## GENERAL FILING INFORMATION

### Liability for Filing Your Return...

Every resident or foreign corporation subject to taxation under Oklahoma statutes shall make a return, whether or not it shall have any net income.

NOTE: Small Business Corporations (Subchapter S) must use Form 512-S.

### Time and Place for Filing...

The return must be filed on or before the 15th day of the third month following the close of the taxable year with the Oklahoma Tax Commission, PO Box 26800, Oklahoma City, Oklahoma 73126-0800. A valid extension of time in which to file your Federal return automatically extends the due date of your Oklahoma return if no Oklahoma liability is owed. A copy of the Federal extension must be enclosed with your Oklahoma return. If your Federal return is not extended, or an Oklahoma liability is owed, an extension of time to file your Oklahoma return may be granted on Form 504. The Form 504 must be filed on or before the due date of the return.

90% of the tax liability must be paid with the extension to avoid delinquent penalty for late payment. 100% of tax liability must be paid with the extension to avoid delinquent interest for late payment.

In the case of complete liquidation or the dissolution of a corporation, the return shall be made on or before the 15th day of the fourth month following the month in which the corporation is completely liquidated (or the Federal due date).

### Fiscal Year and Short Period Returns...

For all fiscal year and short period returns, the beginning and ending dates of the tax year must be shown on the top portion of the return where indicated. Omission of this information may cause a significant delay in the processing of the return and no interest will accrue on any refund pending.

## GENERAL FILING INFORMATION

### Consolidated Returns...

If a Federal consolidated return is filed, an Oklahoma consolidated return may be required or permitted under certain circumstances.

An election to file a separate return or consolidated return is made with the timely filing of the return. If an affiliated group of corporations elects to file a consolidated Oklahoma income tax return such election shall be binding. The affiliated group of corporations shall be required to file a consolidated Oklahoma income tax return for all future tax years unless the Oklahoma Tax Commission releases the affiliated group of corporations from such election.

In filing a Consolidated Income Tax Return for Oklahoma, the Oklahoma taxable income for each corporation is computed separately on its own factors and then combined for one total income upon which the tax is computed. Complete **Form 512-TI: *Computation of Oklahoma Consolidated Taxable Income*** to determine the combined taxable income to report on page 1, line 1 of Form 512. Submit a separate Schedule A and Schedule B, if applicable, for each company within the consolidation.

Enclose a copy of the Federal consolidated return with an income statement, balance sheet, M-1, M-2, M-3 and supporting schedules for each member of the consolidated group. Title 68 O.S. Section 2367.

### Special Instructions Regarding Form 512, Page 4...

Complete Page 4 or attach a copy of the Federal Form 1120 Schedules L, M-1 and M-2. Corporations that are not required to complete Federal Form 1120 Schedules L, M-1 and M-2 are still required to complete the Oklahoma Form 512, Page 4 - Balance Sheets, Reconciliation of Income per Books with Income per Return (OK M-1) and Analysis of Unappropriated Retained Earnings per Books (OK M-2).

Corporations that are not required to complete Federal Form 1120 Schedule M-1 due to the requirement to complete Schedule M-3 must either complete the Oklahoma Schedule M-1 or enclose a copy of the Federal Schedule M-3.

### Declaration of Estimated Tax...

Corporations must make estimated tax payments when the tax liability for the current year can reasonably be expected to be \$500 or more. The estimated tax payments shall be the lesser of 70% of your current year's tax liability or 100% of the tax liability shown on your return for the preceding taxable year of 12 months.

The estimated tax payments shall be paid in four equal\* installments of:

- one-quarter on or before the 15th day of the fourth month of the taxable year;
- one-quarter on or before the 15th day of the sixth month of the taxable year;
- one-quarter on or before the 15th day of the ninth month of the taxable year;
- one-quarter on or before the 15th day of the first month of the succeeding taxable year.

Amended declarations may be filed on any of the payment dates. The Form OW-8-ESC, for filing estimated payments, will be provided upon request.

\*For purposes of determining the amount of tax due on any of the respective dates, taxpayers may compute the tax by placing taxable income on an annualized basis as prescribed in Rule 710:50-13-9.

Estimated payments can be made electronically through the Oklahoma Tax Commission website. Visit the "Payment Options" page on the web at [www.tax.ok.gov](http://www.tax.ok.gov) for further information.

There is no provision in the present law for tentative returns.

### Amended Returns...

Use Form 512X for all amended returns. Enclose federal Forms 1120X or 1139 and proof of disposition by the Internal Revenue Service when applicable.

An overpayment on an amended return may not be credited to estimated tax, but will be refunded. The amount applied to estimated tax on the original return cannot be adjusted.

## GENERAL FILING INFORMATION

### Adjustments by Internal Revenue Service...

Taxpayers who file “consents” extending the time for making Federal adjustments automatically extend the time for making state adjustments. The taxpayer is also required to file an amended return reporting all Internal Revenue Service adjustments. A copy of the finalized RAR must be furnished.

### Banks and Credit Unions...

State and national banks and state credit unions are subject to an “In Lieu” tax. See Title 68 O.S. Section 2370 and Title 68 O.S. Section 1201 et seq. (Franchise Tax). When reporting income on Schedule A, line(s) 5 and/or 6b, please furnish a detailed schedule of the interest income by source and amount. Expense deductions claimed in arriving at taxable income shall be reduced by an amount equal to 50% of excluded interest income on obligations of the United States government or agencies thereof and obligations of the State of Oklahoma or political subdivisions thereof.

### Oklahoma Net Operating Loss Deduction...

**Notice:** The amount of any net operating loss deduction claimed on Schedule A, line 29a or Schedule B, line 6d, must also be entered on the front of Form 512 in the space provided at the top of the form.

The amount of any Federal net operating loss deduction shall be adjusted as follows:

The amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to Section 172 of the Internal Revenue Code as modified by the Oklahoma Income Tax Act and shall be allowed without regard to the existence of a Federal net operating loss. For tax years 1996-2000, net operating losses may not be carried back but may be carried forward for a period of time not to exceed 15 years. **For tax years 2001 and subsequent, net operating losses may be carried forward and back in accordance with Section 172 of the Internal Revenue Code.** Title 68 O.S. Section 2358 (A)(3).

A detailed schedule must be furnished for any net operating loss carried forward to the current tax year.

An election may be made to forego the carryback period. A written statement of the election must be part of the the original timely filed Oklahoma loss-year return. If the corporation timely filed its return for the loss-year without making the election, it may make the election on an amended return filed within 6 months of the due date of the loss year return (excluding extensions). Attach the election to the amended return. Once made, the election is irrevocable.

### GENERAL INSTRUCTIONS FOR DETERMINING OKLAHOMA TAXABLE INCOME

#### INCOME COMPUTATION...

Beginning with Federal taxable income, proper adjustments are to be made to arrive at Oklahoma taxable income. Some of the adjustments may be to add interest income from obligations of state and political sub-divisions thereof, and to deduct interest from U.S. obligations. Oil and mining production or royalties and gain or loss from disposition of such property shall be allocated according to their situs. General and administrative expenses, such as interest expense, etc., will ordinarily be allocated on the basis of Oklahoma direct expense to total direct expense.

#### SAFETY PAYS OSHA CONSULTATION SERVICE EXEMPTION:

(Schedule A, Line 26, column B or Schedule B, Line 3)

An employer that is eligible for and utilizes the Safety Pays OSHA Consultation Service provided by the Oklahoma Department of Labor shall receive a \$1,000 exemption for the tax year the service is utilized. Employers must be able to substantiate their participation in the Oklahoma Department of Labor's Safety Pays Consultation Service upon request.

#### QUALIFIED REFINERY PROPERTY:

(Title 68 O.S. Section 2357.204)

##### • **The election to expense instead of depreciate**

A refinery may elect to treat 100% of the cost of qualified refinery property located in Oklahoma as an expense that is not chargeable to a capital account. Any cost so treated is allowed as a deduction for the year in which the qualified refinery property expense is incurred. Once made, the election is irrevocable without the consent of the Oklahoma Tax Commission. The depreciation deducted on the Federal return for such property must be added back in this and in all subsequent years.

**Note:** A report must be attached to certify that the provisions of Title 68 O.S. Section 2357.204(E) & (F) have been met. No deduction allowed under this section will be allowed unless this certification is enclosed with the refinery's income tax return.

##### **If you are the Refinery -**

(Schedule A, Line 26, column B or Schedule B, Line 3 - as a deduction)

To make the election to expense the cost of qualified refinery property located in Oklahoma in the tax year in which the expense is incurred, deduct the cost of the property on a timely filed return, unless a second election is made by the refinery to allocate all or a portion of the deduction to its owners. If the second election is made, do not deduct such portion on Form 512. Each owner will report their allowable share of the deduction on their own income tax return; see "The election to allocate expense to owners" below.

##### **If you are the Refinery -**

(Schedule A, Line 10, column B or Schedule B, Line 2 - as an addition)

If the election was made to expense the cost of qualified refinery property located in Oklahoma on this year's or on a previous year's Oklahoma return, the depreciation deduction claimed on the Federal return for such property must be added back to arrive at Oklahoma taxable income. This addition must be made regardless of whether the expense is claimed on the corporate return or allocated to its owners.

##### • **The election to allocate expense to owners**

The refinery may elect to allocate all or a portion of the deduction to its owners. The allocation for each person is equal to the ratable share of the total amount allocated, determined on the basis of the ownership interest of the person. If this election is made, such portion of the cost of the qualified refinery property is not deducted as an expense on Form 512. Each owner reports their allowable share of the deduction on the designated line on their own income tax return. The refinery must attach a schedule stating the qualified refinery property(ies), the date(s) placed in service, the total cost being expensed, and the portion of such expense allocated to each owner, including the owner's name and Federal Identification Number.

**Don't forget to copy  
your return for your files  
before mailing.**

If allowed, the eligible expenses upon which the credit is based must be added back to arrive at Oklahoma taxable income. See Form 511CR, Number 12 for the credit. Enclose a schedule of eligible expenses and the computation of the credit. Title 68 O.S. Section 2357.26 and Rule 710:50-15-91.

#### AGRICULTURAL COMMODITY PROCESSING FACILITY EXCLUSION:

(Schedule A, Line 26, column B or Schedule B, Line 6)

Owners of agricultural commodity processing facilities may exclude 15% of their investment costs in a new or expanded agricultural commodity processing facility located within Oklahoma. Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service.

Under no circumstances shall this exclusion lower your taxable income below zero. In the event the exclusion does exceed taxable income, any unused portion may be carried over for a period not to exceed six years. A schedule must be enclosed showing the type of investment(s), the cost of the investment, and the date placed in service.

#### FIRST YEAR BONUS DEPRECIATION:

##### • 30% First Year Bonus Depreciation...

Federal taxable income shall be increased by 80% of any amount of bonus depreciation received under the Federal Job Creation and Worker Assistance Act of 2002. Any amount added back can be reclaimed in a later year. In the first taxable year beginning after the bonus depreciation was added back, and for the next three taxable years, subtract 25% of the amount added back.

(Schedule A, Line 20, column B or Schedule B, Line 6)

If the bonus depreciation was claimed on a previous year's Federal return, subtract 25% of the amount of bonus depreciation added back in such year. Subtract the depreciation on Schedule A, Line 20, column B or on Schedule B, Line 6. For corporations filing Schedule B in the initial year, 25% of the bonus depreciation that was apportioned to Oklahoma in such initial year is subtracted. (Do not use the amount of bonus depreciation added back on Schedule B, Line 2 of the initial year.)

### PAGE THREE - SCHEDULE B

Schedule B is to be used by corporations conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct in more than one state of a single business enterprise, all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation.

Generally the resulting amount is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the arithmetical average of three factors consisting of property, payroll and sales. NOTE: FACTORS ARE NOT COMPUTED FROM THE CONSOLIDATED TOTALS. Each factor is a ratio of the total within Oklahoma to the total everywhere. For income apportioned to Oklahoma, there is to be added all income separately allocated to Oklahoma with the result being Oklahoma taxable income. Title 68 O.S. Section 2358.

#### Line 8 - Oklahoma Accrued Tax

Oklahoma accrued tax is computed by dividing line 7 (Oklahoma Net Income before Oklahoma Income Tax) by the number 17.6667.

When filing a consolidated return, complete Form 512-TI. The accrual of Oklahoma state income tax must be made after the combination of the income and loss from all companies included in the combination. The accrued tax cannot be less than zero.

When credits are allowed, the accrual of Oklahoma tax will not be allowed on the amount of Oklahoma taxable income that is covered by the credit. Tax accrual is allowed on the amount of income for which tax is actually paid. The following example shows how the accrual should be calculated. A schedule, such as the example to the right, should be enclosed and submitted with Form 512.

#### Computation of Tax Accrual When Tax Credits Are Allowable
