Message From the Chair . . .

By Roy W. Entz, P.E., P.L.S.

Public Hearing Comments July 21, 2005

A public hearing was conducted on July 22, 2005 regarding the interpretation of House Bill 1607, which becomes law on November 1, 2005. The topic of the meeting was whether or not some activities involved in photogrammetry or GIS mapping is included in the definition of the practice of land surveying. The approximately 70 people in attendance were representatives from the legislature, aerial photography companies, county assessors offices, Conservation Commission, Corporation Commission, Department of Commerce, Tax Commission, Association of Regional Councils, ODOT, and utility companies to name a few. The Board appreciated the attendees active participation and their willingness to share information and their views on these topics.

While it seems that if mappers were licensed, they would most logically fall under the definition of the practice of land surveying, there was not any majority agreement that it is necessary to license mappers. If the Board pursued registration of mappers, a revision to the law would be necessary to provide some amount of time to grandfather these mappers, along with a provision to practice only within their area of expertise.

Roy W. Entz, P.E., P.L.S.,
Board Chair

An effort will be made in the upcoming draft of the revisions to Board Rules of Procedures to clarify the term "control" as referenced in "preparation of the control portions of geographic information systems". This language found in Section 475.2(7)(a)(6) leaves it unclear as to how much control is intended, which the Board intends to clarify.

Writing Legal Descriptions Title 59, Section 475.2(7)(a)(4)

by Roy W. Entz, P.E., P.L.S.

Another topic the Board is addressing is the change in the law in the definition of the practice of land surveying, Section 475.2(7)(a)(4) which states "subdivision of land parcels into smaller parcels and/or the preparation of the descriptions thereof."

A considerable amount of discussion has occurred with regard to this new language. The practice of writing legal descriptions for new parcels has been traditionally done by other professions as well as by professional land surveyors, and

therefore also comes under the exceptions in Section 475.22. However, the Board currently plans to propose amended language in the statute, Section 475.2(7)(a)(4), during the next legislative session to read "monumenting the subdivision of land parcels into smaller parcels and the preparation of the descriptions in connection therewith."

This is only proposed language and will need to go before the legislature before it will be enacted. However, in anticipation of this rewrite of the statute, Section 475.2(7)(a)(4) will not be enforced as currently written.

Mike Sharp, Chair, Oklahoma Geographic Information Council speaking to the Board at the Public Hearing

Leonard Sullivan, Oklahoma County Assessor, addressing the Board at the Public Hearing.

Listening to public comment at the July 21, 2005 public hearing are Board Members (above) Jon Nelson, P.E.; Mark Fuller, Public Member; Ted Sack, P.L.S.; (below) George Gibson, P.E., Bill McVey, P.E., Robert Zahl, P.E.; Rebecca Coffman, Court Reporter

Remaining Board Meeting Dates 2005

**September 8-9, 2005
November 17-18, 2005**

Exam Dates & Cut-off Dates for Submitting Applications:

**Application forms are on our website
www.pels.state.ok.us
Please Share These Dates with Others**

**August 3, 2005 - cut-off date
for P.E. & L.S. applications for
the October 28, 2005 exams
AND the cut-off date for E.I.
& L.S.I. applications for non
full-time students for the
October 29, 2005 exams.**

**Sept. 5, 2005 - cut-off date for
E.I. & L.S.I. applications for
full-time students for the
October 29, 2005 exams.**

**January 3, 2006 - cut-off date
for P.E. and L.S. applications
for the April 21, 2006 exams
AND the cut-off date for E.I.
& L.S.I. applications for non
full-time students for the April
22, 2006 exams.**

**February 5, 2006 - cut-off
date for E.I. & L.S.I.
applications for full-time
students for the
April 22, 2006 exams**

**PLEASE NOTE: CUT-OFF DATES
FOR THE FALL 2006 EXAMS FOR
P.E. AND L.S. APPLICATIONS
AND THE E.I. AND L.S.I. APPLI-
CATIONS FOR NON FULL-TIME
STUDENTS WILL BE
JUNE 1, 2006.**

License Expirations April 1, 2005 to July 31, 2005

EXPIRATION/REVOCATION - Registrations may be revoked by the Board for non-payment of renewal fees. Registrants will be notified of revocation by certified mail. Typically this notification is mailed 10 days following expiration.

RENEWALS - Each registration issued by the Board expires on the last day of the month in which renewal fees are due, and becomes invalid on that date unless paid. One notice of the renewal is sent by first class mail to the address of record in the board files. This in effect provides notice two months prior to revocation.

REINSTATEMENT - Former registrants whose certificates have expired and were revoked for failure to pay renewal fees and desire to reinstate shall make application for reinstatement within 180 days after expiration and pay the prescribed renewal fee and penalty. After 180 days, a new application will be required, which shall be considered specifically by the Board, both from the standpoint of competency and of character.

Kathy Hart, Executive Director

State Board of Professional Engineers and Land Surveyors

&

Jean Williams, Executive Director

Board of Governors of Licensed Architects and Landscape Architects

The Board of Governors of Licensed Architects and Landscape Architects, the State Board of Registration for Professional Engineers and Land Surveyors, and the State Fire Marshal's office are combining forces to advance the health, safety, and welfare of the public in the regulation of the professions under the jurisdiction of these boards, under the enforcement provided by the State Fire Marshal's office.

Meetings are being held and ideas are being exchanged to determine how to improve the communication between our agencies, which have similar goals and missions, for the professionals we regulate. The common objective is to ensure that all buildings built in the state of Oklahoma comply with the applicable statutes, rules, and building codes, and are safe to utilize or occupy. In this regard, we collectively decided that circulating *The Board's Bulletin* to all professional engineers, land surveyors, architects and landscape architects would be a good communication tool to utilize. Therefore, for the first time *The Board's Bulletin* is being mailed to all of these professionals. We welcome your comments and suggestions as to how to make this publication a more useful tool for you as professionals.

As the Executive Directors of the boards regulating your professions, we also strongly recommend that you familiarize yourself with not only the statute and rules which regulate your profession, but also any statutes or rules which regulate your "sister" professions. Architects need to become familiar with the engineering laws and engineers need to become familiar with the architectural laws to ensure that all state rules and regulations are followed.

One way that this board has chosen to use *The Board's Bulletin* in the past is to publish all disciplinary activity of the Board. This involves activities concerning licensed and unlicensed practice of engineering and land surveying. Beginning with this issue, *The Board's Bulletin* will also contain all disciplinary activity taken by the Architectural Board. *The Board's Bulletin* will also address any current topics of interest, which may involve the regulation of the practice of engineering, surveying, architecture and/or landscape architecture. We will be soliciting input from the State Fire Marshal's office in this communication as well.

So look for "*The A/E Interchange*" column in each issue of *The Board's Bulletin* to keep abreast of what's currently happening in your professions.

Over 70 . . . and Enjoying the Benefits!

If you are a registered professional engineer or land surveyor in the state of Oklahoma, one of the benefits of being over 70 years of age is not being required to pay your \$100 biennial renewal fee. This waiver is for all registrants over the age of 70. An added exemption is reflected in the rules for continuing education for professional engineers and land surveyors. **IF** you meet the requirement of not practicing your profession for the prior 2 years, you may certify on your continuing education log form to this effect and return the form to our office with your renewal form and you will not be required to obtain continuing education. **HOWEVER**, if you are listed on a certificate of authorization as being in responsible charge of the professional practices of a firm, you will **NOT** qualify for this exemption.

Congratulations to Successful Examinees - April 2005!

ENV	1	1	100	74	36
MEC	16	3	19	66	31
STR I	6	1	17	44	23

*The Fundamentals of Engineering Examination is divided into discipline specific examinations. Oklahoma does not report the pass rate by discipline and NCEES does not report the national pass rate. You may go to the NCEES website at ncees.org for national FE pass rates by discipline.

**National examination statistics are calculated using criteria for "first time takers" or "repeat takers". Oklahoma statistics do not differentiate between "first time takers" and "repeat takers". Typically there is a substantial difference in the pass rate if you include all takers as opposed to separating the two.

Congratulations to Successful Examinees - April 2005!

DISCIPLINARY ACTIVITY

May 26-27, 2005

In the Matter of Dant Clayton Corporation, CA 4414, and Richard Barrios, PE 19002; Case No. 04-25; Through Consent: For offering and performing engineering services in the state of Oklahoma on four projects without a certificate of authorization to do so, Dant Clayton Corporation is found **Guilty and assessed an administrative penalty of \$2000**. Richard Barrios, for aiding assisting Dant Clayton Corporation in the unauthorized practice of engineering in the state of Oklahoma is found **Guilty and assessed an administrative penalty in the amount of \$500**.

In the Matter of Glenn Briggs & Associates, Inc., CA 544, and Glenn R. Briggs, P.E. 5749; Case No. 04-61; Through Consent: Glenn Briggs & Associates, Inc. and Glenn R. Briggs undertook to provide consultation, evaluation, planning and design as well as other engineering services for the Duke Municipal Authority to design and get approval for the addition of a total retention lagoon system to the wastewater treatment facilities. For committing acts which evidence attempts through commission or omission to mislead any person or entity regarding the services for this project, the firm and professional engineer are each found **Guilty of misconduct and assessed an administrative penalty in the amount of \$5,000 each for a total of \$10,000**. Glenn R. Briggs' registration as Professional Engineer is hereby **Suspended for a term of one (1) year**. As a condition of reinstatement, Mr. Briggs is ordered to complete **Intermediate Studies in Engineering Ethics** offered by the College of Engineering, Texas Tech University.

In the Matter of Edgar A. Stacy, III, PE 17977; Case No. 05-11; Through Consent: For being disciplined by the state of New Jersey for practicing engineering with an expired certificate of registration, Mr. Stacy is found **Guilty and hereby Reprimanded**.

In the Matter of Ronald A. Roberts, PE 17101; Case No. 05-12; Through Consent: For being disciplined by the state of New Jersey for practicing engineering with an expired certificate of registration, Mr. Roberts is found **Guilty and hereby**

Reprimanded.

In the Matter of Scott Lee Harvey; Case No. 05-20; Through Consent: For offering engineering services in the state of Oklahoma, deceiving his employer by telling him he was a registered professional engineer in Oklahoma and obtaining an Oklahoma Professional Engineer's seal, Mr. Harvey is found **Guilty and assessed an administrative penalty of \$1000**.

July 21-22, 2005

In the Matter of Arnold Irwin, Jr.; Case No. 05-18; Through Consent: For offering and practicing surveying services on multiple projects in the state of Oklahoma without a certificate of registration to do so, Mr. Irwin is found **Guilty and assessed an administrative penalty in the amount of \$3,750**. **Mr. Irwin is ordered to cease and desist from the practice of land surveying in the state of Oklahoma until such time as he has been issued a certificate of registration to do so**.

In the Matter of Bonnie B. McInnish, PE 21852; Through Consent: For offering and practicing engineering in the state of Oklahoma on a project without a certificate of registration to do so, Ms. McInnish is found **Guilty and assessed an administrative penalty of \$500**.

In the Matter of E. C. Woodward Architect & Associates, P.C., and Ernest C. Woodward; Summary of Findings of Facts and Order: For offering and practicing engineering without a certificate of registration to do so on 5 projects in the state of Oklahoma, Mr. Woodward is found **Guilty and assessed an administrative penalty of \$5,000**. For offering and practicing engineering without a certificate of registration to do so on 5 projects in the state of Oklahoma, E. C. Woodward Architect & Associates, P.C. is found **Guilty and assessed an administrative penalty in the amount of \$5,000**. **Both respondents are ordered to cease and desist from the practice of engineering until such time as they are duly registered to do so**.

DISCIPLINARY ACTIVITY (cont.)

As stated in the “A/E Interchange” article of this newsletter – The Board’s Bulletin is now printing disciplinary matters conducted by the Board of Governors of Licensed Architects and Landscape Architects. The following are these enforcement activities from 2005 to date:

In the Matter of Monte Goucher and Goucher & Associates, Inc.; Case No. 2004-206: Monte Goucher is a registered professional engineer in the state of Oklahoma. Goucher & Associates, Inc. is a registered engineering firm in the state of Oklahoma. Neither is authorized to offer or provide architecture services in the state of Oklahoma. For designing and preparing plans and specifications for a church with an estimated cost exceeding \$200,000, the Board of Architects and Landscape Architects finds that Mr. Goucher has unlawfully practiced or offered to practice architecture in the state of Oklahoma without a license to do so. Mr. Goucher is hereby assessed a civil penalty in the amount of \$500.

In the Matter of Brett Biesemeyer; Case No. 2004-220: Brett Biesemeyer is a registered professional engineer in the state of Oklahoma. Mr. Biesemeyer is not authorized to offer or provide architecture services in the state of Oklahoma. For designing and preparing plans for a church which exceeded \$40,000 in cost, the Board of Licensed Architects and Landscape Architects finds that Mr. Biesemeyer has unlawfully practiced or offered to practice architecture in the state of Oklahoma without a license to do so. Mr. Biesemeyer is hereby assessed a civil penalty in the amount of \$5000.

OLS EXAM PAK STUDY UNDERWAY

The Oklahoma Law & Surveying Examination (OLS) is an important part of the licensing process for professional land surveyors in Oklahoma. Knowledge of the laws and procedures governing the practice of land surveying in Oklahoma is essential to the goal of protection of the public. The profession has undergone many changes in the last ten (10) years. Land Surveyors are being mailed a Professional Activities and Knowledge Survey (PAKS) to collect information from the land surveying community to ensure that the information being tested is current and relevant to the practice of land surveying in Oklahoma. The success and validity of this effort depends upon the participation of professional land surveyors in the state of Oklahoma.

Please take the time to complete the PAKS study and return it to our office by September 1, 2005.

Thank you in advance for your willingness to contribute to the future of the profession of land surveying in the state of Oklahoma.

The online roster is up and running!

New Printed rosters will be ready for distribution in September 2005. You may order your copy online by going to www.pels.state.ok.us and click on "Roster"
