Packet OW-2
Revised December 2004

A Message from the Oklahoma Tax Commission

Dear Employer,

This information packet contains the Oklahoma income tax withholding tables developed by the Oklahoma Tax Commission. These tables should be used to compute the amount of Oklahoma income tax to be withheld from employee wages each pay period.

Each table type is offered in each of the different pay period types. Please see the "Table of Contents" shown below to locate the table(s) best fitting your organizations payroll period(s).

Once you have read the following information, if you have any questions or comments, please contact one of our Taxpayer Assistance Offices listed on the back page of this packet.

Your assistance in helping your employees ensure that they do not have a liability at filing time is appreciated.

Sincerely,
Taxpayer Assistance Division
Oklahoma Tax Commission

General Information: Income Tax Withholding

In general the withholding law will apply to everyone receiving compensation for services rendered in Oklahoma with the exception of those services specifically excluded under Section 2385.1, Title 68, Oklahoma Statutes as amended:

- (1) for services paid to an employee in connection with farming activities where the amount paid is nine hundred dollars (\$900.00) or less monthly; or
- (2) for domestic services in a private home, local college, club or local chapter of a college fraternity or sorority; or
- (3) for services not in the course of the employer's trade or business performed in any calendar quarter by an employee, unless the cash remuneration paid for such service is \$200.00 or more; or
- (4) for services performed in the state by a person who is not a "resident individual", whose income in any calendar quarter is not more than three hundred dollars (\$300.00); or
- (5) for services performed by a duly ordained, commissioned, or licensed minister of a church in the exercise of his ministry or by a member of a religious order in the exercise of duties required by such order.

Identification Number...

The employer's identification number for Oklahoma withholding tax purposes is the same number assigned by the Internal Revenue Service for reporting Federal employment taxes. Every employer must have a Federal Employers Identification Number. Employers may obtain a Federal Identification Number by making application with the Internal Revenue Service on Form SS-4 or by calling (800) 829-4933.

Filing Requirements...

Report:

Every employer required to deduct and withhold Oklahoma income tax from an employee's wages must file a report each calendar quarter on or before the 15th day of the month following the close of the quarter, except where the amount withheld is more than \$500.00 per quarter. Where the tax withheld is in excess of \$500.00 per quarter, but less than \$5,000.00, a report must be filed on a monthly basis on or before the 15th of the following month. Where the tax withheld is \$5,000.00 or more per month in the previous fiscal year every employer shall file returns electronically.

Remittance:

Same as above, except every employer owing an average of \$10,000.00 or more per month in taxes in the previous fiscal year shall remit the amount so withheld on the same dates as required under the Federal Semiweekly Deposit Schedule for federal withholding taxes. For employers making payments other than by electronic funds transfer, a withholding payment voucher shall be filed with each payment.

In order to efficiently process your payments and reports and avoid possible penalty and interest on delinquent payments we encourage you to use our on-line filing system by logging on to our website at www.oktax.state.ok.us. This provides you the opportunity to make remittances and file your reports without the burden of preparing paper returns and mailing your check.

Reporting Forms...

Forms on which to report tax withheld will be furnished to employers registered with the Commission before the end of each report period. Blank reporting forms are also available on the web at www.oktax.state.ok.us.

General Information, continued...

Registration with the Oklahoma Tax Commission...

New employers should request, complete, and submit a Business Tax Registration Form, which may be obtained on the web at www.oktax.state.ok.us or by contacting the Oklahoma Tax Commission at (405) 521-3160.

Annual Reconciliation and Employer's Earning Statements...

Employers are no longer required to file an Annual Reconciliation of Oklahoma Income Tax Withholding Report (Form OW-1) with the Tax Commission. Instead, if there are adjustments to be made to your withholding account (either overpays or underpays), please use your monthly or quarterly Oklahoma Employers Withholding Report (Form OW-9). Enter the adjustment amount on line 3, and complete the appropriate section on the back of the form.

Also, employers are no longer required to send copies of employee W-2's that were submitted with the reconciliation report.

The optional Federal W-2 combined packet issued by the U.S. Treasury Department is to be used for both Oklahoma and Federal Withholding Tax Earnings Statements. The Federal Form is to be distributed as follows: three (3) copies to the employee, one (1) copy to the Social Security Administration, and one (1) copy to be retained in the employer's file.

Privately printed forms approved by the Internal Revenue Service may be used.

Employees must be furnished a Form W-2 on or before January 31 if employed at the close of the preceding calendar year. If an employee's employment is terminated before the close of a calendar year, a Form W-2 must be furnished within thirty (30) days of the date wages were last paid.

Overpayment...

When an employer believes that he has made an overpayment of the tax required to be withheld, he may file a written request for a refund with the Tax Commission or apply the overpayment against the payment which he is required to make for a subsequent period. Sufficient explanation must accompany the report to enable the Commission to make a determination as to the correctness of the credit/refund requested. Credits and refunds shall be allowed only to the extent that the amount of such overpayment was not withheld.

Penalty for Failure to Withhold or Pay Taxes Withheld...

Penalty for failure to file a return or to pay the tax withheld when due is 5% of the tax if not paid on or before the last day of the month when due, with an additional 5% for each additional month or fraction thereof, not to exceed 25%.

Interest at the rate of 1 1/4% per month is due on any amount not paid by the due date.

Under the Income Withholding Tax Law of Oklahoma, every person who, as an officer of a corporation, a member of a partnership or as an individual employer, is under a duty to withhold and remit Oklahoma Income Withholding Tax may be personally liable to the State of Oklahoma for the taxes withheld. Sums withheld shall be deemed to be held in trust for the State of Oklahoma.

If an employer fails to withhold the tax required to be withheld, and thereafter the income tax is paid by the employee, the employer shall be subject to penalties and interest only.

If the Tax Commission, in any case, has justifiable reason to believe that the collection of the tax is in jeopardy, the Tax Commission may require the employer to file a return and pay the tax at any time.

General Information, continued...

Common Law Employees...

An employer-employee relationship exists for Oklahoma income tax withholding purposes when the person for whom services are performed has the right to control the manner and means of performing the work. It does not matter that the employer gives the employee substantial discretion and freedom to act, so long as the employer has the right to control the method and result of the service.

Common law rules provide the factors examined to determine whether an employer-employee relationship exists. These factors include, but are not limited to:

- **Method of Payment:** Workers paid on a regular basis, e.g., hourly, weekly, monthly, are more likely to be considered employees than persons paid a fixed amount for a specific service. The providing of fringe benefits is also typical of an employer-employee relationship.
- **Set Hours of Work:** An employer-employee relationship generally exists when the hours of work are set by the person for whom the services are provided. If fixed hours are not practical, the requirement to work at certain times would likely indicate an element of control.
- **Materials and Tools:** Persons who furnish their own tools and materials are less likely to be considered employees than persons who use tools and materials furnished by the hiring entity. Skilled workers who customarily use their own small tools for their trade may be considered an employee if the hiring entity has control over the service performed.
- **Right of Discharge:** The ability of a hiring entity to discharge a worker and the conditions under which discharge may occur are factors examined in determining an employer-employee relationship.

If an employer-employee relationship exists Oklahoma income tax is required to be withheld and paid to the Tax Commission regardless of the description given to workers, regardless of how payments are made or what they are called, and regardless of whether the person works full or part time. No single factor determines whether an employer-employee relationship exists. Examination of all facts and factors of each case is necessary to determine the existence of an employer-employee relationship.

Independent Contractors...

Persons who follow an independent trade, business, or profession in which their services are offered to the general public are considered independent contractors and not employees. Independent contractors realize a profit or suffer a loss as a result of their services and are legally obligated to complete a specific service in a specific manner. Examples are: self-employed attorneys, doctors, contractors, subcontractors and auctioneers. However, whether such persons are employees or independent contractors depends on the facts of each case.

Generally, an individual is considered an independent contractor if the entity receiving the person's services has the right to control the result of the work but does not have the legal right to control the manner and means of accomplishing the result.

Computer Payroll System Withholding Formula

Calculating Oklahoma Taxable Wages on an Annual Basis...

1. **Gross Wages:** Multiply the employee's gross wages for the pay period by the number of payroll periods you have in a year. This is the employee's annual wage. (Multiply by 260 if you pay daily; 52, if you pay weekly; 26, if you pay bi-weekly; 24, if you pay semi-monthly; 12, if you pay monthly.)
2. **Oklahoma Standard Deduction:** The state standard deduction for all taxpayers except for "married filing separate" is the larger of \$1,000 or 15% of gross wages, not to exceed \$2,000. For "married filing separate" taxpayers the state standard deduction is the larger of \$500 or 15% of gross wages, not to exceed \$1,000.
3. **Allowance for Exemptions Claimed:** The Oklahoma allowance for exemptions is \$1,000 per exemption.

Calculating Oklahoma Withholding...

1. Calculate Oklahoma withholding at an annual rate as shown on the following pages.
2. Divide the annual Oklahoma withholding by the number of pay periods you have in your tax year. This is Oklahoma withholding for the pay period.

All Withholding Amounts Must Be Rounded to the Nearest Dollar...

For cents .01 through .49 round **down** to previous dollar amount. For cents .50 through .99, round **up** to the next dollar amount. Round \$44.49 to \$44 and \$44.50 to \$45.

Withholding Calculations for Married Persons with Dual Incomes...

Since Oklahoma married taxpayers are taxed on combined incomes, many married taxpayers do not have sufficient withholding to cover the annual liability. The Commission has prepared a special set of withholding tables for these taxpayers. Please make your employees aware of this option.

Permanent Rules of the Oklahoma Tax Commission

The permanent rules of the Oklahoma Tax Commission, interpreting and applying Oklahoma tax statutes, have been codified as Title 710 of the Oklahoma Administrative Code (OAC). The OAC has recently been published by the Office of Administrative Rules, a department of the Secretary of State, and is the source of all official agency rules. However, these rules, while not "official," are identical to those filed for codification, except that an effort has been made to utilize all space.*

These unofficial permanent rules of the Oklahoma Tax Commission are available without charge to the public. Please indicate the Chapters you wish to receive, fill in the shipping information, and send to the attention of:
