LOCATION OF V.I.N. INFORMATION

H.U.D. data plates are red and are affixed to the skirt level at the rear corner of each section.

Modular homes will have a data plate located in the cabinet near the kitchen sink. Some states have a state building code plate in the same general area.

Many homes will have a data plate located in the electrical breaker box, front door frame or hot water tank closet. Different manufacturers attach plates in various places.

Stamped serial numbers are found on the front cross member of the frame. Some homes will have the serial number stamped somewhere on the frame rail. If the tongue has been removed, check the frame rails for the stamped number.

If a serial number cannot be found, but the manufacturer is known, you may call the manufacturer to find the location of the data plate and/or serial number.

Your local dealer may be able to assist in locating the data plate or serial number.

DPS will issue a permit for homes with current year registration and decal.

If a factory built dwelling unit is designated as a manufactured home on the MSO, it is always a manufactured home for taxation unless the title is surrendered. Manufactured home dealers may move a trade-in home to a secure location with a trade-in affidavit. However, all taxes and fees must be paid within 30 days of issuance of the size & weight permit, and prior to any title work.

Used manufactured home dealers are required to obtain title in their name on homes on their lots on January 1st; on homes acquired with out-of-state titles, or when they are the last assignee on an Oklahoma title. Dealer must purchase tag every year used homes are on the lot. When a dealer is obtaining title in their name due to being the last assignee, proof of current year ad valorem taxes, or a release indicating no current year ad valorem taxes are due, must be submitted (OTC Form 936). Current year decal must be obtained by the selling dealer for homes on a dealer’s lot January 1st. The county assessor will place the home on the assessment roll for the following calendar year. Subsequent moves are allowed in the same calendar year using the current year registration and decal or OTC Form 936. Two decals will be issued by the county treasurer, one for the hard tag, and one for the window.

Lenders are always treated as individuals, not a dealer.

*Provided a current OTC Form 779 Armed Forces Registration is presented, no 936 will be required for title transfer or moving permit. The annual fee is $26.

Ref: 47 O.S. § 1127. This ruling applies to all personal motor vehicles in addition to manufactured homes. The armed forces registration is not applicable if the non-resident military files for homestead exemption.

National Guard or Reserve on active duty do not qualify as active duty non-resident. OAC 60-3-131,132.

Spouse or the parents of such active duty military persons are authorized to register on behalf of the military person if that person is unable to register the manufactured home at the appropriate time.

REGISTRATION IN-LIEU OF AD VALOREM — MOBILE OFFICE

A manufactured home which is used as a mobile office or other similar use, may pay an expiring commercial registration fee in-lieu of ad valorem.

In order to qualify as a mobile office, the manufactured home may not be used for:

1. Permanent Living quarters, or
2. Sleeping quarters

When declaring a manufactured home has been converted to a mobile office, a OTC Form 701-9 Body Change Affidavit must be completed.

The affidavit and previous title to the manufactured home must be submitted, along with the appropriate fees (new title registration) to the Oklahoma Tax Commission Motor Vehicle Title Section.

Manufactured home licensed Oklahoma dealers or repossessioners, may move a repossessed home to a secure location with OTC Form 737 Oklahoma Repossession Affidavit. However, all taxes and fees shall be paid within 30 days from the issuance of the move permit and **prior to any title work**. See: 68 O.S. § 2813(C)(E).

**If the home is not moving, no repossession affidavit is required. However, repossession affidavit is required to obtain a repossession title.**

When motor license agent issues a repossession title Form 936, proof of paid current year ad valorem taxes must be presented. The $46.00 repossession fee is also due when issuing the title.

Repossessed homes held for consignment are required to have a current year 936 prior to any title transfer.

**MOVING FOR COMMERCIAL PURPOSES:** The Department of Public Safety shall issue a permit to transport a home used for commercial purposes only January 2nd through 6th and only if the applicant has secured a special waiver and a commercial move affidavit issued by the county assessor where the home is located. [See: 68 O.S. § 2813] The waiver and OTC Form 932 may be obtained anytime prior to January 2nd. Moves after January 6th will require a Form 936.

Administration of this provision will be similar to the repossession and dealer trade procedures. The Form 936 and tax decal will be required to be paid within thirty (30) days of the issuance of the special waiver and commercial move affidavit. No individual county assessor may issue more than ten (10) waivers and commercial move affidavits in any calendar year.

"Manufactured home used for commercial purposes" means a manufactured home owned by a business entity with the primary purpose to provide temporary housing for employees or contractors of such business entity. Title 42 storage lien request for title are for manufactured homes abandoned and located on property not owned by the owner of the manufactured home. If the land was purchased with the manufactured home, Title 42 does not apply. The process will take a minimum of six (6) weeks. A motor license agent (MLA) must submit paperwork to OTC Motor Vehicle for approval.

*Dealer trade affidavits are authorized for use by licensed Oklahoma dealers only. Forms are available from the Oklahoma Department of Public Safety.

**Lenders are authorized to use a Repossession Affidavit but not a Dealer Trade Affidavit. Lenders are always treated as individuals, not as dealers."
PROCEDURE
COLLECTION OF AD VALOREM TAX IN ANOTHER COUNTY

1. The collecting treasurer takes information from the applicant and transmits the information to the home county treasurer/assessor to complete Form 936.

2. The home treasurer or assessor completes Form 936 based on the information from the collecting treasurer. The Form 936 must be signed by the home assessor, not the home treasurer. A copy of the completed Form 936 is then faxed back to the collecting treasurer. Note: Form 936 MUST be numbered by the home county.

3. After payment of taxes, the collecting treasurer issued a trust deposit receipt, current decal and a copy of the completed Form 936 to the applicant. The collecting treasurer retains a copy of the Form 936 and mails a copy with the trust voucher to the home treasurer.

4. The home treasurer attaches a signed copy of the Form 936 from the collecting treasurer to the original Form 936 to complete the procedure. The voucher is then deposited in the treasurer's trust account. The treasurer and assessor make the appropriate record entries.

MANUFACTURED HOMES
TITLE SURRENDER CONVERSION TO REAL ESTATE

Until July 2002, law did not allow a homeowner or lender to surrender the title and have the home classified as real property.

Manufactured home owners and finance companies are able to surrender the titles on manufactured homes if the home is permanently attached to the real property.

Only the OTC may purge the title, not the finance company.

Lenders that are holding titles may apply to surrender those titles and have them purged. If the land/home was transferred by warranty deed, or deed of trust, the lender will need to call OTC Motor Vehicle at 405.521.3221.

Oklahoma law allows a manufactured home to be classified as real or personal property. If the home is situated on land owned by the owner of the manufactured home, it should be classified as real property. If it is located on land owned by someone else, it is classified as personal property. In either case, the manufactured home is subject to title and registration and should be designated as a manufactured home on the assessment roll and valued as a separate line item.

Under Oklahoma law, if the title has been properly surrendered, the manufactured home is no longer subject to title and registration under Motor Vehicle Code.

When a manufactured home is listed with the county assessor as real property, the county assessor is required to separate the account into three (3) line items: 1) Land 2) Mfg. Home and 3) Other Improvements. The owner will be assessed on the total assets listed.

When the home is listed as “personal property,” the owner of the home is assessed only on the home and any other improvements they may have on the site. The person that owns the land is responsible for payment of the tax on the land only.

When an owner or finance company properly surrenders the title to the manufactured home, OTC Motor Vehicle will notify the county assessor that the home is now permanently affixed to the real estate and the title has been surrendered. At this point, the home will be assessed as any other real property, being land and any and all improvements.

There are several forms available from the OTC Motor Vehicle pertaining to the surrender of title:

- Application for Title Cancellation of a Manufactured Home Permanently Affixed to Real Estate
- Notice to County Assessor of Cancellation of Oklahoma Certificate of Title
- Notice to Lien Holder of Application to Cancel Oklahoma Certificate of Title
- Notice to Owner of the Existence of an Active Lien Upon Receipt of Application to Cancel Oklahoma Certificate of Title
When valuing manufactured homes that have had the titles surrendered, the appraiser should be aware of market conditions and adjustments that may affect the value of the assets. Conventional mass appraisal techniques may be used as with any other real property asset, using proper market data and adjustments for this type of asset.

CANCELLATION OF TITLE USING THE MANUFACTURER’S STATEMENT OF ORIGIN (“MSO”)

Using Form 756, Application for Title Cancellation

- Must be completed by the record owner or agent.
- Submitted to assessor with a copy of the MSO.
- A copy of the size and weight permit is recommended.
- The assessor may sign the form and return it to the owner or agent if all criteria are met. The owner or agent will then return the completed form to the MLA.

Until the assessor receives the completed Form 756 Form from the OTC, the title is not cancelled. If the applicant does not complete the process within sixty (60) days of the county assessor’s confirmation date, a new Form 756 must be completed and certified.

Using the Form 756, Notice to Assessor of Title Cancellation

- Provided to the assessor by the OTC or MLA only.
- Will be signed by the OTC or MLA.
- This is the official notification of title cancellation.
- Accept no other cancellation documents from any other source.
- Any questions, call OTC Motor Vehicle or MLA.

OTC Rules Reference: OAC 710:60-3-133

If you have any questions concerning the surrender of title procedure or reissuance of titles, you may contact the Motor Vehicle, Title Section at 405.521.3221.

REINSTATEMENT OF TITLE

47 O.S. § 1110 outlines the specific procedure for issuing new titles for homes which have had their titles cancelled. Subsection (E) of Section 1110 provides: The owner of a manufactured home upon which the document of title has been properly surrendered, may apply to the Tax Commission for issuance of a new original certificate of title upon the submission of: (1) an attestation from the homeowner indicating ownership of the manufactured home and nonexistence of any security interest or lien of record in the manufactured home, and (2) a title opinion by a licensed attorney, determining that the owner of the manufactured home has marketable title to the real property upon which the manufactured home is located and that not documents filed of record in the county clerk’s office concerning the real property contain a mortgage, recorded financial statement, judgment, or lien of record. Persons or entities to whom the title opinion is addressed may rely on said title opinion.
SALES TAX FOR MODULAR HOMES

The sales tax will be collected by the vendor based on the state and local rate at the point of delivery. The customer will receive a sales tax receipt. There is no excise tax on a modular home because they are not subject to title and registration as required under Title 47 of the Motor Vehicle Code.

Modular homes will be classified as real property or improvements on leased land and subject to all ad valorem taxes. Modular homes are not manufactured or mobile homes and are not subject to manufactured home requirements.

Pursuant to Section 1357(33) of Title 68, 45% of the total sale price will be exempt from sales tax.

Example:

<table>

</tr>
<tr>
<td>Total Sales Tax</td>

</tr>
</tbody>

*All sales tax levies, state, city and county at point of delivery

Modular homes are not subject to title and registration. If sales tax was paid and the homeowner has a receipt, the home will be classified as “modular” and not “manufactured”.

Ref: 68 O.S. §1354.27
RULES & STATUTORY REFERENCE
Manufactured homes are defined as structures, transportable in one or more sections, which, in the traveling mode, are eight (8) feet or more in width or forty (40) feet or more in length, or, when erected on site, are more than 320 square feet, and which are built on a permanent chassis and designed to be used as dwellings with, or without, permanent foundations when connected to the required utilities, and include the plumbing, heating, air conditioning and electrical systems contained thereon. 47 O.S. § 8113

Manufactured homes purchased new or brought in from another state are initially titled and registered at motor license agencies. Thereafter, they are placed on county ad valorem tax rolls and are issued registration renewal decals by the county treasurer. 47 O.S. § 8113

- Registration fees are collected for the balance of the year in which the manufactured home was purchased new, or entered from another state. Refer to Calendar Year Registration (non-staggered) in Chapter III of the Operating Manual for Motor License Agency for information on determining the applicable registration period. 47 O.S. § 8115

**PURCHASE PRICE/VALUE OF MANUFACTURED HOME**

Registration fees and excise tax are based upon the actual purchase price of the home or, if no sale has taken place, the current value of the home. 68 O.S. § 2104.3 and 47 O.S. § 1135

- If a purchaser has no bill of sale, a copy of the dealer contract, cancelled check (VIN not required), or bank draft will be acceptable. If none of those items are available, the purchaser may complete a Declaration of Vehicle Purchase Price Form, or through vehicle pricing you may obtain a value to be established.

The Declaration of Vehicle Purchase Price Form may be utilized for new or used manufactured homes.

- When current value is obtained through vehicle pricing, print and attach a copy of the message received from vehicle pricing to the OTC copy of the title work.

- Prices or values listed on OTC Form 936 Manufactured Home Certificate do not reflect the actual cash value and are not to be utilized in determining taxable value.

**EXCISE TAX RATE**

Excise tax on new manufactured homes is three and one-quarter percent (3¼%) of one half (1/2) of the actual purchase price/value. On a used manufactured home, the three and one-quarter percent (3¼%) excise tax rate is applied to sixty-five percent (65%) of one half (1/2) of the actual purchase price/value.
VIN FORMATION BY OTC GUIDELINES

When an MSO, out-of-state title, or Lien Entry Form contains dashes or slash marks, dashes and slash marks are ignored.

Dashes and Slash Marks are Ignored

Example: An out of state title lists the V.I.N. as “ARSNNASH-AR9493-AG9493”.
Solution: Ignore slash marks and dashes - they are not to be included in the V.I.N. recorded in the Oklahoma record. The V.I.N. should be entered as “ARSNNASHAR9493AG9493”

DOUBLE WIDE MANUFACTURED HOMES

When processing a title for a double wide manufactured home, two (2) Manufacturer’s Statements of Origin (MSO) will normally be submitted. One (1) MSO will list the serial number with an “A” (or some other letter) and one MSO will list the serial number with a “B” (or some other letter different from the accompanying MSO). The letters normally appear at the end of the serial number but may appear anywhere within the number.

- When issuing the title, list the serial number (once) and place the “A” and “B” (or other such letters) together in the serial number at whatever point they appear within the serial numbers listed on the MSOs. Such a notation indicates the manufactured home is a double wide.

Double Wide Manufactured Home with Two (2) MSOs

Example: MSO #1: V.I.N. listed as “123A456”; MSO #2: V.I.N. listed as “123B456”
Solution: Enter V.I.N. on the Oklahoma record as “123AB456.”
MOVING A MANUFACTURED HOME [47 O.S. § 1117]

When a home, previously titled in Oklahoma, is to be moved, the owner must obtain a move permit from the Department of Public Safety (DPS). In most instances, proof of paid current year ad valorem taxes, or a current license plate and registration decal, must be presented.

- A repossessor may obtain a DPS move permit prior to obtaining a repossession title. Refer to Manufactured Home Repossessions in Chapter V of the Operating Manual for Motor License Agency for additional information.

- A licensed manufactured home dealer may obtain a DPS move permit by presenting a trade-in affidavit.

- A business entity may obtain a commercial waiver and affidavit to move a home used for temporary housing of employees or contractors. A county may issue no more than ten (10) waivers in any one year. [68 O.S. § 2813]

MANUFACTURED HOME REGISTRATION

[47 O.S. § 1115] [OAC 710:60-3-12, 710:60-3-13, 710:60-3-130]

Manufactured homes are registered on a calendar year basis. The registration period (full year, 3/4 year, 1/2 year, or 1/4 year) is based on the purchase date/entry date. Refer to Calendar Year Registration in Chapter III of the Operating Manual for Motor License Agency for information on determining the applicable registration periods.

- New manufactured homes purchased in the month of December and used manufactured homes entering this state in the month of December, are to be charged a full year registration to expire at the end of the following year.

- Manufactured homes purchased new or entering Oklahoma prior to December of any year, but not titled until the following calendar year must provide proof of paid ad valorem tax for the calendar year in which the title is being issued (current year) before any transaction will be allowed. In addition, registration fee and penalty is to be collected by the titling MLA for the year of purchase or entry.

REGISTRATION PENALTY [47 O.S. § 1115]

Should a new or used manufactured home not be registered within thirty (30) days from the date of purchase or the date of entry into this state, a registration penalty in the amount equal to the registration fee, less $11.00, is to be assessed.

For used manufactured homes acquired by a dealer prior to January 1 of any year, but not registered as of February 1, penalty accrues at $1.00 per day for 100 days.
TRANSFER OF OWNERSHIP [47 O.S. § 1113 & 68 O.S. § 2713] [OAC 710:60-3-130]

When ownership of a manufactured home previously titled in Oklahoma is being transferred, proof of paid current calendar year ad valorem taxes, or a release indicating no current calendar year ad valorem taxes are due, must be submitted before transferring title, unless the home is being sold on a title which is in the name of a licensed dealer, or an original Oklahoma title was issued earlier that same calendar year, and the system reflects current registration.

- Proof of payment or release should be in the form of an OTC Form 936 Manufactured Home Certificate.

AFFIDAVIT FOR TRANSFER WHEN ASSIGNED TITLE IS LOST (OTC Form 777)

This form is used to apply for an Oklahoma transfer title when the purchaser received and subsequently lost an assigned Oklahoma title.

1. The completed affidavit is to reflect the same information as shown on the reverse side of the lost assigned title.

2. The applicant must provide one (1) of the following for each assignment reflected on the lost title:
   - Notarized bill of sale (the date of the sale is to be listed, in addition to the notary date);
   - Photocopies (front and back) of the canceled check submitted in payment;
   - Sale contract or buyer’s order (original or certified copy); or
   - Certified copies of front and reverse side of the assigned title that was lost.

**REQUIRED:**

Each of the above documents must contain the serial/VIN number and date of sale.

Mechanic & Storage Possessory Liens (Title 42) may not be utilized if the manufactured home is purchased or given to the buyer. This procedure is only to be utilized if services have been performed or storage provided, while lawfully in possession of the manufactured home for which an individual of company has not been compensated.

Title 42 procedures are not used if the land is purchased with the manufactured home located on the land.

If buyer did not receive a properly assigned Oklahoma title, the buyer must contact the Motor Vehicle Title Section for instructions. Depending on the circumstances, the buyer may have to obtain a court order.

ADDING OR DROPPING A NAME ON A MANUFACTURED HOME TITLE

A paid current calendar year Form 936, or initial registration, if titled earlier in the calendar year), is required when adding or dropping a name from a manufactured home title, in the same manner as any other manufactured home change of ownership.
Manufactured homes are registered on a calendar year basis.

The following quarterly periods, in which a Manufactured Home is purchased or enters the state, determines the portion of a full year registration fee due:

<table>
<thead>
<tr>

Note: Any manufactured home purchased or entering from another state on or after December 1st of any year is to be charged a full year registration to expire the next calendar year.

NEW AND USED MANUFACTURED HOME DEALER LICENSE PLATES [47 O.S. § 1128 and 1137.1]

Fee: $21  Expiration: December

1. New and used manufactured home dealer plates are issued by OTC Motor Vehicle Accounting.

2. Before accepting an original or renewal application for new and used manufactured home dealer plates, the applicant must be licensed and approved for each location by the Used Motor Vehicle & Parts Commission.

3. If additional plates are required, an application must be completed by the dealer and submitted to OTC Motor Vehicle Accounting.
All manufactured homes are required to have a license plate and two (2) registration decals.

- Two (2) identical registration decals, displaying the same number, are to be issued. One (1) is to be affixed to the license plate and one (1) is to be affixed to the exterior of the window nearest the front door.
- Homes previously registered and permanently affixed to real estate, no decal or license plate shall be affixed.

**Replacement License Plate/Registration Decal**

Should a previously titled home need a license plate only, and no change of ownership is taking place, a plate may be issued upon proof of paid current ad valorem tax or registration fees.

- For example, if the home is on the ad valorem tax rolls, the tax is usually collected at the end of a calendar year. If no move or ownership change has taken place in the current calendar year, the previous year ad valorem taxes may be the most recent taxes paid.
- Upon proof of paid ad valorem taxes, a replacement plate is to be issued. A registration decal is only issued when the replacement plate application is made within the calendar year of the current year’s expiration.
- Previous year decals are issued by the county treasurer.

The fee for a replacement manufactured home license plate is $3.25, including the MLA fee.

Should the taxpayer need a replacement only of the yearly validation decal upon payment of ad valorem taxes, they should be directed to obtain a replacement decal from the county treasurer.

The county treasurer may issue a previous year decal upon payment of the second half of ad valorem tax. Current year decals are for the current year tax payment only.

**DUPLICATE CERTIFICATE OF TITLE**

OTC Form 701-7 Application for Replacement Certificate of Title for Vehicle/Boat/Motor must be completed for issuance of a duplicate Oklahoma title to the record owner.

Application may be made only by the record owner or by someone who has been given notarized power of attorney (POA) regarding the manufactured home by the owner.

- Only for use if record owner’s title has been lost, stolen or mutilated.
- Not for use by subsequent buyer when not given a properly notarized assigned Oklahoma title.
Application and the resulting duplicate title must reflect the same information shown on the previous title, with the following exceptions:

- Address may be changed.
- Lien may be released with proper documentation with the application.

Since the application for a duplicate title is in the same name as the previous title, a current Form 936 is not required.

Proof of paid current ad valorem tax or registration fee is not required for issuance of a duplicate manufactured home title.

**MANUFACTURED HOMES ASSESSED AS REAL PROPERTY [68 O.S. § 2105] [OAC 710:60-3-132]**

A manufactured home that is assessed as part of the real property on which it is located and sold with the property is exempt from the assessment of excise tax. Documented proof that the manufactured home has been included in the property assessment is required before transferring.

- The proof required is a deed listing the manufactured home by VIN, year, make, and model. A copy of the deed is to be attached to the title transaction as supporting documentation for the excise exemption. Form 936 listing the manufactured home as real property is not acceptable documentation to exempt excise tax.

**MANUFACTURED HOME DEALERS**

There is no licensing distinction between a new and used manufactured home dealer in Oklahoma. Manufactured home dealer licenses are issued by the Oklahoma Used Motor Vehicle & Parts Commission and encompass sale of both new and used manufactured homes.

**TITLING AND REGISTRATION OF A USED MANUFACTURED HOME [68 O.S. § 2811]**

Any used manufactured home on a dealer lot as of January 1 of any year must be titled and registered in the dealer’s name for that year. A full year registration fee, based upon the purchase price, is to be assessed and a current year registration decal issued. Dealer’s possession as of January 1. The registration must be renewed the following year, if the home is still in the

- If a dealer does not title such a home by February 1, registration penalty begins accruing at $1.00 per day, to a maximum of $100.00. [OAC 710:60-3-36]

Other than the above, manufactured home dealers are required to obtain title in their name when they have acquired homes on out of state titles on which they are the last assignee.

- When a dealer is obtaining an original Oklahoma title in their name on a home which has been brought in from out-of-state, the remaining portion of the current calendar year registration fees are due. [47 O.S. § 1113]
• When a dealer is obtaining title in their name due to being the last assignee on the Oklahoma title, proof of current calendar year registration fees, paid current calendar year ad valorem taxes, or a release indicating no current year ad valorem taxes are due, must be submitted.

MOVING A MANUFACTURED HOME [47 O.S. § 1117]

Before a manufactured home dealer may move a home which has been previously titled in Oklahoma, they must obtain a DPS move permit. The dealer will be responsible for paying any unpaid ad valorem taxes due on the home within thirty (30) days of the permit issuance date. However, they are not required to title the home in the dealership’s name at that time. The title will remain in the name of the former owner, until sold, or until January 1 of the following year. If still in the possession of the dealership at this time, the dealer must obtain the title.

TITLING AND REGISTRATION OF A NEW MANUFACTURED HOME [47 O.S. § 1117; 68 O.S. § 2104.3]

Licensed Oklahoma manufactured home dealers may reassign ownership on the MSO of new manufactured homes. However, should a manufactured home dealer choose to title a new manufactured home in the dealership’s name by surrendering an MSO, first year excise tax and registration fees, to expire in December of the current year, are due.

ACTIVE DUTY MILITARY PERSONNEL
[47 O.S. § 1127] [OAC 710:60-3-131, 710:60-3-132 & 710:60-3-167]

As described below, certain manufactured homes owned by active duty military personnel are entitled to the special $26.00 annual registration fee.

The special military registration rate applies only to the following two (2) scenarios:

• Out-of-state resident active duty military personnel stationed in Oklahoma: or

• Oklahoma resident active duty military personnel, when the manufactured home is located out-of-state.

A properly completed OTC Form 779 U.S. Armed Forces Affidavit must be submitted and send to the OTC attached to the registration receipt.

Manufactured homes in Oklahoma and owned by Oklahoma resident military personnel are not entitled to the special military registration rate. Such manufactured homes are subject to county ad valorem taxation.
CANCELLATION OF MANUFACTURED HOME TITLE

[47 O.S. § 1110]

Owners of manufactured homes that have been permanently affixed to real estate that they also own may apply to cancel the Oklahoma certificates of title. Application may be made to the OTC or any tag agency. A successful cancellation will consist of the following:

- Submission of the Oklahoma certificate of title for the manufactured home, in the name of the applicant.
- Verification that no active lien appears on the record.
- Completion of Form 756 Application for Title Cancellation of a Manufactured Home Permanently Affixed to Real Estate.

Before the title cancellation documentation may be surrendered to a MLA, the applicant must take this form to the applicable county assessor’s office, for their listing and certification of the land description and owner of record.

Cancellation of the title must take place within sixty (60) days of the county assessor’s confirmation date. If more than sixty (60) days have elapsed, a new Form 756 must be completed and certified.

- Completion of Form FL 756 Notice to County Assessor of Cancellation of Oklahoma Certificate of Title along with a copy of the application to the county assessor of the county in which the property on which the manufactured home is permanently affixed. The application must be completed in its entirety.
- Remittance of an application fee of $5.00, which is retained by the OTC or the cancelling MLA, provided the cancellation of title is completed.

After all of the referenced steps have been completed, the completed application, miscellaneous fee receipt recording the cancellation fee and the title certificate are to be forwarded to the OTC bundled separately within the semimonthly report and clearly labeled “Manufactured Home Title Cancellation”. Upon receipt, the documents will be forwarded to the OTC Motor Vehicle Title Section for review and cancellation of the title.

If necessary, due to the need for more timely processing of the title cancellation, cancellation paper-work may be faxed.

TITLE CANCELLATION FEE RECEIPT

Many lenders require a receipt for the $5.00 manufactured home cancellation fee before closing their loan transaction. Therefore, a miscellaneous fee receipt is to be issued to account for the cancellation fee.

- When adding a miscellaneous fee receipt, select “MH Cancel” and “Add Owner & Vehicle to Receipt”. Enter the Vehicle ID, year, make, model, owner name and address.
ORIGINAL TITLE CANCELLATION

Should an original title applicant wish to cancel the manufactured home title at the time of original title application, that may be accomplished by following all ordinary titling steps with the addition of placing a “Mobile Home Cancellation” hold.

Attach one (1) copy of the title receipt to the miscellaneous fee receipt recording the cancellation fee and Form 756 Application for Title Cancellation of a Manufactured Home Permanently Affixed to Real Estate and submit to the OTC, bundled separately within the semimonthly report and clearly labeled “Manufactured Home Title Cancellation”. Upon receipt, the documents will be forwarded to OTC Motor Vehicle Title Section for title cancellation.

- The purpose of the “Mobile Home Cancellation” hold is to prevent issuance of a title while the cancellation documentation is being forwarded to, and processed by, OTC personnel.
- A “Mobile Home Cancellation” hold is the only hold that may be placed on the record. It may not be utilized in conjunction with a document hold. An MSO or out-of-state title must be submitted.
- All other cancellation procedures remain in place.
- All fees remain due, including the $5.00 cancellation fee, title fee, excise tax, and registration fees.

MANUFACTURED HOME TITLE CANCELLATION USING AN OKLAHOMA TITLE OR MSO, OR PREVIOUS TITLE FROM ANOTHER STATE

Owners of manufactured homes permanently affixed to real estate that they also own may cancel a title by:

1. Submission of the Oklahoma Certificate of Title or the assigned MSO or a previously titled manufactured homes entering from another state for the manufactured home, in the name of applicant.
   - If a record owner is unable to locate their Oklahoma title, they are not required to obtain a duplicate title before cancelling. The owner may contact the OTC Motor Vehicle Title Section for instructions.

2. Verification that no active lien on the record.
   - Should a manufactured home title be presented for cancellation which reflects a lien, but a proper lien release for that lien is also presented, the title may be cancelled.

3. Complete Form 756 Application for Title Cancellation of a Manufactured Home Permanently Affixed to Real Estate.
   - Before the title/MSO may be cancelled, the applicant must take this form and the title/MSO to the applicable county assessor’s office for certification of the land description and owner of record. A faxed copy signed by the county assessor is acceptable.

   If the applicant does not complete the process within sixty (60) days of the county assessor’s confirmation date, a new Form 756 must be completed and certified.
4. Applicant/owner then takes the completed Form 756 and title/MSO to the MLA for completion of the process. If an MSO is presented, all appropriate taxes are collected in addition to the $5.00 cancellation fee.

5. The MLA will complete a Form FL 756 Notice to County Assessor of Cancellation of Oklahoma Certificate of Title and forward it along with a copy of the application to the county assessor.

6. The MLA forwards the title/MSO and Form 756 to the OTC.

**CANCELLATION WHEN TITLE HAS BEEN LOST**

Should a record owner wish to cancel his or her manufactured home title, but has misplaced the title, they are not required to obtain a duplicate before canceling. Simply print out of copy of the “Vehicle Info” screen and attach to the Form 756 Application for Title Cancellation, as well as a copy of the $5.00 miscellaneous fee receipt, and submit to the OTC bundled separately within the semimonthly report and clearly labeled “Manufactured Home Title Cancellation”.

- If the record has been purged, it will have to be researched and rebuilt in the normal manner before cancellation may take place.

All other cancellation procedures will apply.

**See: OAC 710:60-3-133**

**CANCELLATION IN CONJUNCTION WITH A LIEN RELEASE**

Should a manufactured home title be presented for cancellation which reflects a lien, but a proper lien release for that lien is also presented, the title may be cancelled in the normal manner.

- Do not release the lien. Attach the lien release to the title and Form 756 Application for Title Cancellation and submit to the OTC along with a copy of the $5.00 miscellaneous fee receipt, bundled separately within the semimonthly report and clearly labeled “Manufactured Home Title Cancellation”.

**UNSUCCESSFUL APPLICATION FOR CANCELLATION OF TITLE**

Oklahoma statutes require that notice be given to the owner and lienholder of a manufactured home on which an Application for Cancellation has been applied for, but must be denied due to the existence of an active lien.

- Should you receive an application for a manufactured home on which an active lien is reflected, the application is to be denied. The title and $5.00 fee are to be returned to the applicant.

- Form FL 756-B Notice of the Existence of an Active Lien Upon Application to Cancel Oklahoma Certificate of Title listing the active lienholder, is to be completed and returned to the applicant.

- A Notice to Lienholder of Application to Cancel Oklahoma Certificate of Title is to be completed and forwarded to the lienholder.
REINSTATEMENT OF CANCELLED MANUFACTURED HOME TITLE [47 O.S. § 1110]

Application for reissuance of an original Oklahoma title to a manufactured home on which the previous Oklahoma title was cancelled due to the home’s attachment to real estate may be made by following the process outlined below.

- This reinstatement process is applicable only to manufactured home titles cancelled due to attachment to real estate. The “Vehicle Info” record of a manufactured home cancelled due to real estate attachment will have “Title Cancelled – Manufactured Home/Real Estate”.

If you are uncertain of a manufactured home’s eligibility for this reinstatement process, contact OTC Motor Vehicle Title Section for assistance.

APPLICATION FOR REINSTATEMENT

To apply for reinstatement, the owner is to complete Form 701-45 Manufactured Home Application for Reinstatement of Cancelled Title. As outlined on the form, the applicant is required to provide two (2) documentary items.

1) an attestation from the homeowner indicating ownership of the manufactured home and the nonexistence of any security interest or lien of record for the manufactured home, and
2) a title opinion by a licensed attorney determining that the owner of the manufactured home has marketable title to the real property upon which the manufactured home is located and that no documents filed of record in the county clerk’s office concerning the real property contain a mortgage, recorded financial statement, judgment, or lien of record.

The statement required under (1) above is included with the Application for Reinstatement. The attorney’s title opinion is a separate document that must be provided by the applicant. As outlined in the notice at the bottom of the application, an acceptable title opinion must:

1) Contain all information outlined under (2) above.
2) Be signed by the issuing attorney, on letterhead.
3) Be dated, or updated, within thirty (30) days of the date application for title reinstatement is submitted to the OTC or to an MLA.

OTC APPROVAL/ISSUANCE OF TITLE

Until further notice, all such applications are to be submitted to OTC Motor Vehicle Title for review and approval.

- If approved, a new original Oklahoma title is to be issued and registration fees collected for the balance of the calendar year. Obtain current value through “Vehicle Pricing”.
- A completed OTC Form 701-6 Application for Original Title is required.
- No Form 936 is required. No excise tax is to be collected.
[47 O.S. § 1110] [68 O.S. § 2813]

Except as noted below, and except for VIN/odometer inspection requirements, repossession documentation and procedural requirements for manufactured homes are identical to those outlined for vehicles. Just as for vehicles, excise tax is never assessed by the repossession. However, there are some significant differences in the areas of manufactured home registration fee assessment and county ad valorem tax verification.

MANUFACTURED HOMES PREVIOUSLY TITLED IN OKLAHOMA

Moving the Manufactured Home

When a manufactured home previously titled in Oklahoma is being repossessed, the repossession may initially obtain a move permit without obtaining the title in their name. This is to enable the home to be moved immediately. However, in that situation, the repossession must make an application for a repossession title within thirty (30) days of the permit issuance date.

Ad Valorem Taxes

Proof of paid current year ad valorem taxes or that no taxes were due, in the form of a copy of the original OTC Form 936, must be presented, unless an original Oklahoma title was issued earlier that same calendar year and current registration is reflected.

License Plate

If needed, a manufactured home license plate may be issued for a fee of $3.25.

MANUFACTURED HOMES NOT PREVIOUSLY TITLED IN OKLAHOMA

When an original Oklahoma repossession title is being issued to a manufactured home, registration fee for the balance of the calendar year in which the home was purchased (if new) or entered Oklahoma (if previously registered in another state), is to be collected, in addition to the $46.00 repossession fee.

- The date of purchase listed on the contract is to be used to determine the proper quarter of year registration fee due (Full year, 3/4, 1/2, or 1/4).
- If the home was originally purchased (new) or entered Oklahoma (used) during the current calendar year, registration fees for the applicable portion of the current year are to be collected. A license plate and current year registration decal are to be issued.
- If the home was originally purchased (new) or entered Oklahoma (used) during a previous calendar year, registration fees for the applicable portion of the year of purchase/entry are to be collected and a Form 936 reflecting paid ad valorem taxes for the current calendar year must be submitted. A license plate is to be issued with a previous year decal.
- No excise tax is due.

No excise tax is due from the repossession or any repossession title, original or transfer.
OKLAHOMA ADMINISTRATIVE CODE
CHAPTER 60: MOTOR VEHICLES
710:60-3—REGISTRATION AND LICENSING
PART 13. MANUFACTURED HOMES

710:60-3-130. Manufactured homes

(a) Definition. “Manufactured home” means a residential dwelling built in accordance with the National Manufactured Housing Construction and Safety Standards Act of 1974, 42 U.S.C., Section 5401 et seq., and rules promulgated pursuant thereto and the rules promulgated by the Oklahoma Used Motor Vehicle and Parts Commission pursuant to 47 O.S. § 582. Effective November 1, 2016, manufactured home shall not mean a park model recreational vehicle as defined in 47 O.S. § 1102.

(b) Initial title and registration. In most instances, manufactured homes purchased new or brought in from another state are initially titled and registered at motor license agencies. Thereafter, they are placed on county Ad Valorem tax rolls and will be issued registration renewal decals by the County Treasurer.

(c) License plate and decal required. A manufactured home license plate and registration decal are required on all manufactured homes registered in this State.

(d) Fees may be prorated for remainder of current year. For those manufactured homes purchased new or coming in from another state, license plates and corresponding registration decals shall be issued upon payment of the applicable registration fee for the balance of the year.

(e) Issuance of license and decal for currently registered manufactured homes; proof of payment of ad valorem tax. For those manufactured homes already located and registered in this State on December 1, 1988, a license plate and registration decal shall be issued upon proof of current Ad Valorem taxes paid. Proof of payment must be in the form of a Manufactured Home Tax Certification Form or Manufactured Home Certificate (OTC Form 936). When presented with proof of payment, a license plate and corresponding decal will be issued for a total fee as set forth by statute.

(f) Basis used for registration fee and excise tax. Both the registration fee and the excise tax assessment are based upon the selling price of the manufactured home. The selling price will be recorded as both the Factory Delivered Price (FDP) and the Total Delivered Price (TDP) when issuing an original Oklahoma title.

(g) Excise tax on manufactured homes. The excise tax on new manufactured homes is levied on one-half (1/2) of the retail selling price. The excise tax on a used manufactured home will be applied to sixty-five percent (65%) of one-half the resale price. The excise tax rate is levied by Oklahoma Statutes.

(h) Sale of manufactured home; transfer of title; change of basis. If the manufactured home is sold, the title must be transferred to the new owner, who will have the title issued in his/her name. The FDP should be changed to reflect the purchase price. However, the TDP listed on the title will not be changed.

(i) Proof of payment of ad valorem tax required upon transfer. Proof of current paid ad valorem taxes must be obtained before transferring ownership of a manufactured home.

(j) Manner of proof. Acceptable proof of paid ad valorem taxes will be a Form 936 Manufactured Home Certificate or other receipt issued by a county treasurer which lists the manufactured home being transferred and clearly designates that taxes for the current calendar year have been paid in full.

(k) When other basis used in determining tax. Should the manufactured home be repossessed or brought in used from out-of-state, the “blue book” suggested selling price will be used as a base price for the registration and collection of excise tax.

(l) Late registration; penalties. The penalty for late registration of manufactured homes, which are those not registered within the 30 day period from the date of purchase or the date the manufactured home was brought into this state, shall be an amount equal to the registration fee, less the administrative fee, as set forth by statute.

710:60-3-131. Manufactured homes generally subject to ad valorem assessment

Since January 1, 1985, all existing manufactured homes have been subject to assessment for real property or personal property ad valorem taxes by the county assessor except for:

(1) Nonresident serviceman’s manufactured home.
(2) Manufactured home brought into this State.
(3) New manufactured homes.
(4) Manufactured homes on a dealer’s lot.

710:60-3-132. Specific examples and application

The following is applicable to manufactured homes by categories:

(1) **Transfer of new manufactured home from a dealer to owner.** Owner applies for a certificate of title, pays Excise Tax and registration fee and receives license plate and registration decal.

(2) **Transfer of a used manufactured home which has been registered in this state.** The new owner obtains a Certificate of Title upon payment of the excise tax and title fee and furnishing proof of current ad valorem taxes paid.

(3) **Manufactured homes brought into this State.** The owner obtains a Certificate of Title upon registration and pays the excise tax if due. If the nonresident owner registered his home in his former state of residence at least sixty (60) days before moving into this State, no Excise Tax is due.

(4) **Manufactured home of serviceman.** If the owner of the home is an active duty, nonresident serviceman stationed in Oklahoma, or an Oklahoma resident stationed out-of-state due to official assignment, the manufactured home is to be registered annually, at the special, military personnel rate. An Armed Forces Affidavit must be submitted.

(5) **Manufactured homes on a used manufactured home dealer’s lot.** Manufactured homes on used dealer lots on January 1st will be exempt from Ad Valorem assessment but must be registered for the full year. A title must be issued in the dealer’s name. If the manufactured home is not registered before February 1st, penalty is charged according to 710:60-3-36.

(6) **Repossessed manufactured homes.** The repossessor may title the manufactured home upon furnishing proof of payment from the county treasurer of all current taxes on the manufactured home.

(7) **Transfer of a manufactured home as real property.** A manufactured home which is assessed as part of the property on which it is located and sold with the property is not subject to payment of excise tax by the purchaser. Proof that the manufactured home has been included in the property assessment is required before transferring.

710:60-3-133. Cancellation of manufactured home title

Owners of manufactured homes that have been permanently affixed to real estate may make application to cancel the Oklahoma certificate of title. Only the owner of record on the Oklahoma title, out of state title, or assigned MSO, may make application through the Tax Commission or any Motor License Agent.
(1) Owners of new manufactured homes, or previously titled manufactured homes entering from another state, may make application to cancel the Oklahoma manufactured home title before it is issued, by submitting the MSO or out-of-state title for cancellation. The Oklahoma title will be placed on “Mobile Home Cancellation” (cancel) hold.

(2) Other than as described in (1) of this Section, an Oklahoma certificate of title for the manufactured home in the name of the applicant must be submitted. If a record owner seeks to cancel a manufactured home certificate of title, but is unable to produce the title certificate, a printout generated from the Commission computer file, verifying record of ownership, will suffice in lieu of a title. The printout is to be attached to the Application for Title Cancellation.

(3) Proof of ownership must be submitted to the county assessor’s office where the home is located, along with a completed Application for Title Cancellation. The county assessor’s office will ensure the title owner and landowner are one and the same, and validate the cancellation application.

(4) An application fee set forth by statute must be remitted with the cancellation application.

(5) The Tax Commission or Motor License Agent must verify that no active lien appears on the record. If an active lien is reflected, a Cancellation Denial Notice will be given to the owner and the lienholder. The owner will be given a “Notice to Owner of the Existence of an Active Lien upon Application to Cancel Oklahoma Certificate of Title: and the application fee will be returned. The lienholder will be given a “Notice to Lienholder of Application to Cancel Oklahoma Certificate of Title”. The Oklahoma title will not be cancelled until all liens are released.

(6) A copy of the “Application for Cancellation Form” and the “Notice to County Assessor Form” will be forwarded to the county in which the property is located by the Motor License Agent after receiving the completed cancellation application documentation, approved by the county assessor’s office, and payment of the applicable cancellation fee.

710:60-3-134. Reinstatement of cancelled manufactured home title

Owner of a manufactured home upon which the certificate of title has previously been cancelled due to attachment to real estate may apply to the Oklahoma Tax Commission or a motor license agent for a reinstatement and issuance of a new original certificate of title.

(1) The reinstatement application is to be completed by the owner of record. There are two (2) documentary requirements on the application for reinstatement.

(A) The homeowner must attest ownership of the manufactured home and the nonexistence of any security interest or lien of record in the manufactured home; and

(B) The homeowner shall provide a title opinion by a licensed attorney, declaring that the owner of the manufactured home has a marketable title to the real property upon which the manufactured home is located and that no documents filed of record in the county clerk’s office concerning the real property contain a mortgage, recorded financial statement, judgment, or lien of record. The opinion must be signed by the issuing attorney, on his/her letterhead, and be executed, or updated, within thirty (30) days of application date.

(2) A properly completed application for reinstatement may be submitted to the Oklahoma Tax Commission or a motor license agent. Reinstatement applications submitted to a motor license agent shall be forwarded to the Oklahoma Tax Commission for approval.

(3) Upon approval by the Tax Commission, a new original certificate of title shall be issued and registration fees collected for the balance of the calendar year.

(4) Reinstatement of a manufactured home certificate of title does not absolve the owner of any Ad Valorem tax obligation to county where the manufactured home was or is located.

TRIBAL REGISTRATION:

**Question:** If a manufactured home is located on Indian trust land and is owned by someone other than the landowner, is the manufactured home exempt from ad valorem tax?

**Answer:** Only if the owner of the manufactured home is a tribal member in good standing of the same tribe that the land is held in trust for. The owner of the manufactured home does not have to be the same person who owns the land. If the owner of the manufactured home is a member of a different tribe, the manufactured home is taxable.

**Question:** If a manufactured home is registered and has a tribal title and tag, but is not located on Indian trust land, is the home taxable ad valorem?

**Answer:** Yes. The home should have an Oklahoma tag and title. Beginning the following January 1st assessment date after initial tribal registration, the home will be taxed ad valorem as homes with non-tribal registration. A Form 936 is not needed to get an Oklahoma title. If any previous or current year taxes are due, it will be assessed on the current year tax roll or if the home is sold or moved, in the future. The owner is to provide a completed OTC D=Form 701-46 Manufactured Home Application for Reinstatement of Cancelled Title.

**Question:** What does the assessor do if the home has a tribal tag and is not located on restricted land? Is it taxable?

**Answer:** If not located on restricted land, the home is taxable.

**Question:** Can the assessor issue a Form 936 if the home has a tribal tag?

**Answer:** Yes, if the home is taxable, regardless of how it is tagged.

**Question:** If a manufactured home is owned by a non-tribal member, is located on restricted Indian land, has an Oklahoma title, is it subject to ad valorem tax? What if owned by a tribal member?

**Answer:** Yes. If a home is located on restricted land and owned by a tribal member it is not subject to ad valorem tax.

SURRENDER OF TITLE:

**Question:** How is a manufactured home title canceled or surrendered?

**Answer:** The owner of the manufactured home must begin the process by contacting a MLA. The agent will process the application and will advise the assessor when the title has been canceled.

**Question:** Is Form FL-756 the only recognized form for notice of title cancellation or surrender?

**Answer:** Yes. There are no other forms or notices that are recognized by the state. Forms from lenders or any other entities are not recognized.

**Question:** When completing Form 756, does the taxpayer have to come into the assessor’s office to verify ownership, or can the mortgage or closing company mail or fax the assessor the form for verification?

**Answer:** Yes. You may use the mail or fax Form 756.

**Question:** If a manufactured homeowner has surrendered the title and at a future date wants to move the home, what is the procedure?

**Answer:** The record owner of the manufactured home must apply to the OTC for issuance of a new certificate of title. The homeowner must provide documents that the landowner is the owner of the manufactured home and that there are no security interests or liens. In addition, the owner must provide a title opinion by a licensed attorney determining that the owner of the manufactured home has marketable title to the real property upon which the manufactured home is located. [See: 47 O.S. § 1110]

Upon issuance of the new certificate of title, the same moving requirements will apply as for other titled manufactured homes.
**Question:** If the title has been improperly surrendered on a manufactured home that is not located on land owned by the owner of the manufactured home, what should the assessor do?

**Answer:** This should no longer be an issue. With the new procedures using Form 756, the county assessor must verify the status and ownership of the home prior to cancellation. The applicant must go to the county assessor first to implement the process.

**Question:** What does “permanently affixed” mean?

**Answer:** Currently Oklahoma Statutes do not provide a definition. When used in the context of title surrender or cancellation, the owner certifies that the manufactured home is “permanently affixed” to the real estate. Homes that have not had their titles cancelled should be carried as manufactured homes on the assessment roll.

**Question:** Can the “new original” title on cancelled titles be required to have a Form 936 like the MSO to the original title?

**Answer:** There is not a Form 936 requirement when making application to cancel the title. The statutorily required title opinion will address any outstanding taxes against the property. If the home is to be moved, the same requirements apply as any other used home. The Form 936 would then be required. The home does not revert to a manufactured home until a new title is issued.

**Question:** What is the procedure for obtaining a title for a home that has been placed on real estate and there is no MSO or VIN number available?

**Answer:** Contact OTC Motor Vehicle Title at 405.521.3221. A court order may be required directing the OTC to issue a title.

**Question:** When a home that has had the title surrendered or cancelled and at a later date makes application for a new title, is there an excise tax paid at the time the new title is issued? If so, does the payment of the excise tax exempt the ad valorem tax for that year?

**Answer:** There is no excise tax charged when issuing a new title. Only the tag and registration fee is charged. Ad valorem tax is still due on the home.

**Question:** Can the assessor’s office get a print-out or list from the OTC of manufactured homes located within their county that have had the titles cancelled?

**Answer:** Yes. A semi-annual printout from the OTC lists all manufactured home activity. A county may also request the printout anytime. (See: 47 O.S. § 1119)

**MANUFACTURED HOME CERTIFICATE FORM 936**

**Question:** Do you have to have a current year Form 936 when changing title on a home if the VIN and description is on the warranty deed?

**Answer:** Yes. There must be a current year Form 936 anytime the title is changed. The fact that the VIN appears on the warranty deed exempts the buyer from excise on the home, but does not relieve the Form 936 requirement for any future title work.

**Question:** If the court issues an order for change of title, is a Form 936 required?

**Answer:** Yes. Unless the court provides instructions pertaining to delinquent taxes. A copy of the order must be provided to the assessor prior to issuing a current year Form 936 or title work.
**Question:** If the owner of a manufactured home does not have an Oklahoma title and wants to assess or move the home, do they need to get an Oklahoma title?

**Answer:** Yes. If there are ad valorem taxes due on the manufactured home, complete as much information as possible on the OTC Form 936. Inform the county treasurer to accept payment of all taxes and hold the decal (do not put the decal number on the 936). The owner of the home will present the copy of Form 936 to the MLA with the receipt from the county treasurer for all ad valorem taxes. After the title has been issued, the owner will return to the assessor and treasurer where the Form 936 will be completed and decal issued.

**Question:** What if the Form 936 applicant does not know all the information requested on the Form 936?

**Answer:** The Form 936 is a tracking device and receipt of taxes paid. It is extremely important that all information is properly completed. Insist that all information be properly completed. A short delay may save many hours of frustration later by the homeowner and receiving counties.

**Question:** How do you get a Form 936 for an out-of-state title?

**Answer:** If the home is located in Oklahoma and has taxable situs, the owner must have an Oklahoma title. Refer to the MLA for an Oklahoma title.

**Question:** When getting a Form 936, must the owner have a title, hard tag, and decal?

**Answer:** The applicant must have an Oklahoma title. The hard tag may be obtained from the MLA when a current year decal is presented.

**Question:** Do homes coming in to Oklahoma from out of state need a Form 936?

**Answer:** No. Until the home has taxable situs in Oklahoma, no Form 936 is required.

**Question:** Does “Current Year Decal” mean the current calendar year, or the year that the tax was paid?

**Answer:** “Current Year Decal” must be the current calendar year. Example: If the Form 936 is issued in 2014, the decal must be a 2014 decal.

**Question:** Do you have to get a new Form 936 every time a manufactured home moves or title work is done?

**Answer:** A current calendar year Form 936 should be obtained each time the home is moved if not on a dealer’s lot January 1 and titled and registered in the dealer’s name. The Form 936 is used as a tracking device as well as a receipt of taxes paid. If the home is not on the dealer’s lot January 1, a current year Form 936 is required. DPS will issue a size and weight permit for homes having a current year decal. A home may be moved unlimited times in the same calendar year with a current year decal.

**Question:** May a single Form 936 be used for multiple homes?

**Answer:** No. One Form 936 must be used for each home. The exact amount of tax for the subject home must be indicated by the county treasurer on the form.

**Question:** Can you move a home as many times as needed on one (1) current year Form 936?

**Answer:** If there is a current year Form 936, the home can be moved multiple times within the same year on the original Form 936. However, we do recommend that a Form 936 is issued each time the home is moved for tracking purposes. If only moving, mark the Form 936 “No Taxes Due”.

29
Question: What are the exceptions that a Form 936 is not required for a move or change in title?

Answer: When Moving:

- Trade in to a dealer
- Repossession (30 day grace period)
- New home moving to buyer or another dealer
- Home moving from out of state to Oklahoma
- Cancelled title
- Current registration (First year in Oklahoma, title in the name of an Oklahoma manufactured home dealer or non-resident military)

Title Changes:

- Manufactured home title in the name of a dealer with proof of current year registration
- Manufactured home titled by non-resident military personnel (Armed Forces Affidavit) with proof of current year registration
- Manufactured home titled and registered in Oklahoma for the first time with current year registration
- Duplicate Title (issued only to the last owner of record according to the OTC files)

REPOSSESSIONS AND DEALER TRADES

Question: When legally repossessing a manufactured home, does a Form 936 have to be issued at time of repossession?

Answer: No. The repossessing agent has thirty (30) days in which to complete all paperwork and pay all outstanding taxes. The title work will not be completed without a current Form 936. They may move the home to a secure location with an OTC Form 737 Repossession Affidavit available from a MLA. If not moving, no repossession affidavit is required.

Question: Do repossessing agents or lenders have the same benefits as licensed dealers?

Answer: No. Agents and lenders are treated as individuals unless they are licensed Oklahoma dealers.

Question: Are lenders authorized to use repossession affidavits?

Answer: Yes. However, lenders are not authorized to use dealer trade affidavits.

Question: Are repossessed homes held for consignment or resale required to have a current year Form 936?

Answer: Yes. A current year Form 936 is required before any title transfer can be completed.

Question: Who can use a dealer trade affidavit?

Answer: Oklahoma licensed dealers only. (Not out-of-state dealers)

Questions: Are repossessed homes held for consignment or resale required to have a current year Form 936? Do they need a current title also?

Answer: Yes. If the home has been held for resale or consignment, the home must have a Form 936 issued at the time of moving or thirty (30) days after in order to obtain a “Repo Title”.

Question: If a repo agent or dealer does not come in to pay the tax in the 30-day period until the home is sold or moved off the lot, what should the assessor do?

Answer: The statutes required the OTC Form 936 be obtained within 30 days of the event. The statutes do not address a penalty for non-compliance. The assessor may contact the dealer or agent reminding them of the requirements at any time.
COLLECTION OF TAX:

**Question:** If a dealer sells a home with a current Form 936 and the buyer does not change the title to their name and delinquent taxes accrue, who is responsible?

**Answer:** A tax lien would be placed against the home by the county treasurer. The county could execute the lien on the home and impound the home for back taxes. If the home was removed from the county prior to impound, the dealer would be held responsible if unable to document the home was sold on a specific date. The burden of proof is on the dealer. If the home was lawfully repossessed by the dealer or a third party lender, the lender would be responsible for the taxes.

**Question:** If a manufactured home has delinquent tax, is there any way that the county assessor can make sure the tax is paid prior to any title work?

**Answer:** Yes. The county assessor may contact the OTC and request a “flag” on the VIN for delinquent taxes. This will notify all MLAs that there are delinquent taxes that must be paid prior to any title work.

**Question:** Can tax be paid in another county when requesting a Form 936?

**Answer:** Yes. The home county assessor and treasurer completes an original Form 936 based on the information from the collecting county’s treasurer. The original Form 936 is then faxed to the collecting county treasurer. After payment, the applicant is issued a trust deposit receipt, current year decal, and a copy of the completed Form 936. [See: 68 O.S. § 2813-C]

**Question:** When paying tax upon application for Form 936, is the current year estimated tax or only the delinquent tax?

**Answer:** All taxes are due when requesting a Form 936. This includes any and all delinquent taxes and the full amount of tax for the current year. The Form 936 certifies that all taxes, including penalties and interest, have been paid.

**Question:** When excise tax is paid on a new home, is ad valorem tax also due for the same year?

**Answer:** No. When excise tax is paid on a new home, ad valorem tax is not assessed until the next January 1. Excise and ad valorem tax are not paid in the same year.

**Question:** When excise tax is paid on a used home, is ad valorem tax also due for the same year?

**Answer:** Yes, unless the manufactured home is referenced on the deed by VIN number. If the VIN appears on the deed as part of the described property, there is no excise tax due.

**Question:** When collecting tax, is the amount based on only the tax due for the subject home requesting the Form 936, or may it include delinquent tax for other personal property owned by the current owner of the home?

**Answer:** The amount of tax due is only for the subject home requesting the Form 936. Other delinquent personal property accounts that the owner of the subject home may have are independent from the Form 936 transaction.

**Question:** If a taxpayer has paid both excise and ad valorem tax on a home, is there any provision for a refund on one of the two?

**Answer:** Excise tax is not in-lieu of ad valorem tax. An ad valorem tax refund would be proper depending on the situation.

MODULAR HOMES:

**Question:** Are modular homes subject to ad valorem tax?

**Answer:** Yes. Modular homes are treated exactly like any other site built structure. The main difference between a modular and a manufactured home is they are not subject to title and registration. Ad valorem tax for the home is assessed the first January 1 date after the sale, occupancy, or renting of the structure.
**Question:** How can you determine if a home is a manufactured or a modular home?

**Answer:** It is sometimes very difficult to tell. Some manufactures have special data plates for modular homes. Some have different color data plates. Most of the time, you will need to see a copy of the original MSO, title or closing statements. If there is any doubt, the burden of proof is on the owner to show it is not a manufactured home. Ask for a sales tax receipt or contact the manufacturer.

**Question:** Do modular homes pay sales tax instead of excise tax?

**Answer:** Yes. Since modular homes are not subject to title and registration as manufactured homes, they must pay a sales tax based on the purchase price and tax rate at point of sale.

**Note:** The state and local 45% of the purchase price is exempt from sales tax. (Ref. 68 O.S. § 1357(22))

**GENERAL AND MISCELLANEOUS**

**Question:** Is there any case where a motor home or travel trailer would be subject to ad valorem tax?

**Answer:** No. A motor home or travel trailer will always be subject to title and registration. The record title owner does not have a choice.

**Question:** When transferring land and home on a warranty deed, do you still have to pay the excise tax on the home and the ad valorem tax?

**Answer:** No. If the home is listed on the deed by VIN, then no excise tax will be charged.

**Question:** How does the assessor remove a “salvage” manufactured home off the assessment rolls when there is no “salvage title” available? This would be when the home is removed for salvage or scrap metal.

**Answer:** The title should be signed over to a salvage dealer, providing there is a title, and a Form 936 should be issued to move the home. If the title has been cancelled, it is no longer a manufactured home and manufactured home rules do not apply.

**Question:** Is there anything that the assessor needs to do in the case of Title 42 transactions? Does the assessor receive any paperwork that indicates an ownership change if the home is not moving?

**Answer:** A current Form 936 is required before a title can be issued. The Title 42 instructions issued by the OTC will list this as one of the requirements.

**Question:** Is the maximum time the assessor can go back on a manufactured home for not rendering the home 15 years on real property and three years on personal property? How does the 7-year statute of limitations affect the 15 years on real property?

**Answer:** Yes, however the delinquent tax is uncollectible after seven (7) years due to the statute of limitations.

**Question:** What if a taxpayer has a manufactured home that has no title. Some of these homes were never sold with titles. What should the county assessor tell the taxpayer to do?

**Answer:** Contact OTC Motor Vehicle Title at 405.521.3221 to research the VIN and obtain the procedures. A court order may be required.
COMMERCIAL/NON-COMMERCIAL AND FARM TRAILER TAGS

All tagged motor vehicles are in-lieu of ad valorem tax.

Commercial trailers are subject to “commercial trailer” tags. Commercial trailers must be pulled by a “commercial vehicle” with proper GVW (gross vehicle weight) registration. The trailer is not subject to ad valorem tax if tagged.

Farm trailer tags are optional, but not in-lieu of ad valorem tax. All farm trailers are subject to ad valorem tax unless tagged as a “commercial trailer”.

Non-commercial trailers are not subject to tag and should be taxed ad valorem. This would include farm, boat, lawn maintenance, utility, race-car, and other such trailers pulled by “non-commercial” vehicles, i.e.: personal vehicle or farm trucks.

Any trailer which is used in a commercial business or enterprise is required to be licensed with a commercial trailer tag. Additionally, the pulling unit of any commercial trailer should be licensed as a commercial truck or truck-tractor.

Occasional use of a trailer for a hobby, such as racing cars, or horse trailers, where the pulling unit is licensed as a non-commercial vehicle, will not be subject to license.

- Commercial Trailer (See 47, Sec. 1133)
- Commercial Vehicle (See 47, Sec. 1133, 1133.1)
- Farm Vehicle (See 47, Sec. 1134)

COMMERCIAL TRAILERS

[47 O.S. § 1133] [OAC 710:60-3-94]

Commercial trailers are trailers used in a commercial enterprise. Commercial trailers must be pulled by a commercially registered truck.

Commercial trailers are to be issued non-expiring commercial trailer license plates, regardless of their size or weight, with the following exceptions:

- Trailer mounted special mobilized machinery receives expiring commercial trailer plates.
- Trailers used primarily for the purpose of transporting unfinished and unprocessed forest products may be subject to forest trailer registrations.

The non-expiring commercial trailer plate is initially issued at a fee of $51.00. Thereafter, a fee of $4.00 is to be paid annually for each trailer or semitrailer.

- The fee of $4.00 shall be due and payable on January 1 of each year.
- Upon each transfer of ownership, a new plate and registration will be issued at a fee of $51.00, regardless of the time of year transferred.
Replacements for lost, stolen or mutilated commercial trailer license plates are issued in the same manner and for the same amount as other replacement plates.

- Non-expiring commercial trailer plates are not limited only to cargo carrying trailers. Concession trailers and mobile office trailers, are to be issued non-expiring commercial plates.

**FARM TRAILERS**

[47 O.S. § 1134(C)] [OAC710:60-3-111]

Farm trailers are trailers or semitrailers owned by a farmer and used primarily for the purpose of transporting farm products to the market or for the purpose of transporting material or items to be used on the farm. Farm trailers are not required to be registered in this state.

Should a farm trailer owner wish to register the trailer, an optional farm trailer plate is available for a fee of $12.00.

- These plates are for registration purposes only. A title is not to be issued.
- If a serial number is stamped on the trailer, it should be used for the VIN on the registration. Otherwise, the drivers license number of the owner should be used.
- A farm trailer license plate is to be issued, with monthly and yearly decals expiring one (1) year from the date of registration.

Since farm trailer registration is optional, delinquent registration fees or penalties are not charged.

If the pulling unit is registered as a farm truck, the trailer must be either unregistered, or registered with the optional farm trailer plate. A farm truck may not pull a commercially registered trailer.

**TRAVEL TRAILERS OR MANUFACTURED HOMES SOLD BY FEMA**

U.S. Government Standard Form 97 is used by the United States Government to transfer ownership of a travel trailer or manufactured home from the government to an individual or firm.

- Transfers of ownership with properly completed Form 97 do not required OTC approval.
- Issue an original Oklahoma title, even if the travel trailer or manufactured home has been titled in Oklahoma.
- Issue the original Oklahoma title in the same manner as if from an out-of-state title.

**MANUFACTURED HOMES**

- Excise tax for manufactured homes is based on actual purchase price (see bill of sale, copy of dealer contract or cancelled check), if none of these items are available, the purchaser may complete a Form 722-1 Declaration of Vehicle Purchase Price. If no sale has taken place obtain current value through “Vehicle Pricing”.
- Manufactured homes are registered on a calendar year basis, after that taxes are collected by the county assessor.

**TRAVEL TRAILERS**

- Excise tax for travel trailers, price acceptability must be verified through “Vehicle Pricing”.
- Travel trailers are issued a standard non-commercial plate and updated yearly through a MLA or the OTC.
- Brands on travel trailers will apply.
