

# SPONSORSHIP OPPORTUNITIES

## Partner with Oklahoma's Growing Charter Community

The first annual conference attracted 420 attendees. We anticipate well over 500 attendees, perhaps even 600, in 2026! As Oklahoma's charter community grows — and it's growing! — so does our annual conference. Our conference is free to attendees and made possible through sponsorships.

Both new charters and existing charters are looking to partner with proven, effective vendors who understand their unique needs and their mission to innovate and elevate student learning. This conference is an ideal way to showcase how you can support Oklahoma's charter schools!
