We have received your request from September 29th to obligate STIC Incentive program funding to develop and implement an outreach plan to accelerate innovation deployment in Oklahoma and to provide a demonstration of Autonomous Truck Mounted Attenuators for Innovative Work Zone Safety. Through this memo, we are allocating the following amounts of contract authority and an equal amount of obligation limitation to your State. These funds are made available under Fixing America's Surface Transportation (FAST) Act, Public Law 114-94, section 6002 (a)(2) for the specific project indicated below.

State	Program Code	FY	CFDA	Project	Contract Authority	Obligation Limitation
	DELPHI Code: 15X0445060					
Oklahoma	Z37E	2017	20.200	Outreach plan to accelerate innovation	\$60,000	\$60,000
				Autonomous Truck Mounted Attenuators for Work Zone Safety	\$40,000	\$40,000
				Total	\$100,000	\$100,000

In accordance with the program guidance, a progress report on the project is due every 6 months followed by a final report when the project is completed. The maximum Federal share for these funds is 80 percent and the funds are to be used in accordance with 23 U.S.C. 120. These funds must be obligated within six months of notification of transfer into FMIS. These funds are available until expended and are subject to four years of obligation limitation.

Additionally, please contact this office in writing to notify that 1) the related project(s) have closed; 2) if the remaining balance has been deobligated from the project; 3) to request a deallocation of funds.

If there are any questions, please contact the Sara Lowry at (614) 280-6835 or by e-mail at Sara.Lowry@dot.gov. By copy of this memorandum, we request that the Office of Budget - FMIS Team, Office of the Chief Financial Officer process this allocation.
