777:10-3-4. Oversight and evaluation of charter schools and virtual charter schools by the Statewide Charter School Board

- (a) **Tiered school oversight process.** The performance framework sets forth the performance indicators for authorization of charter schools and virtual charter schools in the State. Schools shall meet or show evidence of significant progress toward meeting the required standard accountability indicators as a condition of continued authorization.
 - (1) The Board provides a tiered school oversight process that includes a system of monitoring and oversight functions to ensure the school's compliance with all applicable laws, regulations, rules, and terms of the charter contract.
 - (2) The tiered school oversight process shall provide for review, notices, warnings, probation, and closure of schools that fail to meet the standard accountability indicators. If a school does not take action to comply, the Board may proceed with steps at an appropriate level of concern.
 - (3) The tiered school oversight process is designed to allow the Board to take appropriate action at any level based on each unique situation that may be identified through the performance framework or identified through another process.
 - (A) The Board shall perform an annual review and evaluation of the performance of charter schools and virtual charter schools. The performance framework includes the indicators assessed and required in statute, rules, and the charter contract. The performance framework is presented annually to the Statewide Charter School Board and the school's governing board in an open meeting. These indicators may identify potential concerns for further review and research.
 - (B) Using the results of the performance framework, SCSB staff reviews and researches identified potential concerns to determine the nature and severity of the concern and possible corrective actions. The school is expected to take action to remedy identified deficiency(ies).
 - (C) Unresolved deficiency(ies) identified in the review and research stage of the tiered school oversight process will generate a notice of concern, issued by the Statewide Charter School Board staff and sent to members of the

Statewide Charter School Board and the school's governing board. Terms and timeline to resolve deficiency(ies) will be included in the notice of concern. The Statewide Charter School Board may offer support and resources.

- (D) A formal warning action to address unresolved deficiency(ies) or other serious concern(s) may be taken by the Statewide Charter School Board in an open meeting. The warning shall include deficiency(ies), terms and timeline for resolution and requires the school to take action. Support and resources may be made available and/or required.
- (E) Probation is a formal action taken by the Board in an open meeting and as a final opportunity for a school to resolve a deficiency(ies). A final plan from the charter school or virtual charter school is required.
- (F) Closure is a formal action taken by the Board in open meeting on a school who fails to resolve a deficiency(ies). It is a final action and requires the SCSB's and the school's governing board to follow the closure plan.
- (b) **Oversight and annual performance review.** The Board will provide ongoing oversight of the charter schools and virtual charter schools through data and evidence collection, site visits, classroom observations, audits, attendance of governing board meetings, compliance checks, and school performance reviews. Schools will be subject to an annual performance review of the immediately preceding school year. The review will consist of a compilation of performance ratings and findings based on the performance framework standards. Results will be shared with key stakeholders. The charter school or virtual charter school will have forty-five (45) calendar days to respond to the annual performance review in writing and such response will become part of the public record.
- (c) **Performance framework.** The performance framework for designated charter schools and virtual charter schools establishes accountability criteria and assesses schools in the areas of academic, financial, and organizational capacities.
 - (1) Oklahoma performance measures will be used to assess the school's academic performance, including overall achievement, overall growth, subgroup achievement, subgroup growth, and post-secondary readiness. SUBCHAPTER 1. OKLAHOMA SUPPLEMENTAL ONLINE COURSE CERTIFICATION

777:15-1-1. Purpose

The Statewide Charter School Board (SCSB) makes publicly available a list of supplemental online courses which it has reviewed and/or certified to ensure that the courses are high quality options and are aligned with the subject matter standards approved by the State of Oklahoma. In conjunction with the Office of Management and Enterprise Services (OMES), the SCSB negotiates with online course providers to offer a state rate price to school districts for supplemental online courses. These rules have been adopted for the purpose of implementing policy and procedures pursuant to Oklahoma Statute Title 70, Section 3-145.3.

777:15-1-5. Course review requirements

- (a) Online Course Providers must supply the following to have courses listed in the OOCC:
 - (1) The name of the institution or organization providing the online content;
 - (2) Course title and subject code (using appropriate course title and subject code as established by the Oklahoma State Department of Education's approved Subject Codes for the appropriate academic year);
 - (3) Brief course description;
 - (4) Grade level(s);
 - (5) Subject area;
 - (6) Unit(s) of credit;

- (b) At the time of the course review, guest access to the course will be required for the reviewers. If substantive changes are made to a course since its last certification, it must be submitted for review regardless of its current status in the review cycle. Substantive changes would include altering the intended course outcomes, significantly changing instructional strategies or assessment protocols used in the course as a whole, or any revision that impacts standards alignment. Only courses certified (or pending review) by the Statewide Charter School Board will be accepted into the Oklahoma Online Course Catalog.
- (c) Course Providers whose courses have undergone review and approval by a recognized third-party entity must provide the results of those reviews. - (a) All approved vendors will have the online courses they submitted published in the Oklahoma Online Course Catalog and reviewed according to the schedule adopted by the SCSB.
- (b) Course reviews will be conducted by content experts and pedagogical experts selected by the SCSB. Courses will be evaluated using rubrics to determine alignment with the current academic standards approved by the State of Oklahoma (or nationally/ internationally accepted content standards set for courses whose content is not included in state standards) and national standards for quality in online course design. Course Providers whose courses have undergone review and approval by a recognized third-party entity must provide the results of those reviews. Depending on the results of the external review, a course may be recommended for state certification with no additional review or with a modified review process (e.g., review only for alignment to state standards). Online Course Providers of Advanced Placement (AP) courses must provide the results of the AP Course Audit and Authorization. No other course evaluation will be conducted for AP Courses. Online Providers must provide evidence annually of AP Authorization Renewal. (c) If results of the initial review suggest that a course will not be recommended for certification, the Course Provider will be contacted

with the review results and will have fifteen (15) calendar days to revise material or provide additional information pertinent to the review. These revisions will be examined by the course reviewers and, if appropriate, the rubric scores will be modified. Once the course review is complete, results of the evaluation will be presented to the Statewide Charter School Board (SCSB). The SCSB will consider the evidence and vote whether to certify or not certify the course. The decision will be made on a simple majority vote. If the SCSB votes to not certify a course, the course will be removed from the Oklahoma Online Course Catalog and the Course Provider will be notified of the reasons the course was not certified. The Course Provider may revise the course and resubmit for additional Course Review and certification consideration. Resubmitted courses will be reviewed after all submitted courses have undergone an initial review. Courses approved will be certified for a five-year period. After which, Course Providers must apply for renewal. Certified courses will be identified as such and have their course review ratings published in the Oklahoma Online Course Catalog. Courses pending review will be identified as such in the Oklahoma Online Course Catalog.

Additionally, the Course Provider shall supply certification or applicable credentialing documentation to the SCSB as part of the course review process and within ten (10) working days upon the hire of any new instructors for any certified course. The Course Provider shall be responsible for such obligation regardless of whether instructors are employees of the Course Provider, independent contractors, or employees of a third-party course vendor. Course Providers shall take all steps necessary to verify the qualifications of non-employee instructors. (5) Notify SCSB in writing within ten (10) working days if for any reason an online instructor no longer meets the requirements to teach a course offered. - (7) Own, secure, and/or maintain licensure and copyright for all courses offered in the Oklahoma Online Course Catalog.
- (8) Course Providers of Advanced Placement (AP) courses must provide evidence annually of AP Authorization Renewal.
- (9) Refrain from significantly modifying or changing courses without prior notice and approval from the SCSB. Course Providers shall provide written notice of any planned modification in sufficient detail for SCSB Course Reviewers to determine whether the course continues to satisfy all requirements. Failure to obtain written approval may result in removal of the course from the approved catalog.
- (10) Ensure that each certified course is maintained throughout the duration that the course is offered and continues to meet the current academic standards approved by the State of Oklahoma; national standards for quality in online course design; and Oklahoma's Information Technology Accessibility Standards. (11) Employ the appropriate course title and subject code as established by the Oklahoma State Department of Education's approved Subject Codes for the appropriate academic year for the purpose of data collection.
- (12) Report aggregate student success data to the SCSB in the requested format and by the timeline set. The SCSB does not collect individual student information. By August 1 of each year, the Course Provider will report the following aggregate student success data to the SCSB:

777:15-1-8. Process for course certification renewal

Courses that remain in good standing are certified for a period of five years. Course Providers may apply for renewal of their course certification six months prior to the completion of the course approval period. Course Providers will notify the SCSB of their intent to apply for renewal by submitting all documents listed in the Course Review Requirements. Course Providers who have maintained their "good standing" status throughout the course approval period will have their courses reviewed and considered for certification following a similar procedure as their initial Course Review and Certification Process. Aggregate student success data will be considered in renewal decisions. Additionally, the SCSB may survey districts to collect satisfaction data and those data may also be considered in renewal decisions. Course Providers who have not maintained a "good standing" status must provide documentation explaining the lapse in "good standing" status and the protocols that are in place to prevent such a lapse in the future.
