

The Professionally Engineering the Future Scholarship was established through an endowed fund of the Oklahoma City Community Foundation in 2018 by the State Board of Licensure for Professional Engineers and Land Surveyors (OKPELS). This scholarship was established to benefit and support creative and diverse student leaders entering their first professional degree program in the field of Engineering or Engineering Technology, in any discipline of engineering, whose goals are directed towards Professionally Engineering the Future through the principled practice of engineering as a future Engineer Intern and Professional Engineer.

To be eligible, applicants must be attending a university in Oklahoma and enrolled in an undergraduate professional degree program accredited by EAC/ABET or ETAC/ABET for Engineering or Engineering Technology. Applicants must be full-time students entering their third, fourth or fifth year of school. Applicants must have a collegiate GPA of at least 2.5. Preference may be given to students who have graduated from an Oklahoma high school and financial need is considered.

If you or someone you know may be interested in applying for the 2022-2023 scholarship, please visit OCCF.AcademicWorks.com and/or you may view the “How to Apply” video at OCCF.org/Scholarships. Applications will be available starting October 1st, 2021.

Questions? Email Eric Casper at ecasper@pels.ok.gov.

Interested in Retiring Your P.E. or P.L.S. License?

OAR: 245: 15-7-1(c) states, "When a professional engineer or land surveyor in good standing desires to retire his or her license, he or she may do so upon application to the Board, subject to reinstatement and continuing education requirements by the Board." **PLEASE NOTE: If you renew your license and certify that you have met the continuing education requirements, you shall NOT be allowed to retire your license in lieu of an administrative action if you are chosen for audit and do not have the required hours.**

LICENSE EXPIRATIONS - November 1, 2019 - December 31, 2020

**COMPLIANCE WITH THE OKLAHOMA TAX COMMISSION REQUIRED FOR
RENEWAL OF ALL PROFESSIONAL LICENSES...**

Oklahoma Statutes require that a licensee must be in compliance with the Oklahoma Tax Commission to qualify to renew their professional license. If you are notified by the tax commission that you are in non-compliance, please act immediately. The Board does not have the authority to waive this requirement, so CONTACT THE OKLAHOMA TAX COMMISSION if you are notified.
