## Multiple Injury Trust Fund Assessment

Insurance carriers writing workers' compensation insurance in Oklahoma and self-insured employers, including group self-insurance associations, shall pay quarterly to the Oklahoma Tax Commission an assessment for the Multiple Injury Trust Fund in an amount not exceeding 6.29% of gross direct written premium (for workers' compensation insurers), normal premium (for group self-insurance associations) and actual paid losses (for individual self-insured employers). The assessment rate is determined annually by the Workers' Compensation Commission pursuant to a statutory formula. Notice of the rate is provided to payors by May 1 of each year. The rate is for the first, second, third and fourth quarter assessment period of July 1 to June 30. Uninsured employers, those who do not secure their workers' compensation obligations, are assessed five percent (5%) of their total compensation paid for permanent disability and death awards.

Assessments are due on the 15th day of the month following the end of the calendar quarter and are based on the payor's premium or losses, as applicable, during the quarter. Failure to make assessment payments, or to timely notify that payment was made, may result in administrative penalties, including but not limited to, the greater of \$500 or 1% of the unpaid amount. Notice of each payment must be given to the Oklahoma Insurance Commissioner if the payor is an insurance carrier, or to the Workers' Compensation Commission if the payor is an individual or group self-insurer.
